Mr. W. D. <sup>B</sup>Chambers  
County Surveyor  
Anderson County

Dear Mr. Chambers:

I have today received the good faith claimant application of Eula M. DuPuy, together with the supporting instruments, submitted by you.

This application to purchase alleged unsurveyed lands in Anderson County was filed in the General Land Office on May 28, 1948, and assigned file number S.F. 14898. In examining the plat of the area, it is found that it does not bear your certificate. The photostatic copy of the deed by which Mrs. DuPuy acquired title to the land of which the vacant area was thought to be a part cannot be filed in the General Land Office until a certificate of its correctness is attached. It is suggested that this certificate be executed by the County Clerk.

I am returning herewith the plat and the copy of the deed in order that these certificates may be executed. I am also sending you a questionnaire form which should be completed and returned to the General Land Office. After these instruments have been re-submitted, Mrs. DuPuy's application will have my early attention.

Sincerely yours

SURVEYOR'S REPORT

Honorable Bascom Giles  
Commissioner of the General Land Office  
Austin, Texas.

Dear Sir:

I have recently surveyed the A. J. Pate Survey, Abstract No. 637; the Dorrity Smith Survey, Abstract No. 870; the Jos. Proctor Survey, Abstract No. 645, and the Western part of the Polly Scritchfield League, Abstract No. 61, in Anderson County, Texas.

All of the lines of these surveys are old marked lines in the timber, fenced and long recognized by occupation. The lines and corners of these surveys were first observed by me in 1929. The occupation and recognition was old at that time and the lines and corners have remained unchanged since.

The original East corner of the Smith, being a stone mound from which two large Black Jacks bear course and distance called for in the field notes, is on the ground as described in the accompanying field notes and plat. The trees are now down but when first identified by me on December 10, 1929, were standing and the old marks (X) were clearly discernible. These trees are undoubtedly the original Proctor bearing trees but to fit the Proctor calls the corner would have to be about 3 varas North of the stone mound.

The field notes of the above surveys indicate and my survey on the ground proves the existance of a small triangular vacancy lying West of the Scritchfield, South of the Pate and Northeast of the Smith and Proctor Surveys. Apparently this small triangular area was thought to be a part of the Peterson Pate Survey which was cancelled because of the fact that it was almost entirely in conflict with the

Scritchfield League. This vacant triangular area of 1.85 acres was within the enclosure of the J. A. DuPuy, now Mrs. Eula DuPuy, enclosure when I surveyed it in 1929 and has remained within said enclosure since. It is also within the boundaries described in the deeds under which the DuPuy's acquired title.

This 1.85 acres is a rocky hillside, out by a deep ravine and is covered by dense brush. It has little value.

The nearest oil well is 4.6 miles from this land.

Miss Eula May Dupuy  
Palestine, Texas

Dear Miss Dupuy:

The School Land Board of the State of Texas at a meeting held in my office July 6, 1948, fixed a price at which you may pay for the unsurveyed school land in S.F. 14898, 1.85 acres, Anderson County, which you applied for, at \$15.00 per acre.

This tract of land is within five miles of an oil well producing in commercial quantities, and the reservation of minerals as a free royalty to the State, will be 1/8 of all oil, gas, sulphur and other minerals.

Since this area contains less than 80 acres, it will have to be paid for in cash. You should, therefore, forward a check in the amount of \$27.75, which, according to my calculation, is the amount necessary to pay for such unsurveyed school land. In addition to the above, the patent fee on this tract will amount to \$5.00. You may include these two sums in one check which should be made payable to the State Treasurer. It will also be necessary for you to forward to this office a separate check in the sum of \$1.04 to defray the expense of recording the patent in the county where the land is located. This latter check must be made payable to the Commissioner of the General Land Office.

As I interpret the law, it contemplates that such unsurveyed areas must be purchased within 90 days from the date the Commissioner finally determines the existence of a vacancy, which in this case was July 6, 1948.

I am enclosing a form of acceptance, which I request that you fill out and return to this office with the remittances.

Sincerely yours,

BASCOM GILES, COMMISSIONER

Miss Ruth May Denny  
Palestine, Texas

Dear Miss Denny:

The School Land Board of the State of Texas at a meeting held in my office July 2, 1948, fixed a price at which you may pay for the unswayed school land in S. 7, 14898, 1.25 acres, Anderson County, which you applied for, at \$15.00 per acre.

This tract of land is within five miles of an oil well producing in commercial quantities, and the reservation of minerals as a free royalty to the State, will be 1/8 of all oil, gas, sulphur and other minerals.

Since this area contains less than 80 acres, it will have to be paid for in cash. You should therefore forward a check in the amount of \$27.75, which, according to my calculation, is the amount necessary to pay for such unswayed school land. In addition to the above, the patent fee on this tract will amount to \$3.00. You may include these two sums in one check which should be made payable to the State Treasurer. It will also be necessary for you to forward to this office a separate check in the sum of \$1.04 to defray the expense of recording the patent in the county where the land is located. This latter check must be made payable to the Commissioner of the General Land Office.

As I interpret the law, it contemplates that such unswayed areas must be purchased within 90 days from the date the Commissioner finally determines the existence of a vacancy, which in this case was July 2, 1948.
