Dear Sir

Find enclosed five dollars Patent fee for C. A. Detan also proof of occupancy the field notes was sent to that office by N. B. Randal who was surveyor at the time of location, they failed to locate the amount of land allowed him, and I cannot now get it without considerable trouble and perhaps litigation to Mr Detan, there is enough land between the corner and Morris & Cummins to finish out his amount if I could connect the two parcels. I wanted them and Gay to arrange for that purpose but they would not attend to it

Yours Respectfully
