W Lease /Revised 10/89

# The State of Texas

## Austin, Texas

**PAID-UP**
**OIL AND GAS LEASE NO. M-106587**
**GENERAL LAND OFFICE**
**AUSTIN, TEXAS**

THIS AGREEMENT made and entered into by and between the Commissioner of the General Land Office of the State of Texas, whose address is Stephen F. Austin Building, 1700 North Congress, Austin, Texas, 78701, hereinafter called "Lessor", hereunto authorized by the School Land Board, pursuant to the provisions of Chapters 32 and 52 of the Natural Resources Code (hereinafter called N.R.C.), and amendments thereto, and all applicable rules promulgated by the School Land Board and Dale Resources, LLC, whose address is 2100 Ross Ave., Suite 1870, Dallas, Texas 75201 hereinafter called "Lessee".

1. Lessor, in consideration of Ninety One Thousand Four Hundred Three and 00/100 **( $ 91,403.00),** receipt of which is hereby acknowledged, and of the covenants and agreements of Lessee hereinafter contained, does hereby grant, lease, and let unto Lessee the land covered hereby for the purposes and with the exclusive right of exploring, drilling, mining and operating for, producing and owning oil, gas, and all other hydrocarbons, produced from the land covered hereby. The land covered hereby, herein called "said land" is located in the County of Tarrant State of Texas, and is described as follows:

   11.57 acres of land, more or less, situated in said Tarrant County, Texas, more particularly described in Exhibit "A" attached hereto and made a part hereof together with a plat, attached hereto as Exhibit "B", depicting said right-of-way and surrounding area for purposes of illustration only.

For the purpose of determining the amount of any bonus or other payment hereunder, said land shall be deemed to contain 11.57 acres, whether actually containing more or less, and the above recital of acreage shall be deemed to be the true acreage thereof. Lessor accepts the bonus as lump sum consideration for this lease and all rights and options hereunder.

2. PRIMARY TERM: This lease, which is a "paid up" lease requiring no rentals, shall remain in force for a term of one year (1) from July 25th, 2006 hereinafter called "primary term", and as long thereafter as operations, as hereinafter defined, are conducted upon said land with no cessation for more than ninety (90) consecutive days.

3. ROYALTIES: As royalty Lessee covenants and agrees: (a) To deliver to the credit of Lessor, in the pipe line to which Lessee may connect its well, the equal 1/4th part of all oil produced and saved by Lessee from said land, or from time to time, at the option of Lessee, to pay Lessor the average posted market price of such 1/4th part of such oil at the wells as of the day it is run to the pipe line or storage tanks, Lessor's interest, in either case, to bear none of the cost of treating oil to render it marketable pipe line oil; (b.) To pay Lessor on gas and casinghead gas produced from said land (1) when sold by lessee 1/4th of the amount realized by Lessee, computed at the mouth of the well, or (2) when used by Lessee off said land or in the manufacture of gasoline or other products, the market value, at the mouth of the well, of 1/4th of such gas and casinghead gas.

(c.) If, at the expiration of the primary term or at any time or times thereafter, there is any well on said land or on lands with which said land or any portion thereof has been pooled, capable of producing oil or gas, and all such wells are shut-in, this lease shall, nevertheless, continue in force as though operations were being conducted on said land for so long as said wells are shut-in, and thereafter this lease may be continued in force as if no shut-in had occurred

(d.) Lessee covenants and agrees to use reasonable diligence to produce, utilize, or market the minerals capable of being produced from said wells, but in the exercise of such diligence, Lessee shall not be obligated to install or furnish facilities other than well facilities and ordinary lease facilities of flow lines, separator, and lease tank, and shall not be required to settle labor trouble or to market gas upon terms unacceptable to Lessee.

(e.) If at any time or times after the expiration of the primary term, all such wells are shut-in for a period of ninety consecutive days, and during such time there are no operations on said land, then at or before the expiration of said ninety day period, lessee shall pay or tender, by check of lessee, as royalty, the sum of $100.00 per ac. Lessee shall make like payments or tenders at or before the end of each anniversary of the expiration of said ninety day period if upon such anniversary this lease is being continued in force solely by reason of the provisions of this paragraph. Each such payment or tender shall be made to the parties who at the time of payment would be entitled to receive the royalties which would be paid under this lease if the wells were producing. Nothing herein shall impair lessee's right to release as provided in paragraph 5hereof. In the event of assignment of this lease in whole or in part, liability for payment hereunder shall rest exclusively on the then owner or owners of this lease, severally as to acreage owned by each.

(f.) All royalties not taken in kind shall be paid to the Commissioner of the General Land Office at Austin, Texas, in the following manner:

Royalty on oil is due and must be received in the General Land Office on or before the 5th day of the second month succeeding the month of production, and royalty on gas is due and must be received in the General Land Office on or before the 15th day of the second month succeeding the month of production, accompanied by the affidavit of the owner, manager, or other authorized agent, completed in the form and manner prescribed by the General Land Office and showing the gross amount and disposition of all oil and gas produced and the market value of the oil and gas, together with a copy of all documents, records or reports confirming the gross production, disposition and market value including gas meter readings, pipeline receipts, gas line receipts and other checks or memoranda of amount produced and put into pipelines, tanks, or pools and gas lines or gas storage, and any other reports or records which the General Land Office may require to verify the gross production, disposition and market value. In all cases the authority of a manager or agent to act for the Lessee herein must be filed in the General Land Office. Each royalty payment shall be accompanied by a check stub, schedule, summary or other remittance advice showing by the assigned General Land Office lease number the amount of royalty being paid on each lease. If Lessee pays his royalty on or before thirty (30) days after the royalty payment was due, the Lessee owes a penalty of 5% on the royalty or $25.00, whichever is greater. A royalty payment which is over thirty (30) days late shall accrue a penalty of 10% of the royalty due or $25.00, whichever is greater. In addition to a penalty, royalties shall accrue interest at a rate of 12% per year; such interest will begin accruing when the royalty is sixty (60) days overdue. Affidavits and supporting documents which are not filed when due shall incur a penalty in an amount set by the General Land Office administrative rule which is effective on the date when the affidavits or supporting documents were due. The Lessee shall bear all responsibility for paying or causing royalties to be paid as prescribed by the due date provided herein. Payment of the delinquency penalty shall in no way operate to prohibit the State's right of forfeiture as provided by law nor act to postpone the date on which royalties were originally due. The above penalty provisions shall not apply in cases of title dispute as to the State's portion of the royalty or to that portion of the royalty in dispute as to fair market value. The State shall have first lien upon all oil and gas produced from the area covered by this lease to secure the payment of all unpaid royalty and other sums of money that may become due to the State hereunder.

4. POOLING: (a) Lessee is hereby granted the right, at its option, to pool or unitize any land covered by this lease with any other land covered by this lease, and/or with any other land, lease, or leases, as to any or all minerals or horizons. Units pooled for oil hereunder shall not exceed 160 acres each in area, and units pooled for gas hereunder shall not exceed in area 640 acres each plus a tolerance often percent (10%) thereof, unless oil or gas units of a greater size are allowed under or prescribed by rules of the Railroad Commission of Texas. A unit established hereunder shall be valid and effective for all purposes of this lease even though there may be

mineral, royalty, or leasehold interests in lands within the unit, which are not effectively pooled or unitized. Any operations conducted on any part of such unitized land shall be considered, for all purposes, except the payment of royalty, as operations conducted upon said land under this lease. There shall be allocated to the land covered by this lease within each such unit (or to each separate tract within the unit if this lease covers separate tracts within the unit) the proportion of the total production of unitized minerals from the unit, after deducting any used in lease or unit operations, which the number of surface acres in such land (or in each such separate tract) covered by this lease within the unit bears to the total number of surface acres in the unit, and the production so allocated shall be considered for all purposes, including payment or delivery of royalty, overriding royalty and any other payments out of production, to be the entire production of unitized minerals from the land to which allocated in the same manner as though produced therefrom under the terms of this lease. The owner of the reversionary estate of any term royalty or mineral estate agrees that the accrual of royalties pursuant to this paragraph or of shut-in royalties from a well on the unit shall satisfy any limitation of term requiring production of oil or gas. The formation of any unit hereunder which includes land not covered by this lease shall not have the effect of exchanging or transferring any interest under this lease (including, without limitation, any shut-in royalty which may become payable under this lease) between parties owning interests in land covered by this lease and parties owning interests in land not covered by this lease. Neither shall it impair the right of Lessee to release as provided in paragraph 5 hereof, except that Lessee may not so release as to lands within a unit while there are operations thereon for unitized minerals unless all pooled leases are released as to lands within the unit. At any time while this lease is in force Lessee may dissolve any unit established hereunder by filing for record in the public office where this lease is recorded a declaration to that effect, if at that time no operations are being conducted thereon for unitized minerals. Subject to the provisions of this paragraph 4, a unit once established hereunder shall remain in force for so long as any lease subject thereto shall remain in force. If this lease now or hereafter covers separate tracts, no pooling or unitization of royalty interests as between any such separate tracts is intended or shall be implied or result merely from the inclusion of such separate tracts within this lease but Lessee shall nevertheless have the right to pool or unitize as provided in this paragraph 4 with consequent allocation of production as herein provided. As used in this paragraph 4, the words "separate tract" mean any tract with royalty ownership differing, now or hereafter, either as to parties or amounts, from that as to any other part of the leased premises.

(b) Neither unit production of oil or gas, nor unit operations, nor payment of shut-in royalties from a unit gas well, shall serve to hold the lease in force as to any area outside the unit, regardless of whether the production, maintenance of a shut-in gas well, or operations are actually located on the State tract or not.

(c) Lessee agrees to file with the General Land Office a copy of any unit designation, which this lease is included within ninety (90) days of such designation.

5. RELEASE: Lessee may relinquish the rights granted hereunder to the State at any time by recording the relinquishment in the county where this area is situated and filing the recorded relinquishment or certified copy of same in the General Land Office within ninety (90) days after its execution accompanied by the prescribed filing fee. Such relinquishment will not have the effect of releasing Lessee from any liability theretofore accrued in favor of the State.

6. REWORK: If at any time or times during the primary term operations are conducted on said land and if all operations are discontinued, this lease shall thereafter terminate at the end of the primary term or on the ninetieth day after discontinuance of all operations, whichever is the later date, unless on such later date either (1) Lessee is conducting operations or (2) the shut-in well provisions of paragraph 3 or the provisions of paragraph 9 are applicable. Whenever used in this lease the word "operations" shall mean operations for and any of the following: drilling, testing, completing, reworking, recompleting, deepening, plugging back or repairing of a well in search for or in an endeavor to obtain production of oil or gas, or production of oil or gas in paying quantities.

7. MINERAL USE: Lessee shall have the use, free from royalty, of oil and gas produced from said land in all operations hereunder.

8. NOTICE: In the event Lessor considers that Lessee has not complied with all its obligations hereunder, both express and implied, Lessor shall notify Lessee in writing, setting out specifically in what respects Lessee

has breached this contract. Lessee shall then have sixty (60) days after receipt of said notice within which to meet or commence to meet all or any part of the breaches alleged by Lessor. The service of said notice shall be precedent to the bringing of any action by Lessor on said lease for any cause, and no such action shall be brought until the lapse of sixty (60) days after service of such notice on Lessee. Neither the service of said notice nor the doing of any acts by Lessee aimed to meet all or any of the alleged breaches shall be deemed an admission or presumption that Lessee has failed to perform all its obligations hereunder. If this lease is canceled for any cause, it shall nevertheless remain in force and effect as to (1) sufficient acreage around each well as to which there are operations to constitute a drilling or maximum allowable unit under applicable governmental regulations, (but in no event less than forty acres), such acreage to be designated by Lessee as nearly as practicable in the form of a square centered at the well, or in such shape as then existing spacing rules require; and (2) any part of said land included in a pooled unit on which there are operations.

9. FORCE MAJEURE: If, while this lease is in force, at, or after the expiration of the primary term hereof, it is not being continued in force by reason of the shut-in well provisions of paragraph 3 hereof, and Lessee is not conducting operations on said land by reason of (1) any law, order, rule or regulation, (whether or not subsequently determined to be invalid) or (2) any other cause, whether similar or dissimilar, (except financial) beyond the reasonable control of Lessee, the primary term shall be extended until the first anniversary date hereof occurring ninety (90) or more days following the removal of such delaying cause, and this lease may be extended thereafter by operations as if such delay had not occurred.

10. LESSER ESTATE CLAUSE: If this lease covers a less interest in the oil or gas in all or any part of said land than the entire and undivided fee simple estate (whether lessors interest is herein specified or not), or no interest therein, then the royalties, and other monies accruing from any part as to which this lease covers less than such full interest, shall be paid only in the proportion which the interest therein, if any, covered by this lease bears to the whole and undivided fee simple estate therein.

11. ASSIGNMENTS: This lease may be transferred at any time. All transfers must reference the lease by file number and must be recorded in the county where the land covered hereby is located, and the recorded transfer or a copy certified to by the County Clerk of the county where the transfer is recorded must be filed in the General Land Office within ninety (90) days of the execution date, as provided by N.R.C. Section 52.026, accompanied by the prescribed filing fee. Every transferee shall succeed to all rights and be subject to all obligations, liabilities, and penalties owed to the State by the original Lessee or any prior transferee of the lease, including any liabilities to the State for unpaid royalties.

12. WELL INFORMATION: Lessee agrees to forthwith furnish Lessor, upon written request, with copies of all drilling logs, electrical logs, cores and core records and other information pertaining to all wells drilled by lessee either on the leased premises or acreage pooled therewith, when requested to do so. Said information shall remain confidential as required by statute.

13. SURFACE: Notwithstanding anything herein to the contrary, it is agreed that Lessee will not conduct any exploration or drilling on the surface of the leased premises or use the surface in the exercise of any rights herein granted. Any development of said land shall be by means of a directional well located off the leased premises, or by pooling of said land with other land, lease or leases as hereinabove provided.

14. COMPENSATORY ROYALTY: Lessee shall pay a compensatory royalty if this lease is not being held by production on the leased premises, by production from a pooled unit, or by payment of shut-in royalties in accordance with the terms of this lease, and if oil or gas is sold or delivered in paying quantities from a well located within 2500 feet of the leased premises and completed in a producible reservoir underlying the area leased hereunder or in any case in which drainage is occurring. Such compensatory royalty shall be paid at the royalty rate provided in this lease based on the value of production from the well as provided in the lease on which such well is located. The compensatory royalty shall be paid in the same proportion that the acreage of this lease has to the acreage of the proration unit surrounding the draining well plus the acreage of this lease. The compensatory royalty shall be paid monthly to the Commissioner of the General Land Office on or before the last day of the month after the month in which the oil or gas is sold and delivered from the well causing the drainage or from the well located within 2500 feet of the leased premises and completed in a producible reservoir under this lease. Notwithstanding anything herein to the contrary, compensatory royalty payable

hereunder shall be no less than an amount equal to double the Shut-in Royalty and shall maintain this lease in effect for so long as such payments are made as provided herein.

15. FORFEITURE: If Lessee shall fail or refuse to make payment of any sum within thirty (30) days after it becomes due, or if Lessee or an authorized agent should knowingly make any false return or false report concerning production or drilling, or if Lessee shall fail or refuse to drill any offset well or wells in good faith as required by law and the rules and regulations adopted by the Commissioner of the General Land Office, or if Lessee should fail to file reports in the manner required by law or fail to comply with rules and regulations promulgated by the General Land Office, or refuse the proper authority access to the records pertaining to operations, or if Lessee or an authorized agent should knowingly fail or refuse to give correct information to the proper authority, or knowingly fail or refuse to furnish the General Land Office a correct log of any well, or if this lease is pooled or assigned and the unit designation or assignment is not filed in the General Land Office as required by law, the rights acquired under this lease shall be subject to forfeiture by the Commissioner, and he shall forfeit same when sufficiently informed of the facts which authorize a forfeiture, and when forfeited the area shall again be subject to lease. However, nothing herein shall be construed as waiving the automatic termination of this lease by operations of law or by reason of any special limitation arising hereunder. Forfeitures may be set aside and this lease and all rights thereunder reinstated before the rights of another intervene upon satisfactory evidence to the Commissioner of the General Land Office of future compliance with the provisions of the law and of this lease and the rules and regulations that may be adopted relative hereto.

IN TESTIMONY WHEREOF, witness the signature of the Commissioner of the General Land Office of the State of Texas under the seal of the General Land Office.

Jerry E. Patterson

Exhibit "A"

Attached hereto and made a part of that certain Oil and Gas Lease dated July 25th, 2006 by and between the State of Texas, as lessor, and Dale Resources, L.L.C, as lessee, covering acreage to be leased in Tarrant County, along Seminary Drive, Tarrant County.

11.57 acres of land, more or less situated in the Louis Wetmore Survey, A-1649, the J. Armendaris Survey, A-1768, the William Hicks Survey, A-694 and the J. Collet Survey, A-260 all in Tarrant County. Said lands also being the same lands described in the following deeds recorded in the Deed Records of Tarrant County, State of Texas:

Deed from Portland Cement Company, to the County of Tarrant
dated 9/25/1935, and recorded in Vol.1261 P.524 of the Deed Records of Tarrant County, State of Texas.

RE: Application by Dale Resources, L.L.C. to acquire Oil and Gas Lease
11.57 acres, more or less, being Seminary Drive ~~R-O-W~~
Tarrant County, Texas

Dear Drew:

The City of Fort Worth ("City") received the following described land designated as R-O-W for Seminary Drive:

**11.57** acres of land, more or less, being all of that portion of Seminary Drive located in the Louis Wetmore Survey, Abstract No. 1649, the J. Armendaris Survey, Abstract No. 1768, the William Hicks Survey, Abstract No. 694, and the J. Collet Survey, Abstract No. 260, Tarrant County, Texas, from the Southeast corner of that certain tract of land deeded to Catherine Booth Friendship House Residence, recorded as Document #D203398082 to the Southwest corner of that certain tract of land deeded to Christian Outreach recorded in Volume 10918, Page 165 of the Deed Records of Tarrant County, Texas which lies within the metes and bounds description of that certain deed dated September 25, 1935 by and between Southwestern Portland Cement Company, as Grantor, and Tarrant County, State of Texas, as Grantee, recorded in Volume 1261, Page 524, of the Deed Records of Tarrant County Texas.

Accordingly, Dale Resources owns oil and gas leases on either side of said R-O-W, and it is necessary for Dale to acquire an oil and gas lease covering the same in order to drill a horizontal well from an off-site location. We therefore request that the State of Texas grant Dale an oil and gas lease covering said land. If we are granted the lease, we will combine this lease with our present leases in a concerted plan of development for our Indus prospect area.

An affidavit, a plat, copies of pertinent oil and gas leases, and a filing fee check are enclosed. Thank you very much for your help, and please call me with any questions.

Sincerely,

Jack Newman x 45

# AFFIDAVIT

STATE OF TEXAS

COUNTY OF DALLAS

KNOW ALL MEN BY THESE PRESENTS:

BEFORE ME, the undersigned, a Notary Public in and for the State of Texas, on this day personally appeared John Newman, to me well known to be a credible person, and who after being by me duly sworn on his oath did state:

That I know the consideration Dale Resources, L.L.C. ("Dale") paid for the leases on the adjacent lands to the property designated as Seminary Drive R-O-W. That Dale paid Catherine Booth Friendship House Residence, Inc. two thousand dollars ($2,000) per mineral acre as bonus consideration for an oil, gas and mineral lease, which has not yet been recorded in the Official Public Records of Tarrant County, Texas, covering 3.5 acres adjacent to Seminary Drive. Dale paid the Commissioner of the General Land Office of the State of Texas six thousand eight hundred eighty-one and 88/100 dollars ($6,881.88) per net mineral acre as bonus consideration for the oil and gas lease, which has not yet been recorded in the Official Public Records of Tarrant County, Texas, dated January 17, 2006 covering 159.839 acres adjacent to Seminary Drive. Dale paid Indus Joint Venture zero dollars ($0) per net mineral acre as bonus consideration for the oil, gas and mineral lease, a memorandum of which is recorded as Instrument # D206019531 of the Official Public Records, Tarrant County, Texas. Dale offered the Fort Worth Independent School District seven thousand nine hundred dollars ($7,900) per net mineral acre as bonus consideration for an oil and gas lease that has not yet been awarded to Dale, covering lands adjacent to Seminary Drive. Dale paid Campus Drive United Methodist Church, Inc., two thousand dollars ($2,000) per net mineral acre as bonus consideration for the oil, gas and mineral lease recorded as Instrument # D206051104 of the Official Public Records, Tarrant County, Texas. Dale paid Teaching Word Faith Center two thousand dollars ($2,000) per net mineral acre as bonus consideration for the oil, gas and mineral lease recorded as Instrument # D206051004 of the Official Public Records, Tarrant County, Texas. Dale paid Union Pacific Railroad Company one thousand dollars ($1,000) per net mineral acre as bonus consideration for the oil and gas lease recorded as Instrument # D205368068 of the Official Public Records, Tarrant County, Texas. Dale paid Christian Outreach Center of Fort Worth, Inc. two thousand dollars ($2,000) per net mineral acre as bonus consideration for the oil, gas and mineral lease recorded as Instrument # D206017204 of the Official Public Records, Tarrant County, Texas. Dale paid AHC Breckenridge Associates, L.L.C. two thousand dollars ($2,000) per net mineral acre as bonus consideration for the oil, gas and mineral lease recorded as Instrument # D205355093 of the Official Public Records, Tarrant County, Texas.

Further Affiant sayeth not.

MEMORANDUM OF
OIL, GAS AND MINERAL LEASE

THE STATE OF TEXAS )
)
COUNTY OF TARRANT )

That INDUS JOINT VENTURE, whose address is 8145 Eagle Mountain Circle, Fort Worth, Texas 76135, as Lessor, and DALE RESOURCES, L.L.C., whose address is 2100 Ross Avenue, Suite 1870, LB-9, Dallas, Texas 75201, as Lessee, executed an Oil, Gas and Mineral Lease, dated January 19, 2006, executed copies of which are in the possession of Lessors and Lessee, covering the following described lands (hereinafter referred to as "said lands"):

43.081 acres of land, more or less, out of the William Hicks Survey, Abstract 694, the J. Armendaris Survey, Abstract 1768, the L. Wetmore Survey, Abstract 1649, and the W. R. Loving Survey, Abstract 948, Tarrant County, Texas, being all of that 55.081 acres of land, more or less, described by metes and bounds in that certain Deed dated August 1, 1985, from Booth B. Strange, as Grantor to Indus Joint Venture, as Grantee, recorded in Volume 8293, Page 1883 of the Official Public Records of Tarrant County, Texas; Save and except 10 acres of land, more or less, described by metes and bounds in that certain Deed dated October 1, 1999, from Indus Joint Venture, as Grantor to the Fort Worth Independent School District, Grantee, recorded in Volume 14036, Page 439 of the Official Public Records of Tarrant County, Texas; and Save and except 2 acres of land, more or less, described by metes and bounds in that certain Deed dated June 22, 2001, from Indus Joint Venture, as Grantor to the Fort Worth Independent School District, Grantee, recorded in Volume 14969, Page 208, of the Official Public Records of Tarrant County, Texas.

The said Oil, Gas and Mineral Lease is granted unto Lessee, its successors and assigns, for the exclusive right and privilege of investigating, exploring, prospecting, drilling and mining for and producing oil and gas from said lands, conducting geophysical and seismic operations, laying pipeline, and conducting operations as therein provided.

D206019531

Unofficial Document

The subject Oil, Gas and Mineral Lease shall have a primary term of two (2) years from the above date, and so long thereafter as therein provided.

This Memorandum shall serve as notice to the public of the existence of said Oil, Gas and Mineral Lease covering said lands and of rights and privileges of the Lessee associated therewith. It is specifically agreed that, as between Lessor and Lessee, their respective heirs, successors and assigns, that the Oil, Gas and Mineral Lease described above shall supersede this Memorandum and govern the rights of the parties in the event any provisions of this instrument are determined to be in conflict with the provisions of the said Oil, Gas and Mineral Lease.

IN WITNESS WHEREOF, this instrument is executed this 19th day of January, 2006.

OIL AND GAS LEASE
NO. M-106201

WHEREAS, pursuant to the Texas Natural Resources Code Chapters 32, 33, 51, and Chapter 52, Subchapters A-D and H, (said Code being hereinafter referred to as N.R.C.), and subject to all rules and regulations promulgated by the Commissioner of the General Land Office and/or the School Land Board pursuant thereto, and all other applicable statutes and amendments to said N.R.C., the following area, to-wit:

**159.839 ACRES, MORE OR LESS, DESCRIBED AS 135.649 ACRES, MORE OR LESS, IN THE L. COHEN SURVEY, A-290, E. ROGERS SURVEY, A-1292, L. WETMORE SURVEY, A-1649, J. ARMENDARIS SURVEY, A-1768, AND J. COLLET SURVEY, A-260, TARRANT COUNTY, TEXAS, DESCRIBED IN EXHIBIT "A" OF A DEED DATED AUGUST 30, 2004, FROM THE STATE OF TEXAS, BY GOV. RICK PERRY AND JERRY E. PATTERSON, COMMISSIONER OF THE GENERAL LAND OFFICE, ON BEHALF OF THE TEXAS DEPT. OF MENTAL HEALTH AND MENTAL RETARDATION (HEREINAFTER REFERRED TO AS M.H.M.R.) AS GRANTOR, TO TARRANT COUNTY, TEXAS AS GRANTEE, RECORDED IN VOL. D204271984 OF THE DEED OF RECORDS OF TARRANT COUNTY, AND 23.514 ACRES OF LAND, MORE OR LESS, IN THE E. ROGERS SURVEY, A-1292, TARRANT COUNTY, DESCRIBED IN EXHIBIT "B" OF A DEED DATED AUGUST 30, 2004, FROM THE STATE OF TEXAS, BY GOV. RICK PERRY AND JERRY E. PATTERSON, COMMISSIONER OF THE GENERAL LAND OFFICE, ON BEHALF OF THE TEXAS DEPT. OF M.H.M.R. AS GRANTOR TO TARRANT COUNTY, AS GRANTEE, RECORDED IN VOL. D204271984 OF THE DEED OF RECORDS OF TARRANT COUNTY, AND .676 ACRES OF LAND, MORE OR LESS, OUT OF THE E. ROGERS SURVEY, A-1292, TARRANT COUNTY, BEING DESCRIBED IN EXHIBIT "C" OF A DEED DATED AUGUST 30, 2004, FROM THE STATE OF TEXAS, BY AND THROUGH GOV. RICK PERRY AND JERRY E. PATTERSON, COMMISSIONER OF THE GENERAL LAND OFFICE, ON BEHALF OF THE TEXAS DEPT. OF M.H.M.R. AS GRANTOR, TO TARRANT COUNTY, TEXAS, AS GRANTEE, RECORDED IN VOLUME D204271984 OF THE DEED RECORDS OF TARRANT COUNTY, TEXAS, ( NO SURFACE USE RIGHTS GRANTED),**

was, after being duly advertised, offered for lease on the **17th day of January, 2006**, at 10:00 o'clock a.m., by the Commissioner of the General Land Office of the State of Texas and the School Land Board of the State of Texas, for the sole and only purpose of prospecting and drilling for, and producing oil and/or gas that may be found and produced from the above described area; and

WHEREAS, after all bids and remittances which were received up to said time have been duly considered by the Commissioner of the General Land Office and the School Land Board at a regular meeting thereof in the General Land Office, on the **17th day of January, 2006**, hereinafter the "effective date" and it was found and determined that **DALE RESOURCES, LLC** whose address is **2100 ROSS AVENUE, SUITE 1870, DALLAS, TEXAS 75201** had offered the highest and best bid for a lease of the area above described and is, therefore, entitled to receive a lease thereon:

NOW, THEREFORE, I, Jerry E. Patterson, Commissioner of the General Land Office of the State of Texas, on behalf of the Texas Department of Mental Health and Mental Retardation, hereinafter sometimes referred to as "Lessor," whose address is Austin, Texas, by virtue of the authority vested in me and in consideration of the payment by the hereinafter designated Lessee, the sum of **One Million One Hundred Thousand and 00/100 Dollars ($1,100,000.00)**, receipt of which is hereby acknowledged and of the royalties, covenants, stipulations and conditions contained and hereby agreed to be paid, observed and performed by Lessee, do hereby demise, grant, lease and let unto the above mentioned bidder the exclusive right to prospect for, produce and take oil and/or gas from the aforesaid area upon the following terms and conditions, to-wit:

1. **RESERVATION**: There is hereby excepted and reserved to Lessor the full use of the property covered hereby and all rights with respect to the surface and subsurface thereof for any and all purposes except those granted and to the extent herein granted to Lessee, together with the rights of ingress and egress and use of said lands by Lessor and its mineral lessees, for purposes of exploring for and producing the minerals which are not covered, or which may not be covered in the future, under the terms of this lease, but which may be located within the surface boundaries of the leased area. All of the rights in and to the leased premises retained by Lessor and all of the rights in and to the leased premises granted to Lessee herein shall be exercised in such a manner that neither shall unduly interfere with the operations of the other.

2. **TERM**: Subject to the other provisions hereof, this lease shall be for a term of **three (3) years** from the effective date hereof (herein called "primary term") and as long thereafter as oil or gas is produced in paying quantities from said area.

3. **DELAY RENTALS**: If no well is commenced on the land hereby leased on or before the anniversary date of this lease, this lease shall terminate as to both parties unless the Lessee on or before said date shall pay or tender to the Commissioner of the General Land Office of the State of Texas at Austin, Texas, the sum of **Ten Dollars ($10.00), per acre,** which shall operate as a rental and cover the privilege of deferring the commencement of a well for **twelve (12) months** from said date.

4. **PRODUCTION ROYALTIES**: Upon production of oil and/or gas, the Lessee agrees to pay or cause to be paid to the Commissioner of the General Land Office in Austin, Texas, for the use and benefit of the State of Texas, during the term hereof:

(A) **OIL**: As a royalty on oil, which is defined as including all hydrocarbons produced in a liquid form at the mouth of the well and also all condensate, distillate, and other liquid hydrocarbons recovered from oil or gas run through a separator or other equipment, as hereinafter provided, **1/4** part of the gross production or the market value thereof, at the option of the Lessor, such value to be determined by 1) the highest posted price, plus premium, if any, offered or paid for oil, condensate, distillate, or other liquid hydrocarbons, respectively, of a like type and gravity in the general area where produced and when run, or 2) the highest market price thereof offered or paid in the general area where produced and when run, or 3) the gross proceeds of the sale thereof, whichever is the greater. Lessee agrees that before any gas produced from the land hereby leased is sold, used or processed in a plant, it will be run free of cost to Lessor through an adequate oil and gas separator of conventional type or other equipment at least as efficient to the end that all liquid hydrocarbons recoverable from the gas by such means will be recovered. Upon written consent of Lessor, the requirement that such gas be run through such a separator or other equipment may be waived upon such terms and conditions as prescribed by Lessor.

(B) **NON-PROCESSED GAS**: As a royalty on any gas (including flared gas), which is defined as all hydrocarbons and gaseous substances not defined as oil in subparagraph (A) above, produced from any well on said land (except as provided herein with respect to gas processed in a plant for the extraction of gasoline, liquid hydrocarbons or other products) **1/4** part of the gross production or the market value thereof, at the option of the Lessor, such value to be based on the highest market price paid or offered for gas of comparable quality in the general area where produced and when run, or the gross price paid or offered to the producer, whichever is greater provided that the maximum pressure base in measuring the gas under this lease contract shall not at any time exceed 14.65 pounds per square inch absolute, and the standard base temperature shall be sixty (60) degrees Fahrenheit, correction to be made for pressure according to Boyle's Law, and for specific gravity according to test made by the Balance Method or by the most approved method of testing being used by the industry at the time of testing.

90.51.C

(D) **OTHER PRODUCTS:** As a royalty on carbon black, sulphur or any other products produced or manufactured from gas (excepting liquid hydrocarbons) whether said gas be "casinghead," "dry" or any other gas, by fractionating, burning or any other processing, 1/4 part of gross production of such products, or the market value thereof, at the option of Lessor, such market value to be determined as follows:

(1) On the basis of the highest market price of each product, during the same month in which such product is produced, or
(2) On the basis of the average gross sale price of each product for the same month in which such products are produced; whichever is the greater.

(E) **NO DEDUCTIONS:** Lessee agrees that all royalties accruing to Lessor under this lease shall be without deduction for the cost of producing, transporting, and otherwise making the oil, gas and other products produced hereunder ready for sale or use.

(F) **ROYALTY IN KIND:** Notwithstanding anything contained herein to the contrary, Lessor may, at its option, upon not less than 60 days notice to Lessee, require at any time or from time to time that payment of all or any royalties accruing to Lessor under this lease be made in kind without deduction for the cost of producing, gathering, storing, separating, treating, dehydrating, compressing, processing, transporting and otherwise making the oil, gas and other products produced hereunder ready for sale or use. Lessor's right to take its royalty in kind shall not diminish or negate Lessor's rights or Lessee's obligations, whether express or implied, under this lease.

(G) **PLANT FUEL AND RECYCLED GAS:** No royalty shall be payable on any gas as may represent this lease's proportionate share of any fuel used to process gas produced hereunder in any processing plant. Notwithstanding anything contained herein to the contrary, and subject to the consent in writing of the Commissioner of the General Land Office, Lessee may recycle gas for gas lift purposes on the leased premises after the liquid hydrocarbons contained in the gas have been removed, and no royalties shall be payable on the gas so recycled until such time as the same may thereafter be produced and sold or used by Lessee in such manner as to entitle Lessor to a royalty thereon under the royalty provisions of this lease.

(H) **MINIMUM ROYALTY:** During any year after the expiration of the primary term of this lease, if this lease is maintained by production, the royalties paid to Lessor in no event shall be less than an amount equal to $5.00 per acre; otherwise, there shall be due and payable on or before the last day of the month succeeding the anniversary date of this lease a sum equal to $5.00 per acre less the amount of royalties paid during the preceding year.

(I) **MARGINAL PRODUCTION ROYALTY:** Upon Lessee's written application, the School Land Board may reduce the royalty rate set out in this paragraph and/or the minimum royalty set out in subparagraph 4 (I) to extend the economic life of this lease and encourage recovery of oil or gas that might otherwise remain unrecovered. Any such royalty reduction must conform to the requirements of any School Land Board administrative rules on this subject. Royalty may not be reduced below the applicable statutory minimum.

5. **ROYALTY PAYMENTS AND REPORTS**: All royalties not taken in kind shall be paid to the Commissioner of the General Land Office at Austin, Texas, in the following manner: Payment of royalty on production of oil and gas shall be as provided in the rules set forth in the Texas Register. Rules currently provide that royalty on oil is due and must be received in the General Land Office on or before the 5th day of the second month succeeding the month of production, and royalty on gas is due and must be received in the General Land Office on or before the 15th day of the second month succeeding the month of production, accompanied by the affidavit of the owner, manager or other authorized agent, completed in the form and manner prescribed by the General Land Office and showing the gross amount and disposition of all oil and gas produced and the market value of the oil and gas, together with a copy of all documents, records or reports confirming the gross production, disposition and market value including gas meter readings, pipeline receipts, gas line receipts and other checks or memoranda of amount produced and put into pipelines, tanks, or pools and gas lines or gas storage, and any other reports or records which the General Land Office may require to verify the gross production, disposition and market value. In all cases the authority of a manager or agent to act for the Lessee herein must be filed in the General Land Office. Each royalty payment shall be accompanied by a check stub, schedule, summary or other remittance advice showing by the assigned General Land Office lease number the amount of royalty being paid on each lease. If Lessee pays his royalty on or before thirty (30) days after the royalty payment was due, then Lessee owes a penalty of 5% on the royalty or $25.00, whichever is greater. A royalty payment which is over thirty (30) days late shall accrue a penalty of 10% of the royalty due or $25.00 whichever is greater. In addition to a penalty, royalties shall accrue interest at a rate of 12% per year; such interest will begin accruing when the royalty is sixty (60) days overdue. Affidavits and supporting documents which are not filed when due shall incur a penalty in an amount set by the General Land Office administrative rule which is effective on the date when the affidavits or supporting documents were due. The Lessee shall bear all responsibility for paying or causing royalties to be paid as prescribed by the due date provided herein. Payment of the delinquency penalty shall in no way operate to prohibit the State's right of forfeiture as provided by law nor act to postpone the date on which royalties were originally due. The above penalty provisions shall not apply in cases of title dispute as to the State's portion of the royalty or to that portion of the royalty in dispute as to fair market value.

6. (A) **RESERVES, CONTRACTS AND OTHER RECORDS:** Lessee shall annually furnish the Commissioner of the General Land Office with its best possible estimate of oil and gas reserves underlying this lease or allocable to this lease and shall furnish said Commissioner with copies of all contracts under which gas is sold or processed and all subsequent agreements and amendments to such contracts within thirty (30) days after entering into or making such contracts, agreements or amendments. Such contracts and agreements when received by the General Land Office shall be held in confidence by the General Land Office unless otherwise authorized by Lessee. All other contracts and records pertaining to the production, transportation, sale and marketing of the oil and gas produced on said premises, including the books and accounts, receipts and discharges of all wells, tanks, pools, meters, and pipelines shall at all times be subject to inspection and examination by the Commissioner of the General Land Office, the Attorney General, the Governor, or the representative of any of them.

(B) **DRILLING RECORDS:** Written notice of all operations on this lease shall be submitted to the Commissioner of the General Land Office by Lessee or operator five (5) days before spud date, workover, re-entry, temporary abandonment or plug and abandonment of any well or wells. Such written notice to the General Land Office shall include copies of Railroad Commission forms for application to drill. Copies of well tests, completion reports and plugging reports shall be supplied to the General Land Office at the time they are filed with the Texas Railroad Commission. Lessee shall supply the General Land Office with any records, memoranda, accounts, reports, cuttings and cores, or other information relative to the operation of the above-described premises, which may be requested by the General Land Office, in addition to those herein expressly provided for. Lessee shall have an electrical and/or radioactivity survey made on the bore-hole section, from the base of the surface casing to the total depth of well, of all wells drilled on the above described premises and shall transmit a true copy of the log of each survey on each well to the General Land Office within fifteen (15) days after the making of said survey.

(C) **PENALTIES:** Lessee shall incur a penalty whenever reports, documents or other materials are not filed in the General Land Office when due. The penalty for late filing shall be set by the General Land Office administrative rule which is effective on the date when the materials were due in the General Land Office.

7. **RETAINED ACREAGE:** Notwithstanding any provision of this lease to the contrary, after a well producing or capable of producing oil or gas has been completed on the leased premises, Lessee shall exercise the diligence of a reasonably prudent operator in drilling such additional well or wells as may be reasonably necessary for the proper development of the leased premises and in marketing the production thereon.

(A) **VERTICAL**: In the event this lease is in force and effect two (2) years after the expiration date of the primary or extended term it shall then terminate as to all of the leased premises, EXCEPT (1) 40 acres surrounding each oil well capable of producing in paying quantities and 320 acres surrounding each gas well capable of producing in paying quantities (including a shut-in oil or gas well as provided in Paragraph 11 hereof), or a well upon which Lessee is then engaged in continuous drilling or reworking operations, or (2) the number of acres included in a producing pooled unit pursuant to Natural Resources Code Sections 52.151-52.153, or (3) such greater or lesser number of acres as may then be allocated for production purposes to a proration unit for each such producing well under the rules and regulations of the Railroad Commission of Texas, or any successor agency, or other governmental authority having jurisdiction. Within 90 days of a partial termination of this lease in accordance with this subparagraph and upon payment of the minimum filing fee set by General Land Office rules in effect at the time of the partial termination, Lessee shall have the right to obtain a surface lease for ingress and egress on and across the terminated portion of the leased premises as may be reasonably necessary for the continued operation of the portions of the lease remaining in force and effect. If Lessee fails to apply for a surface lease within the 90 day period specified above, Lessee may apply for a surface lease from the Land Office, but the Land Commissioner has the discretion to grant or deny such application and to set the fee for such surface lease.

(B) **HORIZONTAL**: In the event this lease is in force and effect two (2) years after the expiration date of the primary or extended term it shall further terminate as to all depths below 100 feet below the total depth drilled (hereinafter "deeper depths") in each well located on acreage retained in Paragraph 7 (A) above, unless on or before two (2) years after the primary or extended term Lessee pays an amount equal to one-half (1/2) of the bonus originally paid as consideration for this lease (as specified on page 1 hereof). If such amount is paid, this lease shall be in force and effect as to such deeper depths, and said termination shall be delayed for an additional period of two (2) years and so long thereafter as oil or gas is produced in paying quantities from such deeper depths covered by this lease.

(C) **IDENTIFICATION AND FILING:** The surface acreage retained hereunder as to each well shall, as nearly as practical, be in the form of a square with the well located in the center thereof, or such other shape as may be approved by the School Land Board. Within thirty (30) days after partial termination of this lease as provided herein, Lessee shall execute and record a

GLO

release or releases containing a satisfactory legal description of the acreage and/or depths not retained hereunder. The recorded release, or a certified copy of same, shall be filed in the General Land Office, accompanied by the filing fee prescribed by the General Land Office rules in effect on the date the release is filed. If Lessee fails or refuses to execute and record such release or releases within ninety (90) days after being requested to do so by the General Land Office, then the Commissioner at his sole discretion may designate by written instrument the acreage and/or depths to be released hereunder and record such instrument at Lessee's expense in the county or counties where the lease is located and in the official records of the General Land Office and such designation shall be binding upon Lessee for all purposes. If at any time after the effective date of the partial termination provisions hereof, the applicable field rules are changed or the well or wells located thereon are reclassified so that less acreage is thereafter allocated to said well or wells for production purposes, this lease shall thereupon terminate as to all acreage not thereafter allocated to said well or wells for production purposes.

**8. OFFSET WELLS:** If oil and/or gas should be produced in commercial quantities from a well located on land privately owned or on State land leased at a lesser royalty, which well is within one thousand (1,000) feet of the area included herein, or which well is draining the area covered by this lease, the Lessee shall, within sixty (60) days after such initial production from the draining well or the well located within one thousand (1,000) feet from the area covered by this lease begin in good faith and prosecute diligently the drilling of an offset well on the area covered by this lease, and such offset well shall be drilled to such depth as may be necessary to prevent the undue drainage of the area covered by this lease, and the Lessee, manager or driller shall use all means necessary in a good faith effort to make such offset well produce oil and/or gas in commercial quantities. Only upon the determination of the Commissioner and with his written approval, may the payment of a compensatory royalty satisfy the obligation to drill an offset well or wells required under this Paragraph.

**9. DRY HOLE/CESSATION OF PRODUCTION DURING PRIMARY TERM:** If, during the primary term hereof and prior to discovery and production of oil or gas on said land, Lessee should drill a dry hole or holes thereon, or if during the primary term hereof and after the discovery and actual production of oil or gas from the leased premises such production thereof should cease from any cause, this lease shall not terminate if on or before the expiration of sixty (60) days from date of completion of said dry hole or cessation of production Lessee commences additional drilling or reworking operations thereon, or pays or tenders the next annual delay rental in the same manner as provided in this lease. If, during the last year of the primary term or within sixty (60) days prior thereto, a dry hole be completed and abandoned, or the production of oil or gas should cease for any cause, Lessee's rights shall remain in full force and effect without further operations until the expiration of the primary term; and if Lessee has not resumed production in paying quantities at the expiration of the primary term, Lessee may maintain this lease by conducting additional drilling or reworking operations pursuant to Paragraph 10, using the expiration of the primary term as the date of cessation of production under Paragraph 10. Should the first well or any subsequent well drilled on the above described land be completed as a shut-in oil or gas well within the primary term hereof, Lessee may resume payment of the annual rental in the same manner as provided herein on or before the rental paying date following the expiration of sixty (60) days from the date of completion of such shut-in oil or gas well and upon the failure to make such payment, this lease shall ipso facto terminate. If at the expiration of the primary term or any time thereafter a shut-in oil or gas well is located on the leased premises payments may be made in accordance with the shut-in provisions hereof.

**10. CESSATION, DRILLING, AND REWORKING:** If, after the expiration of the primary term, production of oil or gas from the leased premises, after once obtained, should cease from any cause, this lease shall not terminate if Lessee commences additional drilling or reworking operations within sixty (60) days after such cessation, and this lease shall remain in full force and effect for so long as such operations continue in good faith and in workmanlike manner without interruptions totaling more than sixty (60) days. If such drilling or reworking operations result in the production of oil or gas, the lease shall remain in full force and effect for so long as oil or gas is produced from the leased premises in paying quantities or payment of shut-in oil or gas well royalties or payment of compensatory royalties is made as provided herein or as provided by law. If the drilling or reworking operations result in the completion of a well as a dry hole, the lease will not terminate if the Lessee commences additional drilling or reworking operations within sixty (60) days after the completion of the well as a dry hole, and this lease shall remain in effect so long as Lessee continues drilling or reworking operations in good faith and in a workmanlike manner without interruptions totaling more than sixty (60) days. Lessee shall give written notice to the General Land Office within thirty (30) days of any cessation of production.

**11. SHUT-IN ROYALTIES:** For purposes of this paragraph, "well" means any well that has been assigned a well number by the state agency having jurisdiction over the production of oil and gas. If at any time after the expiration of the primary term of a lease that, until being shut in, was being maintained in force and effect, a well capable of producing oil or gas in paying quantities is located on the leased premises, but oil or gas is not being produced for lack of suitable production facilities or lack of a suitable market, then Lessee may pay as a shut-in oil or gas royalty an amount equal to $10.00 per acre, but not less than $1,200 a year for each well capable of producing oil or gas in paying quantities. To be effective, each initial shut-in oil or gas royalty must be paid on or before: (1) the expiration of the primary term, (2) 60 days after the Lessee ceases to produce oil or gas from the leased premises, or (3) 60 days after Lessee completes a drilling or reworking operation in accordance with the lease provisions; whichever date is latest. If the shut-in oil or gas royalty is paid, the lease shall be considered to be a producing lease and the payment shall extend the term of the lease for a period of one year from the end of the primary term, or from the first day of the month following the month in which production ceased, and, after that, if no suitable production facilities or suitable market for the oil or gas exists, Lessee may extend the lease for four more successive periods of one (1) year by paying the same amount each year on or before the expiration of each shut-in year.

**12. COMPENSATORY ROYALTIES:** If, during the period the lease is kept in effect by payment of the shut-in oil or gas royalty, oil or gas is sold and delivered in paying quantities from a well located within one thousand (1,000) feet of the leased premises and completed in the same producing reservoir, or in any case in which drainage is occurring, the right to continue to maintain the lease by paying the shut-in oil or gas royalty shall cease, but the lease shall remain effective for the remainder of the year for which the royalty has been paid. The Lessee may maintain the lease for four more successive years by Lessee paying compensatory royalty at the royalty rate provided in the lease of the market value of production from the well causing the drainage or which is completed in the same producing reservoir and within one thousand (1,000) feet of the leased premises. The compensatory royalty is to be paid monthly to the Commissioner beginning on or before the last day of the month following the month in which the oil or gas is produced from the well causing the drainage or that is completed in the same producing reservoir and located within one thousand (1,000) feet of the leased premises; if the compensatory royalty paid in any 12-month period is in an amount less than the annual shut-in oil or gas royalty, Lessee shall pay an amount equal to the difference within thirty (30) days from the end of the 12-month period; and none of these provisions will relieve Lessee of the obligation of reasonable development nor the obligation to drill offset wells as provided in N.R.C. Section 52.034; however, at the determination of the Commissioner, and with the Commissioner's written approval, the payment of compensatory royalties shall satisfy the obligation to drill offset wells. Compensatory royalty payments which are not timely paid will accrue penalty and interest in accordance with Paragraph 5 of this lease.

**13. EXTENSIONS:** If, at the expiration of the primary term of this lease, production of oil or gas has not been obtained on the leased premises but drilling operations are being conducted thereon in good faith and in a good and workmanlike manner, Lessee may, on or before the expiration of the primary term, file in the General Land Office written application to the Commissioner of the General Land Office for a thirty (30) day extension of this lease, accompanied by payment of Three Thousand Dollars ($3,000.00) if this lease covers six hundred forty (640) acres or less and Six Thousand Dollars ($6,000.00) if this lease covers more than six hundred forty (640) acres and the Commissioner shall, in writing, extend this lease for a thirty (30) day period from and after the expiration of the primary term and so long thereafter as oil or gas is produced in paying quantities; provided further, that Lessee may, so long as such drilling operations are being conducted make like application and payment during any thirty (30) day extended period for an additional extension of thirty (30) days and, upon receipt of such application and payment, the Commissioner shall, in writing, again extend this lease so that same shall remain in force for such additional thirty (30) day period and so long thereafter as oil or gas is produced in paying quantities; provided, however, that this lease shall not be extended for more than a total of three hundred ninety (390) days from and after the expiration of the primary term unless production in paying quantities has been obtained.

**14. USE OF SURFACE:** Any provision herein to the contrary notwithstanding, it is agreed to and understood that no entry shall be permitted on the surface of the leased land. Any development of the land shall be by means of directional wells located off the leased land, or by pooling of said land with other land or leases as provided for by Subchapter E, Chapter 52, Natural Resources Code.

**15. POLLUTION:** In developing this area, Lessee shall use the highest degree of care and all proper safeguards to prevent pollution. Without limiting the foregoing, pollution of coastal wetlands, natural waterways, rivers and impounded water shall be prevented by the use of containment facilities sufficient to prevent spillage, seepage or ground water contamination. In the event of pollution, Lessee shall use all means at its disposal to recapture all escaped hydrocarbons or other pollutant and shall be responsible for all damage to public and private properties.

**(A) UPLANDS:** Lessee shall build and maintain fences around its slush, sump, and drainage pits and tank batteries so as to protect livestock against loss, damage or injury; and upon completion or abandonment of any well or wells, Lessee shall fill and level all slush pits and cellars and completely clean up the drilling site of all rubbish thereon.

**(B) SUBMERGED LANDS:** No discharge of solid waste or garbage shall be allowed into State waters from any drilling or support vessels, production platform, crew or supply boat, barge, jack-up rig or other equipment located on the leased area. Solid waste shall include but shall not be limited to containers, equipment, rubbish, plastic, glass, and any other man-made non-biodegradable items. A sign must be displayed in a high traffic area on all vessels and manned platforms stating, "Discharge of any solid waste or garbage into State Waters from vessels or platforms is strictly prohibited and may subject a State of Texas lease to forfeiture." Such statement shall be in lettering of at least 1" in size.

(C) **RIVERS:** To the extent necessary to prevent pollution, the provisions found in subsections (a) and (b) of this paragraph shall also apply to rivers and riverbeds.

(D) **PENALTY:** Failure to comply with the requirements of this provision may result in the maximum penalty allowed by law including forfeiture of the lease. Lessee shall be liable for the damages caused by such failure and any costs and expenses incurred in cleaning areas affected by the discharged waste.

**16. IDENTIFICATION MARKERS:** Lessee shall erect, at a distance not to exceed twenty-five (25) feet from each well on the premises covered by this lease, a legible sign on which shall be stated the name of the operator, the lease designation and the well number. Where two or more wells on the same lease or where wells on two or more leases are connected to the same tank battery, whether by individual flow line connections direct to the tank or tanks or by use of a multiple header system, each line between each well and such tank or header shall be legibly identified at all times, either by a firmly attached tag or plate or an identification properly painted on such line at a distance not to exceed three (3) feet from such tank or header connection. Said signs, tags, plates or other identification markers shall be maintained in a legible condition throughout the term of this lease.

**17. ASSIGNMENTS:** The lease may be transferred at any time; provided, however, that the liability of the transferor to properly discharge its obligation under the lease, including properly plugging abandoned wells, removing platforms or pipelines, or remediation of contamination at drill sites shall pass to the transferee upon the prior written consent of the Commissioner of the General Land Office. The Commissioner may require the transferee to demonstrate financial responsibility and may require a bond or other security. All transfers must reference the lease by the file number and must be recorded in the county where the area is located, and the recorded transfer or a copy certified to by the County Clerk of the county where the transfer is recorded must be filed in the General Land Office within ninety (90) days of the execution date, as provided by N.R.C. Section 52.026, accompanied by the filing fee prescribed by the General Land Office rules in effect on the date of receipt by the General Land Office of such transfer or certified copy thereof. Every transferee shall succeed to all rights and be subject to all obligations, liabilities, and penalties owed to the State by the original lessee or any prior transferee of the lease, including any liabilities to the state for unpaid royalties.

**18. RELEASES:** Lessee may relinquish the rights granted hereunder to the State at any time by recording the relinquishment in the county where this area is situated and filing the recorded relinquishment or certified copy of same in the General Land Office within ninety (90) days after its execution accompanied by the filing fee prescribed by the General Land Office rules in effect on the date of receipt by the General Land Office of such relinquishment or certified copy thereof. Such relinquishment will not have the effect of releasing Lessee from any liability theretofore accrued in favor of the State.

**19. LIEN:** In accordance with N.R.C. Section 52.136, the State shall have a first lien upon all oil and gas produced from the area covered by this lease to secure payment of all unpaid royalty and other sums of money that may become due under this lease. By acceptance of this lease, Lessee grants the State, in addition to the lien provided by N.R.C. Section 52.136 and any other applicable statutory lien, an express contractual lien on and security interest in all leased minerals in and extracted from the leased premises, all proceeds which may accrue to Lessee from the sale of such leased minerals, whether such proceeds are held by Lessee or by a third party, and all fixtures on and improvements to the leased premises used in connection with the production or processing of such leased minerals in order to secure the payment of all royalties or other amounts due or to become due under this lease and to secure payment of any damages or loss that Lessor may suffer by reason of Lessee's breach of any covenant or condition of this lease, whether express or implied. This lien and security interest may be foreclosed with or without court proceedings in the manner provided in the Title 1, Chapter 9 of the Texas Business and Commerce Code. Lessee agrees that the Commissioner may require Lessee to execute and record such instruments as may be reasonably necessary to acknowledge, attach or perfect this lien. Lessee hereby represents that there are no prior or superior liens arising from and relating to Lessee's activities upon the above-described property or from Lessee's acquisition of this lease. Should the Commissioner at any time determine that this representation is not true, then the Commissioner may declare this lease forfeited as provided herein.

**20. FORFEITURE:** If Lessee shall fail or refuse to make the payment of any sum within thirty (30) days after it becomes due, or if Lessee or an authorized agent should knowingly make any false return or false report concerning production or drilling, or if Lessee shall fail or refuse to drill any offset well or wells in good faith as required by law and the rules and regulations adopted by the Commissioner of the General Land Office, or if Lessee should fail to file reports in the manner required by law or fail to comply with rules and regulations promulgated by the General Land Office, the School Land Board, or the Railroad Commission, or refuse the proper authority access to the records pertaining to operations, or if Lessee or an authorized agent should knowingly fail or refuse to give correct information to the proper authority, or knowingly fail or refuse to furnish the General Land Office a correct log of any well, or if Lessee shall knowingly violate any of the material provisions of this lease, or if this lease is assigned and the assignment is not filed in the General Land Office as required by law, the rights acquired under

this lease shall be subject to forfeiture by the Commissioner, and he shall forfeit same when sufficiently informed of the facts which authorize a forfeiture, and when forfeited the area shall again be subject to lease to the highest bidder, under the same regulations controlling the original sale of leases. However, nothing herein shall be construed as waiving the automatic termination of this lease by operation of law or by reason of any special limitation arising hereunder. Forfeitures may be set aside and this lease and all rights thereunder reinstated before the rights of another intervene upon satisfactory evidence to the Commissioner of the General Land Office of future compliance with the provisions of the law and of this lease and the rules and regulations that may be adopted relative hereto.

**21. RIVERBED TRACTS:** In the event this lease covers a riverbed, Lessee is hereby specifically granted the right of eminent domain and condemnation as provided for in N.R.C. Sections 52.092-52.093, as a part of the consideration moving to Lessor for the covenants herein made by Lessee.

**22. APPLICABLE LAWS AND DRILLING RESTRICTIONS:** This lease shall be subject to all rules and regulations, and amendments thereto, promulgated by the Commissioner of the General Land Office governing drilling and producing operations on Permanent Free School Land (specifically including any rules promulgated that relate to plans of operations), payment of royalties, and auditing procedures, and shall be subject to all other valid statutes, rules, regulations, orders and ordinances that may affect operations under the provisions of this lease. Without limiting the generality of the foregoing, Lessee hereby agrees, by the acceptance of this lease, to be bound by and subject to all statutory and regulatory provisions relating to the General Land Office's audit billing notice and audit hearings procedures. Said provisions are currently found at 31 Texas Administrative Code, Chapter 4, and Texas Natural Resources Code Sections 52.135 and 52.137 through 52.140. In the event this lease covers land franchised or leased or otherwise used by a navigation district or by the United States for the purpose of navigation or other purpose incident to the operation of a port, then Lessee shall not be entitled to enter or possess such land without prior approval as provided under Section 61.117 of the Texas Water Code, but Lessee shall be entitled to develop such land for oil and gas by directional drilling; provided, however, that no surface drilling location may be nearer than 660 feet and special permission from the Commissioner of the General Land Office is necessary to make any surface location nearer than 2,160 feet measured at right angles from the nearest bulkhead line or from the nearest dredged bottom edge of any channel, slip, or turning basin which has been authorized by the United States as a federal project for future construction, whichever is nearer.

**23. REMOVAL OF EQUIPMENT:** Upon the termination of this lease for any cause, Lessee shall not, in any event, be permitted to remove the casing or any part of the equipment from any producing, dry, or abandoned well or wells without the written consent of the Commissioner of the General Land Office or his authorized representative; nor shall Lessee, without the written consent of said Commissioner or his authorized representative remove from the leased premises the casing or any other equipment, material, machinery, appliances or property owned by Lessee and used by Lessee in the development and production of oil or gas therefrom until all dry or abandoned wells have been plugged and until all slush or refuse pits have been properly filled and all broken or discarded lumber, machinery, or debris shall have been removed from the premises to the satisfaction of the said Commissioner or his authorized representative.

**24. FORCE MAJEURE:** Should Lessee be prevented from complying with any express or implied covenant of this lease, from conducting drilling operations thereon, or from producing oil and/or gas therefrom, after effort made in good faith, by reason of war, rebellion, riots, strikes, fires, acts of God or any order, rule or regulation of governmental authority, then while so prevented, Lessee's obligation to comply with such covenant shall be suspended upon proper and satisfactory proof presented to the Commissioner of the General Land Office in support of Lessee's contention and Lessee shall not be liable for damages for failure to comply therewith (except in the event of lease operations suspended as provided in the rules and regulations adopted by the School Land Board); and this lease shall be extended while and so long as Lessee is prevented, by any such cause, from drilling, reworking operations or producing oil and/or gas from the leased premises; provided, however, that nothing herein shall be construed to suspend the payment of rentals during the primary or extended term, nor to abridge Lessee's right to a suspension under any applicable statute of this State.

**25. LEASE SECURITY:** Lessee shall take the highest degree of care and all proper safeguards to protect said premises and to prevent theft of oil, gas, and other hydrocarbons produced from said lease. This includes, but is not limited to, the installation of all necessary equipment, seals, locks, or other appropriate protective devices on or at all access points at the lease's production, gathering and storage systems where theft of hydrocarbons can occur. Lessee shall be liable for the loss of any hydrocarbons resulting from theft and shall pay the State of Texas royalties thereon as provided herein on all oil, gas or other hydrocarbons lost by reason of theft.

**26. REDUCTION OF PAYMENTS:** If, during the primary term, a portion of the land covered by this lease is included within the boundaries of a pooled unit that has been approved by the School Land Board in accordance with Natural Resources Code Sections 52.151-52.153, or if, at any time after the expiration of the primary term or the extended term, this lease covers a lesser number of acres than the total amount described herein, payments that are made on a per acre basis hereunder shall be reduced according to the number of acres pooled, released, surrendered, or

otherwise severed, so that payments determined on a per acre basis under the terms of this lease during the primary term shall be calculated based upon the number of acres outside the boundaries of a pooled unit, or, if after the expiration of the primary term, the number of acres actually retained and covered by this lease.

**27. SUCCESSORS AND ASSIGNS:** The covenants, conditions and agreements contained herein shall extend to and be binding upon the heirs, executors, administrators, successors or assigns of Lessee herein.

**28. ANTIQUITIES CODE:** In the event that any feature of archeological or historical interest on Permanent School Fund Land is encountered during the activities authorized by this lease, Lessee will immediately cease activities and will immediately notify the General Land Office (ATTN. Archaeologist, Asset Management Division, 1700 N. Congress Ave., Austin, Texas 78701) and the Texas Historical Commission (P.O. Box 12276, Austin, TX 78711) so that adequate measures may be undertaken to protect or recover such discoveries or findings, as appropriate. Lessee is expressly placed on notice of the National Historical Preservation Act of 1966 (PB-89-66, 80 Statute 915; 16 U.S.C.A. 470) and the Antiquities Code of Texas, Chapter 191, Tex. Nat. Code Ann. (Vernon 1993 & Supp. 1998). On state-owned land not dedicated to the Permanent School Fund, lessee shall notify the Texas Historical Commission before breaking ground at a project location. An archaeological survey might be required by the commission before construction of the project can commence. Further, in the event that any site, object, location, artifact or other feature of archaeological, scientific, educational, cultural or historic interest is encountered during the activities authorize by this lease, lessee will immediately notify lessor and the Texas Historical Commission so that adequate measures may be undertaken to protect or recover such discoveries or findings, as appropriate.

**29. VENUE:** Lessor and lessee, including lessee's successors and assigns, hereby agree that venue for any dispute arising out of a provision of this lease, whether express or implied, regarding interpretation of this lease, or relating in any way to this lease or to applicable case law, statutes, or administrative rules, shall be in a court of competent jurisdiction located in Travis County, State of Texas.

**30. LEASE FILING:** Pursuant to Chapter 9 of the Tex. Bus. & Com. Code,this lease must be filed of record in the office of the County Clerk in any county in which all or any part of the leased premises is located, and certified copies thereof must be filed in the General Land Office. The prescribed filing fee shall accompany the certified copies sent to the General Land Office.

**31. EXECUTION:** This oil and gas lease must be signed and acknowledged by the Lessee before it is filed of record in the county records and in the General Land Office of the State of Texas.

~~LESSEE~~ LESSOR:

BY: Dale Resources, LLC

TITLE: Vice President

DATE: March 24, 2006

**IN TESTIMONY WHEREOF,** witness the signature of the Commissioner of the General Land Office of the State of Texas under the seal of the General Land Office.

# OIL, GAS AND MINERAL LEASE

**THIS AGREEMENT made this 4th day of September, 2005, between AHC Breckenridge Associates, L.L.C, a Texas limited liability company, Lessor (whether one or more), whose address is 1220 Augusta, Suite 180, Houston, Texas 77057, and Dale Resources, L.L.C., 2100 Ross Avenue, Suite 1870, LB-9, Dallas, TX 75201, Lessee, WITNESSETH:**

1. Lessor in consideration of Ten and No/100----------Dollars ($10.00), in hand paid, of the royalties herein provided, and of the agreements of Lessee herein contained, hereby grants, leases and lets exclusively unto Lessee for the purpose of investigating, exploring, prospecting, drilling and mining for and producing oil, gas and all other minerals, conducting exploration, ~~geologic and geophysical surveys by seismograph, core test, gravity and magnetic methods~~, injecting gas, water and other fluids, and air into subsurface strata, ~~laying pipe lines, building roads, tanks, power stations, telephone lines and other structures thereon and on, over and across lands owned or claimed by Lessor adjacent and contiguous thereto~~, to produce, save, take care of, ~~treat, transport~~ and own said products, ~~and housing its employees~~, the following described land in **Tarrant County, Texas**, to-wit:

20.005 acres of land, more or less, being Lot 1-R, Block A, Regalridge Square Addition, an Addition to the City of Fort Worth, Tarrant County, Texas, being more particularly described by metes and bounds in that certain plat recorded in Volume 388-167, Page 75, of the Deed Records of Tarrant County, Texas.

10.802 acres of land, more or less, being Lot 2, Block A, Regalridge Square Addition, an Addition to the City of Fort Worth, Tarrant County, Texas, being more particularly described by metes and bounds in that certain plat recorded in Volume 388-167, Page 71, of the Deed Records of Tarrant County, Texas.

7.995 acres of land, more or less, being Lot 3, Block A, Regalridge Square Addition, an Addition to the City of Fort Worth, Tarrant County, Texas, being more particularly described by metes and bounds in that certain plat recorded in Volume 388-167, Page 73, of the Deed Records of Tarrant County, Texas.

Said lands are hereby deemed to contain 38.802 acres of land, more or less

~~This lease also covers and includes all land owned or claimed by Lessor adjacent or contiguous to the land particularly described above, whether the same be in said survey or surveys or in adjacent surveys, although not included within the boundaries of the land particularly described above.~~

2. This is a paid up lease and subject to the other provisions herein contained, this lease shall be for a term of **three (3) years** from this date (called "primary term") and as long thereafter as oil, gas or other mineral is produced from said land or land with which said land is pooled hereunder.

3. As royalty, lessee covenants and agrees: (a) To deliver to the credit of lessor, in the pipelines to which lessee may connect its wells, the equal twenty-five percent (25%) part of all oil produced and saved by lessee from said land, or from time to time, at the option of lessee, to pay lessor the average posted market price of such twenty-five percent (25%) part of such oil at the wells as of the day it is run to the pipe line or storage tanks, lessor's interest, in either case, to bear twenty-five percent (25%) of the cost of treating oil to render it marketable pipeline oil; (b) to pay lessor for gas and casinghead gas produced from said land (1) when sold by lessee, twenty-five percent (25%) of the amount realized by lessee, computed at the mouth of the well, or (2) when used by lessee off said land or in the manufacture of gasoline or other products, twenty-five percent (25%) of the amount realized from the sale of gasoline or other products extracted therefrom and twenty-five percent (25%) of the amount realized from the sale of residue gas after deducting the amount used for plant fuel and/or compression; (c) To pay lessor on all other minerals mined and marketed or utilized by lessee from said land, one-tenth either in kind or value at the well or mine at lessee's election, except that on sulphur mined and marketed the royalty shall be one dollar ($1.00) per long ton. If, at the expiration of the primary term or at any time or times thereafter, there is any well on said land or on lands with which said land or any portion thereof has been pooled, capable of producing oil or gas, and all such wells are shut-in, this lease shall, nevertheless, continue in force as though operations were being conducted on said land for so long as said wells are shut-in, and thereafter this lease may be continued in force as if no shut-in had occurred. Lessee covenants and agrees to use reasonable diligence to produce, utilize, or market the minerals capable of being produced from said wells, but in the exercise of such diligence, lessee shall not be obligated to install or furnish facilities other than well facilities and ordinary lease facilities of flow lines, separator, and lease tank, and shall not be required to settle labor trouble or to market gas upon terms unacceptable to lessee. If, at any time or times after the expiration of the primary term, all such wells are shut-in for a period of ninety consecutive days, and during such time there are no operations on said land, then at or before the expiration of said ninety day period, lessee shall pay or tender, by check or draft of lessee, as royalty, a sum equal to one dollar ($1.00) for each acre of land then covered hereby. Lessee shall make like payments or tenders at or before the end of each anniversary of the expiration of said ninety day period if upon such anniversary this lease is being continued in force solely by reason of the provisions of this paragraph. Each such payment or tender shall be made to the parties who at the time of payment would be entitled to receive the royalties which would be paid under this lease if the wells were producing, and may be deposited in the Bank at Lessor's address given above or its successors, which shall continue as the depositories, regardless of changes in the ownership of shut-in royalty. If at any time that lessee pays or tenders shut-in royalty, two or more parties are, or claim to be, entitled to receive same, lessee may, in lieu of any other method of payment herein provided, pay or tender shut-in royalty, in the manner above specified, either jointly to such parties or separately to each in accordance with their respective ownerships thereof, as lessee may elect. Any payment hereunder may be made by check or draft of lessee deposited in the mail or delivered to the party entitled to receive payment or to a depository bank provided for above on or before the last date for payment. Nothing herein shall impair lessee's right to release as provided in paragraph 5 hereof. In the event of assignment of this lease in whole or in part, liability for payment hereunder shall rest exclusively on the then owners of this lease, severally as to acreage owned by each.

4. Lessee shall have the right but not the obligation to pool all or any part of the leased premises or interest therein with any other lands or interests, as to any or all depths or zones, and as to any or all substances covered by this lease, either before or after the commencement of production, whenever Lessee deems it necessary or proper to do so in order to prudently develop or operate the leased premises, whether or not similar pooling authority exists with respect to such other lands or interests. The unit formed by such pooling for an oil well which is not a horizontal completion shall not exceed 80 acres plus a maximum acreage tolerance of 10%, and for a gas well or a horizontal completion shall not exceed 640 acres plus a maximum acreage tolerance of 10%; provided that a larger unit may be formed for an oil well or gas well or horizontal completion to conform to any well spacing or density pattern that may be prescribed or permitted by any governmental authority having jurisdiction to do so. For the purpose of the foregoing, the terms 'oil well' and 'gas well' shall have the meanings prescribed by applicable law or the appropriate governmental authority, or, if no definition is so prescribed, 'oil well' means a well with an initial gas-oil ratio of less than 100,000 cubic feet per barrel and 'gas well' means a well with an initial gas-oil ratio of 100,000 cubic feet or more per barrel, based on a 24-hour production test conducted under normal producing conditions using standard lease separator facilities or equivalent testing equipment; and the term 'horizontal completion' means an oil well in which the horizontal component of the gross completion interval in the reservoir exceeds the vertical component thereof. In exercising its pooling rights hereunder, Lessee shall file of record a written declaration describing the unit and stating the effective date of pooling. Production, drilling or reworking operations anywhere on a unit which includes all or any part of the leased premises shall be treated as if it were production, drilling or reworking operations on the leased premises, except that the production on which Lessor's royalty is calculated shall be that proportion of the total unit production which the net acreage covered by this lease and included in the unit bears to the total gross acreage in the unit, but only to the extent such proportion of unit production is sold by Lessee. Pooling in one or more instances shall not exhaust Lessees pooling rights hereunder, ~~and Lessee shall have the recurring right but not the obligation to revise any unit formed hereunder by expansion or contraction or both, either before or after commencement of production, in order to conform to the well spacing or density pattern prescribed or permitted by the governmental authority having jurisdiction, or to conform to any productive acreage determination made by such governmental authority. In making such a revision, Lessee shall file of record a written declaration describing the revised unit and stating the effective date of revision. To the extent any portion of the leased premises is included in or excluded from the unit by virtue of such revision, the proportion of unit production on which royalties are payable hereunder shall thereafter be adjusted accordingly.~~ In the absence of production in paying quantities from a unit, or upon permanent cessation thereof, Lessee may terminate the unit by filing of record a written declaration describing the unit and stating the date of termination. Pooling hereunder shall not constitute a cross-conveyance of interests.

5. If at the expiration of the primary term, oil, gas, or other mineral is not being produced on said land, or from the land pooled therewith, but Lessee is then engaged in drilling or reworking operations thereon, or shall have completed a dry hole thereon within 60 days prior to the end of the primary term, the lease shall remain in force so long as operations on said well or for drilling or reworking of any additional well are prosecuted with no cessation of more than 60 consecutive days, and if they result in the production of oil, gas or other mineral, so long thereafter as oil, gas, or other mineral is produced from

said land, or from land pooled therewith. If, after the expiration of the primary term of this lease and after oil, gas, or other mineral is produced from said land, or from land pooled therewith, the production thereof should cease from any cause, this lease shall not terminate if Lessee commences operations for drilling or reworking within 60 days after the cessation of such production, but shall remain in force and effect so long as such operations are prosecuted with no cessation of more than 60 consecutive days, and if they result in the production of oil, gas, or other mineral, so long thereafter as oil, gas, or other mineral is produced from said land, or from land pooled therewith. Any pooled unit designated by Lessee in accordance with the terms hereof, may be dissolved by Lessee by instrument filed for record in the appropriate records of the county in which the leased premises are situated at any time after the completion of a dry hole or the cessation of production on said unit. In the event a well or wells producing oil or gas in paying quantities should be brought in on adjacent land and within 330 feet of and draining the leased premises, or land pooled therewith, Lessee agrees to drill such offset well or wells as a reasonably prudent operator would drill under the same or similar circumstances. Lessee may at any time execute and deliver to Lessor or place of record a release or releases covering any portion or portions of the above described premises and thereby surrender this lease as to such portion or portions and be relieved of all obligations as to the acreage surrendered.

6. ~~Lessee shall have the right at any time during or after the expiration of this lease to remove all property and fixtures placed by Lessee on said land, including the right to draw and remove all casing. When required by Lessor, Lessee will bury all pipe lines below ordinary plow depth, and no well shall be drilled within two hundred (200) feet of any residence or barn now on said land without Lessor's consent.~~

7. The rights of either party hereunder may be assigned in whole or in part, and the provisions hereof shall extend to their heirs, successors and assigns; but no change or division in ownership of the land, or royalties, however accomplished, shall operate to enlarge the obligations or diminish the rights of Lessee; and no change or division in such ownership shall be binding on Lessee until thirty (30) days after Lessee shall have been furnished by registered U.S. mail at Lessee's principal place of business with a certified copy of recorded instrument or instruments evidencing same. In the event of assignment hereof in whole or in part, liability for breach of any obligation hereunder shall rest exclusively upon the owner of this lease or of a portion thereof who commits such breach. If six or more parties become entitled to royalty hereunder, Lessee may withhold payment thereof unless and until furnished with a recordable instrument executed by all such parties designating an agent to receive payment for all.

8. The breach by Lessee of any obligation arising hereunder shall not work a forfeiture or termination of this lease nor cause a termination or reversion of the estate created hereby nor be grounds for cancellation hereof in whole or in part. No obligation reasonably to develop the leased premises shall arise during the primary term. Should oil, gas or other mineral in paying quantities be discovered on said premises, then after the expiration of the primary term, Lessee shall develop the acreage retained hereunder as a reasonably prudent operator, ~~but in discharging this obligation it shall in no event be required to drill more than one well per forty (40) acres of the area retained hereunder and capable of producing oil in paying quantities and one well per 640 acres plus an acreage tolerance not to exceed 10% of 120 acres of the area retained hereunder and capable of producing gas or other mineral in paying quantities.~~ If after the expiration of the primary term, Lessor considers that operations are not at any time being conducted in compliance with this lease, Lessor shall notify Lessee in writing of the facts relied upon as constituting a breach hereof, and Lessee, if in default, shall have sixty days after receipt of such notice in which to commence the compliance with the obligations imposed by virtue of this instrument.

9. Lessor ~~hereby warrants and agrees to defend the title to said land and~~ agrees that Lessee at its option may discharge any tax, mortgage or other lien upon said land, either in whole or in part, and in event Lessee does so, it shall be subrogated to such lien with right to enforce same and apply royalties accruing hereunder toward satisfying same. Without impairment of Lessee's rights under the warranty in event of failure of title, it is agreed that if this lease covers a less interest in the oil, gas, ~~sulphur, or other minerals~~ in all or any part of said land than the entire and undivided fee simple estate (whether Lessor's interest is herein specified or not), or no interest therein, then the royalties, and other monies accruing from any part as to which this lease covers less than such full interest, shall be paid only in the proportion which the interest therein, if any, covered by this lease, bears to the whole and undivided fee simple estate therein. All royalty interest covered by this lease (whether or not owned by Lessor) shall be paid out of the royalty herein provided. Should any one or more of the parties named above as Lessors fail to execute this lease, it shall nevertheless be binding upon the party or parties executing the same.

10. Should Lessee be prevented from complying with any express or implied covenant of this lease, from conducting drilling or reworking operations thereon or from producing any oil, gas or other minerals therefrom by reason of scarcity of or inability to obtain or to use equipment or material, or by operation of force majeure, and Federal or state law or any order, rule or regulation of governmental authority, then while so prevented, Lessee's obligation to comply with such covenant shall be suspended, and Lessee shall not be liable in damages for failure to comply therewith; and this lease shall be extended while and so long as Lessee is prevented by any such cause from conducting drilling or reworking operations on or from producing oil or gas from the lease premises; and the time while Lessee is so prevented shall not be counted against Lessee, anything in this lease to the contrary notwithstanding.

11. Notwithstanding anything contained herein to the contrary, Lessee does not by virtue of this lease acquire any rights whatsoever to conduct any operations on the surface of the lease premises without first obtaining the prior written consent of Lessor, however, Lessee may recover oil, gas and associated hydrocarbons from the lease premises by directional or horizontal drilling, pooling, unitization or any other method provided in this lease.

~~12. Notwithstanding anything herein contained to the contrary, if at the expiration of the primary term of this lease, this lease has not been, or is not being extended pursuant to any of its provisions, then Lessee, its successors or assigns shall have the option to extend the primary term of this lease, as to all or any portion of the lands covered hereby, for an additional two (2) year(s) by paying or tendering to Lessor by check the sum of $2,000.00 multiplied by the net mineral acres subject to this lease as to which Lessee desires to extend this lease. Said payment or tender shall be made on or before the expiration date of the initial primary term and shall be considered to include the prepaid delay rental. If Lessee extends this lease as herein provided, it shall be considered that the primary term is five (5) years.~~

This Lease is subject to the terms contained in Exhibit "A" attached hereto and made a part hereof.

IN WITNESS WHEREOF, this instrument is executed on the date first above written.

N.C.T.

EXHIBIT "A"

Attached to and made a part of that certain Oil and Gas Lease dated September 3, 2005, from AHC Breckenridge Associates, L.L.C, a Texas limited liability company, Lessor, to Dale Resources, L.L.C., as Lessee

**NOTWITHSTANDING ANYTHING TO THE CONTRARY IN THE FOREGOING PRINTED FORM OIL AND GAS LEASE, THIS EXHIBIT "A" SHALL CONTROL IN THE EVENT OF A CONFLICT BETWEEN THE TERMS OF THE PRINTED FORM LEASE AND THIS EXHIBIT "A", AND IT IS UNDERSTOOD AND AGREED AS FOLLOWS:**

**A. NO SURFACE RIGHTS**

It is understood and agreed that this is a non-surface use lease agreement, and except as expressly provided in the last sentence of this paragraph A, Lessee has no rights to use, and shall not use, any part of the surface of the said land. This Lease does not grant to Lessee any rights of ingress to or egress from the said lands or to use the surface of the said lands in any manner whatsoever, in conducting exploration, drilling, production or other operations. Without limitation of the foregoing, Lessee shall not use the surface of the said land for a drill site, the site for production equipment or compressing equipment, shall not lay pipelines or gathering lines on said land, shall not build roads on said land, and shall not dispose of water on the said land. Notwithstanding the foregoing, the bore of a well drilled for oil and gas purposes may cross or be bottomed under the said land if such bore is at least 1000 feet below the surface.

**B. ROYALTY PAYMENT**

Lessee shall pay the following royalties, subject to the following provisions:

1. Lessee shall pay to Lessor twenty-five percent (25%) of the gross proceeds received by Lessee for all oil and other liquid hydrocarbons produced, and saved from, or recovered or separated on the Leased Premises and sold by Lessee in an arms' length transaction; provided, however, if oil and other liquid hydrocarbons are not sold in an arms' length transaction, Lessor's royalty on such oil and other liquid hydrocarbons shall be calculated by using the average of the three highest prices, plus premium, if any, paid or offered for oil and other liquid hydrocarbons of comparable quality in the general area where produced and when run.

2. Lessee shall pay the Lessor twenty-five percent (25%) of the gross proceeds received by Lessee for all gas (including substances contained in such gas) produced from or recovered or separated on the Leased Premises and sold by Lessee in an arms' length transaction; provided, however, if gas is not sold in an arms' length transaction, Lessor's royalty on such gas (including substances contained in such gas) shall be twenty-five percent (25%) of the market value of said gas (including substances contained in such gas). The market value of gas will be determined at the specified location by reference to the gross heating value (measured in British thermal units) and quality of gas. The market value used in the calculation of oil and gas royalty will never be less than the total proceeds received by Lessee in ~~connection with the sale, use, or other disposition of the oil or gas produced or sold~~, an arms-length transaction.

3. In no event will (i) the price paid for Lessor's share of oil and other liquid hydrocarbons produced, and saved from, or recovered or separated on the Leased Premises and gas (including substances contained in such gas) produced from or recovered or separated on the Leased Premises (the "Products") be less than the price paid to Lessee (including any premium, and without limitation, any premium paid to Lessee for the aggregation of volumes) for Lessee's share of Products produced hereunder. Notwithstanding any provision in this lease to the contrary, and notwithstanding any definition of "market value" expressed herein or implied at law, it is controllingly provided that Lessor's royalty or payments to Lessor for Lessor's royalty shall never bear or be charged with, either directly or indirectly, any part of the costs or expenses of production, operation, separation, gathering, dehydration, compression, transportation, trucking, processing, treatment, storage or marketing of the oil or gas produced from the leased premises or lands pooled therewith nor any part of the costs of construction, operation or depreciation of any plant or other facilities or equipment used in the handling of oil or gas produced from the leased premises or lands pooled therewith. For the purposes of this Lease, an arms' length transaction shall be the sale of oil and/or gas by Lessee which is (i) to a person or entity which is not an Affiliate of lessee, and (ii) which is through an agreement negotiated in good faith by all parties, containing terms which are similar to other contemporaneous agreements for the sale of oil and/or gas produced in the area of the Leased Premises and entered into between parties which are not Affiliates. For purposes of this Lease, (i) an "Affiliate" of an entity or a person is an entity or person that controls, is controlled by or is under common control with the other entity, (ii) an officer, director or greater than 5% shareholder of a corporation, and the corporation are Affiliates, (iii) a partner and the partnership are Affiliates, (iv) an officer, manager, or member and a limited liability company are Affiliates, and (v) persons within the third degree of affinity or consanguinity are Affiliates.

4. On non-recoupable proceeds and/or benefits received by Lessee, which could reduce oil and/or gas royalties, such as take-or-pay, reserves dedication or other benefits received by Lessee, Lessee shall pay Lessor twenty-five percent (25%) of the proceeds and/or benefits received by the Lessee.

5. Lessee shall pay all royalties on or before the first (1st) day of the second month succeeding production for oil and on the first (1st) day of the third month succeeding production for gas; provided however, royalties on the first month's production from any well shall not be due and payable until 90 days from the last day of the first month of production. If Lessee shall fail to pay royalties as and when required, Lessee shall pay Lessor interest at the rate of 1.5% per month (but in no event at a rate greater than the highest rate allowed by law) on the unpaid royalties from the date such royalties were due to be paid until such royalties are actually paid. Royalties are payable in Tarrant County, Texas.

**C. TITLE WARRANTY**

Lessor makes no warranty of title whatsoever.

**D. SHUT-IN**

This lease may not be maintained solely by the payment of shut in royalty for more than one (1) consecutive year, and for no more than two (2) cumulative years.

**E. RELEASE**

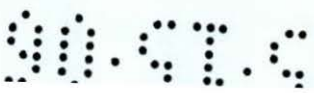

Upon termination of this lease as to all or any part of the Leased Premises, Lessee shall execute a written release and termination of the lease for the land that was previously held by a producing well for no additional consideration.

**F. INDEMNITY**

**LESSEE, ITS SUCCESSORS AND ASSIGNS, AGREES TO INDEMNIFY AND HOLD HARMLESS LESSOR, AND LESSOR'S REPRESENTATIVES, SUCCESSORS, AND ASSIGNS, AND EACH OF THEM, FROM AND AGAINST ANY AND ALL EXPENSES, CLAIMS, DEMANDS, LIABILITIES, AND CAUSES OF ACTION OF ANY NATURE FOR INJURY TO OR DEATH OF PERSONS, AND LOSS OR DAMAGE TO PROPERTY, ARISING OUT OF, CONNECTED WITH, OR RELATED TO OPERATIONS OR ACTIVITIES ON, FOR THE BENEFIT OF, OR ATTRIBUTABLE TO THIS LEASE, AND CONDUCTED BY OR FOR THE LESSEE, OR THE LESSEE'S EMPLOYEES, AGENTS, CONTRACTORS OR REPRESENTATIVES. THE FOREGOING INDEMNITY SHALL INCLUDE, WITHOUT LIMITATION, REASONABLE ATTORNEY'S FEES, COURT COSTS, EXPERT FEES, AND ALL OTHER COSTS AND OTHER SIMILAR EXPENSES. THIS INDEMNITY SHALL SURVIVE THE TERMINATION OF THIS LEASE.** Lessee shall obtain insurance with limits reasonably acceptable to Lessor supporting Lessee's indemnity, and, at the request of Lessor, shall furnish Lessor with an appropriate certificate from the insurance carrier confirming that Lessee has such insurance in force.

**G. POOLING.**

If Lessee exercises its right to pool pursuant to paragraph 4 of the body of this Lease then

(a) all of the said land must be included in the pooled unit formed by Lessee.

(b) The size of a pooled unit shall be limited by the following criteria:

(1) for Horizontal Wells, the pooled unit shall contain 40 acres plus an additional acreage assignment for fields with a density rule ~~greater~~ of 40 acres or less (which is based on Horizontal Drainhole Displacement) as provided in Texas Railroad Commission Rule 86 (adopted effective June 1, 1990) For purposes hereof, a "Horizontal Well" is an oil or gas well in which the Horizontal Drainhole Displacement of the gross completion interval exceeds 150 feet in length. "Horizontal Drainhole Displacement" shall be the distance from the penetration point of the correlative interval to the terminus of the wellbore.

(2) for all wells other than Horizontal Wells, the pooled unit shall contain 40 acres plus 10% tolerance for an oil well and 160 acres plus 10% tolerance for a gas well; provided that a pooled unit for a well, other than a Horizontal Well, completed in the Barnett Shale formation shall not exceed 40 acres.

**H. SUBSTANCES COVERED BY THIS LEASE.**

This lease covers only oil, gas, related hydrocarbons and substances produced in conjunction therewith, and does not cover sand, gravel, uranium, iron ore, coal or other substances, whether similar or dissimilar, and whether same are produced by surface disturbance or otherwise.

**I. AUDIT RIGHT**

Lessor shall have the right, during reasonable business hours and upon appointment, to inspect and make copies of all records of Lessee relating to this Lease, operations conducted on the Lease, the sale and marketing of production from this Lease, and the payment of royalties, including the right to audit Lessee's books insofar as they relate to the foregoing.

**J. APPROVAL OF ASSIGNMENT.**

Lessee shall make no assignment of its rights under this Lease without the prior written approval of the Lessor, which approval shall not be unreasonably withheld. It shall be unreasonable for Lessor to withhold approval of any such assignment unless the assignee does not have the financial resources or technical expertise necessary to operate the Leased Premises in a good and workmanlike manner. If Lessee wishes to make any such assignment, it will give written notice thereof to the Lessor, Lessor may object to such assignment within thirty (30) days from its receipt of such notice by giving written notice of such objection to Lessee within such time. If Lessor fails to object within such time, Lessor will be deemed to have approved such assignment, and Lessor agrees to provide written notice of such approval within thirty (30) days after a request by Lessee. Lessee shall furnish to Lessor a copy of any assignment made pursuant to this section, with the recording data reflected thereon.

**K. INFORMATION**

Unless precluded by an applicable confidentiality agreement, Lessee shall, when specifically requested by Lessor, furnish Lessor with (i) copies of all title opinions covering the Leased Premises (ii) copies of all railroad commission reports and severance tax reports filed by Lessee in connection with Leased Premises, (iii) copies of all agreements relating to the sale of oil and/or gas produced from the Leased Premises or lands pooled therewith, including production data, run tickets, meter charts, chart integrations and other information relating to production from the Leased Premises, (iv) if Lessee conducts or causes to be conducted a seismic survey on the Leased Premises, full fold final migrated seismic data (in a format which can be loaded and onto a seismic work station) covering the Leased Premises and an area of one-half mile around the perimeter of the Leased Premises, and (v) copies of any logs run or tests conducted in wells drilled thereon or on lands pooled therewith, such data to be furnished to Lessor within thirty (30) days of Lessee's receipt of a written request for such information; provided, however, Lessee shall not be required to provide Lessor with any production or reserve estimates or projections or interpretive geological data. All information provided to Lessor by Lessee shall be maintained as proprietary and confidential until the same has been released to the public. Lessor's designated agent shall, at Lessor's risk, have freedom of the derrick floor.

# OIL, GAS AND MINERAL LEASE

**THIS AGREEMENT made this 4th day of January, 2006, between Campus Drive United Methodist Church, Inc., a religious corporation, Lessor (whether one or more), whose address is P.O. Box 15855, Fort Worth, Texas 76119, and Dale Resources, L.L.C., 2100 Ross Avenue, Suite 1870, LB-9, Dallas, TX 75201, Lessee, WITNESSETH:**

1. Lessor in consideration of Ten and No/100———Dollars ($10.00), in hand paid, of the royalties herein provided, and of the agreements of Lessee herein contained, hereby grants, leases and lets exclusively unto Lessee for the purpose of investigating, exploring, prospecting, drilling and mining for and producing oil, gas and all other minerals, conducting exploration, geologic and geophysical surveys by seismograph, core test, gravity and magnetic methods, injecting gas, water and other fluids, and air into subsurface strata, laying pipe lines, building roads, tanks, power stations, telephone lines and other structures thereon and on, over and across lands owned or claimed by Lessor adjacent and contiguous thereto, to produce, save, take care of, treat, transport and own said products, and housing its employees, the following described land in **Tarrant County, Texas**, to-wit:

1.5 acres of land, more or less, being a portion of Lot 1, Block 1, Seminary Campus Addition, an Addition to the City of Fort Worth, Tarrant County, Texas, being more particularly described by metes and bounds in that certain deed dated April 8, 1985 between Commission on Church Growth and Development, as Grantor to Campus Drive United Methodist Church, an unincorporated religious association, as Grantee recorded in Volume 8245, Page 83 of the Plat Records of Tarrant County, Texas.

3.5 acres of land, more or less, out of the William Hicks Survey, Abstract 694, Tarrant County, Texas, being more particularly described by metes and bounds in that certain deed dated July 9, 2003 between Commission on Church Growth and Development, as Grantor to Campus Drive United Methodist Church, as Grantee recorded in Volume 16965, Page 197 of the Plat Records of Tarrant County, Texas.

Said lands are hereby deemed to contain 5.0 acres of land, more or less

This lease also covers and includes all land owned or claimed by Lessor adjacent or contiguous to the land particularly described above, whether the same be in said survey or surveys or in adjacent surveys, although not included within the boundaries of the land particularly described above.

2. This is a paid up lease and subject to the other provisions herein contained, this lease shall be for a term of **three (3) years** from this date (called "primary term") and as long thereafter as oil, gas or other mineral is produced from said land or land with which said land is pooled hereunder.

3. As royalty, lessee covenants and agrees: (a) To deliver to the credit of lessor, in the pipelines to which lessee may connect its wells, the equal twenty-five percent (25%) part of all oil produced and saved by lessee from said land, or from time to time, at the option of lessee, to pay lessor the average posted market price of such twenty-five percent (25%) part of such oil at the wells as of the day it is run to the pipe line or storage tanks, lessor's interest, in either case, to bear twenty-five percent (25%) of the cost of treating oil to render it marketable pipeline oil; (b) to pay lessor for gas and casinghead gas produced from said land (1) when sold by lessee, twenty-five percent (25%) of the amount realized by lessee, computed at the mouth of the well, or (2) when used by lessee off said land or in the manufacture of gasoline or other products, twenty-five percent (25%) of the amount realized from the sale of gasoline or other products extracted therefrom and twenty-five percent (25%) of the amount realized from the sale of residue gas after deducting the amount used for plant fuel and/or compression; (c) To pay lessor on all other minerals mined and marketed or utilized by lessee from said land, one-tenth either in kind or value at the well or mine at lessee's election, except that on sulphur mined and marketed the royalty shall be one dollar ($1.00) per long ton. If, at the expiration of the primary term or at any time or times thereafter, there is any well on said land or on lands with which said land or any portion thereof has been pooled, capable of producing oil or gas, and all such wells are shut-in, this lease shall, nevertheless, continue in force as though operations were being conducted on said land for so long as said wells are shut-in, and thereafter this lease may be continued in force as if no shut-in had occurred. Lessee covenants and agrees to use reasonable diligence to produce, utilize, or market the minerals capable of being produced from said wells, but in the exercise of such diligence, lessee shall not be obligated to install or furnish facilities other than well facilities and ordinary lease facilities of flow lines, separator, and lease tank, and shall not be required to settle labor trouble or to market gas upon terms unacceptable to lessee. If, at any time or times after the expiration of the primary term, all such wells are shut-in for a period of ninety consecutive days, and during such time there are no operations on said land, then at or before the expiration of said ninety day period, lessee shall pay or tender, by check or draft of lessee, as royalty, a sum equal to one dollar ($1.00) for each acre of land then covered hereby. Lessee shall make like payments or tenders at or before the end of each anniversary of the expiration of said ninety day period if upon such anniversary this lease is being continued in force solely by reason of the provisions of this paragraph. Each such payment or tender shall be made to the parties who at the time of payment would be entitled to receive the royalties which would be paid under this lease if the wells were producing, and may be deposited in the Bank at Lessor's address given above or its successors, which shall continue as the depositories, regardless of changes in the ownership of shut-in royalty. If at any time that lessee pays or tenders shut-in royalty, two or more parties are, or claim to be, entitled to receive same, lessee may, in lieu of any other method of payment herein provided, pay or tender shut-in royalty, in the manner above specified, either jointly to such parties or separately to each in accordance with their respective ownerships thereof, as lessee may elect. Any payment hereunder may be made by check or draft of lessee deposited in the mail or delivered to the party entitled to receive payment or to a depository bank provided for above on or before the last date for payment. Nothing herein shall impair lessee's right to release as provided in paragraph 5 hereof. In the event of assignment of this lease in whole or in part, liability for payment hereunder shall rest exclusively on the then owners of this lease, severally as to acreage owned by each.

4. Lessee shall have the right but not the obligation to pool all or any part of the leased premises or interest therein with any other lands or interests, as to any or all depths or zones, and as to any or all substances covered by this lease, either before or after the commencement of production, whenever Lessee deems it necessary or proper to do so in order to prudently develop or operate the leased premises, whether or not similar pooling authority exists with respect to such other lands or interests. The unit formed by such pooling for an oil well which is not a horizontal completion shall not exceed 80 acres plus a maximum acreage tolerance of 10%, and for a gas well or a horizontal completion shall not exceed 640 acres plus a maximum acreage tolerance of 10%; provided that a larger unit may be formed for an oil well or gas well or horizontal completion to conform to any well spacing or density pattern that may be prescribed or permitted by any governmental authority having jurisdiction to do so. For the purpose of the foregoing, the terms 'oil well' and 'gas well' shall have the meanings prescribed by applicable law or the appropriate governmental authority, or, if no definition is so prescribed, 'oil well' means a well with an initial gas-oil ratio of less than 100,000 cubic feet per barrel and 'gas well' means a well with an initial gas-oil ratio of 100,000 cubic feet or more per barrel, based on a 24-hour production test conducted under normal producing conditions using standard lease separator facilities or equivalent testing equipment; and the term 'horizontal completion' means an oil well in which the horizontal component of the gross completion interval in the reservoir exceeds the vertical component thereof. In exercising its pooling rights hereunder, Lessee shall file of record a written declaration describing the unit and stating the effective date of pooling. Production, drilling or reworking operations anywhere on a unit which includes all or any part of the leased premises shall be treated as if it were production, drilling or reworking operations on the leased premises, except that the production on which Lessor's royalty is calculated shall be that proportion of the total unit production which the net acreage covered by this lease and included in the unit bears to the total gross acreage in the unit, but only to the extent such proportion of unit production is sold by Lessee. Pooling in one or more instances shall not exhaust Lessees pooling rights hereunder, and Lessee shall have the recurring right but not the obligation to revise any unit formed hereunder by expansion or contraction or both, either before or after commencement of production, in order to conform to the well spacing or density pattern prescribed or permitted by the governmental authority having jurisdiction, or to conform to any productive acreage determination made by such governmental authority. In making such a revision, Lessee shall file of record a written declaration describing the revised unit and stating the effective date of revision. To the extent any portion of the leased premises is included in or excluded from the unit by virtue of such revision, the proportion of unit production on which royalties are payable hereunder shall thereafter be adjusted accordingly. In the absence of production in paying quantities from a unit, or upon permanent cessation thereof, Lessee may terminate the unit by filing of record a written declaration describing the unit and stating the date of termination. Pooling hereunder shall not constitute a cross-conveyance of interests.

D 206051104

5. If at the expiration of the primary term, oil, gas, or other mineral is not being produced on said land, or from the land pooled therewith, but Lessee is then engaged in drilling or reworking operations thereon, or shall have completed a dry hole thereon within 60 days prior to the end of the primary term, the lease shall remain in force so long as operations on said well or for drilling or reworking of any additional well are prosecuted with no cessation of more than 60 consecutive days, and if they result in the production of oil, gas or other mineral, so long thereafter as oil, gas, or other mineral is produced from said land, or from land pooled therewith. If, after the expiration of the primary term of this lease and after oil, gas, or other mineral is produced from said land, or from land pooled therewith, the production thereof should cease from any cause, this lease shall not terminate if Lessee commences operations for

drilling or reworking within 60 days after the cessation of such production, but shall remain in force and effect so long as such operations are prosecuted with no cessation of more than 60 consecutive days, and if they result in the production of oil, gas, or other mineral, so long thereafter as oil, gas, or other mineral is produced from said land, or from land pooled therewith. Any pooled unit designated by Lessee in accordance with the terms hereof, may be dissolved by Lessee by instrument filed for record in the appropriate records of the county in which the leased premises are situated at any time after the completion of a dry hole or the cessation of production on said unit. In the event a well or wells producing oil or gas in paying quantities should be brought in on adjacent land and within 330 feet of and draining the leased premises, or land pooled therewith, Lessee agrees to drill such offset well or wells as a reasonably prudent operator would drill under the same or similar circumstances. Lessee may at any time execute and deliver to Lessor or place of record a release or releases covering any portion or portions of the above described premises and thereby surrender this lease as to such portion or portions and be relieved of all obligations as to the acreage surrendered.

6. Lessee shall have the right at any time during or after the expiration of this lease to remove all property and fixtures placed by Lessee on said land, including the right to draw and remove all casing. When required by Lessor, Lessee will bury all pipe lines below ordinary plow depth, and no well shall be drilled within two hundred (200) feet of any residence or barn now on said land without Lessor's consent.

7. The rights of either party hereunder may be assigned in whole or in part, and the provisions hereof shall extend to their heirs, successors and assigns; but no change or division in ownership of the land, or royalties, however accomplished, shall operate to enlarge the obligations or diminish the rights of Lessee; and no change or division in such ownership shall be binding on Lessee until thirty (30) days after Lessee shall have been furnished by registered U.S. mail at Lessee's principal place of business with a certified copy of recorded instrument or instruments evidencing same. In the event of assignment hereof in whole or in part, liability for breach of any obligation hereunder shall rest exclusively upon the owner of this lease or of a portion thereof who commits such breach. If six or more parties become entitled to royalty hereunder, Lessee may withhold payment thereof unless and until furnished with a recordable instrument executed by all such parties designating an agent to receive payment for all.

8. The breach by Lessee of any obligation arising hereunder shall not work a forfeiture or termination of this lease nor cause a termination or reversion of the estate created hereby nor be grounds for cancellation hereof in whole or in part. No obligation reasonably to develop the leased premises shall arise during the primary term. Should oil, gas or other mineral in paying quantities be discovered on said premises, then after the expiration of the primary term, Lessee shall develop the acreage retained hereunder as a reasonably prudent operator, but in discharging this obligation it shall in no event be required to drill more than one well per forty (40) acres of the area retained hereunder and capable of producing oil in paying quantities and one well per 640 acres plus an acreage tolerance not to exceed 10% of 120 acres of the area retained hereunder and capable of producing gas or other mineral in paying quantities. If after the expiration of the primary term, Lessor considers that operations are not at any time being conducted in compliance with this lease, Lessor shall notify Lessee in writing of the facts relied upon as constituting a breach hereof, and Lessee, if in default, shall have sixty days after receipt of such notice in which to commence the compliance with the obligations imposed by virtue of this instrument.

9. Lessor hereby warrants and agrees to defend the title to said land and agrees that Lessee at its option may discharge any tax, mortgage or other lien upon said land, either in whole or in part, and in event Lessee does so, it shall be subrogated to such lien with right to enforce same and apply royalties accruing hereunder toward satisfying same. Without impairment of Lessee's rights under the warranty in event of failure of title, it is agreed that if this lease covers a less interest in the oil, gas, sulphur, or other minerals in all or any part of said land than the entire and undivided fee simple estate (whether Lessor's interest is herein specified or not), or no interest therein, then the royalties, and other monies accruing from any part as to which this lease covers less than such full interest, shall be paid only in the proportion which the interest therein, if any, covered by this lease, bears to the whole and undivided fee simple estate therein. All royalty interest covered by this lease (whether or not owned by Lessor) shall be paid out of the royalty herein provided. Should any one or more of the parties named above as Lessors fail to execute this lease, it shall nevertheless be binding upon the party or parties executing the same.

10. Should Lessee be prevented from complying with any express or implied covenant of this lease, from conducting drilling or reworking operations thereon or from producing any oil, gas or other minerals therefrom by reason of scarcity of or inability to obtain or to use equipment or material, or by operation of force majeure, and Federal or state law or any order, rule or regulation of governmental authority, then while so prevented, Lessee's obligation to comply with such covenant shall be suspended, and Lessee shall not be liable in damages for failure to comply therewith; and this lease shall be extended while and so long as Lessee is prevented by any such cause from conducting drilling or reworking operations on or from producing oil or gas from the lease premises; and the time while Lessee is so prevented shall not be counted against Lessee, anything in this lease to the contrary notwithstanding.

11. Notwithstanding anything contained herein to the contrary, Lessee does not by virtue of this lease acquire any rights whatsoever to conduct any operations on the surface of the lease premises without first obtaining the prior written consent of Lessor, however, Lessee may recover oil, gas and associated hydrocarbons from the lease premises by directional or horizontal drilling, pooling, unitization or any other method provided in this lease.

12. Notwithstanding anything herein contained to the contrary, if at the expiration of the primary term of this lease, this lease has not been, or is not being extended pursuant to any of its provisions, then Lessee, its successors or assigns shall have the option to extend the primary term of this lease, as to all or any portion of the lands covered hereby, for an additional two (2) year(s) by paying or tendering to Lessor by check the sum of $2,000.00 multiplied by the net mineral acres subject to this lease as to which Lessee desires to extend this lease. Said payment or tender shall be made on or before the expiration date of the initial primary term and shall be considered to include the prepaid delay rental. If Lessee extends this lease as herein provided, it shall be considered that the primary term is five (5) years.

SEE EXHIBIT "A" ATTACHED HERETO AND BY REFERENCE, MADE A PART HEREOF.

## ADDENDUM TO OIL AND GAS LEASE

In the event of a conflict between the terms of the printed form Oil, Gas and Mineral Lease dated January 4th, 2006 from Campus Drive United Methodist Church, Inc., a religious corporation, to Dale Resources, L.L.C. and this addendum, the terms of this addendum shall absolutely control.

13. It is understood and agreed that this lease covers and includes oil and gas only (including with oil and gas, all constituent elements thereof and all other liquid or liquefiable hydrocarbons and products of every kind or character derived therefrom and produced therewith, including sulphur), and that all minerals other than oil and gas are excepted herefrom and reserved to Lessor.

14. Lessor's royalty shall be free and clear of all costs and expenses whatsoever including expenses of separation, compression, marketing, transportation, treating or manufacturing oil or gas produced hereunder, save and except ad valorem and production taxes.

15. This lease may not be assigned without the prior written consent of Lessor which consent shall not be unreasonably withheld.

16. Anything in the lease to the contrary notwithstanding, the shut-in royalty payment shall be $500 per well due within ninety (90) days after the date on which gas ceases to be sold after the end of the primary term. This lease may not be maintained by shut-in royalty payments for a cumulative period of more than 24 months after the end of the primary term of this lease.

17. Lessee, its successors and assigns, agrees to indemnify, defend and hold harmless the parties herein designated Lessor and their heirs, successors and assigns, and each of them, from and against any and all claims, losses, liabilities, fines, costs, expenses (including attorneys fees and expense) resulting from or arising out of or in connection with operations of or for Lessee, its agents, contractors, or subcontractors hereunder. This indemnity shall survive termination of the lease.

18. Notwithstanding any other section of this lease, Lessor retains, and Lessee waives, any and all rights whatsoever of access to or upon the surface of the leased premises for the exploration, development, production or transportation of the oil or gas thereunder. However, this waiver of surface rights shall not be construed as the waiver of the right of Lessee to exploit, explore for, develop or produce such oil or gas with wells drilled on adjacent lands, including, but not limited to, directional or horizontal wells bottomed beneath or drilled through any part of the leased premises (other than the surface). No well shall be drilled within 500 feet from Lessor's property line.

19. Anything in the lease to the contrary notwithstanding, units pooled for a vertical well shall include no more than forty acres. Units pooled for a horizontal well shall include no more than forty acres plus the additional acreage listed in the tables in Statewide Rule 86 of the Texas Railroad Commission using the table for additional acreage assignment which would be applicable to the minimum well density permitted for a vertical well producing from the same formation. As used in this lease, the term "horizontal well" means one that meets the definition of a horizontal drainhole well under Statewide Rule 86 of the Texas Railroad Commission, and a "vertical well" is a well that is not a horizontal well. In the event lands covered by this lease are pooled, all such lands covered by this lease shall be included in such unit.

20. Upon expiration of the primary term, this lease shall terminate as to all depths below one hundred (100) feet below the stratigraphic equivalent of the deepest formation from any well on lands pooled with the lease premises. On termination of this lease, in whole or in part, Lessee shall execute, file for record and furnish to Lessor a suitable release of this lease.

21. This lease is made without warranty of title, express or implied

22. Lessee shall provide Lessor with a copy of all documents filed with any regulatory authority having jurisdiction or recorded in the county records within thirty days of filing or recording such documents. Upon request by Lessor, Lessee agrees to deliver to Lessor a copy of any contracts for sale of oil or gas produced from the leased premises or lands pooled therewith.

# OIL, GAS AND MINERAL LEASE

**THIS AGREEMENT made this 22 day of December, 2005, between Teaching Word Faith Center, Lessor (whether one or more), whose address is P.O. Box 331898, Fort Worth, Texas 76163, and Dale Resources, L.L.C., 2100 Ross Avenue, Suite 1870, LB-9, Dallas, TX 75201, Lessee, WITNESSETH:**

1. Lessor in consideration of Ten and No/100———Dollars ($10.00), in hand paid, of the royalties herein provided, and of the agreements of Lessee herein contained, hereby grants, leases and lets exclusively unto Lessee for the purpose of investigating, exploring, prospecting, drilling and mining for and producing oil, gas and all other minerals, conducting exploration, geologic and geophysical surveys by seismograph, core test, gravity and magnetic methods, injecting gas, water and other fluids, and air into subsurface strata, laying pipe lines, building roads, tanks, power stations, telephone lines and other structures thereon and on, over and across lands owned or claimed by Lessor adjacent and contiguous thereto, to produce, save, take care of, treat, transport and own said products, and housing its employees, the following described land in **Tarrant County, Texas**, to-wit:

6.415 acres of land, more or less, out of the William Hicks Survey, Abstract 694, Tarrant County, Texas, being more particularly described by metes and bounds in that certain deed dated February 4, 1986 between Booth B. Strange as Grantor to Teaching Word Faith Center as Grantee recorded in Volume 8446, Page 1460 of the Plat Records of Tarrant County, Texas.

This lease also covers and includes all land owned or claimed by Lessor adjacent or contiguous to the land particularly described above, whether the same be in said survey or surveys or in adjacent surveys, although not included within the boundaries of the land particularly described above.

2. This is a paid up lease and subject to the other provisions herein contained, this lease shall be for a term of **three (3) years** from this date (called "primary term") and as long thereafter as oil, gas or other mineral is produced from said land or land with which said land is pooled hereunder.

3. As royalty, lessee covenants and agrees: (a) To deliver to the credit of lessor, in the pipelines to which lessee may connect its wells, the equal twenty-five percent (25%) part of all oil produced and saved by lessee from said land, or from time to time, at the option of lessee, to pay lessor the average posted market price of such twenty-five percent (25%) part of such oil at the wells as of the day it is run to the pipe line or storage tanks, lessor's interest, in either case, to bear twenty-five percent (25%) of the cost of treating oil to render it marketable pipeline oil; (b) to pay lessor for gas and casinghead gas produced from said land (1) when sold by lessee, twenty-five percent (25%) of the amount realized by lessee, computed at the mouth of the well, or (2) when used by lessee off said land or in the manufacture of gasoline or other products, twenty-five percent (25%) of the amount realized from the sale of gasoline or other products extracted therefrom and twenty-five percent (25%) of the amount realized from the sale of residue gas after deducting the amount used for plant fuel and/or compression; (c) To pay lessor on all other minerals mined and marketed or utilized by lessee from said land, one-tenth either in kind or value at the well or mine at lessee's election, except that on sulphur mined and marketed the royalty shall be one dollar ($1.00) per long ton. If, at the expiration of the primary term or at any time or times thereafter, there is any well on said land or on lands with which said land or any portion thereof has been pooled, capable of producing oil or gas, and all such wells are shut-in, this lease shall, nevertheless, continue in force as though operations were being conducted on said land for so long as said wells are shut-in, and thereafter this lease may be continued in force as if no shut-in had occurred. Lessee covenants and agrees to use reasonable diligence to produce, utilize, or market the minerals capable of being produced from said wells, but in the exercise of such diligence, lessee shall not be obligated to install or furnish facilities other than well facilities and ordinary lease facilities of flow lines, separator, and lease tank, and shall not be required to settle labor trouble or to market gas upon terms unacceptable to lessee. If, at any time or times after the expiration of the primary term, all such wells are shut-in for a period of ninety consecutive days, and during such time there are no operations on said land, then at or before the expiration of said ninety day period, lessee shall pay or tender, by check or draft of lessee, as royalty, a sum equal to one dollar ($1.00) for each acre of land then covered hereby. Lessee shall make like payments or tenders at or before the end of each anniversary of the expiration of said ninety day period if upon such anniversary this lease is being continued in force solely by reason of the provisions of this paragraph. Each such payment or tender shall be made to the parties who at the time of payment would be entitled to receive the royalties which would be paid under this lease if the wells were producing, and may be deposited in the Bank at Lessor's address given above or its successors, which shall continue as the depositories, regardless of changes in the ownership of shut-in royalty. If at any time that lessee pays or tenders shut-in royalty, two or more parties are, or claim to be, entitled to receive same, lessee may, in lieu of any other method of payment herein provided, pay or tender shut-in royalty, in the manner above specified, either jointly to such parties or separately to each in accordance with their respective ownerships thereof, as lessee may elect. Any payment hereunder may be made by check or draft of lessee deposited in the mail or delivered to the party entitled to receive payment or to a depository bank provided for above on or before the last date for payment. Nothing herein shall impair lessee's right to release as provided in paragraph 5 hereof. In the event of assignment of this lease in whole or in part, liability for payment hereunder shall rest exclusively on the then owners of this lease, severally as to acreage owned by each.

4. Lessee shall have the right but not the obligation to pool all or any part of the leased premises or interest therein with any other lands or interests, as to any or all depths or zones, and as to any or all substances covered by this lease, either before or after the commencement of production, whenever Lessee deems it necessary or proper to do so in order to prudently develop or operate the leased premises, whether or not similar pooling authority exists with respect to such other lands or interests. The unit formed by such pooling for an oil well which is not a horizontal completion shall not exceed 80 acres plus a maximum acreage tolerance of 10%, and for a gas well or a horizontal completion shall not exceed 640 acres plus a maximum acreage tolerance of 10%; provided that a larger unit may be formed for an oil well or gas well or horizontal completion to conform to any well spacing or density pattern that may be prescribed or permitted by any governmental authority having jurisdiction to do so. For the purpose of the foregoing, the terms 'oil well' and 'gas well' shall have the meanings prescribed by applicable law or the appropriate governmental authority, or, if no definition is so prescribed, 'oil well' means a well with an initial gas-oil ratio of less than 100,000 cubic feet per barrel and 'gas well' means a well with an initial gas-oil ratio of 100,000 cubic feet or more per barrel, based on a 24-hour production test conducted under normal producing conditions using standard lease separator facilities or equivalent testing equipment; and the term 'horizontal completion' means an oil well in which the horizontal component of the gross completion interval in the reservoir exceeds the vertical component thereof. In exercising its pooling rights hereunder, Lessee shall file of record a written declaration describing the unit and stating the effective date of pooling. Production, drilling or reworking operations anywhere on a unit which includes all or any part of the leased premises shall be treated as if it were production, drilling or reworking operations on the leased premises, except that the production on which Lessor's royalty is calculated shall be that proportion of the total unit production which the net acreage covered by this lease and included in the unit bears to the total gross acreage in the unit, but only to the extent such proportion of unit production is sold by Lessee. Pooling in one or more instances shall not exhaust Lessees pooling rights hereunder, and Lessee shall have the recurring right but not the obligation to revise any unit formed hereunder by expansion or contraction or both, either before or after commencement of production, in order to conform to the well spacing or density pattern prescribed or permitted by the governmental authority having jurisdiction, or to conform to any productive acreage determination made by such governmental authority. In making such a revision, Lessee shall file of record a written declaration describing the revised unit and stating the effective date of revision. To the extent any portion of the leased premises is included in or excluded from the unit by virtue of such revision, the proportion of unit production on which royalties are payable hereunder shall thereafter be adjusted accordingly. In the absence of production in paying quantities from a unit, or upon permanent cessation thereof, Lessee may terminate the unit by filing of record a written declaration describing the unit and stating the date of termination. Pooling hereunder shall not constitute a cross-conveyance of interests.

5. If at the expiration of the primary term, oil, gas, or other mineral is not being produced on said land, or from the land pooled therewith, but Lessee is then engaged in drilling or reworking operations thereon, or shall have completed a dry hole thereon within 60 days prior to the end of the primary term, the lease shall remain in force so long as operations on said well or for drilling or reworking of any additional well are prosecuted with no cessation of more than 60 consecutive days, and if they result in the production of oil, gas or other mineral, so long thereafter as oil, gas, or other mineral is produced from said land, or from land pooled therewith. If, after the expiration of the primary term of this lease and after oil, gas, or other mineral is produced from said land, or from land pooled therewith, the production thereof should cease from any cause, this lease shall not terminate if Lessee commences operations for drilling or reworking within 60 days after the cessation of such production, but shall remain in force and effect so long as such operations are prosecuted with no cessation of more than 60 consecutive days, and if they result in the production of oil, gas, or other mineral, so long thereafter as oil, gas, or other mineral is produced from said land, or from land pooled therewith. Any pooled unit designated by Lessee in accordance with the terms hereof, may be dissolved by Lessee by instrument filed for record in the appropriate records of the county in which the leased premises are situated at any time after the completion of a dry hole or the cessation of production on said unit. In the event a well or wells producing oil or gas in paying quantities should be brought in on adjacent land and within 330 feet of and draining the leased premises, or land pooled therewith, Lessee agrees to drill such offset well or wells as a reasonably prudent operator would drill under the same or similar circumstances. Lessee may at any time execute and deliver to Lessor or place of record a release or releases covering any portion or portions of the above described premises and thereby surrender this lease as to such portion or portions and be relieved of all obligations as to the acreage surrendered.

D206051004

6. Lessee shall have the right at any time during or after the expiration of this lease to remove all property and fixtures placed by Lessee on said land, including the right to draw and remove all casing. When required by Lessor, Lessee will bury all pipe lines below ordinary plow depth, and no well shall be drilled within two hundred (200) feet of any residence or barn now on said land without Lessor's consent.

7. The rights of either party hereunder may be assigned in whole or in part, and the provisions hereof shall extend to their heirs, successors and assigns; but no change or division in ownership of the land, or royalties, however accomplished, shall operate to enlarge the obligations or diminish the rights of Lessee; and no change or division in such ownership shall be binding on Lessee until thirty (30) days after Lessee shall have been furnished by registered U.S. mail at Lessee's principal place of business with a certified copy of recorded instrument or instruments evidencing same. In the event of assignment hereof in whole or in part, liability for breach of any obligation hereunder shall rest exclusively upon the owner of this lease or of a portion thereof who commits such breach. If six or more parties become entitled to royalty hereunder, Lessee may withhold payment thereof unless and until furnished with a recordable instrument executed by all such parties designating an agent to receive payment for all.

8. The breach by Lessee of any obligation arising hereunder shall not work a forfeiture or termination of this lease nor cause a termination or reversion of the estate created hereby nor be grounds for cancellation hereof in whole or in part. No obligation reasonably to develop the leased premises shall arise during the primary term. Should oil, gas or other mineral in paying quantities be discovered on said premises, then after the expiration of the primary term, Lessee shall develop the acreage retained hereunder as a reasonably prudent operator, but in discharging this obligation it shall in no event be required to drill more than one well per forty (40) acres of the area retained hereunder and capable of producing oil in paying quantities and one well per 640 acres plus an acreage tolerance not to exceed 10% of 120 acres of the area retained hereunder and capable of producing gas or other mineral in paying quantities. If after the expiration of the primary term, Lessor considers that operations are not at any time being conducted in compliance with this lease, Lessor shall notify Lessee in writing of the facts relied upon as constituting a breach hereof, and Lessee, if in default, shall have sixty days after receipt of such notice in which to commence the compliance with the obligations imposed by virtue of this instrument.

9. Lessor hereby warrants and agrees to defend the title to said land and agrees that Lessee at its option may discharge any tax, mortgage or other lien upon said land, either in whole or in part, and in event Lessee does so, it shall be subrogated to such lien with right to enforce same and apply royalties accruing hereunder toward satisfying same. Without impairment of Lessee's rights under the warranty in event of failure of title, it is agreed that if this lease covers a less interest in the oil, gas, sulphur, or other minerals in all or any part of said land than the entire and undivided fee simple estate (whether Lessor's interest is herein specified or not), or no interest therein, then the royalties, and other monies accruing from any part as to which this lease covers less than such full interest, shall be paid only in the proportion which the interest therein, if any, covered by this lease, bears to the whole and undivided fee simple estate therein. All royalty interest covered by this lease (whether or not owned by Lessor) shall be paid out of the royalty herein provided. Should any one or more of the parties named above as Lessors fail to execute this lease, it shall nevertheless be binding upon the party or parties executing the same.

10. Should Lessee be prevented from complying with any express or implied covenant of this lease, from conducting drilling or reworking operations thereon or from producing any oil, gas or other minerals therefrom by reason of scarcity of or inability to obtain or to use equipment or material, or by operation of force majeure, and Federal or state law or any order, rule or regulation of governmental authority, then while so prevented, Lessee's obligation to comply with such covenant shall be suspended, and Lessee shall not be liable in damages for failure to comply therewith; and this lease shall be extended while and so long as Lessee is prevented by any such cause from conducting drilling or reworking operations on or from producing oil or gas from the lease premises; and the time while Lessee is so prevented shall not be counted against Lessee, anything in this lease to the contrary notwithstanding.

11. Notwithstanding anything contained herein to the contrary, Lessee does not by virtue of this lease acquire any rights whatsoever to conduct any operations on the surface of the lease premises without first obtaining the prior written consent of Lessor, however, Lessee may recover oil, gas and associated hydrocarbons from the lease premises by directional or horizontal drilling, pooling, unitization or any other method provided in this lease. Lessor shall retain all rights to conduct operations on the surface of the leased premises including construction and improvements on the property.

12. Notwithstanding anything herein contained to the contrary, if at the expiration of the primary term of this lease, this lease has not been, or is not being extended pursuant to any of its provisions, then Lessee, its successors or assigns shall have the option to extend the primary term of this lease, as to all or any portion of the lands covered hereby, for an additional two (2) year(s) by paying or tendering to Lessor by check the sum of $2,000.00 multiplied by the net mineral acres subject to this lease as to which Lessee desires to extend this lease. Said payment or tender shall be made on or before the expiration date of the initial primary term and shall be considered to include the prepaid delay rental. If Lessee extends this lease as herein provided, it shall be considered that the primary term is five (5) years.

IN WITNESS WHEREOF, this instrument is executed on the date first above written.

# OIL, GAS AND MINERAL LEASE

**THIS AGREEMENT made this 7th day of October, 2005, between Christian Outreach Center of Fort Worth, Inc., a Texas non-profit corporation, Lessor (whether one or more), whose address is 913 E. Seminary Drive, Fort Worth, Texas 76119, and Dale Resources, L.L.C., 2100 Ross Avenue, Suite 1870, LB-9, Dallas, TX 75201, Lessee, WITNESSETH:**

1. Lessor in consideration of Ten and No/100----------Dollars ($10.00), in hand paid, of the royalties herein provided, and of the agreements of Lessee herein contained, hereby grants, leases and lets exclusively unto Lessee for the purpose of investigating, exploring, prospecting, drilling and mining for and producing oil, gas and all other minerals, conducting exploration, geologic and geophysical surveys by seismograph, core test, gravity and magnetic methods, injecting gas, water and other fluids, and air into subsurface strata, laying pipe lines, building roads, tanks, power stations, telephone lines and other structures thereon and on, over and across lands owned or claimed by Lessor adjacent and contiguous thereto, to produce, save, take care of, treat, transport and own said products, and housing its employees, the following described land in **Tarrant County, Texas**, to-wit:

22.063 acres of land, more or less, being Lot 1 of the Seminary Twin Drive-in Theatre Addition, an Addition to the City of Fort Worth, Tarrant County, Texas, being more particularly described by metes and bounds in that certain plat recorded in Volume 388-56, Page 38 of the Plat Records of Tarrant County, Texas.

This lease also covers and includes all land owned or claimed by Lessor adjacent or contiguous to the land particularly described above, whether the same be in said survey or surveys or in adjacent surveys, although not included within the boundaries of the land particularly described above.

2. This is a paid up lease and subject to the other provisions herein contained, this lease shall be for a term of **three (3) years** from this date (called "primary term") and as long thereafter as oil, gas or other mineral is produced from said land or land with which said land is pooled hereunder.

3. As royalty, lessee covenants and agrees: (a) To deliver to the credit of lessor, in the pipelines to which lessee may connect its wells, the equal twenty-five percent (25%) part of all oil produced and saved by lessee from said land, or from time to time, at the option of lessee, to pay lessor the average posted market price of such twenty-five percent (25%) part of such oil at the wells as of the day it is run to the pipe line or storage tanks, lessor's interest, in either case, to bear twenty-five percent (25%) of the cost of treating oil to render it marketable pipeline oil; (b) to pay lessor for gas and casinghead gas produced from said land (1) when sold by lessee, twenty-five percent (25%) of the amount realized by lessee, computed at the mouth of the well, or (2) when used by lessee off said land or in the manufacture of gasoline or other products, twenty-five percent (25%) of the amount realized from the sale of gasoline or other products extracted therefrom and twenty-five percent (25%) of the amount realized from the sale of residue gas after deducting the amount used for plant fuel and/or compression; (c) To pay lessor on all other minerals mined and marketed or utilized by lessee from said land, one-tenth either in kind or value at the well or mine at lessee's election, except that on sulphur mined and marketed the royalty shall be one dollar ($1.00) per long ton. If, at the expiration of the primary term or at any time or times thereafter, there is any well on said land or on lands with which said land or any portion thereof has been pooled, capable of producing oil or gas, and all such wells are shut-in, this lease shall, nevertheless, continue in force as though operations were being conducted on said land for so long as said wells are shut-in, and thereafter this lease may be continued in force as if no shut-in had occurred. Lessee covenants and agrees to use reasonable diligence to produce, utilize, or market the minerals capable of being produced from said wells, but in the exercise of such diligence, lessee shall not be obligated to install or furnish facilities other than well facilities and ordinary lease facilities of flow lines, separator, and lease tank, and shall not be required to settle labor trouble or to market gas upon terms unacceptable to lessee. If, at any time or times after the expiration of the primary term, all such wells are shut-in for a period of ninety consecutive days, and during such time there are no operations on said land, then at or before the expiration of said ninety day period, lessee shall pay or tender, by check or draft of lessee, as royalty, a sum equal to one dollar ($1.00) for each acre of land then covered hereby. Lessee shall make like payments or tenders at or before the end of each anniversary of the expiration of said ninety day period if upon such anniversary this lease is being continued in force solely by reason of the provisions of this paragraph. Each such payment or tender shall be made to the parties who at the time of payment would be entitled to receive the royalties which would be paid under this lease if the wells were producing, and may be deposited in the Bank at Lessor's address given above or its successors, which shall continue as the depositories, regardless of changes in the ownership of shut-in royalty. If at any time that lessee pays or tenders shut-in royalty, two or more parties are, or claim to be, entitled to receive same, lessee may, in lieu of any other method of payment herein provided, pay or tender shut-in royalty, in the manner above specified, either jointly to such parties or separately to each in accordance with their respective ownerships thereof, as lessee may elect. Any payment hereunder may be made by check or draft of lessee deposited in the mail or delivered to the party entitled to receive payment or to a depository bank provided for above on or before the last date for payment. Nothing herein shall impair lessee's right to release as provided in paragraph 5 hereof. In the event of assignment of this lease in whole or in part, liability for payment hereunder shall rest exclusively on the then owners of this lease, severally as to acreage owned by each.

4. Lessee shall have the right but not the obligation to pool all or any part of the leased premises or interest therein with any other lands or interests, as to any or all depths or zones, and as to any or all substances covered by this lease, either before or after the commencement of production, whenever Lessee deems it necessary or proper to do so in order to prudently develop or operate the leased premises, whether or not similar pooling authority exists with respect to such other lands or interests. The unit formed by such pooling for an oil well which is not a horizontal completion shall not exceed 80 acres plus a maximum acreage tolerance of 10%, and for a gas well or a horizontal completion shall not exceed 640 acres plus a maximum acreage tolerance of 10%; provided that a larger unit may be formed for an oil well or gas well or horizontal completion to conform to any well spacing or density pattern that may be prescribed or permitted by any governmental authority having jurisdiction to do so. For the purpose of the foregoing, the terms 'oil well' and 'gas well' shall have the meanings prescribed by applicable law or the appropriate governmental authority, or, if no definition is so prescribed, 'oil well' means a well with an initial gas-oil ratio of less than 100,000 cubic feet per barrel and 'gas well' means a well with an initial gas-oil ratio of 100,000 cubic feet or more per barrel, based on a 24-hour production test conducted under normal producing conditions using standard lease separator facilities or equivalent testing equipment; and the term 'horizontal completion' means an oil well in which the horizontal component of the gross completion interval in the reservoir exceeds the vertical component thereof. In exercising its pooling rights hereunder, Lessee shall file of record a written declaration describing the unit and stating the effective date of pooling. Production, drilling or reworking operations anywhere on a unit which includes all or any part of the leased premises shall be treated as if it were production, drilling or reworking operations on the leased premises, except that the production on which Lessor's royalty is calculated shall be that proportion of the total unit production which the net acreage covered by this lease and included in the unit bears to the total gross acreage in the unit, but only to the extent such proportion of unit production is sold by Lessee. Pooling in one or more instances shall not exhaust Lessees pooling rights hereunder, and Lessee shall have the recurring right but not the obligation to revise any unit formed hereunder by expansion or contraction or both, either before or after commencement of production, in order to conform to the well spacing or density pattern prescribed or permitted by the governmental authority having jurisdiction, or to conform to any productive acreage determination made by such governmental authority. In making such a revision, Lessee shall file of record a written declaration describing the revised unit and stating the effective date of revision. To the extent any portion of the leased premises is included in or excluded from the unit by virtue of such revision, the proportion of unit production on which royalties are payable hereunder shall thereafter be adjusted accordingly. In the absence of production in paying quantities from a unit, or upon permanent cessation thereof, Lessee may terminate the unit by filing of record a written declaration describing the unit and stating the date of termination. Pooling hereunder shall not constitute a cross-conveyance of interests.

5. If at the expiration of the primary term, oil, gas, or other mineral is not being produced on said land, or from the land pooled therewith, but Lessee is then engaged in drilling or reworking operations thereon, or shall have completed a dry hole thereon within 60 days prior to the end of the primary term, the lease shall remain in force so long as operations on said well or for drilling or reworking of any additional well are prosecuted with no cessation of more than 60 consecutive days, and if they result in the production of oil, gas or other mineral, so long thereafter as oil, gas, or other mineral is produced from said land, or from land pooled therewith. If, after the expiration of the primary term of this lease and after oil, gas, or other mineral is produced from said land, or from land pooled therewith, the production thereof should cease from any cause, this lease shall not terminate if Lessee commences operations for drilling or reworking within 60 days after the cessation of such production, but shall remain in force and effect so long as such operations are prosecuted with no cessation of more than 60 consecutive days, and if they result in the production of oil, gas, or other mineral, so long thereafter as oil, gas, or other mineral is produced from said land, or from land pooled therewith. Any pooled unit designated by Lessee in accordance with the terms hereof, may be dissolved by Lessee by instrument filed for record in the appropriate records of the county in which the leased premises are situated at any time after the completion of a dry hole or the cessation of production on said unit. In the event a well or wells producing oil or gas in paying quantities should be brought in on adjacent land and within 330 feet of and draining the leased premises, or land pooled therewith, Lessee agrees to drill such offset well or wells as a reasonably prudent operator would drill under the same or similar circumstances. Lessee may at any time execute and deliver to Lessor or place of record a release or releases covering any portion or portions of the above described premises and thereby surrender this lease as to such portion or portions and be relieved of all obligations as to the acreage surrendered.

6. Lessee shall have the right at any time during or after the expiration of this lease to remove all property and fixtures placed by Lessee on said land, including the right to draw and remove all casing. When required by Lessor, Lessee will bury all pipe lines below ordinary plow depth, and no well shall be drilled within two hundred (200) feet of any residence or barn now on said land without Lessor's consent.

7. The rights of either party hereunder may be assigned in whole or in part, and the provisions hereof shall extend to their heirs, successors and assigns; but no change or division in ownership of the land, or royalties, however accomplished, shall operate to enlarge the obligations or diminish the rights of Lessee; and no change or division in such ownership shall be binding on Lessee until thirty (30) days after Lessee shall have been furnished by registered U.S. mail at Lessee's principal place of business with a certified copy of recorded instrument or instruments evidencing same. In the event of assignment hereof in whole or in part, liability for breach of any obligation hereunder shall rest exclusively upon the owner of this lease or of a portion thereof who commits such breach. If six or more parties become entitled to royalty hereunder, Lessee may withhold payment thereof unless and until furnished with a recordable instrument executed by all such parties designating an agent to receive payment for all.

8. The breach by Lessee of any obligation arising hereunder shall not work a forfeiture or termination of this lease nor cause a termination or reversion of the estate created hereby nor be grounds for cancellation hereof in whole or in part. No obligation reasonably to develop the leased premises shall arise during the primary term. Should oil, gas or other mineral in paying quantities be discovered on said premises, then after the expiration of the primary term, Lessee shall develop the acreage retained hereunder as a reasonably prudent operator, but in discharging this obligation it shall in no event be required to drill more than one well per forty (40) acres of the area retained hereunder and capable of producing oil in paying quantities and one well per 640 acres plus an acreage tolerance not to exceed 10% of 120 acres of the area retained hereunder and capable of producing gas or other mineral in paying quantities. If after the expiration of the primary term, Lessor considers that operations are not at any time being conducted in compliance with this lease, Lessor shall notify Lessee in writing of the facts relied upon as constituting a breach hereof, and Lessee, if in default, shall have sixty days after receipt of such notice in which to commence the compliance with the obligations imposed by virtue of this instrument.

9. Lessor hereby warrants and agrees to defend the title to said land and agrees that Lessee at its option may discharge any tax, mortgage or other lien upon said land, either in whole or in part, and in event Lessee does so, it shall be subrogated to such lien with right to enforce same and apply royalties accruing hereunder toward satisfying same. Without impairment of Lessee's rights under the warranty in event of failure of title, it is agreed that if this lease covers a less interest in the oil, gas, sulphur, or other minerals in all or any part of said land than the entire and undivided fee simple estate (whether Lessor's interest is herein specified or not), or no interest therein, then the royalties, and other monies accruing from any part as to which this lease covers less than such full interest, shall be paid only in the proportion which the interest therein, if any, covered by this lease, bears to the whole and undivided fee simple estate therein. All royalty interest covered by this lease (whether or not owned by Lessor) shall be paid out of the royalty herein provided. Should any one or more of the parties named above as Lessors fail to execute this lease, it shall nevertheless be binding upon the party or parties executing the same.

10. Should Lessee be prevented from complying with any express or implied covenant of this lease, from conducting drilling or reworking operations thereon or from producing any oil, gas or other minerals therefrom by reason of scarcity of or inability to obtain or to use equipment or material, or by operation of force majeure, and Federal or state law or any order, rule or regulation of governmental authority, then while so prevented, Lessee's obligation to comply with such covenant shall be suspended, and Lessee shall not be liable in damages for failure to comply therewith; and this lease shall be extended while and so long as Lessee is prevented by any such cause from conducting drilling or reworking operations on or from producing oil or gas from the lease premises; and the time while Lessee is so prevented shall not be counted against Lessee, anything in this lease to the contrary notwithstanding.

11. Notwithstanding anything contained herein to the contrary, Lessee does not by virtue of this lease acquire any rights whatsoever to conduct any operations on the surface of the lease premises without first obtaining the prior written consent of Lessor, however, Lessee may recover oil, gas and associated hydrocarbons from the lease premises by directional or horizontal drilling, pooling, unitization or any other method provided in this lease.

12. At the expiration of the primary term or extension of this lease, this lease shall expire as to all depths 100 feet below the stratigraphic base of the Barnett Shale formation.

13. If Lessee elects to pool the lease premises pursuant to provision 4 hereof, the initial pooled unit must include all of the leased premises in such unit.

14. Pooling. Subject to Lessor(s) written approval, Lessee is hereby granted the right to pool or combine the land covered by this lease, or any part or parts thereof, as to all strata or any stratum, with any other land, as to all strata or any stratum, for the production of oil or gas. Pooling in one or more instances shall not exhaust the right of Lessee hereunder to pool this lease or portion thereof into other or different units. Units pooled for oil hereunder shall not exceed forty (40) acres each, and units pooled for gas hereunder shall not exceed three hundred twenty (320) acres each without written consent of Lessor, which consent shall not be unreasonably withheld, provided that if any federal or state law, executive order, rule or regulation shall prescribe a spacing pattern for the development of the field or allocate a producing allowable based in whole or in part on acreage per well, then any such unit may consist of that minimum number of additional acres which will permit the allocation to such unit and the well thereon of the maximum producing allowable. To affect a unit or units Lessee shall file a written unit designation and surveyor's plat outlining any such unit and describing the participating tracts in the county conveyance records in which the premises are located. A copy of the unit designation shall be furnished to Lessor within thirty (30) days after it is filed in the appropriate county records, and if Lessee fails to do so, such unit may be declared invalid by Lessor by an instrument filed in such county records. Drilling or reworking operations and production on any part of the pooled acreage shall be treated for all purposes hereof (except the payment of royalties on such production) as if such drilling or reworking operations were upon or such production was from the land described in this lease whether the well or wells be located on the land covered by this lease or not. For the purpose of computing the royalties and other payments out of production to which the owners of such interests shall be entitled on production of oil and gas, or either of them, from any such pooled unit, there shall be allocated to the land covered by this lease and included in such unit (or to each separate tract within the unit if this lease covers separate tracts within the unit) a pro rata portion of the oil and gas, or either of them, produced from the pooled unit after deducting that used for operations on the pooled unit. Such allocation shall be on an acreage basis; thus, there shall be allocated to the acreage covered by this lease and included in the pooled unit (or to each separate tract within the unit if this lease covers separate tracts within the unit) that pro rata portion of the oil and gas, or either of them, produced from the pooled unit which the number of surface acres covered by this lease (or in each such separate tract) and included in the unit bears to the total number of surface acres included in the pooled unit. Royalties hereunder shall be computed on the portion of such production whether it be oil and gas, or either of them so allocated to the land covered by this lease and included in the unit just as though such production were from such land. In the event only a part, or parts, of the land covered by this lease instrument is pooled or unitized with other land, or lands, so as to form a pooled unit, or units, operations on or production from such unit, or units, will maintain this lease in force only as to the land included in such unit, or units. This lease may be maintained in force as to any land covered hereby and not included in such unit or units in any manner provided for herein, provided that if it be by rental payments, rental payments shall be reduced in proportion to the number of acres covered hereby and included in such unit or units.

15. The market value of gas shall be the amount realized by Lessee from the sale thereof, computed at the point of delivery or first sale. Where Lessee (or an affiliated entity) is the purchaser of the gas, the market value shall not be less than the average of the three highest prices paid from time to time for gas of comparable quality by other purchasers in the general area of the of the Land. Lessee covenants and agrees to use reasonable diligence to obtain the highest possible price available for minerals capable of being produced from the Land, but Lessee shall not be obligated to market gas upon terms unacceptable to Lessee. Lessor has the right, at its sole risk and expense, to receive in kind Lessor's Specified Interest of production from the Land. Lessee shall provide to Lessor a complete copy of each gas contract covering the sale of Lessor's portion of the gas produced from the Land.

IN WITNESS WHEREOF, this instrument is executed on the date first above written.

## ADDENDUM TO OIL AND GAS LEASE

In the event of a conflict between the terms of the printed form Oil, Gas and Mineral Lease dated October 7th, 2005 from Christian Outreach Center of Fort Worth, Inc. to Dale Resources, L.L.C. and this addendum, the terms of this addendum shall absolutely control.

16. It is understood and agreed that this lease covers and includes oil and gas only (including with oil and gas, all constituent elements thereof and all other liquid or liquefiable hydrocarbons and products of every kind or character derived therefrom and produced therewith, including sulphur), and that all minerals other than oil and gas are excepted herefrom and reserved to Lessor.

17. Lessor's royalty shall be free and clear of all costs and expenses whatsoever including expenses of separation, compression, marketing, transportation, treating or manufacturing oil or gas produced hereunder, save and except ad valorem and production taxes.

18. This lease may not be assigned without the prior written consent of Lessor which consent shall not be unreasonably withheld.

19. Anything in the lease to the contrary notwithstanding, the shut-in royalty payment shall be $500 per well due within ninety (90) days after the date on which gas ceases to be sold after the end of the primary term. This lease may not be maintained by shut-in royalty payments for a cumulative period of more than 24 months after the end of the primary term of this lease.

20. Lessee, its successors and assigns, agrees to indemnify, defend and hold harmless the parties herein designated Lessor and their heirs, successors and assigns, and each of them, from and against any and all claims, losses, liabilities, fines, costs, expenses (including attorneys fees and expense) resulting from or arising out of or in connection with operations of or for Lessee, its agents, contractors, or subcontractors hereunder. This indemnity shall survive termination of the lease.

21. Notwithstanding any other section of this lease, Lessor retains, and Lessee waives, any and all rights whatsoever of access to or upon the surface of the leased premises for the exploration, development, production or transportation of the oil or gas thereunder. However, this waiver of surface rights shall not be construed as the waiver of the right of Lessee to exploit, explore for, develop or produce such oil or gas with wells drilled on adjacent lands, including, but not limited to, directional or horizontal wells bottomed beneath or drilled through any part of the leased premises (other than the surface). No well shall be drilled within 500 feet from Lessor's property line.

22. Anything in the lease to the contrary notwithstanding, units pooled for a vertical well shall include no more than forty acres. Units pooled for a horizontal well shall include no more than forty acres plus the additional acreage listed in the tables in Statewide Rule 86 of the Texas Railroad Commission using the table for additional acreage assignment which would be applicable to the minimum well density permitted for a vertical well producing from the same formation. As used in this lease, the term "horizontal well" means one that meets the definition of a horizontal drainhole well under Statewide Rule 86 of the Texas Railroad Commission, and a "vertical well" is a well that is not a horizontal well. In the event lands covered by this lease are pooled, all such lands covered by this lease shall be included in such unit.

23. Upon expiration of the primary term or any well being drilled and or completed across the expiration of the primary term, this lease shall terminate as to all depths below one hundred (100) feet below the stratigraphic equivalent of the deepest formation from any well on lands pooled with the lease premises. On termination of this lease, in whole or in part, Lessee shall execute, file for record and furnish to Lessor a suitable release of this lease.

24. This lease is made without warranty of title, express or implied

25. Lessee shall provide Lessor with a copy of all documents filed with any regulatory authority having jurisdiction or recorded in the county records within thirty days of filing or recording such documents. Upon request by Lessor, Lessee agrees to deliver to Lessor a copy of any contracts for sale of oil or gas produced from the leased premises or lands pooled therewith.

(8)

# OIL AND GAS LEASE

THIS LEASE made as of OCTOBER 25, 2005, between UNION PACIFIC RAILROAD COMPANY, a Delaware corporation, acting by and through its duly authorized agent, McLendon Management Company, L.L.C., whose address is P.O. Box 209711, Houston, TX 77216 ("Lessor"), and DALE RESOURCES, LLC, whose address is 2100 Ross Avenue, Suite 1870, LB-9, Dallas, TX 75201 ("Lessee").

WITNESSETH:

(1) Lessor, in consideration of the royalties herein provided and of the agreement of Lessee herein contained, grants, leases and lets unto Lessee, for the purposes of investigating, exploring, prospecting, drilling and mining for and producing oil and gas (including, without limitation, nitrogen, carbon dioxide, hydrogen sulfide, helium, and other gaseous substances, and products associated therewith, except steam) and associated liquid hydrocarbons, and laying pipelines, building tanks, power stations, telephone lines and other structures thereon to produce, save, take care of, treat, refine, process, store, transport, own, sell and dispose of said oil, gas and associated liquid hydrocarbons, one hundred percent (100%) of Lessor's right, title and interest in and to the oil and gas in and under the leased premises ("Premises") in TARRANT COUNTY, TEXAS described on EXHIBIT A attached hereto and made a part hereof:

The above captioned legal description was prepared by the Lessee. The Lessor does not warrant the accuracy of the legal description.

For shut-in royalty payment purposes, the Premises shall be conclusively deemed to contain 31.91 acres.

(2) This is a paid-up lease and there shall be no requirement for Lessee to pay delay rentals.

(3) Subject to the other provisions herein contained, this Lease shall be for a primary term which expires at twelve o'clock (12:00) noon, Central Time, on OCTOBER 25, 2006 ("Primary Term"), and as long thereafter as oil, gas, or associated liquid hydrocarbons are produced from the Premises in paying quantities, or drilling or reworking operations are continuously conducted thereon. Upon sixty (60) days' written notice to Lessee, Lessor may terminate this Lease as to any portion of the surface of the Premises and above a plane one hundred feet (100') below the surface, if required by Lessor for transportation operations.

(4) Subject to the right of election reserved to Lessor below to take its share of production in kind, the royalties to be paid by Lessee are twenty-five percent (25%) of eight-eighths of: (a) the greater of the market value at the well or the amount realized from the sale of oil and liquid petroleum products recovered at the well and (b) the market value at the well of gas sold, used off the Premises or delivered to Lessee at the tailgate of the plant to which the gas is delivered, plus the market value of the products recovered when such gas is processed; provided that on gas sold at the well by Lessee in an arm's length transaction, the royalty shall be the same percentage of the amount realized from such sale. Royalty is to be paid on all payments received by Lessee under or as a result of a gas purchase contract, including, but not limited to reservation charges and, subject to credit to Lessee when gas for which payment has been made earlier is eventually produced, take-or-pay or contract settlement proceeds and amounts paid for gas not taken. Lessee shall have reasonable use of oil and gas for operations on the Premises, and the royalty on oil and gas shall be computed after deducting any production so used.

The royalties payable under this Lease shall be free and clear of costs or deductions for exploration, drilling, development, and production, including, but not limited to, costs of marketing, dehydration, storage, compression, separation by mechanical means and stabilization of the hydrocarbons. If Lessee treats and/or processes its gas in a natural gas plant (either on or off the Premises) whether in Lessee's plant or in the plant of a third party, Lessee shall treat and/or process or cause Lessor's gas to be treated and/or processed. In the event of any such treating and/or processing, Lessee shall be entitled to

D205368068

deduct from the value of the products recovered by the treating and/or processing of the gas, or if Lessor is taking its production in kind to charge Lessor for, the actual costs incurred by Lessee for such treating and/or processing, which costs shall include gathering or transportation costs required to transport the gas to the plant. If Lessor elects, Lessee shall deliver to Lessor in kind its royalty share of oil and other liquid hydrocarbons saved at the well, into storage tanks on the Premises; products recovered in a processing plant, into storage tanks or onto storage sites at the plant; and gas, at the tailgate of the plant, if processed, or at the well if the gas is sold at the well. Lessor shall give Lessee not less than sixty (60) days' notice of such election, and shall take said royalty share in kind for a period of not less than six (6) months following the termination of said sixty (60) day period. Any deliveries of production are to be made from Lessee's facilities at times and amounts which equitably adjust deliveries between the parties. With respect to gas, Lessee shall give Lessor notice if it intends to enter into a gas contract on its share of the gas, and Lessor shall have a period of thirty (30) days from receipt of a copy of the gas sales agreement to notify Lessee in writing that Lessor elects to take in kind and separately dispose of its share of such gas.

If there is a gas well on the Premises or on land pooled therewith capable of producing in paying quantities, but from which gas is not being sold, and in the absence of oil or other production from the Premises or on land pooled therewith sufficient to maintain this Lease in full force and effect, this Lease shall be extended for a period of ninety (90) days from the date such well is or was shut-in, whereupon this Lease shall terminate unless Lessee shall pay to Lessor as royalty, a sum equal to One Hundred Dollars ($100.00) per gross acre of the Premises covered by this Lease. Such payment shall be made on or before the ninetieth (90th) day from and after the date on which such well is or was shut-in, and annually thereafter a similar payment may be made on or before the anniversary date on which such well was shut-in. If such payment, or payments, are timely made, it shall be considered that gas is being produced in paying quantities from the Premises under all the terms and provisions of this Lease (but only for so long as the well continues to be capable of producing in paying quantities); however, this Lease may not be maintained by shut-in payments for more than three (3) years during any five (5) year period.

Lessee shall be obligated to use diligence to market gas capable of being produced in paying quantities from a shut-in well, but shall be under no obligation to market same under terms, conditions or circumstances which are unreasonable.

Lessor shall at all times have, possess and hold a lien upon all production from the Premises which has not been sold to a bona fide purchaser, and upon all improvements placed upon and within the Premises by or on behalf of Lessee, as security for any unpaid balance of money due hereunder and as security for the performance by Lessee of Lessee's covenants under this Lease. This lien may be enforced against any such property in like manner as liens conferred by chattel mortgages, or as any other lien security may be enforced under the laws of the state in which the Premises are located. Nothing herein contained, however, is intended or shall be construed to prevent the sale, shipment and removal of any production from the Premises in the usual course of business, nor to prevent the removal of tools, machinery, equipment or other property at any time when Lessee is not in default. This lien shall not apply to production sold to third parties when payment to Lessor has or is being made pursuant to the provisions of this Lease.

(5) Lessee may at any time execute and place of record a release or releases covering any portion or portions of the above described Premises, furnishing a copy thereof to Lessor, and thereby surrender this Lease as to such portion or portions and be relieved as to the acreage surrendered of all obligations not arising from activities of Lessee prior to said release. Upon the expiration of any portion of this Lease, Lessee shall promptly record an appropriate, legally effective release or releases thereof and provide to Lessor a copy of the recorded instrument within thirty (30) days of expiration or termination.

(6) If Lessee is drilling a new well or reworking an old well at the expiration of the Primary Term, this Lease shall continue in force as long as such drilling or reworking operations are prosecuted with no cessation for more than ninety (90) days, and if such drilling or reworking operations result in production of oil or gas or associated liquid hydrocarbons in paying quantities, then for so long thereafter as such production in paying quantities continues. If production on this Lease ceases after the expiration of the

Primary Term, this Lease shall continue in force if drilling or reworking operations are commenced within sixty (60) days after such cessation of production; and if production is restored or new production is discovered as a result of any such drilling or reworking operations conducted without cessation for more than ninety (90) days, this Lease shall continue so long thereafter as production in paying quantities, or additional drilling or reworking operations are had without cessation of such production, drilling or reworking operations for more than ninety (90) days.

(7) At the expiration of the Primary Term, this Lease shall terminate as to all land which is not located in a drill site spacing unit (as hereinafter defined) in which there is a well on the Premises or on land pooled therewith, producing oil or gas in paying quantities, or a shut-in gas well. In any such producing drill site spacing unit or units, this Lease shall terminate as to those depths lying below the stratigraphic equivalent of the deepest producing horizon in each drill site spacing unit of land. For purposes hereof, drill site spacing unit is defined as the land included in the drilling and production unit established for the well or attributed to the well by the state or federal regulatory authority having jurisdiction. If no unit or spacing rule exists, then drill site spacing unit shall be defined as the forty (40) acre tract surrounding an oil well or the six hundred forty (640) acre tract surrounding a gas well. If Lessee is engaged in actual drilling or reworking operations on the Premises or land pooled therewith at the expiration of the Primary Term, this provision shall be suspended for so long as Lessee continues such drilling or reworking operations on the Premises or land pooled therewith with no cessation of more than sixty (60) consecutive days between the completion or abandonment of such drilling or reworking operations on one well, and the commencement of actual drilling or reworking operations on the next well; provided, further, that irrespective of any such continuous drilling or reworking operations, the termination of this Lease as to non-producing land and depths shall not be suspended for more than five (5) years from the expiration of the Primary Term hereof. If the Premises are included in a federal unit, then for the purposes of this provision the references to land pooled with the Premises shall include only that land which is included in an approved participating area.

(8) Anything in this Lease to the contrary notwithstanding, Lessee agrees that if it owns an interest in any pooled unit that includes land that is adjacent to any part of the Premises, Lessee shall pool the portion or portions of the Premises that are adjacent to such unit into the unit, effective on the effective date of this Lease, the effective date of the pooling designation, or the first date when Lessee owns an interest in the unit, whichever is later. If any such adjacent unit was formed prior to the effective date of this Lease or has been formed for any well for which a drilling permit was issued prior to the effective date of the Lease, then, Lessor's share of production from the unit will be based on a royalty share of eight eighths (8/8) commencing with the first production from said unit or well and not the royalty share specified in Section 4 above. Lessee, at its option, may pool or combine the Premises or any portion thereof, as to oil and gas, or either of them, with any other land, lease or leases, when in Lessee's judgment it is necessary or advisable to do so in order to properly develop and operate the Premises. Any pooling shall be into a well unit or units not exceeding forty (40) acres, plus an acreage tolerance of ten percent (10%), for oil, and not exceeding six hundred forty (640) acres, plus an acreage tolerance of ten percent (10%), for gas, except that larger units may be created to conform to any spacing or well unit pattern that may be prescribed by state governmental authorities. Lessee may pool or combine acreage covered by this Lease, or any portion thereof, as above provided, as to oil or gas in any one or more strata, and oil units need not conform as to area with gas units. The pooling in one or more instances shall not exhaust the right of Lessee to pool this Lease or portions thereof into other units. Lessee shall execute in writing and place of record an instrument or instruments identifying and describing the pooled acreage. In order to be effective, Lessee shall promptly furnish to Lessor a copy of the document pooling the acreage. The entire acreage so pooled into a unit shall be treated for all purposes, except the payment of royalties, and except that production from any well on the unit drilled prior to the date of this Lease shall not be considered production for Purposes of Section 3 above, as if it were included in this Lease, and drilling and reworking operations thereon, and production of oil and gas therefrom, or the completion thereon of a well as a shut-in gas well, shall be considered for all purposes, except the payment of royalties, and except that production from any well on the unit drilled prior to the date of this Lease shall not be considered production for purposes of Section 3 above, as if such operations were on, or such production were from, or such completion were on, the Premises, whether or not the well or wells are located on the Premises. In lieu of the royalties

elsewhere herein provided, Lessor shall receive from a unit so formed only such portion of the royalty stipulated herein as the amount of its mineral acres placed in the unit bears to the total acreage so pooled in the particular unit involved. Should any unit as originally created hereunder contain less than the maximum number of acres hereinabove specified, then Lessee may at any time thereafter, whether before or after production is obtained on the unit, enlarge such unit by adding additional acreage thereto, but the enlarged unit shall in no event exceed the acreage content hereinabove specified. In the event an existing unit is so enlarged, Lessee shall execute and place of record a supplemental declaration of pooling identifying and describing the land added to the existing unit; provided, that if such supplemental declaration of pooling is not filed until after production is obtained on the unit as originally created, then the supplemental declaration of pooling shall not become effective until the first day of the calendar month next following the filing thereof and the furnishing to Lessor of a copy of such supplemental declaration. In the absence of production, Lessee may terminate the unitized area by filing with Lessor and of record a notice of termination.

(9) Within thirty (30) days after expiration or termination of this Lease, in whole or in part, Lessee shall, remove all fixtures, structures, buried lines, facilities, machinery and other personal property placed by or on behalf of Lessee on the Premises or the terminated portion of the Premises, as applicable, and restore the Premises or terminated portion of the Premises, as applicable, to its original condition, including, without limitation, removal of roadways, leveling of embankments and reseeding of disturbed areas. If Lessee fails to do so, Lessor may, at its election to be exercised by Lessor at any time after the end of such thirty (30) day period, restore the Premises or terminated portion of the Premises, as applicable, at Lessee's cost, and take and have title to all or any of such personal property of Lessee, or remove all or any of the same from the Premises at Lessee's cost.

(10) The rights of Lessor may be assigned in whole or in part. This Lease may not be assigned by Lessee in whole or in part, without the prior written consent of Lessor, which consent shall not be unreasonably refused. Refusal shall be deemed reasonably denied, if, in Lessor's judgment, the number of assignees is excessive, an assignee's technical competence or financial ability may be inadequate, or Lessee refuses to accept responsibility for the performance of any of its successors in interest. Any attempted assignment by Lessee of the rights arising under this Lease without such consent shall be void and of no effect. The assignment of this Lease, in whole or in part, shall not be valid as to Lessor until Lessor shall have been furnished a true and correct certified copy of such assignment. Unless provided otherwise in Lessor's approval of an assignment to be made by Lessee, Lessee shall continue to be responsible to Lessor for all of Lessee's obligations under the Lease, including obligations accruing after the assignment.

If Lessor transfers or assigns all or any part of its oil and gas ownership in the Premises, the provisions of this Lease relating to surface use, indemnification (hold harmless agreements) and insurance, shall nevertheless continue to run in favor of the original Lessor and the term "Lessor," for such purposes, shall include the original Lessor, its successors and assigns (whether by merger, consolidation, or otherwise), so long as any thereof shall own, use or occupy the surface of any portion of the Premises.

(11) Lessee shall pay all wages, expenses and other obligations incurred by it in the conduct of its operations on the Premises. Lessee shall keep the title to all oil and gas, and all other minerals, and the Premises free and clear from any and all liens and other encumbrances arising in any manner from Lessee's operations. Lessee agrees not to suffer or permit any lien of any nature to be placed upon the Premises, or any part thereof, and in case of any such lien attaching, to immediately pay off and remove the same, failing in which Lessor may do so at the expense of Lessee. It is agreed by the parties hereto that Lessee has no authority or power to cause or permit any lien or encumbrance of any kind whatsoever, whether created by act of Lessee, operation of law or otherwise, to attach to or be placed upon Lessor's title or interest in the Premises, and any and all liens and encumbrances created or suffered by, through or under Lessee, shall attach to Lessee's interest only.

(12) Lessee shall not acquire or attempt to acquire, directly or indirectly, from any person other than Lessor, any rights or interests in the oil and gas estate in the Premises or take any action inconsistent with or adverse to the ownership and quiet enjoyment by Lessor of its oil and gas estate in the Premises.

(13) The rights granted by Lessor under this Lease are granted WITHOUT WARRANTY, EXPRESS OR IMPLIED, and without covenants of title, including, without limitation, covenants to give possession or for quiet enjoyment. Without limitation of the foregoing, Lessee acknowledges that persons other than Lessor (such as, but not limited to, surface owners or lessees or licensees of Lessor) may have or be granted by Lessor rights to occupy, use or possess the surface of the Premises, that this Lease is subject to such rights of such persons, and that Lessee shall obtain the necessary permission from such persons prior to making any entry on the Premises. Lessor reserves the right to hereafter lease or license to third parties all or any portion of the surface of the Premises. The rights of such lessees and licensees shall be superior to the rights of Lessee hereunder to use the surface of the Premises except for those portions of the Premises where, prior to the date of such lease or license, Lessee has placed access roads or fenced facilities used in the connection with exploration, drilling, development, production or storage of hydrocarbons. The Premises do not include any real property in which Lessor's ownership interest does not encompass the rights granted to Lessee under this Lease, including, without limitation, any real property in which Lessor's ownership interest is a mere easement or similar interest with no right, title or interest of Lessor in the oil and gas estate.

(14) **Lessee shall not make any entry upon the Premises**, and shall not drill any well or maintain any structures or facilities within two hundred feet (200') (by surface or subsurface measurement) of: (a) any railroad tracks or buildings now or hereafter on such right-of-way, or station grounds, or other property used for railroad operating purposes, or (b) any buildings now or hereafter upon the Premises.

Lessee will not be allowed any closer than fifty feet (50') of the centerline of Lessor's railroad tracks with men or equipment.

Lessee shall not construct any structure, or stack or store equipment or materials, that could impair the sight clearances at any private or public road crossing of railroad tracks. The minimum required sight clearance is a clear view of the tracks in both directions for a distance of 1500 feet when a vehicle first enters the line of the railroad right-of-way.

Lessee shall not construct any structure within twenty feet (20') of railroad signal power or communication lines, or the distance specified in the National Electrical Safety Code, whichever is greater. Any power supply to Lessee shall be in compliance with Lessor's standards for power line encroachments.

Lessor has granted the use of certain of its property for the installation of fiber optics lines. Lessee shall also call 1-800-336-9193 prior to any excavation to ensure fiber optics are properly marked and protected. Any interruption of the fiber optics service or damage to the fiber optic line shall be the responsibility of Lessee.

(15) Lessee agrees to and shall assume all obligations and responsibility with respect to being in, establishing, achieving, documenting, or reporting full compliance with any and all applicable laws, orders, rules, regulations, and standards with respect to pollution, the continued operation and eventual plugging, replugging, and abandonment obligations of any unplugged or improperly plugged wells on the Premises or any land pooled therewith. Lessee shall at all times conduct its operations hereunder in full compliance with all federal, state or municipal laws, orders, rules, regulations or ordinances now or hereafter in effect, including, without limitation, laws, rules, regulations or ordinances regarding mining operations, drilling operations, environmental control and air and water pollution. Lessee and its contractors shall use environmentally sound materials and practices in their operations on the Premises to minimize or eliminate wastes, hazards and impacts on the environment. These practices shall include, without limitation, the following:

a. Lessee shall assess the materials available for a given purpose and shall select the least toxic option available.

Unofficial Document

b. Lessee shall perform a Phase II Environmental Assessment upon expiration or termination of the Lease, and provide Lessor with a copy of the report on such Assessment. Lessee shall be responsible for correction of environmental contamination or violations.

c. Lessee shall notify Lessor of any reportable releases, citations, or violations.

d. Lessee shall remove any unused product from the Premises. No waste materials may be put in any reserve pit.

e. All trash shall be removed from the Premises and all pits on the drilling location shall be properly closed immediately following the drilling of any well.

f. Lessee shall provide dikes, ditches, or other methods of containment for all fuel and oil containers. Any leakage or spillage shall be properly reported by Lessee to the appropriate authorities as required by statute, rule, or regulation, and to Lessor. Lessee shall have a Spill Prevention Control and Countermeasure Plan in effect as required by the Code of Federal Regulations (CFR) Title 40, Part 112.

g. Lessee shall handle and dispose of all solid waste, including, without limitation, hazardous waste, as defined in CFR Title 40, Parts 261.2 and 261.3, resulting from the performance of its operations on the Premises according to all applicable federal, state and local statutes, regulations, ordinances and requirements. Lessee shall own all waste generated in connection with Lessee's operations on the Premises. Upon request, Lessee shall furnish proof to Lessor of proper handling and disposal of waste generated by Lessee.

LESSEE SHALL BE RESPONSIBLE FOR INJURY TO OR LOSS OR DESTRUCTION OF PROPERTY, AND FOR INJURY TO OR DEATH OR ILLNESS OF ANY PERSON, ARISING OUT OF OR IN CONNECTION WITH OPERATIONS HEREUNDER. LESSEE SHALL INDEMNIFY, DEFEND AND SAVE HARMLESS LESSOR, ITS AFFILIATES, AND ITS AND THEIR OFFICERS, AGENTS, EMPLOYEES AND SUCCESSORS AND ASSIGNS, FROM AND AGAINST ANY AND ALL LIABILITIES, CLAIMS, LOSSES, DAMAGES, CAUSES OF ACTION, AND COST AND EXPENSES (INCLUDING, WITHOUT LIMITATION, ATTORNEY'S FEES AND COURT COSTS) INCIDENT THERETO, FOR INJURY TO, OR DEATH OF, ANY PERSON WHOMSOEVER (INCLUDING, WITHOUT LIMITATION, THE EMPLOYEES OF LESSEE OR LESSOR), AND DAMAGE TO OR LOSS OR DESTRUCTION OF PROPERTY, INCLUDING, WITHOUT LIMITATION, THE PERSON OR PROPERTY OF LESSOR, ITS AFFILIATES, AND THEIR OFFICERS, AGENTS AND EMPLOYEES, OWNERS OR OCCUPANTS OF THE SURFACE OF THE PREMISES AND THIRD PARTIES, OR FOR DAMAGE TO THE ENVIRONMENT, IN ANY MANNER RESULTING FROM LESSEE'S USE, OCCUPANCY OR OPERATIONS, HEREUNDER, OR THE FAILURE OF LESSEE TO STRICTLY COMPLY AT ALL TIMES WITH THE TERMS OF THIS LEASE. THE FOREGOING SHALL APPLY REGARDLESS OF ANY NEGLIGENCE (SOLE OR PARTIAL) OR STRICT LIABILITY OF LESSOR, ITS AFFILIATES, OR ITS OR THEIR OFFICERS, AGENTS, EMPLOYEES, SUCCESSORS OR ASSIGNS.

The obligations of Lessee under this Section 15 shall not end at the termination of this Lease but shall continue for such time as may be required to enable Lessee to fulfill such obligations as shall have accrued prior to termination, including, without limitation, obligations relative to the condition of the Premises upon cessation of oil and gas operations.

(16) Without limiting the generality of Section 15, Lessee shall pay either the tenant or the surface owner (whichever is appropriate) for any and all damages to land, structures, roads, fences, gates, cattle guards, trees, growing crops, irrigation facilities, equipment, livestock, personal property, and

Unofficial Document

improvements caused by construction, operations, or maintenance of facilities, and shall bury all pipelines below plow depth where they cross cultivated land.

Irrespective of whether Lessor has consented to an assignment, farmout or other arrangement whereby Lessee consents to drilling or other operations on the Premises by a third party, Lessee shall be responsible for any and all claims, demands, actions and causes of action or liens arising out of such operations, whether arising in law, at equity or administratively.

(17) In the event of Lessee's breach of this Lease, Lessor shall notify Lessee by certified mail of such breach, and Lessee shall have thirty (30) days from the receipt thereof to comply with this Lease. If Lessee fails to remedy a breach within such period, Lessor may, at its option, terminate this Lease and be relieved from any obligation hereunder. Irrespective of whether Lessor elects to terminate this Lease or exercise any other right or remedy under this Lease or at law, Lessor shall be entitled to other available remedies, including specific performance to require Lessee to (a) abandon any well and/or restore the surface of the Premises to its condition existing prior to entry thereon by Lessee, (b) furnish any reports required hereunder or information required hereunder from operations on the Premises or land pooled therewith, and/or (c) make any payment due hereunder.

Except as otherwise expressly provided in this Lease, any notices or other communications required or permitted hereunder shall be in writing and shall be deemed given only when received by the party to whom the same is directed at the address shown on the top of page 1 of this Lease or to such other address as is provided to the other party with proper notice.

(18) Lessee shall promptly furnish Lessor with not less than one copy of all applications and reports pertaining to the Premises, of each daily drilling report, and of each well log, core analysis or other data taken from wells located on the Premises. Lessee agrees, at Lessor's request, to furnish Lessor true and correct information pertaining to each well, the production therefrom (including true and complete copies of all contracts or agreements, and all amendments and modifications thereof for sale, processing or other disposition of any product produced from the Premises) and such technical information as Lessee may acquire with respect to sands and formations encountered. Lessor and/or its representatives shall have the right to be present when wells are tested and/or tanks are gauged and shall have the right to examine all run tickets and to have full information as to production and runs, including copies of all run tickets upon request.

(19) If Lessee conducts any geophysical activities upon the Premises, Lessee shall promptly furnish Lessor for the entirety of each survey, shot point plats and elevations, observer's notices, surveyor's notes, copies of all field tapes, reproducible copy and one print of each final stacked section for each line and copies of any other processed or unprocessed data made available to Lessee.

(20) Lessee shall carry the following insurance:

1. Comprehensive General Liability Insurance, including contractual liability, with a combined single limit per occurrence of not less than $2,000,000.00 for bodily injury and property damage.

2. Comprehensive Automobile Insurance, including hired and non-owned vehicles, with a combined single limit per occurrence of not less than $2,000,000.00 for bodily injury and property damage.

3. Liability Umbrella (excess of underlying insurance coverage mentioned above) with a combined limit per occurrence coverage of not less than $10,000,000.00.

4. Well Control Insurance including underground blowout, seepage and pollution, with a minimum limit of $10,000,000.00.

Unofficial Document

Lessee shall require each independent contractor and subcontractor to carry and maintain insurance at its own expense in amounts deemed necessary to cover the risks inherent to the work or services to be performed by the contractor or subcontractor. Every such insurance policy shall contain a waiver on the part of the insurance carrier of all rights, by subrogation or otherwise, against Lessor. Lessor shall also be named as additional insured in each such policy.

(21) None of the provisions of this Lease may be altered, amended, or ratified by any division order, transfer order or any other instrument, unless such instrument expressly states its purpose as an alteration, amendment or ratification of this Lease and specifically identifies the particular Lease provisions affected. Any division and transfer orders executed by Lessor shall be solely for the purpose of confirming the extent of Lessor's interest in production from the Premises.

(22) Lessee represents that the Premises covered under this lease are not currently producing oil, gas, casinghead gas or other gaseous substances; and that no portion of said Premises is currently held by an active oil and gas lease or is in a producing unit. Also, Lessee represents that production revenue from the aforementioned lands is not being held in suspense for the benefit of the Lessor or its predecessors in title.

(23) Lessee affirms to Lessor that Lessee or his agents have checked title on the Premises and that Lessor appears to be the record owner of the mineral rights under the Premises. Further, Lessee indemnifies Lessor against all claims against Lessor by all other parties because Lessor is a party to this oil and gas lease.

(24) Notwithstanding anything herein to the contrary, if Lessee, any of its working interest partners, or any other party in the drilling unit, spacing unit, or pooled or unitized land to which the Leased Premises is included; or lessee or its assigns within one mile from the Premises, have agreed to pay or later does agree to pay a higher royalty or bonus or delay rental to another landowner, then Lessee shall pay Lessor based on the higher royalty, bonus and/or delay rental, retroactive to the effective date of this Lease.

IN WITNESS WHEREOF, this Lease is executed on the date of the respective acknowledgments hereinbelow, but shall be effective from the date first hereinabove written.

EXHIBIT "A"

The subject arceage is a tract of land of variable widths on each side of a centerline approximately twelve thousand nine hundred and one (12,901) feet in length beginning in the G.W. Hartzog Survey, Abstract 697 and continuing in a Southeast manner through the W.R. Loving Survey, Abstract 948, the S.P. Loving Survey, Abstract 943, the Juan Armendaris Survey, Abstract 1768, and ending at the southern boundary line of the William Hicks Survey, Abstract 694 containing 31.91 acres, more or less.

Said land being more particularly described in that certain Copy of Judgment dated March 23rd, 1886 between Fort Worth & New Orleans Railway Company and James F. Ellis recorded in Volume 97, Page 458 of the Deed Records in Tarrant County, Texas, including the land described in that certain Condemnation of Right of Way dated November 9th, 1885 between Fort Worth & New Orleans Railway Company and J. McClure and Zane Cetti recorded in Volume 93, Page 360 of the Deed Records in Tarrant County, Texas.

# The State of Texas

## Austin, Texas

TRUE AND CORRECT COPY OF ORIGINAL RECORD FILED IN TARRANT COUNTY, TEXAS
SUZANNE HENDERSON, COUNTY CLERK

**PAID-UP**
**OIL AND GAS LEASE NO. M-106587**
**GENERAL LAND OFFICE**
**AUSTIN, TEXAS**

THIS AGREEMENT made and entered into by and between the Commissioner of the General Land Office of the State of Texas, whose address is Stephen F. Austin Building, 1700 North Congress, Austin, Texas, 78701, hereinafter called "Lessor", hereunto authorized by the School Land Board, pursuant to the provisions of Chapters 32 and 52 of the Natural Resources Code (hereinafter called N.R.C.), and amendments thereto, and all applicable rules promulgated by the School Land Board and Dale Resources, LLC, whose address is 2100 Ross Ave., Suite 1870, Dallas, Texas 75201 hereinafter called "Lessee".

1. Lessor, in consideration of Ninety One Thousand Four Hundred Three and 00/100 **( $ 91,403.00),** receipt of which is hereby acknowledged, and of the covenants and agreements of Lessee hereinafter contained, does hereby grant, lease, and let unto Lessee the land covered hereby for the purposes and with the exclusive right of exploring, drilling, mining and operating for, producing and owning oil, gas, and all other hydrocarbons, produced from the land covered hereby. The land covered hereby, herein called "said land" is located in the County of Tarrant State of Texas, and is described as follows:

   11.57 acres of land, more or less, situated in said Tarrant County, Texas, more particularly described in Exhibit "A" attached hereto and made a part hereof together with a plat, attached hereto as Exhibit "B", depicting said right-of-way and surrounding area for purposes of illustration only.

For the purpose of determining the amount of any bonus or other payment hereunder, said land shall be deemed to contain 11.57 acres, whether actually containing more or less, and the above recital of acreage shall be deemed to be the true acreage thereof. Lessor accepts the bonus as lump sum consideration for this lease and all rights and options hereunder.

2. PRIMARY TERM: This lease, which is a "paid up" lease requiring no rentals, shall remain in force for a term of one year (1) from July 25th, 2006 hereinafter called "primary term", and as long thereafter as operations, as hereinafter defined, are conducted upon said land with no cessation for more than ninety (90) consecutive days.

3. ROYALTIES: As royalty Lessee covenants and agrees: (a) To deliver to the credit of Lessor, in the pipe line to which Lessee may connect its well, the equal 1/4th part of all oil produced and saved by Lessee from said land, or from time to time, at the option of Lessee, to pay Lessor the average posted market price of such 1/4th part of such oil at the wells as of the day it is run to the pipe line or storage tanks, Lessor's interest, in either case, to bear none of the cost of treating oil to render it marketable pipe line oil; (b.) To pay Lessor on gas and casinghead gas produced from said land (1) when sold by lessee 1/4th of the amount realized by Lessee, computed at the mouth of the well, or (2) when used by Lessee off said land or in the manufacture of gasoline or other products, the market value, at the mouth of the well, of 1/4th of such gas and casinghead gas.

(c.) If, at the expiration of the primary term or at any time or times thereafter, there is any well on said land or on lands with which said land or any portion thereof has been pooled, capable of producing oil or gas, and all such wells are shut-in, this lease shall, nevertheless, continue in force as though operations were being conducted on said land for so long as said wells are shut-in, and thereafter this lease may be continued in force as if no shut-in had occurred

(d.) Lessee covenants and agrees to use reasonable diligence to produce, utilize, or market the minerals capable of being produced from said wells, but in the exercise of such diligence, Lessee shall not be obligated to install or furnish facilities other than well facilities and ordinary lease facilities of flow lines, separator, and lease tank, and shall not be required to settle labor trouble or to market gas upon terms unacceptable to Lessee.

(e.) If at any time or times after the expiration of the primary term, all such wells are shut-in for a period of ninety consecutive days, and during such time there are no operations on said land, then at or before the expiration of said ninety day period, lessee shall pay or tender, by check of lessee, as royalty, the sum of $100.00 per ac. Lessee shall make like payments or tenders at or before the end of each anniversary of the expiration of said ninety day period if upon such anniversary this lease is being continued in force solely by reason of the provisions of this paragraph. Each such payment or tender shall be made to the parties who at the time of payment would be entitled to receive the royalties which would be paid under this lease if the wells were producing. Nothing herein shall impair lessee's right to release as provided in paragraph 5hereof. In the event of assignment of this lease in whole or in part, liability for payment hereunder shall rest exclusively on the then owner or owners of this lease, severally as to acreage owned by each.

(f.) All royalties not taken in kind shall be paid to the Commissioner of the General Land Office at Austin, Texas, in the following manner:

Royalty on oil is due and must be received in the General Land Office on or before the 5th day of the second month succeeding the month of production, and royalty on gas is due and must be received in the General Land Office on or before the 15th day of the second month succeeding the month of production, accompanied by the affidavit of the owner, manager, or other authorized agent, completed in the form and manner prescribed by the General Land Office and showing the gross amount and disposition of all oil and gas produced and the market value of the oil and gas, together with a copy of all documents, records or reports confirming the gross production, disposition and market value including gas meter readings, pipeline receipts, gas line receipts and other checks or memoranda of amount produced and put into pipelines, tanks, or pools and gas lines or gas storage, and any other reports or records which the General Land Office may require to verify the gross production, disposition and market value. In all cases the authority of a manager or agent to act for the Lessee herein must be filed in the General Land Office. Each royalty payment shall be accompanied by a check stub, schedule, summary or other remittance advice showing by the assigned General Land Office lease number the amount of royalty being paid on each lease. If Lessee pays his royalty on or before thirty (30) days after the royalty payment was due, the Lessee owes a penalty of 5% on the royalty or $25.00, whichever is greater. A royalty payment which is over thirty (30) days late shall accrue a penalty of 10% of the royalty due or $25.00, whichever is greater. In addition to a penalty, royalties shall accrue interest at a rate of 12% per year; such interest will begin accruing when the royalty is sixty (60) days overdue. Affidavits and supporting documents which are not filed when due shall incur a penalty in an amount set by the General Land Office administrative rule which is effective on the date when the affidavits or supporting documents were due. The Lessee shall bear all responsibility for paying or causing royalties to be paid as prescribed by the due date provided herein. Payment of the delinquency penalty shall in no way operate to prohibit the State's right of forfeiture as provided by law nor act to postpone the date on which royalties were originally due. The above penalty provisions shall not apply in cases of title dispute as to the State's portion of the royalty or to that portion of the royalty in dispute as to fair market value. The State shall have first lien upon all oil and gas produced from the area covered by this lease to secure the payment of all unpaid royalty and other sums of money that may become due to the State hereunder.

4. POOLING: (a) Lessee is hereby granted the right, at its option, to pool or unitize any land covered by this lease with any other land covered by this lease, and/or with any other land, lease, or leases, as to any or all minerals or horizons. Units pooled for oil hereunder shall not exceed 160 acres each in area, and units pooled for gas hereunder shall not exceed in area 640 acres each plus a tolerance often percent (10%) thereof, unless oil or gas units of a greater size are allowed under or prescribed by rules of the Railroad Commission of Texas. A unit established hereunder shall be valid and effective for all purposes of this lease even though there may be

TRUE AND CORRECT COPY OF ORIGINAL RECORD FILED IN TARRANT COUNTY, TEXAS
SUZANNE HENDERSON, COUNTY CLERK

mineral, royalty, or leasehold interests in lands within the unit, which are not effectively pooled or unitized. Any operations conducted on any part of such unitized land shall be considered, for all purposes, except the payment of royalty, as operations conducted upon said land under this lease. There shall be allocated to the land covered by this lease within each such unit (or to each separate tract within the unit if this lease covers separate tracts within the unit) the proportion of the total production of unitized minerals from the unit, after deducting any used in lease or unit operations, which the number of surface acres in such land (or in each such separate tract) covered by this lease within the unit bears to the total number of surface acres in the unit, and the production so allocated shall be considered for all purposes, including payment or delivery of royalty, overriding royalty and any other payments out of production, to be the entire production of unitized minerals from the land to which allocated in the same manner as though produced therefrom under the terms of this lease. The owner of the reversionary estate of any term royalty or mineral estate agrees that the accrual of royalties pursuant to this paragraph or of shut-in royalties from a well on the unit shall satisfy any limitation of term requiring production of oil or gas. The formation of any unit hereunder which includes land not covered by this lease shall not have the effect of exchanging or transferring any interest under this lease (including, without limitation, any shut-in royalty which may become payable under this lease) between parties owning interests in land covered by this lease and parties owning interests in land not covered by this lease. Neither shall it impair the right of Lessee to release as provided in paragraph 5 hereof, except that Lessee may not so release as to lands within a unit while there are operations thereon for unitized minerals unless all pooled leases are released as to lands within the unit. At any time while this lease is in force Lessee may dissolve any unit established hereunder by filing for record in the public office where this lease is recorded a declaration to that effect, if at that time no operations are being conducted thereon for unitized minerals. Subject to the provisions of this paragraph 4, a unit once established hereunder shall remain in force for so long as any lease subject thereto shall remain in force. If this lease now or hereafter covers separate tracts, no pooling or unitization of royalty interests as between any such separate tracts is intended or shall be implied or result merely from the inclusion of such separate tracts within this lease but Lessee shall nevertheless have the right to pool or unitize as provided in this paragraph 4 with consequent allocation of production as herein provided. As used in this paragraph 4, the words "separate tract" mean any tract with royalty ownership differing, now or hereafter, either as to parties or amounts, from that as to any other part of the leased premises.

(b) Neither unit production of oil or gas, nor unit operations, nor payment of shut-in royalties from a unit gas well, shall serve to hold the lease in force as to any area outside the unit, regardless of whether the production, maintenance of a shut-in gas well, or operations are actually located on the State tract or not.

(c) Lessee agrees to file with the General Land Office a copy of any unit designation, which this lease is included within ninety (90) days of such designation.

5. RELEASE: Lessee may relinquish the rights granted hereunder to the State at any time by recording the relinquishment in the county where this area is situated and filing the recorded relinquishment or certified copy of same in the General Land Office within ninety (90) days after its execution accompanied by the prescribed filing fee. Such relinquishment will not have the effect of releasing Lessee from any liability theretofore accrued in favor of the State.

6. REWORK: If at any time or times during the primary term operations are conducted on said land and if all operations are discontinued, this lease shall thereafter terminate at the end of the primary term or on the ninetieth day after discontinuance of all operations, whichever is the later date, unless on such later date either (1) Lessee is conducting operations or (2) the shut-in well provisions of paragraph 3 or the provisions of paragraph 9 are applicable. Whenever used in this lease the word "operations" shall mean operations for and any of the following: drilling, testing, completing, reworking, recompleting, deepening, plugging back or repairing of a well in search for or in an endeavor to obtain production of oil or gas, or production of oil or gas in paying quantities.

7. MINERAL USE: Lessee shall have the use, free from royalty, of oil and gas produced from said land in all operations hereunder.

8. NOTICE: In the event Lessor considers that Lessee has not complied with all its obligations hereunder, both express and implied, Lessor shall notify Lessee in writing, setting out specifically in what respects Lessee

TRUE AND CORRECT COPY OF
ORIGINAL RECORD FILED IN
TARRANT COUNTY, TEXAS
SUZANNE HENDERSON, COUNTY CLERK

has breached this contract. Lessee shall then have sixty (60) days after receipt of said notice within which to meet or commence to meet all or any part of the breaches alleged by Lessor. The service of said notice shall be precedent to the bringing of any action by Lessor on said lease for any cause, and no such action shall be brought until the lapse of sixty (60) days after service of such notice on Lessee. Neither the service of said notice nor the doing of any acts by Lessee aimed to meet all or any of the alleged breaches shall be deemed an admission or presumption that Lessee has failed to perform all its obligations hereunder. If this lease is canceled for any cause, it shall nevertheless remain in force and effect as to (1) sufficient acreage around each well as to which there are operations to constitute a drilling or maximum allowable unit under applicable governmental regulations, (but in no event less than forty acres), such acreage to be designated by Lessee as nearly as practicable in the form of a square centered at the well, or in such shape as then existing spacing rules require; and (2) any part of said land included in a pooled unit on which there are operations.

9. FORCE MAJEURE: If, while this lease is in force, at, or after the expiration of the primary term hereof, it is not being continued in force by reason of the shut-in well provisions of paragraph 3 hereof, and Lessee is not conducting operations on said land by reason of (1) any law, order, rule or regulation, (whether or not subsequently determined to be invalid) or (2) any other cause, whether similar or dissimilar, (except financial) beyond the reasonable control of Lessee, the primary term shall be extended until the first anniversary date hereof occurring ninety (90) or more days following the removal of such delaying cause, and this lease may be extended thereafter by operations as if such delay had not occurred.

10. LESSER ESTATE CLAUSE: If this lease covers a less interest in the oil or gas in all or any part of said land than the entire and undivided fee simple estate (whether lessors interest is herein specified or not), or no interest therein, then the royalties, and other monies accruing from any part as to which this lease covers less than such full interest, shall be paid only in the proportion which the interest therein, if any, covered by this lease bears to the whole and undivided fee simple estate therein.

11. ASSIGNMENTS: This lease may be transferred at any time. All transfers must reference the lease by file number and must be recorded in the county where the land covered hereby is located, and the recorded transfer or a copy certified to by the County Clerk of the county where the transfer is recorded must be filed in the General Land Office within ninety (90) days of the execution date, as provided by N.R.C. Section 52.026, accompanied by the prescribed filing fee. Every transferee shall succeed to all rights and be subject to all obligations, liabilities, and penalties owed to the State by the original Lessee or any prior transferee of the lease, including any liabilities to the State for unpaid royalties.

12. WELL INFORMATION: Lessee agrees to forthwith furnish Lessor, upon written request, with copies of all drilling logs, electrical logs, cores and core records and other information pertaining to all wells drilled by lessee either on the leased premises or acreage pooled therewith, when requested to do so. Said information shall remain confidential as required by statute.

13. SURFACE: Notwithstanding anything herein to the contrary, it is agreed that Lessee will not conduct any exploration or drilling on the surface of the leased premises or use the surface in the exercise of any rights herein granted. Any development of said land shall be by means of a directional well located off the leased premises, or by pooling of said land with other land, lease or leases as hereinabove provided.

14. COMPENSATORY ROYALTY: Lessee shall pay a compensatory royalty if this lease is not being held by production on the leased premises, by production from a pooled unit, or by payment of shut-in royalties in accordance with the terms of this lease, and if oil or gas is sold or delivered in paying quantities from a well located within 2500 feet of the leased premises and completed in a producible reservoir underlying the area leased hereunder or in any case in which drainage is occurring. Such compensatory royalty shall be paid at the royalty rate provided in this lease based on the value of production from the well as provided in the lease on which such well is located. The compensatory royalty shall be paid in the same proportion that the acreage of this lease has to the acreage of the proration unit surrounding the draining well plus the acreage of this lease. The compensatory royalty shall be paid monthly to the Commissioner of the General Land Office on or before the last day of the month after the month in which the oil or gas is sold and delivered from the well causing the drainage or from the well located within 2500 feet of the leased premises and completed in a producible reservoir under this lease. Notwithstanding anything herein to the contrary, compensatory royalty payable

TRUE AND CORRECT COPY OF ORIGINAL RECORD FILED IN TARRANT COUNTY, TEXAS SUZANNE HENDERSON, COUNTY CLERK

hereunder shall be no less than an amount equal to double the Shut-in Royalty and shall maintain this lease in effect for so long as such payments are made as provided herein.

15. FORFEITURE: If Lessee shall fail or refuse to make payment of any sum within thirty (30) days after it becomes due, or if Lessee or an authorized agent should knowingly make any false return or false report concerning production or drilling, or if Lessee shall fail or refuse to drill any offset well or wells in good faith as required by law and the rules and regulations adopted by the Commissioner of the General Land Office, or if Lessee should fail to file reports in the manner required by law or fail to comply with rules and regulations promulgated by the General Land Office, or refuse the proper authority access to the records pertaining to operations, or if Lessee or an authorized agent should knowingly fail or refuse to give correct information to the proper authority, or knowingly fail or refuse to furnish the General Land Office a correct log of any well, or if this lease is pooled or assigned and the unit designation or assignment is not filed in the General Land Office as required by law, the rights acquired under this lease shall be subject to forfeiture by the Commissioner, and he shall forfeit same when sufficiently informed of the facts which authorize a forfeiture, and when forfeited the area shall again be subject to lease. However, nothing herein shall be construed as waiving the automatic termination of this lease by operations of law or by reason of any special limitation arising hereunder. Forfeitures may be set aside and this lease and all rights thereunder reinstated before the rights of another intervene upon satisfactory evidence to the Commissioner of the General Land Office of future compliance with the provisions of the law and of this lease and the rules and regulations that may be adopted relative hereto.

IN TESTIMONY WHEREOF, witness the signature of the Commissioner of the General Land Office of the State of Texas under the seal of the General Land Office.

JERRY E. PATTERSON
COMMISSIONER, GENERAL LAND OFFICE

(d) All rights, titles and interests of Grantor in and to all surface fee tracts, permits, licenses, rights of way, easements (both surface and subsurface), drilling padsite easements (including those to be used in connection with the development of "Drillsites" described in **Schedule 7(d)** attached hereto and made a part hereof including without limitation those surface, subsurface and drilling padsite easements identified in **Schedule 6(c)(iii)** attached hereto and made a part hereof, and other rights of surface use, used in connection with the exploration, development, operation or maintenance of (i) the properties described in subsections (a) and (b) above, **to the extent and only to the extent, however**, that such rights, titles and interests are attributable to the properties described in subsections (a) and (b) above; and

(e) All rights, titles and interests of Grantor in and to all tangible personal property, inventory, spare parts, materials, supplies, machinery, equipment, improvements and other personal property and fixtures (including, but not by way of limitation, all wells, wellhead equipment, pumping units, flowlines, tanks, buildings, injection facilities, saltwater disposal facilities, compression facilities, gathering systems, and other equipment), located on the properties described in subsections (a), (b) and (d) above and used in connection with the exploration, development, operation or maintenance of the properties described in subsections (a) and (b) above, **to the extent and only to the extent, however**, that such rights, titles and interests are attributable to the properties described in subsections (a) and (b) above; and

(f) All oil, condensate, gas, casinghead gas and other liquid or gaseous hydrocarbons in, on, under or produced from the Subject Properties or any interests pooled or unitized therewith from and after the Effective Date; and

(g) All rights and benefits arising from or in connection with any gas production, pipeline, storage, processing or other imbalance attributable to hydrocarbons produced from the Subject Properties as of the Effective Date; and

(h) To the extent the same are assignable or transferable, and further to the extent the same are related to the Subject Properties, all of Grantor's interests in and to: (A) all orders, contracts, title opinions and documents, abstracts of title, leases, deeds, division of interest statements, participation agreements, and all other agreements and instruments, easements, rights-of-way, licenses, authorizations, permits and similar rights and interests, subject to the rights of third parties; and (B) all claims, rights and causes of action including, without limitation, causes of action for breach of warranty, against third parties, asserted and unasserted, known and unknown, but only to the extent such claims, rights and causes of action are attributable to the Subject Properties after the Effective Date, and where necessary to give effect to the assignment of such rights, claims and causes of action, Grantor grants to the Grantee the right to be subrogated to such rights, claims and causes of action; and

(i) All files, records and data (including electronic data) including but not limited to geophysical and seismic data (to the extent assignable), lease files, land files, wells files, division order files, abstracts, title files, engineering and/or production files, maps,

TRUE AND CORRECT COPY OF ORIGINAL RECORD FILED IN TARRANT COUNTY, TEXAS; SUZANNE HENDERSON, COUNTY CLERK

accounting records, and other information in the possession of Grantor or copies thereof specifically related to the Subject Properties, and all rights relating thereto;

(j) All other rights and interests in, to or under or derived from the Subject Properties or directly used or held for use in connection therewith from and after the Effective Date; and

(k) All rights, titles, interests and obligations of Grantor in, to and under (1) Rig Sharing and IADC Daywork Drilling Contract Assignment Agreement dated October 18, 2006, by and between Dale Operating and Red Oak Gas Operating Company, L.P. and (2) IADC Daywork Drilling Contract, Pioneer Rig 55, by and between Dale Operating Company and Pioneer Drilling Services Ltd. dated effective June 15, 2005.

The properties, rights and interests specified in the foregoing subsections (a), (b), (c), (d), (e), (f), (g), (h), (i), (j) and (k) above, exclusive of the properties, rights, titles, interests and other items described below as "Excluded Properties" which are reserved, excluded and SAVED AND EXCEPTED from this Conveyance, are herein sometimes collectively called the "**Subject Properties.**"

Notwithstanding anything herein contained to the contrary, the Subject Properties do not include, and there is hereby expressly SAVED AND EXCEPTED and excluded from the Subject Properties and this Conveyance and reserved to Grantor and its successors and assigns:

(i) all rights and choses in action, arising, occurring or existing in favor of Grantor prior to the Effective Date or arising out of the operation of or production from the Subject Properties prior to the Effective Date (including, but not limited to, any and all contract rights, claims, receivables, revenues, recoupment rights, recovery rights, accounting adjustments, mispayments, erroneous payments or other claims of any nature in favor of Grantor and relating and accruing to any time period prior to the Effective Date) but only to the extent the foregoing do not adversely affect the value, use, ownership or operation of the Subject Properties after the Effective Date;

(ii) any accounts receivable owing to the Grantor accruing before the Effective Date or, subject to Section 12 of the PSA, accounts payable owing by the Grantor accruing before the Effective Date;

(iii) all corporate, financial, tax and legal (other than title) records of Grantor;

(iv) all contracts of insurance or indemnity;

(v) all oil, gas or other hydrocarbon production from or attributable to the Subject Properties with respect to all periods prior to the Effective Date, and all proceeds attributable thereto;

(vi) any refund of costs, taxes or expenses borne by Grantor or Grantor's predecessor in title attributable to the period prior to the Effective Date;

TRUE AND CORRECT COPY OF ORIGINAL RECORD FILED IN TARRANT COUNTY, TEXAS.
SUZANNE HENDERSON, COUNTY CLERK

(vii) except to the extent constituting "suspended funds" on royalty, all deposits, cash, checks, funds and accounts receivable attributable to Grantor's interests in the Subject Properties with respect to any period of time prior to the Effective Date;

(viii) all computer or communications software or intellectual property (including tapes, data and program documentation and all tangible manifestations and technical information relating thereto) owned, licensed or used by Grantor;

(ix) any patent, proprietary computer software, trade secrets, names, intellectual property, logo, service mark, copyright, trade name or trademark of or associated with Grantor or any affiliate of Grantor or any business of Grantor or of any affiliate of Grantor;

(x) Any and all proceeds from the settlement of contract disputes with purchasers of oil, gas or other hydrocarbons from the Subject Properties, including settlement of take-or-pay disputes, insofar as said proceeds are attributable to periods of time prior to the Effective Date, insofar as the same does not involve any obligation or liability of Grantee after the Effective Date nor involve any production of oil, gas or other hydrocarbons from the Subject Properties on or after the Effective Date;

(xi) All claims (including insurance claims) and causes of action of Grantor against one or more third parties arising from acts, omissions or events occurring prior to the Effective Date and all claims under any joint interest audit attributable to any period prior to the Effective Date, insofar as the same does not involve any obligation or liability of Grantee after the Effective Date nor involve any production of oil, gas or hydrocarbons from the Subject Properties on or after the Effective Date;

(xii) All documents and instruments of Grantor that may be protected by an attorney-client privilege (exclusive of title opinions in respect of the oil and gas properties); and

(xiii) All overriding royalty interests which are currently owned of record by Thor Partners, L.P., Dale Employee Royalty Pool, L.P., or Maner B. Shaw, all overriding royalty interests which are to be assigned to Thor Partners, L.P., Dale Employee Royalty Pool, L.P., or Maner B. Shaw pursuant to one or more of the contracts identified on **Schedule 1.1(c)** attached hereto, and all cost bearing interests acquired by Thor Partners, L.P. subsequent to the Effective Date pursuant to Section 4.3 of the Westfork Amended and Restated Participation Agreement (such overriding royalty and cost bearing interests being more particularly identified in **Schedule 1.2(xv)** attached hereto).

TO HAVE AND TO HOLD the Subject Properties unto Grantee and its successors and assigns, forever.

**GRANTOR AGREES TO WARRANT AND FOREVER DEFEND TITLE TO THE SUBJECT PROPERTIES UNTO GRANTEE, AND ITS SUCCESSORS AND ASSIGNS, AGAINST THE CLAIMS AND DEMANDS OF ALL PERSONS CLAIMING, OR TO**

CLAIM THE SAME, OR ANY PART THEREOF BY, THROUGH OR UNDER GRANTOR, BUT NOT OTHERWISE. THE REPRESENTATIONS AND WARRANTIES OF GRANTOR IN THE PSA, AS LIMITED PER THE TERMS OF THE PSA, AND THE EXPRESS WARRANTY OF TITLE SET FORTH ABOVE, ARE EXCLUSIVE, AND IN LIEU OF ALL OTHER REPRESENTATIONS AND WARRANTIES, EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, AND GRANTOR EXPRESSLY DISCLAIMS ANY AND ALL SUCH OTHER REPRESENTATIONS AND WARRANTIES. WITHOUT LIMITATION OF THE FOREGOING, THE SUBJECT PROPERTIES ARE CONVEYED PURSUANT HERETO WITHOUT ANY WARRANTY OR REPRESENTATION WHETHER EXPRESS, IMPLIED, STATUTORY OR OTHERWISE RELATING TO THE CONDITION, QUANTITY, QUALITY, FITNESS FOR A PARTICULAR PURPOSE, CONFORMITY TO THE MODELS OR SAMPLES OF MATERIALS OR MERCHANTABILITY OF ANY EQUIPMENT OR ITS FITNESS FOR ANY PURPOSE AND WITHOUT ANY OTHER EXPRESS, IMPLIED, STATUTORY OR OTHER WARRANTY OR REPRESENTATION WHATSOEVER. GRANTEE HAS INSPECTED, OR WAIVED GRANTEE'S RIGHT TO INSPECT, THE SUBJECT PROPERTIES FOR ALL PURPOSES AND SATISFIED ITSELF AS TO THEIR PHYSICAL AND ENVIRONMENTAL CONDITION, BOTH SURFACE AND SUBSURFACE, INCLUDING BUT NOT LIMITED TO CONDITIONS SPECIFICALLY RELATED TO THE PRESENCE, RELEASE OR DISPOSAL OF HAZARDOUS SUBSTANCES, SOLID WASTES OR NATURALLY OCCURRING RADIOACTIVE MATERIALS ("NORM"). GRANTEE IS RELYING SOLELY UPON ITS OWN INSPECTION OF THE SUBJECT PROPERTIES, AND GRANTEE SHALL ACCEPT ALL OF THE SAME IN THEIR "AS IS, WHERE IS" CONDITION. ALSO WITHOUT LIMITATION OF THE FOREGOING, GRANTOR MAKES NO WARRANTY OR REPRESENTATION, EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, AS TO THE ACCURACY OR COMPLETENESS OF ANY DATA, REPORTS, RECORDS, PROJECTIONS, INFORMATION OR MATERIALS NOW, HERETOFORE OR HEREAFTER FURNISHED OR MADE AVAILABLE TO GRANTEE IN CONNECTION WITH THIS CONVEYANCE INCLUDING, WITHOUT LIMITATION, RELATIVE TO PRICING ASSUMPTIONS, OR QUALITY OR QUANTITY OF HYDROCARBON RESERVES (IF ANY) ATTRIBUTABLE TO THE SUBJECT PROPERTIES OR THE ABILITY OR POTENTIAL OF THE SUBJECT PROPERTIES TO PRODUCE HYDROCARBONS OR THE ENVIRONMENTAL CONDITION OF THE SUBJECT PROPERTIES OR ANY OTHER MATTERS CONTAINED IN THE MATERIALS FURNISHED OR MADE AVAILABLE TO GRANTEE BY GRANTOR OR BY GRANTOR'S AGENTS OR REPRESENTATIVES. ANY AND ALL SUCH DATA, RECORDS, REPORTS, PROJECTIONS, INFORMATION AND OTHER MATERIALS (WRITTEN OR ORAL) FURNISHED BY GRANTOR OR OTHERWISE MADE AVAILABLE OR DISCLOSED TO GRANTEE ARE PROVIDED AS A CONVENIENCE AND SHALL NOT CREATE OR GIVE RISE TO ANY LIABILITY OF OR AGAINST GRANTOR AND ANY RELIANCE ON OR USE OF THE SAME SHALL BE AT GRANTEE'S SOLE RISK TO THE MAXIMUM EXTENT PERMITTED BY LAW.

OFFICIAL RECORD FILED IN TARRANT COUNTY, TEXAS.
SUZANNE HENDERSON, COUNTY CLERK

This Conveyance is made subject to that certain Agreement of Sale and Purchase between Grantor and Grantee dated December 6, 2006 (the "**PSA**"). Such Agreement contains certain representations, warranties, covenants and agreements between the parties, some of which may survive the delivery of this Conveyance, as more particular provided for therein, but third parties may conclusively rely on this Conveyance to vest title to the Subject Properties in Grantee.

This Conveyance is made subject to the unrecorded agreements described in **Schedule 1.1(c)** attached hereto and made a part hereof.

Grantor agrees to execute and deliver to Grantee, from time to time, such other and additional instruments, notices, division orders, transfer orders and other documents, and to do all such other and further acts and things as may be necessary to more fully and effectively grant, convey and assign to Grantee the Subject Properties.

This Conveyance is being executed in several counterparts all of which are identical, except that, to facilitate recordation, certain counterparts hereof may contain only that portion of Exhibit A which contains specific descriptions of properties located in the recording jurisdiction in which the particular counterpart is to be recorded, with other portions of Exhibit A being included in such counterparts by reference only. All of such counterparts together shall constitute one and the same instrument. This Conveyance shall become effective as to each of the undersigned that executes same, regardless if one or more of the undersigned execute, or do not execute, counterparts of this Conveyance. Complete copies of this Conveyance containing the entire Exhibits A and B have been recorded in Tarrant County, Texas and retained by Grantor and Grantee.

DECLARATION OF POOLED UNIT
**INDUS CAMPUS DRIVE UNIT**

STATE OF TEXAS )
) KNOW ALL PERSONS BY THESE PRESENTS:
COUNTY OF TARRANT )

This Declaration of Pooled Unit is executed to be effective as of January 30, 2007, by the undersigned parties, who are the owners of an interest in the leasehold estates created under those certain Oil, Gas and Mineral Leases (the "Leases") which are more particularly described on Exhibit "A" attached hereto and incorporated herein by reference for all purposes, or who are the owners of an interest in the mineral estate in the lands described in the Leases, who join in the execution hereof to evidence their consent to the pooling, unitization and combination of the leases and mineral estates herein described.

RECITALS

WHEREAS, each of the Leases authorizes the lessee thereunder to pool, unitize or combine all or a portion of the lands covered thereby with other land, lands, lease, or leases, to form a pooled unit for the exploration, development and production of oil, gas and associated and constituent hydrocarbons from the lands covered by the Leases; and

WHEREAS, the pooling, unitization and combination of the Leases and mineral estates to the extent necessary to form the hereinafter described pooled unit are necessary and advisable in the judgment of the undersigned.

NOW, THEREFORE, in consideration of the foregoing premises, the mutual benefits to be derived by the parties hereto and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the undersigned agree as follows:

1. Declaration of Unit. In accordance with the provisions of the Leases, the undersigned do hereby declare, pool, unitize and combine the Leases, including all renewals, extensions, ratifications and amendments thereof, and the lands covered thereby and the mineral estates therein, to the extent necessary to form and create the Unit Area described below. Production from the Unit shall be allocated proportionately among all of the tracts within the Unit in the proportion which the number of surface acres in each of such tracts bears to the total number of surface acres in the Unit.

2. Description of Unit Area. The Unit Area (herein so called) shall consist of **122.70 acres**, more or less, being the lands more particularly described and depicted on Exhibit "B", which is attached hereto and incorporated herein by reference for all purposes, and the unit shall be limited to the interval and depths lying from the surface of the earth to the base of the Barnett Shale formation **INSOFAR AND ONLY INSOFAR** as to oil, gas, and associated and constituent hydrocarbons produced from a well or wells classified as an oil well or a gas well. This Declaration of Pooled Unit covers all production from the lands described on the attached Exhibit "B" which is produced from any well drilled to the unitized interval underlying the Unit Area.

3. Unit Name. The pooled unit created hereby shall be known as the "**Indus Campus Drive Unit**."

4. Additional Interest; Consent. In the event the undersigned own any leasehold interest or mineral interest other than those specifically described or referred to herein covering the lands inside the Unit Area, including any unleased mineral interest in lands inside the Unit Area, or any interest for which ratification of the pooled unit created hereby is necessary, such interest or interests are hereby pooled and combined into said pooled unit as hereby declared without the necessity of specifically enumerating such interests or the specific lands covered by such interests or in which they are held.

5. Right to Amend. The undersigned hereby expressly reserve the right, from time to time, to amend this Declaration of Pooled Unit, and the respective terms and provisions hereof, and to change the size and area of, and interests covered by the pooled unit described herein, including without limitation, the power (i) to change, reduce, enlarge or extend the size or configuration of the Unit Area; (ii) to include any other formation or formations and any other mineral or minerals therein, thereunder or produced therefrom, all in accordance with the terms and provisions of the Leases; (iii) to include in the pooled unit described herein or in any amendments hereto, oil, gas and mineral leases, or interests in the lands described therein, covering interests in the Unit Area, which are secured or obtained subsequent to the date hereof, or prior to the date hereof and not included and described herein, and (iv) to include in the pooled unit described herein or in any amendments hereto, full or undivided interests in the Unit Area which are not otherwise included herein by the respective owner of such full or undivided interests.

6. Dissolution of Unit. The pooled unit formed hereby may be dissolved by Chesapeake Exploration Limited Partnership, acting as the Operator of the pooled unit, at any time by an instrument filed for record in Tarrant County, Texas, after any failure to establish unit production or after cessation of operations upon the pooled unit.

7. Multiple Originals. This instrument may be executed in any number of multiple counterparts, each of which shall have the same force and effect as an original instrument executed by all of the undersigned parties, regardless of whether such counterpart is executed prior to or subsequent to the date hereof or the filing of record of a counterpart hereof. Further, this instrument may not be ratified, consented to or approved by any party, individual, person or entity except upon the express written consent of all the undersigned parties hereto. This Declaration of Pooled Unit, and each counterpart or ratification hereof, shall be binding upon each party who executed the same, and shall have the effect of pooling such party's undivided ownership interest in the leases covered hereby, without regard to whether any other party owning an interest in the Leases or Unit Area may execute this instrument, or a counterpart or ratification hereof.

8. General Provisions. This instrument shall bind, inure to the benefit of, and be exercised by heirs, assigns, and successors in interest of all parties. When the context requires, singular nouns and pronouns include the plural.

EXECUTED by the undersigned parties on the respective dates of acknowledgment hereof, to be effective for all purposes as of the date first above written.

**EXHIBIT "B"**

INDUS-CAMPUS DRIVE UNIT
LEGAL DESCRIPTION

Being a tract of land situated in the W.M. Hick Survey, Abstract No. 694, the J. Armendaris Survey, Abstract No. 1768, and the J. Collett Survey, Abstract No. 260, in the City of Fort Worth, Tarrant County, Texas and being more particularly described as follows:

COMMENCING at a 5/8-inch iron rod with cap stamped "SEMPCO, INC." found for corner at the intersection of the south right-of-way line of East Seminary Drive and the west right-of-way line of Campus Drive said point being the northeast corner of Lot 2, Block A, of Regalridge Square Addition, an addition to The City of Fort Worth as recorded in Volume 388-167, Page 72 Deed Records of Tarrant County, Texas (D.R.T.C.T.) and being that tract of land described in deed to AHC Breckenridge Associates, LLC as recorded in County Clerk's Document No. 206081527;

THENCE South 89 degrees 00 minutes 59 seconds West, along said south right-of-way line of East Seminary Drive and the north line of said Lot 2, a distance of 1,180.21 feet to a 5/8-inch iron rod with cap stamped "SEMPCO, INC." found for the northwest corner of said Lot 2 and the northeast corner of a tract of land described as "Tract 1" in deed to Tarrant County, Texas as recorded in County Clerk's Document No. 204271984 said point also being THE POINT OF BEGINNING;

THENCE North 02 degrees 38 minutes 23 seconds East, departing said north and south lines, passing at a distance of 114.16 feet the north right-of-way line of said East Seminary Drive and the south line of a tract of land described in deed to Dale Resources, LLC as recorded in County Clerk's Document No. 206019530 and continuing in all, a distance of 694.09 feet to a point for corner;

THENCE North 05 degrees 23 minutes 41 seconds West, passing at a distance of 383.28 feet the north line of said Dale Resources tract and the south right-of-way line of the Union Pacific Railroad (a 100 foot right-of-way at this point) and continuing in all, a distance of 437.96 feet to a point in the approximate centerline of said railroad right-of-way;

THENCE along said approximate centerline of the Union Pacific Railroad right-of-way the following bearings and distances:

South 71 degrees 30 minutes 03 seconds East, a distance of 20.24 feet to a point for corner;

South 75 degrees 53 minutes 03 seconds East, a distance of 100.01 feet to a point for corner;

South 80 degrees 39 minutes 03 seconds East, a distance of 100.02 feet to a point for corner;

South 83 degrees 37 minutes 03 seconds East, a distance of 100.55 feet to a point for corner;

South 84 degrees 48 minutes 40 seconds East, a distance of 187.18 feet to a point for corner;

South 84 degrees 53 minutes 03 seconds East, a distance of 17.36 feet to a point for corner;

South 80 degrees 43 minutes 03 seconds East, a distance of 94.89 feet to a point for corner;

South 73 degrees 20 minutes 11 seconds East, a distance of 6.41 feet to a point for corner;

South 75 degrees 20 minutes 03 seconds East, a distance of 99.10 fee to a point for corner;

South 72 degrees 30 minutes 03 seconds East, a distance of 95.51 feet to a point for corner;

South 70 degrees 55 minutes 03 seconds East, a distance of 99.77 feet to a point for corner;

South 70 degrees 30 minutes 38 seconds East, a distance of 882.01 feet to a point for corner;

South 70 degrees 35 minutes 39 seconds East, a distance of 2,458.98 feet to a point for corner;

THENCE North 89 degrees 50 minutes 29 seconds West, departing said approximate centerline of the Union Pacific Railroad right-of-way, a distance of 1,891.12 feet to a point in the approximate centerline of Coffey Avenue;

THENCE South 00 degrees 07 minutes 23 seconds West, departing said approximate centerline, passing at 30.00 feet a northeast corner of Lot 1, Block 1 of the O.D. Wyatt Addition, an addition to The City of Fort Worth as recorded in Cabinet A, Slide 57, D.R.T.C.T., and continuing along east line of said Lot 1, Block 1, in all a total distance of 342.01 feet to a point for corner;

THENCE North 89 degrees 59 minutes 37 seconds West, along a south line of said Lot 1, Block 1, a distance of 110.00 feet to a point for corner;

THENCE South 00 degrees 07 minutes 23 seconds West, along east line of said Lot 1, Block 1, a distance of 823.89 feet to a point for corner;

THENCE South 89 degrees 04 minutes 23 second West, along the south line of said Lot 1, Block 1, passing at 799.86 feet a 1-inch iron rod found for the northwest corner of Las Brisas Subdivision as recorded in Volume 388-70, Page 57 (D.R.T.C.T.) and continuing along said south line, passing at an additional 6.15 feet the east right-of-way line of Campus Drive (120 feet wide), and continuing, in all a total distance of 934.34 feet to a point on the west line of said Campus Drive, said point being on a non-tangent curve to the right with a radius of 1,139.78 feet and a chord bearing South 23 degrees 49 minutes 22 seconds West, a distance of 114.34 feet;

THENCE southwesterly along said curve and along said west right-of-way line, through a central angle of 05 degrees 45 minutes 01 second, an arc distance of 114.39 feet to the end of said curve;

THENCE South 26 degrees 56 minutes 25 seconds West, continuing along said west right-of-way line, a distance of 37.92 feet to a 5/8-inch iron rod with cap stamped "SEMPCO, INC" found for the southeast corner of Lot 3, Block A of the Regalridge Square Addition as recorded in Volume 388-167, Page 74 (D.R.T.C.T.);

THENCE along the south line of said Lot 3, Block A the following bearings and distances:

South 82 degrees 28 minutes 14 seconds West, a distance of 58.26 feet to a point for corner;

South 78 degrees 23 minutes 43 seconds West, a distance of 143.81 fee to a point for corner;

South 73 degrees 16 minutes 04 seconds West, a distance of 106.24 feet to a 5/8-inch iron rod with cap stamped "SEMPCO, INC" found for corner;

North 78 degrees 55 minutes 15 seconds West, a distance of 67.65 feet to a point for corner;

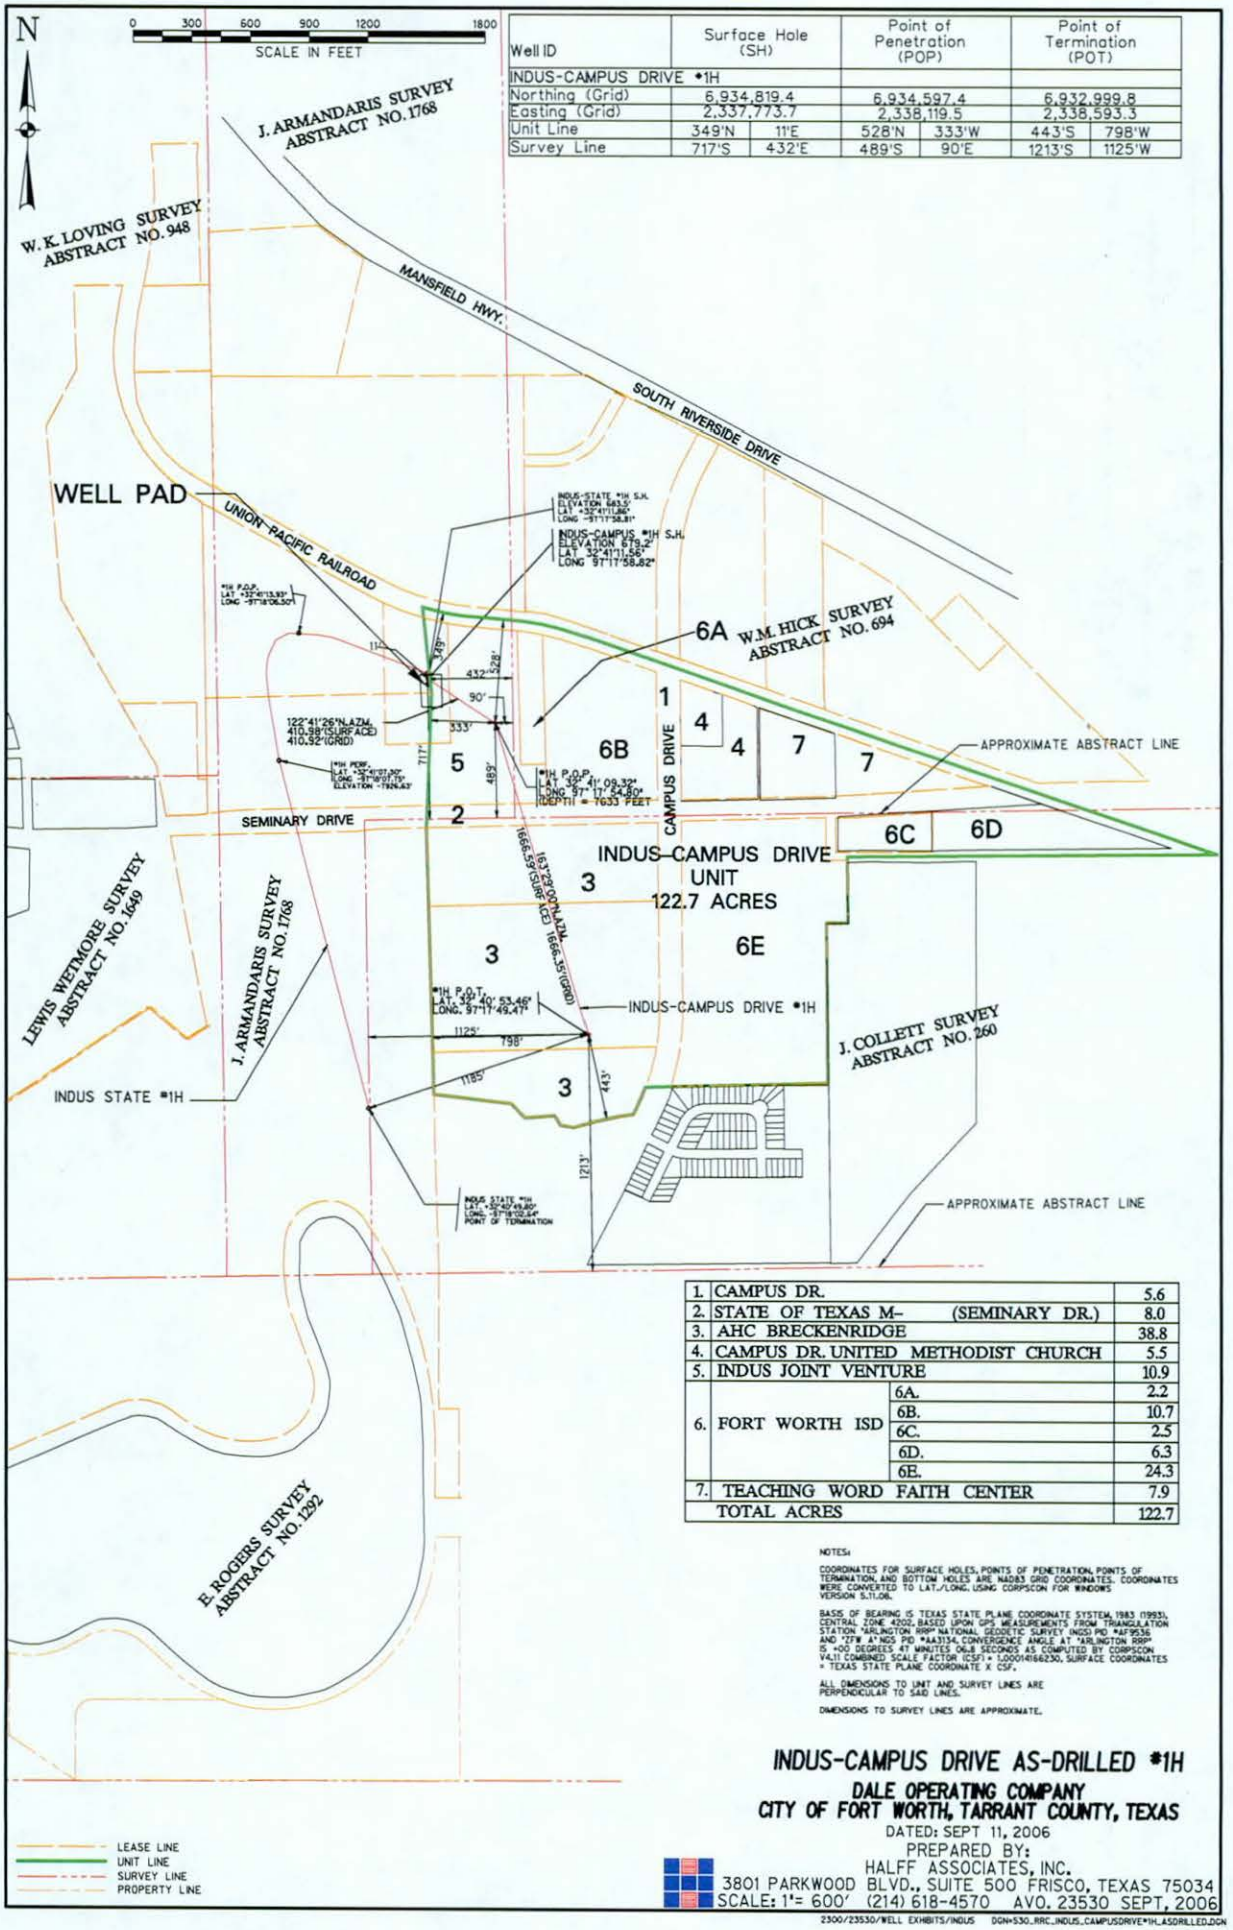

North 32 degrees 18 minutes 29 seconds West, a distance of 57.08 feet to a point for corner;

South 86 degrees 01 minute 27 seconds West, a distance of 152.82 feet to a point for corner;

North 43 degrees 42 minutes 41 seconds West, a distance of 102.02 feet to a point for corner;

North 82 degrees 40 minutes 47 seconds West, a distance of 399.08 feet to a 5/8-inch iron rod found for corner on the east line of said Tarrant County, Texas tract;

THENCE North 00 degrees 59 minutes 53 seconds West, along said east line, a distance of 1,368.48 feet to the POINT OF BEGINNING AND CONTAINNING 5,344,793 square feet, or 122.70 acres of land, more or less.
