

WORK ORDER No. C417
UNDER GLO CONTRACT No. 19-094-006
CDBG RESIDENTIAL CONSTRUCTION SERVICES

Pursuant to **GLO CONTRACT No. 19-094-006** (“Contract”) between the **GENERAL LAND OFFICE** (“the GLO”) and **DSW HOMES, LLC** (“Contractor”), each a “Party” and collectively “the Parties,” Contractor is authorized to perform the services described below, subject to the terms of this Work Order No. C417 (“Work Order”). This Work Order modifies and amends GLO Contract No. **19-094-006**, all provisions of which not specifically amended herein shall remain in full force and effect.

DESCRIPTION OF WORK

Contractor shall perform, or cause to be performed, construction services for single-family and multi-family residential structures as authorized under the Contract and described in the Scope of Work and Budget attached hereto as **Attachment A** (the “Work”). Contractor shall perform all Work in accordance with the Contract and all Attachments; this Work Order and all Attachments; and all applicable rules and requirements of the U. S. Department of Housing and Urban Development’s Community Development Block Grant – Disaster Recovery (“CDBG-DR”) program.

The scope of Work to be performed by Contractor on each residential structure shall be referred to as a “Project” and collectively as the “Projects” for the purposes of the Contract and this Work Order.

SPECIAL CONDITIONS: Contractor is subject to the following Special Conditions.

Assignment of Project(s): The GLO or the GLO’s representative shall assign each Project under this Work Order by issuing a written assignment to Contractor. Contractor may be assigned multiple Projects under this Work Order and may be required to perform Work on Projects concurrently.

Notice to Proceed: Contractor must receive a signed **Form 11.02, Pre-Construction Conference Report and Notice to Proceed** (the “NTP”), from the GLO or the GLO’s representative prior to incurring any charges or commencing any Work on a Project. Any NTP shall be governed by the terms of the Contract and this Work Order and shall become part of the GLO’s Project file.

Performance of Project(s): Each assigned Project must be performed in strict accordance with (1) the Contract and all Attachments; (2) this Work Order and all Attachments; and (3) any Change Orders or other instructions that may be issued by the GLO or the GLO’s designated representative from time to time, pursuant to Attachment D of the Contract, Uniform General and Supplemental Conditions, as amended. Contractor shall complete each individual Project

according to the time constraints specified in Attachment D of the Contract, or as may be modified according to its terms. Liquidated damages exist for completion of services outside the timelines specified for each individual Project. Contractor may not perform services or deliver goods for a Project that are outside the scope defined in the Project's Form 11.17, *Work Write-Up/Cost Estimate*, provided by the GLO on its website at <https://recovery.texas.gov/local-government/resources/housing/hurricane-harvey-vendors/index.html>.

Required Insurance and Bonds: Within three (3) days of the execution of this Work Order, and prior to commencing Work or incurring charges under this Work Order, Contractor must furnish all required bonds and insurance to the GLO or the GLO's representative for approval, as specified in and in strict conformance with Article V and Attachments D and F of the Contract. Contractor's failure or inability to timely provide the required bonds and insurance may result in the immediate termination of this Work Order.

COMPENSATION

The total compensation due to Contractor for Work performed pursuant to this Work Order is not to exceed **\$20,000,000.00**. Disbursement of funds to Contractor shall be in accordance with the terms of the Budget included in **Attachment A** of this Work Order (the "Budget") and Section 3.02 and Attachment D of the Contract.

SUBMISSION OF INVOICES: Contractor shall submit invoices, including all supporting documentation required, in the format and at the intervals specified in **Attachment A** of this Work Order and Attachment D of the Contract. In addition to the requirements pertaining to Payment Requests in Section 3.02 and Attachment D of the Contract, invoices must:

- (a) be submitted by e-mail to the GLO's authorized representative or vendor, as designated, in writing, by the GLO;
- (b) be supported by documentation that, in the judgment of the GLO, allows for full substantiation of the costs incurred; and
- (c) prominently display "GLO Contract No. 19-094-006," "Work Order No. C417," and the address of the Project site or other GLO-provided tracking identifier.

Failure to include this information may significantly delay payment.

PERFORMANCE PERIOD

This Work Order shall be effective as of the date executed by the last Party and shall terminate upon the latest completion date of the Project(s) assigned to Contractor under this Work Order, in the sole determination of the GLO, or on June 30, 2022, whichever occurs first ("Performance Period").

FEDERAL FUNDING

- (a) Funding for this Work Order is appropriated by Congress under the acts listed in the table below and allocated to the State of Texas by HUD to facilitate disaster relief, long-term recovery, restoration of infrastructure and housing, and economic revitalization and to affirmatively further fair housing, in accordance with Executive Order 12892, in areas affected by Hurricane Harvey, which are Presidentially-declared major disaster areas under

Title IV of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 *et seq.*).

Congressional Act	Federal Award Identification Number (FAIN)
Continuing Appropriations Act, 2018 and Supplemental Appropriations for Disaster Relief Requirements Act, 2017, enacted on September 8, 2017 (Public Law 115-56)	B-17-DM-48-0001
Further Additional Supplemental Appropriations for Disaster Relief Requirements Act, 2018 (Division B, Subdivision 1 of the Bipartisan Budget Act of 2018), enacted on February 9, 2018 (Public Law 115-123)	B-18-DP-48-0001

The fulfillment of this Work Order is based on those funds being made available under Catalog of Federal Domestic Assistance (CFDA) No. 14.228 to the GLO as the lead administrative state agency. All expenditures under this Work Order must be made in accordance with this Work Order, the rules and regulations promulgated under the CDBG-DR Program, and any other applicable laws. Further, Contractor acknowledges that all funds are subject to recapture and repayment for non-compliance.

- (b) **All CDBG-DR program participants must have a Data Universal Numbering System (DUNS) number and a Commercial and Government Entity (CAGE) code.**
- (c) **Contractor shall report its DUNS number and CAGE code to the GLO for use in various grant-reporting documents. A DUNS number and CAGE code may be obtained by visiting the System for Award Management website at <https://www.sam.gov>.** Assistance with this website may be obtained by calling 866-606-8220.

TERMINATION OR INTERRUPTION OF WORK

The GLO reserves the right to, at any time during the Performance Period, terminate, halt, or defer all or any portion of the Work included in the Scope of Work in **Attachment A** of this Work Order or in any Project Assignment issued under this Work Order.

AMENDMENTS TO WORK ORDER

Material changes to this Work Order may be made only by written agreement of the Parties. **Notwithstanding the preceding**, the GLO or the GLO's representative may approve changes to the assigned Work, in accordance with the terms and conditions of Attachment D of the Contract, within the confines of the Performance Period.

COMPLIANCE WITH APPLICABLE LAWS, RULES, AND REGULATIONS

In its performance of this Work Order, Contractor shall comply with all applicable federal, state, county, and city laws, statutes, ordinances, and regulations. Contractor is deemed to know of and understand all applicable laws, statutes, ordinances, and regulations, including, without limitation, those listed in **Attachment B**.

INFORMATION AND DATA SECURITY STANDARDS

Contractor shall comply with all terms specified in the GLO Information Security Appendix, incorporated herein for all purposes as **Attachment C**.

SCOPE OF WORK

DESCRIPTION OF SERVICES AND REQUIREMENTS

Contractor may be required by the GLO to perform the Work enumerated in this section under this Work Order. In addition to the services and requirements described below, Contractor must perform any other ancillary construction-related services that may be required for a given Project. These ancillary services may go beyond what would be required for the repair/reconstruction of a property.

A. REHABILITATION SCOPE OF WORK

It is anticipated that homes eligible for rehabilitation will require an array of repairs ranging from minor to major. The scope of Work for each repaired structure will vary but may include, although not be limited to, the following:

- 1) Development of a thorough scope of necessary repairs using GLO-prescribed forms;
- 2) Coordination with the property owner and his/her family and case management from the time of assignment to obtainment of a certificate of occupancy for closing;
- 3) Obtainment of all necessary state and local permits and approvals prior to the commencement of the Work for each structure;
- 4) Provision of copies of architectural and house plan renderings;
- 5) Demolition of damaged interior and exterior materials;
- 6) Foundation leveling, repair, and/or elevation;
- 7) Structural damage repair;
- 8) Building envelope repair, including:
 - Roof repair or replacement and attendant damage;
 - Door and window replacement;
 - Siding/veneer repair or replacement;
 - Mechanical (HVAC), electrical, and plumbing systems repair or replacement;
 - Drywall repair or replacement; and
 - Rough and trim carpentry;
- 9) Surface preparation and painting;
- 10) Flooring repair or replacement;
- 11) Cabinet and appliance replacement;
- 12) Lead-based paint mitigation;
- 13) Specialty construction elements associated with historic properties, including coordination with Texas Historical Commission and local historic districts and stakeholders;
- 14) Wind mitigation and retrofitting measures (in areas designated as a Catastrophe Area by the Commissioner of Insurance of the State of Texas);

- 15) Specialty construction elements associated with Green Building Construction techniques as required by HUD and as adopted by the GLO;
- 16) Addressing of special-needs accessibility requirements; and
- 17) Performance of close-outs for each Project, which may include obtaining certificate(s) of occupancy from applicable state and local authorities.

B. RECONSTRUCTION AND NEW CONSTRUCTION SCOPE OF WORK

In certain cases, a property owner may be eligible for only the complete reconstruction of his/her home, either substantially within the same footprint as the prior home (reconstruction) or new construction on a different footprint. The scope of Work for each reconstructed or newly constructed structure will vary but may include, although not be limited to, the following:

- 1) Coordination with the property owner and his/her family and case management from the time of assignment to obtaining a certificate of occupancy for closing;
- 2) Obtainment of all necessary state and local permits and approvals prior to the commencement of the Work for each structure;
- 3) Utility disconnection and deactivation;
- 4) Demolition of existing structures;
- 5) Debris removal in accordance with all federal, state, and local requirements, including the disposal of potential asbestos-containing materials;
- 6) Provision of architectural and house plan renderings;
- 7) Site preparation;
- 8) Construction of new residential structures including 2-, 3-, and 4-bedroom floor plans in accordance with all applicable local and state codes and standards as well as the specified Green Standard (see GLO Minimum Design Standards for further information);
- 9) Meeting of the requirements of the GLO Minimum Design Standards, located on the GLO-CDR website at <https://recovery.texas.gov/local-government/resources/housing/hurricane-harvey-vendors/index.html>;
- 10) Compliance in the accessibility and design of Projects with the Americans with Disabilities Act of 1990 (if applicable), known as ADA requirements, with HUD exceptions;
- 11) Meeting of the requirements of the GLO Visitability Standards, located on the GLO-CDR website at <https://recovery.texas.gov/local-government/resources/housing/hurricane-harvey-vendors/index.html>; and
- 12) Performance of close-outs for each Project, which may include obtaining certificate(s) of occupancy from applicable state and local authorities.

C. ADDITIONAL REQUIREMENTS

Contractor must perform additional duties including, but not limited to, the following:

- 1) Providing professional labor, equipment, and materials adequate to perform the work in accordance with the scope of Work issued for each eligible applicant's residential structure while ensuring that all applicable housing standards and codes are met;
- 2) Complying with all applicable local, state, and federal laws, regulations, and guidelines, which may include the following: HUD Community Development Block Grant disaster laws, regulations, and guidelines; Section 3 of the Housing and Urban Development Act of 1968; and the Davis Bacon Act (for repairs to properties containing more than eight (8) units);
- 3) Mobilizing in the awarded Zone within 15 days from the effective date of this Work Order;
- 4) Providing documentation and tracking of construction progress;
- 5) Meeting with individual property owners to review the scope of Work to be performed, including establishing a work schedule acceptable to property owners and reviewing Work upon final inspection;
- 6) Meeting the GLO's 120-day work completion requirement from the Notice to Proceed;
- 7) Providing a certificate of compliance from the Green Standard governing body (see the GLO Minimum Design Standards for further information);
- 8) Providing information responsive to Public Information Act requests in a timely manner;
- 9) Meeting all federal, state, and local requirements for the transport and disposal of municipal solid, industrial, hazardous, and other waste from demolished structures;
- 10) Providing a one-year warranty, a third-party ten-year structural warranty, and, when necessary, a third-party one-year flood insurance policy; and
- 11) Assisting homeowners in vacating their damaged homes, if necessary.

ZONE

Contractor will perform Work under this Work Order in the City of Houston and Harris County, Texas, which are located in Zone 2.

PROJECT ASSIGNMENT(S)

Prior to any assignments, Contractor will be required to coordinate with the GLO and its vendors responsible for the administration and project management of the Homeowner Assistance Program on behalf of the GLO. These meetings may occur any time within the first 15 days following execution of this Work Order.

Assignments will be based on the GLO's Builder Assignment Method, which may include the assessment of workmanship, project management, and customer service.

Each Project will require completion within 120 days of the Notice to Proceed.

PRICING

Reconstruction and New Construction Services: Composite Square-Foot Pricing

The following prices per square foot will be used for all reconstruction and new construction services for each respective house size:

Zone 2		
2 BR	3 BR	4 BR
\$125.74	\$123.71	\$121.89

Any additional construction costs created by unusual, site-specific conditions will be considered via the change order process. If Contractor incurs site-specific costs associated with facilitating the purchase of one year of homeowner's insurance (and/or flood and windstorm insurance policies, when applicable), Contractor may be paid a site-specific administration fee of up to \$100.

Rehabilitation Services: Per-Unit Pricing

The pricing per unit for Rehabilitation Services may be approved for each Project and may consider proposed unit pricing from the selected builders and/or standard pricing using RS Means or a similar cost-estimate system. This pricing may be standardized in the Builder Assignment Method, as amended, or in any Work Order(s) issued.

If Contractor incurs site-specific costs associated with facilitating the purchase of one year of homeowner's insurance (and/or flood and windstorm insurance policies, when applicable), Contractor may be paid a site-specific administration fee of up to \$100.

BUDGET

All Work assigned and completed under this Work Order shall be executed for an amount not to exceed \$20,000,000.00, and each Project will be completed in accordance with the pricing outlined in the Pricing section of this Work Order.

Contractor shall submit invoices to the GLO in accordance with the terms of this Work Order and Section 3.02 and Attachment D of the Contract; however, additional procedures for draw requests may be adopted as directed by the GLO. Invoices may be submitted no more than twice a month and may be submitted only following the Progress Inspection (50% Project completion) or Final Inspection (100% Project completion), as defined in Attachment D of the Contract, for a Project. The GLO shall ensure that all deliverables, duties, and/or responsibilities in this Work Order are completed prior to the disbursement of funds.

In addition to other damages in the Contract and/or Work Order, liquidated damages of \$100 per day shall be assessed if Contractor does not complete a Project within 120 days of the issuance of a Notice to Proceed.

Contractor shall at no time subcontract more than 50% of the Project (by cost) to a single subcontractor without prior written permission from the GLO.

NONEXCLUSIVE LIST OF APPLICABLE LAWS, RULES, AND REGULATIONS

If applicable to the Project, Provider must be in compliance with the following laws, rules, and regulations; and any other state, federal, or local laws, rules, and regulations as may become applicable throughout the term of the Contract, and Provider acknowledges that this list may not include all such applicable laws, rules, and regulations.

Provider is deemed to have read and understands the requirements of each of the following, if applicable to the Project under this Contract:

GLO Information Security Appendix

1. Definitions

“[Breach of Security](#)” or “[Breach](#)” means unauthorized acquisition of computerized data that compromises the security, confidentiality, or integrity of sensitive personal information including data that is encrypted if the person accessing the data has the key required to decrypt the data.

“[GLO Data](#)” means any data or information owned by the GLO, including PII or SPI as defined below, that Provider creates, obtains, accesses (via records, systems, or otherwise), receives (from the GLO or on behalf of the GLO), or uses in the performance of the Contract or any documents related thereto.

“[Personal Identifying Information](#)” or “[PII](#)” means information that alone, or in conjunction with other information, identifies an individual, as defined at Tex. Bus. & Com. Code § 521.002(a)(1).

“[Sensitive Personal Information](#)” or “[SPI](#)” means the information categories listed at Tex. Bus. & Com. Code § 521.002(a)(2).

2. Security and Privacy Compliance

- 2.1. Provider shall keep all GLO Data received under the Contract and any documents related thereto strictly confidential.
- 2.2. Provider shall comply with all applicable federal and state privacy and data protection laws, as well as all other applicable regulations and directives.
- 2.3. Provider shall implement administrative, physical, and technical safeguards to protect GLO Data that are no less rigorous than accepted industry practices including, without limitation, the guidelines in the National Institute of Standards and Technology (“NIST”) Cybersecurity Framework Version 1.1. All such safeguards shall comply with applicable data protection and privacy laws.
- 2.4. Provider will legally bind any subcontractors to the same requirements stated herein and obligations stipulated in the Contract and documents related thereto. Provider shall ensure that the requirements stated herein are imposed on any subcontractor of Provider’s subcontractor(s).
- 2.5. Provider will not share GLO Data with any third parties.
- 2.6. Provider will ensure that initial privacy and security training, and annual training thereafter, is completed by its employees or subcontractors that have access to GLO Data or who create, collect, use, process, store, maintain, disseminate, disclose, dispose,

or otherwise personally handle PII on behalf of the agency. Provider agrees to maintain and, upon request, provide documentation of training completion.

- 2.7. Any GLO Data maintained or stored by Provider or any subcontractor must be stored on servers or other hardware located within the physical borders of the United States and shall not be accessed outside of the United States.

3. Data Ownership

- 3.1. The GLO shall retain full ownership of all respective data provided to Provider or to which the Provider otherwise gains access by operation of the Contract or any agreement related thereto.
- 3.2. Upon termination of the Contract, Provider shall promptly return to the GLO all GLO Data possessed by Provider and its agents or subcontractors. Provider shall retain no copies or back-up records of GLO Data. If such return is infeasible, as mutually determined by the GLO and Provider, the obligations set forth in this Attachment, with respect to GLO Data, shall survive termination of the Contract and Provider shall limit any further use and disclosure of GLO Data to the purposes that make the return of or GLO Data infeasible. In lieu of the requirements in this Section 3.2, the GLO may direct Provider to destroy any GLO Data in Provider's possession. Any such destruction shall be verified by Provider and the GLO.

4. Data Mining

- 4.1. Provider agrees not to use GLO Data for unrelated commercial purposes, advertising or advertising-related services, or for any other purpose not explicitly authorized by the GLO in this Contract or any document related thereto.
- 4.2. Provider agrees to take all reasonably feasible physical, technical, administrative, and procedural measures to ensure that no unauthorized use of GLO Data occurs.

5. Breach of Security

- 5.1. Provider agrees to provide the GLO with the name and contact information for an employee of the Provider which shall serve as the GLO's primary security contact.
- 5.2. Upon discovery of a Breach of Security or suspected Breach of Security by the Provider, the Provider agrees to notify the GLO as soon as possible upon discovery of the Breach of Security or suspected Breach of Security, but in no event shall notification occur later than 24 hours after discovery. Within 72 hours, the Provider agrees to provide, at minimum, a written preliminary report regarding the Breach or suspected Breach to the GLO with root cause analysis including a log detailing the data affected.

- 5.3. The initial notification and preliminary report shall be submitted to the GLO Information Security Officer at informationsecurity@glo.texas.gov.
- 5.4. Provider agrees to take all reasonable steps to immediately remedy a Breach of Security and prevent any further Breach of Security.
- 5.5. Provider agrees that it shall not inform any third party of any Breach of Security or suspected Breach of Security without obtaining GLO's prior written consent.
- 5.6. If the Breach of Security includes SPI, including Social Security Numbers, payment card information, or health information, the Provider agrees to provide affected individuals complimentary access for one (1) year of credit monitoring services.

6. Right to Audit

- 6.1. Upon the GLO's request and to confirm Provider's compliance with this Attachment, Provider grants the GLO, or a GLO-contracted vendor, permission to perform an assessment, audit, examination, investigation, or review of all controls in the Provider's, or Provider's subcontractor's, physical and/or technical environment in relation to GLO Data. Provider agrees to fully cooperate with such assessment by providing access to knowledgeable personnel, physical premises, documentation, infrastructure, and application software that stores, processes, or transports GLO Data. In lieu of a GLO-conducted assessment, audit, examination, investigation, or review, Provider may supply, upon GLO approval, the following reports: SSAE16, ISO/ICE 27001 Certification, FedRAMP Certification, and PCI Compliance Report. Provider shall ensure that this clause concerning the GLO's authority to assess, audit, examine, investigate, or review is included in any subcontract it awards.
- 6.2. At the GLO's request, Provider agrees to promptly and accurately complete a written information security questionnaire provided by the GLO regarding Provider's business practices and information technology environment in relation to GLO Data.

AMENDMENT NO. 1 TO WORK ORDER NO. C417 UNDER GLO CONTRACT NO. 19-094-006

THE GENERAL LAND OFFICE (the “GLO”) and **DSW HOMES, LLC** (“Contractor”), each a “Party” and collectively “the Parties” to Work Order No. C417 (the “Work Order”) under GLO Contract No. 19-094-006 (the “Contract”), desire to amend the Work Order.

WHEREAS, the Parties desire to revise the Work Order and Scope of Work and Budget to include descriptions and pricing for all services that may be performed by Contractor; and

WHEREAS, the Parties desire to revise the Work Order and Scope of Work and Budget to add supplemental funding to the Work Order Budget;

NOW, THEREFORE, the Parties hereby agree as follows:

1. The Work Order is amended by adding funding in the amount of **\$209,000.00** for a total amount not to exceed **\$20,209,000.00** for the duration of this Work Order.
2. **SUBSECTION (a)** of the section titled “**FEDERAL FUNDING**” in the Work Order is deleted in its entirety and replaced with the following:

“(a) Funding for this Work Order is appropriated by Congress under the acts listed in the table below and allocated to the State of Texas by HUD to facilitate disaster relief, long-term recovery, restoration of infrastructure and housing, and economic revitalization and to affirmatively further fair housing, in accordance with Executive Order 12892, in areas affected by Hurricane Harvey, which are Presidentially-declared major disaster areas under Title IV of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 *et seq.*).

Congressional Act	Federal Award Identification Number (FAIN)
Continuing Appropriations Act, 2018 and Supplemental Appropriations for Disaster Relief Requirements Act, 2017, enacted on September 8, 2017 (Public Law 115-56)	B-17-DM-48-0001
Further Additional Supplemental Appropriations for Disaster Relief Requirements Act, 2018 (Division B, Subdivision 1 of the Bipartisan Budget Act of 2018), enacted on February 9, 2018 (Public Law 115-123)	B-18-DP-48-0001

The fulfillment of this Work Order is based on those funds being made available under Catalog of Federal Domestic Assistance (CFDA) No. 14.228 to the GLO as the lead administrative state agency. All expenditures under this Work Order must be made in accordance with this Work Order, the rules and regulations promulgated under the CDBG- DR Program, and any other applicable laws. Further, Contractor acknowledges that all funds are subject to recapture and repayment for non-compliance.

In addition to the federal funds described above, certain services shall be funded in accordance with Section C and the section titled "Pricing" in **Attachment A-1, Revised Scope of Work and Budget**, as may be amended."

3. **ATTACHMENT A** to the Work Order, **Scope of Work and Budget**, is deleted in its entirety and replaced with the **Revised Scope of Work and Budget**, attached hereto and incorporated herein in its entirety for all purposes as **ATTACHMENT A-1**.
4. **GLO Contract No. 21-172-000-C912** is incorporated in the Work Order by reference for the purposes stated in **Attachment A-1**.
5. This Amendment shall be effective as of **February 25, 2021**.
6. The terms and conditions of the Work Order and Contract not amended herein shall remain in force and effect.

SCOPE OF WORK

DESCRIPTION OF SERVICES AND REQUIREMENTS

Contractor may be required by the GLO to perform the Work enumerated in this section under this Work Order. In addition to the services and requirements described below, Contractor must perform any other ancillary construction-related services that may be required for a given Project. These ancillary services may go beyond what would be required for the repair/reconstruction of a property.

A. REHABILITATION SCOPE OF WORK

It is anticipated that homes eligible for rehabilitation will require an array of repairs ranging from minor to major. The scope of Work for each repaired structure will vary but may include, although not be limited to, the following:

- 1) Development of a thorough scope of necessary repairs using GLO-prescribed forms;
- 2) Coordination with the property owner and his/her family and case management from the time of assignment to obtainment of a certificate of occupancy for closing;
- 3) Obtainment of all necessary state and local permits and approvals prior to the commencement of the Work for each structure;
- 4) Provision of copies of architectural and house plan renderings;
- 5) Demolition of damaged interior and exterior materials;
- 6) Foundation leveling, repair, and/or elevation;
- 7) Structural damage repair;
- 8) Building envelope repair, including:
 - Roof repair or replacement and attendant damage;
 - Door and window replacement;
 - Siding/veneer repair or replacement;
 - Mechanical (HVAC), electrical, and plumbing systems repair or replacement;
 - Drywall repair or replacement; and
 - Rough and trim carpentry;
- 9) Surface preparation and painting;
- 10) Flooring repair or replacement;
- 11) Cabinet and appliance replacement;
- 12) Lead-based paint mitigation;
- 13) Specialty construction elements associated with historic properties, including coordination with Texas Historical Commission and local historic districts and stakeholders;

- 14) Wind mitigation and retrofitting measures (in areas designated as a Catastrophe Area by the Commissioner of Insurance of the State of Texas);
- 15) Specialty construction elements associated with Green Building Construction techniques as required by HUD and as adopted by the GLO;
- 16) Addressing of special-needs accessibility requirements; and
- 17) Performance of close-outs for each Project, which may include obtaining certificate(s) of occupancy from applicable state and local authorities.

B. RECONSTRUCTION AND NEW CONSTRUCTION SCOPE OF WORK

In certain cases, a property owner may be eligible for only the complete reconstruction of his/her home, either substantially within the same footprint as the prior home (reconstruction) or new construction on a different footprint. The scope of Work for each reconstructed or newly constructed structure will vary but may include, although not be limited to, the following:

- 1) Coordination with the property owner and his/her family and case management from the time of assignment to obtaining a certificate of occupancy for closing;
- 2) Obtainment of all necessary state and local permits and approvals prior to the commencement of the Work for each structure;
- 3) Utility disconnection and deactivation;
- 4) Demolition of existing structures;
- 5) Debris removal in accordance with all federal, state, and local requirements, including the disposal of potential asbestos-containing materials;
- 6) Provision of architectural and house plan renderings;
- 7) Site preparation;
- 8) Construction of new residential structures including 2-, 3-, and 4-bedroom floor plans in accordance with all applicable local and state codes and standards as well as the specified Green Standard (see GLO Minimum Design Standards for further information);
- 9) Meeting of the requirements of the GLO Minimum Design Standards, located on the GLO-CDR website at <https://recovery.texas.gov/grant-administration/grant-implementation/housing/hurricane-harvey/index.html>;
- 10) Compliance in the accessibility and design of Projects with the Americans with Disabilities Act of 1990 (if applicable), known as ADA requirements, with HUD exceptions;
- 11) Meeting of the requirements of the GLO Visitability Standards, located on the GLO-CDR website at <https://recovery.texas.gov/grant-administration/grant-implementation/housing/hurricane-harvey/index.html>; and
- 12) Performance of close-outs for each Project, which may include obtaining certificate(s) of occupancy from applicable state and local authorities.

C. TAX INCREMENT REINVESTMENT ZONE SCOPE OF WORK

The City Council of the City of Houston, acting pursuant to the city's Ordinance No. 2020-826, dedicated \$3,000,000 of Tax Increment Reinvestment Zone ("TIRZ") Affordable Housing Funds to be used for single-family CDBG-DR program housing activities within city limits relating to Hurricane Harvey, including rehabilitation and reconstruction cost reimbursement and temporary relocation assistance to those affected by the disaster. Per an agreement with the city, the GLO assumed control over the administration of the city's single-family CDBG-DR program housing activities. Participants of the city's CDBG-DR housing program were transferred to the GLO's Homeowner's Assistance Program ("HAP") for completion of construction services. Upon such transfer, certain participants whose damaged homes were located within a TIRZ and who qualified for reconstructed three-bedroom homes under the city's housing guidelines only qualified for two-bedroom homes under the GLO's housing guidelines and HUD's occupancy requirements. In order to fulfill the obligations agreed to by the city for these participants, the GLO and the City of Houston entered into an interlocal agreement (GLO Contract No. 21-172-000-C912), under which the city agreed to provide the GLO with supplemental funding from the city's TIRZ Affordable Housing Funds ("TIRZ Funding").

Contractor may be assigned to build additional third bedrooms for homes located within a City of Houston TIRZ, as identified by the GLO. The estimated size of a typical third bedroom is 152 square feet, based upon the following assumptions:

- Typical bedroom size: 120 sq. ft (10' x 12')
- Closet: 12 sq. ft (2' x 6')
- Hallway: 20 sq. ft (3.33' x 6')

The addition of a third bedroom for the TIRZ homes is allowed as an exemption from the GLO Housing Guidelines and HUD occupancy requirements. Contractor must complete construction of the assigned homes that include services compensated using TIRZ Funding in accordance with all requirements under HAP, the Contract, and the Work Order aside from requirements relating to the number of bedrooms.

D. ADDITIONAL REQUIREMENTS

Contractor must perform additional duties including, but not limited to, the following:

- 1) Providing professional labor, equipment, and materials adequate to perform the work in accordance with the scope of Work issued for each eligible applicant's residential structure while ensuring that all applicable housing standards and codes are met;
- 2) Complying with all applicable local, state, and federal laws, regulations, and guidelines, which may include the following: HUD Community Development Block Grant disaster laws, regulations, and guidelines; Section 3 of the Housing and Urban Development Act of 1968; and the Davis Bacon Act (for repairs to properties containing more than eight (8) units);
- 3) Mobilizing in the awarded Zone within 15 days from the effective date of this Work Order;

- 4) Providing documentation and tracking of construction progress;
- 5) Meeting with individual property owners to review the scope of Work to be performed, including establishing a work schedule acceptable to property owners and reviewing Work upon final inspection;
- 6) Meeting the GLO's 120-day work completion requirement from the Notice to Proceed;
- 7) Providing a certificate of compliance from the Green Standard governing body (see the GLO Minimum Design Standards for further information);
- 8) Providing information responsive to Public Information Act requests in a timely manner;
- 9) Meeting all federal, state, and local requirements for the transport and disposal of municipal solid, industrial, hazardous, and other waste from demolished structures;
- 10) Providing a one-year warranty, a third-party ten-year structural warranty, and, when necessary, a third-party one-year flood insurance policy; and
- 11) Assisting homeowners in vacating their damaged homes, if necessary.

ZONE

Contractor will perform Work under this Work Order in the City of Houston and Harris County, Texas, which are located in Zone 2.

PROJECT ASSIGNMENT(S)

Prior to any assignments, Contractor will be required to coordinate with the GLO and its vendors responsible for the administration and project management of the Homeowner Assistance Program on behalf of the GLO. These meetings may occur any time within the first 15 days following execution of this Work Order.

Assignments will be based on the GLO's Builder Assignment Method, which may include the assessment of workmanship, project management, and customer service.

Each Project will require completion within 120 days of the Notice to Proceed.

PRICING

Reconstruction and New Construction Services: Composite Square-Foot Pricing

The following prices per square foot will be used for all reconstruction and new construction services for each respective house size, save and except the services rendered by Contractor that are reimbursed using City of Houston TIRZ Affordable Housing funds, as described above:

Zone 2		
2 BR	3 BR	4 BR
\$133.29	\$131.13	\$129.21

For services rendered by Contractor to be reimbursed using TIRZ Funding, the price per square foot is \$125.00. Pricing covers all construction costs associated with building the third bedrooms in identified TIRZ homes, including, but not limited to, the following: architectural/engineering services, site prep, concrete slab, plumbing, framing, roofing, siding, insulation, drywall, flooring, windows, doors, electrical, HVAC, trim, finishes, and painting. All construction Work

completed by Contractor under this Work Order to be compensated using TIRZ Funding shall be executed for an amount of the Work Order Budget not to exceed \$209,000.00.

Any additional construction costs created by unusual, site-specific conditions will be considered via the change order process. If Contractor incurs site-specific costs associated with facilitating the purchase of one year of homeowner's insurance (and/or flood and windstorm insurance policies, when applicable), Contractor may be paid a site-specific administration fee of up to \$100.

Rehabilitation Services: Per-Unit Pricing

The pricing per unit for Rehabilitation Services may be approved for each Project and may consider proposed unit pricing from the selected builders and/or standard pricing using RS Means or a similar cost-estimate system. This pricing may be standardized in the Builder Assignment Method, as amended, or in any Work Order(s) issued.

If Contractor incurs site-specific costs associated with facilitating the purchase of one year of homeowner's insurance (and/or flood and windstorm insurance policies, when applicable), Contractor may be paid a site-specific administration fee of up to \$100.

BUDGET

All Work assigned and completed under this Work Order shall be executed for an amount not to exceed \$20,209,000.00, and each Project will be completed in accordance with the pricing outlined in the Pricing section of this Work Order.

Contractor shall submit invoices to the GLO in accordance with the terms of this Work Order and Section 3.02 and Attachment D-2 of the Contract; however, additional procedures for draw requests may be adopted as directed by the GLO. Invoices may be submitted no more than twice a month and may be submitted only following the Progress Inspection (50% Project completion) or Final Inspection (100% Project completion), as defined in Attachment D-2 of the Contract, for a Project. The GLO shall ensure that all deliverables, duties, and/or responsibilities in this Work Order are completed prior to the disbursement of funds.

In addition to other damages in the Contract and/or Work Order, liquidated damages of \$100 per day shall be assessed if Contractor does not complete a Project within 120 days of the issuance of a Notice to Proceed.

Contractor shall at no time subcontract more than 50% of the Project (by cost) to a single subcontractor without prior written permission from the GLO.

AMENDMENT NO. 2 TO WORK ORDER NO. C417 UNDER GLO CONTRACT NO. 19-094-006

THE GENERAL LAND OFFICE (the “GLO”) and **DSW HOMES, LLC** (“Contractor”), each a “Party” and collectively “the Parties” to Work Order No. C417 (the “Work Order”) under GLO Contract No. 19-094-006 (the “Contract”), desire to amend the Work Order.

WHEREAS, the Parties desire to extend the Performance Period of the Work Order; and

WHEREAS, the Parties desire to revise the Revised Scope of Work and Budget to reflect pricing terms for specific service periods within the Performance Period; and

WHEREAS, the Parties desire to revise the GLO Information Security Appendix to add and/or update required terms; and

WHEREAS, these revisions will result in no additional encumbrance of Work Order funds;

NOW, THEREFORE, the Parties hereby agree as follows:

1. The Work Order is amended to reflect that the Performance Period and Work Order shall terminate upon the earlier of the date of the Project’s completion, in the GLO’s sole determination, or **June 30, 2024**.
2. **ATTACHMENT A-1** to the Work Order, **Revised Scope of Work and Budget**, is deleted in its entirety and replaced with the **Revised Scope of Work and Budget**, attached hereto and incorporated herein in its entirety for all purposes as **ATTACHMENT A-2**.
3. The prices in **ATTACHMENT A-2** will supersede any prices previously issued by the GLO through a Technical Guidance Letter or agreed to by the Parties in a prior Amendment to the Work Order. The prices included in **ATTACHMENT A-2** shall be applicable to any and all invoices submitted by Contractor during the term of the Work Order.
4. **ATTACHMENT C** to the Work Order, **GLO Information Security Appendix**, is deleted in its entirety and replaced with the **Revised GLO Information Security Appendix (CDBG)**, attached hereto and incorporated herein in its entirety for all purposes as **ATTACHMENT C-1**.
5. This Amendment shall be effective upon the date of the last signature.

6. The terms and conditions of the Work Order and Contract not amended herein shall remain in force and effect.

SCOPE OF WORK

DESCRIPTION OF SERVICES AND REQUIREMENTS

Contractor may be required by the GLO to perform the Work enumerated in this section under this Work Order. In addition to the services and requirements described below, Contractor must perform any other ancillary construction-related services that may be required for a given Project. These ancillary services may go beyond what would be required for the repair/reconstruction of a property.

A. REHABILITATION SCOPE OF WORK

It is anticipated that homes eligible for rehabilitation will require an array of repairs ranging from minor to major. The scope of Work for each repaired structure will vary but may include, although not be limited to, the following:

- 1) Development of a thorough scope of necessary repairs using GLO-prescribed forms;
- 2) Coordination with the property owner and his/her family and case management from the time of assignment to obtainment of a certificate of occupancy for closing;
- 3) Obtainment of all necessary state and local permits and approvals prior to the commencement of the Work for each structure;
- 4) Provision of copies of architectural and house plan renderings;
- 5) Demolition of damaged interior and exterior materials;
- 6) Foundation leveling, repair, and/or elevation;
- 7) Structural damage repair;
- 8) Building envelope repair, including:
 - Roof repair or replacement and attendant damage;
 - Door and window replacement;
 - Siding/veneer repair or replacement;
 - Mechanical (HVAC), electrical, and plumbing systems repair or replacement;
 - Drywall repair or replacement; and
 - Rough and trim carpentry;
- 9) Surface preparation and painting;
- 10) Flooring repair or replacement;
- 11) Cabinet and appliance replacement;
- 12) Lead-based paint mitigation;
- 13) Specialty construction elements associated with historic properties, including coordination with Texas Historical Commission and local historic districts and stakeholders;
- 14) Wind mitigation and retrofitting measures (in areas designated as a Catastrophe Area by the Commissioner of Insurance of the State of Texas);

- 15) Specialty construction elements associated with Green Building Construction techniques as required by HUD and as adopted by the GLO;
- 16) Addressing of special-needs accessibility requirements; and
- 17) Performance of close-outs for each Project, which may include obtaining certificate(s) of occupancy from applicable state and local authorities.

B. RECONSTRUCTION AND NEW CONSTRUCTION SCOPE OF WORK

In certain cases, a property owner may be eligible for only the complete reconstruction of his/her home, either substantially within the same footprint as the prior home (reconstruction) or new construction on a different footprint. The scope of Work for each reconstructed or newly constructed structure will vary but may include, although not be limited to, the following:

- 1) Coordination with the property owner and his/her family and case management from the time of assignment to obtaining a certificate of occupancy for closing;
- 2) Obtainment of all necessary state and local permits and approvals prior to the commencement of the Work for each structure;
- 3) Utility disconnection and deactivation;
- 4) Demolition of existing structures;
- 5) Debris removal in accordance with all federal, state, and local requirements, including the disposal of potential asbestos-containing materials;
- 6) Provision of architectural and house plan renderings;
- 7) Site preparation;
- 8) Construction of new residential structures including 2-, 3-, and 4-bedroom floor plans in accordance with all applicable local and state codes and standards as well as the specified Green Standard (see GLO Minimum Design Standards for further information);
- 9) Meeting of the requirements of the GLO Minimum Design Standards, located on the GLO-CDR website at <https://recovery.texas.gov/grant-administration/grant-implementation/housing/hurricane-harvey/index.html>;
- 10) Compliance in the accessibility and design of Projects with the Americans with Disabilities Act of 1990 (if applicable), known as ADA requirements, with HUD exceptions;
- 11) Meeting of the requirements of the GLO Visitability Standards, located on the GLO-CDR website at <https://recovery.texas.gov/grant-administration/grant-implementation/housing/hurricane-harvey/index.html>; and
- 12) Performance of close-outs for each Project, which may include obtaining certificate(s) of occupancy from applicable state and local authorities.

C. TAX INCREMENT REINVESTMENT ZONE SCOPE OF WORK

The City Council of the City of Houston, acting pursuant to the city's Ordinance No. 2020-826, dedicated \$3,000,000 of Tax Increment Reinvestment Zone ("TIRZ") Affordable Housing Funds to be used for single-family CDBG-DR program housing

activities within city limits relating to Hurricane Harvey, including rehabilitation and reconstruction cost reimbursement and temporary relocation assistance to those affected by the disaster. Per an agreement with the city, the GLO assumed control over the administration of the city's single-family CDBG-DR program housing activities. Participants of the city's CDBG-DR housing program were transferred to the GLO's Homeowner's Assistance Program ("HAP") for completion of construction services. Upon such transfer, certain participants whose damaged homes were located within a TIRZ and who qualified for reconstructed three-bedroom homes under the city's housing guidelines only qualified for two-bedroom homes under the GLO's housing guidelines and HUD's occupancy requirements. In order to fulfill the obligations agreed to by the city for these participants, the GLO and the City of Houston entered into an interlocal agreement (GLO Contract No. 21-172-000-C912), under which the city agreed to provide the GLO with supplemental funding from the city's TIRZ Affordable Housing Funds ("TIRZ Funding").

Contractor may be assigned to build additional third bedrooms for homes located within a City of Houston TIRZ, as identified by the GLO. The estimated size of a typical third bedroom is 152 square feet, based upon the following assumptions:

- Typical bedroom size: 120 sq. ft (10' x 12')
- Closet: 12 sq. ft (2' x 6')
- Hallway: 20 sq. ft (3.33' x 6')

The addition of a third bedroom for the TIRZ homes is allowed as an exemption from the GLO Housing Guidelines and HUD occupancy requirements. Contractor must complete construction of the assigned homes that include services compensated using TIRZ Funding in accordance with all requirements under HAP, the Contract, and the Work Order aside from requirements relating to the number of bedrooms.

D. ADDITIONAL REQUIREMENTS

Contractor must perform additional duties including, but not limited to, the following:

- 1) Providing professional labor, equipment, and materials adequate to perform the work in accordance with the scope of Work issued for each eligible applicant's residential structure while ensuring that all applicable housing standards and codes are met;
- 2) Complying with all applicable local, state, and federal laws, regulations, and guidelines, which may include the following: HUD Community Development Block Grant disaster laws, regulations, and guidelines; Section 3 of the Housing and Urban Development Act of 1968; and the Davis Bacon Act (for repairs to properties containing more than eight (8) units);
- 3) Mobilizing in the awarded Zone within 15 days from the effective date of this Work Order;
- 4) Providing documentation and tracking of construction progress;
- 5) Meeting with individual property owners to review the scope of Work to be performed, including establishing a work schedule acceptable to property owners and reviewing Work upon final inspection;

- 6) Meeting the GLO's 120-day work completion requirement from the Notice to Proceed;
- 7) Providing a certificate of compliance from the Green Standard governing body (see the GLO Minimum Design Standards for further information);
- 8) Providing information responsive to Public Information Act requests in a timely manner;
- 9) Meeting all federal, state, and local requirements for the transport and disposal of municipal solid, industrial, hazardous, and other waste from demolished structures;
- 10) Providing a one-year warranty, a third-party ten-year structural warranty, and, when necessary, a third-party one-year flood insurance policy; and
- 11) Assisting homeowners in vacating their damaged homes, if necessary.

ZONE

Contractor will perform Work under this Work Order in the City of Houston and Harris County, Texas, which are located in Zone 2.

PROJECT ASSIGNMENT(S)

Prior to any assignments, Contractor will be required to coordinate with the GLO and its vendors responsible for the administration and project management of the Homeowner Assistance Program on behalf of the GLO. These meetings may occur any time within the first 15 days following execution of this Work Order.

Assignments will be based on the GLO's Builder Assignment Method, which may include the assessment of workmanship, project management, and customer service.

Each Project will require completion within 120 days of the Notice to Proceed.

PRICING

Reconstruction and New Construction Services: Composite Square-Foot Pricing

Set prices per square foot will be used for all standard reconstruction and new construction services described in each executed GLO Form 11.17, *Work Write-Up/Cost Estimate*, save and except the services rendered by Contractor that are reimbursed using City of Houston TIRZ Affordable Housing funds (as described above). The price per square foot for a Project shall correlate to the selected house size and the service period in which the Form 11.17 for the Project was executed, as outlined in the following table.

Zone 2			
Service Period	2 BR	3 BR	4 BR
Work Order Effective Date – 10/31/20	\$125.74	\$123.71	\$121.89
11/1/20 – 4/14/21	\$133.29	\$131.13	\$129.21
4/15/21 – 9/30/21	\$139.69	\$137.42	\$135.41
10/01/21 – 3/14/22	\$133.29	\$131.13	\$129.21
3/15/22 Until Further Notice	\$139.69	\$137.42	\$135.41

For services rendered by Contractor during any service period that are to be reimbursed using TIRZ Funding, the price per square foot is \$125.00. Pricing covers all construction costs associated with building the third bedrooms in identified TIRZ homes, including, but not limited to, the following: architectural/engineering services, site prep, concrete slab, plumbing, framing,

roofing, siding, insulation, drywall, flooring, windows, doors, electrical, HVAC, trim, finishes, and painting. All construction Work completed by Contractor under this Work Order to be compensated using TIRZ Funding shall be executed for an amount of the Work Order Budget not to exceed \$209,000.00.

Any additional construction costs created by unusual, site-specific conditions will be considered via the change order process. If Contractor incurs site-specific costs associated with facilitating the purchase of one year of homeowner's insurance (and/or flood and windstorm insurance policies, when applicable), Contractor may be paid a site-specific administration fee of up to \$100 per Project.

Rehabilitation Services: Per-Unit Pricing

The pricing per unit for Rehabilitation Services may be approved for each Project and may consider proposed unit pricing from the selected builders and/or standard pricing using RS Means or a similar cost-estimate system. This pricing may be standardized in the Builder Assignment Method, as amended, or in any Work Order(s) issued.

If Contractor incurs site-specific costs associated with facilitating the purchase of one year of homeowner's insurance (and/or flood and windstorm insurance policies, when applicable), Contractor may be paid a site-specific administration fee of up to \$100 per Project.

BUDGET

All Work assigned and completed under this Work Order shall be executed for an amount not to exceed \$20,209,000.00, and each Project will be completed in accordance with the pricing outlined in the Pricing section of this Work Order.

Contractor shall submit invoices to the GLO in accordance with the terms of this Work Order and Section 3.02 and Attachment D-2 of the Contract, as amended; however, additional procedures for draw requests may be adopted as directed by the GLO. Invoices may be submitted no more than twice a month and may be submitted only following the Progress Inspection (50% Project completion) or Final Inspection (100% Project completion), as defined in Attachment D-2 of the Contract (as amended), for a Project. The GLO shall ensure that all deliverables, duties, and/or responsibilities in this Work Order are completed prior to the disbursement of funds.

In addition to other damages in the Contract and/or Work Order, liquidated damages of \$100 per day shall be assessed if Contractor does not complete a Project within 120 days of the issuance of a Notice to Proceed.

Contractor shall at no time subcontract more than 50% of the Project (by cost) to a single subcontractor without prior written permission from the GLO.

GLO Information Security Appendix (CDBG)

1. Definitions

“[Breach of Security](#)” means any unauthorized access of computerized data that compromises the security, confidentiality, or integrity of GLO Data that is in the possession and/or control of Contractor (or any entity with which Contractor shares GLO Data as authorized herein) including data that is encrypted if the person accessing the data has the key required to decrypt the data, or a loss of control, compromise, unauthorized disclosure or access, failure to physically secure GLO Data or when unauthorized users access PII or SPI for an unauthorized purposes. The term encompasses both suspected and confirmed incidents involving GLO Data which raise a reasonable risk of harm to the GLO or an individual. A Breach of Security occurs regardless of whether caused by a negligent or intentional act or omission on part of Contractor and/or aforementioned entities.

“[GLO Data](#)” means any data or information, which includes PII and/or SPI as defined below, collected, maintained, and created by the GLO, for the purpose of providing disaster assistance to an individual, that Contractor obtains, accesses (via records, systems, or otherwise), receives (from the GLO or on behalf of the GLO), or uses in the performance of the Contract or any documents related thereto. GLO Data does not include other information that is lawfully made available to Contractor through other sources.

“[Personal Identifying Information](#)” or “[PII](#)” means information that alone, or in conjunction with other information, identifies an individual as defined at Tex. Bus. & Com Code Section 521.002(a)(1).

“[Sensitive Personal Information](#)” or “[SPI](#)” means the personal information identifying an individual as defined at Tex. Bus. & Com. Code Section 521.002(a)(2).

All defined terms found in the Contract shall have the same force and effect, regardless of capitalization.

2. Security and Privacy Compliance

- 2.1. Contractor shall keep all GLO Data received under the Contract and any documents related thereto strictly confidential.
- 2.2. Contractor shall comply with all applicable federal and state privacy and data protection laws, as well as all other applicable regulations.
- 2.3. Contractor shall implement administrative, physical, and technical safeguards to protect GLO Data that are no less rigorous than accepted industry practices including, without limitation, the guidelines in the National Institute of Standards and Technology (“NIST”) Cybersecurity Framework Version 1.1. All such safeguards shall comply with applicable data protection and privacy laws.
- 2.4. Contractor will legally bind any contractor(s)/subcontractor(s) to the same requirements stated herein and obligations stipulated in the Contract and documents related thereto. Contractor shall ensure that the requirements stated herein are imposed on any contractor/subcontractor of Contractor’s subcontractor(s).

- 2.5. With the exception of contractors and subcontractors as they are addressed in Section 2.4, Contractor will not share GLO Data with any third parties, except as necessary for Contractor's performance under the Contract and upon the express written consent of the GLO's Information Security Officer or his/her authorized designee.
- 2.6. Contractor will ensure that initial privacy and security training, and annual training, thereafter, is completed by its employees or contractor/subcontractors that have access to GLO Data or who create, collect, use, process, store, maintain, disseminate, disclose, dispose, or otherwise handle PII and/or SPI on behalf of the GLO. Contractor shall maintain and, upon request, provide documentation of training completion.
- 2.7 Any GLO Data maintained or stored by Contractor or any contractor/subcontractor must be stored on servers or other hardware located within the physical borders of the United States and shall not be accessed outside of the United States.
- 2.8 Contractor shall require that all individuals allowed to access GLO Data pursuant to this Contract sign a confidentiality and non-disclosure agreement ("NDA") before being given access to GLO Data. At a minimum, the NDA shall inform all individuals of the confidential nature of the GLO Data, the security and non-disclosure requirements of this Contract, and the potential criminal penalties and civil remedies specified in federal and state laws that may result from the unauthorized disclosure of GLO Data. The NDA shall require all individuals to acknowledge that the GLO or the United States government, including the U.S. Department of Housing and Urban Development, will seek any remedy available, including all administrative, disciplinary, civil, or criminal action(s) or penalties, as appropriate, for any unauthorized disclosure of GLO Data. Contractor shall provide the GLO copies of any and all NDAs upon request or demand by the GLO.
- 2.9 Contractor shall only use GLO Data for the purposes of administering the Project(s).

3. Data Ownership

- 3.1. The GLO shall retain full ownership of all GLO Data, which includes PII and/or SPI, disclosed to Contractor or to which Contractor otherwise gains access by operation of the Contract or any agreement related thereto.
- 3.2. If, at any time during the term of the Contract or upon termination of the Contract, whichever occurs first, any part of the GLO Data, in any form, provided to Contractor ceases to be necessary for Contractor's performance under the Contract, Contractor shall within fourteen (14) days thereafter securely return such GLO Data to the GLO, or, at the GLO's written request, destroy, uninstall, and/or remove all copies of data in Contractor's possession or control and certify to the GLO that such tasks have been completed. Contractor shall provide certification of such destruction of GLO Data. If such return is infeasible, as mutually determined by the GLO and Contractor, the obligations set forth in this Attachment, with respect to GLO Data, shall survive termination of the Contract and Contractor shall prohibit any further use and disclosure of GLO Data.

4. Data Mining

- 4.1. Contractor shall not use GLO Data for unrelated commercial purposes, advertising or advertising-related services, or for any other purpose not explicitly authorized by the GLO in this Contract.
- 4.2. Contractor shall take all reasonable physical, technical, administrative, and procedural measures to ensure that no unauthorized use or access of GLO Data occurs.

5. Breach of Security

- 5.1. Contractor shall provide the GLO with the name and contact information for an employee of Contractor which shall serve as the GLO's primary security contact.
- 5.2. Upon Contractor's discovery of a Breach of Security or suspected Breach of Security, Contractor shall notify the GLO as soon as possible, but no later than 24 hours after discovery of the Breach of Security or suspected Breach of Security. Within 72 hours, Contractor shall provide to the GLO, at minimum, a written preliminary report regarding the Breach or suspected Breach to the GLO with root cause analysis including a log detailing the data affected.
- 5.3. Contractor shall submit the initial notification and preliminary report to the GLO Information Security Officer at informationsecurity@glo.texas.gov.
- 5.4. Contractor shall take all reasonable steps to immediately remedy a Breach of Security and prevent any further Breach of Security.
- 5.5. Contractor shall not inform any third party of any Breach of Security or suspected Breach of Security without first obtaining GLO's prior written consent unless such action is required by law or is limited to third party personnel that have a need to know for the sole purpose of containing or remediating the Breach of Security or suspected Breach of Security. However, while a third party may be informed of the Breach or suspected Breach for the sole purpose of containing or remediating it, no GLO Data shall be shared with such third party unless express written permission is obtained from the GLO in accordance with Section 2.5. Contractor will legally bind such third party to the same requirements stated herein and obligations stipulated in the Contract and documents related thereto as soon as practicable upon securing such third party to contain or remediate the Breach of Security or suspected Breach of Security.
- 5.6. Notwithstanding the remedies provided in the Contract, if a Breach of Security includes SPI, Contractor shall, at the discretion of the GLO, notify affected individuals of such Breach and provide affected individuals complimentary access to one (1) year of credit monitoring services.

6. Right to Audit

- 6.1 Upon the GLO's request and to confirm Contractor's compliance with this Attachment, Contractor grants the GLO, or a GLO-contracted vendor, permission to perform an assessment, audit, examination, investigation, or review of all controls in Contractor's, or Contractor's contractor/subcontractor's, physical and/or technical environment in relation to GLO Data. Contractor shall fully cooperate with such assessment by

providing access to knowledgeable personnel, physical premises, documentation, infrastructure and application software that stores, processes, or transports GLO Data. In lieu of a GLO-conducted assessment, audit, examination, investigation, or review, Contractor may supply, upon GLO approval, the following reports: SSAE18, ISO/ICE 27001 Certification, FedRAMP Certification, and PCI Compliance Report. Contractor shall ensure that this clause concerning the GLO's authority to assess, audit, examine, investigate, or review is included in any contract/subcontract that Contractor awards.

- 6.2 At the GLO's request, Contractor shall promptly and accurately complete a written information security questionnaire provided by the GLO regarding Contractor's business practices and information technology environment in relation to GLO Data and the GLO shall consider such information to be confidential to the extent allowed by law.

SCOPE OF WORK

DESCRIPTION OF SERVICES AND REQUIREMENTS

Contractor may be required by the GLO to perform the Work enumerated in this section under this Work Order. In addition to the services and requirements described below, Contractor must perform any other ancillary construction-related services that may be required for a given Project. These ancillary services may go beyond what would be required for the repair/reconstruction of a property.

A. REHABILITATION SCOPE OF WORK

It is anticipated that homes eligible for rehabilitation will require an array of repairs ranging from minor to major. The scope of Work for each repaired structure will vary but may include, although not be limited to, the following:

- 1) Development of a thorough scope of necessary repairs using GLO-prescribed forms;
- 2) Coordination with the property owner and his/her family and case management from the time of assignment to obtainment of a certificate of occupancy for closing;
- 3) Obtainment of all necessary state and local permits and approvals prior to the commencement of the Work for each structure;
- 4) Provision of copies of architectural and house plan renderings;
- 5) Demolition of damaged interior and exterior materials;
- 6) Foundation leveling, repair, and/or elevation;
- 7) Structural damage repair;
- 8) Building envelope repair, including:
 - Roof repair or replacement and attendant damage;
 - Door and window replacement;
 - Siding/veneer repair or replacement;
 - Mechanical (HVAC), electrical, and plumbing systems repair or replacement;
 - Drywall repair or replacement; and
 - Rough and trim carpentry;
- 9) Surface preparation and painting;
- 10) Flooring repair or replacement;
- 11) Cabinet and appliance replacement;
- 12) Lead-based paint mitigation;
- 13) Specialty construction elements associated with historic properties, including coordination with Texas Historical Commission and local historic districts and stakeholders;
- 14) Wind mitigation and retrofitting measures (in areas designated as a Catastrophe Area by the Commissioner of Insurance of the State of Texas);

- 15) Specialty construction elements associated with Green Building Construction techniques as required by HUD and as adopted by the GLO;
- 16) Addressing of special-needs accessibility requirements; and
- 17) Performance of close-outs for each Project, which may include obtaining certificate(s) of occupancy from applicable state and local authorities.

B. RECONSTRUCTION AND NEW CONSTRUCTION SCOPE OF WORK

In certain cases, a property owner may be eligible for only the complete reconstruction of his/her home, either substantially within the same footprint as the prior home (reconstruction) or new construction on a different footprint. The scope of Work for each reconstructed or newly constructed structure will vary but may include, although not be limited to, the following:

- 1) Coordination with the property owner and his/her family and case management from the time of assignment to obtaining a certificate of occupancy for closing;
- 2) Obtainment of all necessary state and local permits and approvals prior to the commencement of the Work for each structure;
- 3) Utility disconnection and deactivation;
- 4) Demolition of existing structures;
- 5) Debris removal in accordance with all federal, state, and local requirements, including the disposal of potential asbestos-containing materials;
- 6) Provision of architectural and house plan renderings;
- 7) Site preparation;
- 8) Construction of new residential structures including 2-, 3-, and 4-bedroom floor plans in accordance with all applicable local and state codes and standards as well as the specified Green Standard (see GLO Minimum Design Standards for further information);
- 9) Meeting of the requirements of the GLO Minimum Design Standards, located on the GLO-CDR website at <https://recovery.texas.gov/grant-administration/grant-implementation/housing/hurricane-harvey/index.html>;
- 10) Compliance in the accessibility and design of Projects with the Americans with Disabilities Act of 1990 (if applicable), known as ADA requirements, with HUD exceptions;
- 11) Meeting of the requirements of the GLO Visitability Standards, located on the GLO-CDR website at <https://recovery.texas.gov/grant-administration/grant-implementation/housing/hurricane-harvey/index.html>; and
- 12) Performance of close-outs for each Project, which may include obtaining certificate(s) of occupancy from applicable state and local authorities.

C. TAX INCREMENT REINVESTMENT ZONE SCOPE OF WORK

The City Council of the City of Houston, acting pursuant to the city's Ordinance No. 2020-826, dedicated \$3,000,000 of Tax Increment Reinvestment Zone ("TIRZ") Affordable Housing Funds to be used for single-family CDBG-DR program housing activities within city limits relating to Hurricane Harvey, including rehabilitation and reconstruction cost reimbursement and temporary relocation assistance to those affected by the disaster. Per an

agreement with the city, the GLO assumed control over the administration of the city's single-family CDBG-DR program housing activities. Participants of the city's CDBG-DR housing program were transferred to the GLO's Homeowner's Assistance Program ("HAP") for completion of construction services. Upon such transfer, certain participants whose damaged homes were located within a TIRZ and who qualified for reconstructed three-bedroom homes under the city's housing guidelines only qualified for two-bedroom homes under the GLO's housing guidelines and HUD's occupancy requirements. In order to fulfill the obligations agreed to by the city for these participants, the GLO and the City of Houston entered into an interlocal agreement (GLO Contract No. 21-172-000-C912), under which the city agreed to provide the GLO with supplemental funding from the city's TIRZ Affordable Housing Funds ("TIRZ Funding").

Contractor may be assigned to build additional third bedrooms for homes located within a City of Houston TIRZ, as identified by the GLO. The estimated size of a typical third bedroom is 152 square feet, based upon the following assumptions:

- Typical bedroom size: 120 sq. ft (10' x 12')
- Closet: 12 sq. ft (2' x 6')
- Hallway: 20 sq. ft (3.33' x 6')

The addition of a third bedroom for the TIRZ homes is allowed as an exemption from the GLO Housing Guidelines and HUD occupancy requirements. Contractor must complete construction of the assigned homes that include services compensated using TIRZ Funding in accordance with all requirements under HAP, the Contract, and the Work Order aside from requirements relating to the number of bedrooms.

D. ADDITIONAL REQUIREMENTS

Contractor must perform additional duties including, but not limited to, the following:

- 1) Providing professional labor, equipment, and materials adequate to perform the work in accordance with the scope of Work issued for each eligible applicant's residential structure while ensuring that all applicable housing standards and codes are met;
- 2) Complying with all applicable local, state, and federal laws, regulations, and guidelines, which may include the following: HUD Community Development Block Grant disaster laws, regulations, and guidelines; Section 3 of the Housing and Urban Development Act of 1968; and the Davis Bacon Act (for repairs to properties containing more than eight (8) units);
- 3) Mobilizing in the awarded Zone within 15 days from the effective date of this Work Order;
- 4) Providing documentation and tracking of construction progress;
- 5) Meeting with individual property owners to review the scope of Work to be performed, including establishing a work schedule acceptable to property owners and reviewing Work upon final inspection;
- 6) Meeting the GLO's 120-day work completion requirement from the Notice to Proceed;
- 7) Providing a certificate of compliance from the Green Standard governing body (see the GLO Minimum Design Standards for further information);

- 8) Providing information responsive to Public Information Act requests in a timely manner;
- 9) Meeting all federal, state, and local requirements for the transport and disposal of municipal solid, industrial, hazardous, and other waste from demolished structures;
- 10) Providing a one-year warranty, a third-party ten-year structural warranty, and, when necessary, a third-party one-year flood insurance policy; and
- 11) Assisting homeowners in vacating their damaged homes, if necessary.

ZONE

Contractor will perform Work under this Work Order in the City of Houston and Harris County, Texas, which are located in Zone 2.

PROJECT ASSIGNMENT(S)

Prior to any assignments, Contractor will be required to coordinate with the GLO and its vendors responsible for the administration and project management of the Homeowner Assistance Program on behalf of the GLO. These meetings may occur any time within the first 15 days following execution of this Work Order.

Assignments will be based on the GLO's Builder Assignment Method, which may include the assessment of workmanship, project management, and customer service.

Each Project will require completion within 120 days of the Notice to Proceed.

PRICING

Reconstruction and New Construction Services: Composite Square-Foot Pricing

Set prices per square foot will be used for all standard reconstruction and new construction services described in each executed GLO Form 11.17, *Work Write-Up/Cost Estimate*, save and except the services rendered by Contractor that are reimbursed using City of Houston TIRZ Affordable Housing funds (as described above). The price per square foot for a Project shall correlate to the selected house size and the service period in which the Form 11.17 for the Project was executed, as outlined in the following table.

Zone 2			
Service Period	2 BR	3 BR	4 BR
Work Order Effective Date – 10/31/20	\$125.74	\$123.71	\$121.89
11/1/20 – 4/14/21	\$133.29	\$131.13	\$129.21
4/15/21 – 9/30/21	\$139.69	\$137.42	\$135.41
10/01/21 – 3/14/22	\$133.29	\$131.13	\$129.21
3/15/22 Until Further Notice	\$139.69	\$137.42	\$135.41

For services rendered by Contractor during any service period that are to be reimbursed using TIRZ Funding, the price per square foot is \$125.00. Pricing covers all construction costs associated with building the third bedrooms in identified TIRZ homes, including, but not limited to, the following: architectural/engineering services, site prep, concrete slab, plumbing, framing, roofing, siding, insulation, drywall, flooring, windows, doors, electrical, HVAC, trim, finishes, and painting. All construction Work completed by Contractor under this Work Order to be

compensated using TIRZ Funding shall be executed for an amount of the Work Order Budget not to exceed \$209,000.00.

Any additional construction costs created by unusual, site-specific conditions will be considered via the change order process. If Contractor incurs site-specific costs associated with facilitating the purchase of one year of homeowner's insurance (and/or flood and windstorm insurance policies, when applicable), Contractor may be paid a site-specific administration fee of up to \$100 per Project.

Rehabilitation Services: Per-Unit Pricing

The pricing per unit for Rehabilitation Services may be approved for each Project and may consider proposed unit pricing from the selected builders and/or standard pricing using RS Means or a similar cost-estimate system. This pricing may be standardized in the Builder Assignment Method, as amended, or in any Work Order(s) issued.

If Contractor incurs site-specific costs associated with facilitating the purchase of one year of homeowner's insurance (and/or flood and windstorm insurance policies, when applicable), Contractor may be paid a site-specific administration fee of up to \$100 per Project.

BUDGET

All Work assigned and completed under this Work Order shall be executed for an amount not to exceed \$55,209,000.00, and each Project will be completed in accordance with the pricing outlined in the Pricing section of this Work Order.

Contractor shall submit invoices to the GLO in accordance with the terms of this Work Order and Section 3.02 and Attachment D-2 of the Contract, as amended; however, additional procedures for draw requests may be adopted as directed by the GLO. Invoices may be submitted no more than twice a month and may be submitted only following the Progress Inspection (50% Project completion) or Final Inspection (100% Project completion), as defined in Attachment D-2 of the Contract (as amended), for a Project. The GLO shall ensure that all deliverables, duties, and/or responsibilities in this Work Order are completed prior to the disbursement of funds.

In addition to other damages in the Contract and/or Work Order, liquidated damages of \$100 per day shall be assessed if Contractor does not complete a Project within 120 days of the issuance of a Notice to Proceed.

Contractor shall at no time subcontract more than 50% of the Project (by cost) to a single subcontractor without prior written permission from the GLO.

NONEXCLUSIVE LIST OF APPLICABLE LAWS, RULES, AND REGULATIONS

If applicable to the Project, Contractor must be in compliance with the following laws, rules, and regulations, as may be amended or superseded over time, and any other state, federal, or local laws, rules, and regulations as may become applicable throughout the term of the Contract, and Contractor acknowledges that this list may not include all such applicable laws, rules, and regulations.

Contractor is deemed to have read and understands the requirements of each of the following, if applicable to the Project under this Contract:

GENERALLY

The Acts and Regulations specified in this Contract;

ATTACHMENT A-4 – Revised Scope of Work and Budget

SCOPE OF WORK

DESCRIPTION OF SERVICES AND REQUIREMENTS

Contractor may be required by the GLO to perform the Work enumerated in this section under this Work Order. In addition to the services and requirements described below, Contractor must perform any other ancillary construction-related services that may be required for a given Project. These ancillary services may go beyond what would be required for the repair/reconstruction of a property.

A. REHABILITATION SCOPE OF WORK

It is anticipated that homes eligible for rehabilitation will require an array of repairs ranging from minor to major. The scope of Work for each repaired structure will vary but may include, although not be limited to, the following:

- 1) Development of a thorough scope of necessary repairs using GLO-prescribed forms;
- 2) Coordination with the property owner and his/her family and case management from the time of assignment to obtainment of a certificate of occupancy for closing;
- 3) Obtainment of all necessary state and local permits and approvals prior to the commencement of the Work for each structure;
- 4) Provision of copies of architectural and house plan renderings;
- 5) Demolition of damaged interior and exterior materials;
- 6) Foundation leveling, repair, and/or elevation;
- 7) Structural damage repair;
- 8) Building envelope repair, including:
 - Roof repair or replacement and attendant damage;
 - Door and window replacement;
 - Siding/veneer repair or replacement;
 - Mechanical (HVAC), electrical, and plumbing systems repair or replacement;
 - Drywall repair or replacement; and
 - Rough and trim carpentry;
- 9) Surface preparation and painting;
- 10) Flooring repair or replacement;
- 11) Cabinet and appliance replacement;
- 12) Lead-based paint mitigation;
- 13) Specialty construction elements associated with historic properties, including coordination with Texas Historical Commission and local historic districts and stakeholders;
- 14) Wind mitigation and retrofitting measures (in areas designated as a Catastrophe Area by the Commissioner of Insurance of the State of Texas);

- 15) Specialty construction elements associated with Green Building Construction techniques as required by HUD and as adopted by the GLO;
- 16) Addressing of special-needs accessibility requirements; and
- 17) Performance of close-outs for each Project, which may include obtaining certificate(s) of occupancy from applicable state and local authorities.

B. RECONSTRUCTION AND NEW CONSTRUCTION SCOPE OF WORK

In certain cases, a property owner may be eligible for only the complete reconstruction of his/her home, either substantially within the same footprint as the prior home (reconstruction) or new construction on a different footprint. The scope of Work for each reconstructed or newly constructed structure will vary but may include, although not be limited to, the following:

- 1) Coordination with the property owner and his/her family and case management from the time of assignment to obtaining a certificate of occupancy for closing;
- 2) Obtainment of all necessary state and local permits and approvals prior to the commencement of the Work for each structure;
- 3) Utility disconnection and deactivation;
- 4) Demolition of existing structures;
- 5) Debris removal in accordance with all federal, state, and local requirements, including the disposal of potential asbestos-containing materials;
- 6) Provision of architectural and house plan renderings;
- 7) Site preparation;
- 8) Construction of new residential structures including 2-, 3-, and 4-bedroom floor plans in accordance with all applicable local and state codes and standards as well as the specified Green Standard (see GLO Minimum Design Standards for further information);
- 9) Meeting of the requirements of the GLO Minimum Design Standards, located on the GLO-CDR website at <https://recovery.texas.gov/grant-administration/grant-implementation/housing/hurricane-harvey/index.html>;
- 10) Compliance in the accessibility and design of Projects with the Americans with Disabilities Act of 1990 (if applicable), known as ADA requirements, with HUD exceptions;
- 11) Meeting of the requirements of the GLO Visitability Standards, located on the GLO-CDR website at <https://recovery.texas.gov/grant-administration/grant-implementation/housing/hurricane-harvey/index.html>; and
- 12) Performance of close-outs for each Project, which may include obtaining certificate(s) of occupancy from applicable state and local authorities.

C. TAX INCREMENT REINVESTMENT ZONE SCOPE OF WORK

The City Council of the City of Houston, acting pursuant to the city's Ordinance No. 2020-826, dedicated \$3,000,000 of Tax Increment Reinvestment Zone ("TIRZ") Affordable Housing Funds to be used for single-family CDBG-DR program housing activities within city limits relating to Hurricane Harvey, including rehabilitation and reconstruction cost reimbursement and temporary relocation assistance to those affected by the disaster. Per an

agreement with the city, the GLO assumed control over the administration of the city's single-family CDBG-DR program housing activities. Participants of the city's CDBG-DR housing program were transferred to the GLO's Homeowner's Assistance Program ("HAP") for completion of construction services. Upon such transfer, certain participants whose damaged homes were located within a TIRZ and who qualified for reconstructed three-bedroom homes under the city's housing guidelines only qualified for two-bedroom homes under the GLO's housing guidelines and HUD's occupancy requirements. In order to fulfill the obligations agreed to by the city for these participants, the GLO and the City of Houston entered into an interlocal agreement (GLO Contract No. 21-172-000-C912), under which the city agreed to provide the GLO with supplemental funding from the city's TIRZ Affordable Housing Funds ("TIRZ Funding").

Contractor may be assigned to build additional third bedrooms for homes located within a City of Houston TIRZ, as identified by the GLO. The estimated size of a typical third bedroom is 152 square feet, based upon the following assumptions:

- Typical bedroom size: 120 sq. ft (10' x 12')
- Closet: 12 sq. ft (2' x 6')
- Hallway: 20 sq. ft (3.33' x 6')

The addition of a third bedroom for the TIRZ homes is allowed as an exemption from the GLO Housing Guidelines and HUD occupancy requirements. Contractor must complete construction of the assigned homes that include services compensated using TIRZ Funding in accordance with all requirements under HAP, the Contract, and the Work Order aside from requirements relating to the number of bedrooms.

D. ADDITIONAL REQUIREMENTS

Contractor must perform additional duties including, but not limited to, the following:

- 1) Providing professional labor, equipment, and materials adequate to perform the work in accordance with the scope of Work issued for each eligible applicant's residential structure while ensuring that all applicable housing standards and codes are met;
- 2) Complying with all applicable local, state, and federal laws, regulations, and guidelines, which may include the following: HUD Community Development Block Grant disaster laws, regulations, and guidelines; Section 3 of the Housing and Urban Development Act of 1968; and the Davis Bacon Act (for repairs to properties containing more than eight (8) units);
- 3) Mobilizing in the awarded Zone within 15 days from the effective date of this Work Order;
- 4) Providing documentation and tracking of construction progress;
- 5) Meeting with individual property owners to review the scope of Work to be performed, including establishing a work schedule acceptable to property owners and reviewing Work upon final inspection;
- 6) Meeting the GLO's 120-day work completion requirement from the Notice to Proceed;
- 7) Providing a certificate of compliance from the Green Standard governing body (see the GLO Minimum Design Standards for further information);

- 8) Providing information responsive to Public Information Act requests in a timely manner;
- 9) Meeting all federal, state, and local requirements for the transport and disposal of municipal solid, industrial, hazardous, and other waste from demolished structures;
- 10) Providing a one-year warranty, a third-party ten-year structural warranty, and, when necessary, a third-party one-year flood insurance policy; and
- 11) Assisting homeowners in vacating their damaged homes, if necessary.

ZONE

Contractor will perform Work under this Work Order in the City of Houston and Harris County, Texas, which are located in Zone 2.

PROJECT ASSIGNMENT(S)

Prior to any assignments, Contractor will be required to coordinate with the GLO and its vendors responsible for the administration and project management of the Homeowner Assistance Program on behalf of the GLO. These meetings may occur any time within the first 15 days following execution of this Work Order.

Assignments will be based on the GLO's Builder Assignment Method, which may include the assessment of workmanship, project management, and customer service.

Each Project will require completion within 120 days of the Notice to Proceed.

PRICING

Reconstruction and New Construction Services: Composite Square-Foot Pricing

Set prices per square foot will be used for all standard reconstruction and new construction services described in each executed GLO Form 11.17, *Work Write-Up/Cost Estimate*, save and except the services rendered by Contractor that are reimbursed using City of Houston TIRZ Affordable Housing funds (as described above). The price per square foot for a Project shall correlate to the selected house size and the service period in which the Form 11.17 for the Project was executed, as outlined in the following table.

Zone 2			
Service Period	2 BR	3 BR	4 BR
Work Order Effective Date – 10/31/20	\$125.74	\$123.71	\$121.89
11/1/20 – 4/14/21	\$133.29	\$131.13	\$129.21
4/15/21 – 9/30/21	\$139.69	\$137.42	\$135.41
10/01/21 – 3/14/22	\$133.29	\$131.13	\$129.21
3/15/22 – 3/14/24	\$139.69	\$137.42	\$135.41
3/15/24 Until Further Notice	\$150.87	\$148.45	\$146.24

For services rendered by Contractor during any service period that are to be reimbursed using TIRZ Funding, the price per square foot is \$125.00. Pricing covers all construction costs associated with building the third bedrooms in identified TIRZ homes, including, but not limited to, the following: architectural/engineering services, site prep, concrete slab, plumbing, framing, roofing, siding, insulation, drywall, flooring, windows, doors, electrical, HVAC, trim, finishes, and painting. All construction Work completed by Contractor under this Work Order to be compensated using TIRZ Funding shall be executed for an amount of the Work Order Budget not

to exceed \$152,000.00. Any additional construction costs created by unusual, site-specific conditions will be considered via the change order process. If Contractor incurs site-specific costs associated with facilitating the purchase of one year of homeowner's insurance (and/or flood and windstorm insurance policies, when applicable), Contractor may be paid a site-specific administration fee of up to \$100 per Project.

Rehabilitation Services: Per-Unit Pricing

The pricing per unit for Rehabilitation Services may be approved for each Project and may consider proposed unit pricing from the selected builders and/or standard pricing using RS Means or a similar cost-estimate system. This pricing may be standardized in the Builder Assignment Method, as amended, or in any Work Order(s) issued.

If Contractor incurs site-specific costs associated with facilitating the purchase of one year of homeowner's insurance (and/or flood and windstorm insurance policies, when applicable), Contractor may be paid a site-specific administration fee of up to \$100 per Project.

BUDGET

All Work assigned and completed under this Work Order shall be executed for an amount not to exceed \$68,152,000.00, and each Project will be completed in accordance with the pricing outlined in the Pricing section of this Work Order.

Contractor shall submit invoices to the GLO in accordance with the terms of this Work Order and Section 3.02 and Attachment D-2 of the Contract, as amended; however, additional procedures for draw requests may be adopted as directed by the GLO. Invoices may be submitted no more than twice a month and may be submitted only following the Progress Inspection (50% Project completion) or Final Inspection (100% Project completion), as defined in Attachment D-2 of the Contract (as amended), for a Project. The GLO shall ensure that all deliverables, duties, and/or responsibilities in this Work Order are completed prior to the disbursement of funds.

In addition to other damages in the Contract and/or Work Order, liquidated damages of \$100 per day shall be assessed if Contractor does not complete a Project within 120 days of the issuance of a Notice to Proceed.

Contractor shall at no time subcontract more than 50% of the Project (by cost) to a single subcontractor without prior written permission from the GLO.

**AMENDMENT NO. 5 TO WORK ORDER NO. C417
UNDER GLO CONTRACT NO. 19-094-006**

THE GENERAL LAND OFFICE (the “GLO”) and **DSW HOMES, LLC** (“Contractor”), each a “Party” and collectively “the Parties” to Work Order No. C417 (the “Work Order”) under GLO Contract No. 19-094-006 (the “Contract”), desire to amend the Work Order.

WHEREAS, the Parties desire to extend the term of the Work Order; and

WHEREAS, the Parties desire to revise the Work Order and Revised Scope of Work and Budget to reflect the addition of CDBG-MIT grant funds to the Project Budget; and

WHEREAS, the Parties desire to revise the Revised Nonexclusive List of Applicable Laws, Rules, and Regulations to reflect updated terms;

NOW, THEREFORE, the Parties hereby agree as follows:

1. The Work Order is amended to reflect that the Performance Period and Work Order shall terminate upon the earlier of the date of the Project’s completion, in the GLO’s sole determination, or **June 30, 2026**.
2. The Work Order is amended by adding funding in the amount of **\$27,623,000.00** for a total amount not to exceed **\$95,775,000.00** for the duration of this Work Order.
3. The first paragraph of the section entitled **DESCRIPTION OF WORK** is hereby deleted and replaced with the following:

“Contractor shall perform, or cause to be performed, construction services for single-family and multi-family residential structures as authorized under the Contract and described in the Scope of Work and Budget attached hereto as Attachment A (the “Work”). Contractor shall perform all Work in accordance with the Contract and all Attachments; this Work Order and all Attachments; and all applicable rules and requirements of the U. S. Department of Housing and Urban Development’s Community Development Block Grant – Disaster Recovery (“CDBG-DR”) and – Mitigation (“CDBG-MIT”) programs.”

4. **Subsection (a)** of the section entitled **FEDERAL FUNDING** in the Work Order is hereby deleted and replaced with the following:

“(a) Funding for this Work Order is appropriated by Congress and allocated to the State of Texas by HUD to facilitate disaster relief, long-term recovery, restoration of

infrastructure and housing, mitigation, and economic revitalization and to affirmatively further fair housing, in accordance with Executive Order 12892, in presidentially-declared major disaster areas, as defined in Title IV of the Robert T. SCOPE OF WORK

DESCRIPTION OF SERVICES AND REQUIREMENTS

Contractor may be required by the GLO to perform the Work enumerated in this section under this Work Order. In addition to the services and requirements described below, Contractor must perform any other ancillary construction-related services that may be required for a given Project. These ancillary services may go beyond what would be required for the repair/reconstruction of a property.

A. REHABILITATION SCOPE OF WORK

It is anticipated that homes eligible for rehabilitation will require an array of repairs ranging from minor to major. The scope of Work for each repaired structure will vary but may include, although not be limited to, the following:

- 1) Development of a thorough scope of necessary repairs using GLO-prescribed forms;
- 2) Coordination with the property owner and his/her family and case management from the time of assignment to obtainment of a certificate of occupancy for closing;
- 3) Obtainment of all necessary state and local permits and approvals prior to the commencement of the Work for each structure;
- 4) Provision of copies of architectural and house plan renderings;
- 5) Demolition of damaged interior and exterior materials;
- 6) Foundation leveling, repair, and/or elevation;
- 7) Structural damage repair;
- 8) Building envelope repair, including:
 - Roof repair or replacement and attendant damage;
 - Door and window replacement;
 - Siding/veneer repair or replacement;
 - Mechanical (HVAC), electrical, and plumbing systems repair or replacement;
 - Drywall repair or replacement; and
 - Rough and trim carpentry;
- 9) Surface preparation and painting;
- 10) Flooring repair or replacement;
- 11) Cabinet and appliance replacement;
- 12) Lead-based paint mitigation;
- 13) Specialty construction elements associated with historic properties, including coordination with Texas Historical Commission and local historic districts and stakeholders;
- 14) Wind mitigation and retrofitting measures (in areas designated as a Catastrophe Area by the Commissioner of Insurance of the State of Texas);

- 15) Specialty construction elements associated with Green Building Construction techniques as required by HUD and as adopted by the GLO;
- 16) Addressing of special-needs accessibility requirements; and
- 17) Performance of close-outs for each Project, which may include obtaining certificate(s) of occupancy from applicable state and local authorities.

B. RECONSTRUCTION AND NEW CONSTRUCTION SCOPE OF WORK

In certain cases, a property owner may be eligible for only the complete reconstruction of his/her home, either substantially within the same footprint as the prior home (reconstruction) or new construction on a different footprint. The scope of Work for each reconstructed or newly constructed structure will vary but may include, although not be limited to, the following:

- 1) Coordination with the property owner and his/her family and case management from the time of assignment to obtaining a certificate of occupancy for closing;
- 2) Obtainment of all necessary state and local permits and approvals prior to the commencement of the Work for each structure;
- 3) Utility disconnection and deactivation;
- 4) Demolition of existing structures;
- 5) Debris removal in accordance with all federal, state, and local requirements, including the disposal of potential asbestos-containing materials;
- 6) Provision of architectural and house plan renderings;
- 7) Site preparation;
- 8) Construction of new residential structures including 2-, 3-, and 4-bedroom floor plans in accordance with all applicable local and state codes and standards as well as the specified Green Standard (see GLO Minimum Design Standards for further information);
- 9) Meeting of the requirements of the GLO Minimum Design Standards, located on the GLO-CDR website at <https://recovery.texas.gov/grant-administration/grant-implementation/housing/hurricane-harvey/index.html>;
- 10) Compliance in the accessibility and design of Projects with the Americans with Disabilities Act of 1990 (if applicable), known as ADA requirements, with HUD exceptions;
- 11) Meeting of the requirements of the GLO Visitability Standards, located on the GLO-CDR website at <https://recovery.texas.gov/grant-administration/grant-implementation/housing/hurricane-harvey/index.html>; and
- 12) Performance of close-outs for each Project, which may include obtaining certificate(s) of occupancy from applicable state and local authorities.

C. TAX INCREMENT REINVESTMENT ZONE SCOPE OF WORK

The City Council of the City of Houston, acting pursuant to the city's Ordinance No. 2020-826, dedicated \$3,000,000 of Tax Increment Reinvestment Zone ("TIRZ") Affordable Housing Funds to be used for single-family CDBG-DR program housing activities within city limits relating to Hurricane Harvey, including rehabilitation and reconstruction cost reimbursement and temporary relocation assistance to those affected by the disaster. Per an

agreement with the city, the GLO assumed control over the administration of the city's single-family CDBG-DR program housing activities. Participants of the city's CDBG-DR housing program were transferred to the GLO's Homeowner's Assistance Program ("HAP") for completion of construction services. Upon such transfer, certain participants whose damaged homes were located within a TIRZ and who qualified for reconstructed three-bedroom homes under the city's housing guidelines only qualified for two-bedroom homes under the GLO's housing guidelines and HUD's occupancy requirements. In order to fulfill the obligations agreed to by the city for these participants, the GLO and the City of Houston entered into an interlocal agreement (GLO Contract No. 21-172-000-C912), under which the city agreed to provide the GLO with supplemental funding from the city's TIRZ Affordable Housing Funds ("TIRZ Funding").

Contractor may be assigned to build additional third bedrooms for homes located within a City of Houston TIRZ, as identified by the GLO. The estimated size of a typical third bedroom is 152 square feet, based upon the following assumptions:

- Typical bedroom size: 120 sq. ft (10' x 12')
- Closet: 12 sq. ft (2' x 6')
- Hallway: 20 sq. ft (3.33' x 6')

The addition of a third bedroom for the TIRZ homes is allowed as an exemption from the GLO Housing Guidelines and HUD occupancy requirements. Contractor must complete construction of the assigned homes that include services compensated using TIRZ Funding in accordance with all requirements under HAP, the Contract, and the Work Order aside from requirements relating to the number of bedrooms.

D. ADDITIONAL REQUIREMENTS

Contractor must perform additional duties including, but not limited to, the following:

- 1) Providing professional labor, equipment, and materials adequate to perform the work in accordance with the scope of Work issued for each eligible applicant's residential structure while ensuring that all applicable housing standards and codes are met;
- 2) Complying with all applicable local, state, and federal laws, regulations, and guidelines, which may include the following: HUD Community Development Block Grant disaster laws, regulations, and guidelines; Section 3 of the Housing and Urban Development Act of 1968; and the Davis Bacon Act (for repairs to properties containing more than eight (8) units);
- 3) Mobilizing in the awarded Zone within 15 days from the effective date of this Work Order;
- 4) Providing documentation and tracking of construction progress;
- 5) Meeting with individual property owners to review the scope of Work to be performed, including establishing a work schedule acceptable to property owners and reviewing Work upon final inspection;
- 6) Meeting the GLO's 120-day work completion requirement from the Notice to Proceed;
- 7) Providing a certificate of compliance from the Green Standard governing body (see the GLO Minimum Design Standards for further information);

- 8) Providing information responsive to Public Information Act requests in a timely manner;
- 9) Meeting all federal, state, and local requirements for the transport and disposal of municipal solid, industrial, hazardous, and other waste from demolished structures;
- 10) Providing a one-year warranty, a third-party ten-year structural warranty, and, when necessary, a third-party one-year flood insurance policy; and
- 11) Assisting homeowners in vacating their damaged homes, if necessary.

ZONE

Contractor will perform Work under this Work Order in the City of Houston and Harris County, Texas, which are located in Zone 2.

PROJECT ASSIGNMENT(S)

Prior to any assignments, Contractor will be required to coordinate with the GLO and its vendors responsible for the administration and project management of the Homeowner Assistance Program on behalf of the GLO. These meetings may occur any time within the first 15 days following execution of this Work Order.

Assignments will be based on the GLO's Builder Assignment Method, which may include the assessment of workmanship, project management, and customer service.

Each Project will require completion within 120 days of the Notice to Proceed.

PRICING

Reconstruction and New Construction Services: Composite Square-Foot Pricing

Set prices per square foot will be used for all standard reconstruction and new construction services described in each executed GLO Form 11.17, *Work Write-Up/Cost Estimate*, save and except the services rendered by Contractor that are reimbursed using City of Houston TIRZ Affordable Housing funds (as described above). The price per square foot for a Project shall correlate to the selected house size and the service period in which the Form 11.17 for the Project was executed, as outlined in the following table.

Zone 2			
Service Period	2 BR	3 BR	4 BR
Work Order Effective Date – 10/31/20	\$125.74	\$123.71	\$121.89
11/1/20 – 4/14/21	\$133.29	\$131.13	\$129.21
4/15/21 – 9/30/21	\$139.69	\$137.42	\$135.41
10/01/21 – 3/14/22	\$133.29	\$131.13	\$129.21
3/15/22 – 3/14/24	\$139.69	\$137.42	\$135.41
3/15/24 Until Further Notice	\$150.87	\$148.45	\$146.24

For services rendered by Contractor during any service period that are to be reimbursed using TIRZ Funding, the price per square foot is \$125.00. Pricing covers all construction costs associated with building the third bedrooms in identified TIRZ homes, including, but not limited to, the following: architectural/engineering services, site prep, concrete slab, plumbing, framing, roofing, siding, insulation, drywall, flooring, windows, doors, electrical, HVAC, trim, finishes, and painting. All construction Work completed by Contractor under this Work Order to be compensated using TIRZ Funding shall be executed for an amount of the Work Order Budget not

to exceed \$152,000.00. Any additional construction costs created by unusual, site-specific conditions will be considered via the change order process. If Contractor incurs site-specific costs associated with facilitating the purchase of one year of homeowner's insurance (and/or flood and windstorm insurance policies, when applicable), Contractor may be paid a site-specific administration fee of up to \$100 per Project.

Rehabilitation Services: Per-Unit Pricing

The pricing per unit for Rehabilitation Services may be approved for each Project and may consider proposed unit pricing from the selected builders and/or standard pricing using RS Means or a similar cost-estimate system. This pricing may be standardized in the Builder Assignment Method, as amended, or in any Work Order(s) issued.

If Contractor incurs site-specific costs associated with facilitating the purchase of one year of homeowner's insurance (and/or flood and windstorm insurance policies, when applicable), Contractor may be paid a site-specific administration fee of up to \$100 per Project.

BUDGET

All Work assigned and completed under this Work Order shall be executed for an amount not to exceed \$95,775,000.00, and each Project will be completed in accordance with the pricing outlined in the Pricing section of this Work Order.

Contractor shall submit invoices to the GLO in accordance with the terms of this Work Order and Section 3.02 and Attachment D-2 of the Contract, as amended; however, additional procedures for draw requests may be adopted as directed by the GLO. Invoices may be submitted no more than twice a month and may be submitted only following the Progress Inspection (50% Project completion) or Final Inspection (100% Project completion), as defined in Attachment D-2 of the Contract (as amended), for a Project. The GLO shall ensure that all deliverables, duties, and/or responsibilities in this Work Order are completed prior to the disbursement of funds.

In addition to other damages in the Contract and/or Work Order, liquidated damages of \$100 per day shall be assessed if Contractor does not complete a Project within 120 days of the issuance of a Notice to Proceed.

Contractor shall at no time subcontract more than 50% of the Project (by cost) to a single subcontractor without prior written permission from the GLO.

NONEXCLUSIVE LIST OF APPLICABLE LAWS, RULES, AND REGULATIONS

If applicable to the Project, Contractor must be in compliance with the following laws, rules, and regulations, as may be amended or superseded over time, and any other state, federal, or local laws, rules, and regulations as may become applicable throughout the term of the Contract, and Contractor acknowledges that this list may not include all such applicable laws, rules, and regulations.
