- Johnston has had me to resurvey the $\frac{1}{3}$
of a League of Land situated about 14 miles
S 35 W from Meridian on the waters of Lany's
Creek. Wm. McCauley surveyed it October 8: 1874
but conflicted North and South. and I have
surveyed it and proved up the corners of
the Old surveys as I went and besides
my certificate to the Field Notes. I will
here certify that it is correct in the

Hon. W. C. Walsh
Austin, Texas,
Dear Sir:-

Enclosed I send you an explanation in regard to the Thomas & Johnston's League Claim.

Now I do think I have complied with the law I have surveyed the land and made out field notes from the ground and not from office and the land is just as I stated in my explanation. This claim has been on hand some time. I do think my explanation should be sufficient so please report by return mail.

It is useless for a surveyor to be correcting claims when he knows they are right.

Please let me know about the Explanation at once.

Yours &c
James M. Robertson Co Surveyor
