OIL AND GAS LEASE
NO. M-94707

WHEREAS, pursuant to the Texas Natural Resources Code Chapters 32, 33, 51, and Chapter 52, Subchapters A-D and H, (said Code being hereinafter referred to as N.R.C.), and subject to all rules and regulations promulgated by the Commissioner of the General Land Office and/or the School Land Board pursuant thereto, and all other applicable statutes and amendments to said N.R.C., the following area, to-wit:

Tract 12, Brazos River, Brazos & Burleson Counties, Texas, containing approximately 100 acres, is bound on the Northwest by the Milton Newberry No. 9 Unit, said unit being more particularly described by Pooling Agreement in Mineral Lease File M-91332, currently on file in the Archives & Records Division of the Texas General Land Office, Austin, Texas, and is bound on the Southeast by a Southwesterly extension of the Northwest line of the W. Mathis Survey, A-37, Brazos County, Texas,

was, after being duly advertised, offered for lease on the **1st** day of **October, 1991**, at 10:00 o'clock A.M., by the Commissioner of the General Land Office of the State of Texas and the School Land Board of the State of Texas, for the sole and only purpose of prospecting and drilling for, and producing oil and/or gas that may be found and produced from the above described area; and

WHEREAS, after all bids and remittances which were received up to said time have been duly considered by the Commissioner of the General Land Office and the School Land Board at a regular meeting thereof in the General Land Office, on the **1st** day of **October, 1991**, and it was found and determined that **UNION PACIFIC RESOURCES COMPANY** whose address is **801 Cherry Street, Fort Worth, Texas 76102** had offered the highest and best bid for a lease of the area above described and is, therefore, entitled to receive a lease thereon:

NOW, THEREFORE, I, Garry Mauro, Commissioner of the General Land Office of the State of Texas, hereinafter sometimes referred to as "Lessor", whose address is Austin, Texas, by virtue of the authority vested in me and in consideration of the payment by the hereinafter designated Lessee, the sum of **Nineteen Thousand One Hundred Eighty and no/100** Dollars (**$19,180.00**), receipt of which is hereby acknowledged and of the royalties, covenants, stipulations and conditions contained and hereby agreed to be paid, observed and performed by Lessee, do hereby demise, grant, lease and let unto the above mentioned bidder the exclusive right to prospect for, produce and take oil and/or gas from the aforesaid area upon the following terms and conditions, to-wit:

1. **RESERVATION:** There is hereby excepted and reserved to Lessor the full use of the property covered hereby and all rights with respect to the surface and subsurface thereof for any and all purposes except those granted and to the extent herein granted to Lessee, together with the rights of ingress and egress and use of said lands by Lessor and its mineral lessees, for purposes of exploring for and producing the minerals which are not covered, or which may not be covered in the future, under the terms of this lease, but which may be located within the surface boundaries of the leased area. All of the rights in and to the leased premises retained by Lessor and all of the rights in and to the leased premises granted to Lessee herein shall be exercised in such a manner that neither shall unduly interfere with the operations of the other.

2. **TERM:** Subject to the other provisions hereof, this lease shall be for a term of **three (3)** years from the effective date hereof (herein called "primary term") and as long thereafter as oil or gas is produced in paying quantities from said area.

3. **DELAY RENTALS:** If no well be commenced on the land hereby leased on or before the anniversary date of this lease, this lease shall terminate as to both parties unless the Lessee on or before said date shall pay or tender to the Commissioner of the General Land Office of the State of Texas at Austin, Texas, the sum of **Five** Dollars (**$5.00**), **per acre**, which shall operate as rental and cover the privilege of deferring the commencement of a well for twelve (12) months from said date. In like manner and upon like payments or tenders the commencement of a well may be further deferred for like periods of the same number of months successively during the primary term hereof.

4. **PRODUCTION ROYALTIES:** Subject to the provisions for royalty reductions set out in subparagraph (E) of this paragraph 4, when production of oil and/or gas is secured, the Lessee agrees to pay or cause to be paid to the Commissioner of the General Land Office in Austin, Texas, for the use and benefit of the State of Texas, during the term hereof:

(A) OIL: As a royalty on oil, which is defined as including all hydrocarbons produced in a liquid form at the mouth of the well and also all condensate, distillate, and other liquid hydrocarbons recovered from oil or gas run through a separator or other equipment, as hereinafter provided, 1/4 part of the gross production or the market value thereof, at the option of the Lessor, such value to be determined by 1) the highest posted price, plus premium, if any, offered or paid for oil, condensate, distillate, or other liquid hydrocarbons, respectively, of a like type and gravity in the general area where produced and when run, or 2) the highest market price thereof offered or paid in the general area where produced and when run, or 3) the gross proceeds of the sale thereof, whichever is the greater. Lessee agrees that before any gas produced from the land hereby leased is sold, used or processed in a plant, it will be run free of cost to Lessor through an adequate oil and gas separator of conventional type or other equipment at least as efficient to the end that all liquid hydrocarbons recoverable from the gas by such means will be recovered. Upon written consent of Lessor, the requirement that such gas be run through such a separator or other equipment may be waived upon such terms and conditions as prescribed by Lessor.

(B) NON PROCESSED GAS: As a royalty on any gas (including flared gas), which is defined as all hydrocarbons and gaseous substances not defined as oil in subparagraph (A) above, produced from any well on said land (except as provided herein with respect to gas processed in a plant for the extraction of gasoline, liquid hydrocarbons or other products) 1/4 part of the gross production or the market value thereof, at the option of the Lessor, such value to be based on the highest market price paid or offered for gas of comparable quality in the general area where produced and when run, or the gross price paid or offered to the producer, whichever is greater provided that the maximum pressure base in measuring the gas under this lease contract shall not at any time exceed 14.65 pounds per square inch absolute, and the standard base temperature shall be sixty (60) degrees Fahrenheit, correction to be made for pressure according to Boyle's Law, and for specific gravity according to test made by the Balance Method or by the most approved method of testing being used by the industry at the time of testing.

(C) PROCESSED GAS: As a royalty on any gas processed in a gasoline plant or other plant for the recovery of gasoline or other liquid hydrocarbons, 1/4 part of the residue gas and the liquid hydrocarbons extracted or the market value thereof, at the option of the Lessor. All royalties due herein shall be based on one hundred percent (100%) of the total plant production of residue gas attributable to gas produced from this lease, and on fifty percent (50%) or that percent accruing to Lessee, whichever is the greater, of the total plant production of liquid hydrocarbons, attributable to the gas produced from this lease; provided that if liquid hydrocarbons are recovered from gas processed in a plant in which Lessee (or its parent, subsidiary or affiliate) owns an interest, then the percentage applicable to liquid hydrocarbons shall be fifty percent (50%) or the highest percent accruing to a third party processing gas through such plant under a processing agreement negotiated at arms' length (or if there is no such third party, the highest percent then being specified in processing agreements or contracts in the industry), whichever is the greater. The respective royalties on residue gas and on liquid hydrocarbons shall be determined by 1) the highest market price paid or offered for any gas (or liquid hydrocarbons) of comparable quality in the general area or 2) the gross price paid or offered for such residue gas (or the weighted average gross selling price for the respective grades of liquid hydrocarbons), whichever is the greater. In no event, however, shall the royalties payable under this paragraph be less than the royalties which would have been due had the gas not been processed.

(D) OTHER PRODUCTS: As a royalty on carbon black, sulphur or any other products produced or manufactured from gas (excepting liquid hydrocarbons) whether said gas be "casinghead", "dry" or any other gas, by fractionating, burning or any other processing, 1/4 part of gross production of such products, or the market value thereof, at the option of Lessor, such market value to be determined as follows:

(1) On the basis of the highest market price of each product, during the same month in which such product is produced, or
(2) On the basis of the average gross sale price of each product for the same month in which such products are produced; whichever is the greater.

(E) VARIABLE ROYALTY: (i) Subject to the other provisions of this lease, it is hereby provided that in the event production in paying quantities is established pursuant to the terms of this lease and such production is brought on line and sales thereof are commenced within twelve (12) months of the effective date hereof, the royalty rate provided herein shall be reduced to 20%, and shall apply to each subsequent well drilled and produced on the land covered by this lease. Provided that, if during such twelve (12) month term during which Lessee may earn a reduced royalty rate of 20% as herein provided, Lessee should drill in good faith and complete the first well as a dry hole on the land covered by this lease, Lessee may receive a three (3) month extension of the term in which to earn a reduced royalty rate by giving notice to the Commissioner of the General Land Office, commencing drilling operations on an additional well prior to the expiration of such three (3) month period and prosecuting diligently and in good faith the drilling of such additional well and completing same so that production in paying quantities is established and so that such production is brought on line and sales thereof are commenced prior to the expiration of such three (3) month extension period.

(ii) In the event production in paying quantities is established pursuant to the terms of this lease and such production is brought on line and sales thereof are commenced after the expiration of twelve (12) months from the effective date hereof but prior to the expiration of twenty-four (24) months from the effective date hereof, the royalty rate provided herein shall be reduced to 22.5% and shall apply to each subsequent well drilled and produced on the land covered by this lease. Provided that, if during such twenty-four (24) month term during which Lessee may earn a reduced royalty rate of 22.5% as herein provided, Lessee should drill in good faith and complete the first well as a dry hole on the land covered by this lease, Lessee may receive a three (3) month extension of the term in which to earn a reduced royalty rate by giving notice to the Commissioner of the General Land Office, commencing drilling operations on an additional well prior to the expiration of such three (3) month period and prosecuting diligently and in good faith the drilling of such additional well and completing same so that production in paying quantities is established and so that such production is brought on line and sales thereof are commenced prior to the expiration of such three (3) month extension period.

(F) NO DEDUCTIONS: Lessee agrees that all royalties accruing to Lessor under this lease shall be without deduction for the cost of producing, transporting, and otherwise making the oil, gas and other products produced hereunder ready for sale or use.

(G) ROYALTY IN KIND: Notwithstanding anything contained herein to the contrary, Lessor may, at its option, upon not less than 60 days notice to Lessee, require at any time or from time to time that payment of all or any royalties accruing to Lessor under this lease be made in kind without deduction for the cost of producing, gathering, storing, separating, treating, dehydrating, compressing, processing, transporting and otherwise making the oil, gas and other products produced hereunder ready for sale or use.

(H) PLANT FUEL AND RECYCLED GAS: No royalty shall be payable on any gas as may represent this lease's proportionate share of any fuel used to process gas produced hereunder in any processing plant. Notwithstanding anything contained herein to the contrary, and subject to the consent in writing of the Commissioner of the General Land Office, Lessee may recycle gas for gas lift purposes on the leased premises after the liquid hydrocarbons contained in the gas have been removed, and no royalties shall be payable on the gas so recycled until such time as the same may thereafter be produced and sold or used by Lessee in such manner as to entitle Lessor to a royalty thereon under the royalty provisions of this lease.

(I) MINIMUM ROYALTY: During any year after the expiration of the primary term of this lease, if this lease is maintained by production, the royalties paid to Lessor in no event shall be less than an amount equal to the total annual delay rental herein provided; otherwise, there shall be due and payable on or before the last day of the month succeeding the anniversary date of this lease a sum equal to the total annual rental less the amount of royalties paid during the preceding year.

5. ROYALTY PAYMENTS AND REPORTS: All royalties not taken in kind shall be paid to the Commissioner of the General Land Office at Austin, Texas, in the following manner:

Payment of royalty on production of oil and gas shall be as provided in the rules set forth in the Texas Register. Rules currently provide that royalty on oil is due and must be received in the General Land Office on or before the 5th day of the second month succeeding the month of production, and royalty on gas is due and must be received in the General Land Office on or before the 15th day of the second month succeeding the month of production, accompanied by the affidavit of the owner, manager or other authorized agent, completed in the form and manner prescribed by the General Land Office and showing the gross amount and disposition of all oil and gas produced and the market value of the oil and gas, together with a copy of all documents, records or reports confirming the gross production, disposition and market value including gas meter readings, pipeline receipts, gas line receipts and other checks or memoranda of amount produced and put into pipelines, tanks, or pools and gas lines or gas storage, and any other reports or records which the General Land Office may require to verify the gross production, disposition and market value. In all cases the authority of a manager or agent to act for the Lessee herein must be filed in the General Land Office. Each royalty payment shall be accompanied by a check stub, schedule, summary or other remittance advice showing by the assigned General Land Office lease number the amount of royalty being paid on each lease. If Lessee pays his royalty on or before thirty (30) days after the royalty payment was due, then Lessee owes a penalty of 5% on the royalty or $25.00, whichever is greater. A royalty payment which is over thirty (30) days late shall accrue a penalty of 10% of the royalty due or $25.00 whichever is greater. In addition to a penalty, royalties shall accrue interest at a rate of 12% per year; such interest will begin accruing when the royalty is sixty (60) days overdue. Affidavits and supporting documents which are not filed when due shall incur a penalty in an amount set by the General Land Office administrative rule which is effective on the date when the affidavits or supporting documents were due. The Lessee shall bear all responsibility for paying or causing royalties to be paid as prescribed by the due date provided herein. Payment of the delinquency penalty shall in no way operate to prohibit the State's right of forfeiture as provided by law nor act to postpone the date on which royalties were originally due. The above penalty provisions shall not apply in cases of title dispute as to the State's portion of the royalty or to that portion of the royalty in dispute as to fair market value.

6. (A) RESERVES, CONTRACTS AND OTHER RECORDS: Lessee shall annually furnish the Commissioner of the General Land Office with its best possible estimate of oil and gas reserves underlying this lease or allocable to this lease and shall furnish said Commissioner with copies of all contracts under which gas is sold or processed and all subsequent agreements and amendments to such contracts within thirty (30) days after entering into or making such contracts, agreements or amendments. Such contracts and agreements when received by the General Land Office shall be held in confidence by the General Land Office unless otherwise authorized by Lessee. All other contracts and records pertaining to the production, transportation, sale and marketing of the oil and gas produced on said premises, including the books and accounts, receipts and discharges of all wells, tanks, pools, meters, and pipelines shall at all times be subject to inspection and examination by the Commissioner of the General Land Office, the Attorney General, the Governor, or the representative of any of them.

(B) DRILLING RECORDS: Written notice of all operations on this lease shall be submitted to the Commissioner of the General Land Office by Lessee or operator five (5) days before spud date, workover, re-entry, temporary abandonment or plug and abandonment of any well or wells. Such written notice to the General Land Office shall include copies of Railroad Commission forms for application to drill. Copies of well tests, completion reports and plugging reports shall be supplied to the General Land Office at the time they are filed with the Texas Railroad Commission. Lessee shall supply the General Land Office with any records, memoranda, accounts, reports, cuttings and cores, or other information relative to the operation of the above-described premises, which may be requested by the General Land Office, in addition to those herein expressly provided for. Lessee shall have an electrical and/or radioactivity survey made on the bore-hole section, from the base of the surface casing to the total depth of well, of all wells drilled on the above described premises and shall transmit a true copy of the log of each survey on each well to the General Land Office within fifteen (15) days after the making of said survey.

(C) PENALTIES: Lessee shall incur a penalty whenever reports, documents or other materials are not filed in the General Land Office when due. The penalty for late filing shall be set by the General Land Office administrative rule which is effective on the date when the materials were due in the General Land Office.

7. RETAINED ACREAGE: Notwithstanding any provision of this lease to the contrary, after a well producing or capable of producing oil or gas has been completed on the leased premises, Lessee shall exercise the diligence of a reasonably prudent operator in drilling such additional well or wells as may be reasonably necessary for the proper development of the leased premises and in marketing the production thereon.

(A) VERTICAL: In the event this lease is in force and effect two (2) years after the expiration date of the primary or extended term it shall then terminate as to all of the leased premises, EXCEPT (1) 40 acres surrounding each oil well capable of producing in paying quantities and 320 acres surrounding each gas well capable of producing in paying quantities (including a shut-in oil or gas well as provided in Paragraph 10 hereof), or a well upon which Lessee is then engaged in continuous drilling or reworking operations, or (2) the number of acres included in a producing pooled unit pursuant to Natural Resources Code Sections 52.151-52.153, or (3) such

greater or lesser number of acres as may then be allocated for production purposes to a proration unit for each such producing well under the rules and regulations of the Railroad Commission of Texas, or any successor agency, or other governmental authority having jurisdiction.

(B) HORIZONTAL: In the event this lease is in force and effect two (2) years after the expiration date of the primary or extended term it shall further terminate as to all depths below 100 feet below the total depth drilled (hereinafter "deeper depths") in each well located on each unit retained in Paragraph 7 (A) above, unless on or before two (2) years after the primary or extended term Lessee pays an amount equal to one-half (1/2) of the bonus originally paid as consideration for this lease (as specified on page 1 hereof). If such amount is paid, this lease shall be in force and effect as to such deeper depths, and said termination shall be delayed for an additional period of two (2) years and so long thereafter as oil or gas is produced in paying quantities from such deeper depths covered by this lease.

(C) IDENTIFICATION AND FILING: The surface acreage retained hereunder as to each well shall, as nearly as practical, be in the form of a square with the well located in the center thereof, or such other shape as may be approved by the School Land Board. Within thirty (30) days after partial termination of this lease as provided herein, Lessee shall execute and record a release or releases containing a satisfactory legal description of the acreage and/or depths not retained hereunder. The recorded release, or a certified copy of same, shall be filed in the General Land Office, accompanied by the filing fee prescribed by the General Land Office rules in effect on the date the release is filed. If Lessee fails or refuses to execute and record such release or releases within ninety (90) days after being requested to do so by the General Land Office, then the Commissioner at his sole discretion may designate by written instrument the acreage and/or depths to be released hereunder and record such instrument at Lessee's expense in the county or counties where the lease is located and in the official records of the General Land Office and such designation shall be binding upon Lessee for all purposes. If at any time after the effective date of the partial termination provisions hereof, the applicable field rules are changed or the well or wells located thereon are reclassified so that less acreage is thereafter allocated to said well or wells for production purposes, this lease shall thereupon terminate as to all acreage not thereafter allocated to said well or wells for production purposes.

8. OFFSET WELLS: If oil and/or gas should be produced in commercial quantities from a well located on land privately owned or on State land leased at a lesser royalty, which well is within one thousand (1,000) feet of the area included herein, or which well is draining the area covered by this lease, the Lessee shall, within sixty (60) days after such initial production from the draining well or the well located within one thousand (1,000) feet from the area covered by this lease begin in good faith and prosecute diligently the drilling of an offset well on the area covered by this lease, and such offset well shall be drilled to such depth as may be necessary to prevent the undue drainage of the area covered by this lease, and the Lessee, manager or driller shall use all means necessary in a good faith effort to make such offset well produce oil and/or gas in commercial quantities. Only upon the determination of the Commissioner and with his written approval, may the payment of a compensatory royalty satisfy the obligation to drill an offset well or wells required under this Paragraph.

9. DRY HOLE CLAUSE: If, during the primary term hereof and prior to discovery and production of oil or gas on said land, Lessee should drill a dry hole or holes thereon, or if at any time after the discovery and actual production of oil or gas from the leased premises such production thereof should cease from any cause, this lease shall not terminate if on or before the expiration of sixty (60) days from date of completion of said dry hole or cessation of production Lessee commences additional drilling or reworking operations thereon, or, if it be within the primary term, commences or resumes the payment of the annual delay rental in the same manner as provided in this lease. If, during the last year of the primary term or within sixty (60) days prior thereto, a dry hole be completed and abandoned, or the production of oil or gas should cease for any cause, Lessee's rights shall remain in full force and effect without further operations until the expiration of the primary term. Should the first well or any subsequent well drilled on the above described land be completed as a shut-in oil or gas well within the primary term hereof, Lessee may resume payment of the annual rental in the same manner as provided herein on or before the rental paying date following the expiration of sixty (60) days from the date of completion of such shut-in oil or gas well and upon the failure to make such annual rental payment, this lease shall ipso facto terminate. If at the expiration of the primary term or any time thereafter a shut-in oil or gas well is located on the leased premises payments may be made in accordance with the shut-in provisions hereof.

10. CESSATION, DRILLING, AND REWORKING: In the event production of oil or gas on the leased premises after once obtained shall cease from any cause at the expiration of the primary term hereof or at any time or times thereafter, this lease shall not terminate if Lessee commences additional drilling or reworking operations within sixty (60) days thereafter, and the lease shall remain in full force and effect so long as such operations continue in good faith and in workmanlike manner without interruptions totaling more than sixty (60) days during any one such operation; and if such drilling or reworking operations result in the production of oil or gas, the lease shall remain in full force and effect so long as oil or gas is produced therefrom in paying quantities or payment of shut-in oil or gas well royalties or compensatory royalties is made as hereinafter provided or as provided elsewhere in the statutes of the State of Texas. Lessee shall give written notice to the General Land Office within thirty (30) days of any cessation of production.

11. SHUT-IN ROYALTIES: If at the expiration of the primary term or at any time after the expiration of the primary term a well or wells capable of producing oil or gas in paying quantities are located on the leased premises but oil or gas is not being produced for lack of suitable production facilities or a suitable market and the lease is not being maintained in force and effect, then Lessee may pay as a shut-in oil or gas royalty an amount equal to double the annual rental provided in the lease but not less than $1,200 a year for each well capable of producing oil or gas in paying quantities; any shut-in oil or gas royalty must be paid on or before: (1) the expiration of the primary term, (2) 60 days after the lessee ceases to produce oil or gas from the leased premises, or (3) 60 days after lessee completes a drilling and reworking operation in accordance with the lease provisions; whichever date is latest; if the shut-in oil or gas royalty is paid, the lease shall be considered to be a producing lease and the payment shall extend the term of the lease for a period of one year from the end of the primary term or from the first day of the month next succeeding the month in which production ceased and after that if no suitable production facilities or suitable market for the oil or gas exists, Lessee may extend the lease for four additional and successive periods of one year by paying the same amount each year on or before the expiration of the extended term; if, during the period the lease is kept in effect by payment of the shut-in oil or gas royalty, oil or gas is sold and delivered in paying quantities from a well located within one thousand (1,000) feet of the leased premises and completed in the same producing reservoir or in any case in which drainage is occurring, the right to continue to extend the lease by paying the shut-in

oil or gas royalty shall cease, but the lease shall remain effective for the remainder of the year for which the royalty has been paid and for four additional and successive periods of one year each by Lessee paying compensatory royalty at the royalty rate provided in the lease of the value at the well of production from the well which is causing the drainage or which is completed in the same producing reservoir and within one thousand (1,000) feet of the leased premises; the compensatory royalty is to be paid monthly to the Commissioner beginning on or before the last day of the month next succeeding the month in which the oil or gas is sold and delivered from the well located within one thousand (1,000) feet of or draining the leased premises and completed in the same reservoir; if the compensatory royalty paid in any 12-month period is in an amount less than the annual shut-in oil or gas royalty, Lessee shall pay an amount equal to the difference within thirty (30) days from the end of the 12-month period; and none of these provisions will relieve Lessee of the obligation of reasonable development nor the obligation to drill offset wells as provided in N.R.C. Section 52.034; however, at the determination of the Commissioner, and with his written approval, the payment of compensatory royalties shall satisfy the obligation to drill offset wells. (For purposes of determining due dates in accordance with this paragraph, the next succeeding month shall mean the following calendar month, e.g. February shall be considered the month next succeeding the month of January.)

12. EXTENSIONS: If, at the expiration of the primary term of this lease, production of oil or gas has not been obtained on the leased premises but drilling operations are being conducted thereon in good faith and in a good and workmanlike manner, Lessee may, on or before the expiration of the primary term, file in the General Land Office written application to the Commissioner of the General Land Office for a thirty (30) day extension of this lease, accompanied by payment of Three Thousand Dollars ($3,000.00) if this lease covers six hundred forty (640) acres or less and Six Thousand Dollars ($6,000.00) if this lease covers more than six hundred forty (640) acres and the Commissioner shall, in writing, extend this lease for a thirty (30) day period from and after the expiration of the primary term and so long thereafter as oil or gas is produced in paying quantities; provided further, that Lessee may, so long as such drilling operations are being conducted make like application and payment during any thirty (30) day extended period for an additional extension of thirty (30) days and, upon receipt of such application and payment, the Commissioner shall, in writing, again extend this lease so that same shall remain in force for such additional thirty (30) day period and so long thereafter as oil or gas is produced in paying quantities; provided, however, that this lease shall not be extended for more than a total of three hundred ninety (390) days from and after the expiration of the primary term unless production in paying quantities has been obtained.

13. USE OF WATER; SURFACE: Lessee shall have the right to use water produced on said land necessary for operations hereunder and solely upon the leased premises; provided, however, Lessee shall not use potable water or water suitable for livestock or irrigation purposes for water flood operations without the prior written consent of Lessor. Subject to its obligation to pay surface damages, Lessee shall have the right to use so much of the surface of the land that may be reasonably necessary for drilling and operating wells and transporting and marketing the production therefrom, such use to be conducted under conditions of least injury to the surface of the land. Lessee shall pay surface damages in an amount set by the General Land Office fee schedule which is effective on the date when the activity requiring the payment of surface damages occurs.

14. POLLUTION: In developing this area, Lessee shall use the highest degree of care and all proper safeguards to prevent pollution. Without limiting the foregoing, pollution of coastal wetlands, natural waterways, rivers and impounded water shall be prevented by the use of containment facilities sufficient to prevent spillage, seepage or ground water contamination. In the event of pollution, Lessee shall use all means at its disposal to recapture all escaped hydrocarbons or other pollutant and shall be responsible for all damage to public and private properties.

(A) UPLANDS: Lessee shall build and maintain fences around its slush, sump, and drainage pits and tank batteries so as to protect livestock against loss, damage or injury; and upon completion or abandonment of any well or wells, Lessee shall fill and level all slush pits and cellars and completely clean up the drilling site of all rubbish thereon.

(B) SUBMERGED LANDS: No discharge of solid waste or garbage shall be allowed into State waters from any drilling or support vessels, production platform, crew or supply boat, barge, jack-up rig or other equipment located on the leased area. Solid waste shall include but shall not be limited to containers, equipment, rubbish, plastic, glass, and any other man-made non-biodegradable items. A sign must be displayed in a high traffic area on all vessels and manned platforms stating, "Discharge of any solid waste or garbage into State Waters from vessels or platforms is strictly prohibited and may subject a State of Texas lease to forfeiture." such statement shall be in lettering of at least 1" in size.

(C) RIVERS: To the extent necessary to prevent pollution, the provisions found in subsections (a) and (b) of this paragraph shall also apply to rivers and riverbeds.

(D) PENALTY: Failure to comply with the requirements of this provision may result in the maximum penalty allowed by law including forfeiture of the lease. Lessee shall be liable for the damages caused by such failure and any costs and expenses incurred in cleaning areas affected by the discharged waste.

15. IDENTIFICATION MARKERS: Lessee shall erect, at a distance not to exceed twenty-five (25) feet from each well on the premises covered by this lease, a legible sign on which shall be stated the name of the operator, the lease designation and the well number. Where two or more wells on the same lease or where wells on two or more leases are connected to the same tank battery, whether by individual flow line connections direct to the tank or tanks or by use of a multiple header system, each line between each well and such tank or header shall be legibly identified at all times, either by a firmly attached tag or plate or an identification properly painted on such line at a distance not to exceed three (3) feet from such tank or header connection. Said signs, tags, plates or other identification markers shall be maintained in a legible condition throughout the term of this lease.

16. ASSIGNMENTS: The lease may be transferred at any time. All transfers must reference the lease by the file number and must be recorded in the county where the area is located, and the recorded transfer or a copy certified to by the County Clerk of the county where the transfer is recorded must be filed in the General Land Office within ninety (90) days of the execution date, as provided by N.R.C. Section 52.026, accompanied by the filing fee prescribed by the General Land Office rules in effect on the date of receipt by the General Land Office of such transfer or certified copy thereof. Every transferee shall succeed to all rights and be subject to all obligations, liabilities, and penalties owed to the state by the original lessee or any prior transferee of the lease, including any liabilities to the state for unpaid royalties.

17. RELEASES: Lessee may relinquish the rights granted hereunder to the State at any time by recording the relinquishment in the county where this area is situated and filing the recorded relinquishment or certified copy of same in the General Land Office within ninety (90) days after its execution accompanied by the filing fee prescribed by the General Land Office rules in effect on the date of receipt by the General Land Office of such relinquishment or certified copy thereof. Such relinquishment will not have the effect of releasing Lessee from any liability theretofore accrued in favor of the State.

18. LIEN: In accordance with N.R.C. Section 52.136, the State shall have a first lien upon all oil and gas produced from the area covered by this lease to secure payment of all unpaid royalty and other sums of money that may become due under this lease. By acceptance of this lease, Lessee grants the State, in addition to the lien provided by N.R.C. Section 52.136 and any other applicable statutory lien, an express contractual lien on and security interest in all leased minerals in and extracted from the leased premises, all proceeds which may accrue to Lessee from the sale of such leased minerals, whether such proceeds are held by Lessee or by a third party, and all fixtures on and improvements to the leased premises used in connection with the production or processing of such leased minerals in order to secure the payment of all royalties or other amounts due or to become due under this lease and to secure payment of any damages or loss that Lessor may suffer by reason of Lessee's breach of any covenant or condition of this lease, whether express or implied. This lien and security interest may be foreclosed with or without court proceedings in the manner provided in the Title 1, Chapter 9 of the Texas Business and Commerce Code. Lessee agrees that the Commissioner may require Lessee to execute and record such instruments as may be reasonably necessary to acknowledge, attach or perfect this lien. Lessee hereby represents that there are no prior or superior liens arising from and relating to Lessee's activities upon the above-described property or from Lessee's acquisition of this lease. Should the Commissioner at any time determine that this representation is not true, then the Commissioner may declare this lease forfeited as provided herein.

19. FORFEITURE: If Lessee shall fail or refuse to make the payment of any sum within thirty (30) days after it becomes due, or if Lessee or an authorized agent should knowingly make any false return or false report concerning production or drilling, or if Lessee shall fail or refuse to drill any offset well or wells in good faith as required by law and the rules and regulations adopted by the Commissioner of the General Land Office, or if Lessee should fail to file reports in the manner required by law or fail to comply with rules and regulations promulgated by the General Land Office, the School Land Board, or the Railroad Commission, or refuse the proper authority access to the records pertaining to operations, or if Lessee or an authorized agent should knowingly fail or refuse to give correct information to the proper authority, or knowingly fail or refuse to furnish the General Land Office a correct log of any well, or if Lessee shall knowingly violate any of the material provisions of this lease, or if this lease is assigned and the assignment is not filed in the General Land Office as required by law, the rights acquired under this lease shall be subject to forfeiture by the Commissioner, and he shall forfeit same when sufficiently informed of the facts which authorize a forfeiture, and when forfeited the area shall again be subject to lease to the highest bidder, under the same regulations controlling the original sale of leases. However, nothing herein shall be construed as waiving the automatic termination of this lease by operation of law or by reason of any special limitation arising hereunder. Forfeitures may be set aside and this lease and all rights thereunder reinstated before the rights of another intervene upon satisfactory evidence to the Commissioner of the General Land Office of future compliance with the provisions of the law and of this lease and the rules and regulations that may be adopted relative hereto.

20. RIVERBED TRACTS: In the event this lease covers a riverbed, Lessee is hereby specifically granted the right of eminent domain and condemnation as provided for in N.R.C. Sections 52.092-52.093, as a part of the consideration moving to Lessor for the covenants herein made by Lessee.

21. APPLICABLE LAWS AND DRILLING RESTRICTIONS: This lease shall be subject to all rules and regulations, and amendments thereto, promulgated by the Commissioner of the General Land Office governing drilling and producing operations on Permanent Free School Land, payment of royalties, and auditing procedures, and shall be subject to all other valid statutes, rules, regulations, orders and ordinances that may affect operations under the provisions of this lease. Without limiting the generality of the foregoing, Lessee hereby agrees, by the acceptance of this lease, to be bound by and subject to all statutory and regulatory provisions relating to the General Land Office's audit billing notice and audit hearings procedures. Said provisions are currently found at 31 Texas Administrative Code, Chapter 4, and Texas Natural Resources Code Sections 52.135 and 52.137 through 52.140. In the event this lease covers land franchised or leased or otherwise used by a navigation district or by the United States for the purpose of navigation or other purpose incident to the operation of a port, then Lessee shall not be entitled to enter or possess such land without prior approval as provided under Section 61.117 of the Texas Water Code, but Lessee shall be entitled to develop such land for oil and gas by directional drilling; provided, however, that no surface drilling location may be nearer than 660 feet and special permission from the Commissioner of the General Land Office is necessary to make any surface location nearer than 2,160 feet measured at right angles from the nearest bulkhead line or from the nearest dredged bottom edge of any channel, slip, or turning basin which has been authorized by the United States as a federal project for future construction, whichever is nearer.

22. REMOVAL OF EQUIPMENT: Upon the termination of this lease for any cause, Lessee shall not, in any event, be permitted to remove the casing or any part of the equipment from any producing, dry, or abandoned well or wells without the written consent of the Commissioner of the General Land Office or his authorized representative; nor shall Lessee, without the written consent of said Commissioner or his authorized representative remove from the leased premises the casing or any other equipment, material, machinery, appliances or property owned by Lessee and used by Lessee in the development and production of oil or gas therefrom until all dry or abandoned wells have been plugged and until all slush or refuse pits have been properly filled and all broken or discarded lumber, machinery, or debris shall have been removed from the premises to the satisfaction of the said Commissioner or his authorized representative.

23. FORCE MAJEURE: Should Lessee be prevented from complying with any express or implied covenant of this lease, from conducting drilling operations thereon, or from producing oil and/or gas therefrom, after effort made in good faith, by reason of war, rebellion, riots, strikes, fires, acts of God or any order, rule or regulation of governmental authority, then while so prevented, Lessee's obligation to comply with such covenant shall be suspended upon proper and satisfactory proof presented to the Commissioner of the General Land Office in support of Lessee's contention and Lessee shall not be liable for damages for failure to comply therewith (except

in the event of lease operations suspended as provided in the rules and regulations adopted by the School Land Board); and this lease shall be extended while and so long as Lessee is prevented, by any such cause, from drilling, reworking operations or producing oil and/or gas from the leased premises; provided, however, that nothing herein shall be construed to suspend the payment of rentals during the primary or extended term, nor to abridge Lessee's right to a suspension under any applicable statute of this State.

24. **RAILROAD COMMISSION HEARINGS ON GAS:** No natural gas or casinghead gas, including both associated and non-associated gas, produced from the mineral estate subject to this lease may be sold or contracted for sale to any person for ultimate use outside the State of Texas unless the Railroad Commission of Texas, after notice and hearing as provided in Title 3 of the N.R.C., finds that (a) the person, agency, or entity that executed the lease in question does not require the natural gas or casinghead gas to meet its own existing needs for fuel; (b) no private or public hospital, nursing home, or other similar health-care facility in this State requires the natural gas or casinghead gas to meet its existing needs for fuel; (c) no public or private school in this State that provides elementary, secondary, or higher education requires the natural gas or casinghead gas to meet its existing needs for fuel; (d) no facility of the State or of any county, municipality, or other political subdivision in this State requires the natural gas or casinghead gas to meet its existing needs for fuel; (e) no producer of food and fiber requires the natural gas or casinghead gas necessary to meet the existing needs of irrigation pumps and other machinery directly related to this production; and (f) no person who resides in this State and who relies on natural gas or casinghead gas to provide in whole or part his existing needs for fuel or raw material requires the natural gas or casinghead gas to meet those needs. However, the Railroad Commission of Texas may grant exceptions to these provisions as set forth in N.R.C. Section 52.296.

25. **LEASE SECURITY:** Lessee shall take the highest degree of care and all proper safeguards to protect said premises and to prevent theft of oil, gas, and other hydrocarbons produced from said lease. This includes, but is not limited to, the installation of all necessary equipment, seals, locks, or other appropriate protective devices on or at all access points at the lease's production, gathering and storage systems where theft of hydrocarbons can occur. Lessee shall be liable for the loss of any hydrocarbons resulting from theft and shall pay the State of Texas royalties thereon as provided herein on all oil, gas or other hydrocarbons lost by reason of theft.

26. **REDUCTION OF PAYMENTS:** If, at any time after the expiration of the primary term or the extended term, this lease covers a lesser number of acres than the total amount described herein, payments that are made on a per acre basis hereunder shall be reduced according to the number of acres released, surrendered, or otherwise severed, so that payments determined on a per acre basis under the terms of this lease shall be calculated based upon the number of acres actually retained and covered by this lease.

27. **SUCCESSORS AND ASSIGNS:** The covenants, conditions and agreements contained herein shall extend to and be binding upon the heirs, executors, administrators, successors or assigns of Lessee herein.

IN TESTIMONY WHEREOF, witness the signature of the Commissioner of the General Land Office of the State of Texas under the seal of the General Land Office, effective this **1st** day of **October, 1991.**

Fort Worth, Texas 76102

Attn: Steve Byrom

Gentlemen:

Thank you for your participation in the State of Texas Oil and Gas Lease Sale held on the 1st day of October, 1991. The sale was a tremendous success. You were the high bidder on the marginal number listed below, that has been assigned the corresponding lease number:

MGL NO. 23 M-94707

The lease agreement for this marginal number is enclosed. The lease will serve as your receipt for the amount of your bid. Also, your contractual and statutory responsibilities to the General Land Office are outlined in the lease agreement. Section 6(B) requires operators to submit written notice of all drilling, production, and related activities. More specifically, when a lessee files various forms with the Texas Railroad Commission and the Department of Energy, they are required to submit copies of these forms to the General Land Office. Examples of these forms are:

W-1, Application to Drill, Deepen, or Plug Back with Plat;
W-2, Oil Well Potential Test, Completion or Recompletion Report and Log;
W-3, Plugging Record;
G-1, Gas Well Back Pressure Test, Completion/Recompletion Report and Log;
G-5, Gas Well Classification Report;
G-10, Gas Well Status Report;
W-10, Oil Well Status Report;
W-12, Inclination Report;
Electrical Logs (any scale and within fifteen (15) days after they are made);
Directional Surveys;
P-12, Certificate of Pooling Authority
F-1, NGPA Supplemental Application; and
FERC-121, Application for Determination

When production is secured from this lease(s) it is required that monthly production/royalty reports (GLO Forms 1,1a,2,2a) be submitted to the General Land Office outlining production/disposition activities for the month. If you are not familiar with the required forms and procedures, please call the Royalty Management and Compliance Division of the General Land Office at (512)463-5042 and request the Oil and Gas reports and payments procedures booklet.

Lessees should contact the coding agency of the General Land Office Resource Management Division for updates and any additional information prior to drilling.

Your cooperation in complying with the reporting requirements outlined above will be greatly appreciated, and will contribute to the General Land Office's efforts to effectively manage the State of Texas' oil and gas resources. Failure to comply with these requirements will subject your lease to possible forfeiture.

Please do not hesitate to contact my office at (512)463-5022 if you need any assistance in the future, or if you have questions concerning the State lease that you operate.

Sincerely,

Garry Mauro

RE: **Offset Obligation**
Brazos River Tract 12
Brazos and Burleson Counties
State Lease M-94707

Dear Mr. McNeil:

We note the completion of the Calvin William #1 well being produced within 1000 feet of the above referenced river tract.

As you are aware, your lease requires you to protect the State tract from undue drainage by drilling as many wells on the State lease as the facts justify to the necessary depth for effective protection against drainage. Due consideration will be given towards pooling the State tract for offset obligation relief.

Please inform us of your plans to protect the State's interest from drainage and include any geologic data you would like us to consider, to substantiate the validity of your plans.

If I can be of any assistance, please contact me at the number below.

Sincerely,

RUBY JONES UNIT COMPENSATORY ROYALTY AGREEMENT
STATE OF TEXAS - UNION PACIFIC RESOURCES COMPANY
BRAZOS AND BURLESON COUNTIES, TEXAS

THIS AGREEMENT made and entered into by and between the Commissioner of the General Land Office (hereinafter referred to as "Commissioner") on behalf of the State of Texas, whose address is Stephen F. Austin Building, 1700 North Congress Avenue, Austin, Texas 78701, and Union Pacific Resources Company, Lessee, and other such parties as may join in the execution hereof, (hereinafter referred to as "Lessee"),

WITNESSETH THAT:

WHEREAS, Lessee is or was the owner of a certain oil and gas lease or leases, listed on Exhibit "A" attached hereto (hereinafter referred to as "State Lease", whether one or more); and

WHEREAS, a Well (or Wells, hereinafter referred to as "Draining Well" whether one or more) listed on Exhibit "B" is located on the Ruby Jones Unit, which Well is within 1,000 feet of the State Lease, or which Well is draining the area covered by the State Lease; and

WHEREAS, Jena Operating Company, Inc. is the operator of the Ruby Jones Unit as shown on a plat attached hereto as Exhibit "C", which unit is adjacent to the State Lease, and covers land that is privately owned or State land leased at a lesser royalty; and

WHEREAS, Lessee has a continuing obligation under the provisions of the State Lease and the present conditions to make payment of a compensatory royalty to satisfy the obligation to drill an offset well or wells as provided therein; and

WHEREAS, Lessee has obtained the written approval of the Commissioner by execution hereof to make payment of compensatory royalty to satisfy the obligation to drill an offset well or wells as required under the provisions of the State Lease;

NOW, THEREFORE, in consideration of the mutual agreements hereinafter set forth and other valuable considerations, the receipt and sufficiency of which are hereby acknowledged, and for the purposes and upon the terms and conditions contained herein, the parties hereto agree as follows:

1.

PURPOSES:

This Agreement is made to preserve correlative rights. To such end, it is the purpose of this Agreement to effect equitable participation in production from the Draining Well. This Agreement is entered into pursuant to the authority granted in Subchapter C, Chapter 52, of the Texas Natural Resources Code, the provisions of the State Lease and Chapter 9 of Title 31 of the Texas Administrative Code and is intended to be performed pursuant to and in compliance with all applicable statutes, decisions, regulations, rules, orders and directives of any governmental agency having jurisdiction over the production and conservation of minerals from the Draining Well and in the interpretation and application hereof this Agreement shall be, in all things, subject thereto.

2.

AREA DESCRIPTION:

The portion of the State Lease to which production from the Draining Well shall be attributed and considered held by payment of a compensatory royalty pursuant to the terms of this Agreement shall consist of the 27.5 acres out of the State Lease adjacent to the Ruby Jones Unit.

3.

MINERAL COVERED:

The mineral covered by the terms hereof shall be all oil and gas and associated hydrocarbons produced from the Draining Well located on the Ruby Jones Unit and shall extend to any producing interval in which the Draining Well is completed.

4.

COMPENSATORY ROYALTY AND EFFECT:

The payment of a compensatory royalty shall operate to have the following effect:

(a) The area of the State Lease designated for participation in production by payment of a compensatory royalty in lieu of pooling, unitization or drilling an offset well, to the extent as above described, shall be operated in conjunction with the area covered by the Ruby Jones Unit for the exploration, development and production of minerals.

Ruby Jones Unit

(b) In lieu of drilling an offset well or pooling or unitization as required by the terms of the State Lease, Lessee, during the term of this Agreement, shall pay in the manner provided in the State Lease (27.5/146.906 x 22.5%) 4.212% of the gross production, or the market value thereof, as defined in Section 6 hereof, from the Draining Well. Royalty decimal = .04212

(c) All drilling operations, reworking or other operations with respect to the Draining Well shall be considered as though same were on the area designated for participation pursuant to the terms of this Agreement and production from the Draining Well for all purposes under the terms of the State Lease, regardless of the actual location of the Draining Well.

(d) Production of minerals from the Draining Well shall be deemed to have been produced from the area covered by the portion of the State Lease designated for participation pursuant to the terms of this Agreement, regardless of the actual location of the Draining Well for all purposes under the terms of the State Lease and this Agreement.

(e) All rights to production from the Draining Well and paid as compensatory royalties, and all other payments, if any, shall be determined, governed, and paid pursuant to the specific provisions of the State Lease or other contract, if any, pertaining to the area covered by the State Lease, based upon the production so allocated to the State Lease in lieu of actual production from such Lease.

~~(f) In the event the Draining Well located on the Ruby Jones Unit is shut in, such Draining Well~~ shall be considered as a shut-in well located upon the State Lease, provided, however, that shut-in well royalties shall be paid according to the terms and conditions of the ~~State~~ Lease as though such shut-in well were actually located on said State Lease. If the shut-in royalties are not paid in accordance with the terms of the State Lease, this ~~Agreement shall~~, nevertheless, remain in full force and effect; and the shut-in royalties due under the terms of the State Lease and the terms of this Agreement shall continue to be an ~~obligation and a debt owed by the Lessee.~~

(g) In the event the area designated for participation pursuant to the terms of this Agreement covers less than the total number of acres described on the State Lease, and notwithstanding any other provision hereof, it is expressly agreed that areas lying outside the area included for participation in this Agreement may be held only as provided in the State Lease or other Agreement thereon, without regard to operations or production from the Draining Well located on the Ruby Jones Unit. Neither production from the Draining Well on the Ruby Jones Unit, nor operations with respect thereto, nor the payment of shut-in royalties on the Draining Well on such land or lease, shall serve to hold the State Lease or any other Agreement concerning any portion thereof as to any portion of the lease outside the area included for participation in this Agreement.

(h) This Agreement shall not relieve Lessee from the duty of protecting from drainage any portion of the land covered by the State Lease that is outside the area designated for participation in this Agreement from drainage from any well situated on privately owned land or State land leased at a lesser royalty, other than the Draining Well. This Agreement shall only operate to satisfy Lessee's duty to protect from drainage the portion of the State Lease designated for participation in this Agreement.

5.

FULL MARKET VALUE:

The State shall receive full market value for its royalty hereunder, such value to be determined as follows:

(a) As to royalty on oil by (1) the highest posted price, plus premium, if any, offered or paid for oil, condensate, distillate, or other liquid hydrocarbons, respectively, of a like type and gravity for the field where produced and when run, or (2) the highest market price thereof offered or paid for the field where produced and when run, or (3) gross proceeds of the sale thereof, whichever is the greatest;

(b) As to royalty on gas, such value to be based on (1) the highest market price paid or offered for gas of comparable quality for the field where produced and when run, or (2) the gross price paid or offered to the producer, whichever is the greater.

(For the purposes of this Agreement, "field" means the general area in which the lands covered hereby are located.)

6.

EFFECTIVE DATE:

This Agreement shall be effective when executed by the Commissioner of the General Land Office of the State of Texas and then shall be operative as of the date of first production from the Draining Well.

7.

TERM:

This Agreement shall remain in effect so long as there is production from the Draining Well or so long as the Ruby Jones Unit is maintained in force. This Agreement shall be binding upon the successors, agents and assigns of the State of Texas, and Lessee.

8.

STATE MINERALS:

Insofar as the compensatory royalty interest paid to the State of Texas and attributable to the State Lease is concerned, this Agreement is entered into, made and executed by the undersigned Commissioner of the General Land Office by virtue of the authority and pursuant to the provisions of Subchapter C, Chapter 52, of the Natural Resources Code, authorizing the same, after the prerequisites, findings and approval hereof, as provided in said Code were duly considered, made and obtained.

9.

DISSOLUTION:

At any time after the permanent cessation of production from and the abandonment of the Draining Well, this Agreement and all conditions, covenants and obligations provided for herein may be dissolved by Lessee, its successors or assigns, by an instrument of release or dissolution filed in the General Land Office.

10.

COUNTERPARTS:

This Agreement may be executed in counterparts and if so executed shall be valid, binding and have the same effect as if all the parties hereto actually joined in and executed one and the same document. For recording purposes and in the event counterparts of this Agreement are executed, the executed pages, together with the pages necessary to show acknowledgments, may be combined with the other pages of this Agreement so as to form what shall be deemed and treated as a single original instrument showing execution by all parties hereto.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement upon the respective dates indicated below.

WILLIAM CALVIN DRILLING UNIT COMPENSATORY ROYALTY AGREEMENT
STATE OF TEXAS - UNION PACIFIC RESOURCES COMPANY
BRAZOS AND BURLESON COUNTIES, TEXAS

THIS AGREEMENT made and entered into by and between the Commissioner of the General Land Office (hereinafter referred to as "Commissioner") on behalf of the State of Texas, whose address is Stephen F. Austin Building, 1700 North Congress Avenue, Austin, Texas 78701, and Union Pacific Resources Company, Lessee, and other such parties as may join in the execution hereof, (hereinafter referred to as "Lessee"),

WITNESSETH THAT:

WHEREAS, Lessee is or was the owner of a certain oil and gas lease or leases, listed on Exhibit "A" attached hereto (hereinafter referred to as "State Lease", whether one or more); and

WHEREAS, a Well (or Wells, hereinafter referred to as "Draining Well" whether one or more) listed on Exhibit "B" is located on the William Calvin Drilling Unit, which Well is within 1,000 feet of the State Lease, or which Well is draining the area covered by the State Lease; and

WHEREAS, Lessee is the operator of the William Calvin Drilling Unit shown on a plat attached hereto as Exhibit "C", which unit is adjacent to the State Lease, and covers land that is privately owned or State land leased at a lesser royalty; and

WHEREAS, Lessee has a continuing obligation under the provisions of the State Lease and the present conditions to make payment of a compensatory royalty to satisfy the obligation to drill an offset well or wells as provided therein; and

WHEREAS, Lessee has obtained the written approval of the Commissioner by execution hereof to make payment of compensatory royalty to satisfy the obligation to drill an offset well or wells as required under the provisions of the State Lease;

NOW, THEREFORE, in consideration of the mutual agreements hereinafter set forth and other valuable considerations, the receipt and sufficiency of which are hereby acknowledged, and for the purposes and upon the terms and conditions contained herein, the parties hereto agree as follows:

1.

PURPOSES:

This Agreement is made to preserve correlative rights. To such end, it is the purpose of this Agreement to effect equitable participation in production from the Draining Well. This Agreement is entered into pursuant to the authority granted in Subchapter C, Chapter 52, of the Texas Natural Resources Code, the provisions of the State Lease and Chapter 9 of Title 31 of the Texas Administrative Code and is intended to be performed pursuant to and in compliance with all applicable statutes, decisions, regulations, rules, orders and directives of any governmental agency having jurisdiction over the production and conservation of minerals from the Draining Well and in the interpretation and application hereof this Agreement shall be, in all things, subject thereto.

2.

AREA DESCRIPTION:

The portion of the State Lease to which production from the Draining Well shall be attributed and considered held by payment of a compensatory royalty pursuant to the terms of this Agreement shall consist of the 18.34 acres out of the State Lease adjacent to the William Calvin Drilling Unit.

3.

MINERAL COVERED:

The mineral covered by the terms hereof shall be all oil and gas and associated hydrocarbons produced from the Draining Well located on the William Calvin Drilling Unit and shall extend to any producing interval in which the Draining Well is completed.

4.

COMPENSATORY ROYALTY AND EFFECT:

The payment of compensatory royalty shall operate to have the following effect: ~~The parties hereto commit to this Agreement all of their interests in and to the land covered by the State Lease~~ and the William Calvin Drilling Unit ~~for and during the term hereof~~, so that the payment of a compensatory ~~royalty shall operate to have the following effect~~:

(a) The area of the State Lease designated for participation in production by payment of a compensatory royalty in lieu of pooling, unitization or drilling an offset well, to the extent as above described, shall be operated in conjunction with the area covered by the William Calvin Drilling Unit for the exploration, development and production of minerals.

Lease Name: William Calvin Drilling Unit

(b) In lieu of drilling an offset well (or pooling or unitization) as required by the terms of the State Lease, Lessee, during the term of this Agreement, shall pay in the manner provided in the State Lease (18.34/247.21 x 22.5%) 1.669% of the gross production, or the market value thereof, as defined in Section 6 hereof, from the Draining Well. .01669

(c) All drilling operations, reworking or other operations with respect to the Draining Well shall be considered as though same were on the area designated for participation pursuant to the terms of this Agreement and production from the Draining Well for all purposes under the terms of the State Lease, regardless of the actual location of the Draining Well.

(d) Production of minerals from the Draining Well shall be deemed to have been produced from the area covered by the portion of the State Lease designated for participation pursuant to the terms of this Agreement, regardless of the actual location of the Draining Well for all purposes under the terms of the State Lease and this Agreement.

(e) All rights to production from the Draining Well and paid as compensatory royalties, and all other payments, if any, shall be determined, governed, and paid pursuant to the specific provisions of the State Lease or other contract, if any, pertaining to the area covered by the State Lease, based upon the production so allocated to the State Lease in lieu of actual production from such Lease.

~~(f) In the event the Draining Well located on the William Calvin Drilling Unit is shut in, such~~ Draining Well shall be considered as a shut-in well located upon the State Lease, ~~provided, however~~, that shut-in well royalties shall be paid according to the terms and conditions of the State Lease as though such shut-in well were actually located on said State Lease. ~~If~~ the shut-in royalties are not paid in accordance with the terms of the State Lease, ~~this Agreement~~ shall, nevertheless, remain in full force and effect and the shut-in royalties due under the terms of the State Lease and the terms of this Agreement shall continue to be ~~an obligation and a debt owed by the Lessee.~~

(g) In the event the area designated for participation pursuant to the terms of this Agreement covers less than the total number of acres described on the State Lease, and notwithstanding any other provision hereof, it is expressly agreed that areas lying outside the area included for participation in this Agreement may be held only as provided in the State Lease or other agreement thereon, without regard to operations or production from the Draining Well located on the Will Calvin Drilling Unit. Neither production from the Draining Well on the William Calvin Drilling Unit, nor operations with respect thereto, nor the payment of shut-in royalties on the Draining Well on such land or lease, shall serve to hold the State Lease or any other agreement concerning any portion thereof as to any portion of the lease outside the area included for participation in this Agreement.

(h) This Agreement shall not relieve Lessee from the duty of protecting from drainage any portion of the land covered by the State Lease that is outside the area designated for participation in this Agreement from drainage from any well situated on privately owned land or State land leased at a lesser royalty, other than the Draining Well. This Agreement shall only operate to satisfy Lessee's duty to protect from drainage the portion of the State Lease designated for participation in this Agreement.

5.

TAKING ROYALTY IN KIND:

~~Notwithstanding anything contained herein to the contrary, the State may, at its option, upon not less than~~ sixty (60) days notice to Lessee, require that payment of all or any ~~compensatory royalties~~ accruing to the State under this Agreement be made in kind, ~~without deduction for the cost of producing, gathering, storing, separating, treating, dehydrating, compressing,~~ processing, transporting or otherwise making the oil, gas and ~~other products produced hereunder ready for sale or use.~~

6.

FULL MARKET VALUE:

In the event the State does not elect to take its royalty in kind, the State shall receive full market value for its royalty hereunder, such value to be determined as follows:

(a) As to royalty on oil by (1) the highest posted price, plus premium, if any, offered or paid for oil, condensate, distillate, or other liquid hydrocarbons, respectively, of a like type and gravity for the field where produced and when run, or (2) the highest market price thereof offered or paid for the field where produced and when run, or (3) gross proceeds of the sale thereof, whichever is the greatest;

(b) As to royalty on gas, such value to be based on (1) the highest market price paid or offered for gas of comparable quality for the field where produced and when run, or (2) the gross price paid or offered to the producer, whichever is the greater.

(For the purposes of this Agreement, "field" means the general area in which the lands covered hereby are located.)

7.

EFFECTIVE DATE:

This Agreement shall be effective when executed by the Commissioner of the General Land Office of the State of Texas and then shall be operative as of October 1, 1991.

8.

TERM:

This Agreement shall remain in effect so long as there is production from the Draining Well or so long as the William Calvin Drilling Unit is maintained in force. This Agreement shall be binding upon the successors, agents and assigns of the State of Texas, and Lessee.

9.

DRILLING RECORDS:

~~Written notice of all operations on the Draining Well shall be submitted to the Commissioner of the General Land~~ Office by Lessee or operator thirty (30) days before spud date, workover, re-entry, temporary ~~abandonment~~ or plugging and abandonment. Such written notice to the General Land Office shall ~~include~~ copies of Railroad Commission forms for application to drill, well tests, completion reports ~~and~~ plugging records. Lessee agrees to supply the General Land Office with any records, ~~memoranda, accounts~~, reports, cuttings and cores, or other information relative to the operation of the Draining Well, which may be requested by the General Land Office, in addition to those herein ~~expressly~~ provided. Lessee shall have an electrical and/or radioactivity survey made on the bore-hole ~~section~~ from the base of the surface casing to the total depth of the Draining Well and shall ~~transmit~~ a true copy of the log of each survey on the Draining Well to the General Land Office within ~~fifteen (15) days after the making of said survey.~~

10.

STATE MINERALS:

Insofar as the compensatory royalty interest paid to the State of Texas and attributable to the State Lease is concerned, this Agreement is entered into, made and executed by the undersigned Commissioner of the General Land Office by virtue of the authority and pursuant to the provisions of Subchapter C, Chapter 52, of the Natural Resources Code, authorizing the same, after the prerequisites, findings and approval hereof, as provided in said Code were duly considered, made and obtained.

11.

DISSOLUTION:

At any time after the permanent cessation of production from and the abandonment of the Draining Well, this Agreement and all conditions, covenants and obligations provided for herein may be dissolved by Lessee, its successors or assigns, by an instrument of release or dissolution filed in the General Land Office.

12.

COUNTERPARTS:

This Agreement may be executed in counterparts and if so executed shall be valid, binding and have the same effect as if all the parties hereto actually joined in and executed one and the same document. For recording purposes and in the event counterparts of this Agreement are executed, the executed pages, together with the pages necessary to show acknowledgments, may be combined with the other pages of this Agreement so as to form what shall be deemed and treated as a single original instrument showing execution by all parties hereto.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement upon the respective dates indicated below.

POWER OF ATTORNEY

KNOW ALL MEN BY THESE PRESENTS:

THAT, UNION PACIFIC RESOURCES COMPANY, a Delaware corporation, hereinafter referred to as "the Corporation," does hereby constitute and appoint JOSEPH F. CARROLL, its Attorney in Fact to execute on behalf of the Corporation the following documents:

1. All instruments and documents authorized or required by the Mineral Leasing Act of 1920, the Mineral Leasing Act for Acquired Lands, Geothermal Energy Act of 1980, any statute relating to Indian tribal or allotted lands or state lands, as amended or supplemented, and the regulations heretofore or hereafter issued pursuant thereto, including, without limitation, leases for oil and gas, geothermal leases, either competitive or non-competitive, offers or bids to lease for oil and gas, offers or bids to lease for geothermal steam and associated geothermal resources, bonds relating to the foregoing, and other like instruments, however entitled; provided, however, the Corporation hereby limits the authority of each Attorney in Fact named herein, insofar as it relates to the filing of offers to lease and instruments of assignment, transfer, and sublease to make such filings for the sole and exclusive benefit of the Corporation and not on behalf of any other person in whole or in part, and hereby specifically prohibits the Attorney in Fact from filing offers to lease in behalf of any other participant, and grants specific authority to said Attorney in Fact to execute all statements of interest and of holdings on behalf of the Corporation and to execute all other statements required, or which may be required, by the Acts and the regulations, and the Corporation agrees therein to be bound by such representations of said Attorney in Fact and waives any and all defenses which may be available to the Corporation to contest, negate or disaffirm the actions of said Attorney in Fact under this Power of Attorney.

2. All instruments and documents authorized or required by the Outer Continental Shelf Lands Act, Outer Continental Lands Act Amendments of 1978, as amended or supplemented and the regulations heretofore or hereafter issued pursuant thereto, including without limitation leases for oil and gas, for sulphur, leases of any mineral other than oil, gas and sulphur, offers or bids to lease for such substances, bonds relating to the foregoing, and other like instruments however entitled; provided, however, the Corporation hereby limits the authority

of each Attorney in Fact named herein, insofar as it relates to the filing of offers to lease and instruments of assignment, transfer and sublease to make such filings for the sole and exclusive benefit of the Corporation and not on behalf of any other person in whole or in part, and hereby specifically prohibits the Attorney in Fact from filing offers to lease on behalf of any other participant, and grants specific authority to said Attorney in Fact to execute all statements of interest and of holdings in behalf of the Corporation and to execute all other statements required, or which may be required, by the Acts and the regulations, and the Corporation agrees therein to be bound by such representations of said Attorney in Fact and waives any and all defenses which may be available to the Corporation to contest, negate or disaffirm the actions of said Attorney in Fact under this Power of Attorney.

3. Federal unit agreements, federal unit operating agreements and all documents and agreements relating thereto.

4. Easements and right-of-way agreements; surface leases for producing operations; drilling agreements; pooling agreements; communization agreements; operating agreements; farmin agreements; farmout agreements; seismic option agreements; seismic permits; non-drilling agreements; acreage contribution agreements; bottom hole contribution agreements; and dry hole contribution agreements.

5. Oil and gas leases, geothermal leases, salt water disposal agreements and all documents and agreements relating thereto.

6. Quitclaim deeds to Union Pacific Land Resources Corporation or Union Pacific Realty Company.

7. Surface owner's agreements on Union Pacific Railroad Company Land Grant lands and on lands formerly owned by the Union Pacific Coal Company.

8. Division orders and transfer orders.

9. Applications for federal oil and gas leases on railroad right-of-way lands; applications for federal right-of-ways, leases and easements, and assignments of right to apply for oil and gas leases on railroad right-of-way lands.

10. Applications for state oil and gas lease and geothermal leases.

11. Assignments and releases of oil and gas leases and geothermal leases.

This Power of Attorney shall be effective the 10th day of December, 1990. Any and all prior Powers of Attorney issued to Joseph F. Carroll or Joe F. Carroll by Union Pacific Resources Company are hereby revoked effective December 10, 1990.

The Corporation agrees to be bound by all written representations of the said JOSEPH F. CARROLL and hereby waives any and all defenses which may be available to it to contest, negate, or disaffirm the actions of the said JOSEPH F. CARROLL pursuant to the powers granted herein.

The Corporation hereby declares that the certification by the Secretary or by any Assistant Secretary of the Corporation that these powers are in effect shall be binding and conclusive upon the Corporation.

IN WITNESS WHEREOF, the Corporation has caused this Power of Attorney to be executed this 14th day of December, 1990, by Robert S. Jackson, its Executive Vice President and Chief Financial Officer, as duly authorized by resolution of the Board of Directors of the Corporation on April 13, 1971.

Dear Mr. Fife:

The Commissioner of the General Land Office approved your proposal to pay a compensatory royalty in lieu of drilling offset wells as required under the terms of the captioned leases. The payment of a compensatory royalty was approved subject to the terms and conditions included in the enclosed Compensatory Royalty Agreements.

Enclosed herewith are duplicate originals of the Agreements to be executed and acknowledged by the duly authorized representative of Union Pacific Resources Company. After proper execution and acknowledgment, please return the duplicate originals of the Compensatory Royalty Agreements for execution by the Commissioner. An executed original of each agreement will then be returned to you.

(UPRC)when delivered to such purchaser or when delivered into any pipeline or to any person, firm or corporation designated by such purchaser to receive or transport said oil for its account.

2. **GAS** : Gas shall include natural gas, gas liquids, casinghead gas, associated gaseous hydrocarbons and plant by-products marketed in conjunction with the production of oil and gas. The settlement for all gas produced and marketed from the property shall be made on the basis of measurements in accordance with industry standards and shall be priced in accordance with the applicable gas sales contract or processing agreement, less any fair and reasonable charges for, but not limited to, A) compression, B) processing, C) making it merchantable, and D) transportation, if sold or taken off the property.

3. **COMMINGLING** : If production from the property is commingled with production from other properties, a portion of the total shall be allocated to the property on the basis of lease meter readings or any other method generally accepted in the industry.

4. **UNITIZATION** : In the event the production from the property is pooled, unitized or communitized with one or more other properties by voluntary agreement, declaration, operation of law, or by action of a governmental authority with jurisdiction, the oil and/or gas allocated to the property from the total oil and/or gas produced and marketed from the pooled, unitized or communitized area shall be deemed for all purposes to have been actually produced from the property.

5. **TITLES** : If any dispute or question arises concerning title to the interest of the owner(s) in the property or the proceeds from the sale of production therefrom, UPRC shall be furnished, at its request, such evidence of title as it may require. Until such evidence of title is furnished and such dispute or question is resolved to the satisfaction of UPRC, or until satisfactory indemnity is furnished to UPRC, UPRC is authorized to withhold proceeds due the owner(s) of the disputed or questioned interest. If any action or suit is filed in any state or federal court or administrative body affecting an owner(s) interest or proceeds due, owner(s) shall immediately provide written notice to UPRC stating the court or administrative body in which the action is filed and the title of the action.

6. **CHANGE OF OWNERSHIP** : Owner(s), their heirs, representatives, successors or assigns, shall timely notify UPRC, at the address above, of each change in the person or entity entitled to receive payment hereunder. No transfer of ownership or change in the person or entity entitled to receive payment, however effected, shall be binding upon UPRC until it has received, at no expense to UPRC: A) a properly recorded instrument or instruments evidencing such transfer or change; B) such further evidence as UPRC may require; and C) a properly executed division order/transfer order executed by all parties in interest. Furthermore, owner(s) relieve UPRC from the responsibility and liability for determining when and whether such owner's interest shall change or revert to or otherwise become owned by another party. Owner(s) shall indemnify UPRC and hold UPRC harmless from any and all claims, causes of action, damages or losses including, but not limited to, court costs and reasonable attorney's fees which may arise or result to any owner in the event of a change of ownership for which timely and sufficient notice is not received by UPRC. The accounting for all such transfers or changes of interests shall be as of 7:00 AM on the first day of the calendar month following the month in which notice is received by UPRC.

7. **WARRANTIES** : Owner(s) hereby warrants and agrees to forever defend the title to such owner's interest including that owner's share in proceeds from sales. The operator and other working interest owners severally represent that all oil and/or gas produced and marketed from the property has been or will be produced in compliance with all applicable federal, state and local laws, rules and regulations.

8. **TAXES AND ASSESSMENTS** : UPRC shall deduct, as required by applicable law, from any proceeds due an owner, any or all production, severance, ad valorem, excise, sales, and other or dissimilar taxes. Any charges or assessments or any interest or penalties in connection therewith, now or hereafter levied, assessed or placed on such proceeds or an owners interest by a governmental authority will also be deducted.

9. **SETTLEMENT** : Settlement shall be made monthly to owner(s). If the proceeds payable to an owner in any one month amount to less than twenty-five dollars ($25.00), UPRC may, at its option, accrue such proceeds and proceeds of subsequent months, until the amounts accrued total twenty-five dollars ($25.00).

10. **EXECUTION** : This document shall be binding upon all signatory parties, their heirs, representatives, successors or assigns.

RE: Mineral File No. M-94707
Dear Sir or Madam:

This letter acknowledges the Division Order prepared by your company for execution by the individual royalty owners.

The statutes provide for the royalties that the State receives. It is not the policy of the General Land Office to execute division orders.

The General Land Office, insofar as permitted under the law, acquiesces in the sale of the oil and gas to you under the lease, as prescribed by law and under the terms and conditions set out in the lease covering the land in question.

We have filed the division order in the mineral file referenced above. If you have any questions, please feel free to call me at (512) 463-5042.

Sincerely,

Drew Reid

Re: Delinquent Reports MF-94707

Dear Sirs,

An examination of our records indicate that the Oil and Gas Production/Royalty Reports (Form GLO-1 and GLO-2) were not received by this office on or before their due date and could be subject to penalty. Oil and Gas Production/Royalty Reports carry the same due dates as royalty payments. Timely submission of the reports is important because it is difficult for this agency to evaluate and verify royalty payments without the information contained on the Production\Royalty Reports. Due dates for royalty payments and reports are outlined in the Oil and Gas Reports and Payments Procedures booklet published by this office.

The assessment of penalties for late reporting is authorized by the Texas Administrative Code (T.A.C.) chapter 9.7. The T.A.C. provides for a penalty of $10.00 per document for each 30 day period the report or document is delinquent. Please make arrangements in the future to assure that your Oil and Gas Production/Royalty Reports are submitted timely.

If you have any questions please call me at (512) 463-5261.

Sincerely,

Ernesto Garza

ARTICLE I
ASSIGNMENT OF ASSETS

SECTION 1.01 *Assignment of Assets*. FOR AND IN CONSIDERATION of good and valuable consideration, the receipt and full sufficiency of which are hereby acknowledged, the Assignor does, subject to the reservations set forth in this Assignment, hereby **GRANT, BARGAIN, SELL, CONVEY, TRANSFER, ASSIGN, SET OVER** and **DELIVER** an undivided (a) 18.721884% to Investor I, (b) 1.278116% to Investor II and (c) 20% to Investor III, in each case, of the Assignor's right, title and interest in, to and under the following (but reserving, excepting and excluding, in all such instances, the Excluded Assets described in Section 1.03 of this Assignment) (collectively, the "**Assets**"):

40%

(a) all of (i) the Existing Leases described on **Exhibit "A"** attached hereto and (ii) the lands covered by the Existing Leases (the "**Lands**");

(b) all of the wells shown on **Exhibit "B"** attached hereto, which were spudded on the Existing Leases on or prior to the Transaction Date (the "**Existing Wells**");

(c) any Drilling Unit that includes any Existing Well, including those Drilling Units shown on **Exhibit "B"**, and any other Drilling Unit formed as of the Transaction Date (such Drilling Units, collectively with the Existing Leases and the Existing Wells, the "**Properties**");

(d) all Contracts identified on **Exhibit "C"**;

(e) all Equipment set forth on **Exhibit "D"** attached hereto;

(f) all Hydrocarbons in, on, under, within or produced from or attributable to the Properties from and after the Effective Date; and

(g) electronic copies of (and the right to use such copies of) all lease files; land files; well files; gas and oil sales contract files; gas processing files; division order files; abstracts; title opinions; land surveys; non-confidential logs and confidential logs associated with the Existing Wells; 2-D seismic data; environmental reports, records, data or information; and other books, records, files, and accounting records, in each case only to the extent attributable to the Assets, or used or held for use primarily in connection with the maintenance or operation thereof, but excluding (i) any of the foregoing to the extent disclosure or transfer is restricted by Third Party agreement or Applicable Laws and the necessary consents to transfer are not obtained, *provided* that the Assignor shall request consent to disclose confidential logs and 2-D seismic data,

(ii) computer or communications software or intellectual property (including tapes, codes, data and program documentation and all tangible manifestations and technical information relating thereto), (iii) attorney-client privileged communications and work product of the Assignor's legal counsel, and (iv) records relating to the negotiation and consummation of the sale of the Assets (subject to such exclusions, the "**Records**").

For the avoidance of doubt, the Parties hereby agree that the Assignor is conveying, in the aggregate, an undivided 40% of Assignor's interest in the Assets to Assignees.

TO HAVE AND TO HOLD the Assets, together with all the rights, privileges, and appurtenances thereto, unto the Assignees and their respective successors and assigns forever, subject to the reservations, covenants, terms and conditions set forth herein.

SECTION 1.02 ***Retained Rights and Obligations***. The execution and delivery of this Assignment by the Assignor, and the execution and acceptance of this Assignment by the Assignees, shall not operate to release or impair any surviving rights or obligations of the Assignor or the Assignees under the Participation Agreement.

SECTION 1.03 ***Contracts***. This Assignment is made subject to and is burdened by the terms, covenants and conditions contained in the Contracts, which will be binding on the Assets and the Assignees following the date of this Assignment.

SECTION 1.04 ***Assignor Excluded Assets***. Notwithstanding anything to the contrary in this Assignment, the Assignor hereby **RESERVES, EXCEPTS AND RETAINS** the Excluded Assets, all of which are excluded from the Assets conveyed hereunder, and the Assignees shall have no interest in, to or under any Excluded Asset. As used herein, the term "**Excluded Assets**" means:

(a) any Assets attributable to lands covering formations other than the Eaglebine Formation including the Austin Chalk, Buda, and Georgetown formations (collectively, the "**Non-Eaglebine Formations**"), including horizontal or vertical wells (other than the Wells governed by the Participation Agreement) which may have been drilled into, completed in, or producing oil and gas from the Eaglebine Formation together with their targets in the Non-Eaglebine Formations;

(b) all corporate minute books, corporate financial records, income and franchise Tax and legal records of the Assignor that relate to the Assignor's business generally (whether or not relating to the Assets or not used primarily in connection with the Assets), and the originals of all Records;

(c) all rights to any refund of Taxes or other costs or expenses borne by the Assignor or the Assignor's predecessors in interest and title attributable to periods prior to the Effective Date;

(d) the Assignor's area-wide bonds, permits and licenses or other permits, licenses or authorizations used in the conduct of the Assignor's business generally;

(e) all trade credits, account receivables, account payables, note receivables, take-or-pay amounts receivable, and other receivables attributable to the Assets to the extent, but only to the extent, relating to any period of time prior to the Effective Date;

(f) all right, title and interest of the Assignor in and to vehicles, buildings, offices and communication towers;

(g) all rights, titles, claims and interests of the Assignor or any Affiliate of the Assignor (i) to the extent arising from acts, omissions or events, or damage to or destruction of any Excluded Assets, to or under any policy or agreement of insurance or any insurance proceeds and (ii) to or under any bond or bond proceeds;

(h) any patent or trade secret, patent application, logo, service mark, copyright, trade name or trademark of or associated with the Assignor or any Affiliate of the Assignor or any business of the Assignor or of any Affiliate of the Assignor;

(i) (i) all contracts, agreements and instruments evidencing any indebtedness, whether or not represented by bonds, debentures, notes or other securities, for the repayment of borrowed money and (ii) all swap, collar, floor, cap, option or other contract or agreement (including sales contracts with fixed prices) intended to reduce or eliminate the risk of fluctuations in the price of Hydrocarbons; and

(j) subject to Section 1.3(b) of the Participation Agreement, all fee mineral interests owned by the Assignor.

ARTICLE II
SPECIAL WARRANTY AND DISCLAIMERS

SECTION 2.01 ***Special Warranty of Title.*** The Assignor hereby warrants and agrees to defend each Assignee (and its successors and assigns) against every Person whomsoever lawfully claiming or to claim an interest in such Assignee's or its Affiliates' interest in any Existing Lease by, through or under the Assignor, which claim, if successful, would constitute a Title Defect that causes the Assignor not to have Defensible Title to such Existing Lease; *provided* that the timing requirement for asserting a Title Defect under the Participation Agreement shall not be deemed to apply to a claim under this **Section 2.01**. The Parties acknowledge and agree that the foregoing warranty shall constitute and be considered a special warranty of title by, through and under the Assignor under Applicable Law.

SECTION 2.02 ***Subrogation.*** The Assignor hereby assigns to each Assignee all rights, claims and causes of action under title warranties given or made by the Assignor's predecessors in interest with respect to such Assignee's interest in the Assets, and each Assignee is specifically subrogated to all rights the Assignor may have against such predecessors in interest with respect to such Assignee's interest in Assets, to the extent that the Assignor may legally transfer such rights and grant such subrogation.

SECTION 2.03 ***Disclaimers of Warranties and Representations.***

(a) EXCEPT AS AND TO THE EXTENT SPECIFICALLY SET FORTH IN SECTION 15.5 OF THE PARTICIPATION AGREEMENT OR THIS ASSIGNMENT, THE ASSIGNOR MAKES NO, AND EXPRESSLY DISCLAIMS ANY AND ALL, REPRESENTATION OR WARRANTY, EITHER EXPRESSED OR IMPLIED AT COMMON LAW, BY STATUTE, ORAL OR WRITTEN OR OTHERWISE, RELATING TO (i) TITLE TO ANY OF THE ASSETS, (ii) THE QUANTITY, QUALITY OR RECOVERABILITY OF HYDROCARBONS IN OR FROM THE ASSETS AND THE PRODUCTION OF PETROLEUM SUBSTANCES FROM THE ASSETS, INCLUDING WHETHER PRODUCTION HAS BEEN CONTINUOUS OR IN PAYING QUANTITIES, (iii) MERCHANTABILITY, DESIGN, OR QUALITY, (iv) FITNESS FOR ANY PARTICULAR PURPOSE, (v) ABSENCE OF LATENT DEFECTS, (vi) ANY ESTIMATES OF THE VALUE OF THE ASSETS OR FUTURE REVENUES GENERATED BY THE ASSETS, (vii) THE CONTENTS, CHARACTER OR NATURE OF ANY REPORTS, MATERIALS OR INFORMATION THAT MAY HAVE BEEN MADE AVAILABLE OR COMMUNICATED TO THE INVESTOR PARTIES IN CONNECTION WITH THE TRANSACTIONS CONTEMPLATED BY THE PARTICIPATION AGREEMENT OR ANY DISCUSSION OR PRESENTATION RELATING THERETO, INCLUDING ANY REPORTS CONCERNING GEOLOGICAL OR SEISMIC DATA OR INTERPRETATION OR (viii) ANY OTHER MATTER WHATSOEVER, IT BEING UNDERSTOOD THAT THE ASSIGNOR IS CONVEYING TO THE ASSIGNEES, AND THE ASSIGNEES ARE ACCEPTING THE ASSETS "AS IS," "WHERE IS," "WITH ALL FAULTS," AND IN THEIR PRESENT CONDITION AND STATE OF REPAIR, AND, SUBJECT TO THEIR RIGHTS UNDER SECTIONS 4.3 AND 15.1 OF THE PARTICIPATION AGREEMENT AND THIS ASSIGNMENT, THE ASSIGNEES ARE ASSUMING ALL RISK WITH RESPECT TO THE ASSETS.

(b) THE ASSIGNOR HAS NOT AND WILL NOT MAKE, AND EXPRESSLY DISCLAIMS, ANY REPRESENTATION OR WARRANTY REGARDING ANY MATTER OR CIRCUMSTANCE RELATING TO ENVIRONMENTAL LAWS, ENVIRONMENTAL LIABILITIES, THE RELEASE OF HAZARDOUS SUBSTANCES, HYDROCARBONS OR NORM INTO THE ENVIRONMENT OR THE PROTECTION OF HUMAN HEALTH, SAFETY, NATURAL RESOURCES OR THE ENVIRONMENT, OR ANY OTHER

ARTICLE III
MISCELLANEOUS

SECTION 3.01 ***Defined Terms***. When used in this Assignment, the following terms have the respective meanings set forth in this **Section 3.01**:

(a) "**Affiliate**" means as to any Party, any other Person that (a) Controls, either directly or indirectly, such Party, (b) is Controlled, either directly or indirectly, by such Party, or (c) is under common Control with such specified Person through one or more intermediaries.

(b) "**Applicable Laws**" means all Laws applicable to any of the Parties, Oil and Gas Interests in the Prospect Area, this Agreement or the transactions contemplated hereby.

(c) "**Contracts**" means all contracts, agreements and instruments identified on Schedule 2.1-1(c) to the Participation Agreement that are applicable to the Properties, but excluding any contracts, agreements and instruments to the extent personal to Assignor or the transfer of which is restricted by Third Party agreement or Applicable Laws, and for which no consent to transfer has been received (after Assignor's request therefor).

(d) "**Control**" (and any derivative of such term) means the power to direct or cause the direction of the management or policies of a person, through the ownership of voting securities, by contract or otherwise, and shall be deemed to exist upon the ownership of (or the right to exercise or direct) fifty percent (50%) or more of the voting rights in the appointment of directors (or persons performing equivalent functions) of such entity, or fifty percent (50%) or more of the interests in such entity. In the case of a limited partnership, the general partner or partners shall be deemed to Control the partnership, and in the case of a manager run limited liability company, a sole manager shall be deemed to Control the company.

(e) "**Drilling Unit**" means the Unit Area attributable to an Existing Well or any Well drilled pursuant to the Participation Agreement.

(f) "**Eaglebine Formation**" means that certain geologic zone(s) and formation(s) occurring at the stratigraphic equivalent of the interval from (a) the base of the Austin Chalk formation (being the stratigraphic equivalent of 6,903 feet measured depth) to (b) the top of the Buda formation (being the stratigraphic equivalent of 7,284 feet measured depth), subsurface, each as found in the Induction log of the Republic Mineral Corporation Newberry Milton S/D/8 Well (API No. 42-041-31345) located in the Francisco Ruiz Survey, A-48, Brazos County, Texas.

(g) "**Existing Leases**" means those Oil and Gas Interests described on **Exhibit "A"** attached hereto, *insofar and only insofar* as such lands and Oil and Gas Interests cover the Eaglebine Formation.

(h) "**Hydrocarbons**" means oil and gas and other hydrocarbons produced or processed in association therewith (whether or not such item is in liquid or gaseous form), or any combination thereof, and any minerals produced in association therewith.

(i) "**Laws**" means any law, statute, regulation, ordinance, rule, order, decree or governmental requirement enacted, promulgated or imposed by any Governmental Authority, including common law and judicial determinations.

(j) "**Lease(s)**" means the Existing Leases and any additional mineral leases covering Oil and Gas Interests that are acquired by a Party or the Parties covering any portion of the Prospect Area.

(k) "**Oil and Gas Interest(s)**" means oil and gas leases and other interests in the oil and gas mineral estate, including, but not limited to, fee mineral estates, working interests, operating rights, and/or the right to earn any such interests under one or more farmout contracts,

farmout option contracts, joint exploration agreements, joint development agreements or other rights to explore for and/or produce Hydrocarbons.

(l) "**Prospect Area**" means all lands located within the blue boundary depicted on **Exhibit "E"**, *insofar and only insofar* as such lands and Oil and Gas Interests cover the Eaglebine Formation.

(m) "**Unit Area**" means the area within the surface boundaries of the pooled unit, drilling unit, spacing unit, regulatory unit or proration unit, as the case may be, established for a well as allowed by the leases included in the unit. Subject to the Leases, a Unit Area shall be no larger than that size established, prescribed or permitted by field rules or special order of the appropriate regulatory authority for the objective reservoir. In the absence of such field rules or special order, the Unit Area shall be no larger than 640 acres for gas wells and 160 acres for oil wells, plus any tolerance allowed by Lease terms. For the purposes of this Assignment, the terms "oil wells" and "gas wells" shall be as defined by Applicable Law or appropriate regulatory authority.

(n) "**Wells**" means any oil and gas well located on one or more Leases or land pooled or unitized therewith that either Party elects to drill or participate in the drilling thereof, including the Existing Wells.

SECTION 3.02 ***Assignment Subject to Participation Agreement.*** This Assignment is executed and delivered pursuant to the terms of the Participation Agreement and is specifically made subject to the terms, conditions, and covenants contained therein, a redacted copy of which may, in certain circumstances, be obtained from the Assignor at the above referenced address (*provided that* any person requesting a redacted copy executes a confidentiality agreement with respect to the terms and conditions of the Participation Agreement). The terms and conditions of the Participation Agreement are incorporated herein by reference, and in the event of a conflict between the provisions of the Participation Agreement and this Assignment, the provisions of the Participation Agreement shall control. The provisions of the Participation Agreement, and any other agreements, certificates or instruments executed or delivered in connection therewith, shall not be deemed to have merged into this Assignment and shall survive the execution and delivery of this Assignment according to their terms.

SECTION 3.03 ***Governing Law.*** THIS ASSIGNMENT SHALL BE GOVERNED, CONSTRUED, AND ENFORCED IN ALL RESPECTS, INCLUDING VALIDITY, INTERPRETATION, AND EFFECT, ACCORDING TO THE LAWS OF THE STATE OF TEXAS, WITHOUT REGARD TO ANY CONFLICTS OF LAWS PRINCIPLES. ANY CLAIM, COUNTERCLAIM, DEMAND, CAUSE OF ACTION, DISPUTE, OR ANY OTHER CONTROVERSY ARISING OUT OF OR RELATING IN ANY WAY TO THIS ASSIGNMENT OR TO THE SUBJECT MATTER OF THIS ASSIGNMENT OR TO ANY RELATIONSHIP CREATED HEREBY SHALL BE RESOLVED PURSUANT TO SECTION 16.12 OF THE PARTICIPATION AGREEMENT.

SECTION 3.04 ***Further Assurances***. The Assignor and the Assignees agree that, from time to time, each of them will execute, acknowledge and deliver all such further instruments of conveyance and transfer and take such other actions as may be reasonably requested by the other Parties for carrying out the purposes of the transactions contemplated by this Assignment.

SECTION 3.05 ***Successors and Assigns***. This Assignment shall be binding upon, and shall inure to the benefit of, the Parties and their respective successors and assigns.

SECTION 3.06 ***Exhibits***. Reference is made to the Exhibits attached hereto, which are incorporated herein and made a part hereof for all purposes.

SECTION 3.07 ***Counterparts***. This Assignment may be executed in any number of counterparts, each of which shall be deemed an original instrument, but all of which together shall constitute but one and the same instrument. To facilitate recordation or filing of this Assignment, each counterpart filed with a county or state agency or office may contain only those portions of the Exhibits to this Assignment that describe property under the jurisdiction of that agency or office. Complete copies of this Assignment containing the entire Exhibits have been retained by the Assignor and the Assignees.
