# LAND SCRIP.

640 ACRES.

The State of Texas,

General Land Office,

**This is to Certify,** That The Waco and North Western Railroad Company, having completed a section of 43 miles and 4768 feet of main track, and 16421 feet of sidings, from Bremond, in Robertson County, to Waco, in McLennan, County, making in all 47 miles and 69 feet of road, is entitled, under the provisions of its Charter and the general laws governing the same, to **Six Hundred and Forty Acres of Land**, to be located upon any of the unreserved, vacant, and unappropriated Public Domain of the State of Texas, and surveyed in the following manner:

First. Two sections of land adjoining and connecting with each other must be surveyed, one for the State and the other for the Company.

Second. The surveys to be made square, unless prevented by previous entries or navigable streams.

Third. When the field notes have been returned to the General Land Office, the Commissioner will number the surveys, and report the result to the Surveyor, who will fill up the blanks left in his record for that purpose, accordingly.

(As a matter of convenience in describing the surveys when reporting the numbers, the Surveyor should number the field notes temporarily, in pencil.)

Fourth. In dividing the surveys, a fraction of over three hundred and twenty acres will be counted as a whole section, and two fractions of less than three hundred and twenty acres will be regarded as a section.

Fifth. The even numbers will be reserved to the State, and the odd numbers to the Company.

**IN TESTIMONY WHEREOF,** I hereunto set my hand, and affix the impress of the Seal of said office, this 28th day of February, 1873.

Jacob Kuechler

Commissioner.
