No. *15/35410*

Land Scrip.

640 Acres.

The State of Texas---General Land Office,

Austin, February 23d, 1875.

THIS IS TO CERTIFY, That the HOUSTON & GREAT NORTHERN RAILROAD COMPANY having completed a section of 32 miles and 3890 feet of main track and 1 mile and 983 feet of sidings, from the 19th mile post north of Troupe, in Smith County, to its intersection with the Texas & Pacific Railway in Mineola, and from Phelps Junction to Huntsville, is entitled, under the provisions of its charter, and the General Laws governing the same, to SIX HUNDRED AND FORTY ACRES OF LAND, to be located upon any of the unreserved, vacant and unappropriated Public Domain of the State of Texas, and surveyed in the following manner:

FIRST. Two sections of Land adjoining and connecting with each other must be surveyed, one for the State, and the other for the Company.

SECOND. The surveys to be made square, unless prevented by previous entries or navigable streams.

THIRD. When the field notes have been returned to the General Land Office, the Commissioner will number the surveys and report the result to the Surveyor, who will fill up the blanks left in his record for that purpose, accordingly. (In describing the surveys when reporting the numbers, the Surveyor should number the field notes temporarily in pencil.)

FOURTH. In dividing the surveys, a fraction of over 320 acres will be counted as a whole section, and two fractions of less than 320 acres will be regarded as a section.

FIFTH. The even numbers will be reserved to the State, and the odd numbers to the Company.

In Testimony Whereof, I hereunto set my hand and affix the impress of the Seal of said office, the date first above written.

J. P. [Signature]
Commissioner.
