Statement for E. R. Skimland

In the Transcript of Field Note it is evident that there is an error as the Courses and Corners don't agree.

The Corners called for makes out the Survey marked A. on the plat; but the courses run, makes out the survey B. which have never been surveyed for Mr Skimland, although it seems that a Patent have issued to him on this ~~survey~~ survey. The Tract marked A. on the Plat was surveyed by Ward Keeler for Mr Skimland; Messrs B. Rogstad and J. L. Peterson acting as Chain Carriers, who is ready and willing to swear that that is the parcel of Land surveyed for E. R. Skimland and on which his Improvements now is, and that a Patent ought to issue thereon to him and the Patent granted on the Survey B cancelled, and that the proper Officers ought to make this correction

Statement

The State of Texas } I Ward Keeler County
County of Bosque } Surveyor of Bosque County
Solely Certify that some time in the Spring of
1867 I had in my possession a Patent Issued
by the General Land Office to Elias R. Skunkland
and as it was not Issued upon the Original
Field Notes as returned by me when Surveyed
I applied for to have it cancelled and in
the time of Correspondence with the Land
Office upon the Subject Our Mr. Hansen came
to my house for said Patent and believing
he had good right to receive it I gave it
to him & since which time I can not
find said Patent although I have diligently
enquired for it at all places likely for it to
be deposited and up to this time have failed
to hear of said patent and believe it to
be lost. And as the Patent does not cover
the land upon which Skunkland's improve-
ments were at the time of granting said
patent he has good right to have his
patent cancelled and a patent issued for
said land as shown by former Certified Copies
of Field Notes returned from my office
Witness my hand this August
