Corpus Christi
July 3/76

STATE OF NEW YORK,

County of Kings.

KNOW ALL MEN BY THESE PRESENTS.

That, we Augustus T. Morris, and James Cumings, of said County and State, for and in consideration of One hundred Dollars, to us in hand paid, hereby sell, assign, convey and deliver to John M. More Land, Scrip Number Nine for six hundred and forty acres of land issued to us by the Commissioner of the General Land Office of the State of Texas, on the fifth day of June A. D. 1874, in accordance with the provisions of an act entitled "An Act relative to the Corpus Christi Ship Canal," passed May 23d, 1873, by the Legislature of the said State of Texas.

IN WITNESS WHEREOF, We hereunto sign our names on the 29th day of April A. D. 1875

A. T. Morris
James Cumings

STATE OF NEW YORK,

County of Kings,

Before me

Jacob D. Bois a Commissioner of Reads for the State of Texas in C. T. N. J.
this day personally appeared, Augustus T. Morris and James Cumings, who compose the firm of Morris & Cumings, to me well known, and declared that they had severally signed and executed the foregoing transfer for the uses, purposes and consideration therein expressed.

Witness

A. D. 187

my hand and seal this

day of

29th April

Jacob D. Bois
a Commr for the State of
Texas in C. T. N. J.

Land Scrip.

640 Acres.

The State of Texas, General Land Office.

Austin, Texas, June 2nd 1874.

**This Certificate entitles Morris & Cumings, Agents
of the City of Corpus Christi, to
Six Hundred and Forty Acres of Land,**

To be located upon any of the vacant and unappropriated Public Domain of the State of Texas, in accordance with the provisions of "An Act in relation to the Corpus Christi Ship Canal," passed May 23, 1873.

Information having been received from His Excellency, the Governor, that he had approved the report, made by the Inspector, that the Canal has been completed in accordance with the provisions of the above entitled Act.

The lands hereby granted are to be located in alternate sections, and surveyed in the following manner:

First, Two sections of land adjoining and connecting with each other must be surveyed, one for the State and the other for Morris & Cumings, agents for the City of Corpus Christi.

Second, The surveys to be made square, unless prevented by previous surveys or navigable streams.

Third, When the field notes have been returned to the General Land Office, the Commissioner will number the surveys and report the result to the surveyor, who will fill up the blanks left in his record for that purpose, accordingly. (As a matter of convenience in describing the surveys, when reporting the numbers, the surveyor shall number the field notes, temporarily, in pencil.)

Fourth, In dividing the surveys, a fraction of over three hundred and twenty acres will be counted as a whole section; and two fractions of less than three hundred and twenty acres will be counted as a section.

Fifth, The even numbers will be reserved to the State, and the odd numbers to become the property of Morris and Cumings, agents for the City of Corpus Christi.

In testimony whereof, I hereunto set my hand and
affix the impress of the seal of said office, the date
first above written.

J. P. Jones
Commissioner.

FIELD NOTES
 OF A
 SURVEY
 MADE FOR

Morris & Cummings

within field notes
 lying between No. 1
 No. 7 & 6 and the said
 R Jones sur. There is
 so much confusion &
 uncertainty as to position of
 surveys in this locality that
 an actual survey would have
 to be made to know the true
 condition of this land.

Surveyor,
 Boggs County, Texas.

Bearings marked

Surveyed Oct. 24. 1895

to the place of beginning.

I, Donald Green, County Surveyor of Boggs County, Texas,
 do hereby certify that the foregoing described Survey was actually made by me on the ground, according to law, on the
 date and with the Chain Carriers aforesaid, duly qualified, and that all the Corners, Lines, Boundaries and Marks of the
 same, whether natural or artificial, are truly and correctly described and set forth in the foregoing Plat and field Notes.

By Donald Green Deputy.
 County Surveyor Boggs County, Texas.

Filed for Record the 25 day of Oct. 1895, at 10 o'clock P. M., and duly Recorded

MERIDIAN, TEXAS, Oct. 12, 1920

Mr. J. T. Robinson,
Austin, Texas.
Dear Sir:

The following statement will give you an explanation as to how I arrived at the distance between the West line of the M. & C. Section 1 and the East line of the J. H. Gary Survey, and also the distance between the South line of the H. Converse and the North line of the John E. Rahl Survey.

The NE corner of said Gary Survey I located by finding one of the witness trees, a P.O. whel. F. box. S45°W 6' or less, as called for in said Gary survey. The West line of M & C. No. 1 I located by finding a number of old marks on said line and also finding the S.E. corner of the O. H. Ward Survey and old pile of rocks. From this I

find the distance between the West line of said M & C. and the East line of said Gary, to be 391 us.

The S. W. corner of the W. Converse Survey calls for a L. O. mkd. S hrs. S 2 E 30 us. which is still on the ground, but I could not find the Pecan as called for in said Patent. From this point I located the South line of the said Converse. I then proceeded to locate the North line of the John C. Rahl Survey and by going to the N. E. ^{Corner} of said Rahl Survey and the N. W. corner of the J. L. Draper Survey I find the bearing trees as called for in said surveys still on the ground. A L. O. mkd. X hrs. N 37 E 31 us. and another L. O. mkd. Y hrs S 64 W 42 us. From this I find the distance between the South line of the said Converse and the North

Attorney according to surveyor's
statement herewith OK 627 1/2

This is Sect. no. 2 M & P
in Borgue Co. F 56589.

The names of chapman omitted —
in a sketch in S.F. 1965. The distance
between the West line of Sect 1 M & C
and East line of the Long survey is found
to be 563m. The surveyor should explain
how he located these two lines.
also the South line of the W. Converse Sur.
which was found to be 1152m. N 30 W. of the
John C. Baker Sur instead of 1260m called
for in the orig. and these present field notes —
Explanation or correction needed —
