Meridian, Texas, April 30th 1879.

Hon. W. C. Walsh,
Austin Texas,

Dear Sir:

Enclosed I send you corrected field notes of 160
acres of land made for O. A. Campton. The proof of occu-
pancy and \$^{5.00} patent fee has been sent up some time since; also
I sent you field notes for 46 acres of land made for C. A.
Campton. I presume the necessary transfers are all
at the Land Office. Issue a patent on this as soon
as you can and take \$^{5.00} out of my credits for patent
fee when received and forward same to me. If I have neg-
lected anything about the 46 survey in making out the paper I
will correct as soon as informed of the fact. How much more
of this certificate is there to locate? In reply to your favor
of the 24th I will say David C. Swami's is not a new claim
He settled on the land in 1873 or 4 and had it surveyed in 1874
and the surveyor lost the field notes. I think you should
issue the patent ^{on it}. Look at his proof of occupancy and you can see
that I am correct. Send patent to me when issued.

Yours most respectfully,
James M. Robertson
Surveyor of Bosque Co.
