The State of Texas

W Lease /Revised 10/89

Austin, Texas

**PAID-UP
OIL AND GAS LEASE NO. M-104766
GENERAL LAND OFFICE
AUSTIN, TEXAS**

THIS AGREEMENT made and entered into by and between the Commissioner of the General Land Office of the State of Texas, whose address is Stephen F. Austin Building, 1700 North Congress, Austin, Texas, 78701, hereinafter called "Lessor", hereunto authorized by the School Land Board, pursuant to the provisions of Chapters 32 and 52 of the Natural Resources Code (hereinafter called N.R.C.), and amendments thereto, and all applicable rules promulgated by the School Land Board and Stroud Energy, Ltd., whose address is 210 West 6th St., Suite 500, Fort Worth, Texas 76102 hereinafter called "Lessee".

1. Lessor, in consideration of Three Thousand One Hundred Ninety Four and 68/100 (**\$3,194.68**), receipt of which is hereby acknowledged, and of the covenants and agreements of Lessee hereinafter contained, does hereby grant, lease, and let unto Lessee the land covered hereby for the purposes and with the exclusive right of exploring, drilling, mining and operating for, producing and owning oil, gas, and all other hydrocarbons, produced from the land covered hereby. The land covered hereby, herein called "said land" is located in the County of Tarrant State of Texas, and is described as follows:

11.617 acres of land, more or less, situated in said Tarrant County, Texas, more particularly described in Exhibit "A" attached hereto and made a part hereof together with a plat, attached hereto as Exhibit "B", depicting said right-of-way and surrounding area for purposes of illustration only.

For the purpose of determining the amount of any bonus or other payment hereunder, said land shall be deemed to contain 11.617 acres, whether actually containing more or less, and the above recital of acreage shall be deemed to be the true acreage thereof. Lessor accepts the bonus as lump sum consideration for this lease and all rights and options hereunder.

2. PRIMARY TERM: This lease, which is a "paid up" lease requiring no rentals, shall remain in force for a term of two years (2) from March 15, 2005, hereinafter called "primary term", and as long thereafter as operations, as hereinafter defined, are conducted upon said land with no cessation for more than ninety (90) consecutive days.

3. ROYALTIES: As royalty Lessee covenants and agrees:

(a) To deliver to the credit of Lessor, in the pipe line to which Lessee may connect its well, the equal 1/4 part of all oil produced and saved by Lessee from said land, or from time to time, at the option of Lessee, to pay Lessor the average posted market price of such 1/4 part of such oil at the wells as of the day it is run to the pipe line or storage tanks, Lessor's interest, in either case, to bear none of the cost of treating oil to render it marketable pipe line oil;

(b) To pay Lessor on gas and casinghead gas produced from said land (1) when sold by lessee 1/4 of the amount realized by Lessee, computed at the mouth of the well, or (2) when used by Lessee off said land or in the manufacture of gasoline or other products, the market value, at the mouth of the well, of 1/4 of such gas and casinghead gas.

(c) If, at the expiration of the primary term or at any time or times thereafter, there is any well on said land or on lands with which said land or any portion thereof has been pooled, capable of producing oil or gas, and all such wells are shut-in, this lease shall, nevertheless, continue in force as though operations were being conducted on said land for so long as said wells are shut-in, and thereafter this lease may be continued in force as if no shut-in had occurred.

(d) Lessee covenants and agrees to use reasonable diligence to produce, utilize, or market the minerals capable of being produced from said wells, but in the exercise of such diligence, Lessee shall not be obligated to install or furnish facilities other than well facilities and ordinary lease facilities of flow lines, separator, and lease tank, and shall not be required to settle labor trouble or to market gas upon terms unacceptable to Lessee.

(e) If at any time or times after the expiration of the primary term, all such wells are shut-in for a period of ninety consecutive days, and during such time there are no operations on said land, then at or before the expiration of said ninety day period, lessee shall pay or tender, by check of lessee, as royalty, the sum of \$300.00. Lessee shall make like payments or tenders at or before the end of each anniversary of the expiration of said ninety day period if upon such anniversary this lease is being continued in force solely by reason of the provisions of this paragraph. Each such payment or tender shall be made to the parties who at the time of payment would be entitled to receive the royalties which would be paid under this lease if the wells were producing. Nothing herein shall impair lessee's right to release as provided in paragraph 5 hereof. In the event of assignment of this lease in whole or in part, liability for payment hereunder shall rest exclusively on the then owner or owners of this lease, severally as to acreage owned by each.

(f) All royalties not taken in kind shall be paid to the Commissioner of the General Land Office at Austin, Texas, in the following manner:

Royalty on oil is due and must be received in the General Land Office on or before the 5th day of the second month succeeding the month of production, and royalty on gas is due and must be received in the General Land Office on or before the 15th day of the second month succeeding the month of production, accompanied by the affidavit of the owner, manager, or other authorized agent, completed in the form and manner prescribed by the General Land Office and showing the gross amount and disposition of all oil and gas produced and the market value of the oil and gas, together with a copy of all documents, records or reports confirming the gross production, disposition and market value including gas meter readings, pipeline receipts, gas line receipts and other checks or memoranda of amount produced and put into pipelines, tanks, or pools and gas lines or gas storage, and any other reports or records which the General Land Office may require to verify the gross production, disposition and market value. In all cases the authority of a manager or agent to act for the Lessee herein must be filed in the General Land Office. Each royalty payment shall be accompanied by a check stub, schedule, summary or other remittance advice showing by the assigned General Land Office lease number the amount of royalty being paid on each lease. If Lessee pays his royalty on or before thirty (30) days after the royalty payment was due, the Lessee owes a penalty of 5% on the royalty or \$25.00, whichever is greater. A royalty payment which is over thirty (30) days late shall accrue a penalty of 10% of the royalty due or \$25.00, whichever is greater. In addition to a penalty, royalties shall accrue interest at a rate of 12% per year; such interest will begin accruing when the royalty is sixty (60) days overdue. Affidavits and supporting documents which are not filed when due shall incur a penalty in an amount set by the General Land Office administrative rule which is effective on the date when the affidavits or supporting documents were due. The Lessee shall bear all responsibility for paying or causing royalties to be paid as prescribed by the due date provided herein. Payment of the delinquency penalty shall in no way operate to prohibit the State's right of forfeiture as provided by law nor act to postpone the date on which royalties were originally due. The above penalty provisions shall not apply in cases of title dispute as to the State's portion of the royalty or to that portion of the royalty in dispute as to fair market value. The State shall have first lien upon all oil and gas produced from the area covered by this lease to secure the payment of all unpaid royalty and other sums of money that may become due to the State hereunder.

4. POOLING: (a) Lessee is hereby granted the right, at its option, to pool or unitize any land covered by this lease with any other land covered by this lease, and/or with any other land, lease, or leases, as to any or all minerals or horizons. Units pooled for oil hereunder shall not exceed 160 acres each in area, and units pooled for gas hereunder shall not exceed in area 640 acres each plus a tolerance of ten percent (10%) thereof, unless oil or gas units of a greater size are allowed under or prescribed by rules of the Railroad Commission of Texas.

A unit established hereunder shall be valid and effective for all purposes of this lease even though there may be mineral, royalty, or leasehold interests in lands within the unit which are not effectively pooled or unitized. Any operations conducted on any part of such unitized land shall be considered, for all purposes, except the payment of royalty, as operations conducted upon said land under this lease. There shall be allocated to the land covered by this lease within each such unit (or to each separate tract within the unit if this lease covers separate tracts within the unit) the proportion of the total production of unitized minerals from the unit, after deducting any used in lease or unit operations, which the number of surface acres in such land (or in each such separate tract) covered by this lease within the unit bears to the total number of surface acres in the unit, and the production so allocated shall be considered for all purposes, including payment or delivery of royalty, overriding royalty and any other payments out of production, to be the entire production of unitized minerals from the land to which allocated in the same manner as though produced therefrom under the terms of this lease. The owner of the reversionary estate of any term royalty or mineral estate agrees that the accrual of royalties pursuant to this paragraph or of shut-in royalties from a well on the unit shall satisfy any limitation of term requiring production of oil or gas. The formation of any unit hereunder which includes land not covered by this lease shall not have the effect of exchanging or transferring any interest under this lease (including, without limitation, any shut-in royalty which may become payable under this lease) between parties owning interests in land covered by this lease and parties owning interests in land not covered by this lease. Neither shall it impair the right of Lessee to release as provided in paragraph 5 hereof, except that Lessee may not so release as to lands within a unit while there are operations thereon for unitized minerals unless all pooled leases are released as to lands within the unit. At any time while this lease is in force Lessee may dissolve any unit established hereunder by filing for record in the public office where this lease is recorded a declaration to that effect, if at that time no operations are being conducted thereon for unitized minerals. Subject to the provisions of this paragraph 4, a unit once established hereunder shall remain in force for so long as any lease subject thereto shall remain in force. If this lease now or hereafter covers separate tracts, no pooling or unitization of royalty interests as between any such separate tracts is intended or shall be implied or result merely from the inclusion of such separate tracts within this lease but Lessee shall nevertheless have the right to pool or unitize as provided in this paragraph 4 with consequent allocation of production as herein provided. As used in this paragraph 4, the words "separate tract" mean any tract with royalty ownership differing, now or hereafter, either as to parties or amounts, from that as to any other part of the leased premises.

(b) Neither unit production of oil or gas, nor unit operations, nor payment of shut-in royalties from a unit gas well, shall serve to hold the lease in force as to any area outside the unit, regardless of whether the production, maintenance of a shut-in gas well, or operations are actually located on the State tract or not.

(c) Lessee agrees to file with the General Land Office a copy of any unit designation which this lease is included within ninety (90) days of such designation.

5. RELEASE: Lessee may relinquish the rights granted hereunder to the State at any time by recording the relinquishment in the county where this area is situated and filing the recorded relinquishment or certified copy of same in the General Land Office within ninety (90) days after its execution accompanied by the prescribed filing fee. Such relinquishment will not have the effect of releasing Lessee from any liability theretofore accrued in favor of the State.

6. REWORK: If at any time or times during the primary term operations are conducted on said land and if all operations are discontinued, this lease shall thereafter terminate at the end of the primary term or on the ninetieth day after discontinuance of all operations, whichever is the later date, unless on such later date either (1) Lessee is conducting operations or (2) the shut-in well provisions of paragraph 3 or the provisions of paragraph 9 are applicable. Whenever used in this lease the word "operations" shall mean operations for and any of the following: drilling, testing, completing, reworking, recompleting, deepening, plugging back or

repairing of a well in search for or in an endeavor to obtain production of oil or gas, or production of oil or gas in paying quantities.

7. MINERAL USE: Lessee shall have the use, free from royalty, of oil and gas produced from said land in all operations hereunder.

8. NOTICE: In the event Lessor considers that Lessee has not complied with all its obligations hereunder, both express and implied, Lessor shall notify Lessee in writing, setting out specifically in what respects Lessee has breached this contract. Lessee shall then have sixty (60) days after receipt of said notice within which to meet or commence to meet all or any part of the breaches alleged by Lessor. The service of said notice shall be precedent to the bringing of any action by Lessor on said lease for any cause, and no such action shall be brought until the lapse of sixty (60) days after service of such notice on Lessee. Neither the service of said notice nor the doing of any acts by Lessee aimed to meet all or any of the alleged breaches shall be deemed an admission or presumption that Lessee has failed to perform all its obligations hereunder. If this lease is canceled for any cause, it shall nevertheless remain in force and effect as to (1) sufficient acreage around each well as to which there are operations to constitute a drilling or maximum allowable unit under applicable governmental regulations, (but in no event less than forty acres), such acreage to be designated by Lessee as nearly as practicable in the form of a square centered at the well, or in such shape as then existing spacing rules require; and (2) any part of said land included in a pooled unit on which there are operations.

9. FORCE MAJEURE: If, while this lease is in force, at, or after the expiration of the primary term hereof, it is not being continued in force by reason of the shut-in well provisions of paragraph 3 hereof, and Lessee is not conducting operations on said land by reason of (1) any law, order, rule or regulation, (whether or not subsequently determined to be invalid) or (2) any other cause, whether similar or dissimilar, (except financial) beyond the reasonable control of Lessee, the primary term shall be extended until the first anniversary date hereof occurring ninety (90) or more days following the removal of such delaying cause, and this lease may be extended thereafter by operations as if such delay had not occurred.

10. LESSER ESTATE CLAUSE: If this lease covers a less interest in the oil or gas in all or any part of said land than the entire and undivided fee simple estate (whether lessors interest is herein specified or not), or no interest therein, then the royalties, and other monies accruing from any part as to which this lease covers less than such full interest, shall be paid only in the proportion which the interest therein, if any, covered by this lease bears to the whole and undivided fee simple estate therein.

11. ASSIGNMENTS: This lease may be transferred at any time. All transfers must reference the lease by file number and must be recorded in the county where the land covered hereby is located, and the recorded transfer or a copy certified to by the County Clerk of the county where the transfer is recorded must be filed in the General Land Office within ninety (90) days of the execution date, as provided by N.R.C. Section 52.026, accompanied by the prescribed filing fee. Every transferee shall succeed to all rights and be subject to all obligations, liabilities, and penalties owed to the State by the original Lessee or any prior transferee of the lease, including any liabilities to the State for unpaid royalties.

12. WELL INFORMATION: Lessee agrees to forthwith furnish Lessor, upon written request, with copies of all drilling logs, electrical logs, cores and core records and other information pertaining to all wells drilled by lessee either on the leased premises or acreage pooled therewith, when requested to do so. Said information shall remain confidential as required by statute.

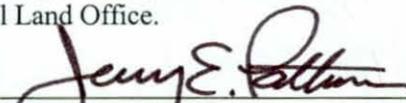

13. SURFACE: Notwithstanding anything herein to the contrary, it is agreed that Lessee will not conduct any exploration or drilling on the surface of the leased premises or use the surface in the exercise of any rights herein granted. Any development of said land shall be by means of a directional well located off the leased premises, or by pooling of said land with other land, lease or leases as hereinabove provided.

14. COMPENSATORY ROYALTY: Lessee shall pay a compensatory royalty if this lease is not being held by production on the leased premises, by production from a pooled unit, or by payment of shut-in royalties in accordance with the terms of this lease, and if oil or gas is sold or delivered in paying quantities from a well located within 2500 feet of the leased premises and completed in a producible reservoir underlying the area

leased hereunder or in any case in which drainage is occurring. Such compensatory royalty shall be paid at the royalty rate provided in this lease based on the value of production from the well as provided in the lease on which such well is located. The compensatory royalty shall be paid in the same proportion that the acreage of this lease has to the acreage of the proration unit surrounding the draining well plus the acreage of this lease. The compensatory royalty shall be paid monthly to the Commissioner of the General Land Office on or before the last day of the month after the month in which the oil or gas is sold and delivered from the well causing the drainage or from the well located within 2500 feet of the leased premises and completed in a producible reservoir under this lease. Notwithstanding anything herein to the contrary, compensatory royalty payable hereunder shall be no less than an amount equal to Double the Shut-in Royalty and shall maintain this lease in effect for so long as such payments are made as provided herein.

15. FORFEITURE: If Lessee shall fail or refuse to make payment of any sum within thirty (30) days after it becomes due, or if Lessee or an authorized agent should knowingly make any false return or false report concerning production or drilling, or if Lessee shall fail or refuse to drill any offset well or wells in good faith as required by law and the rules and regulations adopted by the Commissioner of the General Land Office, or if Lessee should fail to file reports in the manner required by law or fail to comply with rules and regulations promulgated by the General Land Office, or refuse the proper authority access to the records pertaining to operations, or if Lessee or an authorized agent should knowingly fail or refuse to give correct information to the proper authority, or knowingly fail or refuse to furnish the General Land Office a correct log of any well, or if this lease is pooled or assigned and the unit designation or assignment is not filed in the General Land Office as required by law, the rights acquired under this lease shall be subject to forfeiture by the Commissioner, and he shall forfeit same when sufficiently informed of the facts which authorize a forfeiture, and when forfeited the area shall again be subject to lease. However, nothing herein shall be construed as waiving the automatic termination of this lease by operations of law or by reason of any special limitation arising hereunder. Forfeitures may be set aside and this lease and all rights thereunder reinstated before the rights of another intervene upon satisfactory evidence to the Commissioner of the General Land Office of future compliance with the provisions of the law and of this lease and the rules and regulations that may be adopted relative hereto.

IN TESTIMONY WHEREOF, witness the signature of the Commissioner of the General Land Office of the State of Texas under the seal of the General Land Office.

JERRY E. PATTERSON
COMMISSIONER, GENERAL LAND OFFICE

Dear Mr. Reid,

Campus Drive

The State of Texas owns the mineral interest under the above captioned right-of-way by virtue of a Dedication Deed dated July 29, 1994 from George Ann Brown Carter, et al, to the City of Fort Worth, recorded in Volume 12050 at Page 1716, Official Records of Tarrant County, Texas. Stroud wishes to lease this right of way.

By this letter and accompanying materials, Stroud Energy, Ltd. ("Stroud") is applying for an oil and gas lease covering the subject land. It is our intention to combine this lease with others owned in the area and designate the Carter Trust Unit #1-H.

Included herein you will find the following information:

1. Plat of the land to be leased and the tracts adjacent to the State owned minerals.
2. List of names and address for adjacent mineral and leasehold owners.
3. Copies of adjacent leases.
4. Affidavit regarding intent to drill.
5. Affidavit regarding consideration paid for adjacent leases.
6. Written Waiver of Statutory Notice by Stroud Energy, Ltd.
7. Copy of Dedication Deed from George Ann Brown Carter, et al to the City of Ft. Worth
8. \$100 check for processing fee.

9. Check in the amount of \$3,242.60 representing a bonus consideration of \$275 per net acre plus the statutory 1.5% sales fee. (11.617 ac x \$275/ac = \$3194.68 + \$47.92 sales fee)

Pursuant to our previous conversations, you've advised that if the application and bonus consideration has been submitted and in order, the State would not prohibit Stroud from commencing operations on this well prior to Board approval and final signature of the Commissioner of the General Land Office. I would greatly appreciate your confirming the above statement by emailing me at lisamorrow@stroudenergy.com and to advise the status of this application as soon as possible.

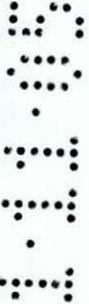

Should you have any questions please contact the undersigned at the letterhead address or call 817-882-8000, Ext. 18.

Sincerely,

STROUD ENERGY, LTD.

Lisa K. Morrow

AFFIDAVIT

STATE OF TEXAS }
 }
COUNTY OF TARRANT }

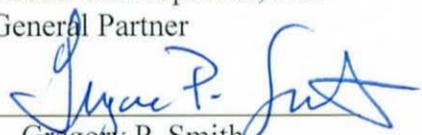

Gregory P. Smith, 210 West 6th Street, Ste. 500, Ft. Worth, Texas 76102, of lawful age, being first sworn, deposes and states as follows:

That he is the Division Land Manager of Stroud Energy, Ltd. (hereinafter called "Stroud"), duly qualified and authorized to make this affidavit, and he is fully cognizant of the facts herein set out, and that this affidavit is made for the purpose of establishing the facts surrounding certain Oil and Gas Leases located adjacent to the State of Texas highway right-of-way within Blocks 1 & 2, Shelby County School Land Survey, A-1375, Tarrant County, Texas, hereinafter described:

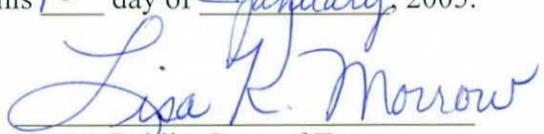

1. Oil and Gas Lease from George Ann Carter Mineral Trust Agency, Bank One, N.A., Agent, Lessor to Mereken Energy Corp., Lessee, dated March 4, 2004 covering 190.86 acres out of Blocks 1, 2, 13 & 14, Shelby County School Land Survey, A-1375, Tarrant County, Texas recorded as Document Number D204121743 of the Official Records of Tarrant County, Texas
2. Oil and Gas Lease from Nenetta Brown Carter Trust, Bank of America, N.A. Agent, Lessor to Mereken Energy Corp., Lessee, dated April 1, 2004 covering 190.86 acres out of Blocks 1, 2, 13 & 14, Shelby County School Land Survey, A-1375, Tarrant County, Texas, recorded as Document Number D204121744 of the Official Records of Tarrant County, Texas.
3. Oil and Gas Lease from The Carter Trust Oil Control, Frost National Bank, Trustee, Lessor to Mereken Energy Corp., Lessee, dated March 15, 2004, covering 192.243 acres out of Blocks 1, 2, 13 & 14, Shelby County School Land Survey, A-1375, Tarrant County, Texas, recorded as Document Number D204121745 of the Official Records of Tarrant County, Texas.

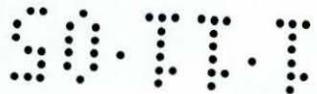

That Stroud Energy, Ltd. is now the owner of the right to develop the above described leases; that the consideration paid for Lease No. 1 was \$350 per acre, the consideration for Lease No. 2 was \$250 per acre and the consideration for Lease No. 3 was \$150 per acre.

DEDICATION DEED

THE STATE OF TEXAS §

COUNTY OF TARRANT §

WHEREAS, George Ann Brown Carter owns an undivided one-half (1/2) interest in the Property (hereinafter defined);

WHEREAS, pursuant to that certain Special Warranty Deed effective as of August 1, 1988 and recorded under Instrument No. D194175617, George Ann Brown Carter, as Independent Executrix of the Estate of Amon G. Carter, Jr. transferred an undivided one-sixth (1/6) interest in the Property to each of the Nenetta Brown Carter Trust, the Amon G. Carter, III Trust and the George R. Carter Trust, all created under the Last Will of Amon G. Carter, Jr. (the "Will");

WHEREAS, George R. Carter died June 29, 1992, upon which event pursuant to the provisions of the Will the assets of the George R. Carter Trust (including the one-sixth (1/6) interest in the Property) were divided equally between the Nenetta Brown Carter Trust and the Amon G. Carter, III Trust;

WHEREAS, each of the Nenetta Brown Carter Trust and the Amon G. Carter, III Trust under the Last Will of Amon G. Carter, Jr. now owns an undivided one-fourth (1/4) interest in the Property;

WHEREAS, for good and valuable consideration, George Ann Brown Carter, individually, GIVES, GRANTS, CONVEYS, and DEDICATES to the CITY OF FORT WORTH, its successors and assigns, in trust for the public, an undivided one-half (1/2) determinable fee interest in 11.887 acres of land, more or less, situated in Tarrant County, Texas, and being out of Blocks 1 and 2 of the Shelby County School Land Survey, Abstract No. 1375, and being a portion of a tract of land conveyed by Amon G. Carter Foundation to Amon G. Carter, Jr. by deed dated February 2, 1961 and recorded in Volume 3587, Page 313 of the Deed Records, Tarrant County, Texas, which 11.887 acres of land, more or less, are more particularly described on Exhibit A attached hereto and made a part hereof (hereinafter called the "Property");

WHEREAS, for good and valuable consideration, George Ann Brown Carter, as Trustee of the Nenetta Brown Carter Trust under the Last Will of Amon G. Carter, Jr. GIVES, GRANTS, CONVEYS, and DEDICATES to the CITY OF FORT WORTH, its successors and assigns, in trust for the public, an undivided one-fourth (1/4) determinable fee interest in the Property;

WHEREAS, for good and valuable consideration, Overton Bank and Trust, N.A., as Trustee of the Amon G. Carter, III Trust under the Last Will of Amon G. Carter, Jr. GIVES, GRANTS, CONVEYS, and DEDICATES to the CITY OF FORT WORTH, its successors

and assigns, in trust for the public, an undivided one-fourth (1/4) determinable fee interest in the Property;

This conveyance and dedication is made and accepted subject to the conditional limitation (and not the condition subsequent) that the Property is hereby granted for so long as and during the time that the Property be kept, maintained, and used by the City of Fort Worth solely as a public street for vehicular traffic. It is expressly agreed and stipulated that in the event the Property ceases to be used solely as a public street for vehicular traffic, then the estate conveyed hereby shall automatically terminate and the Property granted herein shall automatically, without any further action, revert respectively, to George Ann Brown Carter, individually, George Ann Brown Carter as Trustee of the Nenetta Brown Carter Trust, and Overton Bank and Trust, N.A., as Trustee of the Amon G. Carter, III Trust (each of the foregoing is hereinafter collectively referred to as "Grantors"), their successors and assigns, and no act or omission of the part of Grantors shall be a waiver of the operation and effectiveness of the conditional limitation.

TO HAVE AND TO HOLD the above described Property together with, all and singular, the rights and appurtenances thereto in anywise belonging, unto the said City of Fort Worth, its successors and assigns for so long as the foregoing condition is satisfied. But it is distinctly understood and agreed that this conveyance is made and accepted without covenants or warranties of any kind, either expressed, implied, statutory, or otherwise, including but not limited to the covenants set forth in Tex. Prop. Code Ann. 5.023.

The City of Fort Worth hereby waives its right to levy any paving assessment on Grantors with respect to the initial paving of the Property, or any part hereof, in connection with the Campus Drive extension and agrees that neither Grantor nor Grantor's successors and assigns shall ever be liable for any such initial paving assessment.

IN WITNESS WHEREOF this instrument is executed effective as of the 29th day of July, 1994

Bank of America, N.A.

Oil and
Gas Lease

This Agreement, made and entered into this 1st day of April, 2004, by and between **Nenetta Brown Carter Trust, Bank of America, N.A., Agent** whose Post Office address is P.O. Box 2546, Fort Worth, TX 76113-2546, hereinafter called Lessor(s), and **Mereken Energy Corporation** whose Post Office address is 777 Taylor, Suite 1126, Fort Worth, Texas 76102 hereinafter called Lessee(s),

Witnesseth:

1. That Lessor, in consideration of the cash bonus in hand paid, of the royalties herein provided, and of the agreements of Lessee herein contained, hereby grants, leases and lets exclusively unto Lessee for the sole and only purpose of exploring, drilling and operating for and producing oil and gas and of laying pipelines, storing oil and building tanks, telephone lines, roads and structures thereon to produce, save, care for, treat and transport said substances produced from the land leased hereunder only, the following described land situated in Tarrant County, State of Texas, to wit:

A PARCEL OF LAND OUT OF BLOCKS 1, 2, 13 AND 14 SHELBY COUNTY SCHOOL LAND SURVEY A-1375 TARRANTCOUNTY TX AS DESCRIBED IN A DEED DATED FEBRUARY 2, 1961 FROM THE AMON G. CARTER FOUNDATION ET AL TO AMON G. CARTER JR., RECORDED IN VOLUME 3587, PAGE 313 OF THE DEED RECORDS OF TARRANT COUNTY, TEXAS AND BEING APPROXIMATELY 202.48 ACRES SAVEAND EXCEPT APPROXIMATELY 11.617 ACRES OF LAND DESCRIBED IN A DEDICATION DEED TO THE CITY OF FORT WORTH DATED JULY 29, 1994 AND BEING FOR THE RIGHT-OF-WAY OF CAMPUS DRIVE

and containing 190.86 acres, more or less.

2. Subject to the other provisions hereof, this lease shall be for a term of three (3) years from this date (called "Primary Term") and as long thereafter as oil and gas, or either of them, is produced in paying quantities from said land or lands with which said land is pooled hereunder and the royalties are paid as provided.

3. Lessee shall pay the following royalties, subject to the following provisions:

(a). Lessee shall pay the Lessor 1/4 of the gross proceeds of all oil and other liquid hydrocarbons recovered or separated on the leased premises, produced and saved from the leased premises and sold by Lessee in an arms' length transaction; provided however, in the event oil and other liquid hydrocarbons are not sold under an arms' length transaction, Lessor's royalty on such oil and other liquid hydrocarbons shall be calculated by using the highest price, plus premium, if any, paid or offered for oil and other liquid hydrocarbons of comparable quality in the general area where produced and when run; or after sixty (60) days written notice from Lessor, which notice may be given from time to time, deliver free of cost to Lessor at the wells or to the credit of Lessor into the pipeline to which the well may be connected such percentage of all oil and other liquid hydrocarbons produced and saved from the leased premises.

(b). Lessee shall pay the Lessor 1/4 of the gross proceeds received by Lessee for all gas (including substances contained in such gas) recovered or separated on the leased premises, produced from the leased premises and sold by Lessee in an arms' length transaction; provided, however in the event gas is not sold under an arms' length transaction, Lessor's royalty on such gas (including substances contained in such gas) shall be calculated by using the highest price paid or offered for gas of comparable quality in the general area where produced and when run.

(c). Lessee shall pay Lessor royalty on all oil and other liquid hydrocarbons, including condensate, and on all gas, including all substances contained in such gas, (all hereinafter collectively called "Products") produced from a well on the leased premises or on lands pooled with the leased premises and sold or used off the leased premises regardless of whether or not such Products are produced to the credit of Lessee or sold under a contract executed by or binding on Lessee. Should Products be sold under a sales contract not binding on Lessor, Lessor's royalty shall be calculated by using the highest price paid for any of the Products produced from the well from which such Products were produced.

(d). In no event will the price paid Lessor for Lessor's share of the Products be less than the price paid Lessee for Lessee's share of Products produced hereunder. For the purposes of this Section 3 an arms' length transaction shall be considered to be the sale of Products by Lessee to any non-affiliated company, subsidiary or other such entity through an agreement negotiated in good faith by all parties. Lessor shall not bear, directly or indirectly, any production or post-production cost or expenses, including without limitation, cost or expenses for storing, separating, dehydrating, transporting, compressing, treating or gathering, or otherwise rendering marketable or marketing the Products, and no deduction or reduction shall be made for any such costs and expenses in computing any payment, or the basis upon which any payment is, to be made to Lessor pursuant to clauses (a), (b) or (c).

(e). While there is a well on the leased premises capable of producing gas in paying quantities but the production thereof is shut-in or suspended for any reason, Lessee may pay as royalty on or before 90 days after the date on which (i) production from any such well is shut-in or suspended or (ii) this lease is no longer maintained by compliance with other provisions hereof, whichever is the later date, and thereafter at annual intervals, a sum in the amount of \$25.00 per acre, **such shut-in payment pertaining only to the acreage included within the producing unit of such gas well**, or a minimum of Fifty Dollars (\$50.00), whichever is greater, for each and every shut-in gas well; and if such payment is made or tendered in accordance with the terms hereof, this lease shall not terminate but shall continue in full force, subject to the provisions of paragraph 15, and it will be considered that gas is being produced from the leased premises in paying quantities within the meaning of each pertinent provision of this lease, and in no event shall shut-in well payments maintain this lease in force for a cumulative period exceeding **two (2) years**. Lessee shall not be entitled to recover any shut-in royalty payments from the future sale of gas. Should the shut-in period extend beyond the expiration of the primary term, such shut-in provision will pertain only to the producing unit of such gas well as provided for in paragraph 15. Should such shut-in royalty payments not be made in a timely manner as provided in this paragraph, it will be considered for all purposes that there is no production or no excuse for delayed production of gas from any such well or wells and unless there is then in effect other preservation provisions of this lease, this lease shall terminate at midnight on the last day provided for the payment of such shut-in royalties, and Lessee shall thereupon furnish to Lessor a release of all its interest in and to this oil and gas lease insofar as that portion of the premises included in the producing unit assigned to such shut-in well.

(f). Lessee agrees that before any gas produced from the leased premises is used or sold off the leased premises, it will be run, free of cost to Lessor, through an adequate oil and gas separator of a conventional type or equipment at least as efficient, to the end that all liquid hydrocarbons recoverable from the gas by such means will be recovered on the lease.

(g) Lessee agrees that if it enters into any contract for sale of any Products from this lease, which shall extend for 3 (three) years from the effective date of such sales contract and such contract does not have adequate provisions for redetermination of price at intervals of not less frequently than annually, then Lessee, its successors and assigns, shall in advance of executing any such sales contract provide Lessor with a full and complete copy of the proposed contract for the purpose of allowing Lessor to determine whether Lessee may sell Lessor's royalty share of Products under Lessee's proposed sales contract. Lessor shall, within thirty (30) days' of receiving such sales contract, notify Lessee as to whether Lessee may sell Lessor's royalty share of Products under Lessee's proposed sales contract. In the event Lessor approves Lessee's proposed sales contract, Lessee shall pay the Lessor 1/4 of all consideration received by or for the benefit of Lessee under said contract, ~~without deducting any post-production cost or expenses, including without limitation, cost or expenses for dehydrating, transporting, compressing, treating, gathering, or otherwise rendering marketable or marketing the Products.~~ In the event Lessor does not approve Lessee's proposed sales contract, then Lessor's royalty shall nonetheless, be calculated by using the highest price paid or offered for Products of comparable quality in the general area where produced and when run.

TX-767-002

(h) Lessor, at its sole option and discretion, may from time to time elect to take in kind and separately dispose of its royalty share of the gas for such periods of time as Lessor may designate in writing. In the event Lessor elects in writing to take and separately dispose of its royalty share of the gas, an appropriate gas balancing agreement shall be entered into between the parties. It is expressly agreed, however, that the inclusion of an option to permit Lessor to take its royalty gas in kind shall not modify or limit Lessee's duty to pay royalties as provided herein or to market the gas at such times, and from time to time, as Lessor does not choose to take and separately dispose of its royalty gas.

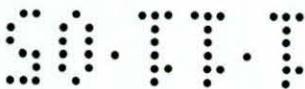

(i). Within 120 days following the first sale of oil or gas produced from the leased premises, settlement shall be made by Lessee or by its agent for royalties due hereunder with respect to such oil or gas sold off the premises, and such royalties shall be paid monthly thereafter without the necessity of Lessor executing a division or transfer order. If said initial royalty payment is not so made under the terms hereof, this lease shall terminate as of 7 a.m. the first day of the month following the expiration of said 120-day period. After said initial royalty payment, with respect to oil or gas produced during any month, if royalty is not paid hereunder on or before the last day of the second succeeding month, this lease shall terminate at midnight of such last day.

4. If actual drilling is not commenced on said land, or on land pooled therewith, on or before twelve (12) months from the date of this lease, this lease shall then terminate, unless on or before such anniversary date Lessee shall pay or tender to Lessor or to the credit of Lessor in Bank of America, N.A., P. O. Box 2546, Fort Worth, TX 76113-2546, which bank and its successors shall continue as the depository for all rentals payable hereunder, regardless of changes in ownership of delay rentals, the sum of This is a paid-up lease and all references to delay rentals should be disregarded (\$N/A) (hereinafter called "rental"), which shall cover the privilege of deferring commencement of actual drilling for a period of twelve (12) months. In like manner, and upon like payments or tenders, actual drilling may be further deferred for like periods of twelve (12) months each during the primary term. In the event a portion or portions of said land is pooled and unitized with other land to form a pooled unit or units or is included in a proration or production unit under the applicable rules and regulations of the appropriate state or federal governing body (hereinafter called "unit"), operation on or production from such unit or the payment of shut-in royalty as defined in paragraph 3(e) will maintain this lease in force only as to the land included in such unit. This lease may be maintained in force during the primary term as to any of said land covered hereunder and not included in such unit in any manner provided for herein, which will include but not be limited to, the payment of delay rentals pursuant to the provisions of this paragraph, however it is understood that such delay rental shall be reduced in proportion to the number of acres covered hereby and included in such unit or units. The payment or tender of rentals or shut-in royalties may be made by check of Lessee mailed or delivered to Lessor or to said bank on or before the date of payment. The bonus paid hereunder is consideration for this lease and shall not be allocated as mere rental for a period. Lessee may at any time execute and deliver to Lessor or to the depository named above, a release or releases covering any portion or portions of said land and thereby surrender this lease as to such portion or portions and be relieved of all obligations as to the acreage surrendered, and thereafter the rental and shut-in royalty payable hereunder shall be reduced in the proportion that the acreage covered hereby is reduced by said release or releases. Lessee agrees that if at any time the aforesaid delay rental is not paid on or before the date on which same is required to be paid under the terms of this lease, or if this lease terminates for any other reason, then in said event, Lessee shall promptly prepare and execute a recordable release instrument covering the land leased hereunder and shall forward same to Lessor.

5. Lessee is hereby granted the right to pool or combine the land covered by this lease, or any part or parts thereof, as to all strata or any stratum, with any other land, as to all strata or any stratum, for the production of oil or gas. Pooled units which do not include 100% of the herein leased premises shall be subject to the written approval of the Lessor, such approval shall not be unreasonably withheld. Pooling in one or more instances shall not exhaust the right of Lessee hereunder to pool this lease or portion thereof into other or different units. **As used in this Lease, the term "horizontal well" means one that meets the definition of a "horizontal drainhole well" under Statewide Rule 86 of the Texas Railroad Commission, and a "vertical well" is a well that is not a horizontal well. Horizontal units will hold the acreage specified in the applicable field or statewide rules plus the additional acreage listed in the tables in Rule 86. The additional acreage shall be in the form of a rectangle with its long dimension being equal in length to the "horizontal drainhole displacement" (as defined in Rule 86) with the horizontal drainhole being as nearly as practical along the center line of the long dimension of the rectangle.** Vertical units pooled for oil hereunder shall not exceed forty (40) acres each, and units pooled for gas hereunder shall not exceed six hundred forty (640) acres each, provided that if any federal or state law, executive order, rule or regulation shall prescribe a spacing pattern for the development of the field or allocate a producing allowable based in whole or in part on acreage per well, then any such unit may consist of that minimum number of additional acres which will permit the allocation to such unit and the well thereon of the maximum producing allowable. To effect a unit or units Lessee shall file a written unit designation and surveyor's plat outlining any such unit and describing the participating tracts in the county conveyance records in which the premises are located. A copy of the unit designation shall be furnished to Lessor within thirty (30) days after it is filed in the appropriate county records, and if Lessee fails to do so, such unit may be declared invalid by Lessor by an instrument filed in such county records. Drilling or reworking operations and production on any part of the pooled acreage shall be treated for all purposes hereof (except the payment of royalties on such production) as if such drilling or reworking operations were upon or such production was from the land described in this lease whether the well or wells be located on the land covered by this lease or not. For the purpose of computing the royalties and other payments out of production to which the owners of such interests shall be entitled on production of oil and gas, or either of them, from any such pooled unit, there shall be allocated to the land covered by this lease and included in such unit (or to each separate tract within the unit if this lease covers separate tracts within the unit) a pro rata portion of the oil and gas, or either of them, produced from the pooled unit after deducting that used for operations on the pooled unit. Such allocation shall be on an acreage basis; thus, there shall be allocated to the acreage covered by this lease and included in the pooled unit (or to each separate tract within the unit if this lease covers separate tracts within the unit) that pro rata portion of the oil and gas, or either of them, produced from the pooled unit which the number of surface acres covered by this lease (or in each such separate tract) and included in the unit bears to the total number of surface acres included in the pooled unit. Royalties hereunder shall be computed on the portion of such production whether it be oil and gas, or either of them so allocated to the land covered by this lease and included in the unit just as though such production were from such land. In the event only a part, or parts, of the land covered by this lease instrument is pooled or unitized with other land, or lands, so as to form a pooled unit, or units, operations on or production from such unit, or units, will maintain this lease in force only as to the land included in such unit, or units. This lease may be maintained in force as to any land covered hereby and not included in such unit or units in any manner provided for herein, provided that if it be by rental payments, rental payments shall be reduced in proportion to the number of acres covered hereby and included in such unit or units.

6. If, prior to discovery of oil or gas on said land or land pooled therewith, Lessee should drill and abandon a dry hole or holes thereon, or if, after discovery of oil or gas, the production thereof should cease from any cause, this lease shall not terminate if Lessee commences reworking or actual drilling within sixty (60) days thereafter, or, if it be within the primary term, commences or resumes the payment or tender of rentals or commences actual drilling or reworking on or before the rental paying date next ensuing after the expiration of sixty (60) days from date of completion and abandonment of said dry hole or holes or the cessation of production. If, at the expiration of the primary term, oil or gas is not being produced on said land or land pooled therewith and Lessee is then engaged in actual drilling or reworking of any well thereon, this lease shall remain in force so long as drilling or reworking is prosecuted with no cessation of more than sixty (60) consecutive days, and if such operation results in production, so long thereafter as oil or gas is produced in paying quantities from said land or land pooled therewith. In the event a well or wells producing oil or gas should be brought in on adjacent land within **three hundred thirty feet (330')** of the leased premises for an oil well or within **three hundred thirty feet (330')** of the leased premises for a gas well, Lessee agrees to commence the drilling of an offset well within 120 days or release that portion of the leased acreage that would be allocated to such well unit. If oil or gas is discovered on the land covered by this lease, or on land pooled therewith, Lessee agrees to further develop said land covered by this lease as a reasonably prudent operator would under the same or similar circumstances.

7. Lessee shall have free use of oil, gas and water from said land, except water from Lessor's wells, tanks, creeks, rivers, streams and springs, for all operations hereunder, provided that no surface water or underground fresh water will be used for water flood or pressure maintenance purposes. Lessee shall have the right at any time within 180 days after the expiration of this lease to remove all property and fixtures placed by Lessee on said land, including the right to draw and remove all casing except as to water wells in which Lessee shall have the right to remove all property and fixtures except casing and shall do nothing that will in any way damage said water well or prevent its future use by Lessor. Lessee will, at Lessor's request, remove the casing from and plug and abandon such water well at Lessee's sole expense. When required by Lessor, Lessee will bury all pipelines below ordinary plow depth, and no well shall be drilled within four hundred (400') feet of any residence or barn now on said land without Lessor's consent. Lessor shall have the privilege, at its risk and expense, of using gas from any gas well on said land for stoves and inside lights in the principal dwelling thereon, out of any surplus gas not needed for operations hereunder.

8. In the event Lessor owns all or any part of the surface estate, Lessee will so conduct its operations hereunder as not to interfere unreasonably with Lessor or its assigns in the use of the surface of the lands covered by this lease provided, that any use of the surface will require written consent of Lessor in advance. Lessor agrees that such consent will not be unreasonably withheld. Prior to any use of the surface, Lessee will present to Lessor a plat of the property showing the area proposed to be used and the type of use to be made. Within 30 days of the receipt of such notice, Lessor will either deliver written consent or propose a reasonable alternative area for such use. Lessee will provide at Lessee's expense all protective measures to prevent any loss or damage to the property of Lessor on account of any operations by Lessee. Lessee will pay for all damages to the surface of or crops or improvements on the leased lands or suffered by any tenant of Lessor and caused by or arising out of operations under this lease. Pits and excavations made during drilling operations or otherwise will be filled by Lessee and the surface restored, as nearly as reasonably possible, to its original condition; and if Lessee shall fail to do so, the cost to Lessor of such filling and restoration shall be paid by Lessee.

9. No assignment of this lease, or interest therein, may be made without written approval of the Lessor, such approval shall not be unreasonably withheld. Subject to the preceding condition, the provisions hereof shall extend to the heirs, executors, administrators, successors and assigns of Lessor and Lessee, but no change or division in ownership of the land, rentals, or royalties, however accomplished, shall operate to enlarge the obligations or diminish the rights of Lessee. No such change or division in the ownership of the land, rentals or royalties shall be binding upon Lessee for any purpose until Lessee shall have been furnished with the instrument or instruments, or certified copies thereof, evidencing such change or division. In the event of a permitted assignment of this lease as to a segregated portion of said land, the rentals payable hereunder shall be apportioned as between the several leasehold owners ratably according to the surface area owned by each, and default in rental payment by one shall not affect the rights of other leasehold owners hereunder, and liability for breach of any obligation hereunder shall rest exclusively upon the owner of this lease or a portion thereof who commits such breach.

10. Lessee shall not be liable for delays or defaults in its performance of any agreement or covenant hereunder due to force majeure, except any and all monetary payments due under the terms of this lease. The term "force majeure" as employed herein shall mean: any act of God including but not limited to storms, floods, washouts, landslides and lightning. If Lessee is required, ordered or directed by any federal, state or municipal law, executive order, rule or regulation enacted or promulgated under color of authority to cease drilling operations, reworking operations or producing operations on the land covered by this lease or if Lessee by operation of force majeure is prevented from conducting drilling operations, reworking operations or producing operations, then until such time as such law, order, rule, regulation, request or force majeure is terminated and for a period of sixty (60) days after such termination each and every provision of this lease or implied covenant arising thereunder that might operate to terminate it or the estate conveyed by it shall be suspended and inoperative and this lease shall continue in full force, provided, however, that in no event will the primary term be extended unless Lessee has begun the actual drilling of a well prior to the date of the expiration of the primary term.

11. If Lessor owns an interest in said land less than the entire and undivided fee simple estate therein, then the royalties and rental herein provided shall be paid the Lessor in the proportion which Lessor's interest bears to the entire and undivided fee simple estate therein.

12. Lessor herein executes and delivers this lease without warranty of title either express or implied. Lessee, at its option, 30 days after giving written notice to Lessor, may discharge any tax lien upon the interest herein leased; and, in the event Lessee does so, Lessee shall have the right to apply rentals and royalties accruing hereunder to reimburse such payment.

13. In the event this lease expires for any reason as to all or any portion of the land described in this lease, Lessee shall furnish Lessor promptly with a written, recordable release instrument covering all of the land as to which this lease has so expired.

14. Lessee shall advise Lessor in writing as to the location of each well drilled upon the premises, or on land pooled therewith, on or before seven (7) days after commencement of operations, and shall advise Lessor in writing as to the date of completion or abandonment of each well drilled within thirty (30) days after such completion or abandonment. Lessee agrees to furnish Lessor with all well drilling, completion and production data, reports, title opinions, logs, and information when specifically requested by the Lessor. Lessee agrees that immediately following this instrument being recorded in the county records where the leased premises are located that Lessee will provide Lessor with a copy of this fully recorded instrument as it appears in said records.

15. If Lessee has established production within the primary term on the leased premises, or lands pooled therewith, or has yet to establish production on the leased premises, or lands pooled therewith, at the end of the primary term but is engaged in drilling operations, completion or re-entry operations on the leased premises or on lands pooled therewith at the end of the primary term or, if lessee has yet to establish production on the leased premises, or lands pooled therewith, at the end of the primary term, but has plugged and abandoned a dry hole on the leased premises, or lands pooled therewith, within sixty (60) days prior to the end of the primary term, then the following continuous development schedule will apply:

- A. If Lessee has established production on the lease premises, or lands pooled therewith, prior to the end of the primary term and is producing oil or gas on such date (or has completed a gas well and has paid a shut-in royalty payment prior to the end of the primary term), lessee will hold the lease premises in its entirety as long as lessee drills additional wells every 180 days. Drilling operations must be commenced on the first such additional well on the leased premises, or lands pooled therewith, within 180 days after the end of the primary term. Thereafter, drilling operations on subsequent wells must be commenced within 180 days of the completion date (as defined below) of the prior well.
- B. If lessee has yet to establish production on the leased premises, or lands pooled therewith, at the end of the primary term but is engaged in drilling operations, completion or re-entry operations on the leased premises or on land pooled therewith at the end of the primary term, lessee will hold the lease premises in its entirety until the completion date for such well. Thereafter, lessee will hold the lease premises in its entirety as long as lessee drills additional wells every 180 days. Drilling operations must be commenced on the first such well on the leased premises, or lands pooled therewith, within 180 days of the completion date of the well that was being drilled, completed or re-entered as of the end of the primary term. Thereafter, drilling operations on subsequent wells must be commenced within 180 days of the completion date of the prior well.
- C. If lessee has yet to establish production on the leased premises or lands pooled therewith at the end of the primary term, but has plugged and abandoned a dry hole on the leased premises or land pooled therewith within sixty (60) days prior to the end of the primary term, lessee will hold the lease premises in its entirety as long as lessee drills additional wells on the lease premises, or land pooled therewith, every 180 days. Drilling operations must be commenced on the first such well on the leased premises, or lands pooled therewith, within 180 days of the end of the primary term. Thereafter, drilling operations on subsequent wells must be commenced within 180 days of the completion date of the prior well.

At the end of the later of the primary term or the continuous development provisions set forth above, Lessee shall select and designate a producing unit (as defined below) around and including each producing oil or gas well or drilling or reworking well, the area of such unit to be limited to and conform with the area provided for as defined below. As to each producing unit so designated, this lease shall continue in force so long as oil or gas is produced in paying quantities therefrom or so long as drilling or reworking operations are prosecuted thereon as provided in Paragraph 6 above. Lessee shall execute a release of this lease as to the balance of the land covered hereby that is not included in such producing unit(s). As to the producing unit(s), Lessee shall release this lease as to those depths below one hundred feet (100') below the base of the deepest producing formation.

In the absence of special field rules promulgated by the appropriate governing body of the state in which such acreage is located, the term "producing unit" as used herein means the following number of acres, depending on the depth to which the well has been drilled, and whether the well is an oil or gas well: (A) 40 acres for an oil well completed at any depth; (B) (i) 80 acres for a gas well completed at a depth of less than 2,000 feet subsurface;

(ii) 160 acres for a gas well completed at a depth of 2,000 feet subsurface to 6,000 feet subsurface; (iii) 320 acres for a gas well completed at a depth of 6,000 feet subsurface to 9,000 feet subsurface; (iv) 640 acres for a gas well completed at a depth greater than 9,000 feet subsurface. If a portion of Lessee's rights terminate as provided in this Paragraph, then Lessee shall designate in writing the acreage it is allowed to retain around each oil well and each gas well and such written designation shall be filed for record in the county in which such acreage is located. Lessee shall be entitled to designate the number of acres above specified in a form of this choosing so long as no side is more than twice as long as any other side.

For the purposes hereof, "commencement" of a well shall be that time in which new hole is being made below the cellar with rotary tools, and "completion" or "abandonment" shall occur on the earliest of: (1) official potential test, (2) plugging and abandonment, and (3) the lapse of 30 days without making new hole. Lessee shall promptly execute and record an appropriate release at the termination of all or part of this lease.

16. If Lessor files a legal action to enforce any express or implied obligation of this lease and receives a favorable judgment from a court of competent jurisdiction, then Lessee shall reimburse Lessor for all costs of such legal proceeding including reasonable attorney's fees.

17. Lessee shall conduct its operations in compliance of all applicable rules and regulations of any regulatory body having jurisdiction on such operations. Lessee agrees to indemnify, save and hold harmless Lessor and Bank of America, N.A. and its respective directors, officers, employees, and agents from and against all claims, damages, demands, losses, environmental liabilities and expenses (including attorneys' fees, court costs and other expenses of litigation) in any way arising out of or relating to Lessee's acts, omissions, performance or operations hereunder. This provision shall extend beyond termination of this agreement.

18. Parties in Interest. Lessee represents that he is not an officer, director, or employee of Bank of America Corporation, Bank of America, N.A., or any of its affiliates and/or subsidiaries, nor is Lessee acting on behalf of any such officer, director, or employee.

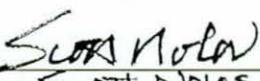

19. It is understood and agreed by Lessor and Lessee that if at any time while this lease is in force and effect, Lessee, or Lessee's agents should grant more favorable terms including, but not limited to, bonus, primary term, rental, or royalty, or any modification or enlargement of the provisions herein contained, to any owner or owners of the minerals in this tract, or owner(s) in any contiguous tract(s), of land who grant an oil, gas or mineral lease to Lessee, then Lessee, its agents or assignees obligate themselves to grant such favorable terms to Lessor herein within twenty (20) days from the granting of such more favorable terms to another owner or owners of the minerals underlying the premises herein leased, but retroactive to the date of this lease. Upon failure of the Lessee, its agents or assignees to grant such favorable terms to Lessor this lease shall terminate, and Lessee, its agents or assignees shall immediately grant to Lessor a recordable release of this Lease.

Executed on the date first above written.

MEMORANDUM OF OIL AND GAS LEASE

STATE OF TEXAS §
§
COUNTY OF TARRANT §

KNOW ALL MEN BY THESE PRESENTS:

This Memorandum, dated this 4th day of March, is executed by and among **GEORGE ANN CARTER MINERAL TRUST AGENCY, BANK ONE, N.A. AGENT**, whose address is P.O. Box 2605, Fort Worth, Texas 76113, as Lessor, and **MEREKEN ENERGY CORP.**, whose address is 777 Taylor Street, Suite 1126, Ft. Worth, Texas 76102, as Lessee.

WITNESSETH

Lessor, for good and valuable consideration, has executed a certain Oil and Gas Lease executed the 4th day of March, 2004, (the Lease) whereby Lessor granted to Lessee certain rights covering mineral interests in 190.86 acres, more or less, located in Tarrant County, Texas, (the Lands), described as follows:

A parcel of land out of Blocks 1, 2, 13 & 14, Shelby County School Land Survey, Abstract No. 1875, Tarrant County, Texas as described in a deed dated February 2, 1961 from Amon G. Carter Foundation et al to Amon G. Carter Jr., recorded in volume 3587 page 313 of the Deed Records of Tarrant County, Texas, and being approximately 202.48 acres, SAVE AND EXCEPT approximately 11.617 acres of land described in a Dedication Deed to the City of Fort Worth, dated July 29, 1994 and being for right-of-way to Campus Drive.

The Lease grants Lessee the exclusive rights to explore for, drill for, produce and market oil, gas, and other hydrocarbons from the Lands during the term of the Lease and, the right of ingress and egress through, on, over and across the Lands.

The Lease, with all of its terms, covenants, and other provisions, is referred to and incorporated into this Memorandum for all purposes. This Memorandum of Oil and Gas Lease is executed by Lessor and Lessee and placed of record for the purpose of placing all persons on notice of the existence of the Lease.

IN WITNESS WHEREOF, this Memorandum of Oil and Gas Lease has been executed as of the date first written above, but is effective for all purposes of the date of the Lease stated above.

OIL AND GAS LEASE
PAID UP

COPY

THIS AGREEMENT, made and entered into this ^{4th} day of March, 2004, by and between the undersigned parties designated as Lessor on the signature page of this Lease (such parties are hereafter called "Lessor") and the undersigned parties designated as Lessee on the signature page of this Lease (such parties are hereafter called "Lessee").

1. Grant of Interest/Description. Lessor, in consideration of a cash bonus in hand paid, of the royalties herein provided, and of the agreements of Lessee hereinafter contained, hereby grants, leases, and lets exclusively unto Lessee for the sole purpose of exploring for, drilling, operating, and producing oil and/or gas and of laying pipelines, temporarily storing oil, building tanks (but not tank farms), power stations, telephone lines, roads and structures thereon necessary to produce, save, care for, treat and transport the oil and/or gas produced from the land leased hereunder, the following described land situated in Tarrant County, State of Texas, (sometimes referred to hereinafter as the "leased premises") to wit:

A parcel of land out of Blocks 1, 2, 13 & 14, Shelby County School Land Survey, Abstract No. 1375, Tarrant County, Texas as described in a deed dated February 2, 1961 from Amon G. Carter Foundation et al to Amon G. Carter Jr., recorded in volume 3587, page 313 of the Deed Records of Tarrant County, Texas, and being approximately 202.48 acres, SAVE AND EXCEPT approximately 11.617 acres of land described in a Dedication Deed to the City of Fort Worth, dated July 29, 1994 and being for right-of-way fo Campus Drive.

For the purposes of calculating any delay rental or shut-in royalty payments as provided herein, the leased premises shall be deemed to contain 190.86 acres, regardless of whether it actually contains more or less.

2. Term. Subject to the provisions hereinafter contained, this Lease shall be for a term of 3 years from this date (called "primary term"), and so long thereafter as oil and gas, or either of them, is produced in paying quantities from the leased premises or lands with which the leased premises are pooled pursuant to the provisions of this Lease, or operations are conducted as hereinafter provided. Upon the termination or any partial termination of this Lease, Lessee shall prepare, execute and deliver to Lessor a recordable release of such acreage in accordance with Section 21 of this Lease.

At the expiration of the primary term, this Lease shall automatically terminate as to all lands except those included in a governmental proration unit attributable to a well then producing oil and/or gas in paying quantities unless operations are then being conducted in accordance with the Continuous Development provisions of Section 4 below or the Additional Drilling or Reworking provisions of Section 5 below, in which case the terms of Sections 4 and 5 shall control.

If at the expiration of one (1) year after the end of the primary term, this Lease is perpetuated by production of oil and/or gas in paying quantities, then, with respect to each governmental proration unit on the leased premises or lands pooled therewith, this Lease shall automatically terminate as to all rights granted by this Lease below 100 feet below the deepest depth from which oil and/or gas is then being produced. Provided, however, if at the expiration of one (1) year after the end of the primary term, Lessee is engaged in drilling an additional well or wells pursuant to the provisions of Section 4 of this Lease, then this Lease shall not terminate with respect to the depths described in this paragraph so long as development continues in accordance with the terms of Section 4 of this Lease. Furthermore, if at the expiration of one (1) year after the end of the primary term, Lessee is engaged in deepening an existing well, then for purposes of this paragraph only, the deepening of an existing well will be considered a continuous development operation under Section 4 of this Lease, and so long as Lessee continues developing the leased premises in accordance with the terms of Section 4, the rights to the depths described in this paragraph will not terminate.

If at any time after the expiration of the primary term, any governmental proration unit assigned to a well should be reduced in size, then the Lessee shall have sixty (60) days to commence the drilling of another well or wells as described in Section 4 of this Lease, or this Lease shall automatically terminate with regard to the acreage no longer contained within the applicable proration unit. If at any time after one (1) year after the expiration of the primary term, should the deepest producing horizon attributable to any governmental proration unit on this Lease cease to produce, then Lessee shall have sixty (60) days to begin either deepening that well or commencing the drilling of another well or wells on that proration unit in accordance with the provisions of Section 4 of this Lease, or this Lease, insofar as it covers such proration unit, shall automatically terminate with regard to all depths below 100 feet below the deepest depth from which oil and/or gas is then being produced.

To the extent that any part of this Lease remains in effect, then Lessee shall retain such easements across the terminated portions of the Lease as shall be reasonably necessary for ingress and egress to enable Lessee to develop and operate the remaining portion of this Lease. Lessee shall not be required to remove or relocate any pipelines, tanks, separators, or other equipment or machinery used in connection with production on the portion of this Lease that remains in effect.

3. Delay Rentals. If actual drilling is not commenced on the leased premises or on any lands pooled therewith on or before twelve (12) months from the date of this Lease, this Lease shall automatically terminate, unless on or before such anniversary date Lessee shall pay to Lessor or to the credit of Lessor at Bank One, Texas, N.A., the sum of Paid Up DOLLARS (\$ Paid Up) (hereinafter called "rental") which shall cover the privilege of deferring commencement of drilling operations for a period of twelve (12) months. In like manner, and upon like payments annually, the commencement of drilling operations may be further deferred for successive periods of twelve (12) months each during the primary term. The payment of rentals may be made by the check of Lessee delivered to Lessor or to said bank on or before such date of payment. If the rental is not paid on or before the date it is due, then this Lease will automatically terminate. Upon termination, Lessee shall prepare, execute and deliver to Lessor a recordable release covering the leased premises in accordance with Section 21 of this Lease. Lessee may at any time or times execute and deliver to Lessor or to the depository above, a release or releases of this Lease as to all or any part of the leased premises, and thereby be relieved of all obligations as to the released land or interest, except for the indemnification obligations described in Sections 22 and 26 and the plugging obligations in Section 28 of this Lease. If a portion of the lands covered by this Lease is released, the rentals and shut-in royalty payments computed in accordance therewith shall be reduced by the proportion that the number of surface acres within such released portion bears to the total number of surface acres which were covered by this Lease immediately prior to such release. The bonus paid hereunder is consideration for this Lease and not rental for a period.

4. Continuous Development. Upon the completion of any well as a well capable of producing oil or gas in paying quantities or as a dry hole (completion being the release of the completion rig, or if the well is a dry hole, the release of the drilling rig), Lessee shall, within one hundred twenty (120) days thereafter, commence the drilling of another well or wells on the leased premises (commencement being the actual spudding of the succeeding well), or, if it be within the primary term, Lessee shall commence or resume the payment of delay rentals for all acreage not otherwise being maintained under the provisions of this Lease, within one hundred twenty (120) days from the date of completion and abandonment of said dry hole or holes or the cessation of production. Failure to commence such additional well or wells within the time herein provided, or failure to resume the payment of delay rentals within the time herein provided, shall terminate this Lease ipso facto as to all lands except those included within the surface boundaries of any governmental proration unit otherwise being maintained under the provisions of this Lease. Nothing herein shall be construed to limit or modify Lessee's obligation to drill any offset wells provided for herein.

5. Additional Drilling or Reworking. If, at the expiration of the primary term, oil and/or gas are being produced in paying quantities, but production thereafter ceases from any cause, this Lease shall not terminate as to the governmental proration unit attributable to the well or wells affected thereby if Lessee commences reworking or additional actual drilling within sixty (60) days thereafter, and such reworking or additional drilling is diligently prosecuted with no cessation of more than sixty (60) consecutive days, and production in paying quantities thereafter resumes.

If, at the expiration of the primary term oil and/or gas are not then being produced from any well or wells on the leased premises or any lands pooled therewith, but Lessee is then engaged in operations (as defined hereinafter) on any such well or wells, this Lease shall remain in force for so long as such operations are diligently prosecuted with no cessation of more than sixty (60) consecutive days between such cessation and the resumption of such operations. If such operations result in the production of oil or gas in paying quantities, this Lease shall not terminate as to the governmental proration unit attributable to the well or wells then producing oil or gas in such quantities; but this Lease shall terminate as to all other acreage unless Lessee shall have commenced drilling a new well or wells in accordance with the Continuous Development provisions of Section 4 of this Lease.

50111

TX-767.001

Wherever used in this Lease the word "operations" shall mean operations for and any of the following: actual drilling, testing, completing, sidetracking, reworking, recompleting, deepening, plugging back or repairing of a well in search for or in an endeavor to obtain production of oil or gas in paying quantities.

6. Royalties. As royalty, Lessee covenants and agrees :

A. Oil To deliver free of cost to Lessor at the wells or to the credit of Lessor at the pipeline to which the wells may be connected, 22% of all oil and other liquid hydrocarbons (recovered or separated on the leased premises) produced and saved from the leased premises or lands pooled therewith; or, at the Lessor's option, which may be exercised from time to time, Lessee shall pay to Lessor the same percentage of the market value at the well for such oil and other liquid hydrocarbons of like grade and gravity prevailing in the area on the day such oil and other hydrocarbons are run from the lease stock tanks in the field, which means the general area in which the land covered by this Lease is located; provided however, there shall be no deduction from the value of Lessor's royalty by reason of any processing, treatment, trucking, transportation or other cost to market such oil and other liquid hydrocarbons.

B. Gas To pay the Lessor:

i) On gas produced from the leased premises or lands pooled therewith which is processed in a processing plant in which Lessee or any parent or subsidiary of Lessee has a direct or indirect interest, Lessor shall receive the higher of a) 22% of the market value of such gas at the inlet to the processing plant, or b) 22% of the market value of all processed liquids saved from said gas at the plant, plus 22% of the market value of all residue gas at the point of sale, use or other disposition.

ii) On gas produced from the leased premises or lands pooled therewith, which is processed in facilities other than a processing plant in which Lessee or any parent or subsidiary of Lessee has a direct or indirect interest, Lessor shall receive 22% of the market value at the plant of all processed liquids credited to the account of Lessee and attributable to such gas, plus 22% of the market value of all residue gas at the point of sale, use or other disposition.

iii) On all gas produced from the leased premises or lands pooled therewith, and sold by Lessee or used on or off the leased premises, but not including gas reinjected under a pressure maintenance program, and to which the preceding subparagraphs (i) and (ii) above do not apply, Lessor shall receive 22% of the market value at the point of sale, use or other disposition of all such gas. On any gas paid for but not taken pursuant to a gas contract containing a take-or-pay clause or similar provision, Lessor shall receive its proportionate share of such payment; provided, however, if such gas is subsequently taken, Lessor shall only receive its proportionate share of any payments made for make-up gas taken pursuant to such take-or-pay clause or similar provision.

C. The market value of all gas shall be determined at the specified location and by reference to the gross heating value (measured in British thermal units) and quality of the gas. The market value used in the calculation of all royalty under this Lease shall never be less than the total proceeds received by Lessee in connection with the sale, use or other disposition of oil or gas produced or sold from the leased premises. If Lessee receives from a purchaser of oil or gas any reimbursement for all or any part of severance or production taxes, the proportionate part of such reimbursement amount shall be added to the total proceeds received by Lessee for purposes of this subsection. If Lessee realizes proceeds of production after deduction for any expenses of production, gathering, dehydration, separation, compression, transportation, treatment, processing, storage or marketing, then the proportionate part of such deductions shall be added to the total proceeds received by Lessee for purposes of this subparagraph.

D. Notwithstanding anything to the contrary, Lessor's royalty shall never bear, either directly or indirectly, any part of the costs or expenses of production, separation, gathering, dehydration, compression, transportation, trucking, processing, treatment, storage or marketing of the oil or gas produced from the leased premises or lands pooled therewith, nor any part of the costs of construction, operation or depreciation of any plant or other facilities or equipment used in the handling of oil or gas produced from the leased premises or lands pooled therewith. Royalty shall be payable on oil, gas and other products produced from the leased premises or lands pooled therewith and consumed by Lessee on the leased premises or lands pooled therewith, whether for compression, dehydration, fuel or other uses, but not including gas reinjected under a pressure maintenance program.

E. If the gas produced from the leased premises is sold by Lessee pursuant to an arms-length contract with a purchaser which is not an affiliate of Lessee, and the contract provides for (i) net proceeds to be paid to Lessee which equal or exceed the market value of the gas at the point of delivery to such purchaser at the time such contract is entered into, and (ii) a term no longer than that which is usual and customary in the industry at the time the contract is made, then the market value of the gas sold pursuant to such contract shall be the total proceeds received by Lessee in such sale, subject to the provisions of Subsection 6(C) above. "Affiliate" as herein used means (i) another corporation, joint venture, partnership, or other entity which owns more than ten percent (10%) of the outstanding voting securities or interest of Lessee or in which Lessee owns more than ten percent (10%) of the outstanding voting securities or interest; or (ii) another corporation, joint venture, partnership, or other entity in which, together with Lessee, more than ten percent (10%) of the outstanding voting securities or interest of both Lessee and such other corporation, joint venture, partnership, or other entity are owned or controlled by the same persons or group of persons.

F. Notwithstanding the above provisions, if either oil or gas is sold by the first purchaser to a third party and title to such oil or gas passes to such third party in the county where the land covered by this lease is located, the royalties received by Lessor shall be the higher of the amount Lessor would otherwise receive under the formula set forth above or the price which such third party pays the first purchaser for the oil and gas produced.

7. Payment of Royalties. With respect to each well on the leased premises or on land pooled therewith, initial royalty payments for oil and/or gas shall be made on or before the end of the third calendar month following the month of first production. Thereafter, all royalties which are required to be paid hereunder to Lessor shall be due and payable in the following manner: Royalty on oil shall be due and payable on or before the end of the first calendar month following the month of production, and royalty on gas shall be due and payable on or before the end of the second calendar month following the month of production. Each royalty payment shall be accompanied by a check stub, schedule, summary or remittance advice identifying the Lease and showing the gross amount and disposition of all oil and gas produced and the market value of the oil and gas. A copy of all contracts under which gas is sold or processed and all subsequent agreements and amendments to such contracts shall be delivered to Lessor within thirty (30) days after entering into or making such contracts, agreements or amendments. The books, accounts and all other records pertaining to production, transportation, sale and marketing of oil or gas from the leased premises shall at any time during normal business hours be subject to inspection and examination by Lessor. If payments to be made by Lessee to Lessor are not made when due for whatever reason, the unpaid portion shall bear interest at the lower of the prime rate at Bank One, N.A. plus 2%, or the highest rate allowed by law. If Lessee is in default hereunder and this matter is turned over to an attorney for collection, or is collected by suit, Lessee agrees to pay all attorney fees incurred by Lessor. Payments may be remitted to Lessor annually for the aggregate of up to twelve months' accumulation of proceeds if the total amount owed is \$25.00 or less.

8. Limitation to Oil and Gas. This Lease is intended to cover only oil and gas, but some other substances (including helium and sulphur) may be produced necessarily with and incidental to the production of oil or gas from the leased premises; and, in such event, this Lease shall also cover all such other substances so produced. On all such substances so produced under and by virtue of the terms of this Lease, Lessor shall receive a royalty of 22% of all such substances so produced and saved, same to be delivered to Lessor, free of all costs; or, at Lessor's election, Lessor's 22% of such substances shall be sold by Lessee with Lessee's portion of such substances and at the same profit realized by Lessee for its portion of such substances.

9. Gas Contracts. Lessee agrees that it will not enter into any contracts for the sale of production from this Lease which shall extend more than three (3) years from the effective date of such contract, unless such contract has adequate provisions for redetermination of price at least every three (3) years to assure the production from this Lease is not being sold for less than the then current fair market value of the production being sold.

10. Separation of Liquids. All gas produced from the leased premises or lands pooled therewith shall, before the same is sold or used for any purpose or is transported from the leased premises or pooled unit, be passed through a mechanical separator system situated on the leased premises or on any lands pooled therewith, designed and operated to effect the maximum economical recovery of liquid hydrocarbons therefrom. All condensate, distillate, natural gasoline, kerosene, and all other liquid hydrocarbons and mixtures thereof produced with gas from

the leased premises or lands pooled therewith and separated from such shall be considered oil for all purposes of Subsection 6(A) above.

11. Right to Take Production in Kind. Lessor shall always have the right, at any time and from time to time, upon reasonable written notice to Lessee, to take Lessor's share of oil, gas and processed liquids in kind. Lessor may elect to take Lessor's gas in kind at the well, or at the point of delivery where Lessee delivers Lessee's gas to any third party. If gas is processed, Lessor may elect to take Lessor's share of the residue gas attributable to production from the leased premises, at the same point of delivery where Lessee receives its share of residue gas or has its share of residue gas delivered to a third party. Lessor may elect to have its royalty share of processed liquids stored in tanks at the plant or delivered into pipelines on the same basis as Lessee's share of liquids is stored or delivered. Lessor shall reimburse Lessee for all reasonable costs incurred by Lessee in installing, operating or maintaining additional facilities necessary for Lessor's royalty gas and processed liquids to be separately metered, accounted for, and delivered to a third party, but Lessor shall not be charged for any expense in the production, gathering, dehydration, separation, compression, transportation, treatment, processing or storage of Lessor's share of gas and processed liquids along with Lessee's share of gas and processed liquids.

12. Shut-in Payments. While there is a well on the leased premises or lands pooled therewith capable of producing gas in paying quantities but the production thereof is shut-in, shut-down or suspended for lack of a market, available pipeline, or because of government restrictions or, if it is economically inadvisable for both the Lessor and Lessee to sell gas for a time as evidenced by a written agreement signed by both parties, then, and in any such event, Lessee may pay as shut-in royalty on or before ninety (90) days after the date on which (1) production from any such well is shut-in, shut-down or suspended; or (2) this Lease is no longer maintained by compliance with one of the other preservation provisions hereof, whichever is the later date, and thereafter at annual intervals the sum of Ten Dollars (\$10.00) per net mineral acre per proration unit per well, or Fifty Dollars (\$50.00) per well whichever is greater, for each and every shut-in, shut-down or suspended well. If such payment is made in accordance with the terms hereof, this Lease shall not terminate, but shall continue in force for a period of one (1) year from the date of making such shut-in payment (subject to the exceptions set out hereafter) and it will be considered that gas is being produced from the leased premises in paying quantities within the meaning of each pertinent provision of this Lease, it being understood and agreed that such payment shall be in lieu of and excuse the payment of the annual delay rentals which may have otherwise accrued and become payable under the terms and provisions hereof. Provided, however, in no event shall shut-in well payments maintain this Lease in force for a period exceeding two (2) years past the date of the first shut-in period, or two (2) years past the primary term of this lease, whichever is longer. The depository bank for shut-in payments is Bank One, N.A. P.O. Box 2605, Fort Worth, Texas 76113. Any shut-in royalty payment shall not be a credit against production nor be credited with prior production royalty. In the event that production is begun or resumed during the year following the payment of a shut-in royalty payment and is subsequently shut-in, during such year the second annual shut-in payment shall be due and payable on the anniversary date of the first payment. If there is production on such first anniversary date and the well is subsequently shut-in, shut-down or suspended, then the second shut-in payment shall be made on or before ninety (90) days after such new shut-in date or the Lease shall terminate. Notwithstanding anything to the contrary set out above, should the shut-in period extend beyond the expiration of the primary term such shut-in provision will maintain the rights granted by this Lease only to the producing units and horizons of such gas well(s) as if they were producing gas in paying quantities pursuant to Section 2 above. Should such shut-in royalty payments not be made in a timely manner as provided for above, then, in that event, it shall be considered for all purposes that there is no production of gas from any such well or wells and, unless this Lease is being maintained by any other preservation provision hereof, this Lease shall terminate automatically at midnight on the last day provided for the payment of such shut-in royalties, and Lessee shall thereupon furnish to Lessor a release of all of its interest in and to this Lease as provided in Section 21. Notwithstanding anything to the contrary set out above, should Lessee be entitled to pay shut-in royalty payments on more than one well or unit on or pooled with this Lease, then Lessee's failure to make such shut-in royalty payment on one well or unit for which Lessee has not executed a release in accordance with the terms of Section 21 of this Lease, shall be deemed a failure to timely make all shut-in royalty payments permitted hereunder and this Lease shall automatically terminate except as to all or any portion of this Lease which is maintained by any other provision hereof.

13. Pooling. Lessee, upon the prior written consent of Lessor which shall not be unreasonably withheld, is hereby given the right and power to pool or combine the acreage covered by this Lease or any portion thereof as to oil and gas, or either of them, with any other land covered by this lease, and/or with any other land, lease or leases in the immediate vicinity thereof to the extent hereinafter stipulated, when it is necessary or advisable to do so in order to properly explore, or develop, produce and operate said leased premises in compliance with the spacing rules of the appropriate lawful authority, or when to do so would promote the conservation of oil and gas in and under and that may be produced from said premises. In the absence of field rules, units pooled for oil hereunder shall not substantially exceed 40 acres each in area plus a tolerance of ten percent (10%) thereof, and units pooled for gas hereunder shall not substantially exceed in area 160 acres each plus a tolerance of ten percent (10%) thereof, provided that should governmental authority having jurisdiction prescribe the creation of units larger than those specified, for the drilling or operations of a well at a regular location or for obtaining maximum allowable from any well to be drilled, drilling or already drilled, units thereafter created may conform substantially in size with those prescribed by governmental regulations. Lessee under the provisions hereof may pool or combine acreage covered by this Lease or any portion thereof as above provided as to oil in any one or more strata and as to gas in any one or more strata. The units formed by pooling as to any stratum or strata need not conform in size or area with the unit or units into which the lease is pooled or combined as to any other stratum or strata, and oil units need not conform as to area with gas units. The pooling in one or more instances shall not exhaust the rights of the Lessee hereunder to pool this Lease or portions thereof into other units. Lessee shall file for record in the appropriate records of the county in which the leased premises are situated an instrument describing the pooled acreage as a pooled unit. In this regard, Lessee shall provide Lessor with a copy of any and all documents filed with any regulatory authority or recorded in the records of any county within thirty (30) days of filing such documents. Upon the recordation of the unit in the county records and the timely furnishing of the copies required herein to Lessor the unit shall be effective as to all parties hereto, their heirs, successors, and assigns, irrespective of whether or not the unit is likewise effective as to all other owners of surface, mineral, royalty or other rights in land included in such unit. Lessee may at its election exercise its pooling option before or after commencing operations for or completing an oil or gas well on the leased premises, and the pooled unit may include, but it is not required to include, land or leases upon which a well capable of producing oil or gas in paying quantities has theretofore been completed or upon which operations for the drilling of a well for oil or gas have theretofore been commenced. In the event of operations for drilling on or production of oil or gas from any part of a pooled unit which includes all or a portion of the land covered by this Lease, such operations shall be considered as operations for drilling on or production of oil and gas from land covered by this Lease whether or not the well or wells be located on the premises covered by this Lease and in such event operations for drilling shall be deemed to have been commenced on said land within the meaning of this Lease. For the purpose of computing the royalties to which owners of royalties and payments out of production and each of them shall be entitled on production of oil and gas, or either of them, there shall be allocated to the land covered by this Lease and included in said unit (or to each separate tract within the unit if this Lease covers separate tracts within the unit) a pro rata portion of the oil and gas, or either of them, produced from the pooled unit. Royalties hereunder shall be computed on the portion of such production, whether it be on oil and gas, or either of them, so allocated to the land covered by this Lease and included in the unit just as though such production were from such land. The production from an oil well will be considered as production from this Lease or oil pooled unit from which it is producing and not as production from a gas pooled unit; and production from a gas well will be considered as production from this Lease or gas pooled unit from which it is producing and not from an oil pooled unit. The formation of any unit hereunder shall not have the effect of changing the ownership of any delay rental or shut-in production royalty which may become payable under this Lease. If this Lease now or hereafter covers separate tracts, no pooling or unitization of royalty interest as between any such separate tracts is intended or shall be implied or result merely from the inclusion of such separate tracts within this Lease but Lessee shall nevertheless have the right to pool as provided above with consequent allocation of production as provided above. As used in this paragraph, the words "separate tract" mean any tract with royalty ownership differing, now or hereafter, either as to parties or amounts, from that as to any other part of the leased premises.

14. Assignability. The rights of either party hereunder may be assigned in whole or in part and the provisions hereof shall extend to the heirs, executors, administrators, successors and assigns of the parties hereto; provided, however, that any such assignment by Lessee shall require the prior written consent of Lessor, which consent shall not be unreasonably withheld. Lessor's consent to any assignment shall not constitute consent to any other assignment. Any assignment made without Lessor's consent shall be void and shall constitute a material breach of this Lease. Lessee shall furnish Lessor a copy of any assignment made pursuant to this section, with the recording data reflected thereon (if recorded). Assignment of this Lease or any part thereof shall not relieve Lessee, its assignees, or any subassignees of any obligations hereunder, theretofore accrued or to accrue in the future; and any assignee of Lessee shall, by acceptance of such assignment, be bound by all terms and provisions hereof. The term "assignment" as used herein, shall include, without limitation, any sublease, farmout, operating agreement, pooling agreement, unitization agreement, or any other agreement by which any share of the operating rights granted by this Lease are assigned or conveyed, or agreed to be assigned or conveyed, to any other party. If Lessee fails to furnish Lessor a copy of any assignment complying with the requirements of this section within thirty (30) days after Lessor's demand therefore, then Lessee shall pay Lessor an amount equal to Five Dollars (\$5.00) per acre per day for each acre of the leased premises that has been assigned, beginning with the 30th day after the date of Lessor's request and continuing until such assignment has been executed and delivered to Lessor. It is agreed that actual damages to Lessor for Lessee's failure to deliver such assignment are difficult to ascertain with any certainty, and that the payments herein provided are a

reasonable estimate of such damages and shall be considered liquidated damages and not a penalty.

No change or division in ownership of the leased premises, rentals or royalties however accomplished shall operate to enlarge the obligations or diminish the rights of Lessee, nor shall any such change or division be binding upon Lessee for any purpose until the person acquiring any interest has furnished Lessee with a certified copy of the instrument or instruments constituting his chain of title from Lessor. In the event of an assignment of this Lease to a segregated portion of the leased premises, the delay rentals payable hereunder shall be apportioned as between the several leasehold owners ratably according to the surface area owned by each. If Lessee or any assignee of a segregated part or parts hereof shall fail or make default in the payment of the proportionate part of the delay rentals due from such Lessee or assignee or fail to comply with any other provision of the lease, such default shall not affect this Lease insofar as it covers a part of said lands upon which Lessee or any assignee thereof shall make payment of said delay rental and comply with all other provisions hereof.

15. Duty to Develop. The drilling of a well or wells within the broad language of this Lease shall not be construed as an agreement or construction on the part of Lessor that such drilling would constitute reasonable development of the leased premises, and Lessee agrees to drill any and all wells on the leased premises, or such portion or portions thereof as may be in force from time to time, as may be necessary to reasonably explore and develop the same for the production of oil and gas. In the event a well or wells producing oil or gas should be brought in on adjacent land and draining the leased premises, Lessee agrees to drill such offset wells as a reasonable prudent operator would drill under the same or similar circumstances. If oil and/or gas are discovered on the land covered by this Lease, or on land pooled therewith, Lessee agrees to further develop said land covered by this Lease as a reasonable prudent operator would under the same or similar circumstances.

~~16. Damages and Restoration. If Lessor is also the owner of the surface, then Lessee shall pay Lessor for all damages and losses caused by operations hereunder to timber, permanent pastures, livestock, growing crops, fences, water and irrigation wells, including but not limited to damages for roads, locations, pipelines, etc. on or across the lands and to any physical structures on the land caused by any and all operations under this Lease. Damages will be the greater of the market value or replacement cost of the item diminished or destroyed or the normal amount for damages in the area for like items. Lessee will restore the land to its former condition as nearly as possible after the completion and after the plugging and abandonment of each well, and after the abandonment of this Lease. In addition, and not in lieu of recompense provided elsewhere in this Section 16, at least ten (10) days prior to the drilling of any well on the leased premises, Lessee shall pay Lessor \$ Negotiable for every well location. (At least ten (10) days prior to any road or pipeline construction, Lessee shall pay Lessor \$ Negotiable per rod of such road or pipeline.)~~

17. Water. Lessee shall have the free use of water from the leased premises except fresh water from Lessor's wells, tanks, creeks, rivers, streams and springs, for all operations solely on the leased premises, provided that no surface water or underground fresh water from this Lease will be used for water flood or pressure maintenance purposes. Lessee shall comply with all applicable rules in disposition (by reinjection or otherwise) of salt water, brine or other fluids utilized in or resulting from operations, and shall not cause or permit any such substances to damage or pollute the surface of the leased premises or any fresh water sands lying thereunder.

18. Division Order Title Opinions. If a well is a producer, Lessee shall automatically deliver to Lessor a copy of any Division Order title opinions and any revisions or supplements thereto within thirty (30) days of receipt of same by Lessee.

19. Notifications Required. Lessee shall advise Lessor in writing of the location of each well to be drilled upon the leased premises or on land pooled therewith on or before seven (7) days after commencement of operations, and shall advise Lessor in writing the date of completion and/or abandonment of each well drilled on the leased premises or on land pooled therewith (such notice shall include furnishing Lessor a copy of the applicable completion or plugging report filed with any governmental or regulatory agency) within thirty (30) days after completion or abandonment. As to any well drilled under the provisions of this Lease, Lessor, or Lessor's representatives, or any one or more of the same, shall have access to such well and upon request shall be furnished with copies of daily drilling reports. Such reports and information shall be furnished within seven (7) days after the same are obtained or compiled by Lessee. In addition, Lessee shall upon written request furnish Lessor within thirty (30) days from the date of the request or thirty (30) days from the date that the data is received by Lessee:

A. Plats or maps showing the location of the well on this Lease or lands pooled therewith.

B. The details of any drillstem tests taken in said well, and the results of any core analysis or analyses which shall be run on any cores taken while drilling said well.

C. Upon commencement of any drilling or reworking operations on this Lease or lands pooled therewith with copies of all reports filed with the appropriate governmental authority or other governmental agency having jurisdiction in connection with such operation.

D. Upon completion of any drilling or reworking operations on this Lease or lands pooled therewith, with copies of all logs run in such well and copies of core or other type of formation analysis subject to a confidentiality obligation on Lessor's part if filed as confidential with the appropriate governmental authority.

E. A summary report, to be made annually on the anniversary date of this Lease and commencing upon the expiration of the primary term of this Lease, to include (1) lease number assigned by the Railroad Commission; (2) on the reporting date the number of producing wells and the number of wells not producing but not plugged; (3) the number of wells that were plugged during the previous twelve (12) months, and (4) a map denoting the location of each of these wells on the leased premises.

F. It is understood and agreed that all information provided Lessor herein is proprietary and is to be held in confidence. If Lessee fails to comply with any of the provisions of this Section 19, then Lessee shall pay Lessor an amount equal to fifty dollars (\$50.00) per day for each day such failure continues. It is agreed that actual damages to Lessor for Lessee's failure to comply with the provisions of this Section 19 are difficult to ascertain with any certainty, and that the payments herein provided are a reasonable estimate of such damages and shall be considered liquidated damages and not a penalty.

20. Force Majeure. Lessee shall not be liable for delays or defaults in its performance of any agreement or covenant hereunder due to force majeure. The term "force majeure" shall mean: Any act of God including but not limited to storms, floods, washouts, landslides, and lightning; act of the public enemy; wars, blockades, insurrection or riots; strikes or lockouts; epidemics or quarantine regulations; laws, acts, orders or requests of Federal, State, Municipal or other governments or governmental officers or agents under the color of authority requiring, ordering or directing Lessee to cease drilling, reworking or producing operations; freight embargoes or failures; exhaustion or unavailability or delays in delivery of any product, labor, service or material. The term "force majeure" shall not include lack of markets for production or any other events affecting only the economic or financial aspects of drilling, development or production. For a period of sixty (60) days after termination of an event of force majeure, each and every provision of this Lease that might operate to terminate it or the estate conveyed by it shall be suspended and inoperative and this Lease shall continue in full force, provided, however, that in no event will the primary term be extended unless Lessee has begun the actual drilling of a well prior to the date of the expiration of the primary term.

21. Releases Required. Within thirty (30) days after the partial termination of this Lease as provided under any of the terms and provisions of this Lease, Lessee shall deliver to Lessor a plat showing the production units designated by Lessee, copies of logs showing depths to be retained within each unit, and a fully executed, recordable release properly describing by metes and bounds the lands and depths to be retained by Lessee around each producing well. If this Lease terminates in its entirety, then Lessee shall deliver a complete, fully executed, recordable release to Lessor within thirty (30) days. If such release complies with the requirements of this section, Lessor shall record such release. If Lessee fails to deliver a release complying with the requirements of this section within thirty (30) days after Lessor's demand therefore, then Lessee shall pay Lessor an amount equal to Five Dollars (\$5.00) per acre per day for each acre of the leased premises that should have been released, beginning with the 30th day after the date of Lessor's request and continuing until such release has been executed and delivered to Lessor. It is agreed that actual damages to Lessor for Lessee's failure to deliver such release are difficult to ascertain with any certainty, and that the payments herein provided are a reasonable estimate of such damages and shall be considered liquidated damages and not a penalty. Furthermore, Lessor is hereby authorized to execute and file of record an affidavit stating that this Lease has expired and the reason therefor, and such affidavit shall constitute prima facie evidence of the expiration of this Lease or any part of this Lease.

22. Indemnification. Lessee, its successors and assigns, agrees to indemnify, defend and hold harmless the parties herein designated Lessor, and each of them, from and against any and all claims, losses, liabilities, fines, costs, expenses (including attorneys fees and expenses) resulting from or arising out of or in connection with operations of or for Lessee, its agents, contractors, or subcontractors hereunder, regardless

of the cause of such claims, losses, liabilities, fines, costs, or expenses. This provision and its indemnities shall survive the termination of this Lease and shall inure to the successor, heirs and assigns of Lessor and Lessee.

23. No Warranties of Title. This lease is made without warranties of any kind, either express or implied. Lessor agrees that Lessee, at its option after Lessee has given Lessor sixty (60) days' written notice, may discharge any tax, mortgage or other lien upon said land, either in whole or in part, and in the event Lessee does so, it shall be subrogated to such lien with right to enforce same, subject to any defenses of Lessor, and apply royalties accruing hereunder toward satisfying same.

24. Proportionate Reduction for less than Entire Interest. It is agreed that if Lessor owns an interest in oil and gas in and under any of the leased premises which is less than the entire oil and gas fee simple estate, then the royalties and all other benefits to accrue or to be paid to Lessor hereunder as to such lands shall each be reduced to the proportion thereof which the mineral fee estate of Lessor in such land bears to the entire mineral fee estate, provided that in no event shall there be any refund of any amounts previously paid to Lessor as bonus or delay rentals.

25. Related Parties/ Conflict of Interest. Lessee in accepting this Lease represents and warrants that Lessee is not (or in the event Lessee is a corporation, partnership, joint venture or other entity, no employee, officer, partner, director, owner or controlling person of Lessee) an employee, officer, director or controlling person of Bank One, N.A., or any subsidiary or affiliate of Bank One, N.A. The Lessee in accepting this Lease further warrants that it has no intention to assign this Lease to any party known by the Lessee to be an employee, officer, director or controlling person of Bank One, N.A. or any subsidiary or affiliate of Bank One, N.A.

26. Compliance with Environmental Laws and Regulations. Lessee, its successors and assigns, by its acceptance of this lease, hereby agrees to comply with all applicable laws, rules and regulations and hereby assumes full responsibility for, and agrees to indemnify, defend and hold harmless, Lessor from and against any loss, liability, claim, fine, expense cost (including attorneys fees and expenses) and cause of action caused by or arising out of the violation (or defense of the alleged violation) of any federal, state or local laws, rules or regulations applicable to any waste material, drilling matter fluid or any hazardous substances released or caused to be released by Lessee or Lessee's agents, or independent contractors from the land leased hereunder into the atmosphere or into or upon the land or any water course or body of water, including ground water. Additionally, upon receiving any notice regarding any environmental, pollution or contamination problem or violation of any law, rule or regulation, Lessee will forward a copy to Lessor by certified mail within thirty (30) days, or failing which, Lessor shall have the option to terminate this Lease upon thirty (30) days written notice to Lessee. This provision and its indemnities shall survive the termination of this Lease, and shall enure to the successors, heirs and assigns of Lessor and Lessee.

27. No Salt Water or Waste Injection Wells. If Lessor is also the owner of the surface, Lessee shall not be permitted to dispose of salt water or produced wastes or wastes of any kind into any formation or strata on this Lease, save and except for the salt water produced from the lands contained in this Lease, but not including any lands pooled herewith.

28. Timely Plugging and Abandonment of Wells. Without the prior written consent of the Lessor, Lessee shall not allow any well located on the leased premises to remain in a shut-in, temporarily abandoned or otherwise non-productive state for a period of more than six (6) months from the date of last production or the time permitted by the rules and regulations of the applicable regulatory authority, whichever is less, without beginning plugging and abandonment operations with respect to the well and restoring the location, and providing that these procedures must be completed within two (2) months of their initiation. The only exception to this shall be gas wells capable of production which are shut-in pursuant to the provisions of Section 12 above regarding shut-in royalties, and for which shut-in payments are being made in accordance with those same provisions. Violations of this provision will be considered a material breach and will serve to terminate this lease.

29. Alteration/Modification. The terms of this Lease cannot be altered or amended except by a written instrument clearly demonstrating such purpose and effect, and executed by both parties to this Lease. The written instrument shall describe the specific terms or provisions being altered and the proposed modification or change thereto. Any notation or legend attached to a royalty check shall be null and void and without legal significance for the purpose of altering this Lease Agreement.

30. Ancillary Rights. Lessee shall have the right for a period of six (6) months following the expiration of this Lease or the release of any lands covered by this Lease to remove all property and fixtures placed by Lessee on said land, including the right to draw and remove all casing. If not, Lessor shall have the option to either claim the property, in whole or in part, as his own or having the said properties and fixtures removed, in whole or in part, at Lessee's expense. If the property is opted to be removed, additional expenses for surface damages and restoring the land shall be charged to Lessee, provided, however, Lessee shall not be relieved of its liability to plug any well so abandoned.

31. Governmental Proration Unit. The term "governmental proration unit" and/or "proration unit" where used in this lease, absent pooling and field rules, shall mean i) forty (40) acres plus a tolerance of ten percent (10%) surrounding each well classified as an oil well by the appropriate governmental authority; and ii) one hundred sixty (160) acres plus a tolerance of ten percent (10%) surrounding each well classified as a gas well by the appropriate governmental authority. In the event of pooling, the term "governmental proration unit" and/or "proration unit" shall mean and refer to all lands included within a pooled unit formed under Paragraph 13. hereof.

32. Split Stream Contracts. In the event that gas produced under the terms of this lease is sold under multiple gas purchase contracts, "split stream contracts," Lessor, at its option, may require that all Lessees who are selling gas produced under the terms of this lease designate a single Lessee to pay all royalties due to Lessor under this lease.

IN WITNESS WHEREOF, this instrument is executed on the date first above written.

MEMORANDUM OF OIL AND GAS LEASE

STATE OF TEXAS §
 §
COUNTY OF TARRANT §

BE IT REMEMBERED that on this 15th day of March, 2004, an Oil and Gas Lease was made and entered into by and between THE FROST NATIONAL BANK, TRUSTEE OF THE CARTER TRUST OIL CONTROL ACCOUNT NO. W10000100, as Lessor, whose address is P.O. Box 1600, San Antonio, Bexar County, Texas 78296-1400, and MEREKEN ENERGY CORP., whose address is 777 Taylor Street, Suite 1126, Fort Worth, Texas 76102, as Lessee, whereby Lessor granted, leased and let unto Lessee for the sole and only purpose of investigating, exploring, prospecting, drilling and operating for, developing and producing oil and gas, all of Lessor's interest in those certain lands situated in Tarrant, County, Texas, described below and made a part hereof for all purposes.

192.243 acres, more or less, being parts of Block 1, 2, 13, and 14, of Shelby County School Land Survey, A-1375, and being all of a 203.86 acre tract described in Deed dated July 29, 1994, effective August 1, 1988, from George Ann Brown Carter, Executrix, to George Ann Brown Carter, Trustee, and recorded in Volume 11676, Page 10, Official Records of Tarrant County, Texas; SAVE AND EXCEPT 11.617 acres, more or less, described in Dedication Deed dated July 29, 1994, from George Ann Brown Carter et al to the City of Fort Worth, recorded in Volume 12050, Page 1716, Official Records of Tarrant County, Texas.

The above described oil and gas lease is for a primary term of Three (3) years from its date and contains other terms and provisions which are by reference incorporated herein and made a part hereof in all respects as though the same were fully set forth therein.

Executed copies of said Oil and Gas lease are in the possession of Lessor and Lessee.

IN WITNESS WHEREOF, this instrument is executed on the date first above written.

**PAID-UP
OIL AND GAS LEASE**

THIS AGREEMENT made this 15th day of March, 2004, by and between **THE FROST NATIONAL BANK, TRUSTEE OF THE CARTER TRUST OIL CONTROL, ACCOUNT NO. W10000100**, as Lessor, whose address is P.O. Box 1600, San Antonio, Bexar County, Texas 78296-1400, and **MEREKEN ENERGY CORP.**, whose address is 777 Taylor Street, Suite 1126, Fort Worth, Texas 76102, as Lessee,

WITNESSETH:

1. Lessor, in consideration of Ten and No/100 Dollars (\$10.00) and other good and valuable consideration in hand paid, the receipt of which is hereby acknowledged, of the royalties herein provided, and of the covenants, agreements and obligations hereinafter contained on the part of Lessee to be kept and/or performed and upon the conditions and with the limitations hereinafter set forth and contained, hereby GRANTS, LEASES and LETS exclusively unto said Lessee for the sole and only purpose of investigating, exploring, prospecting, drilling and operating for, developing and producing oil and gas (oil and gas, for all purposes of this lease, being defined to include oil, gas, casinghead gas and the by-products thereof, and such other hydrocarbon substances and sulphur as are necessarily produced with and incidental to the production of oil and/or gas) laying pipelines, building roads, tanks, and electric lines thereon to produce, save, take care of, treat, store, transport and own said products, all of Lessor's interest in those certain lands situated in Tarrant County, Texas, and described as follows ("said lands"), to-wit:

192.243 acres, more or less, being parts of Block 1, 2, 13, and 14, of Shelby County School Land Survey, A-1375, and being all of a 203.86 acre tract described in Deed dated July 29, 1994, effective August 1, 1988, from George Ann Brown Carter, Executrix, to George Ann Brown Carter, Trustee, and recorded in Volume 11676, Page 10, Official Records of Tarrant County, Texas; SAVE AND EXCEPT 11.617 acres, more or less, described in Dedication Deed dated July 29, 1994, from George Ann Brown Carter et al to the City of Fort Worth, recorded in Volume 12050, Page 1716, Official Records of Tarrant County, Texas.

This lease is expressly made subject to any and all instruments affecting said lands as reflected by the records of Tarrant County, Texas, as of the date hereof to which reference is here made.

2. (a) Subject to the other provisions herein contained, this lease shall be for a term of Three (3) years from the date hereof (called "primary term") and as long thereafter as oil or gas is produced from said lands, or from lands pooled therewith, in paying quantities or this lease is maintained in force by virtue of some other provision hereof. If prior to discovery and production of oil or gas on said lands, or on lands pooled therewith, Lessee should drill a dry hole or holes thereon, or if after discovery and production of oil or gas the production thereof should cease from any cause, this lease shall not terminate if Lessee commences drilling or reworking operations within ninety (90) days thereafter or, if it be within the primary term and not a paid-up lease, commences or resumes the payment or tender of rentals or commences drilling or reworking operations on or before the rental paying date next ensuing after the expiration of thirty (30) days from the date of completion of the dry hole or cessation of production. If within thirty (30) days prior to the expiration of the primary term hereof, or at any time or from time to time after the expiration of the primary term hereof, oil or gas is being produced from said lands, or from lands pooled therewith, and all such production ceases and this lease is not otherwise continued in force, this lease shall not terminate if additional drilling or reworking operations are commenced or resumed on said lands, or on lands pooled therewith, within ninety (90) days after such cessation of production, and this lease shall continue in force so long as any such operations on the same or successive wells are prosecuted in good faith and in a workmanlike manner with no cessation of more than ninety (90) consecutive days; and, if such operations result in production of oil or gas, then this lease shall, subject to the other provisions hereof, continue in force as long thereafter as oil or gas is produced from said lands, or from lands pooled therewith, in paying quantities. If at the expiration of the primary term of this lease oil or gas is not being produced from said lands, or from lands pooled therewith, but Lessee is then engaged in drilling or reworking operations thereon or Lessee shall have completed a well thereon within ninety (90) days prior to the end of the primary term then this lease shall remain in force so long as operations on such well or drilling or reworking operations on any additional well are prosecuted in good faith and in a workmanlike manner with no cessation of more than ninety (90) consecutive days; and, if any such operations result in production of oil or gas, so long thereafter as oil or gas is produced from said lands, or from lands pooled therewith, in paying quantities, subject, however, to the other provisions hereof.

(b) Notwithstanding any of the provisions of Subparagraph (a) above to the contrary, in order to maintain this lease in force and effect after the primary term as to such of said lands not then ascribed to a producing well or shut-in well pursuant to the provisions of Subparagraph (c) below, Lessee shall be required to continuously drill a well or wells on said lands with no cessation of more than ninety (90) consecutive days between the completion of one well and the commencement of a subsequent all to the end that Lessee maintains a

50111

71-717 003

continuous development program on said lands after the end of the primary term. Commencement of the first well in the continuous development program shall be on or before the last to occur of (i) the expiration of the primary term, or (ii) ninety (90) days after completion of the last well drilled on said lands within the primary term. Upon Lessee's failure to continuously drill wells after the primary term in accordance with the above time schedule, the provisions of Subparagraph (a) above shall control the time for commencement of subsequent drilling and reworking operations on any of said lands on which a producing well or shut-in well may be located and retained by Lessee under the terms of this lease.

(c) If at any time after the primary term this lease is not being maintained in force and effect by continuous drilling or reworking operations, as above provided, then this lease shall automatically terminate as to all of said lands, SAVE AND EXCEPT from the surface down to 100 feet below the stratigraphic equivalent of the deepest producing perforations in, to and under:

(1) each well situated on said lands producing oil in paying quantities, together with Forty (40) contiguous acres of said lands around each such well,

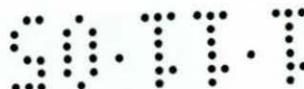

(2) each well situated on said lands producing gas in paying quantities, or capable of producing gas in paying quantities with all shut-in royalties having been paid thereon, together with all contiguous acres of said lands around each such well,

(3) in the event pooling authority is granted under the provisions of Paragraph 4 hereof, and Lessee exercises such authority, each well producing oil or gas from a pooled unit in paying quantities, or if a gas well, capable of producing gas in paying quantities with all shut-in payments having been paid thereon, together with all of said lands included in such unit pursuant to the provisions of Paragraph 4 of this lease,

the acreage around oil wells and gas wells to be in as near the form of a square or rectangle as is practicable with the well at all points being located at a legal spacing distance within its boundaries or at a location approved by the Railroad Commission of Texas. Notwithstanding the above, in the event governmental authority having jurisdiction should prescribe a density pattern of a greater or lesser number of acres than the number of acres specified above for the drilling or operation of a well at a regular location or for obtaining the maximum allowable production from the category of well hereinabove specified, then Lessee may, upon written notice to Lessor, retain around each such oil well and each such gas well such number of acres out of the particular tract covered by this lease on which a well is located as is so prescribed by governmental authority but only from the surface down to 100 feet below the stratigraphic equivalent of the deepest producing perforations in the particular well as to which acreage is ascribed for production purposes. Upon termination of this lease except as to each oil well and each gas well and the number of acres hereinabove specified around each such well or included within a unit formed pursuant to the provisions of Paragraph 4 hereof, each separate tract ascribed to an oil well and each separate tract ascribed to a gas well shall be treated as a separate lease tract subject to the provisions of this lease, and the continuation of this lease as to each such separate lease tract shall be determined by the provisions of this lease applied to each such separate lease tract.

(d) Upon the occurrence of any partial termination of this lease under the foregoing provisions Lessor shall have, and expressly reserves, an easement through the said lands and the depths and formations retained by Lessee in order to enable the exploration and/or production of oil, gas and/or other minerals in and from any depths and lands which are not thereafter subject to this lease. Lessor shall not have the right to use any wellbores drilled by Lessee or any equipment installed by Lessee in connection with any such drilling or production operations unless such equipment and/or wellbore has been abandoned by Lessee or has been assigned to Lessor. The easement reserved herein shall be fully assignable by Lessor to any party, including any oil, gas and mineral Lessee of depths or lands not then subject to this lease and to any party desiring to conduct geophysical operations with respect to depths or lands not then subject to this lease, and in the event Lessor assigns such easement to any third party, Lessee herein shall look only to such third party, and not to Lessor, for any claims, costs, expenses or damages occasioned by such third party's use of the easement herein reserved, specifically including, but not limited to, any claims that such third party's activities interfered with or damaged Lessee's wells, reserves, equipment, operations or other rights hereunder.

(e) In conducting any drilling, testing, producing, or reworking operation authorized herein, Lessee shall not be allowed the use of any existing abandoned wells and well bores located on the acreage covered hereby which were drilled for the purpose of exploring for and producing oil, gas or other minerals and were subsequently abandoned and/or plugged, without express written consent of Lessor. A well shall be deemed to be commenced under the terms of this lease on the date the drill bit enters the earth for the drilling of a validly permitted well. A well shall be deemed to be completed under the provisions of this lease (1) three days after the well reaches total depth in the event no attempt is made to complete the well as a producer of oil and/or gas by the running of production casing (a dry hole) or (2) thirty (30) days after the date production casing is cemented in the well (as reflected by the cementing affidavit required to be filed with the Railroad Commission of Texas) in the event an attempt is made to complete the well as a producer of oil and/or gas.

3. The royalties to be paid by Lessee are:

(a) On all oil and on all liquid hydrocarbons extracted from gas under the provisions of Subparagraph (b) below, Twenty-five percent (25%) of that produced and saved from the said lands, the same to be delivered to Lessor into the storage tanks or into the pipeline to which the wells may be connected, or, at Lessor's option, such oil and liquid hydrocarbons shall be sold with Lessee's oil and liquid hydrocarbons at the same price received by Lessee (but in no event for less than the value thereof), or, at Lessor's option, such products shall be delivered to Lessor at the wells into tanks or other receptacles to be furnished by Lessor. Lessor's options hereunder may be exercised from time to time, and the exercise or failure to exercise an option at any time shall not constitute a waiver of Lessor's right to exercise further options.

(b) On gas produced from said lands, including casinghead gas and residue gas at the tailgate of any plant through which gas produced from said lands may be processed, Twenty-five percent (25%) of the value of the gas at the place of use or sale by Lessee, or at Lessor's option, Twenty-five percent (25%) of the gas, in kind, either at the well or at the outlet side of the separator, compressor or dehydrator, hereinafter provided for, or at the tailgate of any plant through which gas is processed. Prior to the use or sale of any gas produced from said lands, Lessee shall run such gas through a field-type separator or other comparable equipment ordinarily used in the industry for the purpose of separating, extracting and saving liquid and liquefiable hydrocarbons recoverable from the gas, and royalties shall be payable on the remaining gas under the provisions of this Subparagraph (b) and royalties on the extracted liquids shall be payable under the provisions of Subparagraph (a) above; provided, however, Lessee shall not be required to run the gas through a field-type separator or comparable equipment if the gas is to be processed in a recycling, absorption, pressuring or other plant belonging wholly or in part to the Lessee or any affiliated or subsidiary company, or if the liquid hydrocarbon content of the gas is so small as to make the installation and operation of field-type separators or comparable equipment unprofitable, or if the pressure of the gas is such that running the gas through separators or comparable equipment would diminish the ability to sell and deliver the separated gas against existing gathering system or pipeline pressures.

(c) On condensate and all other products separated, extracted or manufactured from gas produced from said lands by any extraction, absorption, pressuring or other plant belonging wholly or in part to Lessee or any affiliated or subsidiary company, Twenty-five percent (25%) of the market value of all such condensate and other products so separated, extracted, or manufactured, or, at Lessor's option, Twenty-five percent (25%) of such condensate and other products in kind shall be delivered to Lessor at the plant outlet. In the event of the blending of any part of such condensate or other products with chemical additives for making any product therefrom, the royalty on such products, whether paid in kind or at market value, shall be calculated at the plant outlet on the resulting blended product, less Lessor's proportionate share of the direct cost of such chemical additives and the blending thereof.

(d) On condensate and all other products separated, extracted or manufactured from gas produced from said lands by an extraction, absorption, pressuring or other plant belonging to a third party or parties, Twenty-five percent (25%) of the amount received by Lessee from the sale of condensate and other products separated, extracted or manufactured by said plant and credited to Lessee under the terms of Lessee's contract with such plant.

(e) This lease is intended to cover only oil and gas, but it is contemplated that some sulphur (including sulphur in hydrogen sulfide gas) may be produced necessarily with, and incidental to, the production of oil and gas and, in such event, this lease shall also cover such sulphur so produced. On all sulphur so produced under and by virtue of the terms of this lease, Lessor shall have and be entitled to a royalty of Twenty-five percent (25%) of all such sulphur produced and saved, same to be delivered to Lessor, free of all costs, or, at the option of Lessor, Lessee shall account to Lessor for Twenty-five percent (25%) of the gross amount received by Lessee from the sale of such sulphur.

(f) While there is a gas well or wells on said lands, or on lands pooled therewith, but gas is not being sold or used, Lessee may pay, as royalty, commencing on or before ninety (90) days after the date on which each such gas well is shut-in, the sum of Twenty-five Dollars (\$25.00) for each acre of said lands ascribed to such gas well pursuant to the provisions of Paragraph 2(c), and, if such payment is made or tendered, this lease shall continue in force and effect for the full ensuing year after such payment as to all of said lands ascribed to such gas well pursuant to the provisions of said Paragraph 2(c) above and for which such payment is made, and the intermittent production of gas from any such well during such year shall not render necessary any new or additional payments of shut-in gas well royalty with respect to such well, but Lessee shall account to Lessor for the royalty on any such gas actually produced in accordance with the other provisions of this Paragraph 3, and this provision shall be recurring (the time for subsequent annual payments for each shut-in well to run from the date the first payment is made on such well); provided, however, that this provision shall not be effective to continue this lease in force and effect as to any shut-in well for a period of more than two (2) consecutive years after the date the first well is shut-in or for shorter periods of time from time to time which aggregate two (2) years in all, but it is further provided that the two (2) year period shall be extended for such length of time, if any, as may elapse because of Lessor's failure to consent to a gas contract negotiated by Lessee and submitted to Lessor as provided in Paragraph (g) below. Any

shut-in gas well royalty payment may be made by the check of Lessee delivered to Lessor in The Frost National Bank, P.O. Box 1600, San Antonio, Texas 78296, ATTN: Trust Minerals. This provision as to the payment of shut-in gas royalty is a condition and not a covenant, and the failure to pay any shut-in gas royalty as herein provided shall effect an automatic termination of this lease as to the lands ascribed to the well as to which the failure to pay is applicable.

(g) In computing royalties to be paid Lessor, the value of any oil or gas, condensate or other products of gas shall never be less than the total proceeds received by Lessee or by any affiliated or subsidiary company by reason of the sale of such oil or gas, condensate or other products and/or the dedication of reserves. The total proceeds received shall include, but not be limited to, the fair value of all consideration received by Lessee or by any affiliated or subsidiary company related to the marketing and/or dedication of oil or gas, condensate, other products or reserves (such as take or pay payments, take or pay settlements and awards, dedication payments, advance payments, contract adjustments, gas exchange consideration, contract buy out/buy down payments and similar consideration). Lessee shall be solely responsible for insuring that all such proceeds are received in accordance with all applicable laws and regulations. Except as specifically provided in Subparagraph (c) above, all royalties payable under Subparagraphs (a), (b), (c), (d) and (e) of this Paragraph 3 shall be without deduction for any costs of marketing, gathering, transporting, separating or processing costs involved in making the oil or gas ready for sale or use. In the event Lessor does not elect to take Lessor's royalty oil or gas in kind, as provided for herein, Lessee shall act in a fiduciary capacity on behalf of Lessor in negotiating and implementing sales arrangements for royalty oil or gas in accordance with the provisions of this lease; provided that no contract negotiated by Lessee for the sale of gas produced from said lands under this lease and extending for a period in excess of one (1) year shall be valid and effective without Lessor's written consent to such contract. Upon Lessor's written consent to a contract covering the sale of gas produced from said lands, it shall be considered, as between Lessor and Lessee, that such contract reflects the value of gas at the place of sale specified in the contract, and Lessor's royalty on gas sold pursuant thereto shall be calculated in accordance with the price or value provided in such contract. It is expressly provided that Lessee shall not have the right to dedicate said lands or gas reserves in and under said lands to the fulfillment of any public service obligation, and any dedication of gas required to fulfill Lessee's obligations under any gas purchase contract shall be specifically limited to only such gas as may be produced through the wellhead of gas wells on said lands during the period that this lease is being maintained in force and effect in accordance with its terms.

(h) Lessee is unconditionally obligated to Lessor to make and shall be liable for the payment of royalties hereunder irrespective of the failure or bankruptcy of any third party crude oil or gas purchaser, and irrespective of the execution by Lessor of a division order or any similar agreement in favor of any such third party purchaser. Accounting and payments to Lessor of royalties from the production of oil and gas from any well shall commence and thereafter be paid in full compliance with the applicable provisions of the Natural Resources Code of Texas, and failure to so comply shall entitle Lessor to the remedies therein provided. In addition, should Lessee at any time fail to make royalty payments to Lessor in compliance with the applicable provisions of the Natural Resources Code of Texas, Lessor may, at Lessor's election, cancel this lease as to such well and said lands ascribed to such well by giving Lessee twenty (20) days advanced written notice of such cancellation. Lessee may avoid such cancellation by paying Lessor all sums (including interest) then owed by Lessee to Lessor prior to the expiration of said twenty (20) day period. Acceptance by Lessor of royalties which are past due shall not act as a waiver or estoppel of Lessor's right to receive or recover any and all interest due thereon under the provisions hereof unless the written acceptance or acknowledgment by Lessor to Lessee expressly so provides. Any tender or payment to Lessor of a sum less than the total amount due the Lessor hereunder which is made or intended to be made as an offer of settlement or an accord and satisfaction by or on behalf of Lessee, must be accompanied by a Notice of Settlement Offer, so denominated, addressed to Lessor. Any such offer of settlement submitted solely by the tender of a check containing language of settlement or accord and satisfaction printed or otherwise inserted thereon shall not be deemed an offer of settlement or accord and satisfaction unless accompanied by such a Notice of Settlement Offer. Lessee shall pay all costs of litigation, including reasonable attorney's fees, expert witness and consultation fees incurred by Lessor in connection with any lawsuit in which Lessor is successful in recovering any royalties or interest or in terminating this lease due to Lessee's failure to pay royalties within the period set forth herein.

(i) Lessor shall have the right at all reasonable times, personally or by representative, to inspect the books, accounts, contracts, records and raw but not interpreted data of Lessee pertaining to the development, production, saving, transportation, sale and marketing of the oil and gas from said lands.

(j) In the event that the leasehold estate created hereby is jointly owned in common by more than one leasehold estate owner and one or more co-owners desire to separately meter and market their gas from the other co-owners (commonly referred to as split-streaming), then it is agreed that: (1) The value for all gas produced from said lands shall never be less than the highest price received by any of the co-owners of this leasehold estate; (2) the co-owners of said leasehold estate agree that there will be only one gathering system and one metering system on said lands and all split-streaming and separate transporting and metering of gas shall take place off said lands; (3) in the event one or more co-owners of said leasehold estate elect not to sell their share or portion of gas under this lease, and other co-owners do sell gas from said lands, Lessor shall nevertheless be entitled to its 100% royalty share of revenues

from the production, distribution and sale of such gas computed on the terms called for in Paragraph 3; and (4) the operator of each well producing under this lease shall be responsible for the payment to Lessor and/or royalty owner of all royalties accruing under this lease.

4. (a) Subject to the limitations herein contained, Lessee, at its option, is hereby given the right and power to pool or combine Lessor's interest in said lands or any portion thereof (and only Lessor's interest in said lands or any portion thereof as Lessor recognizes and acknowledges that Lessor does not have the right, power or authority to permit the interest of any third party in said lands, or any portion thereof, to be pooled or combined) with other land, lease or leases in the immediate vicinity thereof when in Lessee's judgment it is necessary or advisable to do so in order to properly explore, develop and operate said lands so as to promote the conservation of the oil and/or gas in, under and that may be produced from said lands, insofar as pooling for either is provided for herein. Any such pooling may be into a unit or units not exceeding by more than 10% Three hundred twenty (320) acres as nearly as practicable in the form of a square around each well producing gas in paying quantities, including condensate; and not exceeding by more than 10% Forty (40) acres each for exploration, development and production of oil; provided however, that if any governmental authority prescribes a larger unit as a spacing pattern for the orderly development of the field, or shall allocate a producing allowable based in whole or in part on acreage per well, any unit may be formed to embrace acreage up to the content so prescribed and allocated. The effective date and term of each such pooling shall be as set forth by Lessee in an instrument filed for record in the county or counties in which the pooled land is situated, which instrument shall describe the acreage, zones, formations and substances pooled. A copy of the recorded instrument shall be furnished to Lessor within thirty (30) days from its date. Production, drilling or reworking operations anywhere on any such unit shall be treated as production, drilling or reworking operations on land covered by this lease. Unless otherwise stated herein, there shall be allocated to this lease the proportion of the pooled production from any such unit (whether or not from land covered by this lease) that the number of surface acres covered by this lease and included in the unit bears to the total number of surface acres in such unit; royalties shall be paid hereunder only upon that portion of such production so allocated, and as to pooled production from land in such unit such royalties shall be in lieu of any other royalties. Notwithstanding anything to the contrary hereinabove contained, production, drilling or reworking operations on any unit or units established under the provisions of this paragraph shall not be treated as production, drilling or reworking operations on any acreage covered by this lease and not placed in said unit. This lease may be continued in force as to acreage not included in any such unit as provided in this lease.

(b) Notwithstanding anything to the contrary, if Lessee completes an oil well on the leased premises, then it is hereby agreed that there shall be no pooling unless and until the land covered by this lease shall have been developed to the extent either all of the lease premises is included in a pooled unit, or there is not sufficient remaining acreage for an additional well to have allocated to it the full amount of acreage being allocated to an oil well under the spacing pattern authorized by the Texas Railroad Commission. All or any portion of such remaining acreage may be then included in additional pooled units formed hereunder. For oil wells drilled and completed off of the leased premises at a legal location and pooled with the leased premises, all or any part of the said leased premises may be included in said pooled unit.

(c) In the event Lessee completes a well classified as a gas well, and said well is located on the herein leased premises, and, Lessee exercises it's option to pool in accordance with Paragraph 4 (a) herein, Lessee hereby agrees that all of the herein leased premises shall be included in any unit formed. Further, in the event Lessee completes a well classified as a gas well, and said well is not located on the herein leased premises, at a legal location, and, Lessee exercises it's option to pool in accordance with Paragraph 4 (a) herein, Lessee may include all or any part of the leased premises into any unit formed.

(d) If this lease now or hereafter covers separate tracts, no pooling, unitization or communitization of mineral or royalty interests as between any such separate tracts is intended or shall be implied or result from the inclusion of such separate tracts within this lease, and the rule of non-apportionment shall be applicable to this lease and to all lands covered by this lease; but Lessee shall nevertheless have the right to pool Lessor's interest in any separate tract or tracts, as provided in Subparagraph 4(a) above, with consequent allocation of production as therein provided. The inclusion of Lessor's interest in any separate tract within this lease shall not constitute an offer on the part of Lessor to any party who may now or hereafter have an ownership interest in the minerals or royalties in any such separate tract to pool, unitize or communitize any such interest with other interests covered by this lease, and with respect to Lessor's interests in said lands, or in any separate tract, and any other party's interest in said lands, or in any separate tract, such interests shall remain separate ownerships with neither party having any rights, interests or ownership whatsoever in the rights, interests or ownership of the other. Any attempt by an owner of any mineral or royalty interest under a separate tract, now or hereafter, to ratify, adopt or confirm this lease, or any provision herein contained, by any means and thereby effect a pooling, unitization or communitization of any separate tract covered by this lease with any other interests shall by such action specifically ratify, adopt and confirm the entire contents of this Subparagraph and such attempt to effect a pooling, unitization or communitization shall be ineffective, null and void for all purposes. As used in this Subparagraph, the words "separate tract" means any tract with mineral or royalty ownership differing, now or hereafter, either as to parties or amounts, from that as to any other part of the lands covered by this lease.

5. Any payments for royalty as set out in Paragraph 3 hereof shall be paid to Lessor or to the credit of Lessor in The Frost National Bank, P. O. Box 1600, San Antonio, Texas 78296, ATTN: Trust Minerals. Lessee may at any time or times execute and deliver to Lessor or place of record a release or releases covering any portion or portions of said lands and thereby surrender this lease as to such portion or portions and be relieved of all obligations as to the acreage surrendered, except obligations theretofore accrued.

6. In the event a well or wells producing oil or gas in paying quantities should be brought in on adjacent lands not owned by Lessor, or on any lands adjacent to any unit formed under the terms of this lease and not owned by Lessor, or on adjacent lands owned by Lessor which are being explored and developed for oil and gas by a third party or by Lessee under a different lease, and within four hundred sixty-seven feet (467') from or draining said lands, Lessee agrees to drill such offset well or wells as a reasonably prudent operator would drill under the same or similar circumstances; provided, however, Lessee shall not be required to offset any such gas well on adjacent lands unless the gas therefrom is being produced; and, provided further, that, in lieu of drilling an offset to any such well, Lessee shall have the option of paying Lessor, as royalty, a sum equal to the royalties which would be payable under this lease on the production from such well had same been drilled and produced under this lease, and, as long as Lessee may elect to pay such royalty in lieu of drilling an offset well, it will be considered that gas is being produced from said lands within the meaning of Paragraph 2 hereof.

7. The rights of either party hereto may be assigned in whole or in part (except that oil rights shall never be severed from gas rights) and the provisions hereof shall extend to their heirs, successors and assigns, but no change or division in the ownership of said lands or royalties or other payments hereunder or the right to receive same, however accomplished, shall operate to enlarge the obligations or diminish the rights of Lessee. It is provided, however, that Lessee may not assign this lease, or any portion thereof, without the prior written consent to such assignment by Lessor, and no attempted assignment by Lessee shall be effective without the written consent of Lessor. Further, it is specifically provided that Lessee shall not have the right to assign to any third party, nor permit any third party, the right to conduct any type of seismograph surveys over or upon said lands without the prior written consent of Lessor. If the ownership of the royalties or other payments hereunder becomes changed into separate divided portions of said lands, Lessee shall not be required to offset wells on such separate tracts or portions or to furnish upon or as to any such tract or portion separate measuring or receiving tanks. Notwithstanding any actual or constructive knowledge of or notice to Lessee thereof, no change or division in ownership or right to receive any payments hereunder shall be binding upon Lessee for any purpose until sixty (60) days after the receipt by Lessee by registered mail at Lessee's place of business, from the party acquiring an interest or right, of the duly recorded instrument or instruments, or certified copies thereof, or other legally authenticated written evidence constituting the chain of title of such change. Where such change is the result of death, disability from any cause, or emancipation from disability, of any person, or the new owner is for any reason not judicially competent, no such change in ownership or right to receive any payments hereunder shall be binding on Lessee until sixty (60) days after Lessor shall have furnished Lessee, as above provided, proof satisfactory to Lessee that an appropriate representative has been appointed by a court of competent jurisdiction or until Lessee is furnished other evidence satisfactory to it of the party entitled to receive such payments. In the event of assignment or sublease hereof, in whole or in part, liability for breach of any obligation expressed or implied hereunder shall rest exclusively upon the owner or sublessee of this lease or a portion thereof who commits such breach. Drilling or production on any portion of said lands shall inure to the benefit of the owners of this lease and of any and all portions thereof.

8. With respect to actual operations conducted by Lessee on said lands, it is agreed by and between Lessor and Lessee as follows:

(a) Prior to the commencement of any operations, Lessee shall give Lessor notice of Lessee's intentions to commence operations on said lands, or lands pooled therewith, the type of operations to be conducted, the approximate date of such commencement and the approximate location of same; such notice to be given within a reasonable time prior to the actual commencement of operations.

(b) Lessor shall have the right, personally or by representative, at Lessor's risk, to have access to the derrick floor together with the right to observe all operations on all wells drilled on said lands, or lands pooled therewith, with the further right to inspect and take samples of all cores and cuttings and witness the taking of all logs and drill stem tests. Lessee agrees to furnish Lessor with copies of all logs and surveys taken promptly after taking same. Lessee agrees to divulge to Lessor true and correct raw and non-interpreted information as requested by Lessor as to each well, the production therefrom and such raw and non-interpreted technical information as Lessee may acquire and which is readily available with respect to the sands and formations encountered in such wells. Lessor shall have the right to be present when wells and/or tanks are gauged and production metered and shall have the right to examine all run tickets and to have full information as to production and runs, and to receive copies of all run tickets upon written request. In addition, Lessee shall furnish Lessor with true copies of all applications and reports made by Lessee to the Railroad Commission of Texas and to any other governmental agency having jurisdiction, such copies to be furnished to Lessor upon written request. Lessor understands that all proprietary information provided to the Lessor by Lessee should be deemed confidential and cannot be disclosed by Lessor without Lessee's prior written consent.

(c) Lessee expressly consents and agrees to indemnify and hold Lessor harmless from any and all claims, damages and causes of action asserted by any person or persons for damages which are a result of Lessee's operations conducted under this lease.

(d) Lessee shall install and maintain all equipment and conduct all operations in an environmentally sound manner, and in accordance with all federal, state and local environmental laws, regulations and ordinances, including those enforced by the Railroad Commission of Texas, the Texas Natural Resource Conservation Commission, the U.S. Environmental Protection Agency and any other governmental authorities ("Environmental Laws"). Lessee shall not use, store, manage or dispose of any hazardous materials (as defined below) on said lands, except to the extent such substances are contemporaneously required for, or produced by, actual oil or gas operations on said lands and any such substances shall be used, stored, managed and disposed of in a safe manner, in compliance with all Environmental Laws. Lessee shall insure that all contractors comply with the terms of this Subparagraph. In the event Lessee is notified of any environmentally harmful or dangerous conditions or alleged violations of Environmental Laws on said lands resulting from, or in connection with, Lessee's operations, Lessee, at its sole expense, shall promptly take, and diligently prosecute to completion, all actions required to investigate, clean-up and correct such dangerous or harmful conditions, and to comply with all Environmental Laws. Lessor shall have no responsibility to inspect or oversee Lessee's operations or to identify or correct any potentially harmful, dangerous or damaging conditions, and Lessor shall have no right to control any details of Lessee's operations, nor to designate or control Lessee's contractors. Neither Lessee nor any contractors shall have any right of contribution or indemnity from Lessor for any matters relating to operations on or off said lands by Lessee or conditions on said lands. Lessee hereby releases Lessor from any claims, costs, expenses and liabilities arising out of or relating to conditions on said lands at the beginning of the lease term and agrees to indemnify and hold Lessor harmless from any and all costs, expenses and liabilities, including without limitation, any civil, criminal or administrative fines or penalties, investigation, remediation and monitoring costs, cost of property damage and personal injury, and attorneys and consultant fees and expenses arising from, relating to or in connection with (i) Lessee's operations hereunder or (ii) a breach of this Lease. Lessee shall immediately advise Lessor in writing of any event which could constitute a breach by Lessee of matters addressed in this Subparagraph. By commencing any such operations, Lessee shall acknowledge its consent to the terms of this Subparagraph. In the event Lessor or any third party alleges damage due to an alleged breach of this provision, Lessee agrees to post a bond payable to Lessor for the amount of the alleged damage, such bond to be maintained at Lessee's expense for the benefit of Lessor's interest until such claim of damage is resolved. The term hazardous materials shall mean any waste, substance or material identified as "hazardous", "hazardous substance", "hazardous material", or "pollutant", or otherwise is regulated by Environmental Laws, including without limitation, salt water, naturally occurring radioactive material and crude oil, petroleum and their derivatives.

(e) No well shall be drilled within 350 feet of any residence, house, barn, tank, water well or windmill located on said lands without first obtaining written permission from Lessor.

(f) In the conduct of seismic exploratory operations under this lease, Lessee agrees that all operations will be kept a sufficient distance away from Lessor's water wells so as not to cause any damage to such water wells. In the event any of Lessor's wells, fences, crops, trees or any other property of Lessor or Lessor's tenants shall be damaged or ruined as a result of such exploratory operations, Lessee shall be liable to Lessor for the damages occasioned thereby. Lessee agrees to promptly plug all shot holes, pile all debris and restore the surface of the land to substantially the same condition as it was before commencement of such operations and construct terraces across any senderos made by Lessee on such land in a manner sufficient to prevent the erosion of the land. Lessee will notify Lessor at c/o Frost National Bank, Trust Real Estate Dept., P. O. Box 1600, San Antonio, Texas 78296-1400 at least three (3) weeks prior to entering the said lands in order that all tenants can be notified of such operations and will submit a plat showing the location of any proposed seismic lines and crossings. When requested by Lessor, Lessee will clean and wash all seismic trucks and equipment in order to prevent the transporting of undesirable plants and other substances into the said lands.

(g) When it is necessary in connection with Lessee's operations on said lands under the terms of the lease for Lessee to go through any fence or fences of Lessor, prior to cutting any such fence or fences, Lessor and Lessee will agree to the reasonable place where such fence will be cut. Lessee agrees to brace the existing fence adequately on both sides of the proposed cut so that when the fence is cut there will be no slackening of the wires. If the cut is in an outside fence of Lessor, Lessee agrees promptly after making such cut to install and maintain an adequate metal gate in such opening, which Lessee shall keep locked at all times when not in use, and if Lessor shall desire, Lessee shall install and maintain a substantial iron cattle guard capable of turning cattle. If the cut is in an inside fence of Lessor, Lessee agrees to install a substantial metal gate or cattleguard, whichever shall be designated by Lessor, in such opening. If no production is found on said lands, such gates and cattleguards may be removed by Lessee and the fences shall be restored to their original condition, but if production is found on said lands, such gates and cattleguards shall not be removed, but shall become the property of Lessor, and shall be maintained by Lessee so long as Lessee uses same. Lessee agrees to promptly close all gates which Lessee, its agents, servants and/or employees, may use in Lessee's operations on said lands, to prevent the escape of cattle or stock of Lessor or Lessor's tenants through any open gates.

(h) It is agreed and understood that promptly after the cessation of production, or upon the completion of drilling or reworking operations on each well on said lands, and within a reasonable time not to exceed ninety (90) days thereafter, Lessee shall level and cover all pits and dumps, remove all equipment and fixtures, brush and debris and put the surface of the land in substantially the same condition as it was before the commencement of such operations. Prior to constructing any roads on said lands, Lessor and Lessee will agree to the reasonable location of any such roads and Lessee agrees to build said roads in a manner to allow the natural drainage of the land. Once production is obtained, Lessee agrees to fence all production facilities and pits used on said lands and said fence will be of sufficient construction to turn all livestock.

(i) Lessee agrees at all times to use reasonable care in all Lessee's operations on said lands to prevent injury or damage to the cattle, livestock, buildings, or other property of Lessor, or of surface tenants, situated on the surface of said lands, or Lessor's water wells and tanks located thereon and Lessee agrees to pay Lessor for all damages to cattle, crops, buildings, livestock, fences, tanks, water wells and without limitation, all other property of Lessor situated on the surface of said lands resulting from Lessee's operations thereon; and Lessee further agrees to pay any surface tenant for all damages to cattle, livestock, grass and other property of the tenant situated on said lands and resulting from Lessee's operations thereon, if agreeable with Lessor.

(j) Lessee agrees after cessation of its use of any water well drilled by Lessee on said lands, and prior to plugging or removing the casing therefrom, to tender such water well or wells to Lessor, and if Lessor shall elect to accept same, such water well shall be and become the property of Lessor upon payment to Lessee of the salvage value of the casing in the hole; provided, however that Lessee shall have the right to use such well or wells at any time during the continuance of this lease in connection with any of Lessee's operations on said lands, and provided further, that Lessor will thenceforth assume all risks and obligations attendant to Lessor's ownership and use of said water well or wells.

(k) It is provided, understood and agreed that this lease does not cover or include any right or privilege of hunting wildlife, fishing or engaging in other recreational activities on said lands, all such rights being expressly reserved by Lessor. Lessee shall not permit any guns or firearms of any nature or character to be carried in the vehicles or on the persons of any agent, employee, business invitee or independent contractor operating on the leased premises for the benefit of Lessee. Lessor reserves the right at any time and from time to time to inspect any vehicles located upon or coming on or off the leased premises for the benefit of Lessee's operations so as to insure that no guns or firearms are being carried. Violation of this covenant shall entitle Lessor to be paid liquidated damages by Lessee in the amount of \$500.00 for each such violation, plus attorney's fees in the event it is necessary to retain the services of a lawyer for the collection of such liquidated damages. Lessee shall not permit any agent, employee, business invitee or independent contractor operating on the leased premises for the benefit of Lessee to use the surface of said lands for any other than operational rights granted hereunder and all of such parties shall be restricted to operational areas and routes of ingress thereto and egress therefrom as designated by Lessee.

(l) It is understood and agreed that Lessee shall bury all pipelines, flow lines, power lines, telephone lines, electric lines and other appropriate lines below deep plow depth and below road grades in such a manner so as not to interfere with the usual farming and agricultural practices conducted upon said lands. All topsoil removed from any line excavations shall be set aside and preserved and replaced as topsoil when the line or trench is covered.

(m) Lessee shall remove from each well site, tank battery location, roads used by Lessee, pipeline rights-of-way and other operational sites all discarded materials and debris, trash, weeds and noxious vegetation as they accumulate. Lessee shall keep each well site, tank battery location, roads used by Lessee, and all other operational sites in a clean, neat and orderly condition throughout the term of this Lease. In addition, Lessee shall use reasonable diligence in maintaining operational areas so as to prevent damage or littering of adjoining lands.

(n) Lessee further agrees to notify Lessor of its plans to abandon said lands, and the approximate date of its cleanup operations in accordance with the foregoing paragraphs.

(o) Lessee expressly covenants and agrees to indemnify and hold Lessor harmless from any and all claims, damages and causes of action asserted by any other owner or tenant of the surface estate of said lands for performance of any obligation with respect to the surface estate, and/or for damages caused to the surface estate or improvements thereon as a result of Lessee's operations conducted under this lease.

9. When any of the operations contemplated by this lease are delayed or interrupted by operation of force majeure including storm, flood or other act of God, fire, war, rebellion, insurrection, riot, or as a result of some order, requisition, or necessity of any governmental agency having jurisdiction, the time of such delay or interruption shall not be counted against Lessee. All express or implied covenants or conditions of this lease shall be subject to all valid federal and state laws, executive orders, rules, or regulations of any governmental agency, state or federal, having jurisdiction, and this lease shall not be terminated in whole or in part, and Lessee shall not be liable in damages for failure to comply therewith, if compliance is prevented from, by or if such failure is a result of any such law, order, rule or regulation. If from any of the above causes, Lessee is prevented from conducting

drilling or reworking operations or producing oil or gas from such lands, the time during which Lessee is so prevented shall not be counted against Lessee, and this lease shall be extended for a period of time equal to that during which Lessee is so prevented from conducting such operations. Lessee shall promptly notify Lessor in writing of any such delaying cause that prevents Lessee from complying with the terms and provisions of this lease and steps taken by Lessee to alleviate the same. It is provided, however, that no such law, order, rule, or regulation shall eliminate the necessity for, nor extend the time within which rentals, royalties and other payments provided for herein are to be paid.

10. This lease is executed without warranty by Lessor either express or implied, and without any recourse against the Lessor in the event of any failure of title, not even for the return of any consideration paid. If Lessor owns an interest in the oil and gas in and under said lands less than the entire fee simple estate therein, then the rentals and royalties herein provided shall be reduced proportionately. Lessor hereby agrees that Lessee, at Lessee's option, may purchase and discharge, in whole or in part, any tax, mortgage or other lien upon said lands and thereupon be subrogated to the rights of the holders thereof and may apply royalties and other payments accruing hereunder toward satisfying same or toward reimbursing Lessee.

11. Should Lessee have title to said lands, or any portion thereof, examined and have a title opinion(s) rendered, Lessee shall furnish to Lessor at the above address, a copy of each such title opinion and any supplements thereto. A copy of each such opinion rendered shall be mailed to Lessor at the above address within thirty (30) days after the date of each opinion. Lessee shall not be liable in any way for the contents of any such opinion rendered and delivered to Lessor.

12. The Frost National Bank is acting herein only in its fiduciary capacity and not in its individual capacity. Lessee represents that he is not an employee, officer, or director of Frost National Bank and he does not represent such persons.

13. Upon expiration of any portion of this lease either by lapse of term, cessation of production or failure to continue development as provided under Paragraph 2 Lessee shall promptly execute, place of record and deliver to Lessor a release of the appropriate acreage. Should Lessee fail to do so, Lessee shall pay a penalty of \$100.00 per day to Lessor commencing on the 61st day after Lessor has mailed to Lessee a request for such release. This penalty shall not exceed the total sum of \$10,000.

14. Lessor and Lessee have executed a Memorandum of Oil and Gas Lease contemporaneously with the execution of this lease, and Lessor and Lessee agree that such Memorandum of Oil and Gas Lease, which makes reference to this lease, may be recorded in the appropriate records of the County in which said lands are located in lieu of the recording of this lease in its entirety. The recording of said Memorandum of Lease shall be binding upon Lessor and Lessee, and their respective heirs, successors, legal representatives and assigns, the same as if this lease was filed of record in its complete text.

15. Texas law shall govern any actions brought with respect to this lease thereto, and venue for any suit brought hereunder shall be in either Bexar County, Texas or the county in which the leased premises is located, such county to be chosen exclusively by Lessor. The applicable Texas statutes of limitation shall govern the filing of suits brought hereunder, however, all causes of action relating to or arising out of this lease shall be tolled during the existence of this lease.

IN WITNESS WHEREOF, this instrument is executed in duplicate originals on the date first above written.

DESIGNATION OF UNIT
CARTER TRUST UNIT #1-H

STATE OF TEXAS }
COUNTY OF TARRANT. }

KNOW ALL MEN BY THESE PRESENTS:

The undersigned, being the owners of valid and subsisting oil, gas and mineral leases listed in Exhibit "A", attached hereto and made a part hereof, insofar as said oil, gas and mineral leases cover and affect the land and depths described on Exhibit "A", do, by virtue of the authority conferred by the terms of such oil, gas and mineral leases and all amendments and corrections thereto, hereby pool, consolidate, combine and unitize said oil, gas and mineral leases, the leasehold rights, overriding royalty and royalty interests therein and thereunder, for the purpose of drilling for, development and production of oil, gas and liquid hydrocarbons (including condensate, distillate and other liquids). The unit (hereinafter "Unit") shall be comprised of the land lying within the outline depicted on the Plat attached hereto as Exhibit "B" and shall include the leases, or portions thereof, and the interval (if any), as described on Exhibit "A".

If at any time any tract of land or interest within the Unit is not properly pooled or unitized hereby or is not otherwise committed to the Unit, such fact shall not affect, terminate, impair, or invalidate the Unit as to any interest properly pooled or unitized hereby or otherwise.

This Designation of Unit covers all production from the land and depths described on the attached Exhibits "A" and "B" which is produced from any well drilled to the unitized interval underlying the Unit area. Production from the Unit shall be allocated proportionately among all of the tracts within the Unit in the proportion which the number of surface acres in each of such tracts bears to the total number of surface acres in the Unit.

The undersigned reserves the right to amend this Designation of Unit from time to time, and at any time, in order to correct any error herein or to include in this Unit any newly acquired interests within the Unit boundaries or to enlarge or reduce the Unit area in accordance with the applicable rules and regulations of any governmental regulatory body or agency having jurisdiction insofar as such right is granted in the subject leases, by appropriate amendments or instruments.

By execution of this Designation of Unit, the undersigned do not exhaust their right to pool the leases and lands hereinabove described with other leases and lands as to any other minerals, horizon or strata covered thereby, and they expressly reserve to themselves, their assignees, or successors in interest, the right and power to pool or unitize the above described leases and lands with any other leases, lands, horizons or strata in the vicinity and so far as the power, right and authority to do so is granted in the subject leases and various agreements and so long as such power and authority is exercised in accordance with applicable rules and regulations of any governmental regulatory body or agency having jurisdiction.

This instrument may be executed as one document signed by all parties, or parties named herein may join herein by execution of a counterpart or ratification, with the same effect as if all parties executed this instrument. Executed signature pages from different originals of this instrument may be combined to form a single original instrument for recording purposes. The failure of any one or more persons owning an interest in the Unit to execute this instrument or a counterpart or ratification thereof shall not in any manner affect the validity of same as to the parties who do execute this instrument. This Unit may not be ratified or joined in by any party who is not named hereinbelow without the consent of the parties hereto.

The Unit hereby created shall be effective as of the date of first production from the Unit, or

from the date operations are commenced anywhere on the Unit, whichever occurs first, and shall remain in force as long as the pooled minerals are being produced from the Unit, or so long as the leases covering the Unit are maintained in force by payment or tender of shut-in royalties or by other means, in accordance with the terms of said leases.

IN WITNESS WHEREOF, this Designation of Unit is executed on this 9th day of June, 2005.

Subject: Assignments from Range & Legend Gas
Ms. Rauch

I have received your assignments. TAC rule requires that each assignment have State lease numbers and legal descriptions.

Please forward the State lease numbers for each of these assignments. You can send that via email, just list the State lease numbers for each county.

Thank you for your assistance, once I receive the lease numbers, I will process your assignment and send a acknowledgment letter to you.

will be binding on Assignee after the Closing or (ii) that primarily relate to the ownership, operation or development of the other RTP Assets;

(e) to the extent that they may be assigned, all Rights-of-Way (as defined below) that are used primarily in connection with the ownership or operation of any of the Leases, Wells, Units or other RTP Assets, including the Rights-of-Way owned by RTP set forth on Exhibit A attached hereto;

(f) all equipment, machinery, fixtures and other personal and mixed property, operational and nonoperational, known or unknown, located on any of the Leases, Wells, Units or other RTP Assets, which are material to the ownership, operation or development of the Leases, Well, Units or other RTP Assets or which are primarily used or held for use in connection therewith, including, pipelines, gathering systems, well equipment, casing, tubing, pumps, motors, fixtures, machinery, compression equipment, flow lines, processing and separation facilities, structures, materials and other items primarily used in the operation thereof ("**Personal Property**");

(g) all Imbalances (as defined below) relating to the other RTP Assets;

(h) all non-proprietary or proprietary geophysical, seismic and related technical data (in each case) that (i) are owned by Assignor or its Affiliates, (ii) are transferable without payment of a fee or other penalty to any Third Party under any Contract and which Assignee has not separately agreed in writing to pay, and (iii) primarily relate to the Leases, Wells, Units or other RTP Assets;

(i) all claims, demands, damages, losses, costs, Liabilities, interest or causes of action whatsoever, in Law or in equity, known or unknown, against any Third Party which RTP might now or subsequently may have, to the extent specifically based on, relating to or arising out of the Assumed Obligations, including rights to contribution under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended, breaches of statutory or implied warranties, nuisance or other tort actions, rights to punitive damages, common Law rights of contribution and rights under any Applicable Contracts (including audit rights);

(j) all of the files, records, information and data, whether written or electronically stored, that primarily relate to the ownership, operation or development of the other RTP Assets or that specifically relate to the Assumed Obligations, in each case that are in RTP's or its Affiliates' possession, including: (i) land and title records (including abstracts of title, title opinions and title curative documents); (ii) Applicable Contract files; (iii) correspondence; (iv) operations, environmental, health and safety, pipeline safety, production, accounting and Tax records (other than those primarily relating to income or franchise Taxes), and (v) facility and well records; and

(k) the Retained Assets Call Option.

Section 1.2 Excluded Assets. The RTP Assets do not include, and there is excepted, reserved and excluded from this Assignment, the following (collectively, the “*Excluded Assets*”):

(a) all of Assignor’s corporate minute books, financial records and other business records that relate to Assignor’s business generally (including the ownership and operation of the RTP Assets);

(b) all trade credits, all accounts, receivables and all other proceeds, income or revenues attributable to the RTP Assets with respect to any period of time prior to the Effective Time (as defined below);

(c) all claims and causes of action of Assignor arising under or with respect to any Applicable Contracts that are attributable to periods of time prior to the Effective Time (including claims for adjustments or refunds), except to the extent such claims or causes of action of Assignor specifically relate to the Assumed Obligations;

(d) all rights and interests of Assignor relating to the RTP Assets (i) under any existing policy or agreement of insurance, (ii) under any bond or (iii) to any insurance or condemnation proceeds or awards arising, in each case, from acts, omissions or events, or damage to or destruction of property;

(e) all Hydrocarbons produced and sold from the RTP Assets with respect to all periods prior to the Effective Time;

(f) all claims of Assignor for refunds of or loss carry forwards with respect to (i) production or any other Taxes paid by Assignor or its Affiliates attributable to any period prior to the Effective Time, (ii) income Taxes paid by Assignor or its Affiliates or (iii) any Taxes attributable to the Excluded Assets;

(g) all personal computers and associated peripherals and all radio and telephone equipment;

(h) all of Assignor’s proprietary computer software, patents, trade secrets, copyrights, names, trademarks, logos and other intellectual property;

(i) all documents and instruments of Assignor that may be protected by an attorney-client privilege to the extent relating to Retained Obligations;

(j) all data that cannot be disclosed to Assignee as a result of confidentiality arrangements under agreements with Third Parties;

(k) all audit rights arising under any of the Applicable Contracts or otherwise with respect to any period prior to the Effective Time or to any of the Excluded Assets, except for any Imbalances and except to the extent such rights specifically relate to the Assumed Obligations;

(l) all geophysical and other seismic and related technical data and

information relating to the RTP Assets to the extent that such geophysical and other seismic and related technical data and information is not transferable without payment of a fee or other penalty to any Third Party under any Contract (as defined below) and which Assignee has not separately agreed in writing to pay;

(m) documents prepared or received by Assignor or its Affiliates with respect to (i) lists of prospective purchasers for the RTP Assets, (ii) bids submitted by other prospective purchasers of the RTP Assets, (iii) analyses by Assignor or its Affiliates of any bids submitted by any prospective purchaser, (iv) correspondence between or among Assignor, its representatives and any prospective purchaser other than Assignee and (v) correspondence between Assignor or any of its representatives with respect to any of the bids, the prospective purchasers or the transactions contemplated by the Purchase Agreement (as defined below);

(n) any offices, office leases and any office furniture or office supplies located in or on such offices or office leases;

(o) any assets described in Section 1.1(d), Section 1.1(e) or Section 1.1(h) that are not assignable;

(p) the property set forth on Exhibit B-1, including the surface of the real property in Hood County, Texas commonly known as the "Mitchell Ranch;"

(q) the assets set forth on Exhibit B-2;

(r) the assets set forth on Exhibit B-3;

(s) all Hedge Contracts (as defined below); and

(t) any Contracts that constitute master services agreements or similar contracts.

TO HAVE AND TO HOLD the RTP Assets unto Assignee, its successors and assigns forever, subject, however, to the matters set forth herein.

ARTICLE II WARRANTY OF TITLE; LIMITATION OF WARRANTIES

Section 2.1 Special Warranty. Assignor binds itself to warrant and forever defend, all and singular title to the RTP Assets unto Assignee against every Person whomsoever lawfully claiming or to claim the same or any part thereof, by, through or under Assignor only, but not otherwise, subject to the Permitted Encumbrances and all matters of record as of February 28, 2011 in the state records and the counties where the RTP Assets are located. In this regard, Assignor only represents and warrants to Assignee that Assignor has not conveyed or created an Encumbrance on any interest in the RTP Assets since the date of Assignor's acquisition of the RTP Assets. The warranty given by Assignor in this Assignment is a special warranty of title only. For the avoidance of doubt, the special warranty contained in this Section 2.1 is subject to the limitations set forth in Article XI of the Purchase Agreement (as defined below).

Section 2.2 Subrogation. Assignee shall be and is subrogated to all covenants and warranties of title by Persons previously given or made to Assignor or its predecessors in title in respect of any of the RTP Assets.

Section 2.3 Subject to Purchase Agreement. This Assignment is made by Assignor and accepted by Assignee subject to the terms, provisions and conditions of that Purchase and Sale Agreement dated February 28, 2011 (the "*Purchase Agreement*"), by and between Assignor, Range Resources Corporation, Energy Assets Operating Company, LLC and Assignee.

ARTICLE III DISCLAIMERS; ASSUMPTION

Section 3.1 Disclaimers.

(a) EXCEPT AS AND TO THE LIMITED EXTENT EXPRESSLY SET FORTH IN ARTICLE IV OF THE PURCHASE AGREEMENT, SECTION 11.1(b) OF THE PURCHASE AGREEMENT, THE ASSIGNMENTS OR IN THE CERTIFICATE DELIVERED AT THE CLOSING PURSUANT TO SECTION 9.3(j) OF THE PURCHASE AGREEMENT (I) ASSIGNOR MAKES NO REPRESENTATIONS OR WARRANTIES, EXPRESS, STATUTORY OR IMPLIED, AND (II) ASSIGNOR EXPRESSLY DISCLAIMS ALL LIABILITY AND RESPONSIBILITY FOR ANY REPRESENTATION, WARRANTY, STATEMENT OR INFORMATION MADE OR COMMUNICATED (ORALLY OR IN WRITING) TO ASSIGNEE OR ANY OF ITS AFFILIATES, EMPLOYEES, AGENTS, CONSULTANTS OR REPRESENTATIVES (INCLUDING, ANY OPINION, INFORMATION, PROJECTION OR ADVICE THAT MAY HAVE BEEN PROVIDED TO ASSIGNEE BY ANY OFFICER, DIRECTOR, EMPLOYEE, AGENT, CONSULTANT, REPRESENTATIVE OR ADVISOR OF ASSIGNOR OR ANY OF ITS AFFILIATES).

(b) EXCEPT AS AND TO THE LIMITED EXTENT EXPRESSLY REPRESENTED OTHERWISE IN ARTICLE IV OF THE PURCHASE AGREEMENT, THE ASSIGNMENTS OR IN THE CERTIFICATE DELIVERED AT THE CLOSING BY ASSIGNOR PURSUANT TO SECTION 9.3(j) OF THE PURCHASE AGREEMENT, AND WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, ASSIGNOR EXPRESSLY DISCLAIMS ANY REPRESENTATION OR WARRANTY, EXPRESS, STATUTORY OR IMPLIED, AS TO (I) TITLE TO ANY OF THE RTP ASSETS, (II) THE CONTENTS, CHARACTER OR NATURE OF ANY REPORT OF ANY PETROLEUM ENGINEERING CONSULTANT OR ANY ENGINEERING, GEOLOGICAL OR SEISMIC DATA OR INTERPRETATION, RELATING TO THE RTP ASSETS, (III) THE QUANTITY, QUALITY OR RECOVERABILITY OF HYDROCARBONS IN OR FROM THE RTP ASSETS, (IV) ANY ESTIMATES OF THE VALUE OF THE RTP ASSETS OR FUTURE REVENUES GENERATED BY THE RTP ASSETS, (V) THE PRODUCTION OF HYDROCARBONS FROM THE RTP ASSETS, (VI) THE MAINTENANCE, REPAIR, CONDITION, QUALITY, SUITABILITY, DESIGN OR MARKETABILITY OF THE RTP ASSETS, (VII) THE CONTENT, CHARACTER OR NATURE OF ANY INFORMATION MEMORANDUM, REPORTS, BROCHURES, CHARTS OR

STATEMENTS PREPARED BY ASSIGNOR OR THIRD PARTIES WITH RESPECT TO THE RTP ASSETS, (VIII) ANY OTHER MATERIALS OR INFORMATION THAT MAY HAVE BEEN MADE AVAILABLE TO ASSIGNEE OR ITS AFFILIATES OR ITS OR THEIR EMPLOYEES, AGENTS, CONSULTANTS, REPRESENTATIVES OR ADVISORS IN CONNECTION WITH THE TRANSACTIONS CONTEMPLATED BY THIS ASSIGNMENT OR ANY DISCUSSION OR PRESENTATION RELATING THERETO AND (IX) ANY IMPLIED OR EXPRESS WARRANTY OF FREEDOM FROM PATENT OR TRADEMARK INFRINGEMENT. EXCEPT AS AND TO THE LIMITED EXTENT EXPRESSLY REPRESENTED OTHERWISE IN ARTICLE IV OF THE PURCHASE AGREEMENT, THE ASSIGNMENTS OR IN THE CERTIFICATE DELIVERED AT THE CLOSING BY ASSIGNOR PURSUANT TO SECTION 9.3(j) OF THE PURCHASE AGREEMENT, ASSIGNOR FURTHER DISCLAIMS ANY REPRESENTATION OR WARRANTY, EXPRESS, STATUTORY OR IMPLIED, OF MERCHANTABILITY, FREEDOM FROM LATENT VICES OR DEFECTS, FITNESS FOR A PARTICULAR PURPOSE OR CONFORMITY TO MODELS OR SAMPLES OF MATERIALS OF ANY OF THE RTP ASSETS, RIGHTS OF A PURCHASER UNDER APPROPRIATE STATUTES TO CLAIM DIMINUTION OF CONSIDERATION OR RETURN OF THE PURCHASE PRICE, IT BEING EXPRESSLY UNDERSTOOD AND AGREED BY THE PARTIES THAT ASSIGNEE SHALL BE DEEMED TO BE OBTAINING THE RTP ASSETS IN THEIR PRESENT STATUS, CONDITION AND STATE OF REPAIR, "AS IS" AND "WHERE IS" WITH ALL FAULTS OR DEFECTS (KNOWN OR UNKNOWN, LATENT, DISCOVERABLE OR UNDISCOVERABLE), AND THAT ASSIGNEE HAS MADE OR CAUSED TO BE MADE SUCH INSPECTIONS OF THE RTP ASSETS AS ASSIGNEE DEEMS APPROPRIATE.

(c) OTHER THAN AS AND TO THE LIMITED EXTENT EXPRESSLY REPRESENTED OTHERWISE IN SECTION 4.14 OF THE PURCHASE AGREEMENT AND THE CORRESPONDING REPRESENTATION CONTAINED IN THE CERTIFICATE DELIVERED AT THE CLOSING BY ASSIGNOR PURSUANT TO SECTION 9.3(j) OF THE PURCHASE AGREEMENT, ASSIGNOR HAS NOT AND WILL NOT MAKE ANY REPRESENTATION OR WARRANTY REGARDING ANY MATTER OR CIRCUMSTANCE RELATING TO ENVIRONMENTAL LAWS, THE RELEASE OF HAZARDOUS SUBSTANCES INTO THE ENVIRONMENT OR THE PROTECTION OF HUMAN HEALTH, SAFETY, NATURAL RESOURCES OR THE ENVIRONMENT, OR ANY OTHER ENVIRONMENTAL CONDITION OF THE RTP ASSETS, AND NOTHING IN THIS ASSIGNMENT OR OTHERWISE SHALL BE CONSTRUED AS SUCH A REPRESENTATION OR WARRANTY, AND SUBJECT TO ASSIGNEE'S LIMITED RIGHTS AS EXPRESSLY SPECIFIED IN THE PURCHASE AGREEMENT FOR A BREACH OF ASSIGNOR'S REPRESENTATIONS SET FORTH IN SECTION 4.14 OF THE PURCHASE AGREEMENT AND THE CORRESPONDING REPRESENTATION CONTAINED IN THE CERTIFICATE DELIVERED AT THE CLOSING BY ASSIGNOR PURSUANT TO SECTION 9.3(j) OF THE PURCHASE AGREEMENT, ASSIGNEE SHALL BE DEEMED TO BE OBTAINING THE RTP ASSETS "AS IS" AND "WHERE IS" WITH ALL FAULTS FOR PURPOSES OF THEIR ENVIRONMENTAL CONDITION AND

THAT ASSIGNEE HAS MADE OR CAUSED TO BE MADE SUCH ENVIRONMENTAL INSPECTIONS OF THE RTP ASSETS AS ASSIGNEE DEEMS APPROPRIATE.

(d) ASSIGNOR AND ASSIGNEE AGREE THAT, TO THE EXTENT REQUIRED BY APPLICABLE LAW TO BE EFFECTIVE, THE DISCLAIMERS OF CERTAIN REPRESENTATIONS AND WARRANTIES CONTAINED IN THIS ASSIGNMENT ARE "CONSPICUOUS" DISCLAIMERS FOR THE PURPOSE OF ANY APPLICABLE LAW.

Section 3.2 Assumption. EXCEPT AS EXPRESSLY PROVIDED IN THE PURCHASE AGREEMENT, ASSIGNEE ASSUMES ALL ASSUMED OBLIGATIONS, WHETHER OR NOT CAUSED OR CONTRIBUTED IN WHOLE OR IN PART BY THE NEGLIGENCE, FAULT OR STRICT LIABILITY (WHETHER ACTIVE, PASSIVE, SOLE, SIMPLE, CONCURRENT, CONTINGENT OR OTHERWISE) OF, OR BREACH OF CONTRACT OR VIOLATION OR LAW BY, ASSIGNOR OR ANY OTHER PERSON AND WHETHER BASED ON, RELATED TO OR ARISING OUT OF (IN WHOLE OR IN PART IN ANY WAY) ANY THEORY OF LIABILITY OR FAULT WHETHER IN TORT, CONTRACT, QUASI-CONTRACT, STRICT LIABILITY, UNSEAWORTHINESS OF ANY VESSEL, MISREPRESENTATION, EQUITY, INDEMNITY, CONTRIBUTION, VIOLATION OR OPERATION OF ANY LAW OR ANY OTHER CAUSE WHATSOEVER.

ARTICLE IV MISCELLANEOUS

Section 4.1 Certain Definitions. Capitalized terms used herein shall have the meanings set forth in the body of this Assignment or in this Section 4.1, or if not defined herein, shall have the meanings given to such terms in the Purchase Agreement.

"Affiliate" shall mean any Person that, directly or indirectly, through one or more intermediaries, controls, is controlled by or is under common control with, another Person. The term "control" and its derivatives with respect to any Person means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of such Person, whether through the ownership of voting securities, by contract or otherwise.

"Applicable Contracts" shall mean all Contracts (a) by which any of the RTP Assets are bound and that will be binding on Assignee after the Closing and/or (b) that primarily relate to the ownership, operation or development of the RTP Assets, but exclusive of any master service agreements.

"Contracts" shall mean any written or oral contract, agreement, agreement regarding indebtedness, indenture, debenture, note, bond, loan, collective bargaining agreement, lease, mortgage, franchise, license agreement, purchase order, binding bid, commitment, letter of credit or any other legally binding arrangement, including farmin and farmout agreements; participation, exploration and development agreements, crude oil, condensate and natural gas purchase and sale, gathering, transportation and marketing agreements; operating agreements; balancing agreements; unitization agreements; processing agreements; facilities or equipment

leases; production handling agreements; and other similar Contracts, but excluding, however, any Lease, easement, right-of-way, permit or other instrument creating or evidencing an interest in the RTP Assets or any real property related to or used or held for use in connection with the operations of any RTP Assets.

“*Hedge Contracts*” shall mean shall mean any swap, forward, future or derivative transaction or option or other similar hedge agreement.

“*Hydrocarbons*” shall mean oil and gas and other hydrocarbons produced or processed in association therewith.

“*Imbalances*” shall mean (a) any marketing imbalance between the quantity of Hydrocarbons attributable to the RTP Assets required to be delivered by Assignor under any Contract or Law relating to the purchase and sale, gathering, transportation, storage, processing or marketing of such Hydrocarbons and the quantity of Hydrocarbons attributable to the RTP Assets actually delivered by Assignor pursuant to the relevant Contract or Law, together with any appurtenant rights and obligations concerning production balancing at the delivery point into the relevant sale, gathering, transportation, storage or processing facility, or (b) any imbalance at the wellhead between the amount of Hydrocarbons produced from a Well and allocable to the interests of Assignor therein and the shares of production from the relevant Well to which Assignor is entitled, together with any appurtenant rights and obligations concerning future in kind and/or cash balancing at the wellhead, as applicable.

“*Liabilities*” shall mean any and all claims, causes of action, payments, charges, judgments, assessments, liabilities, losses, damages, penalties, fines and costs and expenses, including any attorneys’ fees, legal or other expenses incurred in connection therewith and including liabilities, costs, losses and damages for personal injury or death or property damage or environmental damage or remediation.

“*Rights-of-Way*” shall mean all permits, licenses, servitudes, easements, fee surface, surface leases and rights-of-way used or held for use in connection with the ownership or operation of the Assets.

“*Third Parties*” shall mean any person other than a party to this Assignment or an Affiliate of a party to this Assignment.

Section 4.2 Additional Agreements. Assignor covenants and agrees to execute and deliver, or shall cause to be executed and delivered, from time to time such further instruments of conveyance and transfer, and shall take such other actions as Assignee may reasonably request, to convey and deliver the RTP Assets to Assignee, to perfect Assignee’s title thereto and to accomplish the orderly transfer of the RTP Assets to Assignee in the manner contemplated by the Purchase Agreement.

Section 4.3 Successors and Assigns. All of the provisions of this Assignment shall inure to the benefit of and be binding upon the respective permitted successors and assigns of Assignor and Assignee.

Section 4.4 Governing Law. THIS ASSIGNMENT SHALL BE GOVERNED AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, EXCLUDING ANY CONFLICTS OF LAW RULE OR PRINCIPLE THAT MIGHT REFER CONSTRUCTION OF SUCH PROVISIONS TO THE LAWS OF ANOTHER JURISDICTION. EACH OF ASSIGNOR AND ASSIGNEE CONSENT TO THE EXERCISE OF JURISDICTION IN PERSONAM BY THE COURTS OF THE STATE OF TEXAS FOR ANY ACTION ARISING OUT OF THIS ASSIGNMENT. ALL ACTIONS OR PROCEEDINGS WITH RESPECT TO, ARISING DIRECTLY OR INDIRECTLY IN CONNECTION WITH, OUT OF, RELATED TO OR FROM THIS ASSIGNMENT SHALL BE EXCLUSIVELY LITIGATED IN COURTS HAVING SITES IN EITHER FORT WORTH, TARRANT COUNTY, TEXAS OR HOUSTON, HARRIS COUNTY, TEXAS. EACH OF ASSIGNOR AND ASSIGNEE WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY ACTION, SUIT OR PROCEEDING ARISING OUT OF OR RELATING TO THIS ASSIGNMENT.

Section 4.5 Exhibits. All Exhibits attached hereto are hereby made part hereof and incorporated herein by this reference. References in such Exhibits to instruments on file in the public records are notice of such instruments for all purposes. Unless provided otherwise, all recording references in such exhibits are to the appropriate records of the counties in which the RTP Assets are located.

Section 4.6 Separate Assignments. Where separate assignments of the RTP Assets have been or will be executed for filing with, and approval by, applicable governmental authorities, any such separate assignments (a) shall evidence this Assignment and assignment of the applicable RTP Assets herein made and shall not constitute any additional Assignment or assignment of such properties, (b) are not intended to modify, and shall not modify, any of the terms, covenants and conditions or limitations on warranties set forth in this Assignment and are not intended to create, and shall not create, any representations, warranties or additional covenants of or by Assignor to Assignee and (c) shall be deemed to contain all of the terms and provisions of this Assignment, as fully and to all intents and purposes as though the same were set forth at length in such separate assignments.

Section 4.7 Counterparts. This Assignment may be executed in any number of counterparts, and each counterpart hereof shall be deemed to be an original instrument, but all such counterparts shall constitute but one instrument. Exhibit A may be redacted for filing in each county, such that the Exhibit filed in any county will describe only those RTP Assets located in such county. A fully executed copy of the Assignment with the entire Exhibit A is held in each of Assignor's and Assignee's offices.

[Signature Page Follows.]

IN WITNESS WHEREOF, the parties hereto have executed this Assignment on the dates of the acknowledgments set forth below, to be effective, however, for all purposes, as of 7:00 a.m., local time where the RTP Assets are located, on the 1st day of February 1, 2011 (the "*Effective Time*").

EXHIBIT B-1

EXCLUDED ASSETS, PART I

1. Surface of the "Mitchell Ranch" as described below:

The surface estate only of the following described tract of land:

1994.862 acres situated in the J. C. Crites Survey, Abst. No. 135; B. A. Crockett Survey, Abst. No. 646; Nath H. Hooe Survey, Abst. No., 272, Nath H. Hooe Survey, Abst. No. 281; John Howard Survey, Abst. No. 716; John Howard Survey, Abst. No. 718; J. F. Kerr Survey, Abst. No. 724; Geo. W. Mead Survey, Abst. No. 349; R. Merritt Survey, Abst. No. 356; D. C. Miller Survey, Abst. No. 759, J. W. Peacock Survey, Abst. No. 854; J. W. Peacock Survey, Abst. No. 855; W. A. Ring Survey, Abst. No. 760; J. W. Washburn Survey, Abst. No. 605; B. Wolhford Survey, Abst. No. 818 and the J. M. Ybarbo Survey, Abst. No. 747, Hood County, Texas, being that certain tract of land conveyed to O.N. Mitchell and Son, by deed recorded in Volume 131, Page 244, Deed Records, Hood County, Texas, being a portion of the Sixth Tract, Seventh Tract, Tenth Tract and the Eleventh Tract and all of the First Tract, Second Tract, Fourth Tract, Fifth Tract, Eighth Tract, Ninth Tract, Thirteenth Tract, Fourteenth Tract, Fifteenth Tract and the Sixteenth Tract and all that certain tract of land conveyed to O. N. Mitchell, Jr. by deed recorded in Volume 135, Page 508, Deed Records, Hood County, Texas and being that certain tract of land conveyed to O. N. Mitchell Sr. and O.N. Mitchell Jr., by deed recorded in Volume 144, Page 139, Deed Records, Hood County, Texas, being a portion of the First Tract and Third Tract and all of the Second Tract, said 1994.862 acres being more particularly described as follows:

Beginning at a 2" pipe found in the northwesterly line of SUNCHASE HILLS, an Addition to Hood County, Texas, according to Plat recorded in Slide A-261-B, Plat Records, Hood County, Texas;

THENCE S.55 °12'35"W, along the northwesterly line of said SUNCHASE HILLS, 1274.24 feet to a 2" pipe found at the most westerly corner of said SUNCHASE HILLS and the northeast corner of HILLTOP ESTATES, an Addition to Hood County, Texas, according to Plat recorded in Slide A-327-A, Plat Records, Hood County, Texas;

THENCE N.68°09'39"W, along the north line of said HILLTOP ESTATES, 419.58 feet to a 3/8" iron found;

THENCE N.60°05'31"W, continuing along the north line of said HILLTOP ESTATES, 370.05 feet to a 3/4" iron found at the northwest corner of said HILLTOP ESTATES and the northeast corner of that certain tract of land conveyed to Beverly Hicks, by deed recorded in Volume 1424, Page 204, Deed Records, Hood County, Texas;

THENCE S.61°13'13"W, along the north line of said Hicks tract, 466.39 feet to a fence post found;

THENCE S.83°19'51"W, continuing along the north line of said Hicks tract, passing the northwest corner of said Hicks tract and the northeast corner of that certain tract of land conveyed to Christopher S. Watson et ux, by deed recorded in Volume 1733, Page 687, Deed Records, Hood County, Texas, and continuing along the north line of said Watson tract, in all, 839.53 feet to an 8" steel post found;

THENCE along the north line of said Watson tract as follows:

N.22°01'25"W., 67.87 feet to an 8" cedar post found;

S.70°47'45"W., 120.68 feet to a 3/8" iron found;

S.84 °52'12"W., passing the northwest corner of said Watson tract and the northeast corner of that certain tract of land conveyed to Shawn Klent Williamson, by deed recorded in Volume 1612, Page 99, Deed Records, Hood County, Texas and continuing along the north line of said Williamson tract, at 2166.57 feet passing 3/8" iron found at the northwest corner of said Williamson tract, in the northeasterly line of M & M Ranch Road (R.O.W. varies) and continuing in all, 2179.30 feet to the southwest corner of said O.N. Mitchell Jr. tract recorded in Volume 135, Page 508, in M & M Ranch Road;

THENCE N.29°08'29"W., along the southwesterly line of said O.N. Mitchell Jr. tract in said M & M Ranch Road, 754.79 feet to a railroad tie fence corner post found at the northwest corner of said O.N. Mitchell Jr. tract;

THENCE N. 61°24;51"E., along the northwesterly line of said O.N. Mitchell Jr. tract, 741.64 feet to an 8" cedar post found at the southwest corner of said O.N. Mitchell Sr. and O.N. Mitchell Jr. tract recorded in Volume 144, Page 139, described as Second Tract;

THENCE N.29°19'31"W, along the southwesterly line of said Second tract, 1201.57 feet to a railroad tie found in the south line of the Fort Worth and Rio Grande Railroad Company Right-of-Way;

THENCE along the south line of said Fort Worth and Rio Grande Railroad Company Right-of-Way, generally along a fence as follows:

N.50°19'28"E, 100.00 feet; N.51°01'50"E., 100.00 feet; N.49°51'03"E, 100.00 feet;

 N.75°25'56"E, 100.00 feet; N.76°20'16"E, 1607.94 feet; N.71°44'19"E, 100.00 feet;
 N.68°42'02"E, 100.00 feet; N. 63°34'18"E, 100.00 feet; N.59°32'33"E, 100.00 feet;
 N.59°27'44"E, 100.00 feet; N.50°59'03"E, 100.00 feet; N.49°10'43"E, 100.00 feet;
 N.40°43'13"E, 100.00 feet; N.40°43'13"E, 100.00 feet; N.40°43'13"E, 100.00 feet;
 N.34°05'45"E, 100.00 feet; N.30°24'23"E, 100.00 feet; N.30°20'03"E, 688.36 feet to a railroad
 tie found in the north line of said O.N. Mitchell and Son tract recorded in Volume 131, Page 244,
 described as Seventh Tract and south line of a tract of land owned by Richard J. Smelley and
 wife, Mildred and A. R. Smelly and wife, Pearl;

THENCE along the common line of said O.N. Mitchell and Son tracts and Smelley tract,
 generally along a fence as follows:

N.89°53'02"E, 2696.31 feet to a 3" steel post found;
 S.38°07'00"E, 1360.74 feet to an 8" steel post found;
 N.59°09'57"E, 1623.79 feet to an 8" steel post found;
 S.30°19'41"E, 4244.65 feet to a 10" cedar post found;
 N.76°00'31"E, 225.81 feet;
 N.72°34'56"E, 686.89 feet;
 N.69°31'09"E, 372.14 feet;
 N.69°40'04"E, 792.62 feet to a 10" cedar post found;
 S.24°26'25"E, 263.90 feet to a 3/8" iron found in the north line of Old Grandbury Road
 (R.O.W. varies);

THENCE along the north line of said Old Grandbury Road, generally along a fence as follows:

S.66°41'55"W, 710.70 feet; S.64°16'00"W, 626.42 feet; S.64°27'06"W, 748.82 feet; S.64°15'44"W, 466.86 feet; S.48°00'16"W, 190.25 feet; S.12°26'22"W, 513.00 feet; S.20°42'21"W, 237.61 feet; S. 29°34'17"W, 150.18 feet; S.36°13'29"W, 55.19 feet; S.39°20'05"W, 290.12 feet; S.45°11'46"W, 366.92 feet; S. 61°27'52"W, 223.21 feet; S. 60°35'40"W, 365.95 feet; S.57°53'55"E, 121.69 feet; S.46°45'38"W, 287.92 feet; S.44°11'03"W, 334.33 feet; S.44°37'17"E, 591.76 feet; S. 43°49'30"W, 277.69 feet; S. 44°42'29"W, 344.59 feet; S. 44°27'43"W, 577.34 feet; S.49°31'10"W, 69.26 feet; S.51°04'31"W, 104.12 feet; S. 58°06'01"W, 547.70 feet; S. 58°07'15"W, 144.03 feet; S. 58°05'37"W, 369.81 feet; S.58°37'52"W, 359.75 feet to a 4" steel post found at the southwest corner of said O.N. Mitchell and Son tract recorded in Volume 131, Page 244, described as Fourteenth Tract, in the east line of that certain tract of land conveyed to G. K. Randle, by deed recorded in Volume 76, Page 210, deed Records, Hood County, Texas;

THENCE along the common line of said O.N. Mitchell and Son tracts recorded in Volume 131, Page 244 and said Randle tract a follows:

N.30°36'38"W, 1972.56 feet to an 8" cedar post found;
S.59°50'30"W, 138.00 feet to an 8" cedar post found;
N.30°33'42"W, 3187.27 feet to a 3 " steel post found;
S.59°20.49"W, 2734.94 feet to a 3" steel post found;
S.30°28'47"E, 1330.44 feet to a 3" steel post found;
S.59°06'21"W, 1620.90 feet to a 2" pipe found at the most easterly northeast corner of said O.N. Mitchell Jr. tract recorded in Volume 135, Page 508

THENCE S.28°47'01 "E, along the common line of said O.N. Mitchell Jr. and Randle Tracts, 1598.81 feet to the POINT OF BEGINNING and containing 1994.862 acres of land, more or less.

NOTE: SELLER DOES NOT REPRESENT THAT THE ABOVE ACREAGE AND/OR SQUARE FOOTAGE CALCULATION ARE CORRECT.

2. **Certain excluded Leases:**

EXCLUDED OIL AND GAS LEASES

4. All Rights-of-Way, Personal Property and Applicable Contracts of Assignor to the extent primarily relating to the items set forth in 1, 2 and 3 above.
5. All rights and obligations related to the Pending Actions (as defined in the Purchase Agreement).

EXHIBIT B-3

EXCLUDED ASSETS, PART III (CONSENT PROPERTIES)

PART I:

The “*Consent Properties*” shall mean, collectively, all of RTP’s right, title and interest in and to the following:

(a) the oil and gas leases, fee mineral interests and other mineral interests described in *Part II(A) of this Exhibit B-3* (such interest in such leases and mineral interests, the “*Consent Leases*”), together with any and all other rights, titles and interests of RTP in and to the lands covered or burdened thereby, and all other interests of RTP of any kind or character in such Consent Leases;

(b) all wells (including all disposal or injection wells) located on any of the Consent Leases or on any other lease or lands with which any Consent Lease has been unitized (such interest in such wells, including the wells set forth in *Part III of this Exhibit B-3*, the “*Consent Wells*”), and in all Hydrocarbons produced therefrom or allocated thereto;

(c) all rights and interests in, under or derived from all unitization or pooling agreements in effect with respect to any of the Consent Leases or Consent Wells and the units created thereby (the “*Consent Units*”);

(d) to the extent that they may be assigned, all Applicable Contracts (i) by which any of the other Consent Properties are bound and that will be binding on the buyer of the Consent Properties after the closing of such transaction or (ii) that primarily relate to the ownership, operation or development of the other Consent Properties (such Applicable Contracts, but only to the extent such Applicable Contracts are attributable to the Consent Leases, the “*Consent Applicable Contracts*”), including those Consent Applicable Contracts set forth in *Part IV of this Exhibit B-3*;

(e) to the extent that they may be assigned, all Rights-of-Way that are used primarily in connection with the ownership or operation of any of the Consent Leases, Consent Wells, Consent Units or other Consent Properties, including the Rights-of-Way owned by RTP set forth in *Part II(B) of this Exhibit B-3*;

(f) all equipment, machinery, fixtures and other personal and mixed property, operational and nonoperational, known or unknown, located on any of the Consent Leases, Consent Wells, Consent Units or other Consent Properties, which are material to the ownership, operation or development of the Consent Leases, Consent Wells, Consent Units or other Consent Properties or which are primarily used or held for use in connection therewith, including, pipelines, gathering systems, well equipment, casing, tubing, pumps, motors, fixtures, machinery, compression equipment, flow lines, processing and separation facilities, structures, materials and other items primarily used in the operation thereof;

(g) all Imbalances relating to the other Consent Properties;

(h) all non-proprietary or proprietary geophysical, seismic and related technical data (in each case) that (i) are owned by RTP or its Affiliates, (ii) are transferable without payment of a fee or other penalty to any Third Party under any Contract and which the buyer of the Consent Properties has not separately agreed in writing to pay, and (iii) primarily relate to the Consent Leases, Consent Wells, Consent Units or other Consent Properties; and

(i) all of the files, records, information and data, whether written or electronically stored, that primarily relate to the ownership, operation or development of the other Consent Properties and that are in RTP's or its Affiliates' possession, including: (i) land and title records (including abstracts of title, title opinions and title curative documents); (ii) Consent Applicable Contract files; (iii) correspondence; (iv) operations, environmental, health and safety, pipeline safety, production, accounting and Tax records (other than those primarily relating to income or franchise Taxes), and (v) facility and well records.

("Lessor") and Stroud Energy Ltd ("Lessee") recorded in D205130372, Tarrant County,
Texas. ("Lease")
Carter Trust Unit 5H
Tarrant County, Texas

Dear Gentlemen,

Legend Natural Gas IV, LP is the present Lessee of the above referenced Lease, and the operator of the Carter Trust Unit 5H. This letter and the attached payment will serve as the required shut-in royalty payment in accordance with the above referenced Lease. Please find enclosed check number 017523, dated January 12, 2012. The amount of \$300.00 is hereby tendered in full to meet the shut-in royalty payment requirement.

Please acknowledge your receipt of the enclosed check by dating and executing this letter in the space provided below and returning one (1) copy in the enclosed self addressed and stamped envelope.

Should you have any questions, please feel free to contact me directly at (281) 644-5952 or by email at CRauch@lng2.com.

Yours very truly,

Cassandra Rauch

Re: Texas GLO Lease No. MF104766
Your Lease No. 7149-00
Tarrant County TX – Shut-in royalty payment (HROW)

Dear Ms Rauch:

This acknowledges receipt of your check in the amount of \$300.00 on January 23, 2012 as shut-in royalty payment for the referenced State lease (copy of check stub is enclosed for identification). Acceptance of this payment does not ensure that agreement obligations have been met. Our shut-in affidavit (copy enclosed) must be completed, notarized and returned to the General Land Office within 30 days of receipt of this letter.

If you would like to access the affidavit form online, you may find it here:
<http://www.glo.state.tx.us/energy/leasesales/shut-in/index.html>

Please note that the Texas Administrative Code contains the following provision at Title 31, Part I, Chapter 9, Subchapter C, Rule 9.36, (e).

(e) Affidavit required. Upon receipt of a shut-in royalty, the GLO will send a shut-in affidavit to the party paying the shut-in royalty. The affidavit must be completed and returned to the GLO. Failure to complete and return the affidavit as required may result in a penalty under §9.32(c)(3)(B)(iii), and/or forfeiture of the lease.

I look forward to hearing from you within the required 30 day period with the executed shut-in affidavit, any assignment and the filing fee.

Yours truly,

Harriet Dunne, CPL

Re: Tendered Shut-in Royalties under Oil and Gas Lease for GLO Lease No. MF104766,
Tarrant County, Texas

Dear Ms. Dunne,

In January, Cassandra Rauch, Manager of our Land Administration Department, sent you a letter and a check in the amount of \$300.00 as a shut-in royalty payment for the above referenced lease. Legend Natural Gas IV, L.P. purchased the majority Range Resources Corporation's assets in the Barnett shale and there was breakdown in responsibilities during the transition period between Range Resources Corporation's operations of the Carter Trust Unit and other units and the time Legend actually received the data, files and assumed operations.

Upon our further review of the facts surrounding the drilling and completion of the Carter Trust Unit Well No. 5H, as well as another review of the GLO Lease No. MF104766 lease, we now believe no shut-in royalty payment was due and owing under the Oil and Gas Lease. Specifically, the Well No. 5H, as drilled and completed, has never been capable of producing gas including in paying or commercial quantities. It produces and has produced salt water. As a result, shut-in royalty payments cannot be due and owing for the 5H Well after it was shut-in and temporarily abandoned for production of salt water. Let me explain this position.

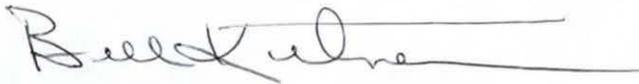

Our review of the Lease reveals it does not contain a definition of a shut-in well, including for the payment of shut-in royalties. We understand Texas law provides that a shut-in well is a well which is a completed oil or gas well capable of producing in paying quantities without additional equipment or repairs, but the valves through which oil or gas flow through said well are closed due to the temporary cessation of production for various reasons, including to repair or clean the well, to allow the reservoir pressure to build, or for lack of market to sell the produced oil and/or gas.

Legend, and Range Resources, its predecessor, has had and continues to have, production and/or operations within the Carter Trust Unit in paying commercial quantities from before May 19, 2006, without any cessation of more than sixty (60) consecutive days from wells other than the No. 5H Well. This means that the Lease and other leases pooled in the Carter Trust Unit are held by such production and operations insofar as they are contained within the unit (if less than all of the lands covered by such leases are included in the unit), notwithstanding the shutting-in of the 5H Well.

We apologize for any inconvenience we may have caused because of the confusion in the well being a called a shut-in well in the daily business records for the Carter Trust Unit and, to the extent you have been previously paid any monies for what we believed was a shut-in royalty payment, please either return the amount tendered or retain the same because of inconvenience. If the funds are retained, Legend will not attempt to recoup the amount either through a direct payment or out of royalties attributable to the GLO Lease No. MF 104766 under its Oil and Gas Lease in the Carter Trust Unit. Legend will simply waive its claim to these funds. Should you have any questions or comments or need additional information, please do not hesitate to contact me at (817) 872-7840, or via email at bkutner@lng2.com.

Sincerely yours,

Bill Kutner
Senior Landman

Harriet Dunne - State Lease MF104766 - shut-in royalty-Tarrant Co TX

From: Harriet Dunne
To: bkutner@lng2.com
Date: 2/24/2012 10:10 AM
Subject: State Lease MF104766 - shut-in royalty-Tarrant Co TX

Mr. Kutner,

Thank you for your letter of Feb 16, 2012 wherein you explained that the shut-in royalty which we received on Jan 23, 2012, paid under the subject lease was, in fact, not due. We accept your explanation, and have made a request for refund of the shut-in payment. You should be receiving that refund in about 4 weeks.

Thank you,

Harriet Dunne, CPL
