SURVEYOR'S REPORT

This survey was requested by W.A. MacNaughton, 3355 Bee Caves Road, Austin, Texas 78746 for Hawkins and Hawkins and the Meeker Estate for patenting purposes of the following tracts of land in Block 45, Public School Land, Culberson County, Texas:

N 2/3 of the W/2 of Section 21 - Hawkins & Hawkins
S 1/3 of the W/2 of Section 21 - Meeker Estate

The survey was authorized by Mr. W.A. MacNaughton, attorney for Hawkins and Hawkins and Meeker Estate.

This survey was constructed using Dod's construction of the North Boundary Line of Block 53 common Boundary line with the South Boundary Line of Block 45, Public School Land and as recovered by Mr. Fred P. Armstrong in his survey for patent purposes of Section 44 and 46, Block 45, Public School Land.

Excess distance between Dod's recovered Southeast corner of Section 46 and Southeast corner of Section 44, of 4.23 varas (4.23 grid distance) was prorated to establish the patented Southwest corner of Section 46 and the Southeast corner of Section 45, by Mr. Armstrong.

I recovered Mr. Armstrong's patented Northeast corner of Section 44 and the patented Southeast corner of Section 44 as established by Dod and as recovered by Mr. Armstrong. Having recovered the East Boundary Line of Section 44, I extended this line 1900.8 varas times three from the patented Northeast corner of Section 44 for a total surface distance of 5702.4 varas (5701.31 grid distance) to establish the Southwest corner of Section 21.

The East and West distance used to establish the East Boundary Line of the W/2 of Section 21 was based on the prorated distance used by Mr. Armstrong in establishing the patented Southwest corner of Section 46 and patented Southeast corner of Section 45.

Construction of the N 2/3 and S 2/3 is shown on attached survey plat dated October 16, 1985.

Tri-Station Marsh and Azimuth Mark, (Marsh coordinate x = 303,806.243, and y = 275,229.306) were used to tie to the State Coordinate System, South Central Zone.
