The State of Texas, } Before the undersigned

personally appeared H. N. Hanson,  
James M. Robertson and J. M. Hall  
all of whom are known to me as  
being bona fide citizens of  
Bosque County Texas, each of  
whom, after being duly sworn,  
deposes, each for himself as  
follows: I am well and per-  
sonally acquainted with the  
35.2 acres of land on the waters  
of Spring Creek which H. N.  
Hanson is seeking to buy  
from the State; that the whole  
of said tract is very thin, poor,  
brush mountain land, and  
is not worth over one dollar  
per acre at a full and true  
value; that I am acquainted  
with the value of land in Bosque  
County, and the way land is  
selling in said County, one  
dollar per acre for the tract  
named is its full market  
value, and is as much in  
proportion to its grade and  
quality as any land in

said Bosque County seels for;  
there is no tillable land on this  
tract, but it is as poor as any  
tract of its size in the County,  
and has no surroundings to  
add to its present or reason-  
able future value.

Dear Terrell: Mr. H. N. Hanson, a Norwegian, has been in to see us about a little piece of public domain which he is trying to buy. Mr. Tuner our County Surveyor came with him. Mr. Hanson has shown us your letter and value of this little piece of land. My dear good friend, you are entirely too high. We inclose affidavit of Mr. Hanson and our senior and Mr. Hall. Please read the affidavit, and then consider the matter and modify your figures. The writer, being the former County Surveyor of this county knows this thing well, and we can truly and truthfully say that no man except Hanson would pay even one dollar for this land. You know we have abundance of mountains here in Bosque, and if you can conceive of the poorest piece of mountain brush land, no tillable land, no water, no grass but rocks and brush only, then you can see this land as it is. Ofcourse, we are interested in seeing the lands of this fund bring every cent they are worth, but to charge him over one dollar per acre is to charge him too much and he can not afford to buy it.

In behalf of this man, who is one of our best citizens, we beg you to reconsider this value. Write to us or to Hanson in our care here at Meridian
