Dr Sir Enclosed
please find Corrections to be placed in file
3-5437. of 41 acre Survey 6 miles
East of 4th North. The Deputy
Surveyor went on ground and by
actual measurement on the ground
found the E & W lines to be 476
varas, he is not here now so
I can get a Special Certificate
to the fact, but the County Surveyor
has made the corrections, but does
not give Special Certificate as
he did not do the work.

The Survey around makes it
516 varas which is not correct
as to actual measurement. Hoping
to meet with favor of early investigation

Respectfully,
James H. Smith
