The State of Texas

Austin, Texas

PAID-UP
OIL AND GAS LEASE NO. (109332)
GENERAL LAND OFFICE
AUSTIN, TEXAS

THIS AGREEMENT made and entered into by and between the Commissioner of the General Land Office of the State of Texas, whose address is Stephen F. Austin Building, 1700 North Congress, Austin, Texas, 78701, hereinafter called "Lessor", hereunto authorized by the School Land Board, pursuant to the provisions of Chapters 32 and 52 of the Natural Resources Code (hereinafter called N.R.C.), and amendments thereto, and all applicable rules promulgated by the School Land Board and **Dale Property Services, LLC** , whose address is **3000 East Alta Mesa Blvd., Suite 300, Ft. Worth, TX 76133** hereinafter called "Lessee".

1. Lessor, in consideration of **Two Hundred Eighty Nine Thousand Five Hundred 00/100 ($289,500.00)** receipt of which is hereby acknowledged, and of the covenants and agreements of Lessee hereinafter contained, does hereby grant, lease, and let unto Lessee the land covered hereby for the purposes and with the exclusive right of exploring, drilling, mining and operating for, producing and owning oil, gas, and all other hydrocarbons, produced from the land covered hereby. The land covered hereby, herein called "said land" is located in the County of **Tarrant** State of Texas, and is described as follows:

> **19.3 acres** of land, more or less, known as, situated in said **Tarrant** County, Texas, more particularly described in Exhibit "A" attached hereto and made a part hereof together with a plat, attached hereto as Exhibit "B", depicting said right-of-way and surrounding area for purposes of illustration only.

For the purpose of determining the amount of any bonus or other payment hereunder, said land shall be deemed to contain **19.3** acres, whether actually containing more or less, and the above recital of acreage shall be deemed to be the true acreage thereof. Lessor accepts the bonus as lump sum consideration for this lease and all rights and options hereunder.

2. PRIMARY TERM: This lease, which is a "paid up" lease requiring no rentals, shall remain in force for a term of **one year, from August 19th, 2008** hereinafter called "primary term", and as long thereafter as operations, as hereinafter defined, are conducted upon said land with no cessation for more than ninety (90) consecutive days.

3. ROYALTIES: As royalty Lessee covenants and agrees:

(a) To deliver to the credit of Lessor, in the pipe line to which Lessee may connect its well, the equal **26%** part of all oil produced and saved by Lessee from said land, or from time to time, at the option of Lessee, to pay Lessor the average posted market price of such **26%** part of such oil at the wells as of the day it is run to the pipe line or storage tanks, Lessor's interest, in either case, to bear none of the cost of treating oil to render it marketable pipe line oil;

(b) To pay Lessor on gas and casing head gas produced from said land (1) when sold by lessee **26%** of the amount realized by Lessee, computed at the mouth of the well, or (2) when used by Lessee off said land or in the manufacture of gasoline or other products, the market value, at the mouth of the well, of **26%** of such gas and casing head gas.

(c) If, at the expiration of the primary term or at any time or times thereafter, there is any well on said land or on lands with which said land or any portion thereof has been pooled, capable of producing oil or gas, and all such wells are shut-in, this lease shall, nevertheless, continue in force as though operations were being conducted on said land for so long as said wells are shut-in, and thereafter this lease may be continued in force as if no shut-in had occurred

(d) Lessee covenants and agrees to use reasonable diligence to produce, utilize, or market the minerals capable of being produced from said wells, but in the exercise of such diligence, Lessee shall not be obligated to install or furnish facilities other than well facilities and ordinary lease facilities of flow lines, separator, and lease tank, and shall not be required to settle labor trouble or to market gas upon terms unacceptable to Lessee.

(e) If at any time or times after the expiration of the primary term, all such wells are shut-in for a period of ninety consecutive days, and during such time there are no operations on said land, then at or before the expiration of said ninety day period, lessee shall pay or tender, by check of lessee, as royalty, the sum of **$ 5,000.00**. Lessee shall make like payments or tenders at or before the end of each anniversary of the expiration of said ninety day period if upon such anniversary this lease is being continued in force solely by reason of the provisions of this paragraph. Each such payment or tender shall be made to the parties who at the time of payment would be entitled to receive the royalties which would be paid under this lease if the wells were producing. Nothing herein shall impair lessee's right to release as provided in paragraph 5 hereof. In the event of assignment of this lease in whole or in part, liability for payment hereunder shall rest exclusively on the then owner or owners of this lease, severally as to acreage owned by each.

(f) All royalties not taken in kind shall be paid to the Commissioner of the General Land Office at Austin, Texas, in the following manner:

Royalty on oil is due and must be received in the General Land Office on or before the 5th day of the second month succeeding the month of production, and royalty on gas is due and must be received in the General Land Office on or before the 15th day of the second month succeeding the month of production, accompanied by the affidavit of the owner, manager, or other authorized agent, completed in the form and manner prescribed by the General Land Office and showing the gross amount and disposition of all oil and gas produced and the market value of the oil and gas, together with a copy of all documents, records or reports confirming the gross production, disposition and market value including gas meter readings, pipeline receipts, gas line receipts and other checks or memoranda of amount produced and put into pipelines, tanks, or pools and gas lines or gas storage, and any other reports or records which the General Land Office may require to verify the gross production, disposition and market value. In all cases the authority of a manager or agent to act for the Lessee herein must be filed in the General Land Office. Each royalty payment shall be accompanied by a check stub, schedule, summary or other remittance advice showing by the assigned General Land Office lease number the amount of royalty being paid on each lease. If Lessee pays his royalty on or before thirty (30) days after the royalty payment was due, the Lessee owes a penalty of 5% on the royalty or $25.00, whichever is greater. A royalty payment which is over thirty (30) days late shall accrue a penalty of 10% of the royalty due or $25.00, whichever is greater. In addition to a penalty, royalties shall accrue interest at a rate of 12% per year; such interest will begin accruing when the royalty is sixty (60) days overdue. Affidavits and supporting documents which are not filed when due shall incur a penalty in an amount set by the General Land Office administrative rule which is effective on the date when the affidavits or supporting documents were due. The Lessee shall bear all responsibility for paying or causing royalties to be paid as prescribed by the due date provided herein. Payment of the delinquency penalty shall in no way operate to prohibit the State's right of forfeiture as provided by law nor act to postpone the date on which royalties were originally due. The above penalty provisions shall not apply in cases of title dispute as to the State's portion of the royalty or to that portion of the royalty in dispute as to fair market value. The State shall have first lien upon all oil and gas produced from the area covered by this lease to secure the payment of all unpaid royalty and other sums of money that may become due to the State hereunder.

4. POOLING: (a) Lessee is hereby granted the right, at its option, to pool or unitize any land covered by this lease with any other land covered by this lease, and/or with any other land, lease, or leases, as to any or all minerals or horizons. Units pooled for oil hereunder shall not exceed 160 acres each in area, and units pooled for gas hereunder shall not exceed in area 640 acres each plus a tolerance often percent (10%) thereof, unless oil or gas units of a greater size are allowed under or prescribed by rules of the Railroad Commission of Texas. A unit established hereunder shall be valid and effective for all purposes of this lease even though there may be mineral, royalty, or leasehold interests in lands within

the unit, which are not effectively pooled or unitized. Any operations conducted on any part of such unitized land shall be considered, for all purposes, except the payment of royalty, as operations conducted upon said land under this lease. There shall be allocated to the land covered by this lease within each such unit (or to each separate tract within the unit if this lease covers separate tracts within the unit) the proportion of the total production of unitized minerals from the unit, after deducting any used in lease or unit operations, which the number of surface acres in such land (or in each such separate tract) covered by this lease within the unit bears to the total number of surface acres in the unit, and the production so allocated shall be considered for all purposes, including payment or delivery of royalty, overriding royalty and any other payments out of production, to be the entire production of unitized minerals from the land to which allocated in the same manner as though produced there from under the terms of this lease. The owner of the reversionary estate of any term royalty or mineral estate agrees that the accrual of royalties pursuant to this paragraph or of shut-in royalties from a well on the unit shall satisfy any limitation of term requiring production of oil or gas. The formation of any unit hereunder which includes land not covered by this lease shall not have the effect of exchanging or transferring any interest under this lease (including, without limitation, any shut-in royalty which may become payable under this lease) between parties owning interests in land covered by this lease and parties owning interests in land not covered by this lease. Neither shall it impair the right of Lessee to release as provided in paragraph 5 hereof, except that Lessee may not so release as to lands within a unit while there are operations thereon for unitized minerals unless all pooled leases are released as to lands within the unit. At any time while this lease is in force Lessee may dissolve any unit established hereunder by filing for record in the public office where this lease is recorded a declaration to that effect, if at that time no operations are being conducted thereon for unitized minerals. Subject to the provisions of this paragraph 4, a unit once established hereunder shall remain in force for so long as any lease subject thereto shall remain in force. If this lease now or hereafter covers separate tracts, no pooling or unitization of royalty interests as between any such separate tracts is intended or shall be implied or result merely from the inclusion of such separate tracts within this lease but Lessee shall nevertheless have the right to pool or unitize as provided in this paragraph 4 with consequent allocation of production as herein provided. As used in this paragraph 4, the words "separate tract" mean any tract with royalty ownership differing, now or hereafter, either as to parties or amounts, from that as to any other part of the leased premises.

(b) Neither unit production of oil or gas, nor unit operations, nor payment of shut-in royalties from a unit gas well, shall serve to hold the lease in force as to any area outside the unit, regardless of whether the production, maintenance of a shut-in gas well, or operations are actually located on the State tract or not.

(c) Lessee agrees to file with the General Land Office a copy of any unit designation, which this lease is included within ninety (90) days of such designation.

5. RELEASE: Lessee may relinquish the rights granted hereunder to the State at any time by recording the relinquishment in the county where this area is situated and filing the recorded relinquishment or certified copy of same in the General Land Office within ninety (90) days after its execution accompanied by the prescribed filing fee. Such relinquishment will not have the effect of releasing Lessee from any liability theretofore accrued in favor of the State.

6. REWORK: If at any time or times during the primary term operations are conducted on said land and if all operations are discontinued, this lease shall thereafter terminate at the end of the primary term or on the ninetieth day after discontinuance of all operations, whichever is the later date, unless on such later date either (1) Lessee is conducting operations or (2) the shut-in well provisions of paragraph 3 or the provisions of paragraph 9 are applicable. Whenever used in this lease the word "operations" shall mean operations for and any of the following: drilling, testing, completing, reworking, recompleting, deepening, plugging back or repairing of a well in search for or in an endeavor to obtain production of oil or gas, or production of oil or gas in paying quantities.

7. MINERAL USE: Lessee shall have the use, free from royalty, of oil and gas produced from said land in all operations hereunder.

8. NOTICE: In the event Lessor considers that Lessee has not complied with all its obligations hereunder, both express and implied, Lessor shall notify Lessee in writing, setting out specifically in what respects Lessee has breached this contract. Lessee shall then have sixty (60) days after receipt of said notice within which to meet or commence to meet all

or any part of the breaches alleged by Lessor. The service of said notice shall be precedent to the bringing of any action by Lessor on said lease for any cause, and no such action shall be brought until the lapse of sixty (60) days after service of such notice on Lessee. Neither the service of said notice nor the doing of any acts by Lessee aimed to meet all or any of the alleged breaches shall be deemed an admission or presumption that Lessee has failed to perform all its obligations hereunder. If this lease is canceled for any cause, it shall nevertheless remain in force and effect as to (1) sufficient acreage around each well as to which there are operations to constitute a drilling or maximum allowable unit under applicable governmental regulations, (but in no event less than forty acres), such acreage to be designated by Lessee as nearly as practicable in the form of a square centered at the well, or in such shape as then existing spacing rules require; and (2) any part of said land included in a pooled unit on which there are operations.

9. FORCE MAJEURE: If, while this lease is in force, at, or after the expiration of the primary term hereof, it is not being continued in force by reason of the shut-in well provisions of paragraph 3 hereof, and Lessee is not conducting operations on said land by reason of (1) any law, order, rule or regulation, (whether or not subsequently determined to be invalid) or (2) any other cause, whether similar or dissimilar, (except financial) beyond the reasonable control of Lessee, the primary term shall be extended until the first anniversary date hereof occurring ninety (90) or more days following the removal of such delaying cause, and this lease may be extended thereafter by operations as if such delay had not occurred.

10. LESSER ESTATE CLAUSE: If this lease covers a less interest in the oil or gas in all or any part of said land than the entire and undivided fee simple estate (whether lessors interest is herein specified or not), or no interest therein, then the royalties, and other monies accruing from any part as to which this lease covers less than such full interest, shall be paid only in the proportion which the interest therein, if any, covered by this lease bears to the whole and undivided fee simple estate therein.

11. ASSIGNMENTS: This lease may be transferred at any time. All transfers must reference the lease by file number and must be recorded in the county where the land covered hereby is located, and the recorded transfer or a copy certified to by the County Clerk of the county where the transfer is recorded must be filed in the General Land Office within ninety (90) days of the execution date, as provided by N.R.C. Section 52.026, accompanied by the prescribed filing fee. Every transferee shall succeed to all rights and be subject to all obligations, liabilities, and penalties owed to the State by the original Lessee or any prior transferee of the lease, including any liabilities to the State for unpaid royalties.

12. WELL INFORMATION: Lessee agrees to forthwith furnish Lessor, upon written request, with copies of all drilling logs, electrical logs, cores and core records and other information pertaining to all wells drilled by lessee either on the leased premises or acreage pooled therewith, when requested to do so. Said information shall remain confidential as required by statute.

13. SURFACE: Notwithstanding anything herein to the contrary, it is agreed that Lessee will not conduct any exploration or drilling on the surface of the leased premises or use the surface in the exercise of any rights herein granted. Any development of said land shall be by means of a directional well located off the leased premises, or by pooling of said land with other land, lease or leases as hereinabove provided.

14. COMPENSATORY ROYALTY: Lessee shall pay a compensatory royalty if this lease is not being held by production on the leased premises, by production from a pooled unit, or by payment of shut-in royalties in accordance with the terms of this lease, and if oil or gas is sold or delivered in paying quantities from a well located within 2,500 feet of the leased premises and completed in a producible reservoir underlying the area leased hereunder or in any case in which drainage is occurring. Such compensatory royalty shall be paid at the royalty rate provided in this lease based on the value of production from the well as provided in the lease on which such well is located. The compensatory royalty shall be paid in the same proportion that the acreage of this lease has to the acreage of the proration unit surrounding the draining well plus the acreage of this lease. The compensatory royalty shall be paid monthly to the Commissioner of the General Land Office on or before the last day of the month after the month in which the oil or gas is sold and delivered from the well

causing the drainage or from the well located within 2500 feet of the leased premises and completed in a producible reservoir under this lease. Notwithstanding anything herein to the contrary, compensatory royalty payable hereunder shall be no less than an amount equal to **double the shut-in royalty** and shall maintain this lease in effect for so long as such payments are made as provided herein.

15. FORFEITURE: If Lessee shall fail or refuse to make payment of any sum within thirty (30) days after it becomes due, or if Lessee or an authorized agent should knowingly make any false return or false report concerning production or drilling, or if Lessee shall fail or refuse to drill any offset well or wells in good faith as required by law and the rules and regulations adopted by the Commissioner of the General Land Office, or if Lessee should fail to file reports in the manner required by law or fail to comply with rules and regulations promulgated by the General Land Office, or refuse the proper authority access to the records pertaining to operations, or if Lessee or an authorized agent should knowingly fail or refuse to give correct information to the proper authority, or knowingly fail or refuse to furnish the General Land Office a correct log of any well, or if this lease is pooled or assigned and the unit designation or assignment is not filed in the General Land Office as required by law, the rights acquired under this lease shall be subject to forfeiture by the Commissioner, and he shall forfeit same when sufficiently informed of the facts which authorize a forfeiture, and when forfeited the area shall again be subject to lease. However, nothing herein shall be construed as waiving the automatic termination of this lease by operations of law or by reason of any special limitation arising hereunder. Forfeitures may be set aside and this lease and all rights there under reinstated before the rights of another intervene upon satisfactory evidence to the Commissioner of the General Land Office of future compliance with the provisions of the law and of this lease and the rules and regulations that may be adopted relative hereto.

IN TESTIMONY WHEREOF, witness the signature of the Commissioner of the General Land Office of the State of Texas under the seal of the General Land Office.

Re: Application by Dale Property Services, LLC ("Dale") to acquire Oil and Gas Lease 19.3 acres, more or less, being the Riverside Drive R-O-W, Tarrant County, Texas.

Dear Drew:

The State of Texas ("State") received the following described land designated as Riverside Drive:

1. Deed dated July 21, 1931, from James M. Ellis and wife, Byrd King Ellis to Tarrant County, recorded in Volume 1149, Page 498, Deed Records, Tarrant County, Texas.

Accordingly, Dale owns oil and gas leases on either side of said R-O-W, and it is necessary for Dale to acquire an oil and gas lease covering the same in order to drill a horizontal well from an off-site location. We therefore request that the State of Texas grant Dale an oil and gas lease covering said land. If we are granted the lease, we will combine this lease with our present leases in a concerted plan of development from our Morrison prospect area.

Thank you for your assistance, and please call me with any questions.

Sincerely,

Brad Zhanel

DELAY RENTALS

This is a paid-up lease and no delay rentals are due. Upon termination, Lessee shall prepare, execute and deliver to Lessor a recordable release covering the leased premises in accordance with this Lease. Lessee may at any time or times execute and deliver to Lessor, a release or releases of this Lease as to all or any part of the leased premises, and thereby be relieved of all obligations as to the released land or interest, except for the indemnification obligations described in Section 16 and the plugging obligations of this Lease.

4.

ROYALTIES

Lessee shall pay to Lessor the following royalties, which shall be free of all costs of any kind, including, but not limited to, costs of gathering, production, transportation, treating, compression, dehydration, processing, marketing, trucking or other expense, directly or indirectly incurred by Lessee, whether as a direct charge or a reduced price or otherwise. In this regard, Lessee agrees to bear one hundred percent (100%) of all costs and expenses incurred in rendering hydrocarbons produced on or from the leased premises marketable and delivering the same into the purchaser's pipeline for immediate transportation to an end user or storage facility. Additionally, said royalties shall never bear, either directly or indirectly, under any circumstances, the costs or expenses (including depreciation) to construct, repair, renovate or operate any pipeline, plant, or other facilities or equipment used in connection with the treating, separation, extraction, gathering, processing, refining, compression, transporting, manufacturing or marketing of hydrocarbons produced from the leased premises or lands pooled therewith.

A. On oil, gas (including flared gas) and casinghead gas, together with any other liquid or gaseous hydrocarbons recovered by Lease operations (such as in drips or separators) twenty six percent (26%) of the proceeds of the sale or of the market value thereof, whichever is higher. Such proceeds of oil, gas and casinghead gas, together with any other liquid or gaseous hydrocarbons recovered by Lease operations, is to be delivered free of cost at the well or to the credit of the Lessor into pipelines, gathering lines, barges or other facilities to which the wells and tanks on the property may be connected. Lessor shall always have the right, at any time and from time to time, upon reasonable written notice to Lessee, to take Lessor's share of oil, gas and processed liquids in kind. Lessor may elect to take Lessor's gas in kind at the well, or at the point of delivery where Lessee delivers Lessee's gas to any third party. If gas is processed, Lessor may elect to take Lessor's share of the residue gas attributable to production from the leased premises, at the same point of delivery where Lessee receives its share of residue gas or has its share of residue gas delivered to a third party. Lessor may elect to have its royalty share of

Unofficial Document

processed liquids stored in tanks at the plant or delivered into pipelines on the same basis as Lessee's share of liquids is stored or delivered. Lessor shall reimburse Lessee for all reasonable costs incurred by Lessee in installing, operating or maintaining additional facilities necessary for Lessor's royalty gas and processed liquids to be separately metered, accounted for, and delivered to a third party, but Lessor shall not be charged for any expense in the production, gathering, dehydration, separation, compression, transportation, treatment, processing or storage of Lessor's share of gas and processed liquids.

B. On products, twenty six percent (26%) of the gross market value or proceeds of sale thereof, whichever is higher.

C. On residue gas or gas remaining after separation, extraction or processing operations, twenty six percent (26%) of the proceeds of sale or of the market value thereof, whichever is higher.

D. For purposes of this Paragraph 4, the term "market value" shall mean for gas and products therefrom (i) the gross price at which gas or products therefrom are sold pursuant to a Gas Contract, as defined below, that is ratified by Lessor according to Paragraph G below or (ii) if not sold pursuant to a Gas Contract, as defined below, ratified by Lessor and Lessee, the highest gross price reasonably obtainable for the quantity of gas or products available for sale, through good faith negotiations for gas or products produced from the leased premises at the place where such gas or product is available for sale on the date of such a contract with adequate provisions for redetermination of price at intervals of no less frequency than one (1) year to ensure that the production is being sold for no less than the current market price. Included within the definition of "Market Value" as used herein is the presumption that Gas Contracts that are ratified by Lessor are arms-length contracts with purchasers who are not affiliates of Lessee. An "affiliate" includes, but is not limited to, the parent company or a subsidiary of Lessee, a corporation or other entity having common ownership with Lessee, a partner or joint venturer of Lessee with respect to the ownership or operation of the processing plant, a corporation or other entity in which Lessee owns a ten percent or greater interest, or any individual, corporation or other entity that owns a ten percent or greater interest in Lessee. In no event shall "market value" ever be less than the amount actually received by the Lessee for the sale of hydrocarbons.

E. This Lease is intended to cover only oil and gas, but some other substances (including helium and sulphur) may be produced necessarily with and incidental to the production of oil or gas from the leased premises; and, in such event, this Lease shall also cover all such other substances so produced. On all such substances so produced under and by virtue of the terms of this Lease, Lessor shall receive a royalty of twenty six percent (26%) of all such substances so produced and saved, same to be delivered to Lessor, free of all costs; or, at Lessor's election, Lessor's twenty six percent (26%) of such substances shall be sold by Lessee with Lessee's portion of such substances and at the same profit realized by Lessee for its portion of such substances.

F. All royalties hereinabove provided shall be payable in cash (unless Lessor elects to take such royalty oil or gas in kind) to Lessor within ninety (90) days following the end of the month in which the first commercial sale of production occurred and thereafter no more than sixty (60) days after the end of the month following the month during which production takes place. Subject to the provisions of Paragraph 10 of this Lease concerning shut-in wells, royalties shall be paid to Lessor by Lessee and/or its assigns or by the product purchaser for oil and/or gas. Upon the failure of any party to pay Lessor the royalty as provided in this paragraph, Lessor may, at Lessor's option, elect to terminate this Lease by sending written notice to Lessee. Lessee shall then have thirty (30) days from the date of service of such written notice in which to avoid termination of this Lease by making or causing to be made the proper royalty payment or payments that should have been paid. If such royalty payment is not made on or before the expiration of the 30-day period, or written approval is not obtained from Lessor to defer such payment, Lessor may elect to terminate this Lease by filing a Notice of Termination with the County Clerk in the county where the leased premises are located. The effective date of said termination shall be the date said Notice of Termination is filed with the said County Clerk.

G. Lessee agrees that it will not enter into any contract for the sale, delivery, transporting or processing of gas produced from the leased premises which shall extend more than two (2) years from the effective date of such sales contract unless such contract has adequate provisions for redetermination of price at intervals of no less frequency than one (1) year to ensure that production from this Lease is not being sold for less than the then current market value. At least thirty (30) days prior to the delivery or the execution of any contract for the sale, delivery, transporting or processing of gas produced from the leased premises, Lessee shall provide Lessor with a complete copy of each proposed contract for the purchase, transportation and/or processing of such gas that Lessee intends to execute (each a "Gas Contract"), whereupon, Lessor shall have fifteen (15) days within which to either ratify such Gas Contract or notify Lessee in writing that it does not approve of such Gas Contract, including a statement of the reasons that Lessor does not approve of such Gas Contract (Lessor's failure to respond within the fifteen (15) days either by ratification or by written notice that it does not approve of the proposed Gas Contract shall be deemed to be Lessor's ratification of such Gas Contract). If Lessor ratifies the Gas Contract, Lessor shall be deemed bound by the terms of such Gas Contract (and, at Lessee's option, Lessor shall execute such Gas Contract as a party thereto) and the gas or products therefrom sold pursuant to such Gas Contract shall be deemed sold at market value based on the gross price stated therein. Lessee shall not amend or modify any material terms of a Gas Contract ratified by Lessor without the prior written consent of Lessor. If Lessor does not approve of a Gas Contract, Lessee shall consult with Lessor in an effort to agree to the terms of the proposed Gas Contract, and if the other party or parties to the Gas Contract agree to the changes or modifications to the Gas Contract which are

Unofficial Document

proposed by Lessor in order for Lessor to ratify such Gas Contract, then Lessor shall be deemed to have ratified such Gas Contract (and, at Lessee's option, Lessor shall execute such Gas Contract as amended and modified, as a party thereto). If Lessor and Lessee cannot agree on the terms of a Gas Contract that are acceptable to the other party or parties thereto, Lessee may elect to execute such Gas Contract and sell, deliver, transport and process gas according to the terms thereof, subject to the other terms of this Paragraph 4 concerning the payment of Lessor's royalty on gas and products there from, including the right of Lessor to take its share of gas in kind. In the event Lessor elects to take and separately dispose of its royalty share of gas, the parties shall enter into a mutually acceptable balancing agreement providing for (a) the right of an under produced party to make up an imbalance by taking up to 150 percent of its share of production and (b) an obligation to settle any imbalance remaining after depletion in cash, based on the proceeds received by the overproduced party when the imbalance was created, or if the overproduced party's gas was used but not sold, based on the market value of the gas when imbalance was created.

H. In the event Lessee enters into a gas purchase contract which contains what is commonly referred to as a "take or pay provision" (such provision meaning that the gas purchaser agrees to take delivery of a specified minimum volume or quantity of gas over a specified term at a specified price or to make minimum periodic payments to the producer for gas not taken by the purchaser) and the purchaser under such gas purchase contract makes payment to Lessee by virtue of such purchaser's failure to take delivery of such minimum volume or quantity of gas, then Lessor shall be entitled to twenty six percent (26%) of all such sums paid to Lessee or producer under the "pay" provisions of such gas purchase contract. Such royalty payments shall be due and owing to Lessor within thirty (30) days after the receipt of such payments by Lessee. If the gas purchaser "makes up" such gas within the period called for in the gas contract and Lessee is required to give such purchaser a credit for gas previously paid for but not taken, then Lessor shall not be entitled to royalty on such "make up" gas. If Lessee is not producing any quantities of gas from the leased premises but is receiving payments under the "pay" portion of such "take or pay" gas purchase contract provision, such payments shall not relieve Lessee of the duty to make shut-in royalty payments if Lessee desires to continue this Lease, but such "take or pay" royalty payments shall be applied as a credit against any shut-in royalty obligation of the Lessee. Lessor shall be a third-party beneficiary of any gas purchase contract and/or transportation agreement entered into between Lessee and any purchaser and/or transporter of Lessor's gas, irrespective of any provision of said contracts to the contrary, and such gas purchase contract and/or transportation agreement will expressly so provide. Further, Lessor shall be entitled to twenty six percent (26%) of the value of any benefits obtained by or granted to Lessee from any gas purchaser and/or transporter for the amendment, modification, extension, alteration, consolidation, transfer,

Unofficial Document

cancellation or settlement of any gas purchase contract and/or transportation agreement.

I. Lessee agrees that before any gas produced from the leased premises is used or sold off the leased premises, it will be run, free of cost to Lessor, through an adequate oil and gas separator of a conventional type or equipment at least as efficient, to the end that all liquid hydrocarbons recoverable from the gas by such means will be recovered and Lessor properly compensated therefor.

J. Any payment of royalty or shut-in gas royalty hereunder paid to Lessor in excess of the amount actually due to the Lessor shall nevertheless become the property of the Lessor if Lessee does not make written request to Lessor for reimbursement within one (1) year from the date that Lessor received the erroneous payment, it being agreed and expressly understood between the parties hereto that Lessor is not the collecting agent for any other royalty owner under the lands covered hereby, and a determination of the name, interest ownership and whereabouts of any person entitled to any payment whatsoever under the terms hereof shall be the sole responsibility of Lessee. It is further expressly agreed and understood that: (i) this provision shall in no way diminish the obligation of Lessee to make full and punctual payments of all amounts due to Lessor or to any other person under the terms and provisions of this Lease, and (ii) any overpayments made to the Lessor under any provisions of this Lease shall not be entitled to be offset against future amounts payable to parties hereunder.

K. The terms of this Lease may not be amended by any division order and the signing of a division order by any mineral owner may not be made a prerequisite to payment of royalty hereunder.

L. Oil, gas or products may not be sold to a subsidiary or affiliate of Lessee as defined herein without the Lessor's prior written permission.

M. Lessee shall pay Lessor royalty on all gas produced from a well on the leased premises and sold or used off the leased premises, regardless of whether or not such gas is produced to the credit of Lessee or sold under a contract executed by or binding on Lessee. Should gas be sold under a sales contract not binding on Lessee, Lessor's royalty will be calculated based on the highest price paid for any of the gas produced from the well from which such gas is produced. In no event will the price paid Lessor for Lessor's share of gas be less than the price paid Lessee for Lessee's share of gas.

5.

POOLING

Lessee, upon the prior written consent of Lessor which shall not be unreasonably withheld, is hereby given the right to pool or combine the acreage covered by this Lease or any portion thereof as to oil and gas, or either of them with any other land, lease or leases in the immediate vicinity thereof to the extent hereinafter stipulated, when it is necessary or advisable to do so in order to properly explore, or develop, produce and operate said leased premises in compliance with the spacing rules of the appropriate lawful authority, or when to do so would promote the conservation of oil and gas in and under and that

Unofficial Document

may be produced from said premises. In the absence of field rules, units pooled for oil and gas hereunder shall not exceed the acreage provided for retained acreage tracts in Section 7. Any unit formed by such pooling for an oil well which is not a horizontal completion shall not exceed 80 acres plus a maximum acreage tolerance of 10%, and for a gas well or a horizontal completion shall not exceed 320 acres plus a maximum acreage tolerance of 10%. Lessee, under the provisions hereof, may pool or combine acreage covered by this Lease or any portion thereof as above provided as to oil in any one or more strata and as to gas in any one or more strata. The units formed by pooling as to any stratum or strata need not conform in size or area with the unit or units into which the Lease is pooled or combined as to any other stratum or strata, and oil units need not conform as to area with gas units. The pooling in one or more instances shall not exhaust the rights of the Lessee hereunder to pool this Lease or portions thereof into other units. Lessee shall file for record in the appropriate records of the county in which the leased premises are situated an instrument describing the pooled acreage as a pooled unit. In this regard, Lessee shall provide Lessor with a copy of any and all documents filed with any regulatory authority or recorded in the records of any county within thirty (30) days of filing such documents. Upon the recordation of the unit in the county records and the timely furnishing of the copies required herein to Lessor the unit shall be effective as to all parties hereto, their heirs, successors, and assigns, irrespective of whether or not the unit is likewise effective as to all other owners of surface, mineral, royalty or other rights in land included in such unit. Lessee may, at its election exercise its pooling option before or after commencing operations for or completing an oil or gas well on the leased premises, and the pooled unit may include, but it is not required to include, land or leases upon which a well capable of producing oil or gas in paying quantities has theretofore been completed or upon which operations for the drilling of a well for oil or gas have theretofore been commenced. In the event of operations for drilling on or production of oil or gas from any part of a pooled unit which includes all or a portion of the land covered by this Lease, such operations shall be considered as operations for drilling on or production of oil and gas from land covered by this Lease whether or not the well or wells be located on the premises covered by this Lease and in such event operations for drilling shall be deemed to have been commenced on said land within the meaning of this Lease. For the purpose of computing the royalties to which owners of royalties and payments out of production and each of them shall be entitled on production of oil and gas, or either of them, there shall be allocated to the land covered by this Lease and included in said unit (or to each separate tract within the unit if this Lease covers separate tracts within the unit) a pro rata portion of the oil and gas, or either of them, produced from the pooled unit. Royalties hereunder shall be computed on the portion of such production, whether it be on oil and gas, or either of them, so allocated to the land covered by this Lease and included in the unit just as though such production were from such land. The production from an oil well will be considered as production from this Lease or oil pooled unit from which

Unofficial Document

it is producing and not as production from a gas pooled unit; and production from a gas well will be considered as production from this Lease or gas pooled unit from which it is producing and not from an oil pooled unit. The formation of any unit hereunder shall not have the effect of changing the ownership of any delay rental or shut-in production royalty which may become payable under this Lease. If this Lease now or hereafter covers separate tracts, no pooling or unitization of royalty interest as between any such separate tracts is intended or shall be implied or result merely from the inclusion of such separate tracts within this Lease but Lessee shall nevertheless have the right to pool as provided above with consequent allocation of production as provided above. As used in this paragraph, the words "separate tract" mean any tract with royalty ownership differing, now or hereafter, either as to parties or amounts, from that as to any other part of the leased premises. Notwithstanding anything to the contrary therein above, all of the leased premises contained in this lease shall be included in a unit.

6.

CONTINUOUS DRILLING

At the expiration of the primary term this Lease shall remain in full force and effect for so long as Lessee is conducting Continuous Drilling Operations (as herein defined). Lessee shall be considered to be engaged in Continuous Drilling Operations at the expiration of the primary term if: (1) Lessee is then engaged in drilling operations on the leased premises or lands pooled therewith or (2) Lessee has completed a well as a producer or as a dry hole within one hundred twenty (120) days prior to the expiration of the primary term. Lessee also shall be considered to be engaged in Continuous Drilling Operations for so long thereafter as Lessee conducts drilling operations on the leased premises, or lands pooled therewith, with due diligence and with intervals of no more than one hundred twenty (120) days between the date of completion of one well and the date of commencement of drilling operations on a n additional well. "Completion" shall be considered to be the date of release of the completion rig for a completed well, but in no event more than one hundred twenty (120) days following the release of the drilling rig. In the case of a dry hole, "completion" shall be considered to be the date of release of the drilling rig. "Commencement" shall be the actual spud date of a well. Continuous Drilling Operations shall be deemed to have ceased upon the failure of Lessee to commence drilling operations on an additional well within such one hundred twenty (120) day period. When the Continuous Drilling Operations cease, the provisions of Paragraph 7 will be applicable.

7.

RETAINED ACREAGE

A. Vertical Wells

At the expiration of the primary term of this Lease or upon the termination of the continuous drilling program set forth in Paragraph 6, each non-horizontal well drilled hereon capable of producing in paying quantities will hold only forty (40) acres for any formation from the surface to the base of the

Unofficial Document

Barnett Shale formation. As to depths below the base of the Barnett Shale Formation, the proration unit shall be the minimum size necessary to obtain the maximum production allowable. If the proration unit for a well completed below the base of the Barnett Shale Formation is larger than 40 acres, the well may maintain the Lease as to formations above the base of the Barnett Shale Formation as to not more than 40 acres. All other acreage except that included in a proration unit or pooled unit as described above will cease to be covered by this Lease and will be released. To the extent possible, each such proration unit will be in the shape of a square, with the bottom of the well in the center. Further, it is understood and agreed that Lessee shall earn depths as to each proration unit or pooled unit only from the surface down a depth which is the stratigraphic equivalent to a depth of one hundred feet (100') below the deepest producing formation in such well which is capable of producing oil or gas in paying quantities at the expiration of the primary term of this Lease or upon the termination of the continuous drilling program set forth in Paragraph 6. This Lease will terminate at such time as to all depths below such depths as to each respective proration unit or pooled unit. If production should thereafter cease as to acreage included in a proration unit or pooled unit, this Lease will terminate as to such acreage unless Lessee commences reworking or additional drilling operations on such acreage within ninety (90) days thereafter and continues such reworking or additional drilling operations until commercial production is restored thereon, provided that if more than ninety (90) days elapse between the abandonment of such well as a dry hole and the commencement of actual drilling operations for an additional well, or more than ninety (90) days pass since the commencement of reworking operations without the restoration of commercial production, this Lease shall terminate as to the applicable proration unit or pooled unit.

At any time or times that this Lease terminates as to all or any portion of the acreage of the leased premises, Lessee shall promptly execute and record in the office of the County Clerk in the County where the leased premises are located, a proper release of such terminated acreage and shall furnish executed counterparts of each such release to Lessor at the address shown in Paragraph 19 hereof.

B. Horizontal Wells

It is expressly understood and agreed that, subject to the other terms, provisions and limitations contained in this Lease, Lessee shall have the right to drill "horizontal wells" under the leased premises, or lands pooled therewith. The term "horizontal well" or "horizontally drilled well" shall mean any well that is drilled with one or more horizontal drainholes having a horizontal drainhole displacement of at least five hundred eighty-five (585) feet. For the purposes of further defining the term "horizontal wells" and "horizontally drilled" reference is made to the definitions contained within Statewide Rule 86, as promulgated by the Railroad Commission of Texas, which definitions are incorporated herein for all purposes.

In the event of any partial termination of the Lease as provided in Paragraph 7A, then with

Unofficial Document

regard to a well which is a horizontal well or a horizontally drilled well, Lessee shall be entitled to retain all sands and horizons at all depths from the surface down to a depth which is the stratigraphic equivalent of a depth of one hundred (100) feet below the base of the deepest producing formation in such well which is capable of producing oil or gas in paying quantities, but only in a spacing unit the area or number of acres of which are equal to the area or number of acres determined by adding twenty (20) acres for each five-hundred eighty-five (585) feet horizontally drilled to the original forty (40) acres deemed to be a proration unit for each vertical well. Each such tract around each horizontally drilled well shall be as nearly in the shape of a square or a rectangle as is practical with the boundaries of the tract including the entire horizontal drainhole and the lateral boundaries of such tract being approximately equal distance from such drainhole and parallel thereto.

If production should thereafter cease as to acreage included in a proration unit or pooled unit, this Lease will terminate as to such acreage unless Lessee commences reworking or additional drilling operations on such acreage within ninety (90) days thereafter and continues such reworking or additional drilling operations until commercial production is restored thereon, provided that if more than ninety (90) days pass between the abandonment of such well and the commencement of actual drilling operations for an additional well, or more than ninety (90) days pass since the commencement of reworking operations without the restoration of commercial production, the Lease shall terminate as to the applicable proration unit.

At any time or times that this Lease terminates as to all or any portion of the acreage of the leased premises, Lessee shall promptly execute and record in the office of the County Clerk in the County where the leased premises are located, a proper release of such terminated acreage and shall furnish executed counterparts of each such release to Lessor at the address shown in paragraph 19 hereof.

8.

OFFSET OBLIGATIONS.

In the event a well or wells producing oil or gas should be brought in on land within 330 feet from any boundary of the leased premises. Lessee agrees within ninety (90) days from commencement of production from such well or wells to commence the actual drilling of an offset well or wells on the leased premises, provided that the well or wells which are to be offset are producing in paying quantities and have been perforated and fraced within 330 feet of the leased premises; or Lessee shall release to Lessor free of this Lease the offsetting tract.

9.

FORCE MAJEURE

A. The term "force majeure" as used herein shall mean and include: requisition, order, regulation, or control by governmental authority or commission; exercise of rights or priority of control by governmental authority for national defense or war purpose resulting in delay in obtaining or inability to

Unofficial Document

obtain either material, equipment or means of transportation normally necessary in prospecting or drilling for oil, gas or other mineral granted herein, or in producing, handling or transporting same from the leased premises; war, scarcity of or delay in obtaining materials or equipment; lack of labor or means of transportation of labor or materials; acts of God; insurrection; flood; strike; or other things beyond the control of Lessee. The term "force majeure" shall not include lack of markets for production or any other events affecting only the economic or financial aspects of drilling, development or production.

B. Notwithstanding any other provisions of this Lease, but subject to the conditions hereinafter set forth in this Paragraph 9, should Lessee be prevented by "force majeure" as defined above, from conducting drilling or reworking operations on, or producing oil, gas or other mineral from, the leased premises, such failure shall not constitute a ground for the termination of this Lease or subject said Lessee to damages therefore, and the period of time during which Lessee is so prevented shall not be counted against Lessee, but this Lease shall be extended for a period of time equal to that during which such Lessee is so prevented from conducting such drilling or reworking operations on, or producing oil, gas or other mineral from, such leased premises provided, however, that in no event will the primary term be extended unless Lessee has begun the actual drilling of a well prior to the date of the expiration of the primary term. All of the provisions of this paragraph are subject to each of the following express conditions:

The terms and conditions of this paragraph shall not extend beyond the expiration date of any law, order, rule or regulation invoked under this paragraph, and shall be applicable and effective only during the following periods:

(1) If the force majeure shall occur during the primary term of this Lease, it shall not operate to extend this Lease more than two (2) consecutive years beyond the expiration of the primary term.

(2) If the force majeure shall occur during a one hundred twenty (120) day drilling or reworking period provided for in Paragraphs 6 and 7 hereof, after the primary term has expired, then it shall not operate to extend the Lease more than two (2) successive years beyond the expiration of such one hundred twenty (120) day periods.

(3) In no event will the primary term be extended unless Lessee has begun the actual drilling of a well prior to the date of the expiration of the primary term.

C. None of the provisions of this paragraph shall ever be or become effective and applicable unless Lessee shall, within a reasonable time (not to exceed sixty (60) days in any event) after occurrence of the claimed event of force majeure above referred to, notify the Lessor, in writing, of such occurrence with full particulars thereof.

D. The terms of this paragraph do not apply to monetary payments due under the terms of this Lease.

10.

SHUT-IN GAS WELL PROVISIONS

If at any time after the expiration of the primary term while there is a gas well on the leased premises or land pooled therewith which is capable of producing gas in paying quantities, but the production thereof is shut-in or suspended for any reason, and if this Lease is not then continued in force by some other provision hereof, then this Lease shall nevertheless continue in force as to such well and the pooled unit or proration unit allocated to it for a period of sixty (60) days from the date such well is shut-in or at the end of the primary term, whichever is the later date. Before the expiration of any such sixty (60) day period, Lessee or any Assignee hereunder may pay or tender to the Lessor a shut-in royalty equal to Five Thousand Dollars ($5,000.00) per shut-in gas well and if such payment or tender is timely made, this Lease shall continue in force but only as to said well or wells and the proration unit or the pooled unit allocated to it or them and it shall be considered that gas is being produced from said well or wells in paying quantities for one (1) year from the date such well or wells are shut-in, and in like manner one, and only one, subsequent shut-in royalty payment may be made or tendered and it will be considered that gas is being produced from said well or wells in paying quantities for such additional one (1) year period as well.

Lessee shall not be entitled to recover any shut-in royalty payments from the future sale of gas. Should such shut-in royalty payments not be made in a timely manner as provided in this section, it will be considered for all purposes that there is no production and no excuse for delayed production of gas from any such well or wells, and unless there is then in effect other preservation provisions of this Lease, this Lease shall terminate. Lessee shall pay or tender directly to the Lessor at the address as shown in Paragraph 19 all shut-in royalty payments as required by this Lease.

11.

INFORMATION, ACCESS AND REPORTS

A. Lessor shall have free access at all times to all wells, tanks, and other equipment that services wells under the leased premises, including drilling wells, and Lessee agrees to furnish Lessor, or Lessor's nominee, currently and promptly, upon written request, with full well information including cores, cuttings, samples, logs (including Schlumberger and other electrical logs), copies and results of deviation tests and directional and seismic surveys, and the results of all drill stem tests and other tests of other kind or character that may be made of wells on the leased premises. Upon five (5) business days notice to Lessee, Lessor or Lessor's nominee shall be furnished with and have free access at all times to Lessee's books and records relative to the production and sale of oil, gas or other minerals from the leased premises, including reports of every kind and character to governmental authorities, State or Federal. Lessor shall have the right at its election to employ gaugers or install meters to gauge or measure the

UNOFFICIAL DOCUMENT

production of all minerals produced from the leased premises, and Lessee agrees to prepare and deliver to Lessor or Lessor's gauger or nominee duplicate run or gauge tickets for all minerals removed from the premises. Lessee shall furnish to Lessor daily drilling reports on each well drilled.

B. Lessee shall furnish to Lessor, within a reasonable time after its execution, a copy of any gas purchase contract or transportation agreement entered into in connection with the leased premises, or if there is already a gas purchase contract or transportation agreement in effect due to Lessee's operations in the field, then a copy of that contract. Furthermore, a copy of any amendments to the gas purchase contract or transportation agreement shall be furnished said Lessor within thirty (30) days after execution thereof; and on request of Lessor and without cost to the Lessor, Lessee shall furnish Lessor a copy of the following reports: core record, core analysis, well completion, bottom hole pressure measurement, directional survey records, electrical and induction surveys and logs, gas and oil ratio reports, paleontological reports pertaining to the paleontology of the formations encountered in the drilling of any wells on the leased premises, and all other reports which pertain to the drilling, completing or operating of the wells located on the leased premises. Such information shall be solely for Lessor's use, and Lessor shall in good faith attempt to keep same confidential for twelve (12) months after receipt.

C. Lessee shall advise Lessor in writing of the location of all wells drilled upon the leased premises on or before fourteen (14) days prior to commencement of operations, and shall advise Lessor in writing the date of completion and/or abandonment of each well drilled within thirty (30) days after completion or abandonment.

12.

PRESERVATION OF ECOLOGY OF LEASED PREMISES

Any overflows or releases affecting the leased premises, including, but not limited to, salt water, mud, chemical, or oil shall be reported immediately to Lessor. Lessee shall not use any water in, on or under the leased premises without the prior written consent of the Lessor.

13.

REMOVAL OF EQUIPMENT

Lessee shall have the right at any time during or within six (6) months after the expiration of this Lease (but not thereafter) to remove all property and fixtures placed by Lessee on the leased premises, including the right to draw and remove all casing. It is contemplated that Lessee may drill across and through lands covered by this agreement where production is not obtained or ceases. Where the casing or pipeline placed or laid through such non-producing lands is necessary to the production of a well or wells located on other lands covered by this Lease, or lands pooled therewith, it is expressly understood and agreed that Lessor will make no demand that such casing, pipelines or other equipment necessary for the

Unofficial Document

production of a well or wells drilled by Lessee be removed as long as such casing, pipelines and other equipment is necessary for the production of a producing well or wells drilled by Lessee.

14.

ASSIGNABILITY BY LESSEE

This lease may be assigned in whole or in part by Lessee and the provisions shall extend to the heirs, executors, administrators, successors and assigns of the parties hereto; provided, however, that any such assignment by Lessee shall require the prior written consent of Lessor, with the exception of any assignment made to Chesapeake Exploration, LLC, or officers, directors, or affiliates of Chesapeake Exploration, LLC, in which case the assignor shall notify Lessor in writing within thirty (30) calendar days of the assignment of the name of the assignee, the effective date of assignment, and a name and telephone number of the primary contact for the assignee. For purposes of this lease, affiliate means all entities, incorporated or otherwise, under common control with, controlled by or controlling Lessee. For purposes of this definition, "control" means fifty percent (50%) or more of the ownership determined by either value or vote. All transfers by Lessee (including assignments, sales, subleases, overriding royalty conveyances, or production payment arrangements) must be recorded in the county where the lease premises are located, and the recorded transfer or a copy certified to by the County Clerk of the county where the transfer is recorded must be delivered to the Lessor within sixty (60) days of the execution date. Every transferee shall succeed to all rights and be subject to all obligations, liabilities, and penalties owed to the Lessor by the original Lessee or any prior transferee of the Lease, including any liabilities to the Lessor for unpaid royalties. No such transfer shall release the Lessee (or any subsequent transferor) from any obligation hereunder.

15.

NO WARRANTY

This Lease is given and granted without warranty of title, express or implied, in law or in equity. Lessor agrees that Lessee, at Lessee's option, may purchase or discharge, in whole or in part, any tax, mortgage or other lien upon the leased premises and thereupon be subrogated to the right of the holder thereof, and may apply royalties accruing hereunder toward satisfying same or reimbursing Lessee. It is also agreed that if Lessor owns an interest in the oil and gas under the leased premises less than the entire fee simple estate therein, the royalties to be paid Lessor shall be reduced proportionately, but in no event shall the shut-in royalty amount for a gas well, as provided for in Paragraph 10 hereof, be reduced.

16.

INDEMNITY

LESSEE SHALL EXPRESSLY RELEASE AND DISCHARGE, ALL CLAIMS, DEMANDS, ACTIONS, JUDGMENTS, AND EXECUTIONS WHICH IT EVER HAD, OR NOW

THE LESSEE SHALL FULLY DEFEND, PROTECT, INDEMNIFY, AND HOLD HARMLESS THE LESSOR, ITS DEPARTMENTS, AGENTS, OFFICERS, SERVANTS, EMPLOYEES, SUCCESSORS, ASSIGNS, SPONSORS, OR VOLUNTEERS FROM AND AGAINST EACH AND EVERY CLAIM, DEMAND, OR CAUSE OF ACTION AND ANY AND ALL LIABILITY, DAMAGES, OBLIGATIONS, JUDGMENTS, LOSSES, FINES, PENALTIES, COSTS, FEES, AND EXPENSES INCURRED IN DEFENSE OF THE LESSOR, ITS DEPARTMENTS, AGENTS, OFFICERS, SERVANTS, OR EMPLOYEES, INCLUDING, WITHOUT LIMITATION, THE PAYMENT OF BONUS AND/OR ROYALTIES REGARDING OWNERSHIP OF THE LESSOR'S MINERAL INTEREST OF THE LEASED PREMISES WHICH MAY BE MADE OR ASSERTED BY LESSEE, ITS AGENTS, ASSIGNS, OR ANY THIRD PARTIES ON ACCOUNT OF, ARISING OUT OF, OR IN ANY WAY INCIDENTAL TO OR IN CONNECTION WITH THE OWNERSHIP AND TITLE OF THE MINERAL INTEREST OF THE LESSOR UNDER THIS LEASE.

THE LESSEE SHALL FULLY DEFEND, PROTECT, INDEMNIFY, AND HOLD HARMLESS THE LESSOR, ITS DEPARTMENTS, AGENTS, OFFICERS, SERVANTS, EMPLOYEES, SUCCESSORS, ASSIGNS, SPONSORS, OR VOLUNTEERS FROM AND AGAINST EACH AND EVERY CLAIM, DEMAND, OR CAUSE OF ACTION AND ANY AND ALL LIABILITY, DAMAGES, OBLIGATIONS, JUDGMENTS, LOSSES, FINES, PENALTIES, COSTS, FEES, AND EXPENSES INCURRED IN DEFENSE OF THE LESSOR, ITS DEPARTMENTS, AGENTS, OFFICERS, SERVANTS, OR EMPLOYEES, INCLUDING, WITHOUT LIMITATION, PERSONAL INJURIES AND DEATH IN CONNECTION THEREWITH WHICH MAY BE MADE OR ASSERTED BY LESSEE, ITS AGENTS, ASSIGNS, OR ANY THIRD PARTIES ON ACCOUNT OF, ARISING OUT OF, OR IN ANY WAY INCIDENTAL TO OR IN CONNECTION WITH THE PERFORMANCE OF THE WORK PERFORMED BY THE LESSEE UNDER THIS LEASE.

THE LESSEE AGREES TO INDEMNIFY AND HOLD HARMLESS THE LESSOR, ITS OFFICERS, AGENTS, SERVANTS, EMPLOYEES, SUCCESSORS, ASSIGNS, SPONSORS, OR VOLUNTEERS FROM ANY LIABILITIES OR DAMAGES SUFFERED AS A RESULT OF

CLAIMS, DEMANDS, COSTS, OR JUDGMENTS AGAINST THE LESSOR, ITS DEPARTMENTS, ITS OFFICERS, AGENTS, SERVANTS, OR EMPLOYEES, CREATED BY, OR ARISING OUT OF THE ACTS OR OMISSIONS OF THE LESSOR OCCURRING ON THE DRILL SITE OR OPERATION SITE IN THE COURSE AND SCOPE OF INSPECTING AND PERMITTING THE GAS WELLS INCLUDING, BUT NOT LIMITED TO, CLAIMS AND DAMAGES ARISING IN WHOLE OR IN PART FROM THE NEGLIGENCE OF THE LESSOR OCCURRING ON THE DRILL SITE OR OPERATION SITE IN THE COURSE AND SCOPE OF INSPECTING AND PERMITTING THE GAS WELLS. IT IS UNDERSTOOD AND AGREED THAT THE INDEMNITY PROVIDED FOR IN THIS SECTION IS AN INDEMNITY EXTENDED BY THE LESSEE TO INDEMNIFY AND PROTECT LESSOR AND/OR ITS DEPARTMENTS, AGENTS, OFFICERS, SERVANTS, OR EMPLOYEES FROM THE CONSEQUENCES OF THE NEGLIGENCE OF THE LESSOR AND/OR ITS DEPARTMENTS, AGENTS, OFFICERS, SERVANTS, OR EMPLOYEES, WHETHER THAT NEGLIGENCE IS THE SOLE OR CONTRIBUTING CAUSE OF THE RESULTANT INJURY, DEATH, AND/OR DAMAGE.

17.

INSURANCE

Lessee shall provide or cause to be provided the insurance described in the City of Fort Worth Gas Ordinance for each well drilled under the terms of this Lease, such insurance to continue until the well is abandoned and the site restored. Such insurance shall provide that Lessor shall be a co-insured, without cost, and that said insurance can not be canceled or terminated without thirty (30) days prior notice to Lessor and ten (10) days notice to Lessor for nonpayment of premiums.

18.

RELEASES REQUIRED

Within thirty (30) days after the partial termination of this Lease as provided under any of the terms and provisions of this Lease, Lessee shall deliver to Lessor a plat showing the production units designated by Lessee, copies of logs showing depths to be retained within each unit, and a fully executed, recordable release properly describing by metes and bounds the lands and depths to be retained by Lessee around each producing well. If this Lease terminates in its entirety, then Lessee shall deliver a complete, fully executed, recordable release to Lessor within thirty (30) days. If such release complies with the requirements of this section, Lessor shall record such release. If Lessee fails to deliver a release complying with the requirements of this section within thirty (30) days after Lessor's demand therefore, then Lessee shall pay Lessor an amount equal to Five Dollars ($5.00) per acre per day for each acre of the leased premises that should have been released, beginning with the 30th day after the date of Lessor's

request and continuing until such release has been executed and delivered to Lessor. It is agreed that actual damages to Lessor for Lessee's failure to deliver such release are difficult to ascertain with any certainty, and that the payments herein provided are a reasonable estimate of such damages and shall be considered liquidated damages and not a penalty. Furthermore, Lessor is hereby authorized to execute and file of record an affidavit stating that this Lease has expired and the reason therefor, and such affidavit shall constitute prima facie evidence of the expiration of this Lease or any part of this Lease.

19.

NOTICES

A. **Notifications Required**. Lessee shall advise Lessor in writing of the location of each well to be drilled upon the leased premises or on land pooled therewith on or before thirty (30) days after commencement of operations, and shall advise Lessor in writing the date of completion and/or abandonment of each well drilled on the leased premises or on land pooled therewith. Such notice shall include furnishing the Lessor a copy of the applicable completion or plugging report filed with any governmental or regulatory agency and a plat or map showing the location of the well on this Lease or lands pooled therewith within thirty (30) days after completion or abandonment.

Lessee shall advise Lessor in writing of the location of each well to be drilled under the leased premises or on land pooled therewith and shall advise Lessor in writing the date of completion, drilling, testing, fracing, reworking, recompletion, plugging back, repairing, and/or abandonment of each well drilled under the leased premises or on land pooled therewith (such notice shall include furnishing Lessor a copy of the applicable completion or plugging report filed with any government or regulatory agency) within thirty (30) days after such activity occurs. Reports are also to be made monthly, to include the name of well, total monthly production and total product sales. On a quarterly basis, Lessee shall provide a report demonstrating its compliance with the Minority/Women Business Enterprise (MWBE) Goal of 3% for leases over 40 acres.

B. All notices, information, letters, surveys, reports, material, and all other documents, required or permitted to be sent to Lessor by Lessee shall be sent by certified United States mail, postage prepaid, return receipt required, to the following address:

20.

BREACH BY LESSEE

Lessee shall conduct Lessee's operations in strict compliance with all of the terms and provisions of this Lease and with all applicable local, state and federal rules and the regulations of any regulatory body having jurisdiction of such operations including, but not limited to, all local, state and federal environmental rules and regulations and applicable city ordinances.

In the event Lessor considers that operations are not, at any time, being conducted in compliance with this Lease, or any implied covenant of this Lease, Lessor shall notify Lessee in writing of the facts relied upon as constituting a breach of any express or implied covenant or obligation of Lessee hereunder and, Lessee, if in default, shall have sixty (60) days after receipt of such notice in which to commence compliance with its obligations hereunder. Failure on the part of Lessee to timely commence efforts to rectify any such breach and to exercise diligence in remedying any such breach shall operate as a forfeiture of this Lease as to the portion thereof effected by such breach; provided that if Lessee, in good faith, disputes any alleged grounds of breach set forth in such notice, Lessee may, within said sixty (60) day period, institute a Declaratory Judgment Action in any District Court in a county where all or part of the said leased premises are located questioning whether it has in fact breached any expressed or implied covenant of this Lease, thereby staying any forfeiture during the pendency of such action. However, in the event that Lessor obtains a final judicial ascertainment in any such proceeding that Lessee is in breach of any covenant hereof, express or implied, then it is agreed that Lessor shall be entitled to a decree providing for cancellation or forfeiture of the Lease in the event such breach is not rectified or commenced in good faith to be rectified by Lessee within thirty (30) days from date such decree becomes final.

OIL, GAS AND MINERAL LEASE

THIS AGREEMENT made this 11th day of November 2005, between Vertis J. Harris, a/k/a Vertis A. Harris, a single man, Lessor (whether one or more), whose address is 1618 E. Berry Street, Fort Worth, Texas 76119 and Dale Resources, L.L.C., 2100 Ross Avenue, Suite 1870, LB-9, Dallas, TX 75201, Lessee, WITNESSETH:

1. Lessor, in consideration of Ten and No/100----------Dollars ($10.00), in hand paid, of the royalties herein provided, and of the agreements of Lessee herein contained, hereby grants, leases and lets exclusively unto Lessee for the purpose of investigating, exploring, prospecting, drilling and mining for and producing oil, gas and all other minerals, conducting exploration, geologic and geophysical surveys by seismograph, core test, gravity and magnetic methods, injecting gas, water and other fluids, and air into subsurface strata, laying pipe lines, building roads, tanks, power stations, telephone lines and other structures thereon and on, over and across lands owned or claimed by Lessor adjacent and contiguous thereto, to produce, save, take care of, treat, transport and own said products, said housing its employees, the following described land in **Tarrant County, Texas**, to-wit:

9.835 acres of land, more or less, out of the S. P. Loving Survey, Abstract 943, Tarrant County, Texas, being more particularly described by metes and bounds in that certain Deed dated April 24, 1997, from Clarence A. Roten, Trustee, as Grantor to Vertis A. Harris, as Grantee, recorded in Volume 12750, Page 216 of the Official Public Records of Tarrant County, Texas.

0.6485 acres of land, more or less, out of the S. P. Loving Survey, Abstract 943, Tarrant County, Texas, being more particularly described by metes and bounds in that certain Deed dated August 1, 1993, from Dojo Corporation, as Grantor to Vertis J. Harris, as Grantee, recorded in Volume 11265, Page 65 of the Official Public Records of Tarrant County, Texas.

Said lands are hereby deemed to contain **10.3835** acres of land, more or less.

This lease also covers and includes all land owned or claimed by Lessor adjacent or contiguous to the land particularly described above, whether the same be in said survey or surveys or in adjacent surveys, although not included within the boundaries of the land particularly described above.

2. This is a paid up lease and subject to the other provisions herein contained, this lease shall be for a term of **three (3)** years from this date (called "primary term") and as long thereafter as oil, gas or other mineral is produced from said land or land with which said land is pooled hereunder.

3. As royalty, lessee covenants and agrees: (a) To deliver to the credit of lessor, in the pipelines to which lessee may connect its wells, the equal twenty-two and one-half percent (22.5%) part of all oil produced and saved by lessee from said land, or from time to time, at the option of lessee, to pay lessor the average posted market price of such twenty-two and one-half percent (22.5%) part of such oil at the wells as of the day it is run to the pipe line or storage tanks, lessor's interest, in either case, to bear twenty-two and one-half percent (22.5%) of the cost of treating oil to render it marketable pipeline oil; (b) to pay lessor for gas and casinghead gas produced from said land (1) when sold by lessee twenty-two and one-half percent (22.5%) of the amount realized by lessee, computed at the mouth of the well, or (2) when used by lessee off said land or in the manufacture of gasoline or other products twenty-two and one-half percent (22.5%) of the amount realized from the sale of gasoline or other products extracted therefrom and twenty-two and one-half percent (22.5%) of the amount realized from the sale of residue gas after deducting the amount used for plant fuel and/or compression; (c) To pay lessor on all other minerals mined and marketed or utilized by lessee from said land, one-tenth either in kind or value at the well or mine at lessee's election, except that on sulphur mined and marketed the royalty shall be one dollar ($1.00) per long ton. If, at the expiration of the primary term or at any time or times thereafter, there is any well on said land or on lands with which said land or any portion thereof has been pooled, capable of producing oil or gas, and all such wells are shut-in, this lease shall, nevertheless, continue in force as though operations were being conducted on said land for so long as said wells are shut-in, and thereafter this lease may be continued in force as if no shut-in had occurred. Lessee covenants and agrees to use reasonable diligence to produce, utilize, or market the minerals capable of being produced from said wells, but in the exercise of such diligence, lessee shall not be obligated to install or furnish facilities other than well facilities and ordinary lease facilities of flow lines, separator, and lease tank, and shall not be required to settle labor trouble or to market gas upon terms unacceptable to lessee. If, at any time or times after the expiration of the primary term, all such wells are shut-in for a period of ninety consecutive days, and during such time there are no operations on said land, then at or before the expiration of said ninety day period, lessee shall pay or tender, by check or draft of lessee, as royalty, a sum equal to one dollar ($1.00) for each acre of land then covered hereby. Lessee shall make like payments or tenders at or before the end of each anniversary of the expiration of said ninety day period if upon such anniversary this lease is being continued in force solely by reason of the provisions of this paragraph. Each such payment or tender shall be made to the parties who at the time of payment would be entitled to receive the royalties which would be paid under this lease if the wells were producing, and may be deposited in the Bank at Lessor's address given above or its successors, which shall continue as the depositories, regardless of changes in the ownership of shut-in royalty. If at any time that lessee pays or tenders shut-in royalty, two or more parties are, or claim to be, entitled to receive same, lessee may, in lieu of any other method of payment herein provided, pay or tender shut-in royalty, in the manner above specified, either jointly to such parties or separately to each in accordance with their respective ownerships thereof, as lessee may elect. Any payment hereunder may be made by check or draft of lessee deposited in the mail or delivered to the party entitled to receive payment or to a depository bank provided for above on or before the last date for payment. Nothing herein shall impair lessee's right to release as provided in paragraph 5 hereof. In the event of assignment of this lease in whole or in part, liability for payment hereunder shall rest exclusively on the then owners of this lease, severally as to acreage owned by each.

4. Lessee shall have the right but not the obligation to pool all or any part of the leased premises or interest therein with any other lands or interests, as to any or all depths or zones, and as to any or all substances covered by this lease, either before or after the commencement of production, whenever Lessee deems it necessary or proper to do so in order to prudently develop or operate the leased premises, whether or not similar pooling authority exists with respect to such other lands or interests. The unit formed by such pooling for an oil well which is not a horizontal completion shall not exceed 80 acres plus a maximum acreage tolerance of 10%, and for a gas well or a horizontal completion shall not exceed 640 acres plus a maximum acreage tolerance of 10%; provided that a larger unit may be formed for an oil well or gas well or horizontal completion to conform to any well spacing or density pattern that may be prescribed or permitted by any governmental authority having jurisdiction to do so. For the purpose of the foregoing, the terms 'oil well' and 'gas well' shall have the meanings prescribed by applicable law or the appropriate governmental authority, or, if no definition is so prescribed, 'oil well' means a well with an initial gas-oil ratio of less than 100,000 cubic feet per barrel and 'gas well' means a well with an initial gas-oil ratio of 100,000 cubic feet or more per barrel, based on a 24-hour production test conducted under normal producing conditions using standard lease separator facilities or equivalent testing equipment; and the term 'horizontal completion' means an oil or gas well in which the horizontal component of the gross completion interval in the reservoir exceeds the vertical component thereof. In exercising its pooling rights hereunder, Lessee shall file of record a written declaration describing the unit and stating the effective date of pooling. Production, drilling or reworking operations anywhere on a unit which includes all or any part of the leased premises shall be treated as if it were production, drilling or reworking operations on the leased premises, except that the production on which Lessor's royalty is calculated shall be that proportion of the total unit production which the net acreage covered by this lease and included in the unit bears to the total gross acreage in the unit, but only to the extent such proportion of unit production is sold by Lessee. Pooling in one or more instances shall not exhaust Lessees pooling rights hereunder, and Lessee shall have the recurring right but not the obligation to revise any unit formed hereunder by expansion or contraction or both, either before or after commencement of production, in order to conform to the well spacing or density pattern prescribed or permitted by the governmental authority having jurisdiction, or to conform to any productive acreage determination made by such governmental authority. In making such a revision, Lessee shall file of record a written declaration describing the revised unit and stating the effective date of revision. To the extent any portion of the leased premises is included in or excluded from the unit by virtue of such revision, the proportion of unit production on which royalties are payable hereunder shall thereafter be adjusted accordingly. In the absence of production in paying quantities from a unit, or upon permanent cessation thereof, Lessee may terminate the unit by filing of record a written declaration describing the unit and stating the date of termination. Pooling hereunder shall not constitute a cross-conveyance of interests.

EXHIBIT

5. If at the expiration [redacted] primary term, oil, gas, or other mineral is not being produced on said land, [redacted]m the land pooled therewith, but Lessee is then engaged in drilling or rew[redacted] operations thereon, or shall have completed a dry hole thereon within 60 [redacted]rior to the end of the primary term, the lease shall remain in force so long as operations on said well or for drilling or reworking of any additional well are prosecuted with no cessation of more than 60 consecutive days, and if they result in the production of oil, gas or other mineral, so long thereafter as oil, gas, or other mineral is produced from said land, or from land pooled therewith. If, after the expiration of the primary term of this lease and after oil, gas, or other mineral is produced from said land, or from land pooled therewith, the production thereof should cease from any cause, this lease shall not terminate if Lessee commences operations for drilling or reworking within 60 days after the cessation of such production, but shall remain in force and effect so long as such operations are prosecuted with no cessation of more than 60 consecutive days, and if they result in the production of oil, gas, or other mineral, so long thereafter as oil, gas, or other mineral is produced from said land, or from land pooled therewith. Any pooled unit designated by Lessee in accordance with the terms hereof, may be dissolved by Lessee by instrument filed for record in the appropriate records of the county in which the leased premises are situated at any time after the completion of a dry hole or the cessation of production on said unit. In the event a well or wells producing oil or gas in paying quantities should be brought in on adjacent land and within 330 feet of and draining the leased premises, or land pooled therewith, Lessee agrees to drill such offset well or wells as a reasonably prudent operator would drill under the same or similar circumstances. Lessee may at any time execute and deliver to Lessor or place of record a release or releases covering any portion or portions of the above described premises and thereby surrender this lease as to such portion or portions and be relieved of all obligations as to the acreage surrendered.

6. Lessee shall have the right at any time during or after the expiration of this lease to remove all property and fixtures placed by Lessee on said land, including the right to draw and remove all casing. When required by Lessor, Lessee will bury all pipe lines below ordinary plow depth, and no well shall be drilled within two hundred (200) feet of any residence or barn now on said land without Lessor's consent.

7. The rights of either party hereunder may be assigned in whole or in part, and the provisions hereof shall extend to their heirs, successors and assigns; but no change or division in ownership of the land, or royalties, however accomplished, shall operate to enlarge the obligations or diminish the rights of Lessee; and no change or division in such ownership shall be binding on Lessee until thirty (30) days after Lessee shall have been furnished by registered U.S. mail at Lessee's principal place of business with a certified copy of recorded instrument or instruments evidencing same. In the event of assignment hereof in whole or in part, liability for breach of any obligation hereunder shall rest exclusively upon the owner of this lease or of a portion thereof who commits such breach. If six or more parties become entitled to royalty hereunder, Lessee may withhold payment thereof unless and until furnished with a recordable instrument executed by all such parties designating an agent to receive payment for all.

8. The breach by Lessee of any obligation arising hereunder shall not work a forfeiture or termination of this lease nor cause a termination or reversion of the estate created hereby nor be grounds for cancellation hereof in whole or in part. No obligation reasonably to develop the leased premises shall arise during the primary term. Should oil, gas or other mineral in paying quantities be discovered on said premises, then after the expiration of the primary term, Lessee shall develop the acreage retained hereunder as a reasonably prudent operator, but in discharging this obligation it shall in no event be required to drill more than one well per forty (40) acres of the area retained hereunder and capable of producing oil in paying quantities and one well per 640 acres plus an acreage tolerance not to exceed 10% of 640 acres of the area retained hereunder and capable of producing gas or other mineral in paying quantities. If after the expiration of the primary term, Lessor considers that operations are not at any time being conducted in compliance with this lease, Lessor shall notify Lessee in writing of the facts relied upon as constituting a breach hereof, and Lessee, if in default, shall have sixty days after receipt of such notice in which to commence the compliance with the obligations imposed by virtue of this instrument.

9. Lessor hereby warrants and agrees to defend the title to said land and agrees that Lessee at its option may discharge any tax, mortgage or other lien upon said land, either in whole or in part, and in event Lessee does so, it shall be subrogated to such lien with right to enforce same and apply royalties accruing hereunder toward satisfying same. Without impairment of Lessee's rights under the warranty in event of failure of title, it is agreed that if this lease covers a less interest in the oil, gas, sulphur, or other minerals in all or any part of said land than the entire and undivided fee simple estate (whether Lessor's interest is herein specified or not), or no interest therein, then the royalties, and other monies accruing from any part as to which this lease covers less than such full interest, shall be paid only in the proportion which the interest therein, if any, covered by this lease, bears to the whole and undivided fee simple estate therein. All royalty interest covered by this lease (whether or not owned by Lessor) shall be paid out of the royalty herein provided. Should any one or more of the parties named above as Lessors fail to execute this lease, it shall nevertheless be binding upon the party or parties executing the same.

10. Should Lessee be prevented from complying with any express or implied covenant of this lease, from conducting drilling or reworking operations thereon or from producing any oil, gas or other minerals therefrom by reason of scarcity of or inability to obtain or to use equipment or material, or by operation of force majeure, and Federal or state law or any order, rule or regulation of governmental authority, then while so prevented, Lessee's obligation to comply with such covenant shall be suspended, and Lessee shall not be liable in damages for failure to comply therewith; and this lease shall be extended while and so long as Lessee is prevented by any such cause from conducting drilling or reworking operations on or from producing oil or gas from the lease premises; and the time while Lessee is so prevented shall not be counted against Lessee, anything in this lease to the contrary notwithstanding.

11. Notwithstanding anything herein contained to the contrary, if at the expiration of the primary term of this lease, this lease has not been, or is not being extended pursuant to any of its provisions, then Lessee, its successors or assigns shall have the option to extend the primary term of this lease, as to all or any portion of the lands covered hereby, for an additional two (2) year(s) by paying or tendering to Lessor by check the sum of $1,000.00 multiplied by the net mineral acres subject to this lease as to which Lessee desires to extend this lease. Said payment or tender shall be made on or before the expiration date of the initial primary term and shall be considered to include the prepaid delay rental. If Lessee extends this lease as herein provided, it shall be considered that the primary term is five (5) years.

See Exhibit "A" attached hereto and by reference made a part hereof.

Exhibit "A"

Attached to and by reference made a part of that certain Oil, Gas and Mineral Lease dated November 11, 2005, between Vertis J. Harris, a/k/a Vertis A. Harris, a single man, as Lessor, and Dale Resources L.L.C., as Lessee.

12. In the event of a conflict between the terms of this Addendum and the terms of the printed form of this Lease, the terms of this Addendum shall control.

13. Surface Drillsites:

(A) In addition to the right to use the surface of the Leased Premises for purposes set forth in this Lease, Lessee is hereby granted the exclusive right to drill directional and horizontal oil and gas wells from locations on the surface of the Leased Premises and to drill through the subsurface of the Leased Premises to bottom hole locations on the Leased Premises or to bottom hole locations on lands other than the Leased Premises and to operate, produce, and maintain such wells, including the right to store, separate, treat, dehydrate, compress and transport such oil, gas and associated hydrocarbons on and across the Leased Premises, and to construct, operate and maintain such equipment, roads, pipelines, electric lines and other facilities reasonably necessary for all such operations, together with the right of ingress and egress across the Leased Premises for all such operations. This surface use shall include one or more drillsite locations of up to 3 acres in size (a "Drillsite Pad") and up to an additional 3 acres for two frac water and flowback pits ("Frac Pits") to service each Drillsite Pad, and it shall further include the right to locate one natural gas central facility of up to two (2) acres in size for the separating, treating, compression and dehydration of natural gas produced from on and off of the Leased Premises (the "Central Facility"). It is contemplated that multiple horizontal wells may be drilled from each such Drillsite Pad. As consideration for the rights granted in this paragraph, Lessor shall be entitled to an overriding royalty of 1/2% of 8/8ths of the production from each of well drilled with a surface location on the Leased Premises, which overriding royalty shall be proportionately reduced based on the amount of acreage from the Leased Premises included in a pooled unit for the production from such well as hereinafter set forth:

(1) In the event that the well produces from lands other than the Leased Premises and no portion of the Leased Premises is included in a pooled unit from which such well produces, the Lessor will be entitled to receive 100% of the overriding royalty.

(2) In the event that the well produces from a pooled unit which includes a portion of the Leased Premises, then the overriding royalty shall be proportionately reduced based on the amount of acreage from the Leased Premises included in the pooled unit. The amount of reduction shall be a fraction with the denominator being the total amount of acreage in the pooled unit and the numerator being the amount of acreage from the Leased Premises within the pooled unit. For example, if the well is producing from a pooled unit comprising a total of 160 acres, of which 10 acres is from the Leased Premises, the overriding royalty will be reduced by 10 ÷ 160 = 6.25%. Reduction of a 1/2% overriding royalty by 6.25% results in an overriding royalty of 0.46875% to the Lessor.

(3) In the event the well is a Lease well bottomed entirely on the Leased Premises and not included in a pooled unit then Lessor shall receive none of the overriding royalty.

(4) Lessor hereby warrants and agrees to defend the title to the surface and subsurface of said land and agrees that Lessee at its option may discharge any tax, mortgage or other lien upon said land, either in whole or in part, and in event Lessee does so, it shall be subrogated to such lien with right to enforce same and apply overriding royalties accruing hereunder toward satisfying same. Without impairment of Lessee's rights under the warranty in event of failure of title of Lessor's title to the surface and subsurface of said land, it is agreed that if the surface and subsurface rights granted herein covers a less interest in all or any part of said land than the entire and undivided fee simple estate (whether Lessor's interest is herein specified or not), or no interest therein, then the overriding royalties, and other monies accruing from any part as to which this lease covers less than such full interest, shall be paid only in the proportion which the interest therein owned by Lessor bears to the whole and undivided fee simple estate therein. All overriding royalty interest covered by this lease (whether or not owned by Lessor) shall be paid out of the royalty herein provided. If Lessee owns less than 100% of the working interest in a wellbore in which Lessor has been granted an overriding royalty interest, due to title failure affecting a lease or other circumstances beyond the reasonable control of Lessee, then the overriding royalty of Lessor in such well shall be paid only in the proportion in which the working interest therein is owned by Lessee.

(B) Lessee shall convey the overriding royalty set forth above to Lessor within sixty (60) days from the date of first production from each well. The overriding royalty assignment shall be effective from the date of first production, limited to the production from the well and shall be valued and paid in the same manner as set forth for Lessor's royalty in this lease.

(C) The grant of surface rights contained in this paragraph 13 is a separate grant from the grant of the mineral lease. Notwithstanding the expiration of the term of this Lease, the right to use of the surface granted herein shall survive for a period of five (5) years from the effective date of this Lease and as long thereafter as there is production or drilling or reworking operations on any well surfaced on the Leased Premises with no cessation of more than 120 consecutive days or until all wells drilled on the surface of the Leased Premises are plugged and abandoned, whichever date is later. It is not the intent of Lessor or Lessee that any provision herein violate any applicable law regarding the rule against perpetuities, the suspension of the absolute power of alienation, or other rules regarding the vesting or duration of estates, and Lessor's right to future assignments of an overriding royalty shall be construed as not violating such rule to the extent the same can be so construed consistent with the intent of the parties. In the event, however, that any provision hereof is determined to violate such rule, then such provision shall nevertheless be effective for the maximum period (but not longer than the maximum period) permitted by such rule that will result in no violation. To the extent such maximum period is permitted to be determined by reference to "lives in being", Lessor and Lessee agree that "lives in being" shall refer to the lifetime of the last to die of the now living lineal descendants of the late Senator Prescott Bush (paternal grandfather of the current President). All rights to use of the surface of the Leased Premises granted herein are freely assignable in whole or in part by Lessee.

(D) Lessee will consult with the Surface Owner on the location of all Drillsite Pad(s), Frac Pits, the Central Facility, roads and other improvements and equipment on the Leased Premises to reasonably accommodate the existing uses of the surface as of the date of this Lease.

(E) A release of the Lease, in whole or in part, will not terminate the right to use of the surface granted herein.

UNOFFICIAL DOCUMENT

14. Surface Damages: Lessee shall pay to the owner of the surface estate (Surface Owner) $5,000.00 each time that a drilling rig is moved onto the Leased Premises. This payment shall be as consideration for the right to work space for the drilling and completion operation, including the Drillsite Pad and Frac Pits. Once the drilling rig is on location, this payment will include the drilling, completion and fracture stimulation of multiple wells. These payments are only required for the movement of drilling rigs onto the Leased Premises and are not required for movement of workover rigs and other equipment onto the Leased Premises.

OIL, GAS AND MINERAL LEASE

THIS AGREEMENT made this 13th day of January 2006, between Ketan Patel Masters and wife, Kusum Masters, Lessor (whether one or more), whose address is 2601 Oates Lane, Arlington, Texas 76006, and Dale Resources, L.L.C., 2100 Ross Avenue, Suite 1870, LB-9, Dallas, Texas 75201, Lessee, WITNESSETH:

1. Lessor in consideration of Ten and No/100----------Dollars ($10.00), in hand paid, of the royalties herein provided, and of the agreements of Lessee herein contained, hereby grants, leases and lets exclusively unto Lessee for the purpose of investigating, exploring, prospecting, drilling and mining for and producing oil, gas and all other minerals, conducting exploration, geologic and geophysical surveys by seismograph, core test, gravity and magnetic methods, injecting gas, water and other fluids, and air into subsurface strata, laying pipe lines, building roads, tanks, power stations, telephone lines and other structures thereon and on, over and across lands owned or claimed by Lessor adjacent and contiguous thereto, to produce, save, take care of, treat, transport and own said products, and housing its employees, the following described land in Tarrant County, Texas, to wit:

.50 acres of land, more or less, being all of Lot 1, Block 1, of the Berry Addition, an addition to the City of Fort Worth, Tarrant County, Texas, according to the plat recorded in Volume 388-113, Page 302, of the Plat Records of Tarrant County, Texas.

This lease also covers and includes all land owned or claimed by Lessor adjacent or contiguous to the land particularly described above, whether the same be in said survey or surveys or in adjacent surveys, although not included within the boundaries of the land particularly described above.

2. This is a paid up lease and subject to the other provisions herein contained, this lease shall be for a term of **three (3)** years from this date (called "primary term") and as long thereafter as oil, gas or other mineral is produced from said land or land with which said land is pooled hereunder.

3. As royalty, lessee covenants and agrees: (a) To deliver to the credit of lessor, in the pipelines to which lessee may connect its wells, the equal **one-fourth (1/4)** part of all oil produced and saved by lessee from said land, or from time to time, at the option of lessee, to pay lessor the average posted market price of such **one-fourth (1/4)** part of such oil at the wells as of the day it is run to the pipe line or storage tanks, lessor's interest, in either case, to bear **one-fourth (1/4)** of the cost of treating oil to render it marketable pipeline oil; (b) to pay lessor for gas and casinghead gas produced from said land (1) when sold by lessee **one-fourth (1/4)** of the amount realized by lessee, computed at the mouth of the well, or (2) when used by lessee off said land or in the manufacture of gasoline or other products **one-fourth (1/4)** of the amount realized from the sale of gasoline or other products extracted therefrom and **one-fourth (1/4)** of the amount realized from the sale of residue gas after deducting the amount used for plant fuel and/or compression; (c) To pay lessor on all other minerals mined and marketed or utilized by lessee from said land, one-tenth either in kind or value at the well or mine at lessee's election, except that on sulphur mined and marketed the royalty shall be one dollar ($1.00) per long ton. If, at the expiration of the primary term or at any time or times thereafter, there is any well on said land or on lands with which said land or any portion thereof has been pooled, capable of producing oil or gas, and all such wells are shut-in, this lease shall, nevertheless, continue in force as though operations were being conducted on said land for so long as said wells are shut-in, and thereafter this lease may be continued in force as if no shut-in had occurred. Lessee covenants and agrees to use reasonable diligence to produce, utilize, or market the minerals capable of being produced from said wells, but in the exercise of such diligence, lessee shall not be obligated to install or furnish facilities other than well facilities and ordinary lease facilities of flow lines, separator, and lease tank, and shall not be required to settle labor trouble or to market gas upon terms unacceptable to lessee. If, at any time or times after the expiration of the primary term, all such wells are shut-in for a period of ninety consecutive days, and during such time there are no operations on said land, then at or before the expiration of said ninety day period, lessee shall pay or tender, by check or draft of lessee, as royalty, a sum equal to one dollar ($1.00) for each acre of land then covered hereby. Lessee shall make like payments or tenders at or before the end of each anniversary of the expiration of said ninety day period if upon such anniversary this lease is being continued in force solely by reason of the provisions of this paragraph. Each such payment or tender shall be made to the parties who at the time of payment would be entitled to receive the royalties which would be paid under this lease if the wells were producing, and may be deposited at the Lessor's address given above or its successors, which shall continue as the depositories, regardless of changes in the ownership of shut-in royalty. If at any time that lessee pays or tenders shut-in royalty, two or more parties are, or claim to be, entitled to receive same, lessee may, in lieu of any other method of payment herein provided, pay or tender shut-in royalty, in the manner above specified, either jointly to such parties or separately to each in accordance with their respective ownerships thereof, as lessee may elect. Any payment hereunder may be made by check or draft of lessee deposited in the mail or delivered to the party entitled to receive payment or to a depository bank provided for above on or before the last date for payment. Nothing herein shall impair lessee's right to release as provided in paragraph 5 hereof. In the event of assignment of this lease in whole or in part, liability for payment hereunder shall rest exclusively on the then owners of this lease, severally as to acreage owned by each.

4. Lessee shall have the right but not the obligation to pool all or any part of the leased premises or interest therein with any other lands or interests, as to any or all depths or zones, and as to any or all substances covered by this lease, either before or after the commencement of production, whenever Lessee deems it necessary or proper to do so in order to prudently develop or operate the leased premises, whether or not similar pooling authority exists with respect to such other lands or interests. The unit formed by such pooling for an oil well which is not a horizontal completion shall not exceed 80 acres plus a maximum acreage tolerance of 10%, and for a gas well or a horizontal completion shall not exceed 640 acres plus a maximum acreage tolerance of 10%; provided that a larger unit may be formed for an oil well or gas well or horizontal completion to conform to any well spacing or density pattern that may be prescribed or permitted by any governmental authority having jurisdiction to do so. For the purpose of the foregoing, the terms 'oil well' and 'gas well' shall have the meanings prescribed by applicable law or the appropriate governmental authority, or, if no definition is so prescribed, 'oil well' means a well with an initial gas-oil ratio of less than 100,000 cubic feet per barrel and 'gas well' means a well with an initial gas-oil ratio of 100,000 cubic feet or more per barrel, based on a 24-hour production test conducted under normal producing conditions using standard lease separator facilities or equivalent testing equipment; and the term 'horizontal completion' means an oil well in which the horizontal component of the gross completion interval in the reservoir exceeds the vertical component thereof. In exercising its pooling rights hereunder, Lessee shall file of record a written declaration describing the unit and stating the effective date of pooling. Production, drilling or reworking operations anywhere on a unit which includes all or any part of the leased premises shall be treated as if it were production, drilling or reworking operations on the leased premises, except that the production on which Lessor's royalty is calculated shall be that proportion of the total unit production which the net acreage covered by this lease and included in the unit bears to the total gross acreage in the unit, but only to the extent such proportion of unit production is sold by Lessee. Pooling in one or more instances shall not exhaust Lessees pooling rights hereunder, and Lessee shall have the recurring right but not the obligation to revise any unit formed hereunder by expansion or contraction or both, either before or after commencement of production, in order to conform to the well spacing or density pattern prescribed or permitted by the governmental authority having jurisdiction, or to conform to any productive acreage determination made by such governmental authority. In making such a revision, Lessee shall file of record a written declaration describing the revised unit and stating the effective date of revision. To the extent any portion of the leased premises is included in or excluded from the unit by virtue of such revision, the proportion of unit production on which royalties are payable hereunder shall thereafter be adjusted accordingly. In the absence of production in paying quantities from a unit, or upon permanent cessation thereof, Lessee may terminate the unit by filing of record a written declaration describing the unit and stating the date of termination. Pooling hereunder shall not constitute a cross-conveyance of interests.

5. If at the expiration of the primary term, oil, gas, or other mineral is not being produced on said land, or from the land pooled therewith, but Lessee is then engaged in drilling or reworking operations thereon, or shall have completed a dry hole thereon within 60 days prior to the end of the primary term, the lease shall remain in force so long as operations on said well or for drilling or reworking of any additional well are prosecuted with no cessation of more than 60 consecutive days, and if they result in the production of oil, gas or other mineral, so long thereafter as oil, gas, or other mineral is produced from said land, or from land pooled therewith. If, after the expiration of the primary term of this lease and after oil, gas, or other mineral is produced from said land, or from land pooled therewith, the production thereof should cease from any cause, this lease shall not terminate if Lessee commences operations for drilling or reworking within 60 days after the cessation of such production, but shall remain in force and effect so long as such operations are prosecuted with no cessation of more than 60 consecutive days, and if they result in the production of oil, gas, or other mineral, so long thereafter as oil, gas, or other mineral is produced from said land, or from land pooled therewith. Any pooled unit designated by Lessee in accordance with the terms hereof, may be dissolved by Lessee by instrument filed for record in the appropriate records of the county in which the leased premises are situated at any time after the completion of a dry hole or the cessation of production on said unit. In the event a well or wells producing oil or gas in paying quantities should be brought in on adjacent land and within 330 feet of and draining the leased premises, or land pooled therewith, Lessee agrees to drill such offset well or wells as a reasonably prudent operator would drill under the same or similar circumstances. Lessee may at any time execute and deliver to Lessor or place of record a release or releases covering any portion or portions of the above described premises and thereby surrender this lease as to such portion or portions and be relieved of all obligations as to the acreage surrendered.

30

6. Lessee shall have the right at any time during or after the expiration of this lease to remove all property and fixtures placed by Lessee on said land, including the right to draw and remove all casing. When required by Lessor, Lessee will bury all pipe lines below ordinary plow depth, and no well shall be drilled within two hundred (200) feet of any residence or barn now on said land without Lessor's consent.

7. The rights of either party hereunder may be assigned in whole or in part, and the provisions hereof shall extend to their heirs, successors and assigns; but no change or division in ownership of the land, or royalties, however accomplished, shall operate to enlarge the obligations or diminish the rights of Lessee; and no change or division in such ownership shall be binding on Lessee until thirty (30) days after Lessee shall have been furnished by registered U.S. mail at Lessee's principal place of business with a certified copy of recorded instrument or instruments evidencing same. In the event of assignment hereof in whole or in part, liability for breach of any obligation hereunder shall rest exclusively upon the owner of this lease or of a portion thereof who commits such breach. If six or more parties become entitled to royalty hereunder, Lessee may withhold payment thereof unless and until furnished with a recordable instrument executed by all such parties designating an agent to receive payment for all.

8. The breach by Lessee of any obligation arising hereunder shall not work a forfeiture or termination of this lease nor cause a termination or reversion of the estate created hereby nor be grounds for cancellation hereof in whole or in part. No obligation reasonably to develop the leased premises shall arise during the primary term. Should oil, gas or other mineral in paying quantities be discovered on said premises, then after the expiration of the primary term, Lessee shall develop the acreage retained hereunder as a reasonably prudent operator, but in discharging this obligation it shall in no event be required to drill more than one well per forty (40) acres of the area retained hereunder and capable of producing oil in paying quantities and one well per 640 acres plus an acreage tolerance not to exceed 10% of 640 acres of the area retained hereunder and capable of producing gas or other mineral in paying quantities. If after the expiration of the primary term, Lessor considers that operations are not at any time being conducted in compliance with this lease, Lessor shall notify Lessee in writing of the facts relied upon as constituting a breach hereof, and Lessee, if in default, shall have sixty days after receipt of such notice in which to commence the compliance with the obligations imposed by virtue of this instrument.

9. Lessor hereby warrants and agrees to defend the title to said land and agrees that Lessee at its option may discharge any tax, mortgage or other lien upon said land, either in whole or in part, and in event Lessee does so, it shall be subrogated to such lien with right to enforce same and apply royalties accruing hereunder toward satisfying same. Without impairment of Lessee's rights under the warranty in event of failure of title, it is agreed that if this lease covers a less interest in the oil, gas, sulphur, or other minerals in all or any part of said land than the entire and undivided fee simple estate (whether Lessor's interest is herein specified or not), or no interest therein, then the royalties, and other monies accruing from any part as to which this lease covers less than such full interest, shall be paid only in the proportion which the interest therein, if any, covered by this lease, bears to the whole and undivided fee simple estate therein. All royalty interest covered by this lease (whether or not owned by Lessor) shall be paid out of the royalty herein provided. Should any one or more of the parties named above as Lessors fail to execute this lease, it shall nevertheless be binding upon the party or parties executing the same.

10. Should Lessee be prevented from complying with any express or implied covenant of this lease, from conducting drilling or reworking operations thereon or from producing any oil, gas or other minerals therefrom by reason of scarcity of or inability to obtain or to use equipment or material, or by operation of force majeure, and Federal or State law or any order, rule or regulation of governmental authority, then while so prevented, Lessee's obligation to comply with such covenant shall be suspended, and Lessee shall not be liable in damages for failure to comply therewith; and this lease shall be extended while and so long as Lessee is prevented by any such cause from conducting drilling or reworking operations on or from producing oil or gas from the lease premises; and the time while Lessee is so prevented shall not be counted against Lessee, anything in this lease to the contrary notwithstanding.

11. Notwithstanding anything contained herein to the contrary, Lessee does not by virtue of this lease acquire any rights whatsoever to conduct any operations on the surface of the lease premises without first obtaining the prior written consent of Lessor, however, Lessee may recover oil, gas and associated hydrocarbons from the lease premises by directional or horizontal drilling, pooling, unitization or any other method provided in this lease.

12. Notwithstanding anything herein contained to the contrary, if at the expiration of the primary term of this lease this lease has not been, or it is not being extended pursuant to any of its provisions, then Lessee, its successors or assigns shall have the option to extend the primary term of this lease, as to all or any portion of the lands covered hereby, for an additional two (2) year(s) by paying or tendering to Lessor by check the sum of **$1,000.00** multiplied by the net mineral acres subject to this lease. Said payment or tender shall be made on or before the expiration date of the initial primary term and shall be considered to include the prepaid delay rental. If Lessee extends this lease as herein provided, it shall be considered that the primary term is five (5) years.

IN WITNESS WHEREOF, this instrument is executed on the date first above written.

1. Lessor in consideration of Ten and No/100--------Dollars ($10.00), in hand paid, of the royalties herein provided, and of the agreements of Lessee herein contained, hereby grants, leases and lets exclusively unto Lessee for the purpose of investigating, exploring, prospecting, drilling and mining for and producing oil, gas and all other minerals, conducting exploration, geologic and geophysical surveys by seismograph, core test, gravity and magnetic methods, injecting gas, water and other fluids, and air into subsurface strata, laying pipe lines, building roads, tanks, power stations, telephone lines and other structures thereon and on, over and across lands owned or claimed by Lessor adjacent and contiguous thereto, to produce, save, take care of, treat, transport and own said products, and housing its employees, the following described land in Tarrant County, Texas, to-wit:

.144 acres of land, more or less, out of the S. H. Loving Survey, Abstract 943, Tarrant County, Texas, being more particulary described by metes and bounds in that certain deed dated August 4, 1993, from DOJO Corporation, as grantor, to Georges M. Papillard, as grantee, recorded in Volume 11259, Page 2357, of the Deed Records of Tarrant County, Texas.

This lease also covers and includes all land owned or claimed by Lessor adjacent or contiguous to the land particularly described above, whether the same be in said survey or surveys or in adjacent surveys, although not included within the boundaries of the land particularly described above.

2. This is a paid up lease and subject to the other provisions herein contained, this lease shall be for a term of Five (5) years from this date (called "primary term") and as long thereafter as oil, gas or other mineral is produced from said land or land with which said land is pooled hereunder.

3. As royalty, lessee covenants and agrees: (a) To deliver to the credit of lessor, in the pipelines to which lessee may connect its wells, the equal one-fifth (1/5) part of all oil produced and saved by lessee from said land, or from time to time, at the option of lessee, to pay lessor the average posted market price of such one-fifth (1/5) part of such oil at the wells as of the day it is run to the pipe line or storage tanks, lessor's interest, in either case, to bear one-fifth (1/5) of the cost of treating oil to render it marketable pipeline oil; (b) to pay lessor for gas and casinghead gas produced from said land (1) when sold by lessee one-fifth (1/5) of the amount realized by lessee, computed at the mouth of the well, or (2) when used by lessee off said land or in the manufacture of gasoline or other products one-fifth (1/5) of the amount realized from the sale of gasoline or other products extracted therefrom and one-fifth (1/5) of the amount realized from the sale of residue gas after deducting the amount used for plant fuel and/or compression; (c) To pay lessor on all other minerals mined and marketed or utilized by lessee from said land, one-tenth either in kind or value at the well or mine at lessee's election, except that on sulphur mined and marketed the royalty shall be one dollar ($1.00) per long ton. If, at the expiration of the primary term or at any time or times thereafter, there is any well on said land or on lands with which said land or any portion thereof has been pooled, capable of producing oil or gas, and all such wells are shut-in, this lease shall, nevertheless, continue in force as though operations were being conducted on said land for so long as said wells are shut-in, and thereafter this lease may be continued in force as if no shut-in had occurred. Lessee covenants and agrees to use reasonable diligence to produce, utilize, or market the minerals capable of being produced from said wells, but in the exercise of such diligence, lessee shall not be obligated to install or furnish facilities other than well facilities and ordinary lease facilities of flow lines, separator, and lease tank, and shall not be required to settle labor trouble or to market gas upon terms unacceptable to lessee. If, at any time or times after the expiration of the primary term, all such wells are shut-in for a period of ninety consecutive days, and during such time there are no operations on said land, then at or before the expiration of said ninety day period, lessee shall pay or tender, by check or draft of lessee, as royalty, a sum equal to one dollar ($1.00) for each acre of land then covered hereby. Lessee shall make like payments or tenders at or before the end of each anniversary of the expiration of said ninety day period if upon such anniversary this lease is being continued in force solely by reason of the provisions of this paragraph. Each such payment or tender shall be made to the parties who at the time of payment would be entitled to receive the royalties which would be paid under this lease if the wells were producing, and may be deposited in the Bank at or its successors, which shall continue as the depositories, regardless of changes in the ownership of shut-in royalty. If at any time that lessee pays or tenders shut-in royalty, two or more parties are, or claim to be, entitled to receive same, lessee may, in lieu of any other method of payment herein provided, pay or tender shut-in royalty, in the manner above specified, either jointly to such parties or separately to each in accordance with their respective ownerships thereof, as lessee may elect. Any payment hereunder may be made by check or draft of lessee deposited in the mail or delivered to the party entitled to receive payment or to a depository bank provided for above on or before the last date for payment. Nothing herein shall impair lessee's right to release as provided in paragraph 5 hereof. In the event of assignment of this lease in whole or in part, liability for payment hereunder shall rest exclusively on the then owners of this lease, severally as to acreage owned by each.

4. Lessee shall have the right but not the obligation to pool all or any part of the leased premises or interest therein with any other lands or interests, as to any or all depths or zones, and as to any or all substances covered by this lease, either before or after the commencement of production, whenever Lessee deems it necessary or proper to do so in order to prudently develop or operate the leased premises, whether or not similar pooling authority exists with respect to such other lands or interests. The unit formed by such pooling for an oil well which is not a horizontal completion shall not exceed 80 acres plus a maximum acreage tolerance of 10%, and for a gas well or a horizontal completion shall not exceed 640 acres plus a maximum acreage tolerance of 10%; provided that a larger unit may be formed for an oil well or gas well or horizontal completion to conform to any well spacing or density pattern that may be prescribed or permitted by any governmental authority having jurisdiction to do so. For the purpose of the foregoing, the terms 'oil well' and 'gas well' shall have the meanings prescribed by applicable law or the appropriate governmental authority, or, if no definition is so prescribed, 'oil well' means a well with an initial gas-oil ratio of less than 100,000 cubic feet per barrel and 'gas well' means a well with an initial gas-oil ratio of 100,000 cubic feet or more per barrel, based on a 24-hour production test conducted under normal producing conditions using standard lease separator facilities or equivalent testing equipment; and the term 'horizontal completion' means an oil or gas well in which the horizontal component of the gross completion interval in the reservoir exceeds the vertical component thereof. In exercising its pooling rights hereunder, Lessee shall file of record a written declaration describing the unit and stating the effective date of pooling. Production, drilling or reworking operations anywhere on a unit which includes all or any part of the leased premises shall be treated as if it were production, drilling or reworking operations on the leased premises, except that the production on which Lessor's royalty is calculated shall be that proportion of the total unit production which the net acreage covered by this lease and included in the unit bears to the total gross acreage in the unit, but only to the extent such proportion of unit production is sold by Lessee. Pooling in one or more instances shall not exhaust Lessees pooling rights hereunder, and Lessee shall have the recurring right but not the obligation to revise any unit formed hereunder by expansion or contraction or both, either before or after commencement of production, in order to conform to the well spacing or density pattern prescribed or permitted by the governmental authority having jurisdiction, or to conform to any productive acreage determination made by such governmental authority. In making such a revision, Lessee shall file of record a written declaration describing the revised unit and stating the effective date of revision. To the extent any portion of the leased premises is included in or excluded from the unit by virtue of such revision, the proportion of unit production on which royalties are payable hereunder shall thereafter be adjusted accordingly. In the absence of production in paying quantities from a unit, or upon permanent cessation thereof, Lessee may terminate the unit by filing of record a written declaration describing the unit and stating the date of termination. Pooling hereunder shall not constitute a cross-conveyance of interests.

5. If at the expiration of the primary term, oil, gas, or other mineral is not being produced on said land, or from the land pooled therewith, but Lessee is then engaged in drilling or reworking operations thereon, or shall have completed a dry hole thereon within 60 days prior to the end of the primary term, the lease shall remain in force so long as operations on said well or for drilling or reworking of any additional well are prosecuted with no cessation of more than 60 consecutive days, and if they result in the production of oil, gas or other mineral, so long thereafter as oil, gas, or other mineral is produced from said land, or from land pooled therewith. If, after the expiration of the primary term of this lease and after oil, gas, or other mineral is produced from said land, or from land pooled therewith, the production thereof should cease from any cause, this lease shall not terminate if Lessee commences operations for drilling or reworking within 60 days after the cessation of such production, but shall remain in force and effect so long as such operations are prosecuted with no cessation of more than 60 consecutive days, and if they result in the production of oil, gas, or other mineral, so long thereafter as oil, gas, or other mineral is produced from said land, or from land pooled therewith. Any pooled unit designated by Lessee in accordance with the terms hereof, may be dissolved by Lessee by instrument filed for record in the appropriate records of the county in which the leased premises are situated at any time after the completion of a dry hole or the cessation of production on said unit. In the event a well or wells producing oil or gas in paying quantities should be brought

31

in on adjacent land and within [redacted]et of and draining the leased premises, or land pooled therewith, Lessee [redacted]o drill such offset well or wells as a reasonably prudent operator would [redacted]l under the same or similar circumstances. Lessee may at any time execute [redacted] deliver to Lessor or place of record a release or releases covering any portion or portions of the above described premises and thereby surrender this lease as to such portion or portions and be relieved of all obligations as to the acreage surrendered.

6. Lessee shall have the right at any time during or after the expiration of this lease to remove all property and fixtures placed by Lessee on said land, including the right to draw and remove all casing. When required by Lessor, Lessee will bury all pipe lines below ordinary plow depth, and no well shall be drilled within two hundred (200) feet of any residence or barn now on said land without Lessor's consent.

7. The rights of either party hereunder may be assigned in whole or in part, and the provisions hereof shall extend to their heirs, successors and assigns; but no change or division in ownership of the land, or royalties, however accomplished, shall operate to enlarge the obligations or diminish the rights of Lessee, and no change or division in such ownership shall be binding on Lessee until thirty (30) days after Lessee shall have been furnished by registered U.S. mail at Lessee's principal place of business with a certified copy of recorded instrument or instruments evidencing same. In the event of assignment hereof in whole or in part, liability for breach of any obligation hereunder shall rest exclusively upon the owner of this lease or of a portion thereof who commits such breach. If six or more parties become entitled to royalty hereunder, Lessee may withhold payment thereof unless and until furnished with a recordable instrument executed by all such parties designating an agent to receive payment for all.

8. The breach by Lessee of any obligation arising hereunder shall not work a forfeiture or termination of this lease nor cause a termination or reversion of the estate created hereby nor be grounds for cancellation hereof in whole or in part. No obligation reasonably to develop the leased premises shall arise during the primary term. Should oil, gas or other mineral in paying quantities be discovered on said premises, then after the expiration of the primary term, Lessee shall develop the acreage retained hereunder as a reasonably prudent operator, but in discharging this obligation it shall in no event be required to drill more than one well per forty (40) acres of the area retained hereunder and capable of producing oil in paying quantities and one well per 640 acres plus an acreage tolerance not to exceed 10% of 640 acres of the area retained hereunder and capable of producing gas or other mineral in paying quantities. If after the expiration of the primary term, Lessor considers that operations are not at any time being conducted in compliance with this lease, Lessor shall notify Lessee in writing of the facts relied upon as constituting a breach hereof, and Lessee, if in default, shall have sixty days after receipt of such notice in which to commence the compliance with the obligations imposed by virtue of this instrument.

9. Lessor hereby warrants and agrees to defend the title to said land and agrees that Lessee at its option may discharge any tax, mortgage or other lien upon said land, either in whole or in part, and in event Lessee does so, it shall be subrogated to such lien with right to enforce same and apply royalties accruing hereunder toward satisfying same. Without impairment of Lessee's rights under the warranty in event of failure of title, it is agreed that if this lease covers a less interest in the oil, gas, sulphur, or other minerals in all or any part of said land than the entire and undivided fee simple estate (whether Lessor's interest is herein specified or not), or no interest therein, then the royalties, and other monies accruing from any part as to which this lease covers less than such full interest, shall be paid only in the proportion which the interest therein, if any, covered by this lease, bears to the whole and undivided fee simple estate therein. All royalty interest covered by this lease (whether or not owned by Lessor) shall be paid out of the royalty herein provided. Should any one or more of the parties named above as Lessors fail to execute this lease, it shall nevertheless be binding upon the party or parties executing the same.

10. Should Lessee be prevented from complying with any express or implied covenant of this lease, from conducting drilling or reworking operations thereon or from producing any oil, gas or other minerals therefrom by reason of scarcity of or inability to obtain or to use equipment or material, or by operation of force majeure, and Federal or state law or any order, rule or regulation of governmental authority, then while so prevented, Lessee's obligation to comply with such covenant shall be suspended, and Lessee shall not be liable in damages for failure to comply therewith; and this lease shall be extended while and so long as Lessee is prevented by any such cause from conducting drilling or reworking operations on or from producing oil or gas from the lease premises; and the time while Lessee is so prevented shall not be counted against Lessee, anything in this lease to the contrary notwithstanding.

11. For the same consideration recited above, Lessor hereby grants, assigns and conveys unto Lessee, its successors and assigns, a perpetual subsurface easement under and through the leased premises for the placement of well bores (along routes selected by Lessee) from oil or gas wells the surface locations of which are situated on other tracts of land and which are not intended to develop the leased premises or lands pooled therewith and from which Lessor shall have no right to royalty or other benefit. Such subsurface easements shall run with the land and survive any termination of this lease.

12. Notwithstanding anything contained herein to the contrary, Lessee does not by virtue of this lease acquire any rights whatsoever to conduct any operations on the surface of the lease premises without first obtaining the prior written consent of Lessor, however, Lessee may recover oil, gas and associated hydrocarbons from the lease premises by directional or horizontal drilling, pooling, unitization or any other method provided in this lease.

IN WITNESS WHEREOF, this instrument is executed on the date first above written.

OIL, GAS AND MINERAL LEASE

THIS AGREEMENT made this 7th day of October, 2005, between Michael J. Pastusek and wife, Stephanie Pastusek, as Lessor (whether one or more), whose address 2724 Forest Ave., Fort Worth, Texas 76112, and Dale Resources, L.L.C., 2100 Ross Avenue, Suite 1870, LB-9, Dallas, TX 75201, Lessee, WITNESSETH:

1. Lessor, for consideration of Ten and No/100----------Dollars ($10.00), in hand paid, of the royalties herein provided, and of the agreements of Lessee herein contained, hereby grants, leases and lets exclusively unto Lessee for the purpose of investigating, exploring, prospecting, drilling and mining for and producing oil, gas and all other minerals, conducting exploration, geologic and geophysical surveys by seismograph, core test, gravity and magnetic methods, injecting gas, water and other fluids, and air into subsurface strata, laying pipe lines, building roads, tanks, power stations, telephone lines and other structures thereon and on, over and across lands owned or claimed by Lessor adjacent and contiguous thereto, to produce, save, take care of, treat, transport and own said products, and housing its employees, the following described land in **Tarrant County, Texas**, to-wit:

12.34 acres of land, more or less, being Lot 1, Block A, of the Riverside Plaza Addition, an addition to the City of Fort Worth, Tarrant County, Texas, being more particularly described by metes and bounds in that certain deed dated December 27, 2000 from Pastusek Industries, Inc. as Grantor to Michael J. Pastusek as Grantee, recorded in Volume 14664, Page 173, of the Deed Records of Tarrant County, Texas.

This lease also covers and includes all land owned or claimed by Lessor adjacent or contiguous to the land particularly described above, whether the same be in said survey or surveys or in adjacent surveys, although not included within the boundaries of the land particularly described above.

2. This is a paid up lease and subject to the other provisions herein contained, this lease shall be for a term of **three (3) years from the effective date hereof **** (called "primary term") and as long thereafter as oil, gas or other mineral is produced from said land or land with which said land is pooled hereunder.

3. As royalty, lessee covenants and agrees: (a) To deliver to the credit of lessor, in the pipelines to which lessee may connect its wells, the equal **twenty-two percent (22%)** part of all oil produced and saved by lessee from said land (b) to pay lessor for gas and casinghead gas produced from said land (1) when sold by lessee, twenty-two percent (22%) of the amount realized by lessee, computed at the mouth of the well, or (2) when used by lessee off said land or in the manufacture of gasoline or other products, **twenty-two percent (22%)** of the amount realized from the sale of gasoline or other products extracted therefrom and **twenty-two percent (22%)** of the amount realized from the sale of residue gas after deducting the amount used for plant fuel and/or compression; (c) To pay lessor on all other minerals mined and marketed or utilized by lessee from said land, **twenty-two percent (22%)** either in kind or value at the well or mine at lessee's election, except that on sulphur mined and marketed the royalty shall be one dollar ($1.00) per long ton. If, at the expiration of the primary term or at any time or times thereafter, there is any well on said land or on lands with which said land or any portion thereof has been pooled, capable of producing oil or gas, and all such wells are shut-in, this lease shall, nevertheless, continue in force as though operations were being conducted on said land for so long as said wells are shut-in, and thereafter this lease may be continued in force as if no shut-in had occurred. Lessee covenants and agrees to use reasonable diligence to produce, utilize, or market the minerals capable of being produced from said wells, but in the exercise of such diligence, lessee shall not be obligated to install or furnish facilities other than well facilities and ordinary lease facilities of flow lines, separator, and lease tank, and shall not be required to settle labor trouble or to market gas upon terms unacceptable to lessee. If, at any time or times after the expiration of the primary term, all such wells are shut-in for a period of ninety consecutive days, and during such time there are no operations on said land, then at or before the expiration of said ninety day period, lessee shall pay or tender, by check or draft of lessee, as royalty, a sum equal to one dollar ($1.00) for each acre of land then covered hereby. Lessee shall make like payments or tenders at or before the end of each anniversary of the expiration of said ninety day period if upon such anniversary this lease is being continued in force solely by reason of the provisions of this paragraph. Each such payment or tender shall be made to the parties who at the time of payment would be entitled to receive the royalties which would be paid under this lease if the wells were producing, and may be deposited in Bank at Lessor's address given above or its successors, which shall continue as the depositories, regardless of changes in the ownership of shut-in royalty. If at any time that lessee pays or tenders shut-in royalty, two or more parties are, or claim to be, entitled to receive same, lessee may, in lieu of any other method of payment herein provided, pay or tender shut-in royalty, in the manner above specified, either jointly to such parties or separately to each in accordance with their respective ownerships thereof, as lessee may elect. Any payment hereunder may be made by check or draft of lessee deposited in the mail or delivered to the party entitled to receive payment or to a depository bank provided for above on or before the last date for payment. Nothing herein shall impair lessee's right to release as provided in paragraph 5 hereof. In the event of assignment of this lease in whole or in part, liability for payment hereunder shall rest exclusively on the then owners of this lease, severally as to acreage owned by each.

4. Lessee shall have the right but not the obligation to pool all or any part of the leased premises or interest therein with any other lands or interests, as to any or all depths or zones, and as to any or all substances covered by this lease, either before or after the commencement of production, whenever Lessee deems it necessary or proper to do so in order to prudently develop or operate the leased premises, whether or not similar pooling authority exists with respect to such other lands or interests. The unit formed by such pooling for an oil well which is not a horizontal completion shall not exceed 80 acres plus a maximum acreage tolerance of 10%, and for a gas well or a horizontal completion shall not exceed 640 acres plus a maximum acreage tolerance of 10%; provided that a larger unit may be formed for an oil well or gas well or horizontal completion to conform to any well spacing or density pattern that may be prescribed or permitted by any governmental authority having jurisdiction to do so. For the purpose of the foregoing, the terms 'oil well' and 'gas well' shall have the meanings prescribed by applicable law or the appropriate governmental authority, or, if no definition is so prescribed, 'oil well' means a well with an initial gas-oil ratio of less than 100,000 cubic feet per barrel and 'gas well' means a well with an initial gas-oil ratio of 100,000 cubic feet or more per barrel, based on a 24-hour production test conducted under normal producing conditions using standard lease separator facilities or equivalent testing equipment; and the term 'horizontal completion' means an oil well in which the horizontal component of the gross completion interval in the reservoir exceeds the vertical component thereof. In exercising its pooling rights hereunder, Lessee shall file of record a written declaration describing the unit and stating the effective date of pooling. Production, drilling or reworking operations anywhere on a unit which includes all or any part of the leased premises shall be treated as if it were production, drilling or reworking operations on the leased premises, except that the production on which Lessor's royalty is calculated shall be that proportion of the total unit production which the net acreage covered by this lease and included in the unit bears to the total gross acreage in the unit, but only to the extent such proportion of unit production is sold by Lessee. Pooling in one or more instances shall not exhaust Lessees pooling rights hereunder, and Lessee shall have the recurring right but not the obligation to revise any unit formed hereunder by expansion or contraction or both, either before or after commencement of production, in order to conform to the well spacing or density pattern prescribed or permitted by the governmental authority having jurisdiction, or to conform to any productive acreage determination made by such governmental authority. In making such a revision, Lessee shall file of record a written declaration describing the revised unit and stating the effective date of revision. To the extent any portion of the leased premises is included in or excluded from the unit by virtue of such revision, the proportion of unit production on which royalties are payable hereunder shall thereafter be adjusted accordingly. In the absence of production in paying quantities from a unit, or upon permanent cessation thereof, Lessee may terminate the unit by filing of record a written declaration describing the unit and stating the date of termination. Pooling hereunder shall not constitute a cross-conveyance of interests.

5. If at the expiration of the primary term, oil, gas, or other mineral is not being produced on said land, or from the land pooled therewith, but Lessee is then engaged in drilling or reworking operations thereon, or shall have completed a dry hole thereon within 60 days prior to the end of the primary term, the lease shall remain in force so long as operations on said well or for drilling or reworking of any additional well are prosecuted with no cessation of more than 60 consecutive days, and if they result in the production of oil, gas or other mineral, so long thereafter as oil, gas, or other mineral is produced from said land, or from land pooled therewith. If, after the expiration of the primary term of this lease and after oil, gas, or other mineral is produced from said land, or from land pooled therewith, the production thereof should cease from any cause, this lease shall not terminate if Lessee commences operations for drilling or reworking within 60 days after the cessation of such production, but shall remain in force and effect so long as such operations are prosecuted with no cessation of more than 60 consecutive days, and if they result in the production of oil, gas, or other mineral, so long thereafter as oil, gas, or other mineral is produced from said land, or from land pooled therewith. Any pooled unit designated by Lessee in accordance with the terms hereof, may be dissolved by Lessee by instrument filed for record in the appropriate records of the county in which the leased premises are situated at any time after the completion of a dry hole or the cessation of production on said unit. In the event a well or wells producing oil or gas in paying quantities should be brought in on adjacent land and within 330 feet of and draining the leased premises, or land pooled therewith, Lessee agrees to drill such offset well or wells as a reasonably prudent operator would drill under the same or similar circumstances. Lessee may at any time execute and deliver to Lessor or place of record a release or releases covering any portion or portions of the above described premises and thereby surrender this lease as to such portion or portions and be relieved of all obligations as to the acreage surrendered.

33

6. Lessee shall have the right at any time during or after the expiration of this lease to remove all property and fixtures placed by Lessee on said land, including the right to draw and remove all casing. When required by Lessor, Lessee will bury all pipe lines below ordinary plow depth, and no well shall be drilled within two hundred (200) feet of any residence or barn now on said land without Lessor's consent.

7. The rights of either party hereunder may be assigned in whole or in part, and the provisions hereof shall extend to their heirs, successors and assigns, but no change or division in ownership of the land, or royalties, however accomplished, shall operate to enlarge the obligations or diminish the rights of Lessee, and no change or division in such ownership shall be binding on Lessee until thirty (30) days after Lessee shall have been furnished by registered U.S. mail at Lessee's principal place of business with a certified copy of recorded instrument or instruments evidencing same. In the event of assignment hereof in whole or in part, liability for breach of any obligation hereunder shall rest exclusively upon the owner of this lease or of a portion thereof who commits such breach. If six or more parties become entitled to royalty hereunder, Lessee may withhold payment thereof unless and until furnished with a recordable instrument executed by all such parties designating an agent to receive payment for all.

8. The breach by Lessee of any obligation arising hereunder shall not work a forfeiture or termination of this lease nor cause a termination or reversion of the estate created hereby nor be grounds for cancellation hereof in whole or in part. No obligation reasonably to develop the leased premises shall arise during the primary term. Should oil, gas or other mineral in paying quantities be discovered on said premises, then after the expiration of the primary term, Lessee shall develop the acreage retained hereunder as a reasonably prudent operator, but in discharging this obligation it shall in no event be required to drill more than one well per forty (40) acres of the area retained hereunder and capable of producing oil in paying quantities and one well per 640 acres plus an acreage tolerance not to exceed 10% of 640 acres of the area retained hereunder and capable of producing gas or other mineral in paying quantities. If after the expiration of the primary term, Lessor considers that operations are not at any time being conducted in compliance with this lease, Lessor shall notify Lessee in writing of the facts relied upon as constituting a breach hereof, and Lessee, if in default, shall have sixty days after receipt of such notice in which to commence the compliance with the obligations imposed by virtue of this instrument.

9. Lessor hereby warrants and agrees to defend the title to said land and agrees that Lessee at its option may discharge any tax, mortgage or other lien upon said land, either in whole or in part, and in event Lessee does so, it shall be subrogated to such lien with right to enforce same and apply royalties accruing hereunder toward satisfying same. Without impairment of Lessee's rights under the warranty in event of failure of title, it is agreed that if this lease covers a less interest in the oil, gas, sulphur, or other minerals in all or any part of said land than the entire and undivided fee simple estate (whether Lessor's interest is herein specified or not), or no interest therein, then the royalties, and other monies accruing from any part as to which this lease covers less than such full interest, shall be paid only in the proportion which the interest therein, if any, covered by this lease, bears to the whole and undivided fee simple estate therein. All royalty interest covered by this lease (whether or not owned by Lessor) shall be paid out of the royalty herein provided. Should any one or more of the parties named above as Lessors fail to execute this lease, it shall nevertheless be binding upon the party or parties executing the same.

10. Should Lessee be prevented from complying with any express or implied covenant of this lease, from conducting drilling or reworking operations thereon or from producing any oil, gas or other minerals therefrom by reason of scarcity of or inability to obtain or to use equipment or material, or by operation of force majeure, and Federal or state law or any order, rule or regulation of governmental authority, then while so prevented, Lessee's obligation to comply with such covenant shall be suspended, and Lessee shall not be liable in damages for failure to comply therewith; and this lease shall be extended while and so long as Lessee is prevented by any such cause from conducting drilling or reworking operations on or from producing oil or gas from the lease premises; and the time while Lessee is so prevented shall not be counted against Lessee, anything in this lease to the contrary notwithstanding.

11. Notwithstanding anything herein contained to the contrary, if at the expiration of the primary term of this lease this lease has not been, or it is not being extended pursuant to any of its provisions, then Lessee, its successors or assigns shall have the option to extend the primary term of this lease, as to all or any portion of the lands covered hereby, for an additional two (2) year(s) by paying or tendering to Lessor by check the sum of $800.00 multiplied by the net mineral acres subject to this lease. Said payment or tender shall be made on or before the expiration date of the initial primary term and shall be considered to include the prepaid delay rental. If Lessee extends this lease as herein provided, it shall be considered that the primary term is five (5) years.

12. **Additional Royalty.** (A) In addition to the right to use the surface of the Lease Premises for purposes set forth in this Lease, Lessee is hereby granted the exclusive right to use the Lease Premises for the purpose of drilling directional and horizontal oil and gas wells from the surface of the Lease Premises and to drill through the subsurface in order to operate and produce such wells for production of oil, gas and associated hydrocarbons from lands other than the Lease Premises. As consideration for the rights granted in this paragraph, Lessor shall be entitled to an overriding royalty of 1% of 8/8ths of the production from each well with a surface location on the Lease Premises which overriding royalty shall be proportionately reduced based on the amount of Lease royalty participation of the Lessor in production from such well as hereinafter set forth:

(1) In the event that the well produces from lands other than the Lease Premises and no portion of the Lease Premises is included in a pooled unit from which such well produces such that Lessor receives no Lease royalty on production from the well, the Lessor will be entitled to receive 100% of the overriding royalty of 1% of 8/8ths.

(2) In the event that the well produces from a pooled unit which includes a portion of the Lease Premises such that Lessor receives lease royalty on an allocated share of production from the well, then the overriding royalty shall be proportionately reduced based on the amount of acreage from the Lease Premises included in the pooled unit. The amount of reduction shall be a fraction with the denominator being the total amount of acreage in the pooled unit and the numerator being the amount of acreage from the Lease Premises within the pooled unit. For example, if the well is producing from a pooled unit comprising a total of 160 acres, of which 10 acres is from the Lease Premises, the overriding royalty will be reduced by 10 ÷ 160 = 6.25%. Reduction of the 1.0% overriding royalty by 6.25% results in an overriding royalty of .9375%% to the Lessor.

(B) Lessee shall convey the overriding royalty set forth above to Lessor within sixty (60) days from the date of first production from each well. The overriding royalty assignment shall be limited to the production from the well and shall be shall be free and clear of all costs and expenses of production save and except applicable taxes.

(C) It is intended that the overriding royalty for surface sites provided by this paragraph shall be owned by Lessor as owner of the mineral interest covered by this Lease and in the event of severance of the mineral estate from the surface estate, the right to the overriding royalty shall remain with the owner of the mineral estate.

(D) In the event the well is a Lease well bottomed entirely on the Lease Premises such that Lessor receives the Lease royalty provided by this Lease on 100% of the production from such well without dilution, then Lessor shall receive none of the overriding royalty.

(E) Notwithstanding the expiration of the term of this Lease, the right to use of the surface granted herein shall survive for a period of five (5) years from the expiration of this Lease and as long thereafter as there is production, or drilling or reworking operations on any well surfaced on the Lease Premises with no cessation of more than 120 consecutive days. It is not the intent of Lessor or Lessee that any provision herein violate any applicable law regarding the rule against perpetuities, the suspension of the absolute power of alienation, or other rules regarding the vesting or duration of estates, and Lessor's right to future assignments of an overriding royalty shall be construed as not violating such rule to the extent the same can be so construed consistent with the intent of the parties. In the event, however, that any provision hereof is determined to violate such rule, then such provision shall nevertheless be effective for the maximum period (but not longer than the maximum period) permitted by such rule that will result in no violation. To the extent such maximum period is permitted to be determined by reference to "lives in being", Lessor and Lessee agree that "lives in being" shall refer to the lifetime of the last to die of the now living lineal descendants of the late Senator Prescott Bush (maternal grandfather of the current President).

13. ** The effective date of this lease shall be the day that certain "Commercial Contract-Improved Property" dated September 9, 2005, by and between Michael J. Pastusek and Dale Resources, L.L.C., for the purchase of the lands described in such contract, being the same lands described hereinabove, is consummated at closing, but in no event later than November 30, 2005. Should the sale of said lands fail to close on or before 12:00 pm on November 30, 2005, this lease shall be null and void.

IN WITNESS WHEREOF, this instrument is executed on the date first above written.

Revised 8/06

The State of Texas

Austin, Texas

PAID-UP
OIL AND GAS LEASE NO. (109332)
GENERAL LAND OFFICE
AUSTIN, TEXAS

THIS AGREEMENT made and entered into by and between the Commissioner of the General Land Office of the State of Texas, whose address is Stephen F. Austin Building, 1700 North Congress, Austin, Texas, 78701, hereinafter called "Lessor", hereunto authorized by the School Land Board, pursuant to the provisions of Chapters 32 and 52 of the Natural Resources Code (hereinafter called N.R.C.), and amendments thereto, and all applicable rules promulgated by the School Land Board and **Dale Property Services, LLC** , whose address is **3000 East Alta Mesa Blvd., Suite 300, Ft. Worth, TX 76133** hereinafter called "Lessee".

1. Lessor, in consideration of **Two Hundred Eighty Nine Thousand Five Hundred 00/100 ($289,500.00)** receipt of which is hereby acknowledged, and of the covenants and agreements of Lessee hereinafter contained, does hereby grant, lease, and let unto Lessee the land covered hereby for the purposes and with the exclusive right of exploring, drilling, mining and operating for, producing and owning oil, gas, and all other hydrocarbons, produced from the land covered hereby. The land covered hereby, herein called "said land" is located in the County of **Tarrant** State of Texas, and is described as follows:

> **19.3 acres** of land, more or less, known as, situated in said **Tarrant** County, Texas, more particularly described in Exhibit "A" attached hereto and made a part hereof together with a plat, attached hereto as Exhibit "B", depicting said right-of-way and surrounding area for purposes of illustration only.

For the purpose of determining the amount of any bonus or other payment hereunder, said land shall be deemed to contain **19.3** acres, whether actually containing more or less, and the above recital of acreage shall be deemed to be the true acreage thereof. Lessor accepts the bonus as lump sum consideration for this lease and all rights and options hereunder.

2. PRIMARY TERM: This lease, which is a "paid up" lease requiring no rentals, shall remain in force for a term of **one year, from August 19th, 2008** hereinafter called "primary term", and as long thereafter as operations, as hereinafter defined, are conducted upon said land with no cessation for more than ninety (90) consecutive days.

3. ROYALTIES: As royalty Lessee covenants and agrees:

(a) To deliver to the credit of Lessor, in the pipe line to which Lessee may connect its well, the equal **26%** part of all oil produced and saved by Lessee from said land, or from time to time, at the option of Lessee, to pay Lessor the average posted market price of such **26%** part of such oil at the wells as of the day it is run to the pipe line or storage tanks, Lessor's interest, in either case, to bear none of the cost of treating oil to render it marketable pipe line oil;

(b) To pay Lessor on gas and casing head gas produced from said land (1) when sold by lessee **26%** of the amount realized by Lessee, computed at the mouth of the well, or (2) when used by Lessee off said land or in the manufacture of gasoline or other products, the market value, at the mouth of the well, of **26%** of such gas and casing head gas.

(c) If, at the expiration of the primary term or at any time or times thereafter, there is any well on said land or on lands with which said land or any portion thereof has been pooled, capable of producing oil or gas, and all such wells are shut-in, this lease shall, nevertheless, continue in force as though operations were being conducted on said land for so long as said wells are shut-in, and thereafter this lease may be continued in force as if no shut-in had occurred

(d) Lessee covenants and agrees to use reasonable diligence to produce, utilize, or market the minerals capable of being produced from said wells, but in the exercise of such diligence, Lessee shall not be obligated to install or furnish facilities other than well facilities and ordinary lease facilities of flow lines, separator, and lease tank, and shall not be required to settle labor trouble or to market gas upon terms unacceptable to Lessee.

(e) If at any time or times after the expiration of the primary term, all such wells are shut-in for a period of ninety consecutive days, and during such time there are no operations on said land, then at or before the expiration of said ninety day period, lessee shall pay or tender, by check of lessee, as royalty, the sum of **$ 5,000.00**. Lessee shall make like payments or tenders at or before the end of each anniversary of the expiration of said ninety day period if upon such anniversary this lease is being continued in force solely by reason of the provisions of this paragraph. Each such payment or tender shall be made to the parties who at the time of payment would be entitled to receive the royalties which would be paid under this lease if the wells were producing. Nothing herein shall impair lessee's right to release as provided in paragraph 5 hereof. In the event of assignment of this lease in whole or in part, liability for payment hereunder shall rest exclusively on the then owner or owners of this lease, severally as to acreage owned by each.

(f) All royalties not taken in kind shall be paid to the Commissioner of the General Land Office at Austin, Texas, in the following manner:

Royalty on oil is due and must be received in the General Land Office on or before the 5th day of the second month succeeding the month of production, and royalty on gas is due and must be received in the General Land Office on or before the 15th day of the second month succeeding the month of production, accompanied by the affidavit of the owner, manager, or other authorized agent, completed in the form and manner prescribed by the General Land Office and showing the gross amount and disposition of all oil and gas produced and the market value of the oil and gas, together with a copy of all documents, records or reports confirming the gross production, disposition and market value including gas meter readings, pipeline receipts, gas line receipts and other checks or memoranda of amount produced and put into pipelines, tanks, or pools and gas lines or gas storage, and any other reports or records which the General Land Office may require to verify the gross production, disposition and market value. In all cases the authority of a manager or agent to act for the Lessee herein must be filed in the General Land Office. Each royalty payment shall be accompanied by a check stub, schedule, summary or other remittance advice showing by the assigned General Land Office lease number the amount of royalty being paid on each lease. If Lessee pays his royalty on or before thirty (30) days after the royalty payment was due, the Lessee owes a penalty of 5% on the royalty or $25.00, whichever is greater. A royalty payment which is over thirty (30) days late shall accrue a penalty of 10% of the royalty due or $25.00, whichever is greater. In addition to a penalty, royalties shall accrue interest at a rate of 12% per year; such interest will begin accruing when the royalty is sixty (60) days overdue. Affidavits and supporting documents which are not filed when due shall incur a penalty in an amount set by the General Land Office administrative rule which is effective on the date when the affidavits or supporting documents were due. The Lessee shall bear all responsibility for paying or causing royalties to be paid as prescribed by the due date provided herein. Payment of the delinquency penalty shall in no way operate to prohibit the State's right of forfeiture as provided by law nor act to postpone the date on which royalties were originally due. The above penalty provisions shall not apply in cases of title dispute as to the State's portion of the royalty or to that portion of the royalty in dispute as to fair market value. The State shall have first lien upon all oil and gas produced from the area covered by this lease to secure the payment of all unpaid royalty and other sums of money that may become due to the State hereunder.

4. POOLING: (a) Lessee is hereby granted the right, at its option, to pool or unitize any land covered by this lease with any other land covered by this lease, and/or with any other land, lease, or leases, as to any or all minerals or horizons. Units pooled for oil hereunder shall not exceed 160 acres each in area, and units pooled for gas hereunder shall not exceed in area 640 acres each plus a tolerance often percent (10%) thereof, unless oil or gas units of a greater size are allowed under or prescribed by rules of the Railroad Commission of Texas. A unit established hereunder shall be valid and effective for all purposes of this lease even though there may be mineral, royalty, or leasehold interests in lands within

the unit, which are not effectively pooled or unitized. Any operations conducted on any part of such unitized land shall be considered, for all purposes, except the payment of royalty, as operations conducted upon said land under this lease. There shall be allocated to the land covered by this lease within each such unit (or to each separate tract within the unit if this lease covers separate tracts within the unit) the proportion of the total production of unitized minerals from the unit, after deducting any used in lease or unit operations, which the number of surface acres in such land (or in each such separate tract) covered by this lease within the unit bears to the total number of surface acres in the unit, and the production so allocated shall be considered for all purposes, including payment or delivery of royalty, overriding royalty and any other payments out of production, to be the entire production of unitized minerals from the land to which allocated in the same manner as though produced there from under the terms of this lease. The owner of the reversionary estate of any term royalty or mineral estate agrees that the accrual of royalties pursuant to this paragraph or of shut-in royalties from a well on the unit shall satisfy any limitation of term requiring production of oil or gas. The formation of any unit hereunder which includes land not covered by this lease shall not have the effect of exchanging or transferring any interest under this lease (including, without limitation, any shut-in royalty which may become payable under this lease) between parties owning interests in land covered by this lease and parties owning interests in land not covered by this lease. Neither shall it impair the right of Lessee to release as provided in paragraph 5 hereof, except that Lessee may not so release as to lands within a unit while there are operations thereon for unitized minerals unless all pooled leases are released as to lands within the unit. At any time while this lease is in force Lessee may dissolve any unit established hereunder by filing for record in the public office where this lease is recorded a declaration to that effect, if at that time no operations are being conducted thereon for unitized minerals. Subject to the provisions of this paragraph 4, a unit once established hereunder shall remain in force for so long as any lease subject thereto shall remain in force. If this lease now or hereafter covers separate tracts, no pooling or unitization of royalty interests as between any such separate tracts is intended or shall be implied or result merely from the inclusion of such separate tracts within this lease but Lessee shall nevertheless have the right to pool or unitize as provided in this paragraph 4 with consequent allocation of production as herein provided. As used in this paragraph 4, the words "separate tract" mean any tract with royalty ownership differing, now or hereafter, either as to parties or amounts, from that as to any other part of the leased premises.

(b) Neither unit production of oil or gas, nor unit operations, nor payment of shut-in royalties from a unit gas well, shall serve to hold the lease in force as to any area outside the unit, regardless of whether the production, maintenance of a shut-in gas well, or operations are actually located on the State tract or not.

(c) Lessee agrees to file with the General Land Office a copy of any unit designation, which this lease is included within ninety (90) days of such designation.

5. RELEASE: Lessee may relinquish the rights granted hereunder to the State at any time by recording the relinquishment in the county where this area is situated and filing the recorded relinquishment or certified copy of same in the General Land Office within ninety (90) days after its execution accompanied by the prescribed filing fee. Such relinquishment will not have the effect of releasing Lessee from any liability theretofore accrued in favor of the State.

6. REWORK: If at any time or times during the primary term operations are conducted on said land and if all operations are discontinued, this lease shall thereafter terminate at the end of the primary term or on the ninetieth day after discontinuance of all operations, whichever is the later date, unless on such later date either (1) Lessee is conducting operations or (2) the shut-in well provisions of paragraph 3 or the provisions of paragraph 9 are applicable. Whenever used in this lease the word "operations" shall mean operations for and any of the following: drilling, testing, completing, reworking, recompleting, deepening, plugging back or repairing of a well in search for or in an endeavor to obtain production of oil or gas, or production of oil or gas in paying quantities.

7. MINERAL USE: Lessee shall have the use, free from royalty, of oil and gas produced from said land in all operations hereunder.

8. NOTICE: In the event Lessor considers that Lessee has not complied with all its obligations hereunder, both express and implied, Lessor shall notify Lessee in writing, setting out specifically in what respects Lessee has breached this contract. Lessee shall then have sixty (60) days after receipt of said notice within which to meet or commence to meet all

TARRANT COUNTY, TEXAS:
SUZANNE HENDERSON, COUNTY CLERK

or any part of the breaches alleged by Lessor. The service of said notice shall be precedent to the bringing of any action by Lessor on said lease for any cause, and no such action shall be brought until the lapse of sixty (60) days after service of such notice on Lessee. Neither the service of said notice nor the doing of any acts by Lessee aimed to meet all or any of the alleged breaches shall be deemed an admission or presumption that Lessee has failed to perform all its obligations hereunder. If this lease is canceled for any cause, it shall nevertheless remain in force and effect as to (1) sufficient acreage around each well as to which there are operations to constitute a drilling or maximum allowable unit under applicable governmental regulations, (but in no event less than forty acres), such acreage to be designated by Lessee as nearly as practicable in the form of a square centered at the well, or in such shape as then existing spacing rules require; and (2) any part of said land included in a pooled unit on which there are operations.

9. FORCE MAJEURE: If, while this lease is in force, at, or after the expiration of the primary term hereof, it is not being continued in force by reason of the shut-in well provisions of paragraph 3 hereof, and Lessee is not conducting operations on said land by reason of (1) any law, order, rule or regulation, (whether or not subsequently determined to be invalid) or (2) any other cause, whether similar or dissimilar, (except financial) beyond the reasonable control of Lessee, the primary term shall be extended until the first anniversary date hereof occurring ninety (90) or more days following the removal of such delaying cause, and this lease may be extended thereafter by operations as if such delay had not occurred.

10. LESSER ESTATE CLAUSE: If this lease covers a less interest in the oil or gas in all or any part of said land than the entire and undivided fee simple estate (whether lessors interest is herein specified or not), or no interest therein, then the royalties, and other monies accruing from any part as to which this lease covers less than such full interest, shall be paid only in the proportion which the interest therein, if any, covered by this lease bears to the whole and undivided fee simple estate therein.

11. ASSIGNMENTS: This lease may be transferred at any time. All transfers must reference the lease by file number and must be recorded in the county where the land covered hereby is located, and the recorded transfer or a copy certified to by the County Clerk of the county where the transfer is recorded must be filed in the General Land Office within ninety (90) days of the execution date, as provided by N.R.C. Section 52.026, accompanied by the prescribed filing fee. Every transferee shall succeed to all rights and be subject to all obligations, liabilities, and penalties owed to the State by the original Lessee or any prior transferee of the lease, including any liabilities to the State for unpaid royalties.

12. WELL INFORMATION: Lessee agrees to forthwith furnish Lessor, upon written request, with copies of all drilling logs, electrical logs, cores and core records and other information pertaining to all wells drilled by lessee either on the leased premises or acreage pooled therewith, when requested to do so. Said information shall remain confidential as required by statute.

13. SURFACE: Notwithstanding anything herein to the contrary, it is agreed that Lessee will not conduct any exploration or drilling on the surface of the leased premises or use the surface in the exercise of any rights herein granted. Any development of said land shall be by means of a directional well located off the leased premises, or by pooling of said land with other land, lease or leases as hereinabove provided.

14. COMPENSATORY ROYALTY: Lessee shall pay a compensatory royalty if this lease is not being held by production on the leased premises, by production from a pooled unit, or by payment of shut-in royalties in accordance with the terms of this lease, and if oil or gas is sold or delivered in paying quantities from a well located within 2,500 feet of the leased premises and completed in a producible reservoir underlying the area leased hereunder or in any case in which drainage is occurring. Such compensatory royalty shall be paid at the royalty rate provided in this lease based on the value of production from the well as provided in the lease on which such well is located. The compensatory royalty shall be paid in the same proportion that the acreage of this lease has to the acreage of the proration unit surrounding the draining well plus the acreage of this lease. The compensatory royalty shall be paid monthly to the Commissioner of the General Land Office on or before the last day of the month after the month in which the oil or gas is sold and delivered from the well

causing the drainage or from the well located within 2500 feet of the leased premises and completed in a producible reservoir under this lease. Notwithstanding anything herein to the contrary, compensatory royalty payable hereunder shall be no less than an amount equal to **double the shut-in royalty** and shall maintain this lease in effect for so long as such payments are made as provided herein.

15. FORFEITURE: If Lessee shall fail or refuse to make payment of any sum within thirty (30) days after it becomes due, or if Lessee or an authorized agent should knowingly make any false return or false report concerning production or drilling, or if Lessee shall fail or refuse to drill any offset well or wells in good faith as required by law and the rules and regulations adopted by the Commissioner of the General Land Office, or if Lessee should fail to file reports in the manner required by law or fail to comply with rules and regulations promulgated by the General Land Office, or refuse the proper authority access to the records pertaining to operations, or if Lessee or an authorized agent should knowingly fail or refuse to give correct information to the proper authority, or knowingly fail or refuse to furnish the General Land Office a correct log of any well, or if this lease is pooled or assigned and the unit designation or assignment is not filed in the General Land Office as required by law, the rights acquired under this lease shall be subject to forfeiture by the Commissioner, and he shall forfeit same when sufficiently informed of the facts which authorize a forfeiture, and when forfeited the area shall again be subject to lease. However, nothing herein shall be construed as waiving the automatic termination of this lease by operations of law or by reason of any special limitation arising hereunder. Forfeitures may be set aside and this lease and all rights there under reinstated before the rights of another intervene upon satisfactory evidence to the Commissioner of the General Land Office of future compliance with the provisions of the law and of this lease and the rules and regulations that may be adopted relative hereto.

IN TESTIMONY WHEREOF, witness the signature of the Commissioner of the General Land Office of the State of Texas under the seal of the General Land Office.

KNOW ALL PERSONS BY THESE PRESENTS:

This Third Amended Declaration of Pooled Unit – Morrison Unit is executed to be effective as of October 23, 2009 by the undersigned parties, who are the owners of an interest in the leasehold estates created under those certain Oil, Gas and Mineral Leases (the "Leases") which are more particularly described on Exhibit "A" attached hereto and incorporated herein by reference for all purposes, or who are the owners of an interest in the mineral estate in the lands described in the Leases, who join in the execution hereof to evidence their consent to the pooling, unitization and combination of the leases and mineral estates herein described.

RECITALS

WHEREAS, each of the Leases authorizes the lessee thereunder to pool, unitize or combine all or a portion of the lands covered thereby with other land, lands, lease, or leases, to form a pooled unit for the exploration, development and production of oil, gas and associated and constituent hydrocarbons from the lands covered by the Leases; and

WHEREAS, the pooling, unitization and combination of the Leases and mineral estates to the extent necessary to form the hereinafter described pooled unit are necessary and advisable in the judgment of the undersigned.

WHEREAS, the purpose and intent of this Third Amended Declaration of Pooled Unit – Morrison Unit is to (a) modify and amend the interest pooled within the Morrison Unit boundary dimensions by replacing the Exhibit "A" attached to the Second Amended Declaration of Pooled Unit – Morrison Unit (which has an effective date of May 5, 2008, and which was filed in the Official Public Records of Tarrant County, Texas as document number D209103866) with Exhibit "A" attached hereto, and (b) replace the Unit Area description attached to such Declaration with the attached Exhibit "B."

NOW, THEREFORE, in consideration of the foregoing premises, the mutual benefits to be derived by the parties hereto and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the undersigned agree as follows:

1. Declaration of Unit. In accordance with the provisions of the Leases, the undersigned do hereby declare, pool, unitize and combine the Leases, including all renewals, extensions, ratifications and amendments thereof, and the lands covered thereby and the mineral estates therein, to the extent necessary to form and create the Unit Area described below. Production from the Unit shall be allocated proportionately among all of the tracts within the Unit in the proportion which the number of surface acres in each of such tracts bears to the total number of surface acres in the Unit.

2. Description of Unit Area. The Unit Area (herein so called) shall consist of **330.817 acres**, more or less, being the lands more particularly described and depicted on Exhibit "B", which is attached hereto and incorporated herein by reference for all purposes, and the unit shall be limited to the interval and depths lying from the surface of the earth to the base of the Barnett Shale formation **INSOFAR AND ONLY INSOFAR** as to oil, gas, and associated and constituent hydrocarbons produced from a well or wells classified as an oil well or a gas well. This Third Amended Declaration of Pooled Unit – Morrison Unit covers all production from the lands described on the attached Exhibit "B" which is produced from any well drilled to the unitized interval underlying the Unit Area.

3. Unit Name. The pooled unit created hereby shall be known as the **"Morrison Unit."**

4. Additional Interest; Consent. In the event the undersigned own any leasehold interest or mineral interest other than those specifically described or referred to herein covering the lands inside the Unit Area, including any unleased mineral interest in lands inside the Unit Area, or any interest for which ratification of the pooled unit created hereby is necessary, such interest or interests are hereby pooled and combined into said pooled unit as hereby declared without the necessity of specifically enumerating such interests or the specific lands covered by such interests or in which they are held.

5. Right to Amend. The undersigned hereby expressly reserve the right, from time to time, to amend this Third Amended Declaration of Pooled Unit – Morrison Unit, and the respective terms and provisions hereof, and to change the size and area of, and interests covered by the pooled unit described herein, including without limitation, the power (i) to change, reduce, enlarge or extend the size or configuration of the Unit Area; (ii) to include any other formation or formations and any other mineral or minerals therein, thereunder or produced therefrom, all in accordance with the terms and provisions of the Leases; (iii) to include in the pooled unit described herein or in any amendments hereto, oil, gas and mineral leases, or interests in the lands described therein, covering interests in the Unit Area, which are secured or obtained subsequent to the date hereof, or prior to the date hereof and not included and described herein, and (iv) to include in the pooled unit described herein or in any amendments hereto, full or undivided interests in the Unit Area which are not otherwise included herein by the respective owner of such full or undivided interests.

6. Dissolution of Unit. The pooled unit formed hereby may be dissolved by Chesapeake Operating, Inc., acting as the Operator of the pooled unit, at any time by an instrument filed for record in Tarrant County, Texas, after any failure to establish unit production or after cessation of operations upon the pooled unit.

7. Multiple Originals. This instrument may be executed in any number of multiple counterparts, each of which shall have the same force and effect as an original instrument executed by all of the undersigned parties, regardless of whether such counterpart is executed prior to or subsequent to the date hereof or the filing of record of a counterpart hereof. Further, this instrument may not be ratified, consented to or approved by any party, individual, person or entity except upon the express written consent of all the undersigned parties hereto. This Third Amended Declaration of Pooled Unit – Morrison Unit, and each counterpart or ratification hereof, shall be binding upon each party who executed the same, and shall have the effect of pooling such party's undivided ownership interest in the leases covered hereby, without regard to whether any other party owning an interest in the Leases or Unit Area may execute this instrument, or a counterpart or ratification hereof.

8. General Provisions. This instrument shall bind, inure to the benefit of, and be exercised by heirs, assigns, and successors in interest of all parties. When the context requires, singular nouns and pronouns include the plural.

This Amended Declaration of Pooled Unit is executed to be effective as of May 5, 2008 by the undersigned parties, who are the owners of an interest in the leasehold estates created under those certain Oil, Gas and Mineral Leases (the "Leases") which are more particularly described on Exhibit "A" attached hereto and incorporated herein by reference for all purposes, or who are the owners of an interest in the mineral estate in the lands described in the Leases, who join in the execution hereof to evidence their consent to the pooling, unitization and combination of the leases and mineral estates herein described.

RECITALS

WHEREAS, each of the Leases authorizes the lessee thereunder to pool, unitize or combine all or a portion of the lands covered thereby with other land, lands, lease, or leases, to form a pooled unit for the exploration, development and production of oil, gas and associated and constituent hydrocarbons from the lands covered by the Leases; and

WHEREAS, the pooling, unitization and combination of the Leases and mineral estates to the extent necessary to form the hereinafter described pooled unit are necessary and advisable in the judgment of the undersigned.

WHEREAS, the purpose and intent of this First Amendment to the Declaration of Pooled Unit – Morrison Unit is to Modify and Amend the interest pooled within the Morrison Unit boundary dimensions by replacing the Exhibit "A" from the Declaration of Pooled Unit – Morrison Unit dated the effective date of May 5, 2008 which was filed in the Official Public Records of Tarrant County, Texas as document number D208172272.

ONLY INSOFAR as to oil, gas, and associated and constituent hydrocarbons produced from a well or wells classified as an oil well or a gas well. This First Amendment to the Declaration of Pooled Unit – Morrison Unit covers all production from the lands described on the attached Exhibit "B" which is produced from any well drilled to the unitized interval underlying the Unit Area.

3. Unit Name. The pooled unit created hereby shall be known as the "**Morrison Unit**."

4. Additional Interest; Consent. In the event the undersigned own any leasehold interest or mineral interest other than those specifically described or referred to herein covering the lands inside the Unit Area, including any unleased mineral interest in lands inside the Unit Area, or any interest for which ratification of the pooled unit created hereby is necessary, such interest or interests are hereby pooled and combined into said pooled unit as hereby declared without the necessity of specifically enumerating such interests or the specific lands covered by such interests or in which they are held.

5. Right to Amend. The undersigned hereby expressly reserve the right, from time to time, to amend this First Amendment to the Declaration of Pooled Unit – Morrison Unit, and the respective terms and provisions hereof, and to change the size and area of, and interests covered by the pooled unit described herein, including without limitation, the power (i) to change, reduce, enlarge or extend the size or configuration of the Unit Area; (ii) to include any other formation or formations and any other mineral or minerals therein, thereunder or produced therefrom, all in accordance with the terms and provisions of the Leases; (iii) to include in the pooled unit described herein or in any amendments hereto, oil, gas and mineral leases, or interests in the lands described therein, covering interests in the Unit Area, which are secured or obtained subsequent to the date hereof, or prior to the date hereof and not included and described herein, and (iv) to include in the pooled unit described herein or in any amendments hereto, full or undivided interests in the Unit Area which are not otherwise included herein by the respective owner of such full or undivided interests.

6. Dissolution of Unit. The pooled unit formed hereby may be dissolved by Chesapeake Operating, Inc., acting as the Operator of the pooled unit, at any time by an instrument filed for record in Tarrant County, Texas, after any failure to establish unit production or after cessation of operations upon the pooled unit.

7. Multiple Originals. This instrument may be executed in any number of multiple counterparts, each of which shall have the same force and effect as an original instrument executed by all of the undersigned parties, regardless of whether such counterpart is executed prior to or subsequent to the date hereof or the filing of record of a counterpart hereof. Further, this instrument may not be ratified, consented to or approved by any party, individual, person or entity except upon the express written consent of all the undersigned parties hereto. This First Amendment to the Declaration of Pooled Unit – Morrison Unit, and each counterpart or ratification hereof, shall be binding upon each party who executed the same, and shall have the effect of pooling such party's undivided ownership interest in the leases covered hereby, without regard to whether any other party owning an interest in the Leases or Unit Area may execute this instrument, or a counterpart or ratification hereof.

8. General Provisions. This instrument shall bind, inure to the benefit of, and be exercised by heirs, assigns, and successors in interest of all parties. When the context requires, singular nouns and pronouns include the plural.

Except as amended hereby, said Declaration of Pooled Unit – Morrison Unit dated the effective date of May 5, 2008, which was filed in the Official Public Records of Tarrant County, Texas, document number D208172272, remains in full force and effect.

DECLARATION OF POOLED UNIT
Morrison UNIT

STATE OF TEXAS)
)
COUNTY OF TARRANT)

KNOW ALL PERSONS BY THESE PRESENTS:

This Declaration of Pooled Unit is executed to be effective as of May 5, 2008 by the undersigned parties, who are the owners of an interest in the leasehold estates created under those certain Oil, Gas and Mineral Leases (the "Leases") which are more particularly described on Exhibit "A" attached hereto and incorporated herein by reference for all purposes, or who are the owners of an interest in the mineral estate in the lands described in the Leases, who join in the execution hereof to evidence their consent to the pooling, unitization and combination of the leases and mineral estates herein described.

RECITALS

WHEREAS, each of the Leases authorizes the lessee thereunder to pool, unitize or combine all or a portion of the lands covered thereby with other land, lands, lease, or leases, to form a pooled unit for the exploration, development and production of oil, gas and associated and constituent hydrocarbons from the lands covered by the Leases; and

WHEREAS, the pooling, unitization and combination of the Leases and mineral estates to the extent necessary to form the hereinafter described pooled unit are necessary and advisable in the judgment of the undersigned.

NOW, THEREFORE, in consideration of the foregoing premises, the mutual benefits to be derived by the parties hereto and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the undersigned agree as follows:

1. Declaration of Unit. In accordance with the provisions of the Leases, the undersigned do hereby declare, pool, unitize and combine the Leases, including all renewals, extensions, ratifications and amendments thereof, and the lands covered thereby and the mineral estates therein, to the extent necessary to form and create the Unit Area described below. Production from the Unit shall be allocated proportionately among all of the tracts within the Unit in the proportion which the number of surface acres in each of such tracts bears to the total number of surface acres in the Unit.

2. Description of Unit Area. The Unit Area (herein so called) shall consist of **323.922 acres**, more or less, being the lands more particularly described and depicted on Exhibit "B", which is attached hereto and incorporated herein by reference for all purposes, and the unit shall be limited to the interval and depths lying from the surface of the earth to the base of the Barnett Shale formation **INSOFAR AND ONLY INSOFAR** as to oil, gas, and associated and constituent hydrocarbons produced from a well or wells classified as an oil well or a gas well. This Declaration of Pooled Unit covers all production from the lands described on the attached Exhibit "B" which is produced from any well drilled to the unitized interval underlying the Unit Area.

3. Unit Name. The pooled unit created hereby shall be known as the "**Morrison Unit**."

4. Additional Interest; Consent. In the event the undersigned own any leasehold interest or mineral interest other than those specifically described or referred to herein covering the lands inside the Unit Area, including any unleased mineral interest in lands inside the Unit Area, or any interest for which ratification of the pooled unit created hereby is necessary, such interest or interests are hereby pooled and combined into said pooled unit as hereby declared without the necessity of specifically enumerating such interests or the specific lands covered by such interests or in which they are held.

5. Right to Amend. The undersigned hereby expressly reserve the right, from time to time, to amend this Declaration of Pooled Unit, and the respective terms and provisions hereof, and to change the size and area of, and interests covered by the pooled unit described herein, including without limitation, the power (i) to change, reduce, enlarge or extend the size or configuration of the Unit Area; (ii) to include any other formation or formations and any other mineral or minerals therein, thereunder or produced therefrom, all in accordance with the terms and provisions of the Leases; (iii) to include in the pooled unit described herein or in any amendments hereto, oil, gas and mineral leases, or interests in the lands described therein, covering interests in the Unit Area, which are secured or obtained subsequent to the date hereof, or prior to the date hereof and not included and described herein, and (iv) to include in the pooled unit described herein or in any amendments hereto, full or undivided interests in the Unit Area which are not otherwise included herein by the respective owner of such full or undivided interests.

6. Dissolution of Unit. The pooled unit formed hereby may be dissolved by Chesapeake Operating, Inc., acting as the Operator of the pooled unit, at any time by an instrument filed for record in Tarrant County, Texas, after any failure to establish unit production or after cessation of operations upon the pooled unit.

7. Multiple Originals. This instrument may be executed in any number of multiple counterparts, each of which shall have the same force and effect as an original instrument executed by all of the undersigned parties, regardless of whether such counterpart is executed prior to or subsequent to the date hereof or the filing of record of a counterpart hereof. Further, this instrument may not be ratified, consented to or approved by any party, individual, person or entity except upon the express written consent of all the undersigned parties hereto. This Declaration of Pooled Unit, and each counterpart or ratification hereof, shall be binding upon each party who executed the same, and shall have the effect of pooling such party's undivided ownership interest in the leases covered hereby, without regard to whether any other party owning an interest in the Leases or Unit Area may execute this instrument, or a counterpart or ratification hereof.

8. General Provisions. This instrument shall bind, inure to the benefit of, and be exercised by heirs, assigns, and successors in interest of all parties. When the context requires, singular nouns and pronouns include the plural.

EXECUTED by the undersigned parties on the respective dates of acknowledgment hereof, to be effective for all purposes as of the date first above written.

Re: State Lease MF109332 - **Please refer to this lease number with all correspondence**

The General Land Office has received and filed the division order submitted for the above-referenced state lease. Please be advised that the payment of royalties attributable to state-owned mineral interests is set by statute. As the execution of division orders may, in some cases, affect the manner in which such payments are paid or calculated, it is the policy of this office not to execute them.

Subject to applicable state law and the state's right to take its production in-kind, the General Land Office acquiesces to the sale of oil and gas under the terms and conditions set out in the oil and gas lease. If you should have questions concerning this matter, please feel free to call me at (512) 463-6521.

Sincerely,

Beverly Boyd

Notice to Lessor:

The well drilled on your leased lands or lands pooled therewith is temporarily "shut-in", which means it is not producing at this time. The enclosed payment is made in compliance with the shut-in provisions of your oil and gas lease for the amount stipulated in your lease.

This is not a payment of royalties for the production of minerals. Instead it is a "shut-in" payment to maintain the oil and gas lease for the period of time stipulated in the lease for a well that is prevented from producing due to lack of market or other circumstances. Please refer to your oil and gas lease for specific shut-in provisions.

When the production commences or resumes, royalty payments will be made to you.

If you have any questions or need additional information regarding this shut-in payment, please feel free to contact us at 877-245-1427 or email to AskChesapeake@chk.com.

Vicki,
Attached is the acceptance letter of GLO for the shut-in royalty payment on your Lease #TX0133605-000, the Morrison 1H Well in Tarrant Co TX and a copy of your payment check.

In a letter in Feb 2011 I asked for the shut-in date of the S&B South #1H Well drilled under State Unit 4631. The referenced lease is included in that unit well. I never received a response.

In this letter I am asking for the shut-in date of the Morrison M #1H Well. I would really appreciate having a date of shut-in for both those wells. We need the dates for our file.

Thanks much for the help,

Cynthia,
Thank you so much for the shut-in dates. That is very helpful.

I was not aware it was important to send certain items to the Fort Worth office. I have been sending everything to Vicki in the anticipation that she would forward them to the correct place.

Please advise which items should come to the Fort Worth office.

I do not know if you are involved in the processing of rental payments, but I need to let whoever is involved know that the State mineral file number is not being included on the rental or shut-in royalty checks. I had thought at one time someone was going to write them on the check stub, but perhaps I was wrong. Without the mineral file number, Chesapeake's rental checks get deposited and then put aside until someone has the time to research for what lease you are paying. A mineral file number would get them processed immediately. Just something to ponder.

Thank you,

Harriett,

I failed to advise that we never received this letter as it appears it was sent to our Oklahoma City, OK office. This was handled out of our Fort Worth, TX office.

Thanks,

Notice to Lessor:

The well drilled on your leased lands or lands pooled therewith is temporarily "shut-in", which means it is not producing at this time. The enclosed payment is made in compliance with the shut-in provisions of your oil and gas lease for the amount stipulated in your lease.

This is not a payment of royalties for the production of minerals. Instead it is a "shut-in" payment to maintain the oil and gas lease for the period of time stipulated in the lease for a well that is prevented from producing due to lack of market or other circumstances. Please refer to your oil and gas lease for specific shut-in provisions.

When the production commences or resumes, royalty payments will be made to you.

If you have any questions or need additional information regarding this shut-in payment, please feel free to contact us at 877-245-1427 or email to AskChesapeake@chk.com.

Jerad,

Can you look into this issue? We show that the Morrison 1H (619928) and Morrison M 1H (620329) are under one state lease (MF109332) with tract acres of 8.888. However, the TXGLO indicates that there is a second state lease (MF110551) with additional acres. The DO has a total of 10.138 total State acres. Can you verify which total State acres is correct, 10.138 or 8.888, and if the additional lease (MF110551) should be included?

Thanks,
Erin

Elizabeth,
Our GIS system shows an additional lease in this unit. MF110551. Is there an amendment to this unit that includes this additional lease? The total state acres on the division order is 10.138. Please let me know, this unit will not be processed.

Hi Beverly-

Attached please find a completed Highway Right-of-Way Unit Declaration and Unit Plat. As requested, the plat identifies the pooled unit outline, the well location, and the HROW lease tract. If you require any additional information, please let me know.

Dear All,

Jesse Arellano has reviewed all the lease files and plats for the Indus North.

MF106600 is not in the unit. However the lease was listed in the unit designation 1st amendment, 2nd amendment and made no mention of removing it in the third amendment. I don't have a copy of the original unit designation, so just for clarity..Jason can you send that to me. **Please see 1st attachement.**

Second problem, we have two additional leases that appear to be in the unit. MF112145, **2nd attachement**, I've included the exhibit A to the lease and plat in hopes that I can find out how much of this lease is in the unit. Please advise.

MF110551 runs through the middle of this unit, **3rd attachment,** I have also included the exhibit A and plat with that lease. This one is broken up in several tracts so I need to know the total State acreage for this lease.

Shirley, MF106600 was never in the unit. Let me know what you need from me as far as the billing goes. Chesapeake listed this lease in the unit designation in error.

The unit will be re-run with correct acreage for MF109332 as 7.913 and MF110038 as 3.44 ac. Additionally I will add the acreage from MF112145 and MF110551.

The original effective date will remain, 1/1/2009. I am listing the lease numbers and dates, so the effective date for each lease should be the date of that lease. Susan, we'll need your help here.
MF109332 - lease date 8/19/08 - 26% - Net acres leased 19.3
MF110038- lease date 4/7/2009 - 25% - Net acres leased 3.161
MF112145- lease date 4/5/11 - 25% - Net acres leased 9.9776
MF110551- lease date 2/2/10-25% - Net acres leased 4.2145

Please feel free to email me any questions. At least we know MF106600 is not in the unit.

All,

It sounds like a few pieces of this puzzle are still missing. Per her email this morning, Beverly @ the TXGLO has asked for the following:

* 2nd Amendment included MF106600. Beverly says she was never informed of any changes.

o Beverly: The attachment you included this morning is still referencing the 2nd amendment rather than the 3rd amendment. The 3rd Amendment states that the unit acres are decreasing from to 262.96 acres to 259.727 as well as removed MF106600 from the unit. You were notified of the changed via email by Jason Lowry on 1/15/13 (see the attached).

* Updated Division Orders.

o Angela - can you please have someone provide these?

* Complete HROW unit form (attached) referencing only MF109332 & MF110038.

o Jason - can you please provide? Attached is a blank form.

* Updated Plat for the 3rd Amendment showing only MF109332 & MF110038 and the 259.727 unit acres.

o Jason - can you please provide?

Thanks!

Erin

Kim and Shirley,

Jessie Arellano, manager of our mapping division, is reviewing the lease plats. I am waiting on his decision regarding what leases are in and what leases are out. Per Chesapeake's unit designation MF106600 was in the unit exhibit (see attachment). I was never informed as to the circumstances of any change. I have two unit plats one from 2009 and one from 2010, the unit outline did not change, so leases or portions of leases within the unit boundary would be included in the unit, unless Chesapeake provided information to the contrary. I am still waiting on division orders from Chesapeake to confirm expected calculations. The Highway Right of Way Unit information form has been received, but is lacking the information required. Our research should be done soon and I will let our Financial Management Division know ASAP.

Thank you,

Beverly Boyd

Shirley,

Our Land department has been working with Beverly Boyd regarding the Indus North unit (#4631). Our research has showed that MF106600 is not a part of the unit and as such, Invoice 12I00854 in the amount of $61,454.58 should be voided.

Please let me know if you need anything else in order to waive this billing.

Thanks,

Erin

Renner, please refer to Kim's request below. The Indus 2H is a late well and the other Indus wells had 1st sales in September 2009. Kristine,

It appears as if the PR decks for the Indus North wells do not have the correct State of Texas royalty interest.
Please see the attached unit set up received from the TXGLO, as well as the DPU that supports their set up form. 2 of the interests are listed as "Commissioner of the General Land Office".

Can you change the PR decks, so that I can have deck maintenance change the estimated decks and the accrual decks?

You are correct, there are 2 tracts for the State of Texas, tract 24 & tract 65. The third State of Texas

lease mentioned below is the old lease for tract 24 and I will take it off the Exhibit A of the Third Amended DPU, when Glencrest decides to send it back to me. Also, NL26 is unleased as well. If you have any questions, just give me a buzz.

Can you please help me with Kim's question below? There are 3 leases listed in the DPU for the state of Texas. I showed that we only had 2 tracts leased. (Tracts 24 & 65). The title also lists the State of Texas as owning NL26, but per Janae and the e-mails we've gone through, this tract is not leased.

Hi Kimberli,

The wells were set up for May close. I calculated their interest as follows based on the title opinion & plat:

3.44 Net Acres X 25% / 262.93 Total Acres = .00327083
7.91 Net Acres X 26% / 262.93 Total Acres = .00782185

I have emailed (11/13/09 & 11/19/09) the Landman to get a determination regarding the actual acreage breakup for the multiple lease rates for State of Texas within the unit and have received no response to date.

Jerad,

Beverly at the TXGLO is still waiting on the 3rd amendment and current plat. Do you know when that will be available? Also, she needs the HROW form filled out (see link below) and returned with the DPU.

Beverly,

Here's the latest As-Drilled plat for the Indus North. I am unsure of the status of the Third Amended DPU. Jerad Abbott has taken over this area and will be your contact for anything further.

Thanks,
Jason

I'm still showing the same leases and acreage for Unit # 4631. Just email me the amendments w/plat.

Jason,

Have you received the third amended DPU and plat yet on the Indus North wells? Beverly needs those to amend the unit in their system. The TXGLO is still showing three state leases and 26.1 tract acres.

Beverly,

Here's the latest As-Drilled plat for the Indus North. I am unsure of the status of the Third Amended DPU. Jerad Abbott has taken over this area and will be your contact for anything further.

Thanks,
Jason

Jason,

Have you received the third amended DPU and plat yet on the Indus North wells? Beverly needs those to amend the unit in their system. The TXGLO is still showing three state leases and 26.1 tract acres.

Jason,

Can you please send the Third amended DPU (once it has been corrected) and plat to Beverly Boyd at the TXGLO? They will need that information to amend the unit on their end.

Donna,

You are correct, there are 2 tracts for the State of Texas, tract 24 & tract 65. The third State of Texas lease mentioned below is the old lease for tract 24 and I will take it off the Exhibit A of the Third Amended DPU, when Glencrest decides to send it back to me. Also, NL26 is unleased as well. If you have any questions, just give me a buzz.

Thanks,
Jason

Hi Jeff-

Can you please help me with Kim's question below? There are 3 leases listed in the DPU for the state of Texas. I showed that we only had 2 tracts leased. (Tracts 24 & 65). The title also lists the State of Texas as owning NL26, but per Janae and the e-mails we've gone through, this tract is not leased.

Hi Donna,

Is there an amended DPU? According to the attached DPU, TXGLO has three acreages (3.161, 19.299 & 3.85), shown on pages 2 & 3.

Thanks,

Hi Kimberli,

The wells were set up for May close. I calculated their interest as follows based on the title opinion & plat:

3.44 Net Acres X 25% / 262.93 Total Acres = .00327083
7.91 Net Acres X 26% / 262.93 Total Acres = .00782185

Please let me know if you need anything else!

Hi Donna,

Do you any updates on when the Indus North wells will be corrected?
Also, I noticed in the deck 18 eff 10/09, the regulatory interest was changed to .01109268, which doesn't tie to anything I can figure out.

Renner, please refer to Kim's request below. The Indus 2H is a late well and the other Indus wells had 1st sales in September 2009. In April you provided the following early pay calculations for the Indus 2H, which includes the State of Texas. This early pay data was also added to the PR decks of the other Indus wells. Please review to determine if the State's interest needs to be corrected as Kim indicates. If corrections are needed, please provide the corrected interest to Dana and she will edit the PR decks.

Kristine,

It appears as if the PR decks for the Indus North wells do not have the correct State of Texas royalty interest.
Please see the attached unit set up received from the TXGLO, as well as the DPU that supports their set up form. 2 of the interests are listed as "Commissioner of the General Land Office".

Can you change the PR decks, so that I can have deck maintenance change the estimated decks and the accrual decks?

Thanks!

Kim,

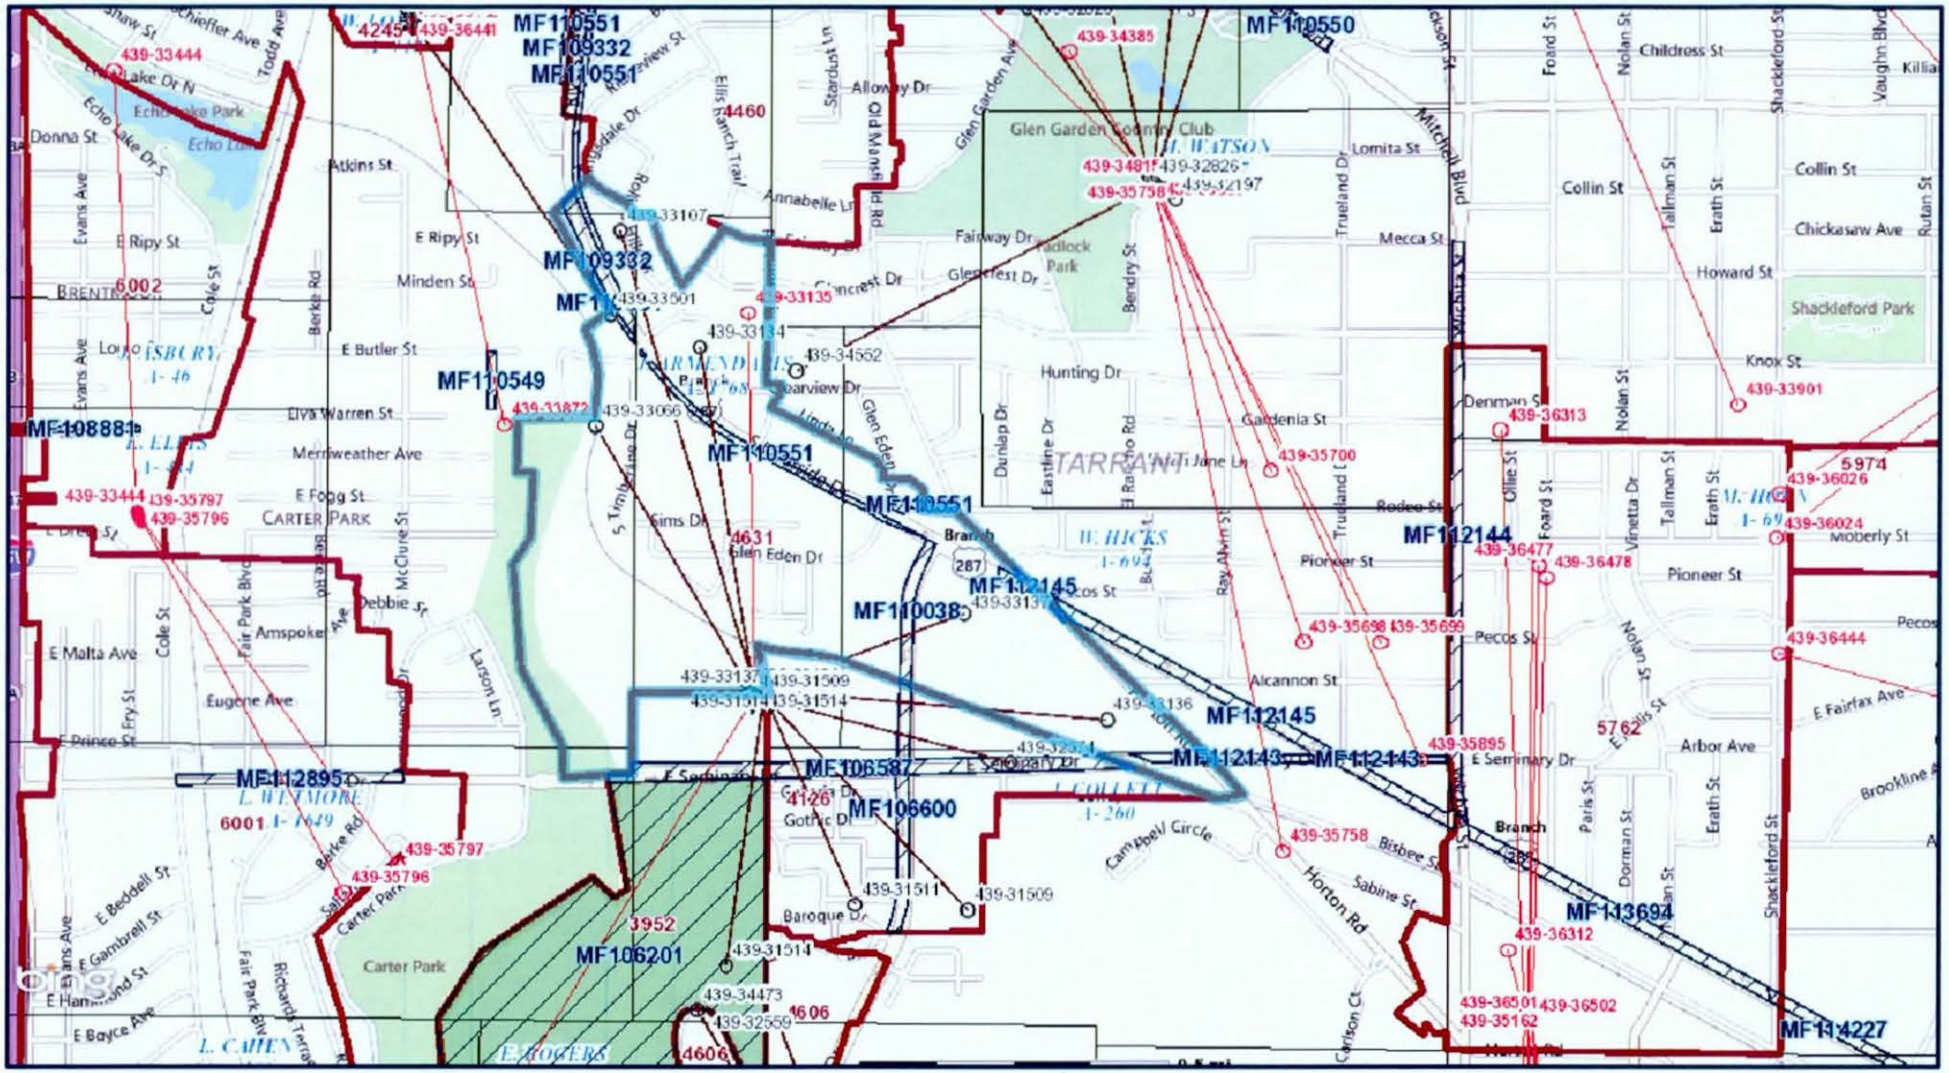

My unit calculations for this unit don't match the division orders. Can you verify the total unit acres, the State lease numbers and the acres per tract.

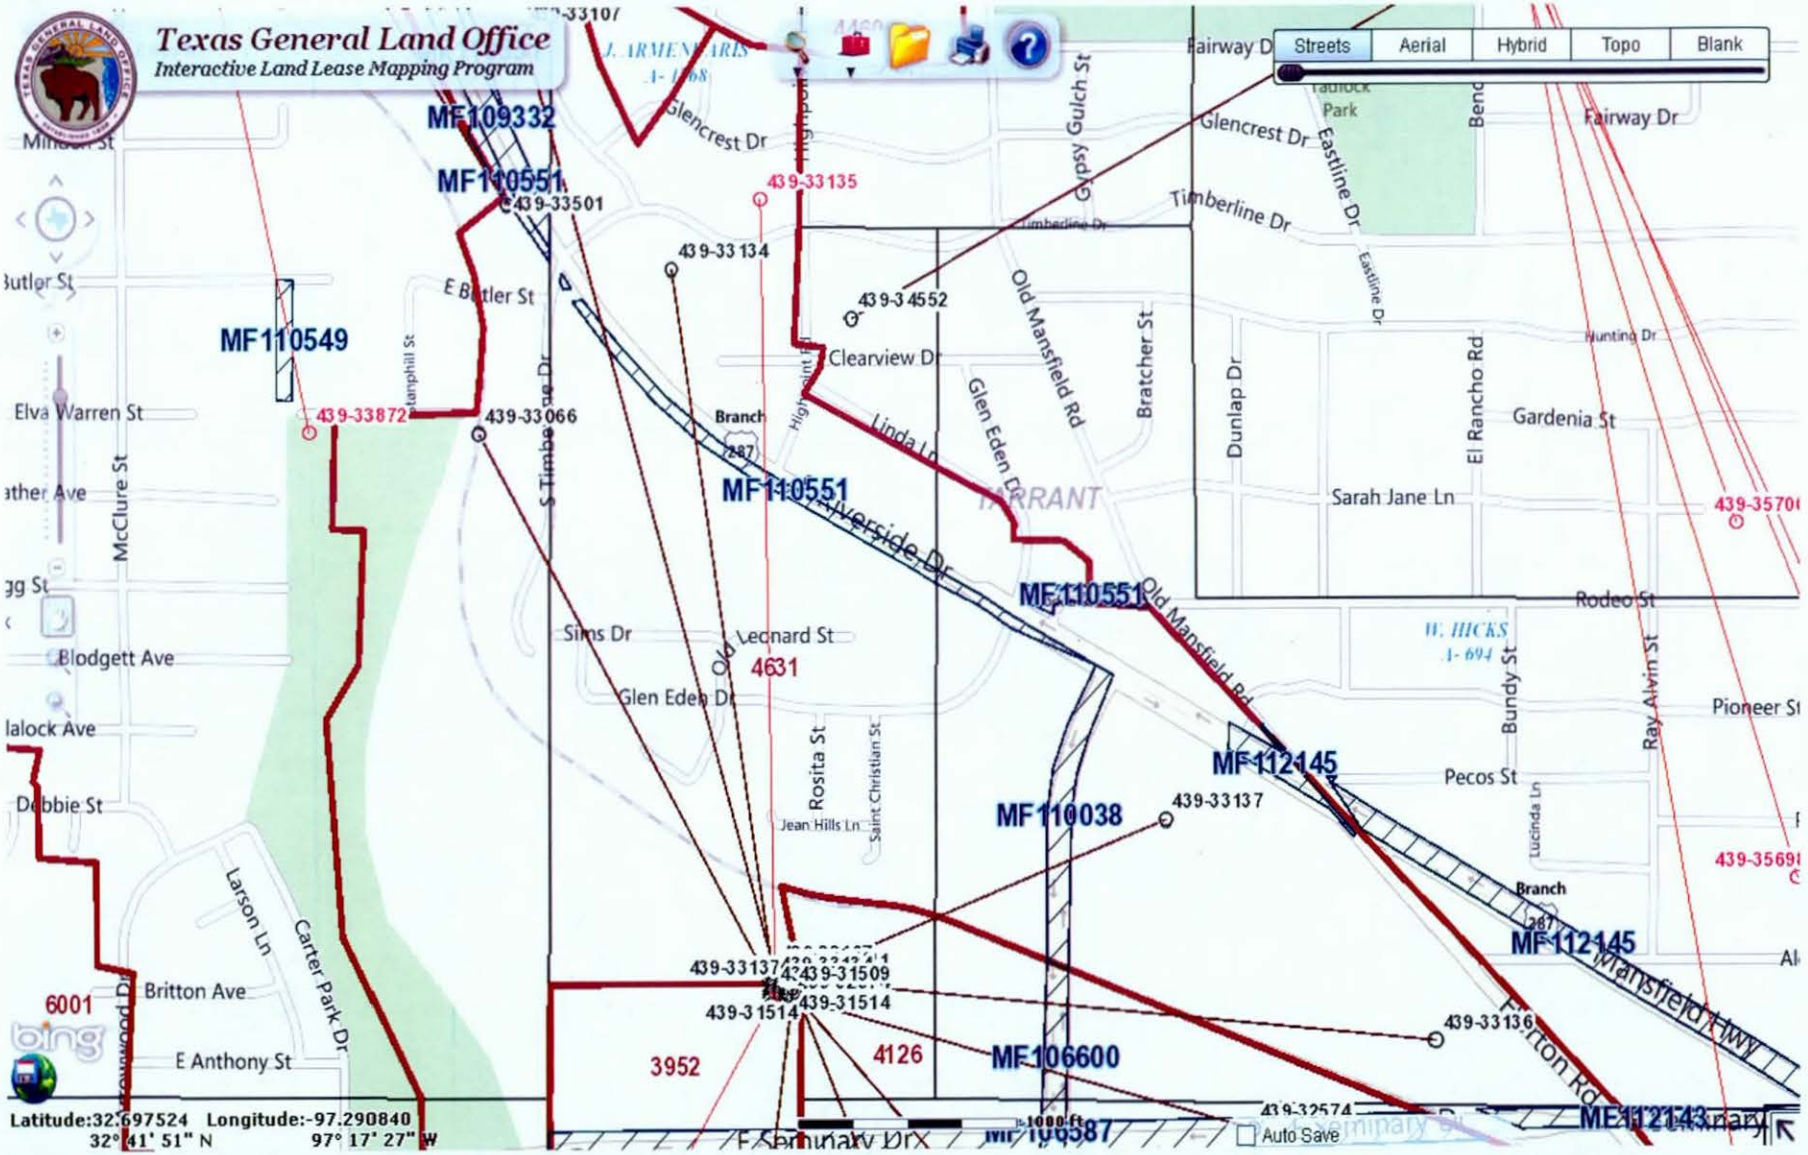

The Exhibit A shows three state leases,
MF109332 - 19.299 ac SHUT IN
MF110038 - 3.161 ac
MF106600 - 3.85

The plat does not have a break down of acre per tract, so my calculations may be off.

Beverly

Darren-

Can you please check acreage on MF110549. All .666 leased acres appears to be entirely within the S&B Unit Boundary; the HROW Designation has only .306 included. The plat on page 16, below, may be helpful.

DECLARATION OF POOLED UNIT
S&B SOUTH UNIT

Electronically Recorded
Chesapeake Operating, Inc.

STATE OF TEXAS §
§
COUNTY OF TARRANT § L0510652 KNOW ALL PERSONS BY THESE PRESENTS:

This First Amended Declaration of Pooled Unit – S&B South Unit is executed to be effective as of October 23, 2009 by the undersigned parties, who are the owners of an interest in the leasehold estates created under those certain Oil, Gas and Mineral Leases (the "Leases") which are more particularly described on Exhibit "B" attached hereto and incorporated herein by reference for all purposes, or who are the owners of an interest in the mineral estate in the lands described in the Leases, who join in the execution hereof to evidence their consent to the pooling, unitization and combination of the leases and mineral estates herein described.

RECITALS

WHEREAS, each of the Leases authorizes the lessee thereunder to pool, unitize or combine all or a portion of the lands covered thereby with other land, lands, lease, or leases, to form a pooled unit for the exploration, development and production of oil, gas and associated and constituent hydrocarbons from the lands covered by the Leases; and

WHEREAS, the pooling, unitization and combination of the Leases and mineral estates to the extent necessary to form the hereinafter described pooled unit are necessary and advisable in the judgment of the undersigned.

WHEREAS, the purpose and intent of this Correction to the Declaration of Pooled Unit – S&B South Unit is to (a) modify and amend the leases contained in the S&B South boundary dimensions by replacing the Exhibit "B" attached to the Correction to Declaration of Pooled Unit – S&B South Unit (which has an effective date of October 8, 2008, and which was filed in the Official Public Records of Tarrant County, Texas, document number D208405913) with the attached Exhibit "B", and (b) replace the Unit Area description attached to such Declaration with the attached Exhibit "A".

NOW, THEREFORE, in consideration of the foregoing premises, the mutual benefits to be derived by the parties hereto and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the undersigned agree as follows:

1. Declaration of Unit. In accordance with the provisions of the Leases, the undersigned do hereby declare, pool, unitize and combine the Leases, including all renewals, extensions, ratifications and amendments thereof, and the lands covered thereby and the mineral estates therein, to the extent necessary to form and create the Unit Area described below. Production from the Unit shall be allocated proportionately among all of the tracts within the Unit in the proportion which the number of surface acres in each of such tracts bears to the total number of surface acres in the Unit.

2. Description of Unit Area. The Unit Area (herein so called) shall consist of **178.454 acres**, more or less, being the lands more particularly described and depicted on Exhibit "A", which is attached hereto and incorporated herein by reference for all purposes, and the unit shall be limited to the interval and depths lying from the surface of the earth to the base of the Barnett Shale formation **INSOFAR AND ONLY INSOFAR** as to oil, gas, and associated and constituent hydrocarbons produced from a well or wells classified as an oil well or a gas well. This First Amended Declaration of Pooled Unit – S&B South Unit covers all production from the lands described on the attached Exhibit "A" which is produced from any well drilled to the unitized interval underlying the Unit Area.

3. Unit Name. The pooled unit created hereby shall be known as the **"S&B South Unit."**

4. Additional Interest; Consent. In the event the undersigned own any leasehold interest or mineral interest other than those specifically described or referred to herein covering the lands inside the Unit Area, including any unleased mineral interest in lands inside the Unit Area, or any interest for which ratification of the pooled unit created hereby is necessary, such interest or interests are hereby pooled and combined into said pooled unit as hereby declared without the necessity of specifically enumerating such interests or the specific lands covered by such interests or in which they are held.

5. Right to Amend. The undersigned hereby expressly reserve the right, from time to time, to amend this First Amended Declaration of Pooled Unit – S&B South Unit, and the respective terms and provisions hereof, and to change the size and area of, and interests covered by the pooled unit described herein, including without limitation, the power (i) to change, reduce, enlarge or extend the size or configuration of the Unit Area; (ii) to include any other formation or formations and any other mineral or minerals therein, thereunder or produced therefrom, all in accordance with the terms and provisions of the Leases; (iii) to include in the pooled unit described herein or in any amendments hereto, oil, gas and mineral leases, or interests in the lands described therein, covering interests in the Unit Area, which are secured or obtained subsequent to the date hereof, or prior to the date hereof and not included and described herein, and (iv) to include in the pooled unit described herein or in any amendments hereto, full or undivided interests in

the Unit Area which are not otherwise included herein by the respective owner of such full or undivided interests.

6. Dissolution of Unit. The pooled unit formed hereby may be dissolved by Chesapeake Operating, Inc., acting as the Operator of the pooled unit, at any time by an instrument filed for record in Tarrant County, Texas, after any failure to establish unit production or after cessation of operations upon the pooled unit.

7. Multiple Originals. Notice to Lessor:

The well drilled on your leased lands or lands pooled therewith is temporarily "shut-in", which means it is not producing at this time. The enclosed payment is made in compliance with the shut-in provisions of your oil and gas lease for the amount stipulated in your lease.

This is not a payment of royalties for the production of minerals. Instead it is a "shut-in" payment to maintain the oil and gas lease for the period of time stipulated in the lease for a well that is prevented from producing due to lack of market or other circumstances. Please refer to your oil and gas lease for specific shut-in provisions.

When the production commences or resumes, royalty payments will be made to you.

If you have any questions or need additional information regarding this shut-in payment, please feel free to contact us at 855-245-2600 or email to AskChesapeake@chk.com.

Dale Resources, LLC,
Dale Property Services, LLC,
DDJET Limited LLP,

CONVEYANCE

Dale Property Services, LLC (herein called "Grantor"), for Ten Dollars and other good and valuable consideration (the receipt and sufficiency of which are hereby acknowledged), subject to the exception and reservation set forth below, does hereby GRANT, BARGAIN, SELL, CONVEY, ASSIGN, TRANSFER, SET OVER, AND DELIVER unto Chesapeake Exploration, L.L.C., (herein called "Grantee"), whose address is 6100 North Western Avenue, Oklahoma City, Oklahoma 73118, all of Grantor's right, title and interest in and to the oil and gas leases described in Exhibit A attached hereto and made a part hereof (the "Leases").

There is hereby SAVED AND EXCEPTED from this Conveyance, and reserved to Grantor, an overriding royalty equal to 1% of 8/8ths of all oil, gas and other minerals produced, saved and marketed from the lands covered by the Leases (the "ORRI").

Except as provided herein to the contrary, the ORRI shall be paid or delivered to Grantor in the same manner, by the same method, at the same time, and under the same conditions as is provided in the Leases for the payment and delivery of royalty to the lessors under the applicable Lease.

The ORRI shall be free and clear of all cost, risk and expense of drilling for and production of oil, gas and other minerals produced from the Leases, but shall bear its proportion of all off lease post production costs, severance, production, or any other taxes now or hereafter applicable thereto or affecting same, and shall be computed only after deducting its proportionate share of all minerals used for operations upon the lands covered by the Leases, or upon any unit comprising all or any portion of same.

In the event the Leases, or any one of them, cover less than One Hundred Percent (100%) of mineral estate in and to the lands covered by such Lease(s), then the ORRI, as to the lands in which such Lease(s) do not cover such One Hundred Percent (100%), shall be reduced to the proportion thereof which the mineral interest percentage covered by such Lease(s) in such lands bears to One Hundred Percent (100%).

In the event Grantor owns less than One Hundred Percent (100%) interest in the Leases, or in any one of them, then the ORRI shall be reduced to the proportion thereof which the interest in such Lease(s) owned by Grantor bears to One Hundred Percent (100%).

Grantee shall have the right, at its election, to pool the Leases, or any of them, with each other or with other leases or lands, in the manner and with the same effect as authorized under the terms of the Leases as now constituted or as hereafter amended or as may be hereafter authorized by the lessor thereof. If pooling occurs, the ORRI attributable to production from such pooled unit shall be in the proportion that the amount of acreage subject to the ORRI included in such pooled unit bears to the total amount of acreage in such pooled unit.

The ORRI shall apply to any new lease, renewal or extension of any of the Leases that may be acquired by Grantee, its successors or assigns, within one (1) year after the expiration of such Lease. For the purposes of this provision "extension" is defined as an amendment to any of the Leases extending the term of such Lease and "new lease" or "renewal" are defined as a new lease acquired by Grantee covering all or any portion of the same mineral rights and interests now covered by any of the Leases.

TO HAVE AND TO HOLD the Leases unto Grantee, and its successors and assigns, forever.

GRANTOR AGREES TO WARRANT AND FOREVER DEFEND TITLE TO THE LEASES UNTO GRANTEE AND ITS SUCCESSORS AND ASSIGNS, AGAINST THE CLAIMS AND DEMANDS OF ALL PERSONS CLAIMING, OR TO CLAIM THE SAME, OR ANY PART THEREOF BY, THROUGH OR UNDER GRANTOR, BUT NOT OTHERWISE. THE EXPRESS WARRANTY OF TITLE SET FORTH ABOVE IS EXCLUSIVE, AND IN LIEU OF ALL OTHER REPRESENTATIONS AND WARRANTIES, EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, AND GRANTOR EXPRESSLY DISCLAIMS ANY AND ALL SUCH OTHER REPRESENTATIONS AND WARRANTIES.

By acceptance of this Conveyance, Grantee has agreed (i) to assume, and to timely pay and perform, all duties, obligations and liabilities relating to the ownership and/or operation of the Leases and (ii) to indemnify and hold Grantor, its affiliates, and its and their respective directors, officers, employees, attorneys, contractors and agents harmless from and against any and all claims, actions, causes of action, liabilities, damages, losses, costs or expenses (including, without limitation, court costs and attorneys' fees) of any kind or character arising out of or otherwise relating to the ownership and/or operation of the Leases. **THE FOREGOING ASSUMPTIONS AND INDEMNIFICATIONS SHALL APPLY WHETHER OR NOT SUCH DUTIES, OBLIGATIONS OR LIABILITIES, OR SUCH CLAIMS, ACTIONS, CAUSES OF ACTION, LIABILITIES, DAMAGES, LOSSES, COSTS OR EXPENSES ARISE OUT OF (i) NEGLIGENCE (INCLUDING SOLE NEGLIGENCE, SINGLE NEGLIGENCE, CONCURRENT NEGLIGENCE, ACTIVE OR PASSIVE NEGLIGENCE, BUT EXPRESSLY NOT INCLUDING GROSS NEGLIGENCE OR WILLFUL MISCONDUCT) OF GRANTOR OR ANY OTHER INDEMNIFIED PARTY, OR (ii) STRICT LIABILITY.**

The terms and provisions of this Conveyance shall be binding on and inure to the benefit of Grantor and Grantee and their respective legal representatives, successors and assigns.

IN WITNESS WHEREOF this Conveyance is executed by the parties hereto on the dates of their respective acknowledgments, but made effective for all purposes as of the date of each Lease as set forth on Exhibit "A" or, if applicable, such later date on which such lease or interest therein was acquired by Assignor.

The following provisions apply to each interest owner ("Owner") who executes this agreement:

TERMS OF SALE: The undersigned will be paid in accordance with the division of interest set out above.
