Re: Oil and Gas Lease No. M-94399
3.728 acres of land, situated in the Mary Carnagan Survey, Abstract No. 28 of Burleson County, Texas.

Dear Mr. Sloan:

Pursuant to your application on behalf of Union Pacific Resources to lease the captioned acre highway tract, we are enclosing a lease covering such land. The lease will serve as a receipt for the amount of the bonus.

The lease requires operators to submit certain information relative to production and related activities. In addition, when the lessee files various forms with the Texas Railroad Commission and the Department of Energy, he is requested to submit copies of these forms to the General Land Office. Examples of these forms are:

o W-1	Application to Drill, Deepen, or Plug Back with Plat;
o W-2	Oil Well Potential Test, Completion or Recompletion Report and Log;
o W-3	Plugging Record;
o G-1	Gas Well Back Pressure Test Completion/Recompletion Report and Log;
o G-5	Gas Well Classification Report;
o G-10	Gas Well Status Report;
o W-10	Oil and Well Status Report;
o W-12	Inclination Report;
o W-15	Cementing Affidavit;
o L-1	Electrical Logs (any scale and within fifteen days after they are made);
o W-12	Directional Surveys;
o P-12	Certificate of Pooling Authority
o F-1	NGPA Supplemental Application; and
o FERC-121	Application for Determination.

Furthermore, if this land and/or lease is included in a unit, please furnish us with a copy of the written designation of unit filed in the county records.

PAID-UP

OIL AND GAS LEASE NO. M-94399
GENERAL LAND OFFICE
AUSTIN, TEXAS

THIS AGREEMENT made and entered into by and between the Commissioner of the General Land Office of the State of Texas, whose address is Stephen F. Austin Building, 1700 North Congress, Austin, Texas, 78701, hereinafter called "Lessor", hereunto authorized by the School Land Board, pursuant to the provisions of Chapters 32, 34 and 52 of the Natural Resources Code (hereinafter called N.R.C.), and amendments thereto, and all applicable rules promulgated by the School Land Board, and Union Pacific Resources Company, whose address is P.O. Box 7, Fort Worth, Texas 76101-0007, hereinafter called "Lessee". 17307399737

1. Lessor, in consideration of Three Hundred Sixteen and 88/100 Dollars ($316.88), receipt of which is hereby acknowledged, and of the covenants and agreements of Lessee hereinafter contained, does hereby grant, lease, and let unto Lessee the land covered hereby for the purposes and with the exclusive right of exploring, drilling, mining and operating for, producing and owning oil, gas, and all other hydrocarbons, produced from the land covered hereby. The land covered hereby, herein called "said land" is located in the County of Burleson, State of Texas, and is described as follows:

> 3.728 acres of land, more or less, situated in the Mary Carnagan Survey, Abstract No. 8 and in the James Hall Survey, Abstract No. 28 of Burleson County, Texas, more particularly described in Exhibit "A" attached hereto and

made a part hereof together with a plat, attached hereto as Exhibit "B", depicting said right-of-way and surrounding area for purposes of illustration only.

For the purpose of determining the amount of any bonus or other payment hereunder, said land shall be deemed to contain 3.728 acres, whether actually containing more or less, and the above recital of acreage shall be deemed to be the true acreage thereof. Lessor accepts the bonus as lump sum consideration for this lease and all rights and options hereunder.

2. PRIMARY TERM: This lease, which is a "paid up" lease requiring no rentals, shall remain in force for a term of three years (3) years from September 3, 1991, hereinafter called "primary term", and as long thereafter as operations, as hereinafter defined, are conducted upon said land with no cessation for more than ninety (90) consecutive days.

3. ROYALTIES: As royalty Lessee covenants and agrees:

(a) To deliver to the credit of Lessor, in the pipe line to which Lessee may connect its well, the equal one-sixth (1/6) part of all oil produced and saved by Lessee from said land, or from time to time, at the option of Lessee, to pay Lessor the average posted market price of such one-sixth (1/6) part of such oil at the wells as of the day it is run to the pipe line or storage tanks, Lessor's interest, in either case, to bear one-sixth (1/6) of the cost of treating oil to render it marketable pipe line oil;

(b) To pay Lessor on gas and casinghead gas produced from said land (1) when sold by lessee, one-sixth (1/6) of the amount realized by Lessee, computed at the mouth of the well, or (2) when used by Lessee off said land or in the manufacture of gasoline or other products, the market value, at the mouth of the well, of one-sixth (1/6) of such gas and casinghead gas.

(c) If, at the expiration of the primary term or at any time or times thereafter, there is any well on said land or on lands with which said land or any portion thereof has been pooled, capable of producing oil or gas, and all such wells are shut-in, this lease shall, nevertheless, continue in force as though operations were being conducted on said land for so long as said wells are shut-in, and thereafter this lease may be continued in force as if no shut-in had occurred.

(d) Lessee covenants and agrees to use reasonable diligence to produce, utilize, or market the minerals capable of being produced from said wells, but in the exercise of such diligence, Lessee shall not be obligated to install or furnish facilities other than well facilities and ordinary lease facilities of flow lines, separator, and lease tank, and shall not be required to settle labor trouble or to market gas upon terms unacceptable to Lessee.

(e) If at any time or times after the expiration of the primary term, all such wells are shut-in for a period of ninety consecutive days, and during such time there are no operations on said land, then at or before the expiration of said ninety day period, lessee shall pay or tender, by check of lessee, as royalty, the sum of $18.64. Lessee shall make like payments or tenders at or before the end of each anniversary of the expiration of said ninety day period if upon such anniversary this lease is being continued in force solely by reason of the provisions of this paragraph. Each such payment or tender shall be made to the parties who at the time of payment would be entitled to receive the royalties which would be paid under this lease if the wells were producing. Nothing herein shall impair lessee's right to release as provided in paragraph 5 hereof. In the event of assignment of this lease in whole or in part, liability for payment hereunder shall rest exclusively on the then owner or owners of this lease, severally as to acreage owned by each.

(f) All royalties not taken in kind shall be paid to the Commissioner of the General Land Office at Austin, Texas, in the following manner:

Royalty on oil is due and must be received in the General Land Office on or before the 5th day of the second month succeeding the month of production, and royalty on gas is due and must be received in the General Land Office on or before the 15th day of the second month succeeding the month of production, accompanied by the affidavit of the owner, manager, or other authorized agent, completed in the form and manner prescribed by the General Land Office and showing the gross amount and disposition of all oil and gas produced and the market value of the oil and gas, together with a copy of all documents, records or reports confirming the gross production, disposition and market value including gas meter readings, pipeline receipts, gas line receipts and other checks or memoranda of amount produced and put into pipelines, tanks, or pools and gas lines or gas storage, and any other reports or records which the General Land Office may require to verify the gross production, disposition and market value. In all cases the authority of a manager or agent to act for the Lessee herein must be filed in the General Land Office. Each royalty payment shall be accompanied by a check stub, schedule, summary or other remittance advice showing by the assigned General Land Office lease number the amount of royalty being paid on each lease. If Lessee pays his royalty on or before thirty (30) days after the royalty payment was due, the Lessee owes a penalty of 5% on the royalty or $25.00, whichever is greater. A royalty payment which is over thirty (30) days late shall accrue a penalty of 10% of the royalty due or $25.00, whichever is greater. In addition to a penalty, royalties shall accrue interest at a rate of 12% per year; such interest will begin accruing when the royalty is sixty (60) days overdue. Affidavits and supporting documents which are not filed when due shall incur a penalty in an amount set by the General Land Office

administrative rule which is effective on the date when the affidavits or supporting documents were due. The Lessee shall bear all responsibility for paying or causing royalties to be paid as prescribed by the due date provided herein. Payment of the delinquency penalty shall in no way operate to prohibit the State's right of forfeiture as provided by law nor act to postpone the date on which royalties were originally due. The above penalty provisions shall not apply in cases of title dispute as to the State's portion of the royalty or to that portion of the royalty in dispute as to fair market value. The State shall have first lien upon all oil and gas produced from the area covered by this lease to secure the payment of all unpaid royalty and other sums of money that may become due to the State hereunder.

4. POOLING: (a) Lessee is hereby granted the right, at its option, to pool or unitize any land covered by this lease with any other land covered by this lease, and/or with any other land, lease, or leases, as to any or all minerals or horizons. Units pooled for oil hereunder shall not exceed 160 acres each in area, and units pooled for gas hereunder shall not exceed in area 640 acres each plus a tolerance of ten percent (10%) thereof, unless oil or gas units of a greater size are allowed under or prescribed by rules of the Railroad Commission of Texas. A unit established hereunder shall be valid and effective for all purposes of this lease even though there may be mineral, royalty, or leasehold interests in lands within the unit which are not effectively pooled or unitized. Any operations conducted on any part of such unitized land shall be considered, for all purposes, except the payment of royalty, as operations conducted upon said land under this lease. There shall be allocated to the land covered by this lease within each such unit (or to each separate tract within the unit if this lease covers separate tracts within the unit) the proportion of the total production of unitized minerals from the unit, after deducting any used in lease or unit operations, which the number of surface acres in such land (or in each such separate tract) covered by this lease within the unit bears to the total number of surface acres in the unit, and the production so allocated shall be considered for all purposes, including payment or delivery of royalty, overriding royalty and any other payments out of production, to be the entire production of unitized minerals from the land to which allocated in the same manner as though produced therefrom under the terms of this lease. The owner of the reversionary estate of any term royalty or mineral estate agrees that the accrual of royalties pursuant to this paragraph or of shut-in royalties from a well on the unit shall satisfy any limitation of term requiring production of oil or gas. The formation of any unit hereunder which includes land not covered by this lease shall not have the effect of exchanging or transferring any interest under this lease (including, without limitation, any shut-in royalty which may become payable under this lease) between parties owning interests in land covered by this lease and parties owning interests in land not covered by this lease. Neither shall

it impair the right of Lessee to release as provided in paragraph 5 hereof, except that Lessee may not so release as to lands within a unit while there are operations thereon for unitized minerals unless all pooled leases are released as to lands within the unit. At any time while this lease is in force Lessee may dissolve any unit established hereunder by filing for record in the public office where this lease is recorded a declaration to that effect, if at that time no operations are being conducted thereon for unitized minerals. Subject to the provisions of this paragraph 4, a unit once established hereunder shall remain in force for so long as any lease subject thereto shall remain in force. If this lease now or hereafter covers separate tracts, no pooling or unitization of royalty interests as between any such separate tracts is intended or shall be implied or result merely from the inclusion of such separate tracts within this lease but Lessee shall nevertheless have the right to pool or unitize as provided in this paragraph 4 with consequent allocation of production as herein provided. As used in this paragraph 4, the words "separate tract" mean any tract with royalty ownership differing, now or hereafter, either as to parties or amounts, from that as to any other part of the leased premises.

(b) Neither unit production of oil or gas, nor unit operations, nor payment of shut-in royalties from a unit gas well, shall serve to hold the lease in force as to any area outside the unit, regardless of whether the production, maintenance of a shut-in gas well, or operations are actually located on the State tract or not.

(c) Lessee agrees to file with the General Land Office a copy of any unit designation which this lease is included within ninety (90) days of such designation.

(d) Lessee shall have the right at Lessee's option to continue this lease in force and effect as to all or any part of such unpooled acreage for a period of not to exceed two (2) years beyond the end of the primary term hereof (if this lease is not otherwise being continued in force and effect as to such unpooled acreage) by making annual payments of delay rentals of $5.00 per acre for each surface acre covered by this lease that is not included in a pooled unit or pooled units just as though the primary term of this lease, as to such unpooled acreage, were extended for two (2) additional years beyond the end of the primary term hereof, such delay rental payments to be subject to proportionate reduction if Lessor does not own the full fee mineral estate under such unpooled acreage.

5. RELEASE: Lessee may relinquish the rights granted hereunder to the State at any time by recording the relinquishment in the county where this area is situated and filing the recorded relinquishment or certified copy of same in the General Land Office within ninety (90) days after its execution accompanied by the prescribed filing fee. Such relinquishment will not have the effect of releasing Lessee from any liability theretofore accrued

in favor of the State.

6. REWORK: If at any time or times during the primary term operations are conducted on said land and if all operations are discontinued, this lease shall thereafter terminate at the end of the primary term or on the ninetieth day after discontinuance of all operations, whichever is the later date, unless on such later date either (1) Lessee is conducting operations or (2) the shut-in well provisions of paragraph 3 or the provisions of paragraph 9 are applicable. Whenever used in this lease the word "operations" shall mean operations for and any of the following: drilling, testing, completing, reworking, recompleting, deepening, plugging back or repairing of a well in search for or in an endeavor to obtain production of oil or gas, or production of oil or gas in paying quantities.

7. MINERAL USE: Lessee shall have the use, free from royalty, of oil and gas produced from said land in all operations hereunder.

8. NOTICE: In the event Lessor considers that Lessee has not complied with all its obligations hereunder, both express and implied, Lessor shall notify Lessee in writing, setting out specifically in what respects Lessee has breached this contract. Lessee shall then have sixty (60) days after receipt of said notice within which to meet or commence to meet all or any part of the breaches alleged by Lessor. The service of said notice shall be precedent to the bringing of any action by Lessor on said lease for any cause, and no such action shall be brought until the lapse of sixty (60) days after service of such notice on Lessee. Neither the service of said notice nor the doing of any acts by Lessee aimed to meet all or any of the alleged breaches shall be deemed an admission or presumption that Lessee has failed to perform all its obligations hereunder. If this lease is canceled for any cause, it shall nevertheless remain in force and effect as to (1) sufficient acreage around each well as to which there are operations to constitute a drilling or maximum allowable unit under applicable governmental regulations, (but in no event less than forty acres), such acreage to be designated by Lessee as nearly as practicable in the form of a square centered at the well, or in such shape as then existing spacing rules require; and (2) any part of said land included in a pooled unit on which there are operations. Lessee shall also have such easements on said land as are necessary to operations on the acreage so retained.

9. FORCE MAJEURE: If, while this lease is in force, at, or after the expiration of the primary term hereof, it is not being continued in force by reason of the shut-in well provisions of paragraph 3 hereof, and Lessee is not conducting operations on said land by reason of (1) any law, order, rule or regulation, (whether or not subsequently determined to be invalid) or (2) any other cause, whether similar or dissimilar, (except financial) beyond the reasonable control of Lessee, the primary term shall be extended

until the first anniversary date hereof occurring ninety (90) or more days following the removal of such delaying cause, and this lease may be extended thereafter by operations as if such delay had not occurred.

10. LESSER ESTATE,CLAUSE: If this lease covers a less interest in the oil or gas in all or any part of said land than the entire and undivided fee simple estate (whether lessors interest is herein specified or not), or no interest therein, then the royalties, and other monies accruing from any part as to which this lease covers less than such full interest, shall be paid only in the proportion which the interest therein, if any, covered by this lease bears to the whole and undivided fee simple estate therein.

11. ASSIGNMENTS: This lease may be transferred at any time. All transfers must reference the lease by file number and must be recorded in the county where the land covered hereby is located, and the recorded transfer or a copy certified to by the County Clerk of the county where the transfer is recorded must be filed in the General Land Office within ninety (90) days of the execution date, as provided by N.R.C. Section 52.026, accompanied by the prescribed filing fee. Every transferee shall succeed to all rights and be subject to all obligations, liabilities, and penalties owed to the State by the original Lessee or any prior transferee of the lease, including any liabilities to the State for unpaid royalties.

12. WELL INFORMATION: Lessee agrees to forthwith furnish Lessor, upon written request, with copies of all drilling logs, electrical logs, cores and core records and other information pertaining to all wells drilled by lessee either on the leased premises or acreage pooled therewith, when requested to do so. Said information shall remain confidential as required by statute.

13. SURFACE: Notwithstanding anything herein to the contrary, it is agreed that Lessee will not conduct any exploration or drilling on the surface of the leased premises or use the surface in the exercise of any rights herein granted. Any development of said land shall be by means of a directional well located off the leased premises, or by pooling of said land with other land, lease or leases as hereinabove provided.

14. COMPENSATORY ROYALTY: Lessee shall pay a compensatory royalty if this lease is not being held by production on the leased premises, by production from a pooled unit, or by payment of shut-in royalties in accordance with the terms of this lease, and if oil or gas is sold or delivered in paying quantities from a well located within 2500 feet of the leased premises and completed in a producible reservoir underlying the area leased hereunder or in any case in which drainage is occurring. Such compensatory royalty shall be paid at the royalty rate provided in this lease based on the value of production from the well as provided in the lease on

which such well is located. The compensatory royalty shall be paid in the same proportion that the acreage of this lease has to the acreage of the proration unit surrounding the draining well plus the acreage of this lease. The compensatory royalty shall be paid monthly to the Commissioner of the General Land Office on or before the last day of the month after the month in which the oil or gas is sold and delivered from the well causing the drainage or from the well located within 2500 feet of the leased premises and completed in a producible reservoir under this lease. Notwithstanding anything herein to the contrary, compensatory royalty payable hereunder shall be no less than an amount equal to $37.28, and shall maintain this lease in effect for so long as such payments are made as provided herein.

15. FORFEITURE: If Lessee shall fail or refuse to make payment of any sum within thirty (30) days after it becomes due, or if Lessee or an authorized agent should knowingly make any false return or false report concerning production or drilling, or if Lessee shall fail or refuse to drill any offset well or wells in good faith as required by law and the rules and regulations adopted by the Commissioner of the General Land Office, or if Lessee should fail to file reports in the manner required by law or fail to comply with rules and regulations promulgated by the General Land Office, or refuse the proper authority access to the records pertaining to operations, or if Lessee or an authorized agent should knowingly fail or refuse to give correct information to the proper authority, or knowingly fail or refuse to furnish the General Land Office a correct log of any well, or if this lease is pooled or assigned and the unit designation or assignment is not filed in the General Land Office as required by law, the rights acquired under this lease shall be subject to forfeiture by the Commissioner, and he shall forfeit same when sufficiently informed of the facts which authorize a forfeiture, and when forfeited the area shall again be subject to lease. However, nothing herein shall be construed as waiving the automatic termination of this lease by operations of law or by reason of any special limitation arising hereunder. Forfeitures may be set aside and this lease and all rights thereunder reinstated before the rights of another intervene upon satisfactory evidence to the Commissioner of the General Land Office of future compliance with the provisions of the law and of this lease and the rules and regulations that may be adopted relative hereto.

16. RAILROAD COMMISSION: No natural gas or casinghead gas, including both associated and non-associated gas, produced from the mineral estate subject to this lease may be sold or contracted for sale to any person for ultimate use outside the State unless the Railroad Commission of Texas, after notice and hearing as provided in Title 3 of the N.R.C., finds that:

(a) the person, agency, or entity that executed the lease in question does not require the natural gas or casinghead

gas to meet its own existing needs for fuel;

(b) no private or public hospital, nursing home, or other similar health-care facility in this state requires the natural gas or casinghead gas to meet its existing needs for fuel;

(c) no public or private school in this state that provides elementary, secondary, or higher education requires the natural gas or casinghead gas to meet its existing needs for fuel;

(d) no facility of the State or of any county, municipality, or other political subdivision in this state requires the natural gas or casinghead gas to meet its existing needs for fuel;

(e) no producer of food and fiber requires the natural gas or casinghead gas necessary to meet the existing needs of irrigation pumps and other machinery directly related to this production; and

(f) no person who resides in this state and who relies on natural gas or casinghead gas to provide in whole or part his existing needs for fuel or raw material requires the natural gas or casinghead gas to meet those needs; provided, however, after notice and hearing as provided in Title 3 of the N.R.C., the Railroad Commission of Texas may grant exceptions to these provisions of Subchapter H of Chapter 52 of the N.R.C. if it finds and determines that enforcement of such provisions:

(1) would cause physical waste as defined in Title 3 of the N.R.C.; or

(2) would unreasonably deny to the Lessee an opportunity to produce economically hydrocarbons from the land subject to this lease.

IN TESTIMONY WHEREOF, witness the signature of the Commissioner of the General Land Office, under the seal of the General Land Office, effective as of September 3, 1991.

Re: Application to lease highway right-of-way
3.728 acres of land, more or less, situated in the Mary Carnaghan Survey, Abstract No. 8, and in the James Hall Survey, Abstract No. 28 of Burleson County, Texas.

Dear Mr. Morgan:

Pursuant to your letter dated September 3, 1991, regarding the above referenced application, please find enclosed the following:

1. A sight draft in the amount of $316.88 which represents the $75.00 per acre bonus and the $5.00 per acre delay rentals paid-up.

2. A check in the amount of $4.19 which represents the 1-1/2 % sales fee.

It is our understanding that this meets the conditions as set forth in your letter.

Upon completion of the Oil and Gas Lease in favor of Union Pacific Resources Company, P. O. Box 7, Fort Worth, Texas 76101-0007, please present the Lease along with the Sight Draft to the Collection Department of your bank.

Should you have any questions, please call me collect at 409/567-4661, Ext. 140.

Please address all correspondence regarding this matter to Ray Sloan, P. O. Box 716, Caldwell, Texas 77836-0716.

Sincerely,

Ray Sloan

MEMORANDUM

DATE: September 3, 1991

TO: SCHOOL LAND BOARD

FROM: PETROLEUM & MINERALS

SUBJECT: APPLICATION TO LEASE HIGHWAY RIGHT-OF-WAY

APPLICANT: Union Pacific Resources Company

REFERENCE: Being 3.728 acres of land, more or less, situated in the Mary Carnagan Survey, Abstract No. 8, and in the James Hall Survey, Abstract No. 28 of Burleson County, Texas.

The following terms were provided for in adjacent leases:

Bonus/Acre:	$75.00
Royalty:	1/6
Delay Rental:	$5.00
Primary Term:	3 years

The application has been reviewed by the Petroleum and Minerals Division and the State Department of Highways and Public Transportation. Subchapter F, chapter 32 of the Texas Natural Resources Code requires the approval of the application to lease upon the following terms:

Bonus/Acre:	$75.00
Royalty:	1/6
Delay Rental:	$5.00

Burleson County, Texas

Dear Mr. Boone:

Our client, Union Pacific Resources Company of Fort Worth, Texas, is interested in acquiring an oil and gas lease covering the above referenced highway tract.

I am enclosing the following items for your review:

1. Photocopy of a Right-of-way Deed dated October 8, 1932, from Frank Matejka et ux, to the State of Texas, recorded in Volume 76, Page 413, Deed Records, Burleson County, Texas (with plat attached).

2. Photocopy of a Right-of-way Deed dated March 26, 1932, from Geo. Sefcik et ux, to the State of Texas, recorded in Volume 76, Page 413, Deed Records, Burleson County, Texas (with plat attached). → 2.44 acres per Ray Sloan

3. Photocopy of a Right-of-way Deed dated January 5, 1933, from W. C. Homeyer et ux, to the State of Texas, recorded in Volume 76, Page 414, Deed Records, Burleson County, Texas (with plat attached).

4. Photocopy of a Right-of-way Deed dated May 24, 1971, from John E. Stefka et ux, to the State of Texas, recorded in Volume 205, Page 317, Deed Records, Burleson County, Texas, reserving all oil, gas and sulfur (with plat attached) included for reference purposes only.

5. Photocopy of a Right-of-way Deed dated March 1, 1979, from Mrs. Lil Skrivanek, to the State of Texas, recorded in Volume 252, Page 897, Deed Records, Burleson County, Texas, reserving all oil, gas and sulfur (with plat attached) included for reference purposes only.

6. Plat which sets out the above referenced 1.49 acres, more or less, colored red, and the acreage included for reference purposes in item numbers 4 and 5 above colored green on plat.

Thanking you for your review and consideration of our application.

Should you have any questions, please call me collect at 409/567-4661 Ext. 140.

RE: Application to lease a portion of State Highway 21
James Hall Svy., A-28 and Mary Carnaghan Svy., A-8
Brazos County, Texas

Dear Mr. Sloan:

We are in receipt of the above referenced application to lease Highway 21 in Brazos County. Please submit the following to complete this application:

1. Names and addresses of adjacent mineral owners.
2. Affidavit of non-production within 2500 feet of the highway right-of-way.
3. $100.00 process fee.
4. Written waiver of statutory notice to which the applicant is entitled.
5. Certified copy/copies of adjacent lease/leases.
6. Notarized affidavit of consideration paid for adjacent lease/leases. This should include bonus/acre paid, primary term, annual rental/acre, and royalty.
7. A title opinion or a letter from an attorney stating that title has been examined and the State of Texas owns the minerals under the highway right-of-way.

If you have any questions concerning this application, please contact me at the number listed below.

Sincerely,

Tracey T. Yakints

Re: John E. Stefka, Jr. Lease
81.93 Acres
James Hall League, A-28
Burleson County, Texas
Our Firm File No. 02025.0176

Gentlemen:

ORIGINAL TITLE OPINION

Description

81.93 acres of land, more or less, lying and being situated in the James Hall League, Abstract 28, Burleson County, Texas, being further described in three tracts as follows:

TRACT 1

78.953 acres of land, more or less, being all of that 82.5 acre tract of land described in deed dated November 26, 1904, recorded in Volume 23, Page 416, Deed Records, Burleson County, Texas, from Anna Matejka to Frank Matejka SAVE AND EXCEPT (i) .57 acre of land, more or less, being the same land conveyed in Right-of-Way Deed dated October 8, 1932, recorded in Volume 76, Page 413, Deed Records, Burleson County, Texas, from Frank Matejka and wife, Frances Matejka, to The State of Texas, acting through the State Highway Commission; and (ii) Tracts 2 and 3 described hereinafter;

TRACT 2

.977 acre of land, more or less, being the same land conveyed in Deed dated May 24, 1971, recorded in Volume 205, Page 315, Deed Records,

Petroleum Company, lessee, covering the Subject Property and other lands for a primary term of 10 years.

c. Oil, Gas and Mineral Lease dated April 23, 1976, recorded in Volume 18, Page 384, Oil & Gas Lease Records, from John E. Stefka, Jr. and wife, Shirley M. Stefka, lessors, to Fred Prickett, lessee, covering only the Subject Property for a primary term of five years.

COMMENTS AND REQUIREMENTS

1.

The James Hall League, Abstract No. 28, Burleson County, Texas, was granted by the Mexican government of Coahuila and Texas to James Hall, III by letter patent dated May 7, 1831, recorded in Volume 22, Page 533 and Volume 279, Page 480, Deed Records.

REQUIREMENT:

None, advisory only.

2.

There are early record title defects, breaks in the chain of title, and other title deficiencies pertaining to the Subject Property occurring prior to 1904, which the statute of limitations may have cured. By warranty deed dated November 26, 1904, recorded in Volume 23, Page 416, Deed Records, Anna Matejka conveyed the Subject Property, together with other lands, to Frank Matejka. Since 1904, the chain of title to the Subject Property, excluding easements, mortgages, and leases, is as follows:

By Quitclaim Deed dated December 4, 1906, recorded in Volume 30, Page 380, Deed Records, Vince and Frances Leshikar conveyed to Emil Leshikar and Frank Matejka all of their right, title and interest in and to all of the Subject Property and other lands.

By Right-of-Way Deed dated October 8, 1932, recorded in Volume 76, Page 413, Deed Records, Frank Metejka and wife, Francis Matejka, conveyed to the State of Texas .57 of an acre of land for highway right of way purposes. This instrument is a fee conveyance in which none of the minerals were reserved. We are unable to determine the location of this tract based upon the metes and bounds description thereof contained in this deed. However, it appears from the Tobin plats described above as Documents 4 and 5 that such roadway runs along the northeast perimeter of the Subject Property.

Re: Edward Homeyer et ux lease, 80 acres of land, more or less, out of the Mary Carnaghan Survey, A-8, Burleson County, Texas

ORIGINAL TITLE OPINION

Gentlemen:

Pursuant to your request, title has been examined for the following described tracts of land, located in Burleson County, Texas, and more particularly described by metes and bounds on Exhibit "A" attached to this Opinion and depicted on the plat attached hereto as Exhibit "C":

TRACT ONE:

80 acres of land, more or less, located in the Mary Carnaghan Survey, A-8, Burleson County, Texas, and being the same land more particularly described as the Second Tract in that certain Warranty Deed dated December 18, 1947, from W. C. Homeyer and wife, Mrs. Elsa Homeyer, to Otto H. Homeyer, recorded in Volume 99, Page 534 of the Deed Records of Burleson County, Texas; LESS AND EXCEPT those certain tracts of land described below as Tract Two and Tract Three.

TRACT TWO:

A rectangular tract of land 150 yards in width by 370 yards in length, located in the Mary Carnaghan Survey, A-8, Burleson County, Texas, and being the same land more

7.

As noted in the title history above, on January 5, 1933 (Volume 76, Page 414), W. C. Homeyer and his wife, Elsa Homeyer, executed a Warranty Deed in favor of the State of Texas conveying a 0.48 acre tract of land. The description given in the subject oil, gas and mineral lease appears to include said tract. The Warranty Deed to the State of Texas is, however, clearly superior in title to the lessee's interest under the subject lease. The conveyance to the State of Texas was a fee conveyance, not merely an easement, and contained no reservation of minerals in favor of W. C. Homeyer et ux.

REQUIREMENT:

If you intend to include the said 0.48 acre tract of land, being Tract Three of the captioned land, in a pooled unit, or if you intend to horizontally or directionally drill under Tract Three of the captioned land, you should obtain an oil, gas and mineral lease from the State of Texas covering said tract. Any such lease should be filed of record in Burleson County, Texas, with a copy submitted to this office for our examination.

8.

As noted on Exhibit "B" attached to this Opinion, there are several easements or rights-of-way, affecting the captioned land.

REQUIREMENT:

You should locate and respect the easements and rights-of-way listed on Exhibit "B" of this Opinion, along with any other apparent easements or rights-of-way, when conducting operations on the captioned land.

9.

This Opinion is based upon our examination of those documents of record in the offices of the County and District Clerks as referred to and identified in the above described Index of Transactions. We believe our Opinion to be accurate based upon such examination; however, for a complete title examination and an Opinion for which we can accept the customary responsibility, we should be furnished for our examination, abstracts of title certified for the period of time from the sovereignty of the soil to current date.

This Title Opinion has been prepared in reliance upon the validity, accuracy, and completeness of the instruments, documents and materials examined as herein described. No examination has been

RE: Lil Skrivanek et al lease, 106.91 acres of land, more or less, out of the James Hall League, A-28, Burleson County, Texas

ORIGINAL TITLE OPINION

Gentlemen:

Pursuant to your request, title has been examined for the following described tracts of land, located in Burleson County, Texas, being more particularly described by metes and bounds on Exhibit "A" and depicted on Exhibit "C" attached to this Opinion:

TRACT ONE:

5.611 acres of land, more or less, being the same land described in that certain Deed dated March 1, 1979, from Mrs. Lil Skrivanek to the State of Texas, recorded in Volume 252, Page 895 of the Deed Records of Burleson County, Texas.

TRACT TWO:

101.299 acres of land, more or less, being the same land described as 106.91 acres in that certain Deed dated June 1, 1970, from Joseph J. Skrivanek et al to John M. Skrivanek, recorded in Volume 186, Page 290 of the Deed Records of Burleson County, Texas SAVE AND EXCEPT Tract One above, leaving 101.299 acres of land, more or less.

* * * * * * * *

REQUIREMENT:

You should determine by what rights Joe Skrivanek III or any other person occupying the captioned land is in possession. If occupied by tenants, a Tenant's Consent Agreement should be obtained evidencing their consent to your operations. Same should be submitted for examination.

3.

By Deed dated March 26, 1932 (Volume 76, Page 413), George Sefcik and wife, Francisca Sefcik, conveyed a 0.44 acre tract to the State of Texas "for right-of-way purposes". Although this tract was conveyed "for right-of-way purposes", it conveyed the full fee simple interest in the 0.44 acre tract described. It has been held by Texas courts the subsequent recitals as to use do not operate to limit the grant to a mere easement if the granting clause conveys the land itself or the fee simple title thereto. Such a declaration of use does not ordinarily import a condition, especially where the instrument is supported by consideration. Stanberry v. Wallace, 45 S.W.2d 198, 199 (Comm. App. 1932), Texas and Pacific Ry. Co. v. Martin, 123 Tex. 383, 71 S.W.2d 867 (1934).

Since this 0.44 acre tract is excepted from subsequent conveyances and is owned in fee simple by the State, the "strip and gore" doctrine would not apply to attach said tract to the captioned land. Accordingly, the 0.44 acre tract is not a part of the captioned land and is thus excluded from this Opinion.

COMMENT:

Advisory only.

4.

As noted in Requirement No. 2 above, John M. Skrivanek died intestate survived by his wife, Mrs. Lil Skrivanek, and his children, John David Skrivanek, Deanne Jones and Sharon Lil Skrivanek. By Deed dated March 28, 1975 (Volume 226, Page 237), John David Skrivanek, Deanne Jones and Sharon Lil Skrivanek conveyed the captioned land in fee simple to Mrs. Lil Skrivanek. By Correction Deed dated March 6, 1981, but effective March 28, 1975 (Volume 281, Page 388), John David Skrivanek, Deanne Jones Butterfield and Sharon Lil Skrivanek, recited that their previous Deed to Mrs. Lil Skrivanek (Volume 226, Page 237) was mistaken, as the intent of the grantors was to convey only a life estate in the surface estate of the captioned land while retaining all of the minerals under the captioned land. Said Correction Deed was

OIL, GAS AND MINERAL LEASE

THIS AGREEMENT made this 1st day of February 1989, between

John E. Stefka, Jr. and wife, Shirley M. Stefka

Lessor (whether one or more), whose address is: Route 3, Box 22, Caldwell, Texas 77836 0007
and Union Pacific Resources Company, P.O. Box 7, Fort Worth, TX 76101-, Lessee, WITNESSETH:

1. Lessor in consideration of Ten and no/100---------- Dollars
($ 10.00), in hand paid, of the royalties herein provided, and of the agreements of Lessee herein contained, hereby grants, leases and lets exclusively unto Lessee for the purpose of investigating, exploring, prospecting, drilling and mining for and producing oil, gas and all other minerals, conducting exploration, geologic and geophysical surveys by seismograph, core test, gravity and magnetic methods, injecting gas, water and other fluids, and air into subsurface strata, laying pipe lines, building roads, tanks, power stations, telephone lines and other structures thereon and on, over and across lands owned or claimed by Lessor adjacent and contiguous thereto, to produce, save, take care of, treat, transport and own said products, and housing its employees, the following described land in Burleson County, Texas, to-wit:

All that certain tract or parcel of land out of the James Hall League, A-28, Burleson County, Texas, described in a deed dated February 4, 1972, by and between John E. Stefka and wife, Lydia Stefka, and John E. Stefka, Jr. and wife, Shirley M. Stefka, recorded in Volume 196, Page 380 of the Deed Records of Burleson County, Texas, containing 81.93 acres of land, more or less.

This lease also covers and includes all land owned or claimed by Lessor adjacent or contiguous to the land particularly described above, whether the same be in said survey or surveys or in adjacent surveys, although not included within the boundaries of the land particularly described above. For the purpose of calculating the rental payments hereinafter provided for, said land is estimated to comprise 81.93 acres, whether it actually comprises more or less.

2. Subject to the other provisions herein contained, this lease shall be for a term of Three (3) years from this date (called "primary term") and as long thereafter as oil, gas or other mineral is produced from said land or land with which said land is pooled hereunder.

3. The royalties to be paid by Lessee are: (a) on oil, ~~one eighth~~ 1/6 of that produced and saved from said land, the same to be delivered at the wells or to the credit of Lessor into the pipelines to which the wells may be connected; Lessee may from time to time purchase any royalty oil in its possession, paying the market price therefor prevailing for the field where produced on the date of purchase; (b) to pay lessor on gas and casinghead gas produced from said land (1) when sold by lessee, ~~one eighth~~ 1/6 of the amount realized by lessee, computed at the mouth of the well, or (2) when used by lessee off said land or in the manufacture of gasoline or other products, ~~one eighth~~ 1/6 of the amount realized from the sale of gasoline or other products extracted therefrom and ~~one eighth~~ 1/6 of the amount realized from the sale of residue gas after deducting the amount used for plant fuel and/or compression; while there is a gas well on this lease or on acreage pooled therewith but gas is not being sold or used, Lessee may pay as royalty, on or before ninety (90) days after the date on which (1) said well is shut in, or (2) the land covered hereby or any portion thereof is included in a pooled unit on which a well is located, or (3) this lease ceases to be otherwise maintained as provided herein, whichever is the later date, and thereafter at annual intervals on or before the anniversary of the date the first payment is made, a sum equal to the amount of the annual rental payable in lieu of drilling operations during the primary term on the number of acres subject to this lease at the time such payment is made, and if such payment is made or tendered, this lease shall not terminate, and it will be considered that gas is being produced from this lease in paying quantities; and (c) on all other minerals mined and marketed, one-tenth either in kind or value at the well or mine, at Lessee's election, except that on sulphur mined and marketed the royalty shall be fifty cents ($0.50) per long ton. Lessee shall have free use of oil, gas, coal, and water from said land, except water from Lessor's wells, for all operations hereunder, and the royalty on oil, gas and coal shall be computed after deducting any so used.

4. Lessee, at its option, is hereby given the right and power to pool or combine the acreage covered by this lease or any portion thereof as to oil and gas, or either of them, with any other land covered by this lease, and/or with any other land, lease or leases in the immediate vicinity thereof to the extent hereinafter stipulated, when in Lessee's judgment it is necessary or advisable to do so in order properly to explore, or to develop and operate said leased premises in compliance with the spacing rules of the Railroad Commission of Texas, or other lawful authority, or when to do so would, in the judgment of Lessee, promote the conservation of oil and gas in and under and that may be produced from said premises. Units pooled for oil hereunder shall not substantially exceed 40 acres each in area, and units pooled for gas hereunder shall not substantially exceed in area 640 acres each plus a tolerance of ten percent (10%) thereof, provided that should governmental authority having jurisdiction prescribe or permit the creation of units larger than those specified, for the drilling or operation of a well at a regular location or for obtaining maximum allowable from any well to be drilled, drilling or already drilled, units thereafter created may conform substantially in size with those prescribed or permitted by governmental regulations. Lessee under the provisions hereof may pool or combine acreage covered by this lease or any portion thereof as above provided as to oil in any one or more strata and as to gas in any one or more strata. The units formed by pooling as to any stratum or strata need not conform in size or area with the unit or units into which the lease is pooled or combined as to any other stratum or strata, and oil units need not conform as to area with gas units. The pooling in one or more instances shall not exhaust the rights of the Lessee hereunder to pool this lease or portions thereof into other units. Lessee shall file for record in the appropriate records of the county in which the leased premises are situated an instrument describing and designating the pooled acreage as a pooled unit; and upon such recordation the unit shall be effective as to all parties hereto, their heirs, successors, and assigns, irrespective of whether or not the unit is likewise effective as to all other owners of surface, mineral, royalty, or other rights in land included in such unit. Lessee may at its election exercise its pooling option before or after commencing operations for or completing an oil or gas well on the leased premises, and the pooled unit may include, but it is not required to include, land or leases upon which a well capable of producing oil or gas in paying quantities has theretofore been completed or upon which operations for the drilling of a well for oil or gas have theretofore been commenced. In the event of operations for drilling on or production of oil or gas from any part of a pooled unit which includes all or a portion of the land covered by this lease, regardless of whether such operations for drilling were commenced or such production was secured before or after the execution of this instrument or the instrument designating the pooled unit such operations shall be considered as operations for drilling on or production of oil and gas from land covered by this lease whether or not the well or wells be located on the premises covered by this lease and in such event operations for drilling shall be deemed to have been commenced on said land within the meaning of paragraph 5 of this lease; and the entire acreage constituting such unit or units, as to oil and gas, or either of them, as herein provided, shall be treated for all purposes, except the payment of royalties on production from the pooled unit, as if the same were included in this lease. For the purpose of computing the royalties to which owners of royalties and payments out of production and each of them shall be entitled on production of oil and gas, or either of them, from the pooled unit, there shall be allocated to the land covered by this lease and included in said unit (or to each separate tract within the unit if this lease covers separate tracts within the unit) a pro rata portion of the oil and gas, or either of them, produced from the pooled unit after deducting that used for operations on the pooled unit. Such allocation shall be on an acreage basis—that is to say, there shall be allocated to the acreage covered by this lease and included in the pooled unit (or to each separate tract within the unit if this lease covers separate tracts within the unit) that pro rata portion of the oil and gas, or either of them, produced from the pooled unit which the number of surface acres covered by this lease (or in each such separate tract) and included in the pooled unit bears to the total number of surface acres included in the pooled unit. Royalties hereunder shall be computed on the portion of such production, whether it be oil and gas, or either of them, so allocated to the land covered by this lease and included in the unit just as though such production were from such land. The production from an oil well will be considered as production from the lease or oil pooled unit which it is producing and not as production from a gas pooled unit; and production from a gas well will be considered as production from the lease or gas pooled unit from which it is producing and not from an oil pooled unit. The formation of any unit hereunder shall not have the effect of changing the ownership of any delay rental or shut-in production royalty which may become payable under this lease. If this lease now or hereafter covers separate tracts, no pooling or unitization of royalty interest as between any such separate tracts is intended or shall be implied or result merely from the inclusion of such separate tracts within this lease but Lessee shall nevertheless have the right to pool as provided above with consequent allocation of production as above provided. As used in this paragraph 4, the words "separate tract" mean any tract with royalty ownership differing, now or hereafter, either as to parties or amounts, from that as to any other part of the leased premises.

5. If operations for drilling are not commenced on said land or on acreage pooled therewith as above provided on or before one year from this date, the lease shall then terminate as to both parties, unless on or before such anniversary date Lessee shall pay or tender (or shall make a bona fide attempt to pay or tender, as hereinafter stated) to Lessor or to the credit of Lessor in Southwest Savings Assoc. Bank at P.O. Box 745, Caldwell, Texas 77836
Texas, (which bank and its successors are Lessor's agent and shall continue as the depository for all rentals payable hereunder regardless of changes in ownership of said land or the rentals) the sum of Four Hundred Nine and 65/100----------
Dollars ($ 409.65), (herein called rentals), which shall cover the privilege of deferring commencement of drilling operations for a period of twelve (12) months. In like manner and upon like payments or tenders annually, the commencement of drilling operations may be further deferred for successive periods of twelve (12) months each during the primary term. The payment or tender of rental under this paragraph and of royalty under paragraph 3 on any gas well from which gas is not being sold or used may be made by the check or draft of Lessee mailed or delivered to the parties entitled thereto or to said bank on or before the date of payment. If such bank (or any successor bank) should fail, liquidate or be succeeded by another bank, or for any reason fail or refuse to accept rental, Lessee shall not be held in default for failure to make such payment or tender or rental until thirty (30) days after Lessor shall deliver to Lessee a proper recordable instrument naming another bank as agent to receive such payments or tenders. If Lessee shall, on or before any anniversary date, make a bona fide attempt to pay or deposit rental to a Lessor entitled thereto according to Lessee's records or to a Lessor, who, prior to such attempted payment or deposit, has given Lessee notice, in accordance with subsequent provisions of this lease, of his right to receive rental, and if such payment or deposit shall be ineffective or erroneous in any regard, Lessee shall be unconditionally obligated to pay to such Lessor the rental properly payable for the rental period involved, and this lease shall not terminate but shall be maintained in the same manner as if such erroneous or ineffective rental payment or deposit had been properly made, provided that the erroneous or ineffective rental payment or deposit be corrected within 30 days after receipt by Lessee of written notice from such Lessor of such error accompanied by such instruments as are necessary to enable Lessee to make proper payment. The down cash payment is consideration for this lease according to its terms and shall not be allocated as a mere rental for a period. Lessee may at any time or times execute and deliver to lessor or to the depository above named or place of record a release or releases of this lease as to all or any part of the above-described premises, or of any mineral or horizon under all or any part thereof, and thereby be relieved of all obligations as to the released land or interest. If this lease is released as to all minerals and horizon under a portion of the land covered by this lease, the rentals and other payments computed in accordance therewith shall thereupon be reduced in the proportion that the number of surface acres within such released portion bears to the total number of surface acres which was covered by this lease immediately prior to such release.

6. If prior to discovery and production of oil, gas or other mineral on said land or on acreage pooled therewith, Lessee should drill a dry hole or holes thereon, or if after discovery and production of oil, gas or other mineral, the production thereof should cease from any cause, this lease shall not terminate if Lessee commences operations for drilling or reworking within sixty (60) days thereafter or if it be within the primary term, commences or resumes the payment or tender of rentals or commences operations for drilling or reworking on or before the rental paying date next ensuing after the expiration of sixty days from date of completion of dry hole or cessation of production. If at any time subsequent to sixty (60) days prior to the beginning of the last year of the primary term and prior to the discovery of oil, gas or other mineral on said land, or on acreage pooled therewith, Lessee should drill a dry hole thereon, no rental payment or operations are necessary in order to keep the lease in force during the remainder of the primary term. If at the expiration of the primary term, oil, gas or other mineral is not being produced on said land, or on acreage pooled therewith, but Lessee is then engaged in drilling or reworking operations thereon or shall have completed a dry hole thereon within sixty (60) days prior to the end of the primary term, the lease shall remain in force so long as operation on said well or for drilling or reworking of any additional well are prosecuted with no cessation of more than sixty (60) consecutive days, and if they result in the production of oil, gas or other mineral, so long thereafter as oil, gas or other mineral is produced from said land or acreage pooled therewith. Any pooled unit designated by Lessee in accordance with the terms hereof may be dissolved by Lessee by instrument filed for record in the appropriate records of the county in which the leased premises are situated at any time after the completion of a dry hole or the cessation of production on said unit. In the event a well or wells producing oil or gas in paying quantities should be brought in on adjacent land and within three hundred thirty (330) feet of and draining the leased premises, or acreage pooled therewith, Lessee agrees to drill such offset wells as a reasonably prudent operator would drill under the same or similar circumstances.

7. Lessee shall have the right at any time during or after the expiration of this lease to remove all property and fixtures placed by Lessee on said land, including the right to draw and remove all casing. When required by Lessor, Lessee will bury all pipe lines below ordinary plow depth, and no well shall be drilled within two hundred (200) feet of any residence or barn now on said land without Lessor's consent.

8. The rights of either party hereunder may be assigned in whole or in part, and the provisions hereof shall extend to their heirs, successors and assigns; but no change or division in ownership of the land, rentals or royalties, however accomplished, shall operate to enlarge the obligations or diminish the rights of Lessee; and no change or division in such ownership shall be binding on Lessee until thirty (30) days after Lessee shall have been furnished by registered U.S. mail at Lessee's principal place of business with a certified copy of recorded instrument or instruments evidencing same. In the event of assignment hereof in whole or in part, liability for breach of any obligation hereunder shall rest exclusively upon the owner of this lease or of a portion thereof who commits such breach. In the event of the death of any person entitled to rentals hereunder, Lessee may pay or tender such rentals to the credit of the deceased or the estate of the deceased until such time as Lessee is furnished with proper evidence of the appointment and qualification of an executor or administrator of the estate, or if there be none, then until Lessee is furnished with evidence satisfactory to it as to the heirs or devisees of the deceased and that all debts of the estate have been paid. If at any time two or more persons be entitled to participate in the rental payable hereunder, Lessee may pay or tender said rental jointly to such persons or to their joint credit in the depository named herein; or, at Lessee's election, the proportionate part of said rentals to which each participant is entitled may be paid or tendered to him separately or to his separate credit in said depository; and payment or tender to any participant of his portion of the rentals hereunder shall maintain this lease as to such participant. In event of assignment of this lease as to a segregated portion of said land, the rentals payable hereunder shall be apportionable as between the several leasehold owners ratably according to the surface area of each, and default in rental payment by one shall not affect the rights of other leasehold owners hereunder. If six or more parties become entitled to royalty hereunder, Lessee may withhold payment thereof unless and until furnished with a recordable instrument executed by all such parties designating an agent to receive payment for all.

9. The breach by Lessee of any obligation arising hereunder shall not work a forfeiture or termination of this lease nor cause a termination or reversion of the estate created hereby nor be grounds for cancellation hereof in whole or in part. In the event Lessor considers that operations are not at any time being conducted in compliance with this lease, Lessor shall notify Lessee in writing of the facts relied upon as constituting a breach hereof, and Lessee, if in default, shall have sixty days after receipt of such notice in which to commence the compliance with the obligations imposed by virtue of this instrument. After the discovery of oil, gas or other mineral in paying quantities on said premises, Lessee shall develop the acreage retained hereunder as a reasonably prudent operator, but in discharging this obligation it shall in no event be required to drill more than one well per forty (40) acres of the area retained hereunder and capable of producing oil in paying quantities and one well per 640 acres plus an acreage tolerance not to exceed 10% of 640 acres of the area retained hereunder and capable of producing gas or other mineral in paying quantities.

10. Lessor hereby warrants and agrees to defend the title to said land and agrees that Lessee at its option may discharge any tax, mortage or other lien upon said land, either in whole or in part, and in event Lessee does so, it shall be subrogated to such lien with right to enforce same and apply rentals and royalties accruing hereunder toward satisfying same. Without impairment of Lessee's rights under the warranty in event of failure of title, it is agreed that if this lease covers a less interest in the oil, gas, sulphur, or other minerals in all or any part of said land than the entire and undivided fee simple estate (whether Lessor's interest is herein specified or not), or no interest therein, then the royalties, delay rental, and other monies accruing from any part as to which this lease covers less than such full interest, shall be paid only in the proportion which the interest therein, if any, covered by this lease, bears to the whole and undivided fee simple estate therein. All royalty interest covered by this lease (whether or not owned by Lessor) shall be paid out of the royalty herein provided. Should any one or more of the parties named above as Lessors fail to execute this lease, it shall nevertheless be binding upon the party or parties executing the same. Failure of Lessee to reduce rental paid hereunder shall not impair the right of Lessee to reduce royalties.

11. Should Lessee be prevented from complying with any express or implied covenant of this lease, from conducting drilling or reworking operations thereon or from producing oil or gas therefrom by reason of scarcity of or inability to obtain or to use equipment or material, or by operation of force majeure, any Federal or state law or any order, rule or regulation of governmental authority, then while so prevented, Lessee's obligation to comply with such covenant shall be suspended, and Lessee shall not be liable in damages for failure to comply therewith; and this lease shall be extended while and so long as Lessee is prevented by any such cause from conducting drilling or reworking operations on or from producing oil or gas from the lease premises; and the time while Lessee is so prevented shall not be counted against Lessee, anything in this lease to the contrary notwithstanding. See Addendum attached hereto and made a part hereof covering paragraphs 12 through 15.

IN WITNESS WHEREOF, this instrument is executed on the date first above written.

ADDENDUM

Attached to and made a part of that certain Oil, Gas and Mineral Lease dated February 1, 1989 from John E. Stefka, Jr. and wife, Shirley M. Stefka, Lessor, to Union Pacific Resources Company, P. O. Box 7, Fort Worth, Texas 76101-0007, Lessee, covering 81.93 acres, more or less in Burleson County, Texas.

Additional Provisions of Lease

Notwithstanding anything to the contrary in the foregoing printed Oil, Gas and Mineral Lease, it is agreed and understood as follows, to-wit:

12. There is excepted herefrom and reserved to the Lessor herein all coal, uranium, fissionable materials and all bentonite, fullers earth and other claylike substances, it is specifically understood and agreed that this lease covers only oil, gas, sulphur, and associated liquid or liqueflable hydrocarbons, but this lease does not cover or include any other minerals, with all other such minerals being reserved to the Lessor herein. Accordingly, the words "oil, gas" when used herein shall mean oil, gas, sulphur and associated liquid or liqueflable hydrocarbons, and the words "all other minerals" whenever used herein, shall be stricken from this lease, so that such "all other minerals", as defined herein, are reserved to the Lessor.

13. At the end of each drilling operation, the Lessee shall proceed with reasonable diligence to restore the surface of the leased premises to as near its original condition as practicable, and shall pay the surface owner and/or the surface owner's tenant(s), if applicable, in full for all damages to crops, livestock, land or improvements situated on the leased premises caused by Lessee's operations hereunder.

14. If Lessee exercises its right to pool as provided in Paragraph four (4) hereof and less than all of the surface acreage covered by this lease is placed in any pooled unit or pooled units, then production, drilling or reworking operations on any such unit in which such acreage is pooled shall be treated as production, drilling or reworking operations only on the acreage covered by this lease and placed in such pooled unit or pooled units and shall not be considered as production, drilling or reworking operations on any acreage covered by this lease and not placed in such a pooled unit or pooled units. This lease, during any period in which it is being so maintained as to part of the land covered hereby, may be maintained as to the remainder not so pooled by the payment of a proportionate part of the rentals provided herein as to the acreage not included in such pooled unit or pooled units, or by production, drilling or reworking operations thereon; provided, however, Lessee shall have the right as Lessee's option to continue this lease in force and effect as to all or any part of such unpooled acreage for a period of not to exceed two (2) years beyond the end of the primary term hereof (if this lease is not otherwise being continued in force and effect as to such unpooled acreage) by making annual payments of delay rentals of $5.00 per acre for each surface acre covered by this lease that is not included in a pooled unit or pooled units just as though the primary term of this lease, as to such unpooled acreage, were extended for two (2) additional years beyond the end of the primary term hereof, such delay rental payments to be subject to proportionate reduction if Lessor does not own the full fee mineral estate under such unpooled acreage and, also, in accordance with the other provisions of this lease covering the payment to Lessor of delay rentals hereunder.

J.S., S.S.

15. Although this lease may have terminated in part and been partially released under the provisions of this lease, it is agreed that Lessee shall have and retain such easements over and across such terminated portion or portions of the lands originally covered by this lease as shall be reasonably necessary for ingress and egress and to enable Lessee to develope and operate the portion or portions of this lease continuing in effect for the production of oil or gas therefrom, and Lessee shall not be required to move or relocate any pipelines, tanks, separators or other equipment or machinery used in connection with such production of oil or gas.

OIL, GAS AND MINERAL LEASE

THIS AGREEMENT made this 1st day of August 19 89, between Lil Skrivanek; John David Skrivanek; Deanne Butterfield (a/k/a Deanne Jones Butterfield); and Sharon Skrivanek-Clark (a/k/a Sharon Lil Skrivanek-Clark)

Lessor (whether one or more), whose address is: c/o John David Skrivanek, P.O. Box 1605, Bellaire, TX 77402 and Union Pacific Resources Company, P.O. Box 7, Fort Worth, TX 76101-0007, Lessee, WITNESSETH:

1. Lessor in consideration of Ten and Other Good and Valuable Consideration Dollars ($ 10.00 & OVG, in hand paid, of the royalties herein provided, and of the agreements of Lessee herein contained, hereby grants, leases and lets exclusively unto Lessee for the purpose of investigating, exploring, prospecting, drilling and mining for and producing oil, gas and all other minerals, conducting exploration, geologic and geophysical surveys by seismograph, core test, gravity and magnetic methods, injecting gas, water and other fluids, and air into subsurface strata, laying pipe lines, building roads, tanks, power stations, telephone lines and other structures thereon and on, over and across lands owned or claimed by Lessor adjacent and contiguous thereto, to produce, save, take care of, treat, transport and own said products, and housing its employees, the following described land in Burleson County, Texas, to-wit:

All that certain tract or parcel of land out of the James Hall League, A-28, Burleson County, Texas, described in a deed dated June 1, 1970, by and between Joseph J. Skrivanek, et al, and John M. Skrivanek, recorded in Volume 186, Page 290 of the Deed Records of Burleson County, Texas, containing 106.91 acres of land, more or less; also, being the same tract or parcel of land described in a deed dated September 29, 1981, by and between Lil Skrivanek, and John David Skrivanek, et al, recorded in Volume 293, Page 4 of the Deed Records of Burleson County, Texas, containing 107.0 acres of land, more or less; and for the purposes of this lease, said tract of land contains 106.91 acres, more or less.

This lease also covers and includes all land owned or claimed by Lessor adjacent or contiguous to the land particularly described above, whether the same be in said survey or surveys or in adjacent surveys, although not included within the boundaries of the land particularly described above. For the purpose of calculating the rental payments hereinafter provided for, said land is estimated to comprise 106.91 acres, whether it actually comprises more or less.

2. Subject to the other provisions herein contained, this lease shall be for a term of three (3) years from this date (called "primary term") and as long thereafter as oil, gas or other mineral is produced from said land or land with which said land is pooled hereunder.

3. The royalties to be paid by Lessee are: (a) on oil, one-eighth of that produced and saved from said land, the same to be delivered at the wells or to the credit of Lessor into the pipelines to which the wells may be connected; Lessee may from time to time purchase any royalty oil in its possession, paying the market price therefor prevailing for the field where produced on the date of purchase; (b) to pay lessor on gas and casinghead gas produced from said land (1) when sold by lessee, one-eighth of the amount realized by lessee, computed at the mouth of the well, or (2) when used by lessee off said land or in the manufacture of gasoline or other products, one-eighth of the amount realized from the sale of gasoline or other products extracted therefrom and one-eighth of the amount realized from the sale of residue gas after deducting the amount used for plant fuel and/or compression; while there is a gas well on this lease or on acreage pooled therewith but gas is not being sold or used, Lessee may pay as royalty, on or before ninety (90) days after the date on which (1) said well is shut in, or (2) the land covered hereby or any portion thereof is included in a pooled unit on which a well is located, or (3) this lease ceases to be otherwise maintained as provided herein, whichever is the later date, and thereafter at annual intervals on or before the anniversary of the date the first payment is made, a sum equal to the amount of the annual rental payable in lieu of drilling operations during the primary term on the number of acres subject to this lease at the time such payment is made, and if such payment is made or tendered, this lease shall not terminate, and it will be considered that gas is being produced from this lease in paying quantities; and (c) on all other minerals mined and marketed, one-tenth either in kind or value at the well or mine, at Lessee's election, except that on sulphur mined and marketed the royalty shall be fifty cents (50¢) per long ton. Lessee shall have free use of oil, gas, coal, and water from said land, except water from Lessor's wells, for all operations hereunder, and the royalty on oil, gas and coal shall be computed after deducting any so used.

4. Lessee, at its option, is hereby given the right and power to pool or combine the acreage covered by this lease or any portion thereof as to oil and gas, or either of them, with any other land covered by this lease, and/or with any other land, lease or leases in the immediate vicinity thereof to the extent hereinafter stipulated, when in Lessee's judgment it is necessary or advisable to do so in order properly to explore, or to develop and operate said leased premises in compliance with the spacing rules of the Railroad Commission of Texas, or other lawful authority, or when to do so would, in the judgment of Lessee, promote the conservation of oil and gas in and under and that may be produced from said premises. Units pooled for oil hereunder shall not substantially exceed 40 acres each in area, and units pooled for gas hereunder shall not substantially exceed in area 640 acres each plus a tolerance of ten percent (10%) thereof, provided that should governmental authority having jurisdiction prescribe or permit the creation of units larger than those specified, for the drilling or operation of a well at a regular location or for obtaining maximum allowable from any well to be drilled, drilling or already drilled, units thereafter created may conform substantially in size with those prescribed or permitted by governmental regulations. Lessee under the provisions hereof may pool or combine acreage covered by this lease or any portion thereof as above provided as to oil in any one or more strata and as to gas in any one or more strata. The units formed by pooling as to any stratum or strata need not conform in size or area with the unit or units into which the lease is pooled or combined as to any other stratum or strata, and oil units need not conform as to area with gas units. The pooling in one or more instances shall not exhaust the rights of the Lessee hereunder to pool this lease or portions thereof into other units. Lessee shall file for record in the appropriate records of the county in which the leased premises are situated an instrument describing and designating the pooled acreage as a pooled unit; and upon such recordation the unit shall be effective as to all parties hereto, their heirs, successors, and assigns, irrespective of whether or not the unit is likewise effective as to all other owners of surface, mineral, royalty, or other rights in land included in such unit. Lessee may at its election exercise its pooling option before or after commencing operations for or completing an oil or gas well on the leased premises, and the pooled unit may include, but it is not required to include, land or leases upon which a well capable of producing oil or gas in paying quantities has theretofore been completed or upon which operations for the drilling of a well for oil or gas have theretofore been commenced. In the event of operations for drilling on or production of oil or gas from any part of a pooled unit which includes all or a portion of the land covered by this lease, regardless of whetner such operations for drilling were commenced or such production was secured before or after the execution of this instrument or the instrument designating the pooled unit such operations shall be considered as operations for drilling on or production of oil and gas from land covered by this lease whether or not the well or wells be located on the premises covered by this lease and in such event operations for drilling shall be deemed to have been commenced on said land within the meaning of paragraph 5 of this lease; and the entire acreage constituting such unit or units, as to oil and gas, or either of them, as herein provided, shall be treated for all purposes, except the payment of royalties on production from the pooled unit, as if the same were included in this lease. For the purpose of computing the royalties to which owners of royalties and payments out of production and each of them shall be entitled on production of oil and gas, or either of them, from the pooled unit, there shall be allocated to the land covered by this lease and included in said unit (or to each separate tract within the unit if this lease covers separate tracts within the unit) a pro rata portion of the oil and gas, or either of them, produced from the pooled unit after deducting that used for operations on the pooled unit. Such allocation shall be on an acreage basis—that is to say, there shall be allocated to the acreage covered by this lease and included in the pooled unit (or to each separate tract within the unit if this lease covers separate tracts within the unit) that pro rata portion of the oil and gas, or either of them, produced from the pooled unit which the number of surface acres covered by this lease (or in each such separate tract) and included in the pooled unit bears to the total number of surface acres included in the pooled unit. Royalties hereunder shall be computed on the portion of such production, whether it be oil and gas, or either of them, so allocated to the land covered by this lease and included in the unit just as though such production were from such land. The production from an oil well will be considered as production from the lease or oil pooled unit which it is producing and not as production from a gas pooled unit; and production from a gas well will be considered as production from the lease or gas pooled unit from which it is producing and not from an oil pooled unit. The formation of any unit hereunder shall not have the effect of changing the ownership of any delay rental or shut-in production royalty which may become payable under this lease. If this lease now or hereafter covers separate tracts, no pooling or unitization of royalty interest as between any such separate tracts is intended or shall be implied or result merely from the inclusion of such separate tracts within this lease but Lessee shall nevertheless have the right to pool as provided above with consequent allocation of production as above provided. As used in this paragraph 4, the words "separate tract" mean any tract with royalty ownership differing, now or hereafter, either as to parties or amounts, from that as to any other part of the leased premises.

5. If operations for drilling are not commenced on said land or on acreage pooled therewith as above provided on or before one year from this date, the lease shall then terminate as to both parties, unless on or before such anniversary date Lessee shall pay or tender (or shall make a bona fide attempt to pay or tender, as hereinafter stated) to Lessor or to the credit of Lessor in Citizens National Bank of Texas Bank at P.O. Box 20, Bellaire, 77402, Texas, (which bank and its successors are Lessor's agent and shall continue as the depository for all rentals payable hereunder regardless of changes in ownership of said land or the rentals) the sum of Five Hundred Thirty-Four and 56/100---------- Dollars ($ 534.56), (herein called rentals), which shall cover the privilege of deferring commencement of drilling operations for a period of twelve (12) months. In like manner and upon like payments or tenders annually, the commencement of drilling operations may be further deferred for successive periods of twelve (12) months each during the primary term. The payment or tender of rental under this paragraph and of royalty under paragraph 3 on any gas well from which gas is not being sold or used may be made by the check or draft of Lessee mailed or delivered to the parties entitled thereto or to said bank on or before the date of payment. If such bank (or any successor bank) should fail, liquidate or be succeeded by another bank, or for any reason fail or refuse to accept rental, Lessee shall not be held in default for failure to make such payment or tender or rental until thirty (30) days after Lessor shall deliver to Lessee a proper recordable instrument naming another bank as agent to receive such payments or tenders. If Lessee shall, on or before any anniversary date, make a bona fide attempt to pay or deposit rental to a Lessor entitled thereto according to Lessee's records or to a Lessor, who, prior to such attempted payment or deposit, has given Lessee notice, in accordance with subsequent provisions of this lease, of his right to receive rental, and if such payment or deposit shall be ineffective or erroneous in any regard, Lessee shall be unconditionally obligated to pay to such Lessor the rental properly payable for the rental period involved, and this lease shall not terminate but shall be maintained in the same manner as if such erroneous or ineffective rental payment or deposit had been properly made, provided that the erroneous or ineffective rental payment or deposit be corrected within 30 days after receipt by Lessee of written notice from such Lessor of such error accompanied by such instruments as are necessary to enable Lessee to make proper payment. The down cash payment is consideration for this lease according to its terms and shall not be allocated as a mere rental for a period. Lessee may at any time or times execute and deliver to lessor or to the depository above named or place of record a release or releases of this lease as to all or any part of the above-described premises, or of any mineral or horizon under all or any part thereof, and thereby be relieved of all obligations as to the released land or interest. If this lease is released as to all minerals and horizon under a portion of the land covered by this lease, the rentals and other payments computed in accordance therewith shall thereupon be reduced in the proportion that the number of surface acres within such released portion bears to the total number of surface acres which was covered by this lease immediately prior to such release.

6. If prior to discovery and production of oil, gas or other mineral on said land or on acreage pooled therewith, Lessee should drill a dry hole or holes thereon, or if after discovery and production of oil, gas or other mineral, the production thereof should cease from any cause, this lease shall not terminate if Lessee commences operations for drilling or reworking within sixty (60) days thereafter or if it be within the primary term, commences or resumes the payment or tender of rentals or commences operations for drilling or reworking on or before the rental paying date next ensuing after the expiration of sixty days from date of completion of dry hole or cessation of production. If at any time subsequent to sixty (60) days prior to the beginning of the last year of the primary term and prior to the discovery of oil, gas or other mineral on said land, or on acreage pooled therewith, Lessee should drill a dry hole thereon, no rental payment or operations are necessary in order to keep the lease in force during the remainder of the primary term. If at the expiration of the primary term, oil, gas or other mineral is not being produced on said land, or on acreage pooled therewith, but Lessee is then engaged in drilling or reworking operations thereon or shall have completed a dry hole thereon within sixty (60) days prior to the end of the primary term, the lease shall remain in force so long as operation on said well or for drilling or reworking of any additional well are prosecuted with no cessation of more than sixty (60) consecutive days, and if they result in the production of oil, gas or other mineral, so long thereafter as oil, gas or other mineral is produced from said land or acreage pooled therewith. Any pooled unit designated by Lessee in accordance with the terms hereof may be dissolved by Lessee by instrument filed for record in the appropriate records of the county in which the leased premises are situated at any time after the completion of a dry hole or the cessation of production on said unit. In the event a well or wells producing oil or gas in paying quantities should be brought in on adjacent land and within three hundred thirty (330) feet of and draining the leased premises, or acreage pooled therewith, Lessee agrees to drill such offset wells as a reasonably prudent operator would drill under the same or similar circumstances.

7. Lessee shall have the right at any time during or after the expiration of this lease to remove all property and fixtures placed by Lessee on said land, including the right to draw and remove all casing. When required by Lessor, Lessee will bury all pipe lines below ordinary plow depth, and no well shall be drilled within two hundred (200) feet of any residence or barn now on said land without Lessor's consent.

8. The rights of either party hereunder may be assigned in whole or in part, and the provisions hereof shall extend to their heirs, successors and assigns; but no change or division in ownership of the land, rentals or royalties, however accomplished, shall operate to enlarge the obligations or diminish the rights of Lessee; and no change or division in such ownership shall be binding on Lessee until thirty (30) days after Lessee shall have been furnished by registered U.S. mail at Lessee's principal place of business with a certified copy of recorded instrument or instruments evidencing same. In the event of assignment hereof in whole or in part, liability for breach of any obligation hereunder shall rest exclusively upon the owner of this lease or of a portion thereof who commits such breach. In the event of the death of any person entitled to rentals hereunder, Lessee may pay or tender such rentals to the credit of the deceased or the estate of the deceased until such time as Lessee is furnished with proper evidence of the appointment and qualification of an executor or administrator of the estate, or if there be none, then until Lessee is furnished with evidence satisfactory to it as to the heirs or devisees of the deceased and that all debts of the estate have been paid. If at any time two or more persons be entitled to participate in the rental payable hereunder, Lessee may pay or tender said rental jointly to such persons or to their joint credit in the depository named herein; or, at Lessee's election, the proportionate part of said rentals to which each participant is entitled may be paid or tendered to him separately or to his separate credit in said depository; and payment or tender to any participant of his portion of the rentals hereunder shall maintain this lease as to such participant. In event of assignment of this lease as to a segregated portion of said land, the rentals payable hereunder shall be apportionable as between the several leasehold owners ratably according to the surface area of each, and default in rental payment by one shall not affect the rights of other leasehold owners hereunder. If six or more parties become entitled to royalty hereunder, Lessee may withhold payment thereof unless and until furnished with a recordable instrument executed by all such parties designating an agent to receive payment for all.

9. The breach by Lessee of any obligation arising hereunder shall not work a forfeiture or termination of this lease nor cause a termination or reversion of the estate created hereby nor be grounds for cancellation hereof in whole or in part. In the event Lessor considers that operations are not at any time being conducted in compliance with this lease, Lessor shall notify Lessee in writing of the facts relied upon as constituting a breach hereof, and Lessee, if in default, shall have sixty days after receipt of such notice in which to commence the compliance with the obligations imposed by virtue of this instrument. After the discovery of oil, gas or other mineral in paying quantities on said premises, Lessee shall develop the acreage retained hereunder as a reasonably prudent operator, but in discharging this obligation it shall in no event be required to drill more than one well per forty (40) acres of the area retained hereunder and capable of producing oil in paying quantities and one well per 640 acres plus an acreage tolerance not to exceed 10% of 640 acres of the area retained hereunder and capable of producing gas or other mineral in paying quantities.

10. Lessor hereby warrants and agrees to defend the title to said land and agrees that Lessee at its option may discharge any tax, mortage or other lien upon said land, either in whole or in part, and in event Lessee does so, it shall be subrogated to such lien with right to enforce same and apply rentals and royalties accruing hereunder toward satisfying same. Without impairment of Lessee's rights under the warranty in event of failure of title, it is agreed that if this lease covers a less interest in the oil, gas, sulphur, or other minerals in all or any part of said land than the entire and undivided fee simple estate (whether Lessor's interest is herein specified or not), or no interest therein, then the royalties, delay rental, and other monies accruing from any part as to which this lease covers less than such full interest, shall be paid only in the proportion which the interest therein, if any, covered by this lease, bears to the whole and undivided fee simple estate therein. All royalty interest covered by this lease (whether or not owned by Lessor) shall be paid out of the royalty herein provided. Should any one or more of the parties named above as Lessors fail to execute this lease, it shall nevertheless be binding upon the party or parties executing the same. Failure of Lessee to reduce rental paid hereunder shall not impair the right of Lessee to reduce royalties.

11. Should Lessee be prevented from complying with any express or implied covenant of this lease, from conducting drilling or reworking operations thereon or from producing oil or gas therefrom by reason of scarcity of or inability to obtain or to use equipment or material, or by operation of force majeure, any Federal or state law or any order, rule or regulation of governmental authority, then while so prevented, Lessee's obligation to comply with such covenant shall be suspended, and Lessee shall not be liable in damages for failure to comply therewith; and this lease shall be extended while and so long as Lessee is prevented by any such cause from conducting drilling or reworking operations on or from producing oil or gas from the lease premises; and the time while Lessee is so prevented shall not be counted against Lessee, anything in this lease to the contrary notwithstanding. See Addendum attached hereto and made a part hereof covering paragraphs 12 through 17.

IN WITNESS WHEREOF, this instrument is executed on the date first above written.

ADDENDUM

Attached to and made a part of that certain Oil, Gas and Mineral Lease dated August 1, 1989 from Lil Skrivanek, et al, Lessor, to Union Pacific Resources Company, Lessee, covering 106.91 acres of land, more or less, in Burleson County, Texas.

Additional Provisions of Lease

Notwithstanding anything to the contrary in the foregoing printed Oil, Gas and Mineral Lease, it is agreed and under stood as follows, to-wit:

12. Although this lease may have terminated in part and been partially released under the provisions of this lease, it is agreed that Lessee shall have and retain such easements over and across such terminated portion or portions of the lands originally covered by this lease as shall be reasonably necessary for ingress and egress and to enable Lessee to develop and operate the portion or portions of this lease continuing in effect for the production of oil or gas therefrom, and Lessee shall not be required to move or relocated any pipelines, tanks, separators or other equipment or machinery used in connection with such production of oil or gas.

13. Notwithstanding any provisions to the contrary herein, the royalty provided in Paragraph 3 on Page 1 of this lease shall be one-sixth (1/6) instead of one-eighth, and said paragraph is amended to the extent, but only to the extent, that where the word one-eighth (1/8) appears there is hereby substituted the word one-sixth (1/6).

14. There is excepted herefrom and reserved to the Lessor herein all coal, uranium, fissionable materials and all bentonite, fullers earth and other claylike substances, it is specifically understood and agreed that this lease covers only oil, gas, sulphur, and associated liquid or liquefiable hydrocarbons, but this lease does not cover or include any other minerals, with all other such minerals being reserved to the Lessor herein. Accordingly, the words "oil, gas" when used herein shall mean oil, gas, sulphur and associated liquid or liquefiable hydrocarbons, and the words "all other minerals" wherever used herein, shall be stricken from this lease, so that such "all other minerals", as defined herein, are reserved to the Lessor.

15. If Lessee exercises its right to pool as provided in Paragraph four (4) hereof and less than all of the surface acreage covered by this lease is placed in any pooled unit or pooled units, then production, drilling or reworking operations on any such unit in which such acreage is pooled shall be treated as production, drilling or reworking operations only on the acreage covered by this lease and placed in such pooled unit or pooled units and shall not be considered as production, drilling or reworking operations on any acreage covered by this lease and not placed in such a pooled unit or units. This lease, during any period in which it is being so maintained as to part of the land covered hereby, may be maintained as to the remainder not so pooled by the payment of a proportionate part of the rentals provided herein as to the acreage not included in such pooled unit or pooled units, or by production, drilling or rewoking operations thereon; provided, however, Lessee shall have the right as Lessee's option to continue this lease in force and effect as to all or any part of such unpooled acreage for a period of not to exceed two (2) years beyond the end of the primary term hereof (if this lease is not otherwise being continued in force and effect as to such unpooled acreage) by making annual payments of delay rentals of $5.00 per acre for each surface acre covered by this lease that is not included in a pooled unit or pooled units just as though the primary term of this lease, as to such unpooled acreage, were extended for two (2) additional years beyond the end of the primary term hereof, such delay rental payments to be subject to proportionate reduction if Lessor does not own the full fee mineral estate under such unpooled acreage and, also, in accordance with the other provisions of this lease covering the payment the payment to Lessor of delay rentals hereunder.

INITIALS JM RCB LM LMS LMS

16. At the end of each drilling operation, Lessee shall proceed with reasonable diligence to restore the surface of the leased premises to as near its original condition as practicable, and shall pay the surface owner an/or the surface owner's tenant(s), if applicable, in full for all damages to crops, livestock, land or improvements situated on the leased premises caused by Lessee's operations hereunder.

17. The provisions hereof shall be binding upon the parties hereto, their respective heirs, legal representatives, successors and assigns.

OIL, GAS AND MINERAL LEASE

THIS AGREEMENT made this 31st day of March 19 89, between Edward Homeyer a/k/a Edward O. Homeyer, and wife, Johnnie Ruth Homeyer

Lessor (whether one or more), whose address is: Route 3, Box 233, Caldwell, Texas 77836
and UNION PACIFIC RESOURCES COMPANY, P. O. Box 7, Fort Worth, Texas 76101-0007, Lessee, WITNESSETH:

1. Lessor in consideration of Ten & other valuable consideration ---------- Dollars ($ 10.00 & O.V.C.), in hand paid, of the royalties herein provided, and of the agreements of Lessee herein contained, hereby grants, leases and lets exclusively unto Lessee for the purpose of investigating, exploring, prospecting, drilling and mining for and producing oil, gas and all other minerals, conducting exploration, geologic and geophysical surveys by seismograph, core test, gravity and magnetic methods, injecting gas, water and other fluids, and air into subsurface strata, laying pipe lines, building roads, tanks, power stations, telephone lines and other structures thereon and on, over and across lands owned or claimed by Lessor adjacent and contiguous thereto, to produce, save, take care of, treat, transport and own said products, and housing its employees, the following described land in Burleson County, Texas, to-wit:

All of that certain tract or parcel of land out of and a part of the Mary Caranghan League, A-8, Burleson County, Texas, being more particularly described as "Second Tract:" in that certain deed dated December 18, 1947 by and between W. C. Homeyer and wife, Mrs. Elsa Homeyer, and Otto H. Homeyer, recorded in Volume 99, Page 534 of the Deed Records of Burleson County, Texas, containing 80.0 acres of land, more or less.

This lease also covers and includes all land owned or claimed by Lessor adjacent or contiguous to the land particularly described above, whether the same be in said survey or surveys or in adjacent surveys, although not included within the boundaries of the land particularly described above. For the purpose of calculating the rental payments hereinafter provided for, said land is estimated to comprise 80.0 E.H. JRH. acres, whether it actually comprises more or less.

2. Subject to the other provisions herein contained, this lease shall be for a term of three (3) E.H. JRH. years from this date (called "primary term") and as long thereafter as oil, gas or other mineral is produced from said land or land with which said land is pooled hereunder.

3. The royalties to be paid by Lessee are: (a) on oil, one-eighth of that produced and saved from said land, the same to be delivered at the wells or to the credit of Lessor into the pipelines to which the wells may be connected; Lessee may from time to time purchase any royalty oil in its possession, paying the market price therefor prevailing for the field where produced on the date of purchase; (b) to pay lessor on gas and casinghead gas produced from said land (1) when sold by lessee, one-eighth of the amount realized by lessee, computed at the mouth of the well, or (2) when used by lessee off said land or in the manufacture of gasoline or other products, one-eighth of the amount realized from the sale of gasoline or other products extracted therefrom and one-eighth of the amount realized from the sale of residue gas after deducting the amount used for plant fuel and/or compression; while there is a gas well on this lease or on acreage pooled therewith but gas is not being sold or used, Lessee may pay as royalty, on or before ninety (90) days after the date on which (1) said well is shut in, or (2) the land covered hereby or any portion thereof is included in a pooled unit on which a well is located, or (3) this lease ceases to be otherwise maintained as provided herein, whichever is the later date, and thereafter at annual intervals on or before the anniversary of the date the first payment is made, a sum equal to the amount of the annual rental payable in lieu of drilling operations during the primary term on the number of acres subject to this lease at the time such payment is made, and if such payment is made or tendered, this lease shall not terminate, and it will be considered that gas is being produced from this lease in paying quantities; and (c) on all other minerals mined and marketed, one-tenth either in kind or value at the well or mine, at Lessee's election, except that on sulphur mined and marketed the royalty shall be fifty cents (50¢) per long ton. Lessee shall have free use of oil, gas, coal, and water from said land, except water from Lessor's wells, for all operations hereunder, and the royalty on oil, gas and coal shall be computed after deducting any so used.

4. Lessee, at its option, is hereby given the right and power to pool or combine the acreage covered by this lease or any portion thereof as to oil and gas, or either of them, with any other land covered by this lease, and/or with any other land, lease or leases in the immediate vicinity thereof to the extent hereinafter stipulated, when in Lessee's judgment it is necessary or advisable to do so in order properly to explore, or to develop and operate said leased premises in compliance with the spacing rules of the Railroad Commission of Texas, or other lawful authority, or when to do so would, in the judgment of Lessee, promote the conservation of oil and gas in and under and that may be produced from said premises. Units pooled for oil hereunder shall not substantially exceed 40 acres each in area, and units pooled for gas hereunder shall not substantially exceed in area 640 acres each plus a tolerance of ten percent (10%) thereof, provided that should governmental authority having jurisdiction prescribe or permit the creation of units larger than those specified, for the drilling or operation of a well at a regular location or for obtaining maximum allowable from any well to be drilled, drilling or already drilled, units thereafter created may conform substantially in size with those prescribed or permitted by governmental regulations. Lessee under the provisions hereof may pool or combine acreage covered by this lease or any portion thereof as above provided as to oil in any one or more strata and as to gas in any one or more strata. The units formed by pooling as to any stratum or strata need not conform in size or area with the unit or units into which the lease is pooled or combined as to any other stratum or strata, and oil units need not conform as to area with gas units. The pooling in one or more instances shall not exhaust the rights of the Lessee hereunder to pool this lease or portions thereof into other units. Lessee shall file for record in the appropriate records of the county in which the leased premises are situated an instrument describing and designating the pooled acreage as a pooled unit; and upon such recordation the unit shall be effective as to all parties hereto, their heirs, successors, and assigns, irrespective of whether or not the unit is likewise effective as to all other owners of surface, mineral, royalty, or other rights in land included in such unit. Lessee may at its election exercise its pooling option before or after commencing operations for or completing an oil or gas well on the leased premises, and the pooled unit may include, but it is not required to include, land or leases upon which a well capable of producing oil or gas in paying quantities has theretofore been completed or upon which operations for the drilling of a well for oil or gas have theretofore been commenced. In the event of operations for drilling on or production of oil or gas from any part of a pooled unit which includes all or a portion of the land covered by this lease, regardless of whether such operations for drilling were commenced or such production was secured before or after the execution of this instrument or the instrument designating the pooled unit such operations shall be considered as operations for drilling on or production of oil and gas from land covered by this lease whether or not the well or wells be located on the premises covered by this lease and in such event operations for drilling shall be deemed to have been commenced on said land within the meaning of paragraph 5 of this lease; and the entire acreage constituting such unit or units, as to oil and gas, or either of them, as herein provided, shall be treated for all purposes, except the payment of royalties on production from the pooled unit, as if the same were included in this lease. For the purpose of computing the royalties to which owners of royalties and payments out of production and each of them shall be entitled on production of oil and gas, or either of them, from the pooled unit, there shall be allocated to the land covered by this lease and included in said unit (or to each separate tract within the unit if this lease covers separate tracts within the unit) a pro rata portion of the oil and gas, or either of them, produced from the pooled unit after deducting that used for operations on the pooled unit. Such allocation shall be on an acreage basis—that is to say, there shall be allocated to the acreage covered by this lease and included in the pooled unit (or to each separate tract within the unit if this lease covers separate tracts within the unit) that pro rata portion of the oil and gas, or either of them, produced from the pooled unit which the number of surface acres covered by this lease (or in each such separate tract) and included in the pooled unit bears to the total number of surface acres included in the pooled unit. Royalties hereunder shall be computed on the portion of such production, whether it be oil and gas, or either of them, so allocated to the land covered by this lease and included in the unit just as though such production were from such land. The production from an oil well will be considered as production from the lease or oil pooled unit which it is producing and not as production from a gas pooled unit; and production from a gas well will be considered as production from the lease or gas pooled unit from which it is producing and not from an oil pooled unit. The formation of any unit hereunder shall not have the effect of changing the ownership of any delay rental or shut-in production royalty which may become payable under this lease. If this lease now or hereafter covers separate tracts, no pooling or unitization of royalty interest as between any such separate tracts is intended or shall be implied or result merely from the inclusion of such separate tracts within this lease but Lessee shall nevertheless have the right to pool as provided above with consequent allocation of production as above provided. As used in this paragraph 4, the words "separate tract" mean any tract with royalty ownership differing, now or hereafter, either as to parties or amounts, from that as to any other part of the leased premises.

5. If operations for drilling are not commenced on said land or on acreage pooled therewith as above provided on or before one year from this date, the lease shall then terminate as to both parties, unless on or before such anniversary date Lessee shall pay or tender (or shall make a bona fide attempt to pay or tender, as hereinafter stated) to Lessor or to the credit of Lessor in Caldwell National Bank at Box 147, Caldwell, Texas 77836

Texas, (which bank and its successors are Lessor's agent and shall continue as the depository for all rentals payable hereunder regardless of changes in ownership of said land or the rentals) the sum of Four Hundred & no/100 ---------- Dollars ($ 400.00 E.H. JRH.) (herein called rentals), which shall cover the privilege of deferring commencement of drilling operations for a period of twelve (12) months. In like manner and upon like payments or tenders annually, the commencement of drilling operations may be further deferred for successive periods of twelve (12) months each during the primary term. The payment or tender of rental under this paragraph and of royalty under paragraph 3 on any gas well from which gas is not being sold or used may be made by the check or draft of Lessee mailed or delivered to the parties entitled thereto or to said bank on or before the date of payment. If such bank (or any successor bank) should fail, liquidate or be succeeded by another bank, or for any reason fail or refuse to accept rental, Lessee shall not be held in default for failure to make such payment or tender or rental until thirty (30) days after Lessor shall deliver to Lessee a proper recordable instrument naming another bank as agent to receive such payments or tenders. If Lessee shall, on or before any anniversary date, make a bona fide attempt to pay or deposit rental to a Lessor entitled thereto according to Lessee's records or to a Lessor, who, prior to such attempted payment or deposit, has given Lessee notice, in accordance with subsequent provisions of this lease, of his right to receive rental, and if such payment or deposit shall be ineffective or erroneous in any regard, Lessee shall be unconditionally obligated to pay to such Lessor the rental properly payable for the rental period involved, and this lease shall not terminate but shall be maintained in the same manner as if such erroneous or ineffective rental payment or deposit had been properly made, provided that the erroneous or ineffective rental payment or deposit be corrected within 30 days after receipt by Lessee of written notice from such Lessor of such error accompanied by such instruments as are necessary to enable Lessee to make proper payment. The down cash payment is consideration for this lease according to its terms and shall not be allocated as a mere rental for a period. Lessee may at any time or times execute and deliver to lessor or to the depository above named or place of record a release or releases of this lease as to all or any part of the above-described premises, or of any mineral or horizon under all or any part thereof, and thereby be relieved of all obligations as to the released land or interest. If this lease is released as to all minerals and horizon under a portion of the land covered by this lease, the rentals and other payments computed in accordance therewith shall thereupon be reduced in the proportion that the number of surface acres within such released portion bears to the total number of surface acres which was covered by this lease immediately prior to such release.

6. If prior to discovery and production of oil, gas or other mineral on said land or on acreage pooled therewith, Lessee should drill a dry hole or holes thereon, or if after discovery and production of oil, gas or other mineral, the production thereof should cease from any cause, this lease shall not terminate if Lessee commences operations for drilling or reworking within sixty (60) days thereafter or if it be within the primary term, commences or resumes the payment or tender of rentals or commences operations for drilling or reworking on or before the rental paying date next ensuing after the expiration of sixty days from date of completion of dry hole or cessation of production. If at any time subsequent to sixty (60) days prior to the beginning of the last year of the primary term and prior to the discovery of oil, gas or other mineral on said land, or on acreage pooled therewith, Lessee should drill a dry hole thereon, no rental payment or operations are necessary in order to keep the lease in force during the remainder of the primary term. If at the expiration of the primary term, oil, gas or other mineral is not being produced on said land, or on acreage pooled therewith, but Lessee is then engaged in drilling or reworking operations thereon or shall have completed a dry hole thereon within sixty (60) days prior to the end of the primary term, the lease shall remain in force so long as operation on said well or for drilling or reworking of any additional well are prosecuted with no cessation of more than sixty (60) consecutive days, and if they result in the production of oil, gas or other mineral, so long thereafter as oil, gas or other mineral is produced from said land or acreage pooled therewith. Any pooled unit designated by Lessee in accordance with the terms hereof may be dissolved by Lessee by instrument filed for record in the appropriate records of the county in which the leased premises are situated at any time after the completion of a dry hole or the cessation of production on said unit. In the event a well or wells producing oil or gas in paying quantities should be brought in on adjacent land and within three hundred thirty (330) feet of and draining the leased premises, or acreage pooled therewith, Lessee agrees to drill such offset wells as a reasonably prudent operator would drill under the same or similar circumstances.

7. Lessee shall have the right at any time during or after the expiration of this lease to remove all property and fixtures placed by Lessee on said land, including the right to draw and remove all casing. When required by Lessor, Lessee will bury all pipe lines below ordinary plow depth, and no well shall be drilled within two hundred (200) feet of any residence or barn now on said land without Lessor's consent.

8. The rights of either party hereunder may be assigned in whole or in part, and the provisions hereof shall extend to their heirs, successors and assigns; but no change or division in ownership of the land, rentals or royalties, however accomplished, shall operate to enlarge the obligations or diminish the rights of Lessee; and no change or division in such ownership shall be binding on Lessee until thirty (30) days after Lessee shall have been furnished by registered U.S. mail at Lessee's principal place of business with a certified copy of recorded instrument or instruments evidencing same. In the event of assignment hereof in whole or in part, liability for breach of any obligation hereunder shall rest exclusively upon the owner of this lease or of a portion thereof who commits such breach. In the event of the death of any person entitled to rentals hereunder, Lessee may pay or tender such rentals to the credit of the deceased or the estate of the deceased until such time as Lessee is furnished with proper evidence of the appointment and qualification of an executor or administrator of the estate, or if there be none, then until Lessee is furnished with evidence satisfactory to it as to the heirs or devisees of the deceased and that all debts of the estate have been paid. If at any time two or more persons be entitled to participate in the rental payable hereunder, Lessee may pay or tender said rental jointly to such persons or to their joint credit in the depository named herein; or, at Lessee's election, the proportionate part of said rentals to which each participant is entitled may be paid or tendered to him separately or to his separate credit in said depository; and payment or tender to any participant of his portion of the rentals hereunder shall maintain this lease as to such participant. In event of assignment of this lease as to a segregated portion of said land, the rentals payable hereunder shall be apportionable as between the several leasehold owners ratably according to the surface area of each, and default in rental payment by one shall not affect the rights of other leasehold owners hereunder. If six or more parties become entitled to royalty hereunder, Lessee may withhold payment thereof unless and until furnished with a recordable instrument executed by all such parties designating an agent to receive payment for all.

9. The breach by Lessee of any obligation arising hereunder shall not work a forfeiture or termination of this lease nor cause a termination or reversion of the estate created hereby nor be grounds for cancellation hereof in whole or in part. In the event Lessor considers that operations are not at any time being conducted in compliance with this lease, Lessor shall notify Lessee in writing of the facts relied upon as constituting a breach hereof, and Lessee, if in default, shall have sixty days after receipt of such notice in which to commence the compliance with the obligations imposed by virtue of this instrument. After the discovery of oil, gas or other mineral in paying quantities on said premises, Lessee shall develop the acreage retained hereunder as a reasonably prudent operator, but in discharging this obligation it shall in no event be required to drill more than one well per forty (40) acres of the area retained hereunder and capable of producing oil in paying quantities and one well per 640 acres plus an acreage tolerance not to exceed 10% of 640 acres of the area retained hereunder and capable of producing gas or other mineral in paying quantities.

10. Lessor hereby warrants and agrees to defend the title to said land and agrees that Lessee at its option may discharge any tax, mortage or other lien upon said land, either in whole or in part, and in event Lessee does so, it shall be subrogated to such lien with right to enforce same and apply rentals and royalties accruing hereunder toward satisfying same. Without impairment of Lessee's rights under the warranty in event of failure of title, it is agreed that if this lease covers a less interest in the oil, gas, sulphur, or other minerals in all or any part of said land than the entire and undivided fee simple estate (whether Lessor's interest is herein specified or not), or no interest therein, then the royalties, delay rental, and other monies accruing from any part as to which this lease covers less than such full interest, shall be paid only in the proportion which the interest therein, if any, covered by this lease, bears to the whole and undivided fee simple estate therein. All royalty interest covered by this lease (whether or not owned by Lessor) shall be paid out of the royalty herein provided. Should any one or more of the parties named above as Lessors fail to execute this lease, it shall nevertheless be binding upon the party or parties executing the same. Failure of Lessee to reduce rental paid hereunder shall not impair the right of Lessee to reduce royalties.

11. Should Lessee be prevented from complying with any express or implied covenant of this lease, from conducting drilling or reworking operations thereon or from producing oil or gas therefrom by reason of scarcity of or inability to obtain or to use equipment or material, or by operation of force majeure, any Federal or state law or any order, rule or regulation of governmental authority, then while so prevented, Lessee's obligation to comply with such covenant shall be suspended, and Lessee shall not be liable in damages for failure to comply therewith; and this lease shall be extended while and so long as Lessee is prevented by any such cause from conducting drilling or reworking operations on or from producing oil or gas from the lease premises; and the time while Lessee is so prevented shall not be counted against Lessee, anything in this lease to the contrary notwithstanding.

See Addendum attached hereto and made a part hereof for provisons 12, 13, 14, 15, 16, Expl. & 17. JKH.

IN WITNESS WHEREOF, this instrument is executed on the date first above written.

ADDENDUM

Attached to and made a part of that certain Oil, Gas and Mineral Lease dated March 31, 1989 from Edward Homeyer a/k/a Edward O. Homeyer, and wife Johnnie Ruth Homeyer, Lessor, to Union Pacific Resources Company, P. O. Box 7, Fort Worth, Texas 76101-0007, Lessee, covering 80.0 acres, more or less in Burleson County, Texas.

Additional Provisions of Lease

Notwithstanding anything to the contrary in the foregoing printed Oil, Gas and Mineral Lease, it is agreed and understood as follows, to-wit:

12. There is excepted herefrom and reserved to the Lessor herein all coal, uranium, fissionable materials and all bentonite, fullers earth and other claylike substances, it is specifically understood and agreed that this lease covers only oil, gas, sulphur, and associated liquid or liqueflable hydrocarbons, but this lease does not cover or include any other minerals, with all other such minerals being reserved to the Lessor herein. Accordingly, the words "oil, gas" when used herein shall mean oil, gas, sulphur and associated liquid or liqueflable hydrocarbons, and the words "all other minerals" whenever used herein, shall be stricken from this lease, so that such "all other minerals", as defined herein, are reserved to the Lessor.

13. At the end of each drilling operation, the Lessee shall proceed with reasonable diligence to restore the surface of the leased premises to as near its original condition as practicable, and shall pay the surface owner and/or the surface owner's tenant(s), if applicable, in full for all damages to crops, livestock, land or improvements situated on the leased premises caused by Lessee's operations hereunder.

14. If Lessee exercises its right to pool as provided in Paragraph four (4) hereof and less than all of the surface acreage covered by this lease is placed in any pooled unit or pooled units, then production, drilling or reworking operations on any such unit in which such acreage is pooled shall be treated as production, drilling or reworking operations only on the acreage covered by this lease and placed in such pooled unit or pooled units and shall not be considered as production, drilling or reworking operations on any acreage covered by this lease and not placed in such a pooled unit or pooled units. This lease, during any period in which it is being so maintained as to part of the land covered hereby, may be maintained as to the remainder not so pooled by the payment of a proportionate part of the rentals provided herein as to the acreage not included in such pooled unit or pooled units, or by production, drilling or reworking operations thereon; provided, however, Lessee shall have the right as Lessee's option to continue this lease in force and effect as to all or any part of such unpooled acreage for a period of not to exceed two (2) years beyond the end of the primary term hereof (if this lease is not otherwise being continued in force and effect as to such unpooled acreage) by making annual payments of delay rentals of $5.00 per acre for each surface acre covered by this lease that is not included in a pooled unit or pooled units just as though the primary term of this lease, as to such unpooled acreage, were extended for two (2) additional years beyond the end of the primary term hereof, such delay rental payments to be subject to proportionate reduction if Lessor does not own the full fee mineral estate under such unpooled acreage and, also, in accordance with the other provisions of this lease covering the payment to Lessor of delay rentals hereunder.

INITIALS EH JRH

15. Although this lease may have terminated in part and been partially released under the provisions of this lease, it is agreed that Lessee shall have and retain such easements over and across such terminated portion or portions of the lands originally covered by this lease as shall be reasonably necessary for ingress and egress and to enable Lessee to develope and operate the portion or portions of this lease continuing in effect for the production of oil or gas therefrom, and Lessee shall not be required to move or relocate any pipelines, tanks, separators or other equipment or machinery used in connection with such production of oil or gas.

16. Nothwithstanding any provisions to the contrary herein, the royalty provided in Paragraph 3 on Page 1 of this lease shall be one-sixth (1/6) instead of one-eighth, and said paragraph is amended to the extent, but only to the extent, that where the word one-eighth (1/8) appears there is hereby substituted the word one-sixth (1/6).

17. If operations should occur on the herein leased premises, Lessee will notify the surface owner before starting said operations and meet with the surface owner to inform him/her where Lessee intends to conduct said operations and the intended route of ingress and egress so that the use of existing roads can be maximized.

REMARKS:

DESIGNATION OF UNIT

HOMEYER-SKRIVANEK UNIT NO. 1

6950

STATE OF TEXAS

COUNTY OF BURLESON

KNOW ALL MEN BY THESE PRESENTS:

The undersigned, being the owner of valid and subsisting oil, gas, and mineral leases listed in Exhibit "A", attached hereto and made a part hereof, insofar as said oil, gas, and mineral leases cover and affect the land and depths described on Exhibit "B", attached hereto and made a part hereof, do, by virtue of the authority conferred by the terms of such oil, gas, and mineral leases and all amendments and corrections thereto, hereby pool, consolidate, combine, and unitize said oil, gas, and mineral leases, the leasehold rights, overriding royalty, and royalty interests therein and thereunder, for the purpose of drilling for, development, and production of oil, gas, and liquid hydrocarbons (including condensate, distillate, and other liquids). The unit (hereinafter "Unit") shall be comprised of the land and interval described on the attached Exhibit "B", as depicted on the Plat attached hereto as Exhibit "C".

If at any time any tract of land or interest within the Unit is not properly pooled or unitized hereby or is not otherwise committed to the Unit, such fact shall not affect, terminate, impair, or invalidate the Unit as to any interest properly pooled or unitized hereby or otherwise.

This Designation of Unit covers all production from the land and depths described on the attached Exhibit "B" which is produced from any well drilled to the unitized interval underlying the Unit area. Production from the Unit shall be allocated proportionately among all of the tracts within the Unit in the proportion which the number of surface acres in each of such tracts bears to the total number of surface acres in the Unit.

The undersigned reserves the right to amend this Designation of Unit from time to time, and at any time, in order to correct any error herein or to include in this Unit any newly acquired interests within the Unit boundaries or to enlarge the Unit area in accordance with the applicable rules and regulations of any governmental regulatory body or agency having jurisdiction insofar as such right is granted in the subject leases, by appropriate amendments or instruments correcting or committing any such interest to this Unit.

By execution of this Designation of Unit, the undersigned does not exhaust its right to pool the leases and lands hereinabove described with other leases and lands as to any other minerals, horizon, or strata covered thereby, and it expressly reserves to itself, its assignees, or successors in interest, the right and power to pool or unitize the above described leases and lands with any other leases, lands, horizons, or strata in the vicinity and so far as the power, right, and authority to do so is granted in the subject leases and various agreements and so long as such power and authority is exercised in accordance with applicable rules and regulations of any governmental regulatory body or agency having jurisdiction.

This Unit may not be ratified or joined in by any party who is not named hereinbelow without the consent of the parties hereto.

VOL 195 PAGE 187

The Unit hereby created shall be effective as of the date of first production from the Unit, and shall remain in force as long as the pooled minerals are being produced from the Unit, or so long as the leases covering the Unit are maintained in force by payment or tender of shut-in royalties or by other means, in accordance with the terms of said leases.

IN WITNESS WHEREOF, this Designation of Unit is executed on this 4th day of December, 1991.

1. **OIL** : Oil shall include crude oil, condensate and other liquid hydrocarbons marketed in conjunction with the production of oil and gas. The price of all oil marketed shall be a posted per barrel field price for similiar oil for the field where produced or as established under applicable contract, less A) trucking, barging or pipeline expenses, if any, to the point of delivery designated by the purchaser; B) the cost of any treatment necessary to render such oil merchantable; C) any proper deduction for water, dirt, sediment and other impurities; and D) corrections for temperature and gravity made in accordance with established rules prevailing at the time and place of delivery. All oil marketed under the terms of this division order shall become the property of the purchaser to whom it is marketed by Union Pacific Resources Co. (UPRC)when delivered to such purchaser or when delivered into any pipeline or to any person, firm or corporation designated by such purchaser to receive or transport said oil for its account.

2. **GAS** : Gas shall include natural gas, gas liquids, casinghead gas, associated gaseous hydrocarbons and plant by-products marketed in conjunction with the production of oil and gas. The settlement for all gas produced and marketed from the property shall be made on the basis of measurements in accordance with industry standards and shall be priced in accordance with the applicable gas sales contract or processing agreement, less any fair and reasonable charges for, but not limited to, A) compression, B) processing, C) making it merchantable, and D) transportation, if sold or taken off the property.

3. **COMMINGLING** : If production from the property is commingled with production from other properties, a portion of the total shall be allocated to the property on the basis of lease meter readings or any other method generally accepted in the industry.

4. **UNITIZATION** : In the event the production from the property is pooled, unitized or communitized with one or more other properties by voluntary agreement, declaration, operation of law, or by action of a governmental authority with jurisdiction, the oil and/or gas allocated to the property from the total oil and/or gas produced and marketed from the pooled, unitized or communitized area shall be deemed for all purposes to have been actually produced from the property.

5. **TITLES** : If any dispute or question arises concerning title to the interest of the owner(s) in the property or the proceeds from the sale of production therefrom, UPRC shall be furnished, at its request, such evidence of title as it may require. Until such evidence of title is furnished and such dispute or question is resolved to the satisfaction of UPRC, or until satisfactory indemnity is furnished to UPRC, UPRC is authorized to withhold proceeds due the owner(s) of the disputed or questioned interest. If any action or suit is filed in any state or federal court or administrative body affecting an owner(s) interest or proceeds due, owner(s) shall immediately provide written notice to UPRC stating the court or administrative body in which the action is filed and the title of the action.

6. **CHANGE OF OWNERSHIP** : Owner(s), their heirs, representatives, successors or assigns, shall timely notify UPRC, at the address above, of each change in the person or entity entitled to receive payment hereunder. No transfer of ownership or change in the person or entity entitled to receive payment, however effected, shall be binding upon UPRC until it has received, at no expense to UPRC: A) a properly recorded instrument or instruments evidencing such transfer or change; B) such further evidence as UPRC may require; and C) a properly executed division order/transfer order executed by all parties in interest. Furthermore, owner(s) relieve UPRC from the responsibility and liability for determining when and whether such owner's interest shall change or revert to or otherwise become owned by another party. Owner(s) shall indemnify UPRC and hold UPRC harmless from any and all claims, causes of action, damages or losses including, but not limited to, court costs and reasonable attorney's fees which may arise or result to any owner in the event of a change of ownership for which timely and sufficient notice is not received by UPRC. The accounting for all such transfers or changes of interests shall be as of 7:00 AM on the first day of the calendar month following the month in which notice is received by UPRC.

7. **WARRANTIES** : Owner(s) hereby warrants and agrees to forever defend the title to such owner's interest including that owner's share in proceeds from sales. The operator and other working interest owners severally represent that all oil and/or gas produced and marketed from the property has been or will be produced in compliance with all applicable federal, state and local laws, rules and regulations.

8. **TAXES AND ASSESSMENTS** : UPRC shall deduct, as required by applicable law, from any proceeds due an owner, any or all production, severance, ad valorem, excise, sales, and other or dissimilar taxes. Any charges or assessments or any interest or penalties in connection therewith, now or hereafter levied, assessed or placed on such proceeds or an owners interest by a governmental authority will also be deducted.

9. **SETTLEMENT** : Settlement shall be made monthly to owner(s). If the proceeds payable to an owner in any one month amount to less than twenty-five dollars ($25.00), UPRC may, at its option, accrue such proceeds and proceeds of subsequent months, until the amounts accrued total twenty-five dollars ($25.00).

10. **EXECUTION** : This document shall be binding upon all signatory parties, their heirs, representatives, successors or assigns.

RE: Mineral File No. M-94399
Dear Sir or Madam:

This letter acknowledges the Division Order prepared by your company for execution by the individual royalty owners.

The statutes provide for the royalties that the State receives. It is not the policy of the General Land Office to execute division orders.

The General Land Office, insofar as permitted under the law, acquiesces in the sale of the oil and gas to you under the lease, as prescribed by law and under the terms and conditions set out in the lease covering the land in question.

We have filed the division order in the mineral file referenced above. If you have any questions, please feel free to call me at (512) 463-5042.

Sincerely,

Drew Reid

The settlement for all gas produced and marketed from the property shall be made on the basis of measurements in accordance with industry standards and shall be priced in accordance with the applicable gas sales contract or processing agreement, less any fair and reasonable charges for, but not limited to, A) compression, B) processing, C) making it merchantable, and D) transportation, if sold or taken off the property.

3. **COMMINGLING** : If production from the property is commingled with production from other properties, a portion of the total shall be allocated to the property on the basis of lease meter readings or any other method generally accepted in the industry.

4. **UNITIZATION** : In the event the production from the property is pooled, unitized or communitized with one or more other properties by voluntary agreement, declaration, operation of law, or by action of a governmental authority with jurisdiction, the oil and/or gas allocated to the property from the total oil and/or gas produced and marketed from the pooled, unitized or communitized area shall be deemed for all purposes to have been actually produced from the property.

5. **TITLES** : If any dispute or question arises concerning title to the interest of the owner(s) in the property or the proceeds from the sale of production therefrom, UPRC shall be furnished, at its request, such evidence of title as it may require. Until such evidence of title is furnished and such dispute or question is resolved to the satisfaction of UPRC, or until satisfactory indemnity is furnished to UPRC, UPRC is authorized to withhold proceeds due the owner(s) of the disputed or questioned interest. If any action or suit is filed in any state or federal court or administrative body affecting an owner(s) interest or proceeds due, owner(s) shall immediately provide written notice to UPRC stating the court or administrative body in which the action is filed and the title of the action.

6. **CHANGE OF OWNERSHIP** : Owner(s), their heirs, representatives, successors or assigns, shall timely notify UPRC, at the address above, of each change in the person or entity entitled to receive payment hereunder. No transfer of ownership or change in the person or entity entitled to receive payment, however effected, shall be binding upon UPRC until it has received, at no expense to UPRC: A) a properly recorded instrument or instruments evidencing such transfer or change; B) such further evidence as UPRC may require; and C) a properly executed division order/transfer order executed by all parties in interest. Furthermore, owner(s) relieve UPRC from the responsibility and liability for determining when and whether such owner's interest shall change or revert to or otherwise become owned by another party. Owner(s) shall indemnify UPRC and hold UPRC harmless from any and all claims, causes of action, damages or losses including, but not limited to, court costs and reasonable attorney's fees which may arise or result to any owner in the event of a change of ownership for which timely and sufficient notice is not received by UPRC. The accounting for all such transfers or changes of interests shall be as of 7:00 AM on the first day of the calendar month following the month in which notice is received by UPRC.

7. **WARRANTIES** : Owner(s) hereby warrants and agrees to forever defend the title to such owner's interest including that owner's share in proceeds from sales. The operator and other working interest owners severally represent that all oil and/or gas produced and marketed from the property has been or will be produced in compliance with all applicable federal, state and local laws, rules and regulations.

8. **TAXES AND ASSESSMENTS** : UPRC shall deduct, as required by applicable law, from any proceeds due an owner, any or all production, severance, ad valorem, excise, sales, and other or dissimilar taxes. Any charges or assessments or any interest or penalties in connection therewith, now or hereafter levied, assessed or placed on such proceeds or an owners interest by a governmental authority will also be deducted.

9. **SETTLEMENT** : Settlement shall be made monthly to owner(s). If the proceeds payable to an owner in any one month amount to less than twenty-five dollars ($25.00), UPRC may, at its option, accrue such proceeds and proceeds of subsequent months, until the amounts accrued total twenty-five dollars ($25.00).

10. **EXECUTION** : This document shall be binding upon all signatory parties, their heirs, representatives, successors or assigns.

Mary, I filled out the form. There was not space to add the well that we used for the depths pooled. The covers and applies to the stratigraphic equivalent of the subsurface depths located below the base of the Austin Chalk Formation to the top of the Buda Formation being defined as the stratigraphic equivalent of the total vertical depth between 7,220 feet and 7,570 feet as shown on the log of the Anadarko Louis Loehr Unit No. 1 Well (API #4205131501), Burleson County, Texas.

DECLARATION AND NOTICE OF POOLED UNIT

GALAXY UNIT EB

STATE OF TEXAS §
§ KNOW ALL PERSONS BY THESE PRESENTS, THAT:
COUNTY OF BURLESON §

This Declaration and Notice of Pooled Unit ("Agreement") is executed by and between Anadarko E&P Onshore LLC, Admiral A. Holding L.P., TE Admiral A Holding L.P., and Aurora C-1 Holding L.P., (herèinafter collectively referred to as the "Undersigned Parties"). Whereas the Undersigned Parties, being the owners of or having the contractual right to acquire certain interests in the leasehold estates created under those certain valid and subsisting Oil and Gas Leases, or memorandums thereof, which are more particularly described on **Exhibit "A"**, attached hereto and incorporated herein by reference for all purposes (collectively referred to herein as the "Unit Leases").

RECITALS

WHEREAS, each of the Undersigned Parties are authorized, under the terms of the Unit Leases or otherwise, to pool, unitize or combine all or a portion of the lands covered by the Unit Leases with other land, lands, lease or leases, to form a pooled unit for the exploration, development and production of oil, gas and associated and constituent hydrocarbons and hydrocarbon gases from the lands covered by the Unit Leases; and,

WHEREAS, the pooling, unitization and combination of the Unit Leases and mineral estates to the extent necessary to form the hereinafter described pooled unit, is reasonable and advisable in the judgment of the Undersigned Parties.

(1) Declaration of Unit. In consideration of the premises and pursuant to and in accordance with the terms and provisions of the Unit Leases, the Undersigned Parties do hereby declare, pool, unitize and combine the royalties, leasehold rights, mineral and royalty interests and other interests pertaining to the Unit Leases, including all renewals, extensions, ratifications and amendments thereof by the Undersigned Parties, and the Unit Area, as described below, insofar as the same contributes to the Unit Area as described below, into a unit for the exploration, development and production of oil, gas, associated hydrocarbons and hydrocarbon gases ("Unit").

(2) Description of Unit Area. The Unit includes the Unit Leases described on **Exhibit "A"**, insofar as same contributes to those lands ("Unit Area") described on **Exhibit "B"** and depicted on the plat attached as **Exhibit "C"**, such exhibits being attached hereto and incorporated herein by reference for all purposes. The Unit shall cover and apply to the stratigraphic equivalent of the subsurface depths located below the base of the Austin Chalk Formation to the top of the Buda Formation being defined as the stratigraphic equivalent of the total vertical depth between 7,220 feet and 7,570 feet as shown on the log of the Anadarko Louis Loehr Unit No. 1 Well (API #4205131501), Burleson County, Texas."

Production from the Unit shall be allocated proportionately among the tracts pooled herein within the Unit in the proportion which the number of surface acres in such tract bears to the total number of surface acres in the Unit. The production of oil, gas and associated hydrocarbons from any part of the Unit Area, shall constitute production of such substances from all of the Unit Leases. Drilling or reworking operations or other operations conducted on any lands or lease within the Unit shall constitute such operations for the production of oil, gas and associated hydrocarbons on all of the Unit Leases within the Unit. If at any time any tract of land or interest within the Unit is not properly pooled or unitized hereby, or is not otherwise committed to the Unit, such fact shall not affect, terminate, impair or otherwise invalidate the Unit as to any interest pooled or unitized hereby.

(3) Unit Name. The pooled unit created hereby shall be known as the **GALAXY UNIT EB**, containing **249.78** acres.

(4) Additional Interests Included. In the event the Undersigned Parties, as of the effective date hereof, owns any leasehold interest or mineral and/or royalty interest other than those specifically described or referred to herein covering lands within the Unit Area, including any unleased mineral interest in lands inside the Unit Area, or any interest for which ratification of the Unit created hereby is necessary, and the Undersigned Parties inadvertently failed to include said interest on

#628755

Exhibit "A", then said interest or interests are hereby pooled and combined into said Unit as hereby declared, without the necessity of specifically enumerating such interest or interests and the specific land which they cover or in which they are held; provided, however, no cross-assignment or cross-conveyance of any interest in and to the Unit Leases or the Unit Area is intended by this instrument.

(5) Right to Amend. The Undersigned Parties hereby exclusively reserve the right, from time to time, to correct, alter or amend this Agreement, and the respective terms and provisions hereof, and to change the size and area of, and interests covered by the Unit described herein, including, without limitation, the power (i) to change, reduce, enlarge or extend the size or configuration of the Unit Area; (ii) to include any other formation or formations and any other mineral or minerals therein, thereunder or produced therefrom, all in accordance with the terms and provisions of the Unit Leases; (iii) to include in the Unit described herein or in any amendments hereto, oil, gas and mineral leases, or interests in the lands described therein, covering interests in the Unit Area, which are secured or obtained subsequent to the effective date hereof, or prior to the effective date hereof and not included and described herein, and (iv) to include in the Unit described herein or in any amendments hereto, full or undivided interests in the Unit Area which are not otherwise included herein by the owner of such full or undivided interests. Any such amendment hereof shall be executed by the Operator of the Unit on behalf of the Undersigned Parties, provided that such amendment will not change the interest of the working interest owners in the Unit. By execution of this Declaration of Pooled Unit, the Undersigned Parties do not exhaust their right to pool the leases and lands hereinabove described with other leases and lands as to any other minerals, horizon or strata covered thereby, and they expressly reserve to themselves, their assignees, or successors in interest, the right and power to pool and unitize the above described leases and lands with any other leases, lands, horizons or strata in the vicinity and so far as the power, right and authority to do so is granted in the subject leases and various agreements and so long as such power and authority is exercised in accordance with applicable rules and regulations of any governmental regulatory body or agency having jurisdiction.

(6) Dissolution of Unit. The Unit formed hereby may be dissolved by the Undersigned Parties, at any time by an instrument filed for record in Burleson Counties, Texas.

(7) Ratification of Unit. With the expressed authorization of the Operator and the Undersigned Parties, this instrument may be ratified by other parties by separate instruments in writing, referring to this instrument.

(8) Successors and Assigns. This Agreement shall be binding upon the heirs, representatives, successors and assigns, as applicable, of the Undersigned Parties and the lessors and lessees under the Unit Leases identified in said **Exhibit "A"**.

(9) Effective Date. The Unit hereby created shall be effective as of June 1, 2015, and subject to paragraph (6) above, shall remain in force as long as the pooled minerals are being produced from the Unit, or so long as the Unit Leases are maintained in force and effect by payment or tender of shut-in royalties, or by other means, in accordance with the terms of said Leases.

(10) Counterpart Execution. This instrument may be executed as one document signed by all parties, or parties named herein may join herein by execution of a counterpart, with the same effect as if all parties executed this instrument. Executed signature pages from different originals of this instrument may be combined to form a single original instrument for recording purposes. The failure of any one or more persons owning an interest in the Unit to execute this instrument or a counterpart thereof shall not in any manner affect the validity of same as to the parties who do execute this instrument.

IN WITNESS WHEREOF, the Undersigned Parties have executed this Agreement as of the date evidenced below.

The State of Texas

Austin, Texas

PAID-UP

OIL AND GAS LEASE NO. M-94399
GENERAL LAND OFFICE
AUSTIN, TEXAS

THIS AGREEMENT made and entered into by and between the Commissioner of the General Land Office of the State of Texas, whose address is Stephen F. Austin Building, 1700 North Congress, Austin, Texas, 78701, hereinafter called "Lessor", hereunto authorized by the School Land Board, pursuant to the provisions of Chapters 32, 34 and 52 of the Natural Resources Code (hereinafter called N.R.C.), and amendments thereto, and all applicable rules promulgated by the School Land Board, and Union Pacific Resources Company, whose address is P.O. Box 7, Fort Worth, Texas 76101-0007, hereinafter called "Lessee".

1. Lessor, in consideration of Three Hundred Sixteen and 88/100 Dollars ($316.88), receipt of which is hereby acknowledged, and of the covenants and agreements of Lessee hereinafter contained, does hereby grant, lease, and let unto Lessee the land covered hereby for the purposes and with the exclusive right of exploring, drilling, mining and operating for, producing and owning oil, gas, and all other hydrocarbons, produced from the land covered hereby. The land covered hereby, herein called "said land" is located in the County of Burleson, State of Texas, and is described as follows:

3.728 acres of land, more or less, situated in the Mary Carnagan Survey, Abstract No. 8 and in the James Hall Survey, Abstract No. 28 of Burleson County, Texas, more particularly described in Exhibit "A" attached hereto and

made a part hereof together with a plat, attached hereto as Exhibit "B", depicting said right-of-way and surrounding area for purposes of illustration only.

For the purpose of determining the amount of any bonus or other payment hereunder, said land shall be deemed to contain 3.728 acres, whether actually containing more or less, and the above recital of acreage shall be deemed to be the true acreage thereof. Lessor accepts the bonus as lump sum consideration for this lease and all rights and options hereunder.

2. PRIMARY TERM: This lease, which is a "paid up" lease requiring no rentals, shall remain in force for a term of three years (3) years from September 3, 1991, hereinafter called "primary term", and as long thereafter as operations, as hereinafter defined, are conducted upon said land with no cessation for more than ninety (90) consecutive days.

3. ROYALTIES: As royalty Lessee covenants and agrees:

(a) To deliver to the credit of Lessor, in the pipe line to which Lessee may connect its well, the equal one-sixth (1/6) part of all oil produced and saved by Lessee from said land, or from time to time, at the option of Lessee, to pay Lessor the average posted market price of such one-sixth (1/6) part of such oil at the wells as of the day it is run to the pipe line or storage tanks, Lessor's interest, in either case, to bear one-sixth (1/6) of the cost of treating oil to render it marketable pipe line oil;

(b) To pay Lessor on gas and casinghead gas produced from said land (1) when sold by lessee, one-sixth (1/6) of the amount realized by Lessee, computed at the mouth of the well, or (2) when used by Lessee off said land or in the manufacture of gasoline or other products, the market value, at the mouth of the well, of one-sixth (1/6) of such gas and casinghead gas.

(c) If, at the expiration of the primary term or at any time or times thereafter, there is any well on said land or on lands with which said land or any portion thereof has been pooled, capable of producing oil or gas, and all such wells are shut-in, this lease shall, nevertheless, continue in force as though operations were being conducted on said land for so long as said wells are shut-in, and thereafter this lease may be continued in force as if no shut-in had occurred.

(d) Lessee covenants and agrees to use reasonable diligence to produce, utilize, or market the minerals capable of being produced from said wells, but in the exercise of such diligence, Lessee shall not be obligated to install or furnish facilities other than well facilities and ordinary lease facilities of flow lines, separator, and lease tank, and shall not be required to settle labor trouble or to market gas upon terms unacceptable to Lessee.

3.

(e) If at any time or times after the expiration of the primary term, all such wells are shut-in for a period of ninety consecutive days, and during such time there are no operations on said land, then at or before the expiration of said ninety day period, lessee shall pay or tender, by check of lessee, as royalty, the sum of $18.64. Lessee shall make like payments or tenders at or before the end of each anniversary of the expiration of said ninety day period if upon such anniversary this lease is being continued in force solely by reason of the provisions of this paragraph. Each such payment or tender shall be made to the parties who at the time of payment would be entitled to receive the royalties which would be paid under this lease if the wells were producing. Nothing herein shall impair lessee's right to release as provided in paragraph 5 hereof. In the event of assignment of this lease in whole or in part, liability for payment hereunder shall rest exclusively on the then owner or owners of this lease, severally as to acreage owned by each.

(f) All royalties not taken in kind shall be paid to the Commissioner of the General Land Office at Austin, Texas, in the following manner:

Royalty on oil is due and must be received in the General Land Office on or before the 5th day of the second month succeeding the month of production, and royalty on gas is due and must be received in the General Land Office on or before the 15th day of the second month succeeding the month of production, accompanied by the affidavit of the owner, manager, or other authorized agent, completed in the form and manner prescribed by the General Land Office and showing the gross amount and disposition of all oil and gas produced and the market value of the oil and gas, together with a copy of all documents, records or reports confirming the gross production, disposition and market value including gas meter readings, pipeline receipts, gas line receipts and other checks or memoranda of amount produced and put into pipelines, tanks, or pools and gas lines or gas storage, and any other reports or records which the General Land Office may require to verify the gross production, disposition and market value. In all cases the authority of a manager or agent to act for the Lessee herein must be filed in the General Land Office. Each royalty payment shall be accompanied by a check stub, schedule, summary or other remittance advice showing by the assigned General Land Office lease number the amount of royalty being paid on each lease. If Lessee pays his royalty on or before thirty (30) days after the royalty payment was due, the Lessee owes a penalty of 5% on the royalty or $25.00, whichever is greater. A royalty payment which is over thirty (30) days late shall accrue a penalty of 10% of the royalty due or $25.00, whichever is greater. In addition to a penalty, royalties shall accrue interest at a rate of 12% per year; such interest will begin accruing when the royalty is sixty (60) days overdue. Affidavits and supporting documents which are not filed when due shall incur a penalty in an amount set by the General Land Office

administrative rule which is effective on the date when the affidavits or supporting documents were due. The Lessee shall bear all responsibility for paying or causing royalties to be paid as prescribed by the due date provided herein. Payment of the delinquency penalty shall in no way operate to prohibit the State's right of forfeiture as provided by law nor act to postpone the date on which royalties were originally due. The above penalty provisions shall not apply in cases of title dispute as to the State's portion of the royalty or to that portion of the royalty in dispute as to fair market value. The State shall have first lien upon all oil and gas produced from the area covered by this lease to secure the payment of all unpaid royalty and other sums of money that may become due to the State hereunder.

4. POOLING: (a) Lessee is hereby granted the right, at its option, to pool or unitize any land covered by this lease with any other land covered by this lease, and/or with any other land, lease, or leases, as to any or all minerals or horizons. Units pooled for oil hereunder shall not exceed 160 acres each in area, and units pooled for gas hereunder shall not exceed in area 640 acres each plus a tolerance of ten percent (10%) thereof, unless oil or gas units of a greater size are allowed under or prescribed by rules of the Railroad Commission of Texas. A unit established hereunder shall be valid and effective for all purposes of this lease even though there may be mineral, royalty, or leasehold interests in lands within the unit which are not effectively pooled or unitized. Any operations conducted on any part of such unitized land shall be considered, for all purposes, except the payment of royalty, as operations conducted upon said land under this lease. There shall be allocated to the land covered by this lease within each such unit (or to each separate tract within the unit if this lease covers separate tracts within the unit) the proportion of the total production of unitized minerals from the unit, after deducting any used in lease or unit operations, which the number of surface acres in such land (or in each such separate tract) covered by this lease within the unit bears to the total number of surface acres in the unit, and the production so allocated shall be considered for all purposes, including payment or delivery of royalty, overriding royalty and any other payments out of production, to be the entire production of unitized minerals from the land to which allocated in the same manner as though produced therefrom under the terms of this lease. The owner of the reversionary estate of any term royalty or mineral estate agrees that the accrual of royalties pursuant to this paragraph or of shut-in royalties from a well on the unit shall satisfy any limitation of term requiring production of oil or gas. The formation of any unit hereunder which includes land not covered by this lease shall not have the effect of exchanging or transferring any interest under this lease (including, without limitation, any shut-in royalty which may become payable under this lease) between parties owning interests in land covered by this lease and parties owning interests in land not covered by this lease. Neither shall

it impair the right of Lessee to release as provided in paragraph 5 hereof, except that Lessee may not so release as to lands within a unit while there are operations thereon for unitized minerals unless all pooled leases are released as to lands within the unit. At any time while this lease is in force Lessee may dissolve any unit established hereunder by filing for record in the public office where this lease is recorded a declaration to that effect, if at that time no operations are being conducted thereon for unitized minerals. Subject to the provisions of this paragraph 4, a unit once established hereunder shall remain in force for so long as any lease subject thereto shall remain in force. If this lease now or hereafter covers separate tracts, no pooling or unitization of royalty interests as between any such separate tracts is intended or shall be implied or result merely from the inclusion of such separate tracts within this lease but Lessee shall nevertheless have the right to pool or unitize as provided in this paragraph 4 with consequent allocation of production as herein provided. As used in this paragraph 4, the words "separate tract" mean any tract with royalty ownership differing, now or hereafter, either as to parties or amounts, from that as to any other part of the leased premises.

(b) Neither unit production of oil or gas, nor unit operations, nor payment of shut-in royalties from a unit gas well, shall serve to hold the lease in force as to any area outside the unit, regardless of whether the production, maintenance of a shut-in gas well, or operations are actually located on the State tract or not.

Push

(c) Lessee agrees to file with the General Land Office a copy of any unit designation which this lease is included within ninety (90) days of such designation.

(d) Lessee shall have the right at Lessee's option to continue this lease in force and effect as to all or any part of such unpooled acreage for a period of not to exceed two (2) years beyond the end of the primary term hereof (if this lease is not otherwise being continued in force and effect as to such unpooled acreage) by making annual payments of delay rentals of $5.00 per acre for each surface acre covered by this lease that is not included in a pooled unit or pooled units just as though the primary term of this lease, as to such unpooled acreage, were extended for two (2) additional years beyond the end of the primary term hereof, such delay rental payments to be subject to proportionate reduction if Lessor does not own the full fee mineral estate under such unpooled acreage.

5. RELEASE: Lessee may relinquish the rights granted hereunder to the State at any time by recording the relinquishment in the county where this area is situated and filing the recorded relinquishment or certified copy of same in the General Land Office within ninety (90) days after its execution accompanied by the prescribed filing fee. Such relinquishment will not have the effect of releasing Lessee from any liability theretofore accrued

in favor of the State.

6. REWORK: If at any time or times during the primary term operations are conducted on said land and if all operations are discontinued, this lease shall thereafter terminate at the end of the primary term or on the ninetieth day after discontinuance of all operations, whichever is the later date, unless on such later date either (1) Lessee is conducting operations or (2) the shut-in well provisions of paragraph 3 or the provisions of paragraph 9 are applicable. Whenever used in this lease the word "operations" shall mean operations for and any of the following: drilling, testing, completing, reworking, recompleting, deepening, plugging back or repairing of a well in search for or in an endeavor to obtain production of oil or gas, or production of oil or gas in paying quantities.

7. MINERAL USE: Lessee shall have the use, free from royalty, of oil and gas produced from said land in all operations hereunder.

8. NOTICE: In the event Lessor considers that Lessee has not complied with all its obligations hereunder, both express and implied, Lessor shall notify Lessee in writing, setting out specifically in what respects Lessee has breached this contract. Lessee shall then have sixty (60) days after receipt of said notice within which to meet or commence to meet all or any part of the breaches alleged by Lessor. The service of said notice shall be precedent to the bringing of any action by Lessor on said lease for any cause, and no such action shall be brought until the lapse of sixty (60) days after service of such notice on Lessee. Neither the service of said notice nor the doing of any acts by Lessee aimed to meet all or any of the alleged breaches shall be deemed an admission or presumption that Lessee has failed to perform all its obligations hereunder. If this lease is canceled for any cause, it shall nevertheless remain in force and effect as to (1) sufficient acreage around each well as to which there are operations to constitute a drilling or maximum allowable unit under applicable governmental regulations, (but in no event less than forty acres), such acreage to be designated by Lessee as nearly as practicable in the form of a square centered at the well, or in such shape as then existing spacing rules require; and (2) any part of said land included in a pooled unit on which there are operations. Lessee shall also have such easements on said land as are necessary to operations on the acreage so retained.

9. FORCE MAJEURE: If, while this lease is in force, at, or after the expiration of the primary term hereof, it is not being continued in force by reason of the shut-in well provisions of paragraph 3 hereof, and Lessee is not conducting operations on said land by reason of (1) any law, order, rule or regulation, (whether or not subsequently determined to be invalid) or (2) any other cause, whether similar or dissimilar, (except financial) beyond the reasonable control of Lessee, the primary term shall be extended

until the first anniversary date hereof occurring ninety (90) or more days following the removal of such delaying cause, and this lease may be extended thereafter by operations as if such delay had not occurred.

10. LESSER ESTATE,CLAUSE: If this lease covers a less interest in the oil or gas in all or any part of said land than the entire and undivided fee simple estate (whether lessors interest is herein specified or not), or no interest therein, then the royalties, and other monies accruing from any part as to which this lease covers less than such full interest, shall be paid only in the proportion which the interest therein, if any, covered by this lease bears to the whole and undivided fee simple estate therein.

11. ASSIGNMENTS: This lease may be transferred at any time. All transfers must reference the lease by file number and must be recorded in the county where the land covered hereby is located, and the recorded transfer or a copy certified to by the County Clerk of the county where the transfer is recorded must be filed in the General Land Office within ninety (90) days of the execution date, as provided by N.R.C. Section 52.026, accompanied by the prescribed filing fee. Every transferee shall succeed to all rights and be subject to all obligations, liabilities, and penalties owed to the State by the original Lessee or any prior transferee of the lease, including any liabilities to the State for unpaid royalties.

12. WELL INFORMATION: Lessee agrees to forthwith furnish Lessor, upon written request, with copies of all drilling logs, electrical logs, cores and core records and other information pertaining to all wells drilled by lessee either on the leased premises or acreage pooled therewith, when requested to do so. Said information shall remain confidential as required by statute.

13. SURFACE: Notwithstanding anything herein to the contrary, it is agreed that Lessee will not conduct any exploration or drilling on the surface of the leased premises or use the surface in the exercise of any rights herein granted. Any development of said land shall be by means of a directional well located off the leased premises, or by pooling of said land with other land, lease or leases as hereinabove provided.

14. COMPENSATORY ROYALTY: Lessee shall pay a compensatory royalty if this lease is not being held by production on the leased premises, by production from a pooled unit, or by payment of shut-in royalties in accordance with the terms of this lease, and if oil or gas is sold or delivered in paying quantities from a well located within 2500 feet of the leased premises and completed in a producible reservoir underlying the area leased hereunder or in any case in which drainage is occurring. Such compensatory royalty shall be paid at the royalty rate provided in this lease based on the value of production from the well as provided in the lease on

which such well is located. The compensatory royalty shall be paid in the same proportion that the acreage of this lease has to the acreage of the proration unit surrounding the draining well plus the acreage of this lease. The compensatory royalty shall be paid monthly to the Commissioner of the General Land Office on or before the last day of the month after the month in which the oil or gas is sold and delivered from the well causing the drainage or from the well located within 2500 feet of the leased premises and completed in a producible reservoir under this lease. Notwithstanding anything herein to the contrary, compensatory royalty payable hereunder shall be no less than an amount equal to $37.28, and shall maintain this lease in effect for so long as such payments are made as provided herein.

15. FORFEITURE: If Lessee shall fail or refuse to make payment of any sum within thirty (30) days after it becomes due, or if Lessee or an authorized agent should knowingly make any false return or false report concerning production or drilling, or if Lessee shall fail or refuse to drill any offset well or wells in good faith as required by law and the rules and regulations adopted by the Commissioner of the General Land Office, or if Lessee should fail to file reports in the manner required by law or fail to comply with rules and regulations promulgated by the General Land Office, or refuse the proper authority access to the records pertaining to operations, or if Lessee or an authorized agent should knowingly fail or refuse to give correct information to the proper authority, or knowingly fail or refuse to furnish the General Land Office a correct log of any well, or if this lease is pooled or assigned and the unit designation or assignment is not filed in the General Land Office as required by law, the rights acquired under this lease shall be subject to forfeiture by the Commissioner, and he shall forfeit same when sufficiently informed of the facts which authorize a forfeiture, and when forfeited the area shall again be subject to lease. However, nothing herein shall be construed as waiving the automatic termination of this lease by operations of law or by reason of any special limitation arising hereunder. Forfeitures may be set aside and this lease and all rights thereunder reinstated before the rights of another intervene upon satisfactory evidence to the Commissioner of the General Land Office of future compliance with the provisions of the law and of this lease and the rules and regulations that may be adopted relative hereto.

16. RAILROAD COMMISSION: No natural gas or casinghead gas, including both associated and non-associated gas, produced from the mineral estate subject to this lease may be sold or contracted for sale to any person for ultimate use outside the State unless the Railroad Commission of Texas, after notice and hearing as provided in Title 3 of the N.R.C., finds that:

(a) the person, agency, or entity that executed the lease in question does not require the natural gas or casinghead

gas to meet its own existing needs for fuel;

(b) no private or public hospital, nursing home, or other similar health-care facility in this state requires the natural gas or casinghead gas to meet its existing needs for fuel;

(c) no public or private school in this state that provides elementary, secondary, or higher education requires the natural gas or casinghead gas to meet its existing needs for fuel;

(d) no facility of the State or of any county, municipality, or other political subdivision in this state requires the natural gas or casinghead gas to meet its existing needs for fuel;

(e) no producer of food and fiber requires the natural gas or casinghead gas necessary to meet the existing needs of irrigation pumps and other machinery directly related to this production; and

(f) no person who resides in this state and who relies on natural gas or casinghead gas to provide in whole or part his existing needs for fuel or raw material requires the natural gas or casinghead gas to meet those needs; provided, however, after notice and hearing as provided in Title 3 of the N.R.C., the Railroad Commission of Texas may grant exceptions to these provisions of Subchapter H of Chapter 52 of the N.R.C. if it finds and determines that enforcement of such provisions:

(1) would cause physical waste as defined in Title 3 of the N.R.C.; or

(2) would unreasonably deny to the Lessee an opportunity to produce economically hydrocarbons from the land subject to this lease.

IN TESTIMONY WHEREOF, witness the signature of the Commissioner of the General Land Office, under the seal of the General Land Office, effective as of September 3, 1991.

Re: Partial Term Assignment of Oil and Gas Lease
Sassafras Unit
Burleson County, Texas

Dear George:

Reference is made to the Oil and Gas Lease dated September 3, 1991, by and between the Commissioner of the General Land Office of the State of Texas and Union Pacific Resources Company covering, copy attached. Paragraph 4 (c) of the lease provides that Lessee is to file with the General Land Office a copy of any unit designation with ninety (90) days of such designation.

We have recently drilled our Galaxy EB Unit Well No.1 and the well is waiting to be completed. Attached for your attention is a copy of our Galaxy Unit EB dated effective June 1, 2015, recorded at Volume 1011 at Page 10 which was pooled from the base of the Austin Chalk formation to the top of the Buda formation. The lease was originally pooled into the Homeyer-Skrivanek Unit as to the Austin Chalk formation. If you have any questions please call me at 832-636-7717.

MF115983 Winghead State 57-2-48 Unit B5H, B4H; and
MF117261 Yellow Rose Unit EB A1H (Unit 7428)

Dear Ms. McCarty:

The Texas General Land Office (GLO) has received your Division Orders for the referenced units. These Division Orders have been filed in the appropriate mineral files.

The payment of royalties attributable to state-owned mineral and royalty interests is set by contract and applicable statutes and rules. The execution of division orders may, in some cases, affect the manner in which such payments are made or calculated. Therefore, Title 31, §9.32, of the Texas Administrative Code specifies that GLO staff cannot execute a division order or bind the state to any terms contained within it.

Subject to applicable state law and the state's right to take its production in-kind, the GLO acquiesces to the sale of oil and gas in accordance with the terms and conditions set out in the oil and gas leases. If you have questions concerning this matter, please feel free to e-mail me at the address below my signature.

We look forward to being put on pay status as soon as you are able to set up the wells in our RRAC system.

Thank you,

Dear Mr. Bonn:

I am contacting you as Agent, on behalf of WildHorse Development Corporation regarding the enclosed Assignments. As successor in title to the interests in these assignments WildHorse desires to file them of record with the General Land Office. I was advised by Daryl Morgan to send certified copies of these to your attention along with the required filing fees for that purpose. There are two copies of the same assignments which were filed in both Burleson and Brazos Counties. I have included the four certified copies of these along with a check in the amount of $100.00 to cover the necessary filing fees. Please file these under mineral file number M 105441 and do not hesitate to contact me if you require anything further in regard to this matter

Your prompt attention to this matter is greatly appreciated as it is extremely time sensitive.

contingent or reversionary, in and to the following (but excepting and excluding, in all such instances, the Excluded Assets (as defined below)) (collectively, the "Assets"):

(a) The oil, gas and mineral leases, subleases and other leaseholds that are identified on Exhibit A-1 (collectively, the "Leases"), subject to the depth limitations and other restrictions that may be set forth in the Leases or in any conveyances in the chain of title, together with (i) all rights, privileges, benefits and powers conferred upon the holder of the Leases with respect to the use and occupation of the lands covered thereby, (ii) all rights, options, titles and interests of Assignor with respect to the Leases, including rights to obtain or otherwise earn any interest in the Leases or within the lands covered by or described in the Leases or any acreage pooled, communitized or unitized therewith (the "Lands") and (iii) all royalties, overriding royalties, net profits interests, carried interests, reversionary interests, leasehold interests and other rights in and to the Lands;

(b) All pooled, communitized or unitized acreage which includes all or a part of any Lease or the Lands (the "Pooled Acreage"), and all tenements, hereditaments and appurtenances belonging to the Leases and Pooled Acreage;

(c) All oil, gas, water, carbon dioxide, water disposal or injection wells, whether producing, shut-in or abandoned, located on the Leases or Lands together with the Allocated Leasehold for such well, including the interests in the wells identified on Exhibit A-2 (the "JV Wells") and Exhibit A-3 (the "Northstars Wells", together with the JV Wells, the "Wells", and, collectively, with the Leases, the Lands and the Pooled Acreage, the "Properties");

(d) All flowlines, pipelines, gathering systems and appurtenances thereto located on the Properties or used, or held for use, in connection with the Properties;

(e) All contracts, agreements and instruments to the extent, but only to the extent, applicable to the Properties, the production of Hydrocarbons from the Properties or the other Assets, including operating agreements, unitization, pooling and communitization agreements, production sharing agreements, declarations and orders, area of mutual interest agreements, joint venture agreements, farmin and farmout agreements, participation agreements, exchange agreements, joint development agreements, storage agreements, crossing agreements, agreements for the sale and purchase of Hydrocarbons and gathering, processing and transportation agreements, including those contracts, agreements and instruments described on Exhibit A-5, but excluding (i) any contracts, agreements and instruments to the extent transfer is restricted by Third Party agreement, a Governmental Body or applicable Law (unless and until the necessary consents or approvals to transfer have been obtained pursuant to Section 4.6 of the applicable Purchase Agreement or unless as otherwise set forth in the applicable Purchase Agreement) and (ii) the Leases and Surface Agreements (subject to such exclusions, the "Contracts");

(f) All (i) surface fee interests appurtenant to and used or held for use, in connection with the Properties, and all structures located thereon, except to the extent they are used in connection with the operation of the Excluded Assets (the "Surface Fee Lands") and (ii) easements, licenses, servitudes, rights-of-way, surface leases and other surface rights appurtenant to and used or held for use, in connection with the Properties, in each case, including those

described on Exhibit A-6; but excluding, in all instances, any such interest or right to the extent transfer is restricted by Third Party agreement, a Governmental Body or applicable Law (unless and until the necessary consents or approvals to transfer have been obtained pursuant to Section 4.6 of the applicable Purchase Agreement or unless as otherwise set forth in the applicable Purchase Agreement) (subject to such exclusion, the "Surface Agreements");

(g) All equipment, machinery, tools, fixtures and owned rolling stock, including (i) trailers, rolling test equipment, rolling machinery and other portable wheeled equipment, and other tangible personal property and improvements and (ii) manifolds, well equipment, casing, tubing, pumps, motors, fixtures, machinery, compression equipment, flow lines, processing and separation facilities, pads, materials, SCADA equipment and transmitters, telecommunications equipment, field radio telemetry and associated frequencies, pressure transmitters and central processing equipment, in each case, that is owned by Assignor and that is used or held for use in connection with the ownership or operation of the Properties (the "Equipment");

(h) All Hydrocarbons (or proceeds from the sale of Hydrocarbons) produced from or attributable to the Properties after the Effective Time and the Stored Hydrocarbons, together with Imbalances associated with the Properties, which would otherwise accrue for Assignor's benefit;

(i) The Records;

(j) To the extent assignable or re-issuable into Assignee's name (which reissuance will be at Assignee's sole cost and expense), all permits, approvals, allowances, emission or pollution credits, or authorizations by, or filings with, any Governmental Body and all water rights relating to the construction, ownership or operation of the Assets, including those described on Exhibit A-7 (the "Permits");

(k) All trade credits, account receivables, receivables, take-or-pay amounts receivable, and other receivables to the extent attributable to the Assets and attributable to periods after the Effective Time, excluding any items (i) related to the Retained Seller Obligations or (ii) to which Assignor is otherwise entitled pursuant to Section 2.4 of the Purchase Agreements; and

(l) All rights, claims and causes of action of Assignor against Third Parties arising under or with respect to any Asset, excluding items related to the Retained Seller Obligations.

TO HAVE AND TO HOLD the Assets, together with all rights, privileges and appurtenances thereto, unto Assignee and its successors and assigns forever, subject to the reservations, covenants, terms and conditions set forth in this Assignment.

Section 1.2 **Excluded Assets**. Notwithstanding anything to the contrary in this Assignment, the Assets shall not include, and there is excepted, reserved and excluded from this transaction (collectively, the "Excluded Assets"):

(a) the amounts to which Assignor is entitled pursuant to Section 2.4(b) of the Purchase Agreements;

(b) the Excluded Records;

ARTICLE 2
SPECIAL WARRANTY AND DISCLAIMERS

Section 2.1 **Special Warranty of Title**. Assignor hereby agrees to warrant and defend Defensible Title to the Assets unto Assignee, its successors and assigns, to the extent of Assignor's interest therein as set forth in the Purchase Agreements, against every Person whomsoever lawfully claiming or to claim the same or any part thereof, by, through or under Assignor or its Affiliates but not otherwise, subject to the Permitted Encumbrances. The Parties acknowledge and agree that the foregoing warranty shall constitute and be considered a special warranty of title by, through and under Assignor under applicable Laws. The special warranty of title made by Assignor pursuant to the preceding sentence shall be several and not joint. EXCEPT AS PROVIDED IN THIS SECTION 2.1, ASSIGNOR MAKES NO WARRANTY OR REPRESENTATION, EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, WITH RESPECT TO ASSIGNOR'S TITLE TO ANY OF THE ASSETS. For purposes of this Assignment, with respect to the Assets conveyed pursuant to the JV Purchase Agreement, the defined terms "Defensible Title", "Assets" and "Permitted Encumbrances" have the respective meanings given such terms in the JV Purchase Agreement, and with respect to the Assets conveyed pursuant to the Northstars Purchase Agreement, such terms have the respective meanings set forth in the Northstars Purchase Agreement.

Section 2.2 **Subrogation**. Assignor hereby assigns to Assignee all rights, claims and causes of action under title warranties given or made by Assignor's predecessors in interest with respect to the Assets, and Assignee is specifically subrogated to all rights which Assignor may have against such predecessors in interest with respect to the Assets, to the extent Assignor may legally transfer such rights and grant such subrogation.

Section 2.3 **Disclaimers of Warranties and Representations**.

ARTICLE 3
MISCELLANEOUS

Section 3.1 **Assignment Subject to the Purchase Agreements**. This Assignment is executed and delivered pursuant to the terms of the Purchase Agreements and is specifically made subject to the terms, conditions and covenants contained therein, redacted copies of which will be made available for review at the offices of Assignee at the above referenced address (*provided, however*, that such Person executes a confidentiality agreement with respect to the terms and conditions of the Purchase Agreements). The terms, conditions and covenants of the Purchase Agreements are incorporated herein by reference, and in the event of a conflict between the provisions of the Purchase Agreements and this Assignment, the provisions of the Purchase Agreements shall control. The Purchase Agreements contain certain representations, warranties, obligations and covenants between Assignor and Assignee which survive the delivery of this Assignment and which shall not be merged into this Assignment, or otherwise negated by the execution and delivery of this Assignment. Notwithstanding the foregoing, third parties may conclusively rely on this Assignment to vest title to the Assets in Assignee.

Section 3.2 **Assumed Obligations**. Assignee, subject in each case to the terms of the Purchase Agreements, assumes and agrees to fulfill, perform, pay and discharge (or cause to be fulfilled, performed, paid or discharged) all of the Assumed Purchaser Obligations.

Section 3.3 **Further Assurances**. Each Assignor and Assignee agree that, from time to time, each of them will execute, acknowledge and deliver all such further instruments of conveyance and transfer and take such other actions as may be reasonably requested by the other Party for carrying out the purposes and intents of this Assignment.

Section 3.4 **Governing Law and Venue**.

(a) THIS ASSIGNMENT AND THE LEGAL RELATIONS BETWEEN THE PARTIES SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS WITHOUT REGARD TO PRINCIPLES OF CONFLICTS OF LAW WHICH WOULD PERMIT OR REQUIRE THE APPLICATION OF THE LAWS OF ANOTHER JURISDICTION.

(b) THE PARTIES HEREBY IRREVOCABLY SUBMIT TO THE EXCLUSIVE JURISDICTION OF THE FEDERAL COURTS OF THE UNITED STATES OF AMERICA OR THE CIVIL DISTRICT COURTS OF THE STATE OF TEXAS LOCATED IN HARRIS COUNTY, TEXAS AND APPROPRIATE APPELLATE COURTS THEREFROM, AND EACH PARTY HEREBY IRREVOCABLY AGREES THAT ALL CLAIMS IN RESPECT OF ANY DISPUTE, CONTROVERSY OR CLAIM ARISING OUT OF OR RELATING TO THIS ASSIGNMENT OR ANY DOCUMENT DELIVERED IN CONNECTION HEREWITH MAY BE HEARD AND DETERMINED IN SUCH COURTS. THE PARTIES HEREBY IRREVOCABLY WAIVE, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAWS, ANY OBJECTION WHICH THEY MAY NOW OR HEREAFTER HAVE TO THE LAYING OF VENUE OF ANY SUCH DISPUTE, CONTROVERSY OR CLAIM BROUGHT IN ANY SUCH COURT OR ANY DEFENSE OF INCONVENIENT FORUM FOR THE MAINTENANCE OF SUCH DISPUTE, CONTROVERSY OR CLAIM. EACH PARTY AGREES THAT A JUDGMENT IN ANY SUCH DISPUTE MAY BE ENFORCED IN OTHER JURISDICTIONS BY SUIT ON THE JUDGMENT OR IN ANY OTHER MANNER PROVIDED BY APPLICABLE LAW.

(c) EACH OF THE PARTIES HEREBY UNCONDITIONALLY AND IRREVOCABLY WAIVES ALL RIGHT TO TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM ARISING OUT OF OR RELATING TO THIS ASSIGNMENT OR ANY DOCUMENT DELIVERED IN CONNECTION HEREWITH. EACH PARTY ACKNOWLEDGES THAT IT HAS HAD AN OPPORTUNITY TO CONSULT WITH INDEPENDENT COUNSEL AND THAT IT HAS KNOWINGLY AND VOLUNTARILY AGREED TO THIS WAIVER OF ITS RIGHT TO TRIAL BY JURY.

Section 3.5 **Successors and Assigns**. This Assignment shall be binding upon and inure to the benefit of the Parties and their respective successors and permitted assigns. All references herein to either Assignor or Assignee shall include their respective successors and assigns. All Exhibits attached hereto are hereby made part hereof and incorporated herein by this reference.

Section 3.6 **Counterparts**. This Assignment may be executed in counterparts, each of which shall be deemed an original instrument, but all such counterparts together shall constitute but one instrument. Each Party's delivery of an executed counterpart signature page by facsimile (or email) is as effective as executing and delivering this Assignment in the presence of the other Parties. No Party shall be bound until such time as all of the Parties have executed counterparts of this Assignment. To facilitate recordation or filing of this Assignment, each counterpart filed with a county or state agency or office may contain only those portions of the Exhibits to this Assignment that describe property in that county or under the jurisdiction of that agency or

Section 3.7 **Conspicuousness**. ASSIGNOR AND ASSIGNEE AGREE THAT, TO THE EXTENT REQUIRED BY APPLICABLE LAW TO BE EFFECTIVE, THE PROVISIONS IN THIS ASSIGNMENT IN BOLD-TYPE ALL CAPS FONT ARE "CONSPICUOUS" FOR THE PURPOSES OF ANY APPLICABLE LAW.

Section 3.8 **No Multiple Conveyances**. Assignor and Assignee acknowledge and agree that they may be required to execute separate deeds and assignments covering certain of the Assets conveyed hereby on forms approved by Governmental Bodies or other Persons to effect the conveyances of such Assets. Any such separate deed or assignment (x) shall evidence this Assignment and conveyance of the applicable Assets herein made and shall not constitute any additional conveyance of any of the Assets, (y) is not intended to modify, and shall not modify, any of the terms, covenants and conditions or limitations on warranties set forth in this Assignment or the Purchase Agreements and is not intended to create, and shall not create, any additional representations, warranties or covenants of or by Assignor or Assignee, and (z) shall be deemed to contain all of the terms and provisions of this Assignment, as fully and to all intents and purposes as though the same were set forth at length in such separate deed or assignment.

(g) All equipment, machinery, tools, fixtures and owned rolling stock, including (i) trailers, rolling test equipment, rolling machinery and other portable wheeled equipment, and other tangible personal property and improvements and (ii) manifolds, well equipment, casing, tubing, pumps, motors, fixtures, machinery, compression equipment, flow lines, processing and separation facilities, pads, materials, SCADA equipment and transmitters, telecommunications equipment, field radio telemetry and associated frequencies, pressure transmitters and central processing equipment, in each case, that is owned by Assignor and that is used or held for use in connection with the ownership or operation of the Properties (the "Equipment");

(h) All Hydrocarbons (or proceeds from the sale of Hydrocarbons) produced from or attributable to the Properties after the Effective Time and the Stored Hydrocarbons, together with Imbalances associated with the Properties, which would otherwise accrue for Assignor's benefit;

(i) The Records;

(j) To the extent assignable or re-issuable into Assignee's name (which reissuance will be at Assignee's sole cost and expense), all permits, approvals, allowances, emission or pollution credits, or authorizations by, or filings with, any Governmental Body and all water rights relating to the construction, ownership or operation of the Assets, including those described on Exhibit A-7 (the "Permits");

(k) All trade credits, account receivables, receivables, take-or-pay amounts receivable, and other receivables to the extent attributable to the Assets and attributable to periods after the Effective Time, excluding any items (i) related to the Retained Seller Obligations or (ii) to which Assignor is otherwise entitled pursuant to Section 2.4 of the Purchase Agreements; and

(l) All rights, claims and causes of action of Assignor against Third Parties arising under or with respect to any Asset, excluding items related to the Retained Seller Obligations.

TO HAVE AND TO HOLD the Assets, together with all rights, privileges and appurtenances thereto, unto Assignee and its successors and assigns forever, subject to the reservations, covenants, terms and conditions set forth in this Assignment.

Section 1.2 **Excluded Assets**. Notwithstanding anything to the contrary in this Assignment, the Assets shall not include, and there is excepted, reserved and excluded from this transaction (collectively, the "Excluded Assets"):

(a) the amounts to which Assignor is entitled pursuant to Section 2.4(b) of the Purchase Agreements;

(b) the Excluded Records;

ARTICLE 2
SPECIAL WARRANTY AND DISCLAIMERS

Section 2.1 **Special Warranty of Title**. Assignor hereby agrees to warrant and defend Defensible Title to the Assets unto Assignee, its successors and assigns, to the extent of Assignor's interest therein as set forth in the Purchase Agreements, against every Person whomsoever lawfully claiming or to claim the same or any part thereof, by, through or under Assignor or its Affiliates but not otherwise, subject to the Permitted Encumbrances. The Parties acknowledge and agree that the foregoing warranty shall constitute and be considered a special warranty of title by, through and under Assignor under applicable Laws. The special warranty of title made by Assignor pursuant to the preceding sentence shall be several and not joint. EXCEPT AS PROVIDED IN THIS SECTION 2.1, ASSIGNOR MAKES NO WARRANTY OR REPRESENTATION, EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, WITH RESPECT TO ASSIGNOR'S TITLE TO ANY OF THE ASSETS. For purposes of this Assignment, with respect to the Assets conveyed pursuant to the JV Purchase Agreement, the defined terms "Defensible Title", "Assets" and "Permitted Encumbrances" have the respective meanings given such terms in the JV Purchase Agreement, and with respect to the Assets conveyed pursuant to the Northstars Purchase Agreement, such terms have the respective meanings set forth in the Northstars Purchase Agreement.

Section 2.2 **Subrogation**. Assignor hereby assigns to Assignee all rights, claims and causes of action under title warranties given or made by Assignor's predecessors in interest with respect to the Assets, and Assignee is specifically subrogated to all rights which Assignor may have against such predecessors in interest with respect to the Assets, to the extent Assignor may legally transfer such rights and grant such subrogation.

ARTICLE 3
MISCELLANEOUS

Section 3.1 **Assignment Subject to the Purchase Agreements**. This Assignment is executed and delivered pursuant to the terms of the Purchase Agreements and is specifically made subject to the terms, conditions and covenants contained therein, redacted copies of which will be made available for review at the offices of Assignee at the above referenced address (*provided, however*, that such Person executes a confidentiality agreement with respect to the terms and conditions of the Purchase Agreements). The terms, conditions and covenants of the Purchase Agreements are incorporated herein by reference, and in the event of a conflict between the provisions of the Purchase Agreements and this Assignment, the provisions of the Purchase Agreements shall control. The Purchase Agreements contain certain representations, warranties, obligations and covenants between Assignor and Assignee which survive the delivery of this Assignment and which shall not be merged into this Assignment, or otherwise negated by the execution and delivery of this Assignment. Notwithstanding the foregoing, third parties may conclusively rely on this Assignment to vest title to the Assets in Assignee.

Section 3.2 **Assumed Obligations**. Assignee, subject in each case to the terms of the Purchase Agreements, assumes and agrees to fulfill, perform, pay and discharge (or cause to be fulfilled, performed, paid or discharged) all of the Assumed Purchaser Obligations.

Section 3.3 **Further Assurances**. Each Assignor and Assignee agree that, from time to time, each of them will execute, acknowledge and deliver all such further instruments of conveyance and transfer and take such other actions as may be reasonably requested by the other Party for carrying out the purposes and intents of this Assignment.

Section 3.4 **Governing Law and Venue**.

(a) **THIS ASSIGNMENT AND THE LEGAL RELATIONS BETWEEN THE PARTIES SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS WITHOUT REGARD TO PRINCIPLES OF CONFLICTS OF LAW WHICH WOULD PERMIT OR REQUIRE THE APPLICATION OF THE LAWS OF ANOTHER JURISDICTION.**

(b) **THE PARTIES HEREBY IRREVOCABLY SUBMIT TO THE EXCLUSIVE JURISDICTION OF THE FEDERAL COURTS OF THE UNITED STATES OF AMERICA OR THE CIVIL DISTRICT COURTS OF THE STATE OF TEXAS LOCATED IN HARRIS COUNTY, TEXAS AND APPROPRIATE APPELLATE COURTS THEREFROM, AND EACH PARTY HEREBY IRREVOCABLY AGREES THAT ALL CLAIMS IN RESPECT OF ANY DISPUTE, CONTROVERSY OR CLAIM ARISING OUT OF OR RELATING TO THIS ASSIGNMENT OR ANY DOCUMENT DELIVERED IN CONNECTION HEREWITH MAY BE HEARD AND DETERMINED IN SUCH COURTS. THE PARTIES HEREBY IRREVOCABLY WAIVE, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAWS, ANY OBJECTION WHICH THEY MAY NOW OR HEREAFTER HAVE TO THE LAYING OF VENUE OF ANY SUCH DISPUTE, CONTROVERSY OR CLAIM BROUGHT IN ANY SUCH COURT OR ANY DEFENSE OF INCONVENIENT FORUM FOR THE MAINTENANCE OF SUCH DISPUTE, CONTROVERSY OR CLAIM. EACH PARTY AGREES THAT A JUDGMENT IN ANY SUCH DISPUTE MAY BE ENFORCED IN OTHER JURISDICTIONS BY SUIT ON THE JUDGMENT OR IN ANY OTHER MANNER PROVIDED BY APPLICABLE LAW.**

(c) **EACH OF THE PARTIES HEREBY UNCONDITIONALLY AND IRREVOCABLY WAIVES ALL RIGHT TO TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM ARISING OUT OF OR RELATING TO THIS ASSIGNMENT OR ANY DOCUMENT DELIVERED IN CONNECTION HEREWITH. EACH PARTY ACKNOWLEDGES THAT IT HAS HAD AN OPPORTUNITY TO CONSULT WITH INDEPENDENT COUNSEL AND THAT IT HAS KNOWINGLY AND VOLUNTARILY AGREED TO THIS WAIVER OF ITS RIGHT TO TRIAL BY JURY.**

Section 3.5 **Successors and Assigns**. This Assignment shall be binding upon and inure to the benefit of the Parties and their respective successors and permitted assigns. All references herein to either Assignor or Assignee shall include their respective successors and assigns. All Exhibits attached hereto are hereby made part hereof and incorporated herein by this reference.

Section 3.6 **Counterparts**. This Assignment may be executed in counterparts, each of which shall be deemed an original instrument, but all such counterparts together shall constitute but one instrument. Each Party's delivery of an executed counterpart signature page by facsimile (or email) is as effective as executing and delivering this Assignment in the presence of the other Parties. No Party shall be bound until such time as all of the Parties have executed counterparts of this Assignment. To facilitate recordation or filing of this Assignment, each counterpart filed with a county or state agency or office may contain only those portions of the Exhibits to this Assignment that describe property in that county or under the jurisdiction of that agency or

Section 3.7 **Conspicuousness**. ASSIGNOR AND ASSIGNEE AGREE THAT, TO THE EXTENT REQUIRED BY APPLICABLE LAW TO BE EFFECTIVE, THE PROVISIONS IN THIS ASSIGNMENT IN BOLD-TYPE ALL CAPS FONT ARE "CONSPICUOUS" FOR THE PURPOSES OF ANY APPLICABLE LAW.

Section 3.8 **No Multiple Conveyances**. Assignor and Assignee acknowledge and agree that they may be required to execute separate deeds and assignments covering certain of the Assets conveyed hereby on forms approved by Governmental Bodies or other Persons to effect the conveyances of such Assets. Any such separate deed or assignment (x) shall evidence this Assignment and conveyance of the applicable Assets herein made and shall not constitute any additional conveyance of any of the Assets, (y) is not intended to modify, and shall not modify, any of the terms, covenants and conditions or limitations on warranties set forth in this Assignment or the Purchase Agreements and is not intended to create, and shall not create, any additional representations, warranties or covenants of or by Assignor or Assignee, and (z) shall be deemed to contain all of the terms and provisions of this Assignment, as fully and to all intents and purposes as though the same were set forth at length in such separate deed or assignment.

Hey Mary,

Did you happen to get the as-drilled plat information I sent you last week? Just wondering if there has been any progress getting the Unit Agreement Memos sent to us?

Let me know if there's anything I can do!

Thank you,
John Byford
